SELECTED FINANCIAL DATA

The following are selected financial data of us and our consolidated subsidiaries. Results for the fiscal years 1997 through 2001 and as of the end of each such fiscal year are derived from our audited financial statements and the related notes. Results for the three-month periods ended January 31, 2002 and 2001 are unaudited but include all adjustments, consisting of normal recurring adjustments, which we consider necessary for a fair presentation of the results of operations for these periods. Results for the three months ended January 31, 2002 are not necessarily indicative of the results that may be expected for the full year. This summary should be read in conjunction with the detailed information and consolidated financial statements, including notes thereto, and management's discussion and analysis in the documents incorporated herein by reference. See "Where You Can Find More Information" in the accompanying prospectus.

FOOTNOTE ON FOLLOWING PAGE

S-5

(1) The computation of the ratio of earnings to fixed charges is based on applicable amounts of Deere and its consolidated subsidiaries plus dividends received from less-than-fifty percent owned affiliates. Earnings consist of income before income taxes, the cumulative effect of changes in accounting and fixed charges excluding capitalized interest. Fixed charges consist of interest on indebtedness, amortization of debt discount and expense, an estimated amount of rental expense that is deemed to be representative of the interest factor, and capitalized interest. For the first quarter of 2002 and the year ended October 31, 2001, earnings available for fixed charges coverage were \$53 million and \$24 million less, respectively, than the amount required for a ratio of earnings to fixed charges of 1.0.

USE OF PROCEEDS

We expect to use the net proceeds from the sale of the Notes to enhance our liquidity position, to give us the capacity to reduce the commercial paper borrowings of Deere and its subsidiaries and for other general corporate purposes. On March 31, 2002, Deere and its subsidiaries had outstanding \$2,426.6 million of commercial paper. This commercial paper bore interest at discount rates ranging from 1.58% to 4.86% per annum and had a weighted average maturity of 25.4 days.

RECENT DEVELOPMENTS

The short-term and long-term debt ratings assigned to Deere's debt securities by Moody's Investors Service, Inc., Standard & Poor's and Fitch Ratings are investment grade ratings. On March 11, 2002, Standard & Poor's placed its A long-term and A-1 short-term ratings on Deere's debt securities on CreditWatch with negative implications. On February 15, 2002, Moody's lowered Deere's long-term and short-term debt ratings to A3 and Prime-2, respectively, from A2 and Prime-1. Moody's assigned a stable outlook as part of this rating action. On September 28, 2001, Fitch Ratings placed a negative outlook on its A long-term and F1 short-term ratings on Deere's debt securities.

S-7

DESCRIPTION OF THE NOTES

The Notes will be senior debt issued under the Indenture dated as of October 1, 1998 (the "Senior Indenture") between us and JPMorgan Chase Bank (formerly The Chase Manhattan Bank), Senior Trustee. Information about the Senior Indenture and the general terms and provisions of the Notes is in the accompanying prospectus under "Description of Debt Securities".

We may, without the consent of the Note holders, issue additional debt securities having the same ranking and the same interest rate, maturity and other terms as the Notes. Any such additional debt securities and the Notes will constitute a single series under the Senior Indenture. No additional debt securities may be issued if an Event of Default has occurred and is continuing with respect to the Notes.

In the accompanying prospectus, there is a section called "Description of Debt Securities--Defeasance". This section has provisions on the defeasance and covenant defeasance of securities issued under the Senior Indenture. These provisions will apply to the Notes.

The Notes will be issued only in book-entry form as one or more Notes deposited with the Senior Trustee as custodian for, and registered in the name of the nominee of, The Depository Trust Company ("DTC"), as depository, which, in the case of Notes sold to investors outside the United States, will be for the accounts of Euroclear and Clearstream Luxembourg. Beneficial interests in book-entry Notes will be shown on, and transfers of the Notes will be made only through, records maintained by DTC and its participants. See "Book Entry, Delivery and Form" below and "Description of Debt Securities --Global Securities" in the accompanying prospectus.

PAYMENT OF PRINCIPAL AND INTEREST

The Notes will mature on April 25, 2014.

The interest rate on the Notes will be 6.95% per annum. We will pay interest in arrears on April 25 and October 25 of each year, beginning October 25, 2002. Interest will accrue from April 17, 2002 or from the most recent interest payment date to which we have paid or provided for the payment of interest to the next interest payment date or the scheduled maturity date, as the case may be. We will pay interest computed on the basis of a 360-day year of twelve 30-day months.

We will pay interest on the Notes on any interest payment date in immediately available funds to the persons in whose names the Notes are registered at the close of business on the 15th day preceding that particular interest payment date. At maturity or any earlier redemption, we will pay the principal of (and, in the case of any earlier redemption, any accrued interest on) the Notes in immediately available funds upon delivery of the Notes to the Senior Trustee.

If an interest payment date or the maturity or an earlier redemption date is not a "business day", we will pay interest or principal, as the case may be, on the next succeeding business day, but will not pay additional interest. The term "business day" means any day other than a Saturday or Sunday or a day on which applicable law authorizes or requires banking institutions in The City of New York to close.

REDEMPTION

The Notes are not subject to redemption prior to maturity unless certain

Edgar Filing: DEERE & CO - Form 424B5

events occur involving United States taxation. If any of these special tax events do occur, we may, at our option, redeem the Notes, in whole but not in part, at a redemption price of 100% of their principal amount plus accrued and unpaid interest to the date of redemption. See "Redemption for Tax Reasons" below.

The Note holders will not have the right to require us to redeem the Notes before their scheduled maturity. We will not make any sinking fund payments.

S-8

PAYMENT OF ADDITIONAL AMOUNTS

We will, subject to the exceptions and limitations set forth below, pay as additional interest on the Notes, such additional amounts as are necessary in order that the net payment by us or a paying agent of the principal of and interest on the Notes to a holder who is a non-United States person (as defined below), after deduction for any present or future tax, assessment or other governmental charge of the United States or a political subdivision or taxing authority therein imposed by withholding with respect to the payment, will not be less than the amount provided in the Notes to be then due and payable, provided, however, that the foregoing obligation to pay additional amounts will not apply:

- (1) to any tax, assessment or other governmental charge that is imposed or withheld solely by reason of the holder, or a fiduciary, settlor, partner, beneficiary, member or shareholder of the holder if the holder is an estate, trust, partnership or corporation, or a person holding a power over an estate or trust administered by a fiduciary holder, being considered as:
 - (a) being or having been present or engaged in a trade or business in the United States or having had a permanent establishment in the United States;
 - (b) having a current or former relationship with the United States, including a relationship as a citizen or resident thereof;
 - (c) being or having been a foreign or domestic personal holding company, a passive foreign investment company or a controlled foreign corporation with respect to the United States or a corporation that has accumulated earnings to avoid U.S. federal income tax;
 - (d) being or having been a "10-percent shareholder" of ours as defined in Section 871(h)(3) of the United States Internal Revenue Code of 1986, as amended, or any successor provision; or
 - (e) being a bank receiving payments on an extension of credit made pursuant to a loan agreement entered into in the ordinary course of its trade or business;
- (2) to any holder that is not the sole beneficial owner of a Note, or a portion thereof, or that is a fiduciary or partnership, but only to the extent that a beneficiary or settlor with respect to the fiduciary, a beneficial owner or member of the partnership would not have been entitled to the payment of an additional amount, had the beneficiary, settlor, beneficial owner or member received directly its beneficial or distributive share of the payment;
- (3) to any tax, assessment or other governmental charge that is imposed or withheld by reason of the failure of the holder or any other person to comply with certification, identification or information reporting

Edgar Filing: DEERE & CO - Form 424B5

requirements concerning the nationality, residence, identity or connection with the United States, or otherwise with respect to the status, of the holder or beneficial owner of such Note (or any beneficiary, settlor, beneficial owner or member thereof), if compliance is required by statute, by regulation of the United States Treasury Department or by an applicable income tax treaty to which the United States is a party, or by any official interpretation or ruling promulgated pursuant to any of the foregoing, as a precondition to exemption from such tax, assessment or other governmental charge;

- (4) to any tax, assessment or other governmental charge that is imposed, other than by withholding by us or a paying agent, from the payment;
- (5) to any tax, assessment or other governmental charge that is imposed or withheld solely by reason of a change in law, regulation, or administrative or judicial interpretation that becomes effective after the payment becomes due or is duly provided for, whichever occurs later;
- (6) to any estate, inheritance, gift, sales, excise, transfer, wealth or personal property tax or similar tax, assessment or other governmental charge;

S-9

- (7) to any tax, assessment or other governmental charge required to be withheld by any paying agent from any payment of principal of or interest on any Note, if such payment can be made without such withholding by any other paying agent; or
- (8) in the case of any combination of items (1), (2), (3), (4), (5), (6) and (7).

The Notes are subject in all cases to any tax, fiscal or other law or regulation or administrative or judicial interpretation applicable thereto. Except as specifically provided under this heading "Payment of Additional Amounts", and under the heading "Redemption for Tax Reasons", we will not be required to make any payment with respect to any tax, assessment or other governmental charge imposed by any government or a political subdivision or taxing authority thereof or therein due and owing with respect to the Notes. In this regard, holders should be aware that the European Union is currently considering proposals for a new directive regarding the taxation of savings income as described below under "Certain European Union Tax Proposals". In the event that such European Union directive were adopted and a withholding tax were imposed thereunder, we will have no obligation to pay any additional amounts in respect of such tax or to indemnify a holder for such tax.

As used under this heading "Payment of Additional Amounts", and under the headings "Redemption for Tax Reasons", "Certain United States Tax Documentation Requirements" and "United States Taxation", the terms "United States" and "U.S." mean the United States of America (including the states and the District of Columbia) and the term "United States person" means any individual who is a citizen or resident of the United States, a corporation, partnership (or any other entity treated as a corporation or partnership for U.S. federal income tax purposes) created or organized in or under the laws of the United States, any state thereof or the District of Columbia (other than a partnership that is not treated as a United States person under any applicable Treasury regulations), any estate, the income of which is subject to U.S. federal income taxation regardless of its source, or any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and one or more United States persons have the authority to control all substantial decisions of the trust. Notwithstanding the preceding sentence, to the extent provided in the Treasury regulations, certain trusts in existence on August 20,

Edgar Filing: DEERE & CO - Form 424B5

1996, and treated as United States persons prior to that date that elect to continue to be treated as United States persons, will also be United States persons. "Non-United States person" means a person who is not a United States person.

REDEMPTION FOR TAX REASONS

If:

- (a) as a result of any change in, or amendment to, the laws (or any regulations or rulings promulgated thereunder) of the United States (or any political subdivision or taxing authority thereof or therein), or any change in, or amendment to, an official position regarding the application or interpretation of these laws, regulations or rulings, which change or amendment is announced or becomes effective on or after the date of this prospectus supplement, we become or will become obligated to pay additional amounts with respect to the Notes as described herein under the heading "Payment of Additional Amounts" or
- (b) any act is taken by a taxing authority of the United States on or after the date of this prospectus supplement, whether or not such act is taken with respect to us or our affiliates, that results in a substantial probability that we will or may be required to pay such additional amounts,

then we may, at our option, redeem, as a whole, but not in part, the Notes on not less than 30 nor more than 60 days' prior written notice, at a redemption price equal to 100% of their principal amount, together with interest accrued thereon to the date fixed for redemption, except that we will pay interest due on any interest payment date that occurs on or before a redemption date to the registered holders on the record date preceding that particular interest payment date.

S-10

No redemption pursuant to (b) above may be made unless we have received a written opinion of independent counsel selected by us to the effect that an act taken by a taxing authority of the United States results in a substantial probability that we will or may be required to pay the additional amounts described herein under the heading "Payment of Additional Amounts" and we have delivered to the Senior Trustee a certificate, signed by a duly authorized officer, stating that, based on such opinion, we are entitled to redeem the Notes pursuant to their terms.

BOOK ENTRY, DELIVERY AND FORM

The Notes will be issued in one or more fully registered global securities which will be deposited with, or on behalf of, DTC, New York, New York and registered in the name of Cede & Co., DTC's nominee. We will not issue Notes in certificated form except under certain limited circumstances described in the accompanying prospectus. Beneficial interests in the global securities will be represented through book-entry accounts of financial institutions acting on behalf of beneficial owners as direct and indirect participants in DTC (the "DTC participants"). Investors may elect to hold interests in the global securities through either DTC (in the United States), or Clearstream Banking societe anonyme ("Clearstream Luxembourg"), or Euroclear Bank S.A./N.V., as operator of the Euroclear System ("Euroclear"), if they are participants in those systems, or indirectly through organizations that are participants in those systems. Reference is made to "Description of Debt Securities--Global Securities" in the accompanying prospectus.

Clearstream Luxembourg and Euroclear will hold interests on behalf of their

Edgar Filing: DEERE & CO - Form 424B5

participants through customers' securities accounts in Clearstream Luxembourg's and Euroclear's names on the books of their respective depositaries, which in turn will hold these interests in customers' securities accounts in the depositaries' names on the books of DTC. At the present time, Citibank, N.A. acts as U.S. depository for Clearstream Luxembourg, and JPMorgan Chase Bank acts as U.S. depository for Euroclear (each, a "U.S. depository"). Beneficial interests in the global securities will be held in denominations of \$1,000 and integral multiples thereof. Except as set forth below or in the accompanying prospectus, the global securities may be transferred, in whole but not in part, only to another nominee of DTC or to a successor of DTC or its nominee.

Clearstream Luxembourg has advised us that it is incorporated under the laws of Luxembourg as a professional depository. Clearstream Luxembourg holds securities for its participating organizations ("Clearstream participants") and facilitates the clearance and settlement of securities transactions between Clearstream participants through electronic book-entry changes in accounts of Clearstream participants, thereby eliminating the need for physical movement of certificates. Clearstream Luxembourg provides to Clearstream participants, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Clearstream Luxembourg interfaces with domestic markets in several countries. As a professional depository, Clearstream Luxembourg is subject to regulation by the Luxembourg Monetary Institute. Clearstream participants are recognized financial institutions around the world, including underwriters, securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations and may include the underwriters in this offering or their affiliates. Indirect access to Clearstream Luxembourg is also available to others, such as banks, brokers, dealers and trust companies that clear through, or maintain a custodial relationship with, a Clearstream participant, either directly or indirectly.

Distributions with respect to Notes held beneficially through Clearstream Luxembourg will be credited to cash accounts of Clearstream participants in accordance with its rules and procedures, to the extent received by the U.S. depository for Clearstream Luxembourg.

Euroclear has advised us that it was created in 1968 to hold securities for participants of Euroclear ("Euroclear participants") and to clear and settle transactions between Euroclear participants through

S-11

simultaneous electronic book-entry delivery against payment, thereby eliminating the need for physical movement of certificates and any risk from lack of simultaneous transfers of securities and cash. Euroclear includes various other services, including securities lending and borrowing and interfaces with domestic markets in several countries. Euroclear is operated by Euroclear Bank S.A./N.V., as operator of the Euroclear System (the "Euroclear operator"), under contract with Euroclear Clearance Systems S.C., a Belgian cooperative corporation (the "Cooperative"). All operations are conducted by the Euroclear operator, and all Euroclear securities clearance accounts and Euroclear cash accounts are accounts with the Euroclear operator, not the Cooperative. The Cooperative establishes policy for Euroclear on behalf of Euroclear participants. Euroclear participants include banks (including central banks), securities brokers and dealers and other professional financial intermediaries and may include the underwriters in this offering or their affiliates. Indirect access to Euroclear is also available to other firms that clear through or maintain a custodial relationship with a Euroclear participant, either directly or indirectly.

Securities clearance accounts and cash accounts with the Euroclear operator are governed by the Terms and Conditions Governing Use of Euroclear and the

Edgar Filing: DEERE & CO - Form 424B5

related Operating Procedures of the Euroclear System, and applicable Belgian law (the "Terms and Conditions"). The Terms and Conditions govern transfers of securities and cash within Euroclear, withdrawals of securities and cash from Euroclear and receipts of payments with respect to securities in Euroclear. All securities in Euroclear are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts. The Euroclear operator acts under the Terms and Conditions only on behalf of Euroclear participants, and has no record of, or relationship with, persons holding through Euroclear participants.

Distributions with respect to Notes held beneficially through Euroclear will be credited to the cash accounts of Euroclear participants in accordance with the Terms and Conditions, to the extent received by the U.S. depository for Euroclear.

In the event certificated Notes are issued in the limited circumstances described in the accompanying prospectus, the holders of certificated Notes will be able to receive payments of principal of and interest on their Notes at the office of the paying agent maintained in the Borough of Manhattan, and, if the Notes are listed on the Luxembourg Stock Exchange, at the offices of the paying agent in Luxembourg. Payment of principal of a certificated Note may be made only against surrender of the Note to one of the paying agents. We have the option, however, of making payments of interest on certificated Notes on an interest payment date by mailing checks to the address of the holder appearing in the security register maintained by the registrar.

The paying agent in the Borough of Manhattan is currently the corporate trust office of JPMorgan Chase Bank, located at 450 West 33rd Street, New York, New York 10001. The paying agent and transfer agent in Luxembourg is J.P. Morgan Bank Luxembourg S.A., currently located at 5, Rue Plaetis, L-2338 Luxembourg, Grand Duche de Luxembourg. Any change in the Luxembourg paying agent and transfer agent will be published in Luxembourg. See "Notices" below. We may appoint a co-paying agent in another European jurisdiction.

In the event certificated Notes are issued, the holders of certificated Notes will be able to transfer their Notes, in whole or in part, by surrendering the Notes for registration of transfer at the office of JPMorgan Chase Bank and, so long as Notes are listed on the Luxembourg Stock Exchange, at the offices of the paying agent in Luxembourg, duly endorsed by or accompanied by a written instrument of transfer in form satisfactory to us and the securities registrar. A form of such instrument of transfer will be obtainable at the offices of JPMorgan Chase Bank and the Luxembourg paying agent. Upon surrender, we will execute, and the Senior Trustee will authenticate and deliver, new Notes to the designated transferee in the amount being transferred, and a new Note for any amount not being transferred will be issued to the transferor. We will not charge any fee for the registration of transfer or exchange, except that we may require the payment of a sum sufficient to cover any applicable tax or

S-12

other government charge payable in connection with the transfer. Any certificated Notes will be issued in denominations of \$1,000 and amounts that are multiples of \$1,000.

GLOBAL CLEARANCE AND SETTLEMENT PROCEDURES

Initial settlement for the Notes will be made in immediately available funds. Secondary market trading between DTC participants will occur in the ordinary way in accordance with DTC's rules and will be settled in immediately available funds using DTC's Same Day Funds Settlement System. Secondary market trading between Clearstream participants and Euroclear participants will occur in the ordinary way in accordance with the applicable rules and operating

Edgar Filing: DEERE & CO - Form 424B5

procedures of Clearstream Luxembourg and Euroclear and will be settled using the procedures applicable to conventional eurobonds in immediately available funds.

Cross-market transfers between persons holding directly or indirectly through DTC, on the one hand, and directly or indirectly through Clearstream participants or Euroclear participants, on the other, will be effected within DTC in accordance with DTC's rules on behalf of the relevant European international clearing system by its U.S. depository; however, these cross-market transactions will require delivery of instructions to the relevant European international clearing system by the counterparty in such system in accordance with its rules and procedures and within its established deadlines (European time). The relevant European international clearing system will, if the transaction meets its settlement requirements, deliver instructions to its U.S. depository to take action to effect final settlement on its behalf by delivering or receiving Notes at DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Clearstream participants and Euroclear participants may not deliver instructions directly to their respective U.S. depositories.

Because of time-zone differences, credits of Notes received in Clearstream Luxembourg or Euroclear as a result of a transaction with a DTC participant will be made during subsequent securities settlement processing and dated the business day following the DTC settlement date. These credits, or any transactions in the Notes settled during such processing, will be reported to the relevant Euroclear participants or Clearstream participants on that business day. Cash received at Clearstream or Euroclear as a result of sales of Notes by or through a Clearstream participant or a Euroclear participant to a DTC participant will be received with value on the business day of settlement in DTC but will be available in the relevant Clearstream Luxembourg or Euroclear cash account only as of the business day following settlement at DTC.

Although DTC, Clearstream Luxembourg and Euroclear have agreed to the foregoing procedures in order to facilitate transfers of securities among participants of DTC, Clearstream Luxembourg and Euroclear, they are under no obligation to perform or continue to perform such procedures and they may discontinue the procedures at any time.

GOVERNING LAW

The Notes will be governed by and construed in accordance with the laws of the State of New York.

NOTICES

Notices to holders of the Notes will be made by first-class mail, postage prepaid, to the addresses that appear on the security register maintained by the registrar. So long as the Notes are listed on the Luxembourg Stock Exchange, notices will also be made by publication in an authorized newspaper in Luxembourg, which is expected to be the LUXEMBURGER WORT. Any notice will be deemed to have been given on the date of publication or, if published more than once, on the date of the first publication.

CERTAIN EUROPEAN UNION TAX PROPOSALS

The European Union recently issued another proposal for a new directive regarding the taxation of savings income. Subject to a number of important conditions being met, it is proposed that a member state of the EU will be required to provide to the tax authorities of another member state details of payments of interest or other similar income paid by a person within its jurisdiction to an individual resident in that other member state, subject to

Edgar Filing: DEERE & CO - Form 424B5

the right of certain member states to opt instead for a withholding system for a transitional period in relation to such payments. This new proposal is not in final form and it is not certain when or whether it will be implemented.

CERTAIN UNITED STATES TAX DOCUMENTATION REQUIREMENTS

A beneficial owner of a Note who is not a United States person (a "non-United States holder") will generally be subject to United States federal withholding tax of 30% on payments of interest on the Notes unless one of the following steps is taken to obtain an exemption from or reduction of the tax:

EXEMPTION OR REDUCED RATE FOR NON-UNITED STATES HOLDERS, OTHER THAN NON-UNITED STATES HOLDERS THAT CONDUCT A TRADE OR BUSINESS IN THE UNITED STATES TO WHICH INTEREST ON THE NOTES IS EFFECTIVELY CONNECTED (IRS FORM W-8BEN). A non-United States holder can obtain an exemption from the withholding tax by providing a properly completed IRS Form W-8BEN, provided that either (i) it is entitled to the benefits of an income tax treaty to which the United States is a party (which treaty exempts interest on the Notes received by it from United States withholding tax) or (ii) it is not related to Deere through stock ownership as described in clauses (x) (a) and (b) of Paragraph (i) under "United States Taxation--Non-United States Holders". In addition, a non-United States partnership holding a Note will be required to provide an IRS Form W-8IMY and, unless it has entered into a withholding agreement with the IRS, to attach an appropriate certification obtained from each of its partners.

EXEMPTION FOR NON-UNITED STATES HOLDERS THAT CONDUCT A TRADE OR BUSINESS IN THE UNITED STATES TO WHICH INTEREST ON THE NOTES IS EFFECTIVELY CONNECTED (IRS FORM W-8ECI). A non-United States holder, including a non-United States corporation or bank with a United States branch, that conducts a trade or business in the United States to which interest income on a Note is effectively connected, can obtain an exemption from the withholding tax by providing a properly completed IRS Form W-8ECI.

UNITED STATES FEDERAL INCOME TAX REPORTING PROCEDURE. A non-United States holder of a Note is required to submit the appropriate IRS Form under applicable procedures to the person through which the owner directly holds the Note. For example, if the beneficial owner is listed directly on the books of Euroclear or Clearstream Luxembourg as the holder of the Note, the IRS Form must be provided to Euroclear or Clearstream Luxembourg, as the case may be. Each other person through whom a Note is held must submit, on behalf of the beneficial owner, the IRS Form (or in certain cases a copy thereof) under applicable procedures to the person through whom it holds the Note, until the IRS Form is received by the United States person who would otherwise be required to withhold United States federal income tax from interest on the Note. For example, in the case of Notes held through Euroclear or Clearstream Luxembourg, the IRS Form (or a copy thereof) must be received by the U.S. Depository of such clearing agency. Applicable procedures include additional certification requirements, described in clause (x) (c) (B) of Paragraph (i) under "United States Taxation--Non-United States Holders", if a beneficial owner of the Note provides an IRS Form W-8BEN to a securities clearing organization, bank or other financial institution that holds the Note on its behalf.

Each non-United States holder of a Note should be aware that if it does not properly provide the required IRS form, or if the IRS form (or, if permissible, a copy of the form) is not properly transmitted to and received by the United States person otherwise required to withhold United States federal income tax, interest on the Note may be subject to United States withholding tax at a 30% rate

and the holder (including the beneficial owner) will not be entitled to any

Edgar Filing: DEERE & CO - Form 424B5

additional amounts from us described under the heading "Description of Notes--Payment of Additional Amounts" with respect to such tax. Such tax, however, may in certain circumstances be allowed as a refund or as a credit against such holder's United States federal income tax. The foregoing does not deal with all aspects of United States federal tax withholding that may be relevant to foreign holders of the Notes.

UNITED STATES TAXATION

In the opinion of Shearman & Sterling, special tax counsel to Deere, the following summary describes certain material United States federal tax consequences of the acquisition, ownership and disposition of the Notes by beneficial owners of Notes who purchased the Notes in the initial offering at the initial offering price to the public, subject to the limitations stated herein. The summary is based on the Internal Revenue Code of 1986, as amended (the "Code"), and regulations, rulings and judicial decisions as of the date hereof, all of which may be repealed, revoked or modified so as to result in federal tax consequences different from those described below. Such changes could be applied retroactively in a manner that could adversely affect holders of the Notes. It is therefore possible that the consequences of the acquisition, ownership and disposition of the Notes may differ from the treatment described below.

This summary is for general information only and does not address all aspects of United States federal taxation that may be relevant to holders of the Notes in light of their particular circumstances, and it does not address any tax consequences arising under the laws of any state, local or foreign taxing jurisdiction. Prospective holders are urged to consult their own tax advisors as to the particular tax consequences to them of acquiring, holding or disposing of the Notes.

UNITED STATES HOLDERS

The following summary is limited to beneficial owners of Notes who are United States persons ("United States holders") and who will hold the Notes as capital assets within the meaning of section 1221 of the Code and does not deal with holders that may be subject to special tax rules (including, but not limited to, insurance companies, tax-exempt organizations, financial institutions, dealers in securities or currencies, holders whose functional currency is not the United States dollar or holders who will hold the Notes as a hedge against currency risks or as part of a straddle, synthetic security, conversion transaction or other integrated investment comprised of the Notes and one or more other investments).

INTEREST. Interest paid with respect to the Notes will generally be taxable to a United States holder as ordinary income at the time accrued or received, in accordance with such United States holder's method of accounting for United States federal income tax purposes.

DISPOSITIONS. Upon the sale, exchange, redemption, retirement or other disposition of a Note, a United States holder generally will recognize taxable gain or loss equal to the difference between the amount realized on the sale, exchange, redemption, retirement or other disposition (except to the extent of accrued but unpaid interest, which will be taxable as such) and such holder's adjusted tax basis in the Note. Any such gain or loss will be capital gain or loss, and will be long-term capital gain or loss if a United States holder has held the Note for more than one year.

NON-UNITED STATES HOLDERS

Under United States federal income and estate tax law, and subject to the discussion of backup withholding below:

Edgar Filing: DEERE & CO - Form 424B5

(i) payments of principal and interest on a Note that is beneficially owned by a non-United States holder will not be subject to United States federal withholding tax; provided that, in the

S-15

case of interest, (x) (a) the holder does not actually or constructively own 10% or more of the total combined voting power of all classes of stock of Deere entitled to vote, (b) the holder is not a controlled foreign corporation that is related, directly or indirectly, to Deere through stock ownership, and (c) either (A) the holder of the Note certifies on IRS Form W-8BEN to the person otherwise required to withhold United States federal income tax from such interest, under penalties of perjury, that it is not a United States person and provides its name and address or (B) a securities clearing organization, bank or other financial institution that holds customers' securities in the ordinary course of its trade or business (a "financial institution") and holds the Note certifies to the person otherwise required to withhold United States federal income tax from such interest, under penalties of perjury, that such statement has been received from the beneficial owner by it or by a financial institution between it and the holder and furnishes the payor with a copy thereof; (y) the holder is entitled to the benefits of an income tax treaty under which the interest is exempt from United States federal withholding tax and the holder of the Note or such owner's agent provides an IRS Form W-8BEN claiming the exemption; or (z) the holder conducts a trade or business in the United States to which the interest is effectively connected and the holder of the Note or such owner's agent provides an IRS Form W-8ECI; provided that, in each such case, the relevant certification or IRS Form is delivered pursuant to applicable procedures and is properly transmitted to the person otherwise required to withhold United States federal income tax, and none of the persons receiving the relevant certification or IRS Form has actual knowledge that the certification or any statement on the IRS Form is false;

(ii) a non-United States holder will not be subject to United States federal income or withholding tax on any gain realized on the sale, exchange or redemption of a Note unless the gain is effectively connected with the holder's trade or business in the United States or, in the case of an individual, the holder is present in the United States for 183 days or more in the taxable year in which the sale, exchange or redemption occurs and certain other conditions are met; and

(iii) a Note owned by an individual who at the time of death is not a citizen or resident of the United States as determined for United States estate tax purposes will not be subject to United States federal estate tax as a result of such individual's death if the individual does not actually or constructively own 10% or more of the total combined voting power of all classes of stock of Deere, entitled to vote, and the income on the Note would not have been effectively connected with a U.S. trade or business of the individual.

If a beneficial owner or holder of a Note is a non-United States partnership, the non-United States partnership will be required to provide an IRS Form W-8IMY and, unless it has entered into a withholding agreement with the IRS, to attach an appropriate certification obtained from each of its partners.

Interest on a Note that is effectively connected with the conduct of a trade or business in the United States by a non-United States holder, although exempt from United States withholding tax, may be subject to United States income tax as if such interest were earned by a United States person, plus an additional branch profits tax if such holder is a foreign corporation.

Edgar Filing: DEERE & CO - Form 424B5

BACKUP WITHHOLDING AND INFORMATION REPORTING

In general, information reporting requirements will apply to certain payments of principal and interest made on a Note and the proceeds of the sale of a Note within the United States to non-corporate holders of the Notes, and "backup withholding" at the applicable rate will apply to these payments if the holder fails to provide an accurate taxpayer identification number in the manner required or to report all interest and dividends required to be shown on its federal income tax returns.

Information reporting on IRS Form 1099 and backup withholding will not apply to payments made by us on the Notes, or by a paying agent to a non-United States person on a Note if, in the case of

S-16

interest, the IRS Form described in clause (y) or (z) in Paragraph (i) under "Non-United States Holders" above has been provided under applicable procedures, or, in the case of interest or principal, the certification described in clause (x)(c) in Paragraph (i) under "Non-United States Holders" above and a certification that the beneficial owner satisfies certain other conditions, have been supplied under applicable procedures, provided that the payor does not have actual knowledge that the certifications are incorrect.

Payments of the proceeds from the sale of a Note made to or through a foreign office of a broker will not be subject to information reporting or backup withholding, except that information reporting may apply if the broker is a United States person, a controlled foreign corporation for United States tax purposes, a foreign person 50% or more of whose gross income is effectively connected with a United States trade or business for a specified three-year period, a foreign partnership with specific connections to the United States, or, a United States branch of a foreign bank or foreign insurance company. Payments of the proceeds from the sale of a Note to or through the United States office of a broker are subject to information reporting and backup withholding unless the holder or beneficial owner certifies that it is a non-United States person and that it satisfies certain other conditions or otherwise establishes an exemption from information reporting and backup withholding.

Backup withholding is not a separate tax, but is allowed as a refund or credit against the holder's United States federal income tax, provided the necessary information is timely furnished to the Internal Revenue Service.

Interest on a Note that is beneficially owned by a non-United States person will be reported annually on IRS Form 1042S, which must be filed with the Internal Revenue Service and furnished to such beneficial owner.

	=====

To the extent that any underwriter that is not a U.S. registered broker-dealer intends to effect sales of the Notes in the United States, it will do so through one or more U.S. registered broker-dealers in accordance with applicable U.S. securities laws and regulations.

The underwriting agreement provides that the underwriters are obligated to purchase all of the Notes if any are purchased. The underwriting agreement also provides that if an underwriter defaults, the purchase commitments of non-defaulting underwriters may be increased or the offering of the Notes may be terminated.

The underwriters propose to offer the Notes initially at the public offering price on the cover page of this prospectus supplement and to selling group members at that price less a concession of 0.30% of the principal amount per Note. The underwriters and selling group members may allow a discount of 0.15% of such principal amount per Note on sales to other broker/dealers. After the initial public offering, the public offering price and concession and discount to broker/dealers may be changed by the representative.

We estimate that our out-of-pocket expenses, not including the underwriting discounts and commissions, for this offering will be approximately \$400,000.

The Notes are a new issue of securities with no established trading market. We have made application to list the Notes on the Luxembourg Stock Exchange. One or more of the underwriters intends to make a secondary market for the Notes. However, they are not obligated to do so and may

S-18

discontinue making a secondary market for the Notes at any time without notice. No assurance can be given as to how liquid the trading market, if any, for the Notes will be.

We have agreed to indemnify the underwriters against liabilities under the Securities Act of 1933, or contribute to payments which the underwriters may be required to make in respect thereof.

The representatives, on behalf of the underwriters, may engage in

Edgar Filing: DEERE & CO - Form 424B5

over-allotment, stabilizing transactions, syndicate covering transactions and penalty bids in accordance with Regulation M under the Securities Exchange Act of 1934.

- Over-allotment involves sales by the underwriters of the Notes in excess of the principal amount of the Notes the underwriters are obligated to purchase, which creates a syndicate short position.
- Stabilizing transactions permit bids to purchase the Notes so long as the stabilizing bids do not exceed a specific maximum.
- Syndicate covering transactions involve purchases of the Notes in the open market after the distribution has been completed in order to cover syndicate short positions. A short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of the Notes in the open market after pricing that could adversely affect investors who purchase in the offering.
- Penalty bids permit the representatives to reclaim a selling concession from a syndicate member when the Notes originally sold by such syndicate member are purchased in a stabilizing transaction or a syndicate covering transaction to cover syndicate short positions.

These stabilizing transactions, syndicate covering transactions and penalty bids may have the effect of raising or maintaining the market price of the Notes or preventing or retarding a decline in the market price of the Notes. As a result, the price of the Notes may be higher than the price that might otherwise exist in the open market. These transactions, if commenced, may be discontinued at any time.

Credit Suisse First Boston Corporation will make the Notes available for distribution on the Internet through a proprietary Web site and/or a third-party system operated by Market Axess Inc., an Internet-based communications technology provider. Market Axess Inc. is providing the system as a conduit for communications between Credit Suisse First Boston Corporation and its customers and is not a party to any transactions. Market Axess Inc., a registered broker-dealer, will receive compensation from Credit Suisse First Boston Corporation based on transactions Credit Suisse First Boston Corporation conducts through the system. Credit Suisse First Boston Corporation will make the Notes available to its customers through the Internet distributions, whether made through a proprietary or third party system, on the same terms as distributions made through other channels.

In the ordinary course of their respective businesses, the underwriters and their affiliates have engaged, and may in the future engage, in commercial banking and/or investment banking transactions with us and our affiliates. They have received customary fees and commissions for these transactions. Antonio Madero B., a director of Deere, is a member of the International Advisory Council of J.P. Morgan Chase & Co., the parent of JPMorgan Chase Bank, the Senior Trustee, Registrar and U.S. Paying Agent, and J.P. Morgan Bank Luxembourg S.A., the Luxembourg Paying Agent, are affiliates of JPMorgan. Thomas H. Patrick, a director of Deere, is an Executive Vice President and the Chief Financial Officer of Merrill Lynch & Co., Inc., which is an affiliate of Merrill Lynch, Pierce, Fenner & Smith Incorporated. This offering is being made in compliance with the requirements of Rule 2710(c)(8) of the Conduct Rules of the National Association of Securities Dealers, Inc.

First Union Securities, Inc., a subsidiary of Wachovia Corporation, conducts its investment banking, institutional and capital markets businesses under the trade name of Wachovia Securities. Any references to "Wachovia Securities" in this prospectus supplement, however, do not include Wachovia

Securities, Inc., a separate broker-dealer subsidiary of Wachovia Corporation and sister affiliate of First Union Securities, Inc., which may or may not be participating as a separate selling dealer in the distribution of the Notes.

Each underwriter has represented and agreed that (a) it has not offered or sold and, prior to the expiration of the period of six months from the closing date for the issue of the Notes, will not offer or sell any Notes to persons in the United Kingdom, except to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of their businesses or otherwise in circumstances which have not resulted and will not result in an offer to the public in the United Kingdom, within the meaning of the Public Offers of Securities Regulations 1995, (b) it has only communicated or caused to be communicated and will only communicate or cause to be communicated any invitation or inducement to engage in investment activity (within the meaning of section 21 of the Financial Services and Markets Act 2000 (the "FSMA")) received by it in connection with the issue or sale of any Notes in circumstances which section 21(1) of the FSMA does not apply to Deere, and (c) it has complied with and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the Notes in, from or otherwise involving the United Kingdom.

Each underwriter has acknowledged that offers and sales of the Notes in Germany are subject to the restrictions provided in the German Securities Prospectus Act (WERTPAPIER-VERKAUFSPROSPEKTGESETZ) with respect to securities (WERTPAPIERE); in particular, the Notes may not be offered in Germany by way of public promotion.

Each underwriter has represented and agreed that it has not, directly or indirectly, offered or sold and will not, directly or indirectly, offer or sell in The Netherlands any Notes other than to persons who trade or invest in securities in the conduct of a profession or business (which include banks, stockbrokers, insurance companies, pension funds, other institutional investors and finance companies and treasury departments of large enterprises) or otherwise in compliance with any other applicable laws or regulations of The Netherlands.

Each of the underwriters has agreed that it has not directly or indirectly offered or sold, and it will not directly or indirectly offer or sell, any Notes in Japan or for the benefit of any resident of Japan (which term as used in this paragraph means any person resident in Japan, including any corporation or other entity organized under the laws of Japan) or to others for re-offering or re-sale, directly or indirectly, in Japan or for the benefit of a resident of Japan, except pursuant to an exemption from the registration requirements of, and in compliance with, the Securities and Exchange Law of Japan and any other applicable laws, regulations and guidelines of Japan.

NOTICE TO CANADIAN RESIDENTS

RESALE RESTRICTIONS

The distribution of the Notes in Canada is being made only on a private placement basis exempt from the requirement that we prepare and file a prospectus with the securities regulatory authorities in each province where trades of Notes are made. Any resale of the Notes in Canada must be made under applicable securities laws, which will vary depending on the relevant jurisdiction, and which may require resales to be made under available statutory exemptions or under a discretionary exemption granted by the applicable Canadian securities regulatory authority. Purchasers are advised to seek legal advice prior to any resale of the Notes.

REPRESENTATIONS OF PURCHASERS

By purchasing Notes in Canada and accepting a purchase confirmation a purchaser is representing to us and the dealer from whom the purchase confirmation is received that

- the purchaser is entitled under applicable provincial securities laws to purchase the Notes without the benefit of a prospectus qualified under those securities laws,
- where required by law, that the purchaser is purchasing as principal and not as agent, and
- the purchaser has reviewed the text above under Resale Restrictions.

RIGHTS OF ACTION-ONTARIO PURCHASERS ONLY

Under Ontario securities legislation, a purchaser who purchases a security offered by this prospectus during the period of distribution will have a statutory right of action for damages, or while still the owner of the Notes, for rescission against us in the event that this prospectus supplement or the accompanying prospectus contains a misrepresentation. A purchaser will be deemed to have relied on the misrepresentation. The right of action for damages is exercisable not later than the earlier of 180 days from the date the purchaser first had knowledge of the facts giving rise to the cause of action and three years from the date on which payment is made for the Notes. The right of action for rescission is exercisable not later than 180 days from the date on which payment is made for the Notes. If a purchaser elects to exercise the right of action for rescission, the purchaser will have no right of action for damages against us. In no case will the amount recoverable in any action exceed the price at which the Notes were offered to the purchaser and if the purchaser is shown to have purchased the securities with knowledge of the misrepresentation, we will have no liability. In the case of an action for damages, we will not be liable for all or any portion of the damages that are proven to not represent the depreciation in value of the Notes as a result of the misrepresentation relied upon. These rights are in addition to, and without derogation from, any other rights or remedies available at law to an Ontario purchaser. The foregoing is a summary of the rights available to an Ontario purchaser. Ontario purchasers should refer to the complete text of the relevant statutory provisions.

ENFORCEMENT OF LEGAL RIGHTS

All of our directors and officers as well as the experts named herein may be located outside of Canada and, as a result, it may not be possible for Canadian purchasers to effect service of process within Canada upon us or those persons. All or a substantial portion of our assets and the assets of those persons may be located outside of Canada and, as a result, it may not be possible to satisfy a judgment against us or those persons in Canada or to enforce a judgment obtained in Canadian courts against us or those persons outside of Canada.

TAXATION AND ELIGIBILITY FOR INVESTMENT

Canadian purchasers of Notes should consult their own legal and tax advisors with respect to the tax consequences of an investment in the Notes in their particular circumstances and about the eligibility of the Notes for investment by the purchaser under relevant Canadian legislation.

RELATIONSHIP WITH AFFILIATES OF THE UNDERWRITERS

Affiliates of each of the underwriters are parties to one or both of our

Edgar Filing: DEERE & CO - Form 424B5

long-term and short-term credit agreements (the "Credit Agreements"), under which an aggregate of \$4.0 billion is available to us. The Credit Agreements are available for any purpose, but are used primarily to support commercial paper issued by Deere and certain of its subsidiaries and no amounts are presently outstanding thereunder. In addition, affiliates of certain of the underwriters have extended us unsecured lines of credit, some of which have been drawn upon in the ordinary course of business. We are in compliance with the terms of the Credit Agreements and with the terms of the indebtedness owed by us to these affiliates. The decision of the underwriters to distribute the Notes was not influenced by their respective affiliates that are our lenders and those affiliates had no involvement in determining whether or when to distribute the Notes in this offering or the terms of this offering. None of the underwriters will receive any benefit from us for this offering other than the underwriting discounts and commissions paid by us.

LEGAL OPINIONS

The validity of the Notes will be passed upon for us by Shearman & Sterling, 599 Lexington Avenue, New York, New York 10022. Sidley Austin Brown & Wood LLP, 875 Third Avenue, New York, New York 10022, will act as counsel to the underwriters.

GENERAL INFORMATION

Application has been made to list the Notes on the Luxembourg Stock Exchange. In connection with the listing application, our certificate of incorporation and by-laws and a legal notice relating to the issuance of the Notes have been deposited prior to listing with GREFFIER EN CHEF DU TRIBUNAL D'ARRONDISSEMENT DE ET A LUXEMBOURG, where copies thereof may be obtained upon request. Copies of the above documents together with this prospectus supplement, the accompanying prospectus, the Senior Indenture and our current annual and quarterly reports, as well as all our future annual reports and quarterly reports, so long as any of the Notes are outstanding, will be made available for inspection at the main office of Banque Generale du Luxembourg S.A. in Luxembourg. In addition, copies of this prospectus supplement, the accompanying prospectus, the documents incorporated by reference in them and the annual reports and quarterly reports of Deere may be obtained free of charge at such office.

The financial statements and the related financial statement schedule incorporated in the accompanying prospectus by reference from Deere's Annual Report on Form 10-K have been audited by Deloitte & Touche LLP, independent auditors, as stated in their report, which is incorporated herein by reference, and have been so incorporated in reliance upon the report of such firm given upon their authority as experts in accounting and auditing. Deloitte & Touche's address is Two Prudential Plaza, 180 North Stetson Avenue, Chicago, Illinois 60601-6710.

Other than as disclosed or contemplated herein, in the accompanying prospectus or in the documents incorporated in them by reference, there has been no material adverse change in our financial position since January 31, 2002. See "Capitalization".

None of Deere or any of its subsidiaries is involved in litigation, arbitration or administrative proceedings relating to claims or amounts that are material in the context of the offering and sale of the Notes and Deere is not aware of any such threatened litigation, arbitration or administrative proceedings.

Deere accepts responsibility for the information contained in this

Edgar Filing: DEERE & CO - Form 424B5

prospectus supplement and accompanying prospectus.

Resolutions relating to the issue and sale of the Notes were adopted by the Board of Directors of Deere on December 1, 1999.

The Notes have been accepted for clearance through Euroclear and Clearstream Luxembourg with a common code of 014651365. The Notes have been assigned International Securities Identification Number (ISIN) US244199BB01 and CUSIP No. 244199 BB 0.

DEERE & COMPANY

We and our subsidiaries (collectively called John Deere) have operations that are categorized into four major business segments:

John Deere's worldwide AGRICULTURAL EQUIPMENT segment manufactures and distributes a full line of farm equipment--including tractors; combine, cotton and sugarcane harvesters; tillage, seeding and soil preparation machinery; sprayers; hay and forage equipment; materials handling equipment; and integrated precision farming technology.

John Deere's worldwide COMMERCIAL AND CONSUMER EQUIPMENT SEGMENT manufactures and distributes equipment for commercial and residential uses--including small tractors for lawn, garden, commercial and utility purposes; riding and walk-behind mowers; golf course equipment; snowblowers; handheld products such as chain saws, string trimmers and leaf blowers; skid-steer loaders; utility vehicles; and other outdoor power products.

John Deere's worldwide CONSTRUCTION EQUIPMENT segment manufactures and distributes a broad range of machines used in construction, earthmoving, material handling and timber harvesting--including backhoe loaders; crawler dozers and loaders; four-wheel-drive loaders; excavators; motor graders; articulated dump trucks; forklifts; landscape loaders; and log skidders, feller bunchers, loaders, forwarders, harvesters and related attachments.

Edgar Filing: DEERE & CO - Form 424B5

The products produced by the equipment segments are marketed primarily through retail dealer networks and major retail outlets.

The CREDIT segment primarily finances sales and leases by John Deere dealers of new and used agricultural, commercial and consumer, and construction equipment and sales by non-Deere dealers of recreational products. In addition, it provides wholesale financing to dealers of the foregoing equipment, provides operating loans and finances retail revolving charge accounts.

In this prospectus, unless the context otherwise requires, we will use the terms "we", "our", "ourselves" and "us" to mean Deere & Company and not John Deere B.V. or any other subsidiary of Deere & Company.

JOHN DEERE B.V.

John Deere B.V. is an indirect wholly owned subsidiary of Deere & Company, incorporated under the laws of The Netherlands solely for the purpose of raising capital to meet the financing needs of Deere & Company and its subsidiaries. Its principal executive offices are located at Energiestraat 16, NL-5961 PT Horst, The Netherlands, telephone: +31-77-397-6121.

USE OF PROCEEDS

Except as may be described otherwise in a prospectus supplement, we will add the net proceeds from the sale of the securities under this prospectus to our general funds and will use them for working capital and other general corporate purposes. The proceeds may be applied initially to the reduction of short-term indebtedness.

John Deere B.V. will lend the net proceeds from the sale of any guaranteed debt securities offered by it to us or our other subsidiaries to be used for similar purposes.

We will determine a specific allocation of the net proceeds of an offering of securities to a specific purpose, if any, at the time of the offering and will describe this allocation in the related prospectus supplement.

3

PROSPECTUS

This prospectus is part of a registration statement that we filed with the SEC utilizing a "shelf" registration process. Under this shelf process, we may sell any combination of the following securities in one or more offerings up to a total dollar amount of \$1,000,000,000, or the equivalent thereof if any of the securities are denominated in a currency, currency unit or composite currency ("currency") other than the U.S. dollar:

- unsecured debt securities of Deere & Company, which may be either senior (the "senior securities") or subordinated (the "subordinated securities");
- unsecured senior debt securities issued by John Deere B.V. and fully and unconditionally guaranteed by Deere & Company (the "guaranteed debt securities");
- warrants to purchase debt securities of Deere & Company ("debt warrants");
- shares of preferred stock of Deere & Company (the "preferred stock");
- depositary shares representing interests in shares of preferred stock of

Edgar Filing: DEERE & CO - Form 424B5

- Deere & Company (the "depository shares");
- shares of common stock of Deere & Company (the "common stock");
 - warrants to purchase common stock of Deere & Company;
 - currency warrants of Deere & Company; and
 - indexed and other warrants of Deere & Company.

The terms of the securities will be determined at the time of offering.

Unless the context otherwise requires, we will refer to the debt securities to be issued by Deere & Company and the guaranteed debt securities to be issued by John Deere B.V. collectively as the "debt securities". We will refer to the debt securities, debt warrants, preferred stock, depository shares, common stock, warrants to purchase common stock, currency warrants, indexed warrants and other warrants, or any combination of those securities, proposed to be sold under this prospectus and an accompanying prospectus supplement, as the "offered securities". The offered securities, together with any debt securities, preferred stock, common stock or other securities issuable upon exercise of warrants or conversion or exchange of other offered securities, will be referred to as the "securities".

4

PROSPECTUS SUPPLEMENT

This prospectus provides you with a general description of the securities we may offer. Each time we sell securities, we will provide a prospectus supplement that will contain specific information about the terms of that offering. The prospectus supplement may also add to, update or change information contained in this prospectus and, accordingly, to the extent inconsistent, information in this prospectus is superseded by the information in the prospectus supplement. You should read both this prospectus and any prospectus supplement together with the additional information described under the heading "Where You Can Find More Information".

The prospectus supplement to be attached to the front of this prospectus will describe: the terms of the securities offered, any initial public offering price, the price paid to us for the securities, net proceeds to us and the other specific terms related to the offering of these securities.

For more detail on the terms of the securities, you should read the exhibits filed with our registration statement.

5

DESCRIPTION OF DEBT SECURITIES

We may issue debt securities in one or more distinct series. This section summarizes the terms of the debt securities that are common to all series. Most of the financial terms and other specific terms of any series of debt securities that we offer will be described in a prospectus supplement to be attached to the front of this prospectus. Since the terms of specific debt securities may differ from the general information we have provided below, you should rely on information in the prospectus supplement that contradicts different information below.

As required by federal law for all bonds and notes of companies that are publicly offered, the debt securities are governed by a document called an "indenture". An indenture is a contract between us and a financial institution

Edgar Filing: DEERE & CO - Form 424B5

acting as trustee on your behalf. The trustee has two main roles. First, the trustee can enforce your rights against us if we default. There are some limitations on the extent to which the trustee acts on your behalf, described later on page 15. Second, the trustee performs certain administrative duties for us.

Senior securities will be issued by us under an indenture dated as of October 1, 1998, as supplemented from time to time (the "senior indenture"), between us and The Chase Manhattan Bank, trustee (the "senior trustee"). Subordinated securities will be issued by us under an indenture dated as of March 15, 1999, as supplemented from time to time (the "subordinated indenture"), between us and The Bank of New York, trustee (the "subordinated trustee"). Guaranteed debt securities will be issued by John Deere B.V. under an indenture, dated as of March 30, 2001, as supplemented from time to time (the "guaranteed debt indenture"), among John Deere B.V., Deere & Company, as guarantor, and The Chase Manhattan Bank, trustee (the "guaranteed debt trustee").

The term "trustee" refers to the senior trustee, the subordinated trustee or the guaranteed debt trustee, as appropriate. We will refer to the senior indenture, the subordinated indenture and the guaranteed debt indenture together as the "indentures" and each as an "indenture". The indentures are subject to and governed by the Trust Indenture Act of 1939, as amended.

Because this section is a summary, it does not describe every aspect of the debt securities and the indentures. We urge you to read the indenture that is applicable to you because it, and not this description, defines your rights as a holder of debt securities. For example, in this section, we use capitalized words to signify terms that are specifically defined in the indentures. Some of the definitions are repeated in this prospectus, but for the rest you will need to read the indentures. We have filed the form of each indenture as an exhibit to the registration statement that we have filed with the SEC. See "Where You Can Find More Information" on page 2 for information on how to obtain a copy of the indentures.

PROVISIONS APPLICABLE TO ALL OF THE INDENTURES

GENERAL

Each series of debt securities will be unsecured obligations of Deere & Company or John Deere B.V., as applicable. The senior securities and the guaranteed debt securities will rank equally with all other unsecured and unsubordinated indebtedness of Deere & Company or John Deere B.V., as applicable. The subordinated securities will be subordinated in right of payment to the prior payment in full of the Senior Indebtedness of Deere & Company as described below under "Subordinated Indenture Provisions--Subordination".

6

Each indenture provides that any debt securities proposed to be sold under this prospectus and the attached prospectus supplement ("offered debt securities") and any debt securities issuable upon the exercise of debt warrants or upon conversion or exchange of other offered securities ("underlying debt securities"), as well as other unsecured debt securities, may be issued under that indenture in one or more series.

You should read the prospectus supplement for the terms of the offered debt securities and any underlying debt securities, including the following:

- The title of the debt securities and whether the debt securities will be senior securities or subordinated securities of Deere & Company or guaranteed debt securities of John Deere B.V.

Edgar Filing: DEERE & CO - Form 424B5

- The total principal amount of the debt securities and any limit on the total principal amount of debt securities of the series.
- If not the principal amount of the debt securities, the portion of the principal amount payable upon acceleration of the maturity of the debt securities or how this portion will be determined.
- The date or dates, or how the date or dates will be determined or extended, when the principal of the debt securities will be payable.
- The interest rate or rates, which may be fixed or variable, that the debt securities will bear, if any, or how the rate or rates will be determined, the date or dates from which any interest will accrue or how the date or dates will be determined, the interest payment dates, any record dates for these payments and the basis upon which interest will be calculated if other than that of a 360-day year of twelve 30-day months.
- Any optional redemption provisions.
- Any sinking fund or other provisions that would obligate us to repurchase or otherwise redeem the debt securities.
- The form in which we will issue the debt securities, if other than in registered book-entry only form represented by global securities; whether we will have the option of issuing debt securities in "certificated" form; whether we will have the option of issuing certificated debt securities in bearer form if we issue the securities outside the United States to non-U.S. persons; any restrictions on the offer, sale or delivery of bearer securities and the terms, if any, upon which bearer securities of the series may be exchanged for registered securities of the series and VICE VERSA (if permitted by applicable laws and regulations).
- If other than U.S. dollars, the currency or currencies of the debt securities.
- Whether the amount of payments of principal, premium or interest, if any, on the debt securities will be determined with reference to an index, formula or other method (which could be based on one or more currencies, commodities, equity indices or other indices) and how these amounts will be determined.
- The place or places, if any, other than or in addition to The City of New York, of payment, transfer, conversion and/or exchange of the debt securities.
- If other than denominations of \$1,000 or any integral multiple in the case of registered securities issued in certificated form and \$5,000 in the case of non-registered securities issued in bearer form, the denominations in which the offered debt securities will be issued.

7

- The applicability of the provisions of the applicable indenture described under "defeasance" and any provisions in modification of, in addition to or in lieu of any of these provisions.
- Whether and under what circumstances we will pay additional amounts in respect of any tax, assessment or governmental charge and, if so, whether we will have the option to redeem the debt securities rather than pay the additional amounts (and the terms of this option).

Edgar Filing: DEERE & CO - Form 424B5

- Any provisions granting special rights to the holders of the debt securities upon the occurrence of specified events.
- Any changes or additions to the Events of Default or covenants contained in the applicable indenture.
- Whether the debt securities will be convertible into or exchangeable for any other securities and the applicable terms and conditions.
- Any other terms of the debt securities.

For purposes of this prospectus, any reference to the payment of principal of or premium or interest, if any, on debt securities will include additional amounts if required by the terms of the debt securities.

None of the indentures limits the amount of debt securities that may be issued thereunder from time to time. Debt securities issued under an indenture, when a single trustee is acting for all debt securities issued under the indenture, are called the "indenture securities". Each indenture also provides that there may be more than one trustee thereunder, each with respect to one or more different series of indenture securities. See "Resignation of Trustee" on page 20. At a time when two or more trustees are acting under one of the indentures, each with respect to only certain series, the term "indenture securities" means the one or more series of debt securities with respect to which each respective trustee is acting. In the event that there is more than one trustee under one of the indentures, the powers and trust obligations of each trustee described in this prospectus will extend only to the one or more series of indenture securities for which it is trustee. If two or more trustees are acting under one of the indentures, then the indenture securities for which each trustee is acting would be treated as if issued under separate indentures.

The indentures do not contain any provisions that give you protection in the event we issue a large amount of debt or we are acquired by another entity.

We refer you to the prospectus supplement for information with respect to any deletions from, modifications of or additions to the Events of Default or our covenants that are described below, including any addition of a covenant or other provision providing event risk or similar protection.

We have the ability to issue indenture securities with terms different from those of indenture securities previously issued and, without the consent of the holders thereof, to reopen a previous issue of a series of indenture securities and issue additional indenture securities of that series unless the reopening was restricted when that series was created.

CONVERSION AND EXCHANGE

If any debt securities are convertible into or exchangeable for other securities, the prospectus supplement will explain the terms and conditions of the conversion or exchange, including the conversion price or exchange ratio (or the calculation method), the conversion

or exchange period (or how the period will be determined), if conversion or exchange will be mandatory or at the option of the holder or us, provisions for adjusting the conversion price or the exchange ratio and provisions affecting conversion or exchange in the event of the redemption of the underlying debt securities. These terms may also include provisions under which the number or amount of other securities to be received by the holders of the debt securities upon conversion or exchange would be calculated according to the market price of the other securities as of a time stated in the prospectus supplement.

Edgar Filing: DEERE & CO - Form 424B5

FULL AND UNCONDITIONAL GUARANTEE OF DEBT SECURITIES OF JOHN DEERE B.V.

All guaranteed debt securities issued by John Deere B.V. will be fully and unconditionally guaranteed under a guarantee of Deere & Company of the payment of principal of, and any premium, interest and "additional amounts" on, these debt securities when due, whether at maturity or otherwise. For a discussion of the payment of "additional amounts", please see "Payment of Additional Amounts with Respect to the Guaranteed Debt Securities" below. Under the terms of the full and unconditional guarantee, holders of the guaranteed debt securities will not be required to exercise their remedies against John Deere B.V. before they proceed directly against Deere & Company.

PAYMENT OF ADDITIONAL AMOUNTS WITH RESPECT TO THE GUARANTEED DEBT SECURITIES

Unless otherwise indicated in your prospectus supplement, all amounts of principal of, and any premium and interest on, any guaranteed debt securities will be paid by John Deere B.V. without deduction or withholding for any taxes, duties, assessments or other charges imposed by the government of The Netherlands, or the government of a jurisdiction in which a successor to John Deere B.V. is organized. If deduction or withholding of any of these charges is required by The Netherlands, or by a jurisdiction in which a successor to John Deere B.V. is organized, John Deere B.V. will pay as additional interest any additional amounts necessary to make the net amount paid to the affected holders equal the amount the holders would have received in the absence of the deduction or withholding. However, these "additional amounts" will not include:

- the amount of any tax, duty, assessment or other governmental charge imposed by any unit of the federal or a state government of the United States;
- the amount of any tax, duty, assessment or other governmental charge that is only payable because either:
 - a type of connection exists between the holder, or a third party on behalf of a holder, by reason of its (or a fiduciary, settlor, member or shareholder, beneficiary of, or possessor of a power over, such holder, if such holder is an estate, trust, partnership or corporation) having some present or former connection with The Netherlands (including being or having been a citizen or resident of The Netherlands or being or having been engaged in a trade or business or present therein having or having had a permanent establishment therein) other than the mere holding of such guaranteed debt security; or
 - the holder presented the guaranteed debt security for payment more than 30 days after the date on which the relevant payment became due or was provided for, whichever is later;
- the amount of any tax, duty, assessment or other governmental charge that is payable other than by deduction or withholding from a payment on the guaranteed debt securities;

9

- the amount of any tax, duty, assessment or other governmental charge that is imposed or withheld due to the beneficial owner of the guaranteed debt security failing to accurately comply with a request from us to either provide information concerning the beneficial owner's nationality, residence or identity or make any claim to satisfy any information or reporting requirement, if the completion of either would have provided an exemption from the applicable governmental charge;

Edgar Filing: DEERE & CO - Form 424B5

- the amount of any estate, inheritance, gift, sales, transfer or personal property tax or any similar tax, duty, assessment or governmental charge;
- where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to any European Union Directive on the taxation of savings implementing the conclusions of the ECOFIN (European Union Economic and Finance Ministers) Counsel Meeting of 26-27 November 2000 or any law implementing or complying with or introduced in order to conform to such Directive; or
- any combination of the taxes, duties, assessments or other governmental charges described above.

The prospectus supplement will describe any additional circumstances under which additional amounts will not be paid with respect to guaranteed debt securities.

OPTIONAL TAX REDEMPTION

Unless otherwise indicated in your prospectus supplement, except in the case of guaranteed debt securities that have a variable rate of interest and that may be redeemed on any interest payment date, John Deere B.V. may redeem each series of guaranteed debt securities at its option in whole but not in part at any time, if:

- John Deere B.V. would be required to pay additional amounts, as a result of any change in the tax laws of The Netherlands that becomes effective on or after the date of issuance of that series, as explained above under "Payment of Additional Amounts with Respect to the Guaranteed Debt Securities", or
- as a result of any change in any treaty affecting taxation to which The Netherlands, or a jurisdiction in which a successor to John Deere B.V. is organized, is a party that becomes effective on or after a date on which Deere & Company borrows money from John Deere B.V., Deere & Company would be required to deduct or withhold tax on any payment to John Deere B.V. to enable it to make any payment of principal, premium, if any, or interest.

Except in the case of outstanding original issue discount guaranteed debt securities, which may be redeemed at the redemption price specified by the terms of that series of guaranteed debt securities, the redemption price will be equal to the principal amount plus accrued interest to the date of redemption.

In both of these cases, however, we will not be permitted to redeem a series of debt securities if we can avoid either the payment of additional amounts, or deductions or withholding, as the case may be, by using reasonable measures available to us.

ADDITIONAL MECHANICS

We may issue the debt securities in registered form, in which case we may issue them either in book-entry form only or in "certificated" form. Debt securities issued in book-entry form will be represented by global securities. We expect that we will usually issue debt securities in book-entry only form represented by global securities.

We also will have the option of issuing debt securities in non-registered form as bearer securities if we issue the securities outside the United States to non-U.S. persons. In that case, the prospectus supplement will set forth the

Edgar Filing: DEERE & CO - Form 424B5

mechanics for holding the bearer securities, including the procedures for receiving payments, for exchanging the bearer securities for registered securities of the same series, and for receiving notices. The prospectus supplement will also describe the requirements with respect to our maintenance of offices or agencies outside the United States and the applicable United States federal tax law requirements.

HOLDERS OF REGISTERED DEBT SECURITIES

BOOK-ENTRY HOLDERS. We will issue registered debt securities in book-entry form only, unless we specify otherwise in the applicable prospectus supplement. This means debt securities will be represented by one or more global securities registered in the name of a depositary that will hold them on behalf of financial institutions that participate in the depositary's book-entry system. These participating institutions, in turn, hold beneficial interests in the debt securities held by the depositary or its nominee. These institutions may hold these interests on behalf of themselves or customers.

Under each indenture, only the person in whose name a debt security is registered is recognized as the holder of that debt security. Consequently, for debt securities issued in global form, we will recognize only the depositary as the holder of the debt securities and we will make all payments on the debt securities to the depositary. The depositary will then pass along the payments it receives to its participants, which in turn will pass the payments along to their customers who are the beneficial owners. The depositary and its participants do so under agreements they have made with one another or with their customers; they are not obligated to do so under the terms of the debt securities.

As a result, investors will not own debt securities directly. Instead, they will own beneficial interests in a global security, through a bank, broker or other financial institution that participates in the depositary's book-entry system or holds an interest through a participant. As long as the debt securities are issued in global form, investors will be indirect holders, and not holders, of the debt securities.

STREET NAME HOLDERS. In the future, we may issue debt securities in certificated form or terminate a global security. In these cases, investors may choose to hold their debt securities in their own names or in "street name". Debt securities held in street name are registered in the name of a bank, broker or other financial institution chosen by the investor, and the investor would hold a beneficial interest in those debt securities through the account he or she maintains at that institution.

For debt securities held in street name, we will recognize only the intermediary banks, brokers and other financial institutions in whose names the debt securities are registered as the holders of those debt securities and we will make all payments on those debt securities to them. These institutions will pass along the payments they receive to their customers who are the beneficial owners, but only because they agree to do so in their customer agreements or because they are legally required to do so. Investors who hold debt securities in street name will be indirect holders, and not holders, of the debt securities.

LEGAL HOLDERS. Our obligations, as well as the obligations of the applicable trustee and those of any third parties employed by us or the applicable trustee, run only to the legal holders of the debt securities. We do not have obligations to investors who hold beneficial interests in global securities, in street name or by any other indirect means. This will be the case whether an investor chooses to be an indirect holder of a debt security or has no choice because we are issuing the debt securities only in global form.

For example, once we make a payment or give a notice to the holder, we have no further responsibility for the payment or notice even if that holder is required, under agreements with depositary participants or customers or by law, to pass it along to the indirect holders but does not do so. Similarly, if we want to obtain the approval of the holders for any purpose (for example, to amend an indenture or to relieve us of the consequences of a default or of our obligation to comply with a particular provision of an indenture), we would seek the approval only from the holders, and not the indirect holders, of the debt securities. Whether and how the holders contact the indirect holders is up to the holders.

When we refer to you, we mean those who invest in the debt securities being offered by this prospectus, whether they are the holders or only indirect holders of those debt securities. When we refer to your debt securities, we mean the debt securities in which you hold a direct or indirect interest.

SPECIAL CONSIDERATIONS FOR INDIRECT HOLDERS. If you hold debt securities through a bank, broker or other financial institution, either in book-entry form or in street name, we urge you to check with that institution to find out:

- how it handles securities payments and notices,
- whether it imposes fees or charges,
- how it would handle a request for the holders' consent, if ever required,
- whether and how you can instruct it to send you debt securities registered in your own name so you can be a holder, if that is permitted in the future for a particular series of debt securities,
- how it would exercise rights under the debt securities if there were a default or other event triggering the need for holders to act to protect their interests, and
- if the debt securities are in book-entry form, how the depositary's rules and procedures will affect these matters.

GLOBAL SECURITIES

WHAT IS A GLOBAL SECURITY? As noted above, we usually will issue debt securities as registered securities in book-entry form only. A global security represents one or any other number of individual debt securities. Generally, all debt securities represented by the same global securities will have the same terms.

Each debt security issued in book-entry form will be represented by a global security that we deposit with and register in the name of a financial institution or its nominee that we select. The financial institution that we select for this purpose is called the depositary. Unless we specify otherwise in the applicable prospectus supplement, The Depository Trust Company, New York, New York, known as DTC, will be the depositary for all debt securities issued in book-entry form.

A global security may not be transferred to or registered in the name of anyone other than the depositary or its nominee, unless special termination situations arise. We describe those situations below under "Special Situations when a Global Security Will Be Terminated". As a result of these arrangements, the depositary, or its nominee, will be the sole registered owner and holder of all debt securities represented by a global security, and investors will be permitted to own only beneficial interests in a global security. Beneficial

interests must be held by means of an account with a broker, bank or other financial institution that in turn has an account with the depositary or with another institution that has an account with the

depositary. Thus, an investor whose security is represented by a global security will not be a holder of the debt security, but only an indirect holder of a beneficial interest in the global security.

SPECIAL CONSIDERATIONS FOR GLOBAL SECURITIES. As an indirect holder, an investor's rights relating to a global security will be governed by the account rules of the investor's financial institution and of the depositary, as well as general laws relating to securities transfers. The depositary that holds the global security will be considered the holder of the debt securities represented by the global security.

If debt securities are issued only in the form of a global security, an investor should be aware of the following:

- An investor cannot cause the debt securities to be registered in his or her name, and cannot obtain non-global certificates for his or her interest in the debt securities, except in the special situations we describe below.
- An investor will be an indirect holder and must look to his or her own bank or broker for payments on the debt securities and protection of his or her legal rights relating to the debt securities, as we describe under "Holders of Registered Debt Securities" above.
- An investor may not be able to sell interests in the debt securities to some insurance companies and other institutions that are required by law to own their securities in non-book-entry form.
- An investor may not be able to pledge his or her interest in a global security in circumstances where certificates representing the debt securities must be delivered to the lender or other beneficiary of the pledge in order for the pledge to be effective.
- The depositary's policies, which may change from time to time, will govern payments, transfers, exchanges and other matters relating to an investor's interest in a global security. We and the trustee have no responsibility for any aspect of the depositary's actions or for its records of ownership interests in a global security. We and the trustee also do not supervise the depositary in any way.
- DTC requires that those who purchase and sell interests in a global security deposited in its book-entry system use immediately available funds. Your broker or bank may also require you to use immediately available funds when purchasing or selling interests in a global security.
- Financial institutions that participate in the depositary's book-entry system, and through which an investor holds its interest in a global security, may also have their own policies affecting payments, notices and other matters relating to the debt security. There may be more than one financial intermediary in the chain of ownership for an investor. We do not monitor and are not responsible for the actions of any of those intermediaries.

SPECIAL SITUATIONS WHEN A GLOBAL SECURITY WILL BE TERMINATED. In a few special situations described below, a global security will be terminated and interests in it will be exchanged for certificates in non-global form

Edgar Filing: DEERE & CO - Form 424B5

(certificated securities). After that exchange, the choice of whether to hold the certificated debt securities directly or in street name will be up to the investor. Investors must consult their own banks or brokers to find out how to have their interests in a global security transferred on termination to their own names, so that they will be holders. We have described the rights of holders and street name investors under "Holders of Registered Debt Securities" above.

13

The special situations for termination of a global security are as follows:

- if the depositary notifies us that it is unwilling, unable or no longer qualified to continue as depositary for that global security, and we do not appoint another institution to act as depositary within 60 days,
- if we notify the trustee that we wish to terminate that global security, or
- if an event of default has occurred with regard to the debt securities represented by that global security and has not been cured or waived; we discuss defaults later under "Events of Default".

The prospectus supplement may list situations for terminating a global security that would apply only to the particular series of debt securities covered by the prospectus supplement. If a global security is terminated, only the depositary, and not we or the applicable trustee, is responsible for deciding the names of the institutions in whose names the debt securities represented by the global security will be registered and, therefore, who will be the holders of those debt securities.

PAYMENT AND PAYING AGENTS

We will pay interest to the person listed in the applicable trustee's records as the owner of the debt security at the close of business on a particular day in advance of each due date for interest, even if that person no longer owns the debt security on the interest due date. That day, usually about two weeks in advance of the interest due date, is called the "record date". Because we will pay all the interest for an interest period to the holders on the record date, holders buying and selling debt securities must work out between themselves the appropriate purchase price. The most common manner is to adjust the sales price of the debt securities to prorate interest fairly between buyer and seller based on their respective ownership periods within the particular interest period. This prorated interest amount is called "accrued interest".

PAYMENTS ON GLOBAL SECURITIES. We will make payments on a global security in accordance with the applicable policies of the depositary as in effect from time to time. Under those policies, we will make payments directly to the depositary, or its nominee, and not to any indirect holders who own beneficial interests in the global security. An indirect holder's right to those payments will be governed by the rules and practices of the depositary and its participants, as described under "What Is a Global Security?".

PAYMENTS ON CERTIFICATED SECURITIES. We will make payments on a debt security in non-global certificated form as follows. We will pay interest that is due on an interest payment date by check mailed on the interest payment date to the holder at his or her address shown on the trustee's records as of the close of business on the regular record date. We will make all payments of principal and premium, if any, by check at the office of the applicable trustee in New York, NY and/or at other offices that may be specified in the prospectus supplement or in a notice to holders, against surrender of the debt security. All payments by check will be made in next-day funds, that is funds that become

Edgar Filing: DEERE & CO - Form 424B5

available on the day after the check is cashed.

Alternatively, if a certificated security has a face amount of at least \$10,000,000 and the holder asks us to do so, we will pay any amount that becomes due on the debt security by wire transfer of immediately available funds to an account at a bank in New York City, on the due date. To request payment by wire, the holder must give the applicable trustee or other paying agent appropriate transfer instructions at least 15 business days before the requested wire payment is due. In the case of any interest payment due on an interest payment date, the

14

instructions must be given by the person who is the holder on the relevant regular record date. Any wire instructions, once properly given, will remain in effect unless and until new instructions are given in the manner described above.

PAYMENT WHEN OFFICES ARE CLOSED. If any payment is due on a debt security on a day that is not a business day, we will make the payment on the next day that is a business day. Payments postponed to the next business day in this situation will be treated under the indentures as if they were made on the original due date. A postponement of this kind will not result in a default under any debt security or indenture, and no interest will accrue on the postponed amount from the original due date to the next day that is a business day.

BOOK-ENTRY AND OTHER INDIRECT HOLDERS SHOULD CONSULT THEIR BANKS OR BROKERS FOR INFORMATION ON HOW THEY WILL RECEIVE PAYMENTS ON THEIR DEBT SECURITIES.

EVENTS OF DEFAULT

You will have special rights if an Event of Default occurs in respect of the debt securities of your series and is not cured, as described later in this subsection.

WHAT IS AN EVENT OF DEFAULT? The term "Event of Default" in respect of the debt securities of your series means any of the following:

- We do not pay the principal of, or any premium on, a debt security of the series on its due date.
- We do not pay interest or, in the case of the guaranteed debt indenture any additional amounts, on a debt security of the series within 30 days of its due date.
- We do not deposit any sinking fund payment in respect of debt securities of the series on its due date.
- We remain in breach of a covenant in respect of debt securities of the series for 60 days after we receive a written notice of default stating we are in breach. The notice must be sent by either the trustee or holders of 25% of the principal amount of debt securities of the series.
- We file for bankruptcy or certain other events of bankruptcy, insolvency or reorganization occur.
- Any other Event of Default in respect of debt securities of the series described in the prospectus supplement occurs.

Edgar Filing: DEERE & CO - Form 424B5

An Event of Default for a particular series of debt securities does not necessarily constitute an Event of Default for any other series of debt securities issued under the same or any other indenture. The trustee may withhold notice to the holders of debt securities of any default, except in the payment of principal or interest, if it considers the withholding of notice to be in the best interests of the holders.

REMEDIES IF AN EVENT OF DEFAULT OCCURS. If an Event of Default has occurred and has not been cured, the trustee or the holders of 25% in principal amount of the debt securities of the affected series may declare the entire principal amount of all the debt securities of that series to be due and immediately payable. This is called a declaration of acceleration of maturity. A declaration of acceleration of maturity may be canceled by the holders of at least a majority in principal amount of the debt securities of the affected series.

Except in cases of default, where the trustee has some special duties, the trustee is not required to take any action under the applicable indenture at the request of any holders unless the holders offer the trustee reasonable protection from expenses and liability (called an "indemnity"). If reasonable indemnity is provided, the holders of a majority in principal amount of the outstanding debt securities of the relevant series may direct the time, method and place of conducting any lawsuit or other formal legal action seeking any remedy available to the t
