FORM 10-K

PART I

In addition to historical information, this Annual Report on Form 10-K contains "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities and Exchange Act of 1934, as amended, which represent the Company's expectations or beliefs. When used in this report, the words "may," "could," "should," "would," "believe," "anticipate," "estimate," "expect," "intend," "plan" and similar expressions are intended to identify forward-looking statements. These statements by their nature involve substantial risks and uncertainties, certain of which are beyond the Company's control. The Company cautions that various factors, including the factors described in the Company's filings with the Securities and Exchange Commission, as well as general economic conditions, changes in applicable laws and regulations, industry trends, a dependence upon and/or loss of key employees, reliance on union employees and ability to negotiate acceptable collective bargaining agreements with the labor unions, vendors or customers, the loss of strategic product shipping relationships, customer demand, product availability, competition (including pricing and availability), concentrations of credit risks, distribution efficiencies, capacity constraints and technological difficulties could cause actual results or outcomes to differ materially from those expressed in any forward-looking statements of the Company. Any forward-looking statement speaks only as of the date of this report and the Company undertakes no obligation to update any forward-looking statement or statements to reflect events or circumstances after the date on which such statements are made or to reflect the occurrence of an unanticipated event. New factors emerge from time to time, and it is not possible for the Company to predict all of such factors. Further, the Company cannot assess the impact of each such factor on its business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements.

ITEM 1. BUSINESS

Overview

Scherer Healthcare, Inc. (the "Company") was incorporated under the laws of the State of Delaware on December 18, 1981, as the successor to Aloe Creme Laboratories, Inc., incorporated on February 7, 1953. The Company's common stock is listed on The Nasdaq National Market under the symbol "SCHR".

The Company, through its subsidiaries, operates in two business segments. The Company's waste management services segment assists hospitals, clinics, doctors, and other health care facilities with the containment, control, collection and processing of sharp-edged medical waste such as needles, syringes, razors, scissors and scalpels. The consumer healthcare products segment distributes brand name and generic over-the-counter health care products. At March 31, 2002, the following wholly-owned subsidiaries operated within the Company's two business segments:

Waste Management Services Segment:

- (a) BioWaste Systems, Inc., a Georgia corporation.
- (b) Medical Waste Systems, Inc., a Delaware corporation.

Consumer Healthcare Products Segment:

Scherer Laboratories Inc., a Texas corporation.

As used herein, the term "Company" includes Scherer Healthcare, Inc. and, where appropriate, its subsidiaries.

Edgar Filing: SCHERER HEALTHCARE INC - Form 10-K

Set forth below is certain financial information with respect to each of the Company's operating segments.

	Year Ended March 31,		
	2002	2001	2000
Net Sales:			
Waste Management Services Segment	\$ 18,832,000	\$ 17,278,000	\$ 15,435,000
Consumer Healthcare Products Segment	1,566,000	1,460,000	1,353,000
Total	20,398,000	\$ 18,738,000	\$ 16,788,000
Operating Income (Loss):			
Waste Management Services Segment	\$ 1,763,000	\$ 1,712,000	\$ 1,656,000
Consumer Healthcare Products Segment	546,000	507,000	460,000
Corporate	(926,000)	(789,000)	(698,000)
Total	\$ 1,383,000	\$ 1,430,000	\$ 1,418,000
Identifiable Assets:			
Waste Management Services Segment	\$ 13,008,000	\$ 13,201,000	\$ 12,708,000
Consumer Healthcare Products Segment	244,000	236,000	228,000
Corporate (a)	15,874,000	17,592,000	15,774,000
Total	\$ 29,126,000	\$ 31,029,000	\$ 28,680,000
Depreciation Expense:			
Waste Management Services Segment	\$ 1,296,000	\$ 1,228,000	\$ 1,069,000
Consumer Healthcare Products Segment	5,000	2,000	3,000
Corporate	22,000	46,000	45,000
Total	\$ 1,323,000	\$ 1,276,000	\$ 1,117,000
Capital Expenditures:			
Waste Management Services Segment	\$ 841,000	\$ 1,509,000	\$ 1,344,000
Consumer Healthcare Products Segment	0	2,000	3,000
Corporate	4,000	2,000	28,000
Total	\$ 845,000	\$ 1,513,000	\$ 1,375,000

(a) Amount includes net assets of discontinued operations of \$498,000, \$481,000, and \$399,000 for the years ended March 31, 2002, 2001, and 2000, respectively.

The Company recorded interest income at Corporate of \$621,000, \$806,000, and \$738,000 for the years ended March 31, 2002, 2001, and 2000, respectively.

Waste Management Services Segment

Edgar Filing: SCHERER HEALTHCARE INC - Form 10-K

Overview. The Company operates its waste management services segment through Bio Waste Systems, Inc. and Medical Waste Systems, Inc. (collectively, "Bio Systems"). Each of these companies is wholly-owned by the Company.

Services. Bio Systems provides special waste handling and logistical services to hospitals, doctors' offices, clinics and other health care facilities including the biotechnology industry. These services are principally focused on assisting these facilities with the proper containment, control, collection and processing of sharp-edged medical waste or "sharps". Bio Systems provides its services in ten Northeastern and Mid-Atlantic states plus the District of Columbia.

4

The risk of AIDS and other blood borne disease such as hepatitis, coupled with public concerns regarding the safe packaging, transportation and disposal of medical waste, has for many years been mandated by federal, state and local governmental regulatory agencies. Sharps medical waste poses a threat to health care workers and the public because of its potential to transmit disease. Consequently, health care facilities have worked to improve the safety of their sharps waste management systems, however, many have found that an in-house system may not be the most cost effective method for their sharps disposal.

Bio Systems' sharps management programs are designed to reduce a medical facility's costs and risks associated with sharps disposal. Bio Systems incorporates reusable containers of various sizes and designs in its systems, which are installed by Bio Systems' personnel at the locations within a medical facility where sharps are discarded. These reusable containers provide a medical facility with a cost effective and environmentally friendly alternative to traditional disposable plastic containers. Bio Systems' personnel periodically collect and replace the containers at the point of use and then transport the full containers to Bio Systems' processing facility where they are emptied and decontaminated for reuse.

Bio Systems maintains a fleet of licensed trucks and trailers to transport medical waste to its processing facility, where the waste is sterilized, pulverized and made available for recycling or disposal via landfill or incineration. Bio System's medical waste processing operations are located at its processing facility in Farmingdale, New York. Bio Systems uses its facility located near Philadelphia, Pennsylvania to assemble, manage and store its reusable medical waste containers. Bio Systems operates a transfer station in Haverhill, Massachusetts.

Bio Systems also provides medical waste management services designed for medical clinics, physicians' offices and other facilities that generate relatively small quantities of regulated medical waste (small quantity generators). Bio Systems provides these customers with both a reusable container for sharps and a specially designed corrugated box for non-sharp regulated medical waste. This service for small quantity generators includes pick-up, removal and disposal of the medical waste.

Sales and Marketing. Bio Systems markets its services, which are not seasonal and are not subject to backlog, via a direct sales force and supports its programs with experienced account managers and field operations managers. In addition, it has refined its presence on the Internet and plans to use this channel as an additional marketing tool. Bio Systems operates 365 days a year.

Bio Systems' management believes that the trend toward consolidation of hospitals, medical clinics and physicians' offices into managed health care networks provides companies with existing medical facility contracts, such as Bio Systems, an advantage in securing contracts with newly affiliated network members.

Customers. Bio Systems' customers include hospitals, nursing homes, medical clinics, physicians and laboratories. Services to hospitals are typically provided under contracts with a term of at least one year. As of March 31, 2002, Bio Systems had contracts with 303 hospitals, including agreements with the Greater New York Hospital Association, New Jersey Hospital Association, and 17 of the largest hospital networks in the Northeast. Additionally, Bio Systems provides medical services to over 3,500 small quantity generators, including medical clinics, laboratories, and physicians' offices.

No single customer accounted for over 3% of Bio Systems' net sales during the years ended March 31, 2002, 2001, and 2000.

Competition. Bio Systems' principal competition comes from in-house management of sharps wherein the hospital purchases disposable containers from one of several manufacturers, uses hospital personnel to collect and replace containers when full, and disposes of the containers and waste with

5

Edgar Filing: SCHERER HEALTHCARE INC - Form 10-K

on-site equipment or through a third party medical waste hauler. Additionally, Bio Systems has two direct competitors which offer similar full-service programs.

With regard to its small quantity generator services, Bio Systems competes with several national and local medical waste service providers.

Though Bio Systems faces significant competition in its market areas, it believes it has a strong competitive position because of its reusable sharps containers, specialized service infrastructure and strategically located transfer and processing facilities.

Regulation. The medical waste industry is subject to a variety of federal, state and local regulations regarding its collection, transport, processing, and disposal. Bio Systems has obtained licenses or authorizations from the appropriate governmental regulatory agencies to operate its processing and transfer facilities in Farmingdale, New York and Haverhill, Massachusetts.

New regulations are frequently promulgated, compliance with which could have a material adverse effect on Bio Systems' business. Management is not aware of any pending regulations in Bio Systems' market areas that would have such a material adverse effect.

Employees. At March 31, 2002, Bio Systems had 180 employees. Drivers, technicians and processing personnel in New York and drivers and warehouse personnel in Pennsylvania are covered by collective bargaining agreements representing approximately 83% of Bio Systems' employees. Bio Systems entered into a three-year collective bargaining agreement in June 1999 with the union for its New York employees, a three-year agreement in October 1999 with the union for its Pennsylvania employees, and a three-year agreement in August 2001 with a union for its Massachusetts employer. Bio Systems has begun negotiations for the renewal of its collective bargaining agreement with the union for its New York employees.

Consumer Healthcare Products Segment

Overview. In 1981, the Company acquired Scherer Laboratories, Inc. ("Scherer Labs"), a Texas corporation originally incorporated in 1903. Scherer Labs distributes its own brand name, over-the-counter, healthcare products. These products are primarily used for treatment of colds and coughs, eye and ear irritations and insect bites. Scherer Labs' products are manufactured by third party contractors using Scherer Labs' formulas. Scherer Labs carries an inventory sufficient to cover planned sales requirements. Scherer Labs' return policy is consistent with the drug industry, with annual returns during the last three years of less than 1.5% of total annual sales.

Scherer Labs shares office and warehouse space with the Company at the Company's corporate headquarters in Atlanta, Georgia. At March 31, 2002, Scherer Labs had two full-time employees. They work from the Atlanta, Georgia facility and administer all sales, marketing, purchasing, all customer service, warehouse and distribution functions and also perform certain accounting functions, including order processing, accounts receivable, and inventory control. Scherer Labs generates the majority of its sales through office staff, outside consultants, general print advertising and trade shows.

Seasonality. The sales of most of Scherer Labs' products are evenly distributed throughout the year. However, the majority of three of Scherer Labs' products are purchased by consumers during the summer months. As a result of this seasonal activity, approximately 30% of Scherer Labs' sales occur during the first fiscal quarter (April through June) of each fiscal year.

Customers. Scherer Labs markets its products primarily to drug and food stores, mass-market retailers, drug wholesalers, and government agencies. Sales to McKesson HBOC represented approximately 68% of Scherer Labs' total sales in each of the years ended March 31, 2002 and 2001. McKesson HBOC is the primary wholesaler for Wal-Mart, Inc. Wal-Mart accounts for over 80% of McKesson HBOC's purchases from Scherer Labs. The loss of Wal-Mart's business would have a

material adverse effect on Scherer Labs' ability to continue to operate profitably. In the years ended March 31, 2001 and 2000, sales to Albertsons, Inc. represented approximately 10% and 13% of Scherer Labs' total sales, respectively.

Competition. Scherer Labs' products are subject to competition from national, regional, and store brands of similar or identical formulations. Emphasis is placed on Scherer Labs' long history, product quality and pricing at or near the pricing levels of generic products. Marketing activities focus on in-store price specials and other promotional allowances.

Regulation. Scherer Labs' products are regulated by the U.S. Food and Drug Administration. Also, licensing and product registration is required by certain states where product sales occur and are renewed annually. There have been no government inspections of Scherer Labs in

Edgar Filing: SCHERER HEALTHCARE INC - Form 10-K

the last three years and there are no pending matters between Scherer Labs and any federal, state or local governmental regulatory agency.

Discontinued Pharmaceutical Research and Development Segment

Biofor, Inc. ("Biofor"), a majority owned subsidiary of the Company which had been operating the Company's pharmaceutical research and development segment, was engaged in research to identify and develop new drug compounds. In March 1996, Biofor discontinued all operations and the Company abandoned all operations of Biofor.

The remaining property and equipment of Biofor primarily consists of 29 acres of vacant land, a 30,000 square foot building on 5.5 acres of land owned by Biofor, and computer and laboratory equipment. The Company intends to sell the remaining assets of Biofor, which have been written down to their estimated net realistic value, but it anticipates that it may take several years to sell all of the assets.

ITEM 2. PROPERTIES

The Company's major facilities follow:

Waste Management Services Segment:

Bio Waste Systems, Inc.

Farmingdale, New York 17,000 square foot facility leased by Bio Waste Systems, Inc. which includes 3,000 square feet of administrative office space and 14,000 square feet of space housing Bio Systems' medical waste processing operations.

Warminster, Pennsylvania 12,000 square foot office leased by Medical Waste Systems, Inc. as a base of operations for the Mid-Atlantic states.

Medical Waste Systems, Inc.

Haverhill, Massachusetts 4,000 square foot transfer station leased by Medical Waste Systems, Inc.

Consumer Healthcare Products Segment:

Scherer Laboratories, Inc.

Occupies a portion of the 5,300 square feet leased by Corporate in Atlanta, Georgia.

7

Corporate Segment:

Scherer Healthcare, Inc.

Atlanta, Georgia 1,540 square feet of leased office space.

Atlanta, Georgia 5,300 square feet of leased office and warehouse space. The warehouse space is shared with Scherer Laboratories, Inc.

Biofor, Inc.

Waverly, Pennsylvania 29 acres of vacant land and a 30,000 square foot building on 5.5 acres of land owned by Biofor. This property currently is not used and is for sale.

The Company believes the facilities in all locations are adequate for the current and anticipated future level of activities.

ITEM 3. LEGAL PROCEEDINGS

The Company is, from time to time, a party to certain legal proceedings, however, it does not anticipate that any current proceedings will have any material adverse effects on its financial condition or results of operations.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

There were no matters submitted to security holders for vote during the quarter ended March 31, 2002.

ITEM 4A. EXECUTIVE OFFICERS OF THE COMPANY

The names, ages at May 30, 2002, and current positions of the Company's current executive officers and by each person who served as an officer at March 31, 2002, are listed below in accordance with General Instruction G(3) of Form 10-K and Instruction 3 of Item 401(b) of Regulation S-K. Unless otherwise stated, each executive officer has held their position for at least the last five years. All officers are elected for one year terms or until their respective successors are chosen. There are no family relationships among the executive officers nor is there any agreement or understanding between any officer and any other person pursuant to which the officer was elected.

Name and Age	Positions with the Company
Robert P. Scherer, Jr., 69	Director of the Company since 1977; Chairman of the Board of Directors and Chief Executive Officer of the Company since February 1995; President of the Company since May 1998. A director, executive officer and controlling stockholder of RPS Investments, Inc., a privately held investment company, since its formation.
Donald P. Zima, 69	Vice President and Chief Financial Officer since joining the Company on June 26, 2000. Prior to joining the Company, Mr. Zima was Chief Financial Officer of Servidyne Systems, Inc. from April 1999 to June 2000, Chief Financial Officer of Sybra, Inc. from October 1996 to April 1999 and Financial Manager for Atlanta Committee for the Olympic Games from February 1996 to October 1996.

PART II

ITEM 5. MARKET FOR REGISTRANT'S COMMON EQUITY AND RELATED STOCKHOLDER MATTERS

Common Stock

At March 31, 2002, there were approximately 1,900 shareholders of record of the Company's common stock. The Company's common stock is traded on The Nasdaq National Market under the symbol "SCHR". The following table sets forth the high and low closing sale prices per share as reported by Nasdaq for the periods indicated:

	Fiscal 2002		Fiscal 2001	
	High	Low	High	Low
First Quarter	\$ 3.49	\$ 2.75	\$ 4.000	\$ 3.312
Second Quarter	3.35	3.15	4.438	3.188
Third Quarter	4.00	3.10	4.000	3.062
Fourth Quarter	5.05	3.60	4.437	3.375

On May 24, 2002, the closing price of the common stock on The Nasdaq National Market was \$3.70.

Edgar Filing: SCHERER HEALTHCARE INC - Form 10-K

While there are no restrictions to prevent the payment of dividends, the Company has not paid a cash dividend in its history. The current policy of the Company's Board of Directors is to retain any available earnings for use in the operations and expansion of the Company's business. Therefore, the Company has no current intention to pay cash dividends on its common stock. Any future determination to pay cash dividends will be at the discretion of the Board of Directors and will depend upon the Company's earnings, capital requirements, financial condition, the ability of the Company's subsidiaries to pay cash dividends to the Company and any factors deemed relevant by the Board of Directors.

The information required by Item 201(d) of Regulation S-K is included under "Item 12. Security Ownership of Certain Beneficial Owners and Management."

ITEM 6. SELECTED FINANCIAL DATA

The following selected financial data concerning the Company for and as of the end of each of the years in the five year period ended March 31, 2002, are derived from the audited consolidated financial statements of the Company. The selected financial data is qualified in its entirety by the more detailed information and financial statements, including the notes thereto, included elsewhere in this report. The audited consolidated financial statements of the Company as of March 31, 2002 and 2001, and for each of the years in the three year period ended March 31, 2002, and the report of Arthur Andersen LLP thereon, are included elsewhere in this report.

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion contains, in addition to historical information, "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities and Exchange Act of 1934, as amended, which represent the Company's expectations or beliefs. When used in this report, the words "may," "could," "should," "would," "believe," "anticipate," "estimate," "expect," "intend," "plan" and similar expressions are intended to identify forward-looking statements. These statements by their nature involve substantial risks and uncertainties, certain of which are beyond the Company's control. The Company cautions that various factors, including the factors described in the Company's filings with the Securities and Exchange Commission, as well as general economic conditions, changes in

applicable laws and regulations, industry trends, a dependence upon and/or loss of key employees, reliance on union employees and ability to negotiate acceptable collective bargaining agreements with the labor unions, vendors or customers, the loss of strategic product shipping relationships, customer demand, product availability, competition (including pricing and availability), concentrations of credit risks, distribution efficiencies, capacity constraints and technological difficulties could cause actual results or outcomes to differ materially from those expressed in any forward-looking statements of the Company. Any forward-looking statement speaks only as of the date of this report and the Company undertakes no obligation to update any forward-looking statement or statements to reflect events or circumstances after the date on which such statements is made or to reflect the occurrence of an unanticipated event. New factors emerge from time to time, and it is not possible for the Company to predict all of such factors. Further, the Company cannot assess the impact of each such factor on its business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements.

Critical Accounting Policies

Investments

The Company uses the equity method of accounting for companies and other investments in which the Company has significant influence. Generally this represents common stock ownership or convertible rights of at least 20%, and not greater than 50%, of the company in which the Company has the investment and, for investments in limited liability companies, investments of at least 5% of ownership percentages.

The Company had investments in unconsolidated companies, recorded on the equity method of accounting, of \$303,000 and \$3,167,000 as of March 31, 2002 and 2001, respectively. The Company's equity in net losses of unconsolidated companies was \$24,000 and \$667,000 for the years ended March 31, 2002 and 2001, respectively.

The Company performs analysis of the operations and financial position of all investments on a quarterly basis subsequent to its initial investment, including a review of quarterly unaudited financial statements. The Company considers any increase/decrease in the Company's investments to be temporary unless other information related to sale or cessation exist.

Revenue Recognition

The Company records revenue for services provided when the Company has completed the service. The Company records product revenue when products are received by customers or independent distributors. The Company's payment terms are the same for all customers, i.e. 1% discount if paid in 10 days net due in 30 days. The Company does not offer price protection. In accordance with SFAS No. 48, "Revenue Recognition When Right of Return Exists," transactions with customers and distributors qualify as sales at shipment. The Company's return and exchange policy is as follows:

The Company will accept for exchange or credit all merchandise returned in the original and unopened packages within one year after the expiration date;

Merchandise will not be accepted for exchange or credit if purchased at sacrifice, fire or bankruptcy sale, or sold on a non-returnable basis or if deteriorated from causes beyond the Company's control;

Merchandise eligible for return may be exchanged for merchandise of equal value, for a return of the purchase price, or for credit to be applied to future orders;

Exchange merchandise is required to be shipped prepaid by the customer; and

The return of merchandise constitutes an authorization without recourse to the Company to destroy without payment any return items deemed unfit for resale.

New Accounting Pronouncements

Edgar Filing: SCHERER HEALTHCARE INC - Form 10-K

In June 2001, the Financial Accounting Standards Board issued Statements of Financial Accounting Standards No. 141, *Business Combinations*, and No. 142, *Goodwill and Other Intangible Assets*, effective for fiscal years beginning after December 15, 2001. Under the new rules, goodwill and intangible assets deemed to have indefinite lives will no longer be amortized, but will be subject to annual impairment tests in accordance with the Statements. Other intangible assets will continue to be amortized over their useful lives.

The Company will apply the new rules on accounting for goodwill and other intangible assets beginning in the first quarter of fiscal 2003. Application of the nonamortization provisions of the Statement is expected to result in an increase in net income of approximately \$100,000, net of tax effects, for fiscal 2003. Prior to the completion of the second quarter of fiscal 2003, the Company will

11

complete a transitional impairment review for goodwill and indefinite lived intangible assets as of the date of adoption. Subsequently, the Company will perform similar impairment reviews annually. Management does not believe that the adoption of the impairment review provisions of the standard will have a material effect on the Company's financial position or results of operations.

In August 2001, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 144, *Accounting for the Impairment or Disposal of Long-Lived Assets* (FAS 144), which addresses financial accounting and reporting for the impairment or disposal of long-lived assets. FAS 144 supersedes SFAS No. 121, *Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed Of*, and the accounting and reporting provisions of APB Opinion No. 30, *Reporting the Results of Operations for a Disposal of a Segment of a Business*. The Company will adopt FAS 144 as of April 1, 2002 and does not believe that the adoption of FAS 144 will have a material impact on the Company's financial position or results of operations.

Results of Operations

Net Sales and Operating Income (Loss). The following table sets forth the net sales and operating income (loss) for each segment of the Company's business for the last three fiscal years:

	Year Ended March 31,		
	2002	2001	2000
NET SALES:			
Waste Management Services Segment	\$ 18,832,000	\$ 17,278,000	\$ 15,435,000
Consumer Healthcare Products Segment	1,566,000	1,460,000	1,353,000
	20,398,000	\$ 18,738,000	\$ 16,788,000
OPERATING INCOME (LOSS):			
Waste Management Services Segment	\$ 1,763,000	\$ 1,712,000	\$ 1,656,000
Consumer Healthcare Products Segment	546,000	507,000	460,000
Corporate	(926,000)	(789,000)	(698,000)
	\$ 1,383,000	\$ 1,430,000	\$ 1,418,000

Fiscal 2002 vs. Fiscal 2001

The Company's net sales increased by 9% to \$20,398,000 for the year ended March 31, 2002 from \$18,738,000 for the year ended March 31, 2001. The Company's operating income decreased 3% to \$1,383,000 for the year ended March 31, 2002 from \$1,430,000 for the year ended March 31, 2001. The Company's cost of sales increased to 65% of net sales for the year ended March 31, 2002 from 63% of net sales for the year ended March 31, 2001. The Company's selling, general, and administrative expenses decreased to 28% of net sales for the year ended March 31, 2002, from 30% of net sales for the year ended March 31, 2001.

Edgar Filing: SCHERER HEALTHCARE INC - Form 10-K

The results of operations of the Company are dependent upon the results of operations of each of its subsidiaries operating in the individual business segments. Set forth below is a discussion of the results of operations of each of these segments.

Waste Management Services Segment

Net sales in the Company's waste management services segment, which operates through Bio Systems, increased 9% to \$18,832,000 for the year ended March 31, 2002 from \$17,278,000 for the year ended March 31, 2001. The sales growth is primarily due to securing new contracts with additional hospitals and hospital networks for Bio Systems' core business of providing "sharps" (sharp-edged medical waste such as scalpels, syringes, and needles) disposal services which utilize cost effective

12

reusable containers and price increases initiated for contract renewals. Additionally, the industry trend toward the formation of hospital networks and Bio Systems' success in marketing its services to these networks has enhanced Bio Systems' sales and market share.

Bio Systems' operating income increased 3% to \$1,763,000 for the year ended March 31, 2002, from \$1,712,000 for the year ended March 31, 2001. Bio Systems' cost of sales increased to 67% of its net sales for the year ended March 31, 2002, from 65% of net sales for the year ended March 31, 2001. Cost of sales is primarily comprised of: direct labor and related costs and benefits to collect and process waste amounting to 31% of net sales; vehicle and equipment maintenance, repair, capital lease financing, and depreciation amounting to 5% of net sales; waste disposal costs amounting to 12% of net sales; and warehouse expenses amounting to 6% of net sales. Selling, general, and administrative expenses as a percentage of Bio Systems' net sales decreased to 21% for the year ended March 31, 2002, from 25% for the year ended March 31, 2001, primarily related to increasing the workers compensation reserves. Selling, general, and administrative expenses are primarily comprised of: management, administrative and office compensation, related costs and benefits; and utilities, insurance, property taxes, depreciation, bad debt, professional fees, rent, amortization, advertising promotion, travel and miscellaneous other expenses. Starting early in the year ended March 31, 1999 and continuing through the year ended March 31, 2002, Bio Systems has had substantial new hospital activity. Preparing new accounts for service requires, among other things, installation of Bio Systems' reusable containers and sometimes considerable operational follow-up which causes temporary increases in certain costs and expenses with respect to those accounts. Additionally, Bio Systems' operating payroll and transportation costs and expenses have increased due to the addition of personnel and medical waste transportation vehicles needed to service the new hospital accounts.

Consumer Healthcare Products Segment

Net sales for Scherer Labs, which operates in the Company's consumer healthcare products segment, increased 7% to \$1,566,000 for the year ended March 31, 2002 from \$1,460,000 for the year ended March 31, 2001. The increase in Scherer Labs' net sales is due primarily to the following factors: (i) the general increase in the level of business for the year ended March 31, 2002, (ii) extension of the contract with Wal-Mart, and (iii) the addition of CVS Corporation's southeastern stores initially selling just one of Scherer Lab's products.

Scherer Labs' operating income increased to \$546,000 for the year ended March 31, 2002 from \$507,000 for the year ended March 31, 2001. Scherer Labs' cost of sales decreased slightly to 38% of its net sales for the year ended March 31, 2002 from 40% for the year ended March 31, 2001. Cost of sales is primarily comprised of the cost of materials for products the Company distributes and the related shipping expenses. Selling, general, and administrative expenses decreased to 23% of net sales for the year ended March 31, 2002 from 29% for the year ended March 31, 2001. The reduction was primarily due to closing the Texas office. Selling, general, and administrative expenses are primarily comprised of: management, administrative and office compensation, related costs and benefits; and utilities, insurance, property taxes, depreciation, bad debt, professional fees, rent, amortization, advertising promotion, travel and miscellaneous other expenses.

Corporate

The Company's operating expenses at the corporate level increased to \$926,000 for the year ended March 31, 2002 from \$789,000 for the year ended March 31, 2001. Certain administrative, accounting, management oversight, and payroll services are performed by the Company's Corporate office for its subsidiaries. The Corporate operating expenses primarily include the salaries, wages and related benefits of the personnel who perform these functions (including the Company's executive officers), rent expense, professional, accounting and legal fees. Salaries and wages increased from \$361,000 for the year ended March 31, 2001 to \$468,000 for the year ended March 31, 2002. This increase was due

13

Edgar Filing: SCHERER HEALTHCARE INC - Form 10-K

to a full year of employment for two new staff members. Professional, accounting and legal fees increased from \$204,000 for the year ended March 31, 2001 to \$257,000 for the year ended March 31, 2002.

Investments

Following is a discussion of the Company's investments during the year ended March 31, 2002:

MedicareFacts, LLC:

MedicareFacts, LLC ("MedicareFacts") designs and develops reimbursement guides that provide a single source for all coding and coverage information needed to file accurate Medicare claims, thus ensuring optimal reimbursement and compliance with government regulations. These products are used principally by hospitals and clinical laboratories. The Company's investment is in the form of a two-year 10% series B unsecured convertible note in the aggregate principal amount of \$400,000 that matures in October 2002, and which is convertible, at the Company's option, into 18.6% of the outstanding equity of MedicareFacts as of March 31, 2002.

Econometrics, Inc.:

Econometrics, Inc. ("Econometrics") is a database marketing company that manages its own national consumer database of 180 million consumers and links marketers to its national database through the Internet. The Company's investment is in the form of a five-year 8% unsecured convertible debenture in the aggregate principal amount of \$2,000,000 that matures in October 2004, a three-year 10% convertible debenture of \$100,000, plus warrants to purchase common stock, that matures in June 2003, and an 18% promissory note of \$50,000 that matured in April 2001.

Econometrics, Inc. was cash flow deficient and had poor earnings performance; however, it was able to meet its interest payment obligations to the Company through September 30, 2000. During the three months ended March 31, 2001, and continuing into the quarters ended June 30, 2001, and September 30, 2001, Econometrics was negotiating (i) a reverse merger with an independent company that would have reduced the Company's equity interest to 16% and (ii) a potential sale of 100% of Econometrics, including the Company's interests, for \$15 million. These negotiations led to discussions regarding a potential three-way merger transaction with an established advertising agency and a small database compiling company. The overall objective was to merge those two businesses into Econometrics to improve Econometrics' business and prospects and/or to sell Econometrics.

Discussions between Econometrics and these third parties continued through the quarter ended September 30, 2001. However, as a result of the decline in the economy in general and the parties' industry in particular, the business activity of all three parties to the proposed merger deteriorated and the discussions regarding the transaction were terminated.

After the tragic events of September 11, 2001, the Company invested an additional \$25,000 in Econometrics to provide emergency capital. Another investor agreed to invest \$25,000; however, that investor subsequently refused to honor its commitment. As a result, Econometrics was not able to meet its payroll in early October 2001. A number of employees departed and, subsequently, Econometrics' executive officers resigned. Since the end of November 2001, Econometrics has not had any employees and does not conduct any operations. Accordingly, the Company wrote down the investment in the quarter ended September 30, 2001.

Compliance1, Inc.

Compliance1, Inc. ("Compliance1") manages the Health and Safety Information Service, a joint venture with the U.S. Department of Commerce, which facilitates agri-chemical and crop

protection product compliance in cooperation with the U.S. Environmental Protection Agency and state departments of agriculture. Its Internet-based solution consolidates the official up-to-date information needed by online market places to comply with federal, state, and local regulations. The Company's investment is in the form of three-year 10% secured convertible debentures in the aggregate principal amount of \$1,165,000, which mature on various dates during 2003.

Compliance1, Inc. was a start-up enterprise that never had any revenue and attempts to finance future operations were unsuccessful. Compliance1 attempted to negotiate a sale of the company to a third party. However, during the quarter ended September 30, 2001, the Company was notified that all negotiations with potential buyers had ceased and, accordingly, the Company wrote down its investment.

Renaissance Pharmaceuticals, Inc.

The Company has an investment in Renaissance Pharmaceuticals, Inc. ("Renaissance Pharmaceuticals") which is recorded at historical cost under the cost method of accounting. Renaissance Pharmaceuticals, Inc. is a development stage drug delivery company. The Company has a direct investment of \$622,000 in Renaissance Pharmaceuticals for 2.5% of the outstanding common stock as of March 31, 2001. During the quarter ending December 31, 2000, the Company recorded an impairment charge of \$380,000 against its investment in Renaissance Pharmaceuticals due to a revised valuation by the management of Renaissance Pharmaceuticals, Inc. in connection with convertible preferred stock offering by Renaissance Pharmaceuticals.

During the year ended March 31, 2002, the Company received notice that Renaissance Pharmaceuticals was having cash flow problems and would not be able to continue without additional equity contributions. Management believes that there is no future benefit in contributing cash to Renaissance Pharmaceuticals and wrote down the remaining investment in the approximate amount of \$242,000.

Due to the recent difficult economic conditions affecting Econometrics, Compliance1 and Renaissance Pharmaceuticals resulting in the inability to generate sufficient cash flow and the amount of liabilities ranking ahead of the Company's investment in these entities, the Company has concluded that the decrease in value of its total investment in Econometrics, Compliance1 and Renaissance Pharmaceuticals is other than temporary and has written down the respective investments to zero. Accordingly, the Company recorded impairment charges of \$3,129,000 in the quarter ended September 20, 2001, and \$242,000 in the quarter ended March 31, 2002.

Fiscal 2001 vs. Fiscal 2000

The Company's net sales increased by 12% to \$18,738,000 for the year ended March 31, 2001 from \$16,788,000 for the year ended March 31, 2000. The Company's operating income increased 1% to \$1,430,000 for the year ended March 31, 2001 from \$1,418,000 for the year ended March 31, 2000. The Company's cost of sales increased to 63% of net sales for the year ended March 31, 2001 from 61% of net sales for the year ended March 31, 2000. The Company's selling, general, and administrative expenses increased to 30% of net sales for the year ended March 31, 2001, from 29% of net sales for the year ended March 31, 2000.

The results of operations of the Company are dependent upon the results of operations of each of its subsidiaries operating in the individual business segments. Set forth below is a discussion of the results of operations of each of these segments.

Waste Management Services Segment

Net sales in the Company's waste management services segment, which operates through Bio Systems, increased 12% to \$17,278,000 for the year ended March 31, 2001 from \$15,435,000 for the

year ended March 31, 2000. The sales growth is primarily due to securing new hospital contracts for Bio Systems' core business of providing "sharps" (sharp-edged medical waste such as scalpels, syringes, and needles) disposal services which utilize cost effective reusable containers and price increases initiated for contract renewals. Additionally, the industry trend toward the formation of hospital networks and Bio Systems' success in marketing its services to these networks has enhanced Bio Systems' sales and market share growth.

Bio Systems' operating income increased 3% to \$1,712,000 for the year ended March 31, 2001, from \$1,656,000 for the year ended March 31, 2000. Bio Systems' cost of sales increased to 65% of its net sales for the year ended March 31, 2001, from 63% of net sales for the year ended March 31, 2000. Cost of sales is primarily comprised of: direct labor and related costs and benefits to collect and process waste amounting to 31% of net sales; vehicle and equipment maintenance, repair, capital lease financing, and depreciation amounting to 5% of net sales; waste disposal costs amounting to 12% of net sales; and warehouse expenses amounting to 6% of net sales. Selling, general, and administrative expenses as a percentage of Bio Systems' net sales increased to 25% for the year ended March 31, 2001, from 24% for the year ended March 31, 2000. Selling, general, and administrative expenses are primarily comprised of: management, administrative and office compensation, related costs and benefits; and utilities, insurance, property taxes, depreciation, bad debt, professional fees, rent, amortization, advertising promotion, travel and miscellaneous other expenses. Starting early in the year ended March 31, 1999 and continuing through the year ended March 31, 2001, Bio Systems has had substantial new hospital activity. Preparing new accounts for service requires, among other things, installation of Bio Systems' reusable containers and sometimes considerable operational follow-up which causes temporary increases in certain costs and expenses with respect to those accounts. Additionally, Bio Systems' operating payroll and transportation costs and expenses have increased due to the addition of personnel and medical waste transportation vehicles needed to service the new hospital accounts.

Consumer Healthcare Products Segment

Net sales for Scherer Labs, which operates in the Company's consumer healthcare products segment, increased 8% to \$1,460,000 for the year ended March 31, 2001 from \$1,353,000 for the year ended March 31, 2000. The increase in Scherer Labs' net sales is due primarily to the following factors: (i) the general increase in the level of business for the year ended March 31, 2001, (ii) extension of the contract with Wal-Mart, and (iii) the addition of CVS Corporation's southeastern stores initially selling just one of Scherer Lab's products.

Scherer Labs' operating income increased to \$507,000 for the year ended March 31, 2001 from \$460,000 for the year ended March 31, 2000. Scherer Labs' cost of sales increased slightly to 40% of its net sales for the year ended March 31, 2001 from 39% for the year ended March 31, 2000. Cost of sales is primarily comprised of the cost of materials for products the Company distributes and the related shipping expenses. Selling, general, and administrative expenses increased to 29% of net sales for the year ended March 31, 2001 from 27% for the year ended March 31, 2000. Selling, general, and administrative expenses are primarily comprised of: management, administrative and office compensation, related costs and benefits; and utilities, insurance, property taxes, depreciation, bad debt, professional fees, rent, amortization, advertising promotion, travel and miscellaneous other expenses.

Corporate

The Company's operating expenses at the corporate level increased to \$789,000 for the year ended March 31, 2001 from \$698,000 for the year ended March 31, 2000. Certain administrative, accounting, management oversight, and payroll services are performed by the Company's Corporate office for its subsidiaries. The Corporate operating expenses primarily include the salaries, wages and related benefits of the personnel who perform these functions (including the Company's executive officers),

16

rent expense, professional, accounting and legal fees. Salaries and wages decreased from \$440,000 for the year ended March 31, 2000 to \$361,000 for the year ended March 31, 2001. This decrease was partially due to one fewer employee and offset by the increase of \$34,000 for outside clerical services. The Company did not incur any lawsuit settlement expenses in the year ended March 31, 2001 versus \$298,000 for the year ended March 31, 2000, \$255,00 of which was accounted for in Bio Systems. Professional, accounting and legal fees increased from \$113,000 for the year ended March 31, 2000 to \$204,000 for the year ended March 31, 2001.

Other Income (Expense). The Company recorded interest income of \$621,000, \$806,000, and \$738,000 in the years ending March 31, 2002, 2001, and 2000, respectively. The increase in interest income is a result of the investment of the Company's cash, principally in marketable securities.

During the year ended March 31, 2002, the Company recognized equity in net losses of unconsolidated companies of \$24,000, relating to its equity method investments in MedicareFacts, LLC, Econometrics, Inc. and Compliance1, Inc. The Company also recognized a \$3,371,000 of impairment charges for the balance of its investments in Econometrics, Inc., Compliance1, Inc. and Renaissance Pharmaceuticals, Inc. (see Note 3 of Notes to Consolidation Financial Statement included elsewhere herein).

Income Taxes. The Company recorded an income tax provision (benefit) of \$616,000, \$(532,000), and \$202,000 for the years ending March 31, 2002, 2001 and 2000, respectively. For the year ended March 31, 2002, based on its recent earnings history and uncertainty related to certain taxable items, an asset valuation allowance of \$1,281,000 was established versus no valuation for the year ended March 31, 2001. This, combined with \$445,000 of other taxes, net, resulted in the \$616,000 of income tax expense at March 31, 2002. For the year ended March 31, 2001, and in prior years, the Company utilized tax loss carryforwards to offset taxable income.

Quarterly Results of Operations

The following table presents certain unaudited quarterly statement of operations data for each of the last 12 quarters through the quarter ended March 31, 2002. The information has been derived from the Company's unaudited consolidated financial statements. In the opinion of management, the unaudited financial statements have been prepared on a basis consistent with the financial statements which appear elsewhere in this Form 10-K and include all adjustments, consisting only of normal recurring adjustments, necessary for a fair statement of the financial position and results of operations for such unaudited periods. Historical results are not necessarily indicative of results to be expected in the future.

Liquidity and Capital Resources

The Company's cash and cash equivalents totaled \$5,561,000 at March 31, 2002, an increase of \$1,163,000 from \$4,398,000 at March 31, 2001. Since March 31, 2000, the Company has made additional investments of \$150,000 in fiscal year 2001 and \$112,000 in fiscal year 2002 in Econometrics, Inc. and \$1,115,000 in fiscal year 2001 in Compliance1 Inc. In October 2000, the Company made an investment of \$400,000 in MedicareFacts, LLC. Also, since March 31, 2001, the Company has sold \$467,000 of marketable securities which increased cash and cash equivalents. The Company's working capital increased to \$8,155,000 at March 31, 2002, from \$7,096,000 at March 31, 2001. This increase was primarily for the reasons described below and the result of investment transactions described above.

Cash Flows from Operating Activities.

The Company's cash provided by operating activities from continuing operations totaled \$3,692,000 for the year ended March 31, 2002, as compared to \$3,040,000 for the year ended March 31, 2001. The increase at March 31, 2002, is primarily due to increased sales of \$1,660,000 at Bio Systems and Scherer Labs.

18

Cash Flows from Investing and Financing Activities.

The Company's investing activities used cash of \$2,205,000, \$596,000 and \$5,614,000 for the years ending March 31, 2002, 2001 and 2000, respectively. During the year ended March 31, 2002, the Company received proceeds of \$467,000 from the sale of its investments in marketable securities versus the year ended March 31, 2001, when the Company received proceeds of \$2,743,000 from the sale of investments in marketable securities. The Company's marketable securities are composed of municipal bonds and corporate bonds and mature over periods ranging from 2 years to 29 years (see Note 3 of the Notes to Consolidated Financial Statements included elsewhere herein).

During the year ended March 31, 2002, the Company made additional investments in unconsolidated companies, accounted for using the equity method, of \$112,000 in Econometrics, Inc. During the year ended March 31, 2001, the Company made cash investments of \$150,000 in Econometrics, Inc., \$1,115,000 in Compliance1, Inc. and \$400,000 in MedicareFacts, LLC. (See Note 3 of Notes to Condensed Consolidated Financial Statements included elsewhere herein).

As a result of the growth in business, Bio Systems made capital expenditures for vehicles, equipment, and containers of \$841,000, \$1,509,000, and \$1,344,000 in the years ending March 31, 2002, 2001, and 2000, respectively.

Cash (used in) provided by the Company's financing activities was \$(307,000) and \$265,000 for the years ended March 31, 2002, and 2001, respectively, caused by (repayment) capital lease financing of new vehicles. Cash flows used in financing activities was \$93,000 in the year ending March 31, 2000, when the Company paid off certain capital leases and purchased treasury shares.

Management of the Company believes that its current cash on hand and its current cash flow is sufficient to maintain operations on a short-term and long-term basis. The Company continues to evaluate its long-term options with regard to the use of its remaining cash on hand including possible investment and acquisition opportunities.

ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

None.

ITEM 8. FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA

The financial statements of the Company are set forth on pages F-1 through F-21 of this report.

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

None.

PART III

Edgar Filing: SCHERER HEALTHCARE INC - Form 10-K

Certain information required by Part III is omitted from this report but is incorporated herein by reference to the Company's definitive Proxy Statement for the 2002 Annual Meeting of Shareholders (the "Proxy Statement"). Such Proxy Statement will be filed with the Securities and Exchange Commission not later than 120 days after March 31, 2002.

ITEM 10. DIRECTORS AND EXECUTIVE OFFICERS OF REGISTRANT

In accordance with General Instruction G(3) of the Form 10-K, the information relating to the directors of the Company, including directors who are executive officers of the Company, is set forth under the caption "Election of Directors" in the Proxy Statement and is incorporated herein by reference. Pursuant to Instruction 3 of Item 401(b) of Regulation S-K and General Instruction G(3) of Form 10-K, information relating to the executive officers of the Company is set forth under the caption "Executive Officers of the Company" in Part I, Item 4A of this report. Compliance with Section 16(a) of the Securities Exchange Act of 1934: Section 16(a) of the Securities Exchange of 1934, as amended, and regulations of the Securities and Exchange Commission thereunder require the Company's directors and executive officers and any persons who own more than 10% of the Company's common stock, as well as certain affiliates of such persons, to file reports with the Securities and Exchange Commission and the National Association of Securities Dealers, Inc. with respect to their ownership of the Company's common stock. Directors, executive officers and persons owning more than 10% of the Company's common stock are required by Securities and Exchange Commission regulations to furnish the Company with copies of all Section 16(a) reports they file. Based solely on its review of the copies of such reports received by it and written representations that no other reports were required of those persons, the Company believes that during the year ended March 31, 2002, all filing requirements applicable to its directors and executive officers were complied with in a timely manner except that Donald P. Zima and Joel M. Segal filed late Form 3's. The Company is not aware of any other persons other than directors and executive officers and their affiliates who own more than 10% of the Company's common stock.

ITEM 11. EXECUTIVE COMPENSATION

In accordance with General Instruction G(3) of Form 10-K, the information relating to executive compensation set forth under the caption "Compensation of Executive Officers" in the Proxy Statement is incorporated herein by reference; provided, such incorporation by reference shall not be deemed to include or incorporate by reference the information referred to in Item 402 (a)(8) of Regulation S-K.

ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

In accordance with General Instruction G(3) of Form 10-K, the information relating to security ownership by certain persons set forth under the captions "Principal Stockholders" and "Election of Directors" in the Proxy Statement is incorporated herein by reference.

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights	Weighted average exercise price of outstanding options, warrants and rights	Number of securities remaining available for future issuance under equity compensation plans, warrants and rights
Equity compensation plans approved by security holders	445,000	\$ 3.86	505,000
Equity compensation plans not approved by securityholders			
Total	445,000	\$ 3.86	505,000

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

In accordance with General Instruction G(3) of Form 10-K, the information relating to certain relationships and related transactions set forth under the caption "Related Party Transactions" in the Proxy Statement is incorporated herein by reference.

PART IV

ITEM 14. EXHIBITS, FINANCIAL STATEMENTS, SCHEDULES AND REPORTS ON FORM 8-K

(a) Documents Filed as Part of this Report:

(1) Financial Statements.

The financial statements of the Company and the related report of independent accountants thereon are set forth immediately following the Index to Financial Statements and Financial Statement Schedule which appears on page F-1 of this report.

(2) Financial Statement Schedule.

The financial statement schedule is on page S-1 of this report. All other schedules for which provision is made in the applicable accounting regulations of the Securities and Exchange Commission have been omitted because such schedules are not required under the related instructions or are not applicable or because the information required is included in the consolidated financial statements or notes thereto.

(3) Exhibits.

The following exhibits are filed with or incorporated by reference in this report. Where filing is made by incorporation by reference to a previously filed registration statement or report, such registration statement or report is identified in parenthesis. The Company will furnish any exhibit upon request to Debra A. Poston, Secretary, Scherer Healthcare, Inc., 120 Interstate North Parkway, S.E., Suite 305, Atlanta, Georgia 30339. There is a charge of \$.50 per page to cover expenses for copying and mailing.

3.1 Certificate of Incorporation of the Company, as amended (Exhibit 3.1 to the Company's Annual Report on Form 10-K for the fiscal year ended March 31, 1994).

3.2 By-Laws of the Company (Exhibit 3.2 to the Company's Annual Report on Form 10-K for the fiscal year ended March 31, 1994).

4 Certificate of Designation, Preferences and Rights of Preferred Stock by Resolution of the Board of Directors Providing for an Issue of 7,000 Shares of Preferred Stock Designated "Series A" Cumulative Convertible Preferred Stock (Exhibit 4 to the Company's Annual Report on Form 10-K for the fiscal year ended March 31, 1994).

10.1(a) Property Lease between Bio Systems Partners and Flushing Operating Corp. for 210 Sherwood Avenue, Farmingdale, New York, and Addendum (Exhibit 10.2 to the Company's Annual Report on Form 10-K for the fiscal year ended March 31, 1994).

(b) Property Lease between Bio Systems Partners and Owners of 210 Sherwood Avenue for 210 Sherwood Avenue, Farmingdale, New York (Exhibit 10 to the Company's Quarterly Report on Form 10-Q for the quarter ended June 30, 1999).

10.2 Property Lease between Med X Services of PA, Inc. and successors and Mark Hankin and Hamnar Associates XVII for 380 Constance Drive, Warminster, Pennsylvania, and Addendum (Exhibit 10.4 to the Company's Annual Report on Form 10-K for the fiscal year ended March 31, 1994).

10.3 10% Convertible Promissory Note dated April 5, 2000, by and between Compliance1, Inc., a Delaware corporation, and Scherer Healthcare, Inc., a Delaware corporation (Exhibit 10.1 to the Company's amended Quarterly Report on Form 10-Q/A for the period ended September 31, 2000).

21

10.4 Subscription Agreement dated April 5, 2000, by and between Compliance1, Inc., a Delaware corporation, and Scherer Healthcare, Inc., a Delaware corporation (Exhibit 10.3 to the Company's amended Quarterly Report on Form 10-Q/A for the period ended September 30, 2000).

10.5 10% Convertible Promissory Note dated July 1, 2000, by and between Compliance1, Inc., a Delaware corporation, and Scherer Healthcare, Inc., a Delaware corporation (Exhibit 10.2 to the Company's amended Quarterly Report on Form 10-Q/A for the period ended September 30, 2000).

10.6 10% Series B Convertible Promissory Note dated October 15, 2000, by and between MedicareFacts, LLC, a Delaware LLC, and Scherer Healthcare, Inc. a Delaware corporation (Exhibit 10.1 to the Company's Quarterly Report on Form 10-Q for the quarter ended

Edgar Filing: SCHERER HEALTHCARE INC - Form 10-K

December 31, 2000).

10.7 Subscription Agreement dated October 15, 2000, by and between MedicareFacts, LLC, a Delaware LLC, and Scherer Healthcare, Inc., a Delaware corporation (Exhibit 10.2 to the Company's Quarterly Report on Form 10-Q for the quarter ended December 31, 2000).

21 Subsidiaries of Registrant filed herewith.

23 Consent of Arthur Andersen LLP filed herewith.

99 Letter from Scherer Healthcare, Inc. to the SEC regarding Arthur Andersen LLP filed herewith.

(b) Reports on Form 8-K.

The following Current Reports on form 8-K were filed by the Company for the year ended March 31, 2002:

None

22

SIGNATURES

Pursuant to the requirements of Section 13 or 15(d) of the Securities Exchange Act of 1934, the Registrant has duly caused this Report to be signed on its behalf by the undersigned, thereunto duly authorized on May 29, 2002.

SCHERER HEALTHCARE, INC.

By: /s/ ROBERT P. SCHERER, JR.

Robert P. Scherer, Jr.

Chairman, Chief Executive Officer and President

KNOW ALL MEN BY THESE PRESENTS, that the undersigned constitutes and appoints Robert P. Scherer, Jr. and Donald P. Zima, and each of them, his true and lawful attorneys-in-fact and agents, with full power of substitution, for him and in his name, place and stead, in any and all capacities, to sign the Annual Report on Form 10-K of Scherer Healthcare, Inc. for the fiscal year ended March 31, 2002, and any and all amendments thereto, and to file the same, with all exhibits thereto and other documents in connection therewith, with the Securities and Exchange Commission and the National Association of Securities Dealers, Inc., granting unto said attorneys-in-fact and agents, and each of them, full power and authority to do and perform each and every act and thing requisite or necessary to be done, as fully to all intents and purposes as he might or could do in person, hereby ratifying and confirming all that said attorneys-in-fact and agents or any of them, or their or his or her substitute or substitutes, may lawfully do or cause to be done by virtue hereof.

Pursuant to the requirements of the Securities Exchange Act of 1934, this Report has been signed below by the following persons on behalf of the Registrant and in the capacities indicated on May 29, 2002.

Notes to Consolidated Financial Statements	F-7
The following financial statement schedule of the Registrant and its subsidiaries is submitted herewith in response to Item 14(a)(2):	
Schedule II Valuation and Qualifying Accounts	S-1

F-1

REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS

To Scherer Healthcare, Inc.:

We have audited the accompanying consolidated balance sheets of **SCHERER HEALTHCARE, INC.** (a Delaware corporation) **AND SUBSIDIARIES** as of March 31, 2002 and 2001, and the related consolidated statements of operations, stockholders' equity, and cash flows for each of the three years in the period ended March 31, 2002. These consolidated financial statements and the schedule referred to below are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements and the schedule based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Edgar Filing: SCHERER HEALTHCARE INC - Form 10-K

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Scherer Healthcare, Inc. and subsidiaries as of March 31, 2002 and 2001, and the results of their operations and their cash flows for each of the three years in the period ended March 31, 2002, in conformity with accounting principles generally accepted in the United States.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The schedule listed in the index of financial statements and financial statement schedule is presented for purposes of complying with the Securities and Exchange Commission's rules and is not part of the basic financial statements. This information has been subjected to the auditing procedures applied in our audits of the basic financial statements and, in our opinion, is fairly stated, in all material respects in relation to the basic financial statements taken as a whole.

/s/ Arthur Andersen LLP

Atlanta, Georgia

SCHERER HEALTHCARE, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

MARCH 31, 2002, 2001, AND 2000

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND PRINCIPLES OF CONSOLIDATION**Basis of Presentation**

The accompanying consolidated financial statements include the accounts of the parent company, Scherer Healthcare, Inc., and its subsidiaries (the "Company" or "Scherer Healthcare"). All significant intercompany accounts and transactions have been eliminated in consolidation.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Certain prior year amounts have been reclassified to conform with the current year presentation.

Cash Equivalents

The Company considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

Fair Value of Financial Instruments

As of March 31, 2002 and 2001, the carrying value of financial instruments such as cash, short-term investments, trade receivables and payables and short-term debt approximated their fair values based on the short-term maturities of these instruments. Additionally, the carrying value of both long-term investments and long-term debt approximated fair values.

Inventories

Inventories are stated at the lower of cost or market, using the first-in, first-out ("FIFO") method.

During the fourth quarter of 2001, the Company changed its method of determining the cost of inventories from the last-in, first-out ("LIFO") method to the FIFO method, as it represented a more accurate methodology for costing inventory. The change in accounting principle increased net income by \$31,000 and is included in the accompanying consolidated statements of operations for the year ended March 31, 2001.

	As of March 31,	
	2002	2001
Finished products	\$ 53,000	\$ 65,000
Containers, packaging, and raw material	363,000	268,000
Total	\$ 416,000	\$ 333,000

F-7

Property and Equipment

Property and equipment is stated at cost, and depreciation is computed using the straight-line method over the estimated useful lives of the assets as follows: automobiles and trucks 5 years, leasehold improvements 3-31 years, and furniture, fixtures, equipment and containers 3-10 years.

	As of March 31,	
	2002	2001
Automobiles and trucks	\$ 2,628,000	\$ 2,246,000

Edgar Filing: SCHERER HEALTHCARE INC - Form 10-K

	As of March 31,	
	2002	2001
Leasehold improvements	967,000	964,000
Furniture, fixtures, equipment and containers	6,415,000	6,077,000
	<u> </u>	<u> </u>
Total	\$ 10,010,000	\$ 9,287,000
	<u> </u>	<u> </u>

Depreciation expense for the years ending March 31, 2002, 2001, and 2000 was \$1,323,000, \$1,276,000, and \$1,117,000, respectively.

Intangible Assets

Intangible assets include the cost in excess of net assets acquired ("goodwill") as well as various other intangibles. Intangible assets are amortized over the following estimated useful lives:

	Years
	<u> </u>
Goodwill	30
Permit acquisition costs	1-5

Marketable Securities

The Company determines the appropriate classification of its marketable securities at the time of purchase and reevaluates such designation at each balance sheet date. The Company's marketable securities are categorized as available-for-sale securities, as defined by SFAS No. 115, "Accounting for Certain Investments in Debt and Equity Securities," and are carried at fair market value, with unrealized holding gains and losses reported in stockholders' equity (see Note 3).

Income Taxes

The Company uses the liability method to account for income taxes (see Note 9).

Revenue Recognition

Revenue for services provided is recorded when the Company has completed the service. Product revenue is recorded by the Company when products are received by customers or independent distributors. The Company's payment terms for product sales are the same for all customers, i.e. 1% discount if paid in 10 days, net due in 30 days. The Company does not offer price protection. In accordance with SFAS No. 48, "Revenue Recognition When Right of Return Exists," transactions with

F-8

customers and distributors qualify as sales at delivery. The Company's return and exchange policy is as follows:

The Company will accept for exchange or credit all merchandise returned in the original and unopened packages within one year after the expiration date;

Merchandise will not be accepted for exchange or credit if purchased at sacrifice, fire or bankruptcy sale, or sold on a non-returnable basis or if deteriorated from causes beyond the Company's control;

Merchandise eligible for return may be exchanged for merchandise of equal value, for a return of the purchase price, or for credit to be applied to future orders;

Exchange merchandise is required to be shipped prepaid by the customer; and

Edgar Filing: SCHERER HEALTHCARE INC - Form 10-K

The return of merchandise constitutes an authorization without recourse to the Company to destroy without payment any return items deemed unfit for resale.

The Company's returns for the years ending March 31, 2002, 2001, and 2000 were \$10,000, \$8,000, and \$9,000, respectively. The Company's policy is to reduce sales and cost of goods sold when merchandise is returned.

Cost of Sales

Cost of sales includes the cost of product sales attributed to the Consumer Healthcare Products Segment and the cost of services associated with the Waste Management Services Segment which includes salaries and benefits costs, transportation and overhead costs.

Unearned Revenue

Unearned revenue includes the liability for advance billings to customers for contractual services billed on the first day of monthly billing periods.

Long-Lived Assets

The Company reviews its long-lived assets, such as property and equipment and intangible assets, including goodwill, for impairment at each balance sheet date or whenever events or changes in circumstances indicate that the carrying amount of an asset should be assessed. Management evaluates the intangible assets related to each acquisition individually to determine whether impairment has occurred. When factors indicate that long-lived assets and intangible assets should be evaluated for possible impairment, the Company will use an estimate of undiscounted cash flows over the remaining life of the asset in measuring whether the asset is recoverable. Management believes the Company's long-lived assets and intangible assets are appropriately valued in the consolidated balance sheets as of March 31, 2002 and 2001.

F-9

Insurance/Self-Insurance

The Company uses a combination of insurance and self-insurance for a number of risks including workers' compensation, general liability, vehicle liability and employee related health care benefits, a portion of which is paid by the employees. Liabilities associated with these risks are estimated in part by considering historical claims experience, demographic factors, severity factors and other actuarial assumptions.

Net Income Per Common Share

Basic net income per common share is computed by dividing income available to common shareholders by the weighted average number of common shares outstanding for the period. Diluted net income per common share reflects the potential dilution that could occur if securities or other contracts to issue common shares were exercised or converted into common shares.

For the year ended March 31, 2002, the Company reported a loss and has not calculated dilutive weighted average common shares as the dilutive securities are anti-dilutive. The following is a reconciliation of the Company's basic weighted average common shares outstanding to diluted weighted average common shares outstanding for the years ending March 31, 2001 and 2000.

	<u>2001</u>	<u>2000</u>
Weighted average common shares outstanding basic	4,321,367	4,336,383
Dilutive potential common shares, weighted:		
Conversion of preferred stock to common stock	96,127	98,287
Dilutive stock options, net	124,778	113,623
	<u>4,542,272</u>	<u>4,548,293</u>
Anti-dilutive options not included	50,000	129,800

	2001	2000
	<u> </u>	<u> </u>
	<u> </u>	<u> </u>

New Accounting Pronouncements

In June 2001, the Financial Accounting Standards Board issued Statements of Financial Accounting Standards No. 141, *Business Combinations*, and No. 142, *Goodwill and Other Intangible Assets*, effective for fiscal years beginning after December 15, 2001. Under the new rules, goodwill and intangible assets deemed to have indefinite lives will no longer be amortized, but will be subject to annual impairment tests in accordance with the Statements. Other intangible assets will continue to be amortized over their useful lives.

The Company will apply the new rules on accounting for goodwill and other intangible assets beginning in the first quarter of fiscal 2003. Application of the nonamortization provisions of the Statement is expected to result in an increase in net income of approximately \$100,000, net of tax effects, for fiscal 2003. Prior to the completion of the second quarter of fiscal 2003, the Company will complete a transitional impairment review for goodwill and indefinite lived intangible assets as of the date of adoption. Subsequently, the Company will perform similar impairment reviews annually.

F-10

Management does not believe that the adoption of the impairment review provisions of the standard will have a material effect on the Company's financial position or results of operations.

In August 2001, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 144, *Accounting for the Impairment or Disposal of Long-Lived Assets* (FAS 144), which addresses financial accounting and reporting for the impairment or disposal of long-lived assets. FAS 144 supersedes SFAS No. 121, *Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed Of*, and the accounting and reporting provisions of APB Opinion No. 30, *Reporting the Results of Operations for a Disposal of a Segment of a Business*. The Company will adopt FAS 144 as of April 1, 2002 and does not believe that the adoption of FAS 144 will have a material impact on the Company's financial position or results of operations.

NOTE 2. SEGMENT INFORMATION

The Company operates in two business segments. The Company's waste management services segment assists hospitals, clinics, doctors' offices, and other health care facilities with the containment, control, collection, and processing of sharp-edged medical waste such as needles, syringes, razors, scissors, and scalpels. The consumer healthcare products segment distributes brand name and generic over-the-counter health care products. The Company also has a corporate segment, which has no operations.

F-11

The accounting policies of the business segments are the same as those described in the summary of significant accounting policies (see Note 1). Summarized financial data by business segment as of and for the years ending March 31, 2002, 2001, and 2000 are as follows.

	Year Ended March 31,		
	2002	2001	2000
Net Sales:			
Waste Management Services Segment	\$ 18,832,000	\$ 17,278,000	\$ 15,435,000
Consumer Healthcare Products Segment	1,566,000	1,460,000	1,353,000
Total	20,398,000	\$ 18,738,000	\$ 16,788,000

Edgar Filing: SCHERER HEALTHCARE INC - Form 10-K

Year Ended March 31,

Operating Income (Loss):			
Waste Management Services Segment	\$ 1,763,000	\$ 1,712,000	\$ 1,656,000
Consumer Healthcare Products Segment	546,000	507,000	460,000
Corporate	(926,000)	(789,000)	(698,000)
Total	\$ 1,383,000	\$ 1,430,000	\$ 1,418,000
Identifiable Assets:			
Waste Management Services Segment	\$ 13,008,000	\$ 13,201,000	\$ 12,708,000
Consumer Healthcare Products Segment	244,000	236,000	228,000
Corporate (a)	15,874,000	17,592,000	15,744,000
Total	\$ 29,126,000	\$ 31,029,000	\$ 28,680,000
Depreciation Expense:			
Waste Management Services Segment	\$ 1,296,000	\$ 1,228,000	\$ 1,069,000
Consumer Healthcare Products Segment	5,000	2,000	3,000
Corporate	22,000	46,000	45,000
Total	\$ 1,323,000	\$ 1,276,000	\$ 1,117,000
Capital Expenditures:			
Waste Management Services Segment	\$ 841,000	\$ 1,509,000	\$ 1,344,000
Consumer Healthcare Products Segment	0	2,000	3,000
Corporate	4,000	2,000	28,000
Total	\$ 845,000	\$ 1,513,000	\$ 1,375,000

(a) Amount includes net assets of discontinued operations of \$498,000, \$481,000, and \$399,000 as of March 31, 2002, 2001, and 2000, respectively (see Note 10).

The Company recorded interest income of \$621,000, \$806,000, and \$738,000 for the years ending March 31, 2002, 2001, and 2000, respectively, primarily related to interest-bearing investments carried at market value. The Company records interest income at the Corporate level.

F-12

Waste Management Services Segment

The Company operates its medical waste management services segment through its wholly-owned subsidiaries, BioWaste Systems, Inc., and Medical Waste Systems, Inc. (collectively, "Bio Systems"). Bio Systems has developed and implemented a system to manage and to dispose of certain infectious waste from hospitals and medical facilities primarily injectables and other sharp-edged waste. Bio Systems operates in ten Northeastern and Mid-Atlantic States, plus the District of Columbia.

Consumer Healthcare Products Segment

Edgar Filing: SCHERER HEALTHCARE INC - Form 10-K

Scherer Laboratories, Inc. ("Scherer Labs"), a 100% owned subsidiary of the Company, distributes its own brand name over-the-counter ("OTC") healthcare products. The OTC products are principally products used for treatment of colds and coughs, eye and ear irritations and insect bites. In the years ended March 31, 2002, 2001 and 2000, Scherer Labs had one customer who accounted for 68% of sales for each year.

Scherer Labs markets its products primarily to drug and food stores, mass market retailers, drug wholesalers, and government agencies. The majority of the sales are through retailers in the southwest region of the United States.

NOTE 3. INVESTMENTS

The Company has the following investments as of March 31, 2002 and 2001.

	2002	2001
Investments in marketable securities, at fair value	\$ 8,811,000	\$ 7,843,000
Equity method investments in unconsolidated companies	303,000	3,167,000
Other investments, at cost	29,000	270,000
	\$ 9,143,000	\$ 11,280,000

The Company's investments, at market value, consist of investments in long-term high-grade marketable securities composed primarily of government and corporate fixed income bonds. These marketable securities are classified as available-for-sale and are being carried at fair market value based on quoted market prices. The net unrealized holding gains or losses on these investments are reported in stockholders' equity in the accompanying balance sheet.

F-13

The amortized cost and fair market value of the Company's marketable securities are as follows:

	Cost Amortized	Net Unrealized Loss	Fair Market Value
March 31, 2002			
Municipal bonds	\$ 6,408,000	\$ (243,000)	\$ 6,165,000
Corporate bonds	2,733,000	(87,000)	2,646,000
	\$ 9,141,000	\$ (330,000)	\$ 8,811,000
March 31, 2001			
Municipal bonds	\$ 6,608,000	\$ (148,000)	\$ 6,460,000
Corporate bonds	1,215,000	(107,000)	1,108,000
Preferred stocks	299,000	(24,000)	275,000
	\$ 8,122,000	\$ (279,000)	\$ 7,843,000

The net unrealized losses of the Company's marketable securities at March 31, 2002 and 2001, respectively, are detailed as follows:

	Gross Unrealized Gains	Gross Unrealized Losses	Net Unrealized Losses
March 31, 2002			
Municipal bonds	\$ 24,000	\$ (267,000)	\$ (243,000)

Edgar Filing: SCHERER HEALTHCARE INC - Form 10-K

	Gross Unrealized Gains	Gross Unrealized Losses	Net Unrealized Losses
Corporate bonds	3,000	(90,000)	(87,000)
Total	\$ 27,000	\$ (357,000)	\$ (330,000)
	Gross Unrealized Gains	Gross Unrealized Losses	Net Unrealized Losses
<u>March 31, 2001</u>			
Municipal bonds	\$ 21,000	\$ (169,000)	\$ (148,000)
Corporate bonds	1,000	(108,000)	(107,000)
Preferred stocks		(24,000)	(24,000)
Total	\$ 22,000	\$ (301,000)	\$ (279,000)

F-14

The amortized cost and estimated fair value of the marketable securities (excluding the preferred stocks) at March 31, 2002, by contractual maturity, are shown below:

	Amortized Cost	Fair Value
Due in one year or less	\$	\$
Due after one year through five years	2,123,000	2,121,000
Due after five years through ten years	210,000	208,000
Due after ten years	6,808,000	6,482,000
Total	\$ 9,141,000	\$ 8,811,000

The equity method of accounting is used for companies and other investments in which the Company has significant influence. Generally this represents common stock ownership or convertible rights of at least 20% and not greater than 50%, and for investments in limited liability companies of at least 5% of ownership percentages.

The Company had investments in unconsolidated companies, recorded on the equity method of accounting, of \$303,000 and \$3,167,000 as of March 31, 2002 and 2001, respectively. The Company's equity in net losses of unconsolidated companies was \$24,000 and \$667,000 for the years ended March 31, 2002, and 2001, respectively.

The Company performs analysis of the operations and financial position of all investments on a quarterly basis subsequent to its initial investment, including a review of quarterly unaudited financial statements. The Company considers any increase/decrease in the Company's investments to be temporary unless other information related to sale or cessation exist. Following is a discussion of the Company's investments during the year ended March 31, 2002:

MedicareFacts, LLC:

MedicareFacts, LLC ("MedicareFacts") designs and develops reimbursement guides which provide a single source for all coding and coverage information needed to file accurate Medicare claims, thus ensuring optimal reimbursement and compliance with government regulations. These products are used principally by hospitals and clinical laboratories. The Company's investment is in the form of a two-year 10% series B unsecured convertible note in the aggregate principal amount of \$400,000 that matures in October 2002, and which converts, at the Company's option, into 18.6% of the outstanding common stock of MedicareFacts as of March 31, 2002.

Econometrics, Inc.:

Econometrics, Inc. ("Econometrics") is a database marketing company that manages its own national consumer database of 180 million consumers and links marketers to its national database through the Internet. The Company's investment is in the form of a five-year 8% unsecured convertible debenture in the aggregate principal amount of \$2,000,000 that matures in October 2004, a three-year 10% convertible debenture for \$100,000, plus warrants to purchase common stock, that matures in June 2003, and an 18% promissory note for \$50,000 that matured in April 2001.

F-15

Econometrics, Inc. was cash flow deficient and had poor earnings performance; however, it was able to meet its interest payment obligations to the Company through September 30, 2000. During the three months ended March 31, 2001, and continuing into the quarters ended June 30, 2001, and September 30, 2001, Econometrics was negotiating (i) a reverse merger with an independent company that would have reduced the Company's equity interest to 16% and (ii) a potential sale of 100% of Econometrics, including the Company's interests, for \$15 million. These negotiations led to discussions regarding a potential three-way merger transaction with an established advertising agency and a small database compiling company. The overall objective was to merge those two businesses into Econometrics to improve Econometrics' business and prospects and/or to sell Econometrics.

Discussions between Econometrics and these third parties continued through the quarter ended September 30, 2001. However, as a result of the decline in the economy in general and the parties' industry in particular, the business activity of all three parties to the proposed merger deteriorated and the discussions regarding the transaction were terminated.

After the tragic events of September 11, 2001, the Company invested an additional \$25,000 in Econometrics to provide emergency capital. Another investor agreed to invest \$25,000; however, that investor subsequently refused to honor its commitment. As a result, Econometrics was not able to meet its payroll in early October 2001. A number of employees departed and, subsequently, Econometrics' executive officers resigned. Since the end of November 2001, Econometrics has not had any employees and does not conduct any operations. Accordingly, the Company wrote down the investment in the quarter ended September 30, 2001.

Compliance1, Inc.

Compliance1, Inc. ("Compliance1") manages the Health and Safety Information Service, a joint venture with the U.S. Department of Commerce, which facilitates agri-chemical and crop protection product compliance in cooperation with the U.S. Environmental Protection Agency and state departments of agriculture. Its internet-based solution consolidates the official up-to-date information needed by online market places to comply with federal, state, and local regulations. The Company's investment is in the form of three-year 10% secured convertible debentures in the aggregate principal amount of \$1,165,000, which mature on various dates during 2003.

Compliance1, Inc. was a start-up enterprise that never had any revenue and attempts to finance future operations were unsuccessful. Compliance1 attempted to negotiate a sale of the company to a third party. However, during the quarter ended September 30, 2001, the Company was notified that all negotiations with potential buyers had ceased and, accordingly, the Company wrote down its investment.

Renaissance Pharmaceuticals, Inc.

The Company has an investment in Renaissance Pharmaceuticals, Inc. ("Renaissance Pharmaceuticals") which is recorded at historical cost under the cost method. Renaissance Pharmaceuticals, Inc. is a development stage drug delivery company. The Company had a direct investment of \$622,000 in Renaissance Pharmaceuticals for 2.5% of the outstanding common stock as of March 31, 2001. During the quarter ending December 31, 2000, the Company recorded an

F-16

impairment charge of \$380,000 against its investment in Renaissance Pharmaceuticals due to a revised valuation by the management of Renaissance Pharmaceuticals in connection with convertible preferred stock offering.

During the year ended March 31, 2002, the Company received notice that Renaissance Pharmaceuticals was having cash flow problems and would not be able to continue without additional equity contributions. Management believes that there is no future

Edgar Filing: SCHERER HEALTHCARE INC - Form 10-K

benefit in contributing cash to Renaissance Pharmaceuticals and wrote down the remaining investment in the approximate amount of \$242,000.

Due to the recent difficult economic conditions affecting these companies resulting in the inability to generate sufficient cash flow and the amount of liabilities ranking ahead of the Company's investment in these entities, the Company has concluded that the decrease in value of its total investment in Econometrics, Compliance1 and Renaissance Pharmaceuticals is other than temporary and has written down the respective investments to zero. Accordingly, the Company recorded impairment charges of \$3,129,000 in the quarter ended September 30, 2001, and \$242,000 in the quarter ended March 31, 2002.

NOTE 4. INTANGIBLES AND GOODWILL

Intangible assets and the related accumulated amortization as of March 31, 2002 and 2001 are as follows:

	2002	2001
Goodwill	\$ 4,575,000	\$ 4,575,000
Permit acquisition costs	526,000	490,000
Acquisition costs for investments in Econometrics		138,000
	5,101,000	5,203,000
Less accumulated amortization	1,770,000	1,665,000
	\$ 3,331,000	\$ 3,538,000
Intangible assets, net	\$ 3,331,000	\$ 3,538,000

Goodwill represents the cost in excess of net assets acquired relating to the acquisition of Bio Systems Partners. Goodwill amortization expense was \$155,000, \$150,000, and \$149,000 for the years ending March 31, 2002, 2001, and 2000, respectively. Permit acquisition costs relate to the costs incurred in acquiring and amending disposal permits, as required by the state of New York and the Department of Environmental Conservation. Permit acquisition costs amortization expense was \$106,000, \$105,000, and \$85,000 for the years ending March 31, 2002, 2001, and 2000, respectively. Acquisition costs for the investment in Econometrics relates primarily to acquisition consulting fees. The acquisition costs associated with the investment in Econometrics, net of amortization, of \$97,000 were included in the impairment charge of \$3,371,000 included in the Statements of Operations (Note 3).

F-17

NOTE 5. LEASES

At March 31, 2002, future minimum annual rental commitments under lease obligations are as follows:

Years ending March 31:	Capital Leases	Operating Leases
2003	\$ 375,000	\$ 624,000
2004	302,000	364,000
2005	248,000	260,000
2006	148,000	74,000
2007	56,000	75,000
	1,129,000	\$ 1,397,000
Less: Amount representing interest	164,000	
	965,000	
Less: Current maturities of capital leases obligations	292,000	
	\$ 673,000	
Long-term capital lease obligations	\$ 673,000	

Edgar Filing: SCHERER HEALTHCARE INC - Form 10-K

Total rental expense included in the consolidated statements of operations was \$449,000, \$392,000 and \$329,000 for the years ending March 31, 2002, 2001 and 2000, respectively.

NOTE 6. COMMITMENTS AND CONTINGENCIES

Legal Proceedings

In a January 1989 merger transaction, a wholly-owned subsidiary of the Company acquired Med X Services of Pennsylvania, Inc. ("Med X") whose President and majority stockholder was Harry Kovar. Mr. Kovar continued to be employed by Med X after the merger although a written employment agreement between Mr. Kovar and Med X had not been executed by both parties. In July 1989, Mr. Kovar was terminated from his employment with Med X. On December 18, 1989, Mr. Kovar and his wife filed a complaint against the Company, Med X, and other affiliated entities and persons in the Court of Common Pleas of Bucks County, Pennsylvania ("Kovar Complaint"). The Kovar Complaint, as amended four times by Mr. Kovar, alleged, among other charges, breach of an oral agreement by the Company to cause Med X to employ Mr. Kovar on a long-term basis and breach by Med-X of an alleged employment contract between Mr. Kovar and Med X. On March 13, 1992, the company answered Mr. Kovar's Fourth Amended Complaint and filed a counterclaim against Mr. Kovar for breach of warranties and representations, fraud, and violations of Pennsylvania's Securities Act of 1972 in connection with the merger of the Company's subsidiary and Med X. On October 26, 1999, counsel for the parties agreed to pay Mr. Kovar \$325,000 in a lump sum cash payment. In December 1999, the Company, without admitting any wrongdoing, finalized the terms of the settlement with Mr. Kovar and the lawsuit was dismissed. The Company recorded \$210,000 in litigation settlements expense for the year ending March 31, 2000, relating to this settlement.

On August 28, 1998, Amy Murphy, the former President of the Company, filed a sex discrimination and retaliation charge against the Company alleging a violation of Title VII of the Civil Rights Act of 1964, as amended. Ms. Murphy filed the charge with the Atlanta, Georgia office of the Equal Employment Opportunity Commission ("EEOC"). On September 23, 1998, Ms. Murphy

F-18

amended this charge to identify the Company and Robert P. Scherer, Jr., Chairman, President and Chief Executive Officer of the Company, as her employers. The Company conducted an internal investigation of Ms. Murphy's charge and concluded that there has been no Title VII violation. On December 22, 1998, the EEOC notified the Company that it had terminated its investigation of Ms. Murphy's charge. On March 17, 1999, Ms. Murphy filed a complaint in United States District Court, Northern District of Georgia, Atlanta, Division, against the Company and Mr. Scherer alleging gender discrimination, sexual harassment, and intentional infliction of emotional distress. The Company and Mr. Scherer filed an answer denying Ms. Murphy's allegations on April 23, 1999. On October 4, 1999, the Company, without admitting any wrongdoing, settled the dispute with Ms. Murphy for a cash payment of \$140,000. The Company recorded \$88,000 in litigation settlements expense for the year ending March 31, 2000, relating to this settlement. The Company also agreed to repurchase all of Ms. Murphy's 16,667 shares of Common Stock of the Company for \$3.50 per share. The price was equal to the price of the Company's common stock on the settlement date and was recorded as treasury stock. Ms. Murphy withdrew the lawsuit and retracted her allegations against the Company and Mr. Scherer.

The Company is subject to other legal proceedings and claims that arise in the ordinary course of business. Although the outcome of such proceedings and claims cannot be determined with certainty, management is of the opinion that their final outcome will not have a material adverse effect on the Company's consolidated operations or financial position.

NOTE 7. STOCKHOLDERS' EQUITY

Stock Options

The Company has stock options outstanding and exercisable under three stock option plans and a long-term incentive plan. Options become exercisable at a rate ranging from 20% to 100% per year from the date of grant and expire ten years from the date of grant. The Company's 1994 Stock Incentive Plan (the "1994 Plan") is the only Plan with stock option awards available for grant. All prior plans have expired. At March 31, 2002, the maximum shares available under the 1994 Plan for future grants was 540,000. The exercise price of options granted to date has been the fair market value of the shares on date of grant and all options vest over a period of three to five years.

The Company accounts for its stock-based compensation plans under Accounting Principles Board Opinion No. 25, "Accounting for Stock Issued to Employees," under which no compensation cost is recognized for options granted with an exercise price equal to the fair market value of the Company's common stock at the grant date. If the Company had accounted for these plans in accordance with SFAS No. 123, "Accounting for Stock-Based Compensation," which measures compensation cost at the grant date based on the value of the award and is recognized over the service (or vesting) period, the

Company's pro forma net (loss) income and (loss) earnings per share would have been reflected as follows:

	Year Ended March 31,		
	2002	2001	2000
Net (loss) income			
As reported	\$ (1,938,000)	\$ 1,499,000	\$ 2,046,000
Pro forma	\$ (2,015,000)	\$ 1,446,000	\$ 2,017,000
Basic (loss) earnings per share			
As reported	\$ (0.45)	\$ 0.35	\$ 0.47
Pro forma	\$ (0.46)	\$ 0.33	\$ 0.47
Diluted (loss) earnings per share			
As reported	\$ (0.45)	\$ 0.33	\$ 0.45
Pro forma	\$ (0.46)	\$ 0.32	\$ 0.44

The fair value of each option grant is estimated on the date of grant using the Black-Scholes option pricing model with the following weighted assumptions used for options granted for the year ended March 31, 2002: dividend yield of 0%, expected volatility of 70%, risk-free interest rates of return of 5.81%, and expected option lives of 6 years. There were no options issued for the years ending March 31, 2001 and 2000. The fair value of the options issued in the year ended March 31, 2002, was \$460,000.

A summary of changes in outstanding options is as follows:

	Shares Subject to Option	Weighted Average Price per Share
Balance at March 31, 1999	399,800	\$ 6.21
Options granted		
Options exercised		
Options cancelled and expired		
Balance at March 31, 2000	399,800	6.21
Options granted		
Options exercised		
Options cancelled and expired	(99,800)	10.38
Balance at March 31, 2001	300,000	4.83
Options granted	190,000	3.25
Options exercised		
Options cancelled and expired	(45,000)	7.70
Balance at March 31, 2002	445,000	\$ 3.86
Options exercisable at March 31, 2002	318,334	

Edgar Filing: SCHERER HEALTHCARE INC - Form 10-K

Ranges of Exercise Prices	Outstanding			Exercisable	
	Options Outstanding	Weighted Average Remaining Contractual Life	Weighted Average Exercise Price	Options Outstanding	Weighted Average Exercise Price
0.00- 1.69	185,000	5.1	1.69	185,000	1.69
1.70- 3.25	190,000	7.6	3.25	63,334	3.25
3.26- 3.56	40,000	7.1	3.56	40,000	3.56

Convertible Preferred Stock

As part of the Marquest acquisition in the year ended March 31, 1994, the Company issued 43,516 shares of its 5% convertible preferred stock, \$.01 par value (the "Preferred Stock") to the former holders of Marquest's defaulted Swiss bonds. The Company has 2,000,000 shares of the Preferred Stock authorized. Each share of the Preferred Stock is convertible into approximately 4.43 shares of the Company's common stock. During the years ended March 31, 2002, 2001 and 2000, holders of the convertible Preferred Stock converted 3,765; 288; and 783 preferred shares into 16,674; 1,274; and 3,464 common shares. At March 31, 2002, and 2001, the Company had 17,939 and 21,704 shares, respectively, of the Preferred Stock outstanding which were convertible into approximately 79,470 and 96,149 shares, respectively, of the Company's common stock. No dividends have been declared or are payable on the Preferred Stock since the sale of Marquest in July of 1997. In the event of any liquidation, dissolution or winding up of the Company, the Preferred Stock will be preferred to common stock as to both earnings and assets. The holders of the Preferred Stock will be entitled to receive \$100 per share plus any cumulative dividends accrued and unpaid as of the date of distribution before a distribution of any earnings or assets will be made to the holders of the common stock.

If the Company is consolidated with or merged into or sells or disposes of all or substantially all of its property and assets to any other corporation, the Company will provide as part of the terms of such consolidation, merger, or sale for the holders of the Preferred Stock to receive equivalent preferred stock in the surviving corporation and be entitled to equivalent conversion rights with respect to securities of the corporation resulting from such consolidation, merger or sale. In essence, the consolidation or merger of the Company with or into any other corporation, or the sale, lease, exchange, or transfer of all or substantially all of the Company's assets will not be deemed to be liquidation, dissolution, or winding up of the Company and the liquidation preference on the Preferred Stock would not be applicable.

NOTE 8. RETIREMENT PLAN

A contributory 401(k) salary reduction plan (the "401(k) Plan") covers all nonunion employees, and union employees in a few states, who are 21 years of age or older and have been employed at least one year. An eligible employee may elect to contribute from 2% up to 10% of their compensation and the Company may make a matching contribution, at its discretion, equal to a set percentage of employee compensation for all 401(k) Plan participants still employed on the last day of the 401(k) Plan year. The amount of employee contributions to which the match percentage is applied is limited to 6% of an employee's compensation. For fiscal 2002, the Company made a matching contribution equal to 100% of employee contributions up to the maximum of 6% of employee compensation.

F-21

Company contributions were approximately \$109,000, \$110,000, and \$155,000 for the years ending March 31, 2002, 2001, and 2000, respectively.

NOTE 9. INCOME TAXES

As of March 31, 2002 and 2001, the Company's net deferred tax assets consisted of the following:

	2002	2001
Deferred tax assets:		
Accrued expenses	\$ 261,000	\$ 270,000
Net operating loss carryforwards		269,000
Equity losses in unconsolidated companies	217,000	208,000
Impairment of investment	1,464,000	183,000
Allowance for doubtful accounts	150,000	121,000

Edgar Filing: SCHERER HEALTHCARE INC - Form 10-K

	2002	2001
Alternative minimum tax credit	159,000	
Total deferred tax assets	2,251,000	1,051,000
Deferred tax liabilities:		
Depreciation	(180,000)	(59,000)
Other	(200,000)	(231,000)
Total deferred tax liabilities	(380,000)	(290,000)
Net gross deferred tax assets	1,871,000	761,000
Valuation allowance	1,281,000	
Net deferred tax assets	\$ 590,000	\$ 761,000

The increase in the valuation allowance of \$1,281,000 during the year ended March 31, 2002, was attributable to the uncertainty of realizing the loss created by impairing investments. Based on management's assessment, it is more likely than not that the deferred tax asset created by the impairment of investments will be realized through future capital transactions. A reconciliation of the income tax provision at the federal statutory rates to the actual tax provision for the years ending March 31, 2002, 2001, and 2000 is as follows:

	2002	2001	2000
Computed statutory amount	\$ (218,000)	\$ 514,000	\$ 742,000
Increase (decrease) in taxes resulting from:			
State income taxes, net of federal income tax benefit	(26,000)	60,000	87,000
Amortization of goodwill and intangible assets	43,000	43,000	43,000
Net change in valuation allowance	1,281,000	(860,000)	(505,000)
Tax exempt interest income	(116,000)	(140,000)	
Other, net	(51,000)	78,000	(165,000)
Federal taxes	(297,000)	(227,000)	
Provision (benefit) for income taxes	616,000	\$ (532,000)	\$ 202,000

F-22

Components of the provision (benefit) for income taxes for the years ending March 31, 2002, 2001, and 2000 are as follows:

	2002	2001	2000
Current taxes:			
Deferred tax	\$ 171,000	\$ (642,000)	\$ 210,000
Federal	330,000	45,000	23,000
State	115,000	65,000	(31,000)
Provision (benefit) for income taxes	\$ 616,000	\$ (532,000)	\$ 202,000

Edgar Filing: SCHERER HEALTHCARE INC - Form 10-K

At March 31, 2002, all of the Company's federal tax loss carryforwards had been utilized. However, the Company has \$159,000 of alternative minimum tax credits to use against future federal tax. The Company paid income taxes of \$574,000, \$67,000 and \$60,000 for the years ending March 31, 2002, 2001 and 2000.

NOTE 10. DISCONTINUED OPERATIONS

Pharmaceutical Research and Development Segment

Biofor, Inc. ("Biofor"), a majority owned subsidiary of the Company which had been operating the Company's Pharmaceutical Research and Development Segment, was engaged in research to identify and develop new drug compounds. Biofor utilized "artificial intelligence" computer technology (known as "MultiCASE") which employed a system of rational drug design (known as M-CADD). This technology was used for new drug compound development and for contracted research and development.

Biofor focused its drug design efforts on arthritis and osteoarthritis as well as the treatment for acute pain. Biofor's lead compound, BF-389, was an anti-inflammatory analgesic which preliminary Phase I clinical trials indicated was not sufficiently bioavailable when administered orally in humans. Other delivery methods that would allow oral administration of the compound were pursued by Biofor without success.

In fiscal 1991, Biofor and Ono Pharmaceutical Company, Ltd. ("Ono") entered into the first of two research and collaboration agreements pursuant to which they jointly researched compounds. Biofor provided the use of its exclusive M-CADD software and its scientists experienced in using M-CADD, while Ono provided funding and clinical testing of any compounds discovered. The first contract expired in fiscal 1994 and the second expired March 1996.

In July 1995, after attempts to locate a purchaser for Biofor, Biofor ceased further drug design efforts and concentrated solely on the Ono research contract. When the Ono contract expired in March 1996, Biofor discontinued all operations and the Company abandoned all operations of Biofor.

The abandonment of the operations of Biofor was accounted for as a discontinued segment, and accordingly, the operations of Biofor were segregated and reported as discontinued operations in the prior period consolidated financial statements.

F-23

There are no results of operations attributable to the discontinued operations of Biofor for the years ended March 31, 2002, 2001 and 2000.

The net assets of the discontinued operations of Biofor at March 31, 2002 and 2001 are as follows:

	2002	2001
Assets:		
Property and equipment, net of disposal costs (a)	\$ 498,000	\$ 487,000
	498,000	487,000
Liabilities:		
Accounts payable and accrued expenses		6,000
		6,000
Total liabilities		6,000
	\$ 498,000	\$ 481,000
Net assets of Biofor		

(a)

Edgar Filing: SCHERER HEALTHCARE INC - Form 10-K

The remaining property and equipment of Biofor consists of 29 acres of vacant land and a 30,000 square foot building owned by Biofor.

The Company intends to sell the remaining assets of Biofor, but anticipates that it may take several years (primarily to sell the building). No income taxes or interest expense was allocated to the discontinued operations of Biofor for the years ending March 31, 2002, 2001, and 2000.
