comply with such rule in connection with the process of implementing the reverse stock split, if approved by stockholders and implemented by the board of directors.

PROPOSAL 3: 2005 STOCK INCENTIVE PLAN  
-----

3. As requested by the Staff, the Company has revised the third paragraph under Proposal 3 to state that the Company is providing a materially complete summary of the 2005 Stock Incentive Plan in accordance with Item 10(a)(1) of Schedule 14A and has eliminated statements that the description does not purport to be complete and is qualified in its entirety by reference to the full text of the plan.

4. As requested by the Staff, the Company has revised the disclosure regarding the 2005 Stock Incentive Plan in accordance with Item 10 of Schedule 14A to add the following under the heading "Equity Compensation Plan Information":

"In addition to the issuance of Common Stock under our stock option plans set forth in the above table, we have prior obligations to pay a retention bonus to certain of our current and former employees and consultants in the aggregate principal amount of \$1,869,510. We anticipate that these obligations shall be paid through the issuance of restricted shares of Common Stock to be issued under the 2005 Plan, if such plan is approved by stockholders. We will enter restricted stock agreements with such persons on terms and conditions to be agreed upon. The number of such restricted shares to be issued will be based upon the market price of the Common Stock and other factors."

CONCLUSION

We have enclosed marked pages of the Proxy Statement showing the changes set forth above. If acceptable to the Staff, we respectfully request that the Company be allowed to file a definitive proxy statement with the Commission which shall include the additional disclosures set forth herein.
