RADA Electronics Announces US\$3.0 Million Equity Financing  
Thursday April 7, 9:34 am ET

NETANYA, Israel, April 7 /PRNewswire-FirstCall/ -- RADA Electronics Industries Ltd. (Nasdaq: RADI - News) today announced that it has entered into a definitive agreement to raise approximately US\$3.0 million from existing institutional investors.

RADA has agreed to issue in a private placement, 965,934 ordinary shares and 1,875,000 warrants with an exercise price of US\$2.10 per share for a period of 24 months from effectiveness of the registration statement registering the shares underlying the warrants. The investors also have agreed to exercise 909,066 outstanding additional investment rights. As a result, RADA will receive gross proceeds of approximately US\$3,000,000, representing an average price of US\$1.60 per share. The closing of the transaction is expected to occur by the end of this week.

Adar Azancot, Chief Executive Officer of RADA, commented: "We are very pleased that we were able to conclude this financing with a few of our existing institutional investors. These funds will provide RADA with the resources necessary to finance the growth of our business including, the Digital Video Recorder product line, and the new electro-optic product line that we acquired in February with the acquisition of the assets of Vectop Limited."

The securities to be issued by RADA in the private placement have not been registered under the United States Securities Act of 1933, as amended, and may not be offered or sold in the United States absent registration or an applicable exemption from the registration requirements. However, as part of the transaction, RADA agreed to file a registration statement on Form F-3 with the United States Securities and Exchange Commission for the purpose of registering the ordinary shares issued in the private placement and the shares underlying the warrants.

Copies of the definitive documentation relating to the transaction will be filed with the SEC on Form 6-K.
