Sheet Arrangement of a Registrant

On September 14, 2006, Associated Estates Realty Corporation (the "Company") completed a \$132.2 million mortgage refinancing concerning five Company subsidiary properties. The transaction was structured as five separate mortgage loans, however each mortgage loan is cross-collateralized and cross-defaulted with the other mortgage loans involved in the refinancing. Each loan has a term of seven years and carries a 6.09% fixed interest rate with interest only payments during the first five years and monthly payments of principal and interest thereafter. These loans include a substitution feature permitting the borrower to substitute another multifamily residential property for the respective mortgaged property in accordance with certain terms and conditions as well as the right to release properties subject to satisfaction of various conditions. Capstone Realty Advisors, LLC originated these loans on behalf of the Federal Home Loan Mortgage Corporation.

Edgar Filing: ASSOCIATED ESTATES REALTY CORP - Form 8-K

The proceeds from the refinancing were used to:

- defease the existing mortgages on the five properties, which principal balances totaled \$67.6 million.
- prepay, in full, \$54.6 million of debt on three other properties located in Florida and Ohio.
- fund defeasance costs associated with the defeasance of the five loans, pay transactions costs and for other general corporate purposes.
