AMERISTAR CASINOS, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)

Note 1 — Principles of consolidation and basis of presentation

The accompanying consolidated financial statements include the accounts of Ameristar Casinos, Inc. (“ACI”) and its wholly owned subsidiaries (collectively, the “Company”). Through its subsidiaries, ACI owns and operates eight casino properties in seven markets. The Company’s portfolio of casinos consists of: Ameristar Casino Resort Spa St. Charles (serving the St. Louis, Missouri metropolitan area); Ameristar Casino Hotel Kansas City (serving the Kansas City metropolitan area); Ameristar Casino Hotel Council Bluffs (serving Omaha, Nebraska and southwestern Iowa); Ameristar Casino Resort Spa Black Hawk (serving the Denver, Colorado metropolitan area); Ameristar Casino Hotel Vicksburg (serving Jackson, Mississippi and Monroe, Louisiana); Ameristar Casino Hotel East Chicago (serving the Chicagoland area); and Cactus Petes Resort Casino and The Horseshu Hotel and Casino in Jackpot, Nevada (serving Idaho and the Pacific Northwest). The Company views each property as an operating segment and all such operating segments have been aggregated into one reporting segment. All significant intercompany transactions have been eliminated.

The accompanying consolidated financial statements have been prepared by the Company, without audit, pursuant to the rules and regulations of the Securities and Exchange Commission. Accordingly, the consolidated financial statements do not include all of the disclosures required by generally accepted accounting principles. However, they do contain all adjustments (consisting of normal recurring adjustments) that, in the opinion of management, are necessary to present fairly the Company’s financial position, results of operations and cash flows for the interim periods included therein. The interim results reflected in these financial statements are not necessarily indicative of results to be expected for the full fiscal year.

Certain of the Company’s accounting policies require that the Company apply significant judgment in defining the appropriate assumptions for calculating financial estimates. By their nature, these judgments are subject to an inherent degree of uncertainty. The Company’s judgments are based in part on its historical experience, terms of existing contracts, observance of trends in the gaming industry and information obtained from independent valuation experts or other outside sources. There is no assurance, however, that actual results will conform to estimates. To provide an understanding of the methodology the Company applies, significant accounting policies and bases of presentation are discussed where appropriate in “Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations” of this Quarterly Report. In addition, critical accounting policies and estimates are discussed in “Item 7. Management’s Discussion and Analysis of Financial Condition and Results of Operations” and the notes to the Company’s audited consolidated financial statements included in its Annual Report on Form 10-K for the year ended December 31, 2010.

The accompanying consolidated financial statements should be read in conjunction with the financial statements and notes thereto included in the Company’s Annual Report on Form 10-K for the year ended December 31, 2010.

As required, the Company has evaluated certain events and transactions occurring after September 30, 2011 for disclosure in its consolidated financial statements and notes thereto. Subsequent to September 30, 2011, the Compensation Committee of ACI’s Board of Directors approved certain modifications to awards outstanding under the Company’s equity incentive plans. For further information, please refer to “Note 9 — Stock-based compensation.”

Note 2 — Accounting pronouncements

Recently adopted accounting pronouncements

ASU No. 2010-16, Entertainment-Casinos (Topic 924): Accruals for Casino Jackpot Liabilities

The Financial Accounting Standards Board (the “FASB”) issued ASU No. 2010-16, Entertainment-Casinos (Topic 924): Accruals for Casino Jackpot Liabilities. The guidance clarifies that an entity should not accrue jackpot liabilities (or portions thereof) before a jackpot is won if the entity can avoid paying that jackpot since the machine can legally be

removed from the gaming floor without payment of the base amount. Jackpots should be accrued and charged to revenue when an entity has the obligation to pay the jackpot. This guidance applies to both base jackpots and the incremental portion of progressive jackpots. The guidance is effective for fiscal years, and interim periods within those fiscal years, beginning on or after December 15, 2010. This guidance should be applied by recording a cumulative-effect adjustment to opening retained earnings in the period of adoption. Under the gaming regulations in the various jurisdictions in which the Company operates, the removal of base jackpots is not prohibited and upon adoption, the Company reduced its recorded accrual by \$5.6 million (\$3.4 million net of tax) with a corresponding cumulative-effect increase to retained earnings.

Table of Contents

Recently issued accounting pronouncements

ASU No. 2011-04, Fair Value Measurement (Topic 820): Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRS

The FASB issued ASU No. 2011-04, Fair Value Measurement (Topic 820): Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRS (“International Financial Reporting Standards”). The guidance amends and converges U.S. GAAP and IFRS requirements for measuring amounts at fair value as well as disclosures regarding these measurements. The update is effective in the fourth quarter of 2011. The Company does not expect the adoption of this Topic to have a material impact on its consolidated financial statements.

ASU No. 2011-05, Comprehensive Income (Topic 220): Presentation of Comprehensive Income

The FASB issued ASU No. 2011-05, Comprehensive Income (Topic 220): Presentation of Comprehensive Income in June 2011. This update changes the requirements for the presentation of other comprehensive income, eliminating the option to present components of other comprehensive income as part of the statement of stockholders’ equity, among other items. The guidance requires that all non-owner changes in stockholders’ equity be presented in either a single continuous statement of comprehensive income or in two separate but consecutive statements. The FASB has proposed to defer the requirement for companies to present reclassification adjustments for each component of other comprehensive income on the face of the financial statements; however, the presentation requirement under this update will still be effective for fiscal years and interim periods beginning after December 15, 2011. Since the update only requires a change in presentation, the Company does not expect the adoption of this Topic to have a material impact on its consolidated financial statements.

ASU No. 2011-08, Intangibles - Goodwill and Other (Topic 350): Testing Goodwill for Impairment

The FASB issued ASU No. 2011-08, Intangibles - Goodwill and Other (Topic 350): Testing Goodwill for Impairment in September 2011. This update simplifies how entities test goodwill for impairment. Under the amendments in this update, an entity is not required to calculate the fair value of a reporting unit unless the entity determines that it is more likely than not that its fair value is less than its carrying amount by assessing qualitative factors. The amendments are effective for annual and interim goodwill impairment tests performed for fiscal years beginning after December 15, 2011. Since the update does not amend the performance of the two-step goodwill impairment test, the Company does not expect the adoption of this Topic to have a material impact on its consolidated financial statements.

Note 3 — Stockholders’ equity (deficit)

Changes in stockholders’ equity (deficit) for the nine months ended September 30, 2011 were as follows:

	(Amounts in Thousands)	
Balance at December 31, 2010	\$351,020	
Net loss	(584))
Jackpot liability cumulative adjustment	3,425	
Dividends	(12,990))
Stock-based compensation	12,010	
Proceeds from exercise of stock options	5,812	
Purchases of treasury stock	(460,375))
Shares remitted for tax withholding	(4,022))
Balance at September 30, 2011	\$(105,704))
Total comprehensive (loss) income for the nine months ended September 30, 2011 and 2010 was \$(0.6) million and \$14.0 million, respectively.		

Note 4 — Earnings (loss) per share

The Company calculates earnings (loss) per share in accordance with Accounting Standards Codification (“ASC”) Topic 260. Basic earnings (loss) per share are computed by dividing reported earnings (loss) by the weighted-average number of common shares outstanding during the period. Diluted earnings per share reflect the additional dilution from all potentially dilutive securities, such as stock options and restricted stock units. For the three months ended September 30, 2011 and 2010, all outstanding options

-6-

Table of Contents

with an exercise price lower than the average market price for the period have been included in the calculation of diluted earnings per share. For the nine months ended September 30, 2011 and 2010, diluted loss per share excludes the additional dilution from all potentially dilutive securities such as stock options and restricted stock units.

The weighted-average number of shares of common stock and common stock equivalents used in the computation of basic and diluted loss per share consisted of the following:

	Three Months Ended		Nine Months Ended	
	September 30, 2011	2010	September 30, 2011	2010
	(Amounts in Thousands)			
Weighted-average number of shares outstanding - basic loss per share	32,815	58,188	42,790	58,003
Dilutive effect of stock options and restricted stock units	1,059	1,233	—	—
Weighted-average number of shares outstanding - diluted loss per share	33,874	59,421	42,790	58,003

For the three months ended September 30, 2011 and 2010, the potentially dilutive stock options excluded from the earnings per share computation, as their effect would be anti-dilutive, totaled 2.6 million and 3.1 million, respectively. Anti-dilutive stock options for the nine months ended September 30, 2011 and 2010 totaled 2.4 million and 3.1 million, respectively.

Note 5 — Goodwill and other intangible assets

As required under ASC Topic 350, the Company performs an annual assessment of its goodwill and other intangible assets to determine if the carrying value exceeds the fair value. Additionally, the guidance requires an immediate impairment assessment if a change in circumstances can materially negatively affect the fair value of the intangible assets.

During the second quarter of 2010, the Company assessed its intangible assets at Ameristar East Chicago for impairment due to the significant reduction in the property's actual operating results and forecasted future results following the closure of a bridge near the property in November 2009. As a result, during the second quarter of 2010, the Company recorded a total of \$56.0 million in non-cash impairment charges relating to the goodwill and gaming license acquired in the purchase of the East Chicago property. The impairment charges reduced the carrying value of goodwill by \$21.4 million and the gaming license by \$34.6 million. For the three and nine months ended September 30, 2011, there were no impairment charges relating to goodwill and indefinite-lived intangible assets. The Company will perform its annual review of goodwill and indefinite-lived intangible assets in the fourth quarter of 2011.

During the third quarter of 2010, the Company recorded an impairment charge of \$0.2 million relating to the prepaid license fee to use certain trade names and other intellectual property in connection with the HOME nightclub at the Company's St. Charles property, due to the closure of the nightclub.

The Company utilized Level 2 inputs as described in "Note 8 — Fair value measurements" to determine fair value relating to goodwill and intangible assets for the assessments described above.

Table of Contents

Note 6 — Long-term debt

Long-term debt consisted of the following:

	September 30, 2011	December 31, 2010
	(Amounts in Thousands)	
Senior credit facilities, secured by first priority security interests in substantially all real and personal property assets of ACI and its subsidiaries, consisting of the following:		
Revolving loan facility, at variable interest (3.0% at September 30, 2011); principal due April 14, 2016	\$249,000	\$—
Term loan A facility, at variable interest (3.0% at September 30, 2011); principal due April 14, 2016 subject to certain amortization requirements	200,000	—
Term loan B facility, at variable interest (4.0% at September 30, 2011); principal due April 14, 2018 subject to certain amortization requirements (net of \$1,649 discount at September 30, 2011)	694,851	—
Prior revolving loan facility, at variable interest (3.5% at December 31, 2010); principal paid in full on April 14, 2011	—	510,000
Prior term loan facility, at variable interest (3.5% at December 31, 2010); principal paid in full on April 14, 2011	—	380,000
Senior notes, unsecured, 7.5% fixed interest, payable semi-annually on April 15 and October 15, principal due April 15, 2021 (net of \$6,784 discount at September 30, 2011)	793,216	—
Senior notes, unsecured, 9.25% fixed interest, payable semi-annually on June 1 and December 1, principal due June 1, 2014 (net of \$10,315 discount at December 31, 2010)	467	639,685
Other	106	113
	1,937,640	1,529,798
Less: Current maturities	(12,004)	(97,247)
	\$1,925,636	\$1,432,551

On April 14, 2011, ACI obtained \$2.2 billion of new debt financing (the “Debt Refinancing”), consisting of a \$1.4 billion senior secured credit facility (the “New Credit Facility”) and \$800.0 million principal amount of unsecured 7.50% senior notes due 2021 (the “2021 Notes”). The New Credit Facility consists of (i) a \$200 million A term loan that was fully borrowed at closing and matures in April 2016, (ii) a \$700 million B term loan that was fully borrowed at closing and matures in April 2018 and (iii) a \$500 million revolving loan facility, \$368 million of which was borrowed at closing and which matures in April 2016. The 2021 Notes were sold at a price of 99.125% of the principal amount, and the \$700.0 million B term loan was sold at a price of 99.75% of the principal amount. Upon the satisfaction of certain conditions, ACI has the option to increase the total amount available under the New Credit Facility by up to the greater of an additional \$200 million or an amount determined by reference to the Total Net Leverage Ratio (as defined in the New Credit Facility agreement).

The A term loan and the revolving loan facility bear interest at the London Interbank Offered Rate (LIBOR) plus 2.75% per annum or the base rate plus 1.75% per annum, at ACI’s option. The B term loan bears interest at LIBOR (subject to a LIBOR floor of 1.0%) plus 3.0% per annum or the base rate (subject to a base rate floor of 2.0%) plus 2.0% per annum, at ACI’s option. The LIBOR margin for the A term loan and the revolving loan facility is subject to reduction based on the Company’s Total Net Leverage Ratio as defined in the New Credit Facility agreement. ACI pays a commitment fee on the unused portion of the revolving loan facility of 0.50% per annum, which is subject to reduction based on the Total Net Leverage Ratio.

The New Credit Facility agreement requires certain mandatory principal repayments prior to maturity for both term loans. The A term loan requires the following principal amortization: 3.75% in 2012; 12.5% in 2013; 18.75% in 2014; 50% in 2015; and the remaining 15% in 2016. The B term loan requires mandatory principal reductions of 1% per annum, with the remaining 93.25% due at maturity.

All mandatory principal repayments have been made through September 30, 2011. As of September 30, 2011, the amount of the revolving loan facility available for borrowing was \$246.9 million, after giving effect to \$4.1 million of outstanding letters of credit.

Table of Contents

The terms of the 2021 Notes are governed by an indenture. The 2021 Notes bear interest at a fixed rate of 7.50% per annum, payable semi-annually in arrears on April 15 and October 15 of each year, with the initial interest payment made on October 15, 2011. The 2021 Notes mature on April 15, 2021. The 2021 Notes and the guarantees of the 2021 Notes are senior unsecured obligations of ACI and each of its material subsidiaries (the “Guarantors”), respectively, and rank, in right of payment, equally with or senior to all existing or future unsecured indebtedness of ACI and each Guarantor, respectively, but are effectively subordinated in right of payment to the New Credit Facility indebtedness and any future secured indebtedness, to the extent of the value of the assets securing such indebtedness.

The Guarantors have jointly and severally, and fully and unconditionally, guaranteed the 2021 Notes. Each of the Guarantors is a direct or indirect wholly owned subsidiary of ACI, and the Guarantors constitute substantially all of ACI’s direct and indirect subsidiaries. ACI is a holding company with no operations or material assets independent of those of the Guarantors and, other than its investment in the Guarantors, the aggregate assets, liabilities, earnings and equity of the Guarantors are substantially equivalent to the assets, liabilities, earnings and equity on a consolidated basis of the Company. Separate financial statements and certain other disclosures concerning the Guarantors are not presented because, in the opinion of management, such information is not material to investors. Other than customary restrictions imposed by applicable statutes, there are no restrictions on the ability of the Guarantors to transfer funds to ACI in the form of cash dividends, loans or advances.

Proceeds from the Debt Refinancing were used to (i) repurchase substantially all of ACI’s outstanding 9¼% Senior Notes due 2014 tendered pursuant to ACI’s tender offer announced on March 29, 2011, including payment of the tender premium and accrued interest, (ii) prepay and permanently retire all of the indebtedness under the prior senior secured credit facility dated as of November 10, 2005 (and all commitments under the replaced senior secured credit facility were terminated), (iii) purchase 26,150,000 shares of ACI’s common stock from the Estate of Craig H. Neilsen (the “Estate”) and (iv) pay related fees and expenses.

In connection with the Debt Refinancing, the Company paid one-time fees and expenses totaling approximately \$30.5 million, most of which was capitalized and will be amortized over the respective remaining terms of the 2021 Notes and New Credit Facility. During the quarter ended June 30, 2011, approximately \$85.3 million relating to the tender premium and deferred debt issuance costs were expensed as a result of the early retirement of debt.

Debt covenants

The agreement governing the New Credit Facility requires the Company to comply with various affirmative and negative financial and other covenants, including restrictions on the incurrence of additional indebtedness, restrictions on dividend payments and other restrictions and requirements to maintain certain financial ratios and tests. As of September 30, 2011, the Company was required to maintain a Total Net Leverage Ratio, calculated as consolidated debt (net of certain cash and cash equivalents) divided by EBITDA, as defined in the New Credit Facility, of no more than 7.00:1, and a Senior Secured Net Leverage Ratio, calculated as senior secured debt (net of certain cash and cash equivalents) divided by EBITDA, of no more than 4.50:1. As of September 30, 2011, the Company’s Total Net Leverage Ratio was 5.15:1. The Senior Secured Net Leverage Ratio as of September 30, 2011 was 2.92:1. Under the New Credit Facility, as of September 30, 2011, the Company was required to maintain an Interest Expense Coverage Ratio, calculated as EBITDA divided by cash interest expense, of at least 2.00:1. As of September 30, 2011, the Interest Expense Coverage Ratio was 3.83:1.

The indenture governing the 2021 Notes contains covenants that limit ACI’s and its Restricted Subsidiaries’ (as defined in the indenture) ability to, among other things, (i) pay dividends or make distributions, repurchase equity securities, prepay subordinated debt or make certain investments, (ii) incur additional debt or issue certain disqualified stock or preferred stock, (iii) create liens on assets, (iv) merge or consolidate with another company or sell all or substantially all assets and (v) enter into transactions with affiliates. In addition, pursuant to the indenture, if ACI experiences certain changes of control, each holder of the 2021 Notes can require ACI to repurchase all or a portion of such holder’s outstanding 2021 Notes at a price of 101% of the principal amount thereof, plus accrued and unpaid interest to

the repurchase date.

As of September 30, 2011 and December 31, 2010, the Company was in compliance with all applicable covenants under the credit facilities and the senior notes outstanding at the respective dates.

Note 7 — Derivative instruments and hedging activities

From time to time, the Company seeks to manage interest rate risk associated with variable rate borrowings through the use of derivative instruments designated as cash flow hedges.

In 2008, the Company entered into two forward interest rate swaps with two different commercial banks to fix the interest rate on certain LIBOR-based borrowings under the previous credit facility. Both swaps were designated as cash flow hedges and

-9-

Table of Contents

matured on July 19, 2010. Pursuant to each of the interest rate swap agreements, the Company was obligated to make quarterly fixed rate payments to the counterparty, while the counterparty was obligated to make quarterly floating rate payments to the Company based on three-month LIBOR on the same notional amount.

As of September 30, 2010, the fair value of the interest rate swap liability was zero due to the termination of both interest rate swap agreements on July 19, 2010. For the nine months ended September 30, 2010, the swaps increased the Company's interest expense by \$16.8 million.

The Company may enter into additional swap transactions or other interest rate protection agreements in the future, although it has no current intention to do so.

Note 8 — Fair value measurements

The Company measures the fair value of its deferred compensation plan assets and liabilities on a recurring basis pursuant to ASC Topic 820. ASC Topic 820 establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

Level 1: Quoted prices for identical instruments in active markets.

Level 2: Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations whose inputs are observable or whose significant value driver is observable.

Level 3: Unobservable inputs for which little or no market data is available, therefore requiring an entity to develop its own assumptions.

The following table presents the Company's financial assets and liabilities that were accounted for at fair value as of September 30, 2011 (amounts in thousands):

	Fair Value Measurements Using:		
	Quoted Market Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Assets:			
Deferred compensation plan assets	\$—	\$14,825	\$—
Liabilities:			
Deferred compensation plan liabilities	\$—	\$11,772	\$—

The fair value of the deferred compensation assets is based on the cash-surrender value of rabbi trust-owned life insurance policies, which are invested in variable life insurance separate accounts that are similar to mutual funds.

These investments are in the same accounts and purchased in substantially the same amounts as the deferred compensation plan participants' selected investments, which represent the underlying liabilities to participants.

Liabilities under the deferred compensation plan are recorded at amounts due to participants, based on the fair value of participants' selected investments.

Fair value of long-term debt

The estimated fair value of the Company's long-term debt at September 30, 2011 was approximately \$1.871 billion, versus its book value of \$1.938 billion. The estimated fair value of the Company's long-term debt at December 31, 2010 was approximately \$1.559 billion, versus its book value of \$1.530 billion. The estimated fair value of the senior unsecured notes and the term loan facility debt was based on quoted market prices on or about September 30, 2011 and December 31, 2010. The estimated fair value of the revolving loan facility debt was based on its bid price on or about September 30, 2011 and December 31, 2010.

Note 9 — Stock-based compensation

The Company accounts for its stock-based compensation in accordance with ASC Topic 718. Stock-based compensation expense totaled \$3.9 million and \$3.3 million for the three months ended September 30, 2011 and 2010, respectively. During the first nine months of 2011 and 2010, stock-based compensation expense was \$12.0 million and \$10.6 million, respectively. During the nine months ended September 30, 2011 and 2010, no associated future income tax benefit was recognized. As of September 30, 2011, there was approximately \$29.5 million of total unrecognized compensation cost related to unvested stock-based compensation arrangements granted under the Company's stock incentive plans. This unrecognized compensation cost is expected to be recognized over a weighted-average period of 2.8 years.

The weighted-average fair value at the grant date of stock options granted during the quarter ended September 30, 2011 and

-10-

Table of Contents

2010 was \$7.54 and \$5.71, respectively. During the nine months ended September 30, 2011 and 2010, the weighted-average fair value of options granted was \$7.54 and \$5.73, respectively. The fair value of each option award is estimated on the date of grant using the Black-Scholes-Merton option pricing model with the following weighted-average assumptions for the three months and nine months ended September 30, 2011 and 2010:

	Three Months Ended September 30,		Nine Months Ended September 30,		
	2011	2010	2011	2010	
Weighted-average assumptions:					
Expected stock price volatility	46.5	% 51.5	% 46.5	% 51.5	%
Risk-free interest rate	1.2	% 1.5	% 1.2	% 1.5	%
Expected option life (years)	4.6	4.6	4.6	4.6	
Expected annual dividend yield	1.9	% 2.4	% 1.9	% 2.4	%

Stock option activity during the nine months ended September 30, 2011 was as follows:

	Options (In Thousands)	Weighted- Average Exercise Price	Weighted- Average Remaining Contractual Term (Years)	Aggregate Intrinsic Value (In Thousands)
Outstanding at December 31, 2010	4,850	\$20.46		
Granted	599	22.04		
Exercised	(401)) 14.12		
Forfeited or expired	(129)) 24.10		
Outstanding at September 30, 2011	4,919	\$21.07	4.6	\$4,264
Exercisable at September 30, 2011	3,320	\$21.54	2.9	\$3,463

The aggregate intrinsic value in the table above represents the total pre-tax intrinsic value that would have been realized by the option holders had all option holders exercised their options on September 30, 2011. The total intrinsic value of options exercised during the nine months ended September 30, 2011 and 2010 was \$3.1 million and \$2.4 million, respectively. The intrinsic value of a stock option is the excess of ACI's closing stock price on that date over the exercise price, multiplied by the number of in-the-money options.

The following table summarizes the Company's unvested stock option activity for the nine months ended September 30, 2011:

	Shares (Amounts in Thousands)	Weighted- Average Exercise Price (per Share)
Unvested at December 31, 2010	1,564	\$18.08
Granted	599	22.04
Vested	(531)) 16.42
Forfeited	(33)) 18.80
Unvested at September 30, 2011	1,599	\$20.10

Table of Contents

The following table summarizes the Company's unvested restricted stock unit activity for the nine months ended September 30, 2011:

	Units (Amounts in Thousands)	Weighted- Average Grant Date Fair Value (per Unit)
Unvested at December 31, 2010	1,698	\$ 16.61
Granted	616	22.05
Vested	(561) 15.93
Forfeited	(36) 17.76
Unvested at September 30, 2011	1,717	\$ 18.76

In October 2011, the Compensation Committee of ACI's Board of Directors approved certain modifications to awards outstanding under the Company's equity incentive plans. The approved modifications include extending the lives of certain previously granted stock option awards and providing for post-retirement vesting of stock options and restricted stock units to qualifying individuals. It is anticipated that the Company will recognize a one-time non-cash stock-based compensation expense relating to these modifications in the fourth quarter of 2011.

Note 10 — Stock repurchases

On April 19, 2011, ACI purchased 26,150,000 shares of its common stock held by the Estate of Craig H. Neilsen (the "Estate") at \$17.50 per share, for a total of \$457.6 million. The purchase was made pursuant to a definitive Stock Purchase Agreement (the "Purchase Agreement") entered into by ACI and the Estate on March 25, 2011, following the execution of a binding letter agreement entered into on February 27, 2011. The shares purchased represented approximately 45% of ACI's outstanding shares and 83% of the Estate's holdings in the Company at the time of the purchase.

On September 15, 2011, ACI's Board of Directors approved the repurchase of up to \$75 million of ACI's common stock in a stock repurchase program. The program provides that the shares may be repurchased by the Company through September 30, 2014 in open market transactions or privately negotiated transactions at the Company's discretion, subject to market conditions and other factors. The Company expects to fund repurchases using available cash and its existing senior credit facility. The Company is not obligated to purchase any shares under the stock repurchase program, and purchases may be discontinued, or the stock repurchase program may be modified or terminated, at any time. During the quarter ended September 30, 2011, the Company repurchased 0.2 million shares under the stock repurchase program for \$2.7 million at an average price of \$16.49 per share, exclusive of commissions paid.

Note 11 — Income taxes

At September 30, 2011 and December 31, 2010, unrecognized tax benefits totaled \$5.3 million and \$4.9 million, respectively. The total amount of unrecognized benefits that would affect the effective tax rate if recognized was \$1.2 million at September 30, 2011 and \$1.1 million at December 31, 2010. As of September 30, 2011, accrued interest and penalties totaled \$0.7 million, of which \$0.6 million would affect the effective tax rate if recognized. The effective income tax rate was 41.4% for the quarter ended September 30, 2011, compared to 45.1% for the same period in 2010. For the nine months ended September 30, 2011 and 2010, the effective income tax rates were 41.8% and 44.3%, respectively.

The second quarter of 2011 was impacted by debt refinancing costs and charges, non-operational professional fees and a prospective change in the Indiana state income tax rate, which will be phased in over a five-year period beginning July 1, 2012. Excluding the impact of these items, the effective tax rate for the three and nine months ended September 30, 2011 would have been 42.0% and 42.2%, respectively.

In connection with the impairment of intangible assets at Ameristar East Chicago, the Company recorded a deferred tax benefit of \$22.8 million during the second quarter of 2010. The effective income tax rate excluding the impact of the Ameristar East Chicago impairment for the nine months ended September 30, 2010 would have been 44.7%. The Company files income tax returns in numerous jurisdictions. The statutes of limitations vary by jurisdiction, with certain of these statutes expiring without examination each year. The Company anticipates that the net amount of unrecognized tax benefits will decrease by \$0.6 million within the next 12 months, none of which would affect the effective tax rate if recognized.

-12-

Table of Contents

Note 12 — Commitments and contingencies

Litigation. From time to time, the Company is a party to litigation, most of which arises in the ordinary course of business. The Company is not currently a party to any litigation that management believes would be likely to have a material adverse effect on the financial position, results of operations or cash flows of the Company.

Reference is made to the legal proceedings reported under the caption “East Chicago Local Development Agreement Litigation” in Item 3 of Part I of the Company’s Annual Report on Form 10-K for the year ended December 31, 2010, as updated in Item 1 of Part II of the Company’s Quarterly Report on Form 10-Q for the quarter ended June 30, 2011. In accordance with the previously reported settlement reached by the parties, on September 29, 2011, the two lawsuits in which the Company was a defendant were dismissed with prejudice (except for certain claims not involving the Company).

Reference is made to the legal proceedings reported under the caption “St. Charles Hotel Project Construction Litigation” in Item 3 of Part I of the Company’s Annual Report on Form 10-K for the year ended December 31, 2010. On November 3, 2011, the Company entered into an agreement in principle to settle its pending litigation with Walton Construction Company, L.L.C. (“Walton”). The litigation relates to the Company’s November 2005 contract with Walton for the construction of the 397-suite hotel and related amenities at Ameristar St. Charles. The Company agreed to pay \$9.25 million upon the execution of a mutual release and settlement agreement and dismissal of all claims arising out of or relating to the construction contract or the project. The payment has been accrued in the consolidated financial statements as of September 30, 2011 as a construction payable with a corresponding increase to the fixed asset carrying values associated with the St. Charles project.

Self-Insurance Reserves. The Company is self-insured for various levels of general liability, workers’ compensation and employee health coverage. Insurance claims and reserves include accruals of estimated settlements for known claims, as well as accrued estimates of incurred but not reported claims. At September 30, 2011 and December 31, 2010, the estimated liabilities for unpaid and incurred but not reported claims totaled \$10.0 million and \$10.8 million, respectively. The Company considers historical loss experience and certain unusual claims in estimating these liabilities. The Company believes the use of this method to account for these liabilities provides a consistent and effective way to measure these highly judgmental accruals; however, changes in health care costs, accident or illness frequency and severity and other factors can materially affect the estimates for these liabilities.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Overview

We develop, own and operate casinos and related hotel, food and beverage, entertainment and other facilities, with eight properties in operation in Missouri, Iowa, Colorado, Mississippi, Indiana and Nevada. Our portfolio of casinos consists of: Ameristar Casino Resort Spa St. Charles (serving the St. Louis, Missouri metropolitan area); Ameristar Casino Hotel Kansas City (serving the Kansas City metropolitan area); Ameristar Casino Hotel Council Bluffs (serving Omaha, Nebraska and southwestern Iowa); Ameristar Casino Resort Spa Black Hawk (serving the Denver metropolitan area); Ameristar Casino Hotel Vicksburg (serving Jackson, Mississippi and Monroe, Louisiana); Ameristar Casino Hotel East Chicago (serving the Chicagoland area); and Cactus Petes Resort Casino and The Horseshu Hotel and Casino in Jackpot, Nevada (serving Idaho and the Pacific Northwest).

Our financial results are dependent upon the number of guests that we attract to our properties and the amounts those guests spend per visit. Additionally, our operating results may be affected by, among other things, overall economic conditions affecting the disposable income of our guests, weather conditions affecting our properties, achieving and maintaining cost efficiencies, competitive factors, gaming tax increases and other regulatory changes, the commencement of new gaming operations, charges associated with debt refinancing or property acquisition and disposition transactions, construction at existing facilities and general public sentiment regarding travel. We may experience significant fluctuations in our quarterly operating results due to seasonality, variations in gaming hold percentages and other factors. Consequently, our operating results for any quarter or year are not necessarily comparable and may not be indicative of future periods' results.

The following significant factors and trends should be considered in analyzing our operating performance:

Effect of Economic Conditions on Operations. Over the last few years, the weak economic conditions have adversely impacted our business volumes and the amount our guests spend at our properties. However, we have recently seen some indications of stability, including modest year-over-year improvements in consolidated net revenues for the last five consecutive quarters. Additionally, we have implemented operating and marketing efficiencies and significantly reduced our cost structure in response to the weak economic conditions. These enhancements have improved our operating margins.

Estate Stock Repurchase and Recent Debt Refinancing. Following the execution of a binding letter agreement entered into on February 27, 2011, on March 25, 2011 we entered into a definitive Stock Purchase Agreement with the Estate of Craig H. Nielsen (the "Estate"), our then majority stockholder, to purchase 26,150,000 shares of our common stock held by the Estate at a purchase price of \$17.50 per share, for an aggregate purchase price of \$457,625,000 (the "Repurchase Transaction"). The Repurchase Transaction was completed on April 19, 2011 and reduced our outstanding shares by approximately 45%.

On April 14, 2011, we obtained \$2.2 billion of new debt financing (the "Debt Refinancing"). Proceeds from the Debt Refinancing were used to (i) repurchase substantially all of our outstanding 9¼% senior notes due 2014 (the "2014 Notes"), including payment of the tender premium and accrued interest, (ii) prepay and permanently retire all of the indebtedness under our prior senior secured credit facility, (iii) complete the Repurchase Transaction and (iv) pay related fees and expenses. The Debt Refinancing extended the maturities of all of our debt and significantly reduced the principal amortization required under our former debt agreements for the years ending December 31, 2011 and 2012. As a result of these transactions, in the 2011 second quarter we recorded on a pre-tax basis an \$85.3 million loss on early retirement of debt.

Stock Repurchase Program. On September 15, 2011, our Board of Directors approved the repurchase of up to \$75 million of our common stock in a stock repurchase program. The program provides that we may repurchase the shares through September 30, 2014 in open market transactions or privately negotiated transactions at our discretion, subject to market conditions and other factors. During the quarter ended September 30, 2011, we repurchased 0.2 million shares under the program for \$2.7 million at an average price of \$16.49 per share, exclusive of commissions paid.

Debt and Interest Expense. At September 30, 2011, total debt was \$1.9 billion. Net repayments totaled \$61.8 million during the third quarter of 2011, including a \$60.0 million repayment of a portion of the principal balance outstanding under the revolving credit facility and \$1.8 million for a quarterly amortization payment under the B term loan. As of September 30, 2011, the amount of the revolving loan facility available for borrowing was \$246.9 million, after giving effect to \$4.1 million of outstanding letters of credit.

Intangible Asset Impairment at East Chicago. During the second quarter of 2010 we recorded a non-cash impairment charge of \$56.0 million (\$33.2 million on an after-tax basis) relating to the goodwill and gaming license at Ameristar

Table of Contents

East Chicago. In the fourth quarter of 2009, the Indiana Department of Transportation closed the Cline Avenue highway bridge near our property due to safety concerns. The bridge closure adversely impacted access to our property and our business volumes. The property's net revenues stabilized in the fourth quarter of 2010 and have increased year-over-year for the nine months ended September 30, 2011.

Regional River Flooding. The river levels near our casino facilities at Ameristar Vicksburg and Ameristar Council Bluffs were extraordinarily high during the second and third quarters of 2011. We have monitored the flood conditions closely and have made physical enhancements to the properties to reduce our exposure to the water levels. Through September 30, 2011, we have incurred approximately \$0.7 million in capitalized costs and \$0.9 million of expenses to mitigate the flood conditions. A portion of these costs are expected to be recovered from insurance. The river levels at Ameristar Vicksburg receded to normal levels during the second quarter and the high river levels at Ameristar Council Bluffs returned to seasonally normal levels by the end of the third quarter of 2011.

Total Net Revenues	\$304,507	\$299,567	\$918,344	\$895,190
Net Revenues				

Consolidated net revenues for the quarter ended September 30, 2011 improved by \$4.9 million, or 1.6%, from the third quarter of 2010. Third quarter 2011 net revenues improved on a year-over-year basis by 8.2% at Ameristar Vicksburg, 4.9% at Ameristar Council Bluffs, 3.9% at Ameristar St. Charles and 1.5% at Ameristar Black Hawk. Combined, third quarter 2011 net revenues declined at our other three properties from the corresponding 2010 period by 1.8%. The consolidated increase was due to effective operating and marketing initiatives. Promotional allowances declined on a year-over-year basis at each of our locations. Consolidated promotional allowances as a percentage of gross gaming revenues decreased from 24.9% in the third quarter of 2010 to 22.9% in the third quarter of 2011.

For the nine months ended September 30, 2011, consolidated net revenues increased \$23.2 million, or 2.6%, from the corresponding 2010 period. During the first nine months of 2011, net revenues improved from the corresponding 2010 period at six of our seven gaming locations, while net revenues declined by 2.3% at the Jackpot Properties. The increase in net revenues for the first nine months of 2011 compared to the first nine months of 2010 is primarily due to the effective operating and marketing initiatives. Promotional allowances for the nine months ended September 30, 2011 decreased 9.4% compared to the nine months ended September 30, 2010.

Operating Income

In the third quarter of 2011, we generated operating income of \$61.1 million compared to \$48.7 million in the same period in 2010. Third quarter 2011 operating income improved on a year-over-year basis at six of our seven gaming locations, while operating income declined by 8.9% at the Jackpot Properties. Operating and marketing enhancements contributed to our improved consolidated operating income margin.

Table of Contents

For the nine months ended September 30, 2011, operating income was \$183.1 million, compared to \$95.5 million for the corresponding 2010 period. The increase is primarily attributable to the \$56.0 million non-cash impairment charge recorded in the second quarter of 2010 and the operating and marketing enhancements implemented in 2011 mentioned above.

Interest Expense

The following table summarizes information related to interest on our long-term debt:

	Three Months Ended		Nine Months Ended	
	September 30,		September 30,	
	2011	2010	2011	2010
	(Dollars in Thousands, Unaudited)			
Interest cost	\$27,458	\$28,218	\$79,829	\$97,147
Less: Capitalized interest	(144)	(153)	(296)	(583)
Interest expense, net	\$27,314	\$28,065	\$79,533	\$96,564
Cash paid for interest, net of amounts capitalized	\$11,027	\$21,764	\$56,342	\$85,514
Weighted-average total debt outstanding	\$1,975,252	\$1,606,691	\$1,824,565	\$1,645,701
Weighted-average interest rate	5.4	% 6.9	% 5.8	% 7.8

For the quarter ended September 30, 2011, consolidated interest expense, net of amounts capitalized, decreased \$0.8 million, or 2.7%, from the 2010 third quarter. Year to date, consolidated interest expense, net of amounts capitalized, decreased \$17.0 million, or 17.6%, from the first nine months of 2010. The decrease is due primarily to the expiration of our two interest rate swap agreements in July 2010 and a reduction in our weighted-average interest rate as a result of our Debt Refinancing completed in the second quarter of 2011.

Income Taxes

Our effective income tax rate was 41.4% for the quarter ended September 30, 2011, compared to 45.1% for the corresponding 2010 period. For the nine months ended September 30, 2011 and 2010, the effective income tax rates were 41.8% and 44.3%, respectively. Excluding the impact of the debt refinancing costs, non-operational professional fees and a change to the state income tax rate in Indiana, our effective tax rate for the nine months ended September 30, 2011 would have been 42.2%. Excluding the impact of the intangible asset impairment at Ameristar East Chicago, the effective tax rate for the nine months ended September 30, 2010 would have been 44.7%.

Net Income (Loss)

For the three months ended September 30, 2011, consolidated net income increased \$7.0 million, or 58.4%. Diluted earnings per share was \$0.56 for the quarter ended September 30, 2011, compared to diluted earnings per share of \$0.20 for the corresponding prior-year quarter. Third quarter 2011 diluted earnings per share benefited from the reduction in shares outstanding due to the Repurchase Transaction that took place in the second quarter of 2011, which accounted for approximately \$0.25 of the earnings per share improvement. For the nine months ended September 30, 2011 and 2010, we reported a net loss of \$0.6 million and \$2.3 million, respectively. The net loss reported for the first nine months of 2011 is primarily attributable to the loss on early retirement of debt of \$85.3 million. The 2010 net loss is primarily due to the \$56.0 million East Chicago impairment charge. Diluted loss per share was \$0.01 for the first nine months of 2011, compared to diluted loss per share of \$0.04 in the corresponding prior-year period.

Liquidity and Capital Resources

Cash Flows — Summary

Our cash flows consisted of the following:

	Nine Months Ended September 30,	
	2011	2010
	(In Thousands, Unaudited)	
Net cash provided by operating activities	\$209,279	\$177,077
Cash flows from investing activities:		
Capital expenditures	(46,090)	(38,612)
Net change in construction contracts payable	(1,746)	(2,751)
Proceeds from sale of assets	299	339
Decrease (increase) in deposits and other non-current assets	28,862	(4,084)
Net cash used in investing activities	(18,675)	(45,108)
Cash flows from financing activities:		
Proceeds from issuance of long-term debt and other borrowings	2,059,250	12,000
Principal payments of debt	(1,727,084)	(135,390)
Debt issuance and amendment costs	(30,466)	(131)
Cash dividends paid	(12,990)	(18,270)
Proceeds from stock option exercises	5,812	2,082
Purchases of treasury stock	(464,397)	(1,484)
Net cash used in financing activities	(169,875)	(141,193)
Net increase (decrease) in cash and cash equivalents	\$20,729	\$(9,224)

Our business is primarily conducted on a cash basis. Accordingly, operating cash flows follow trends in our operating income, excluding non-cash items. For the nine months ended September 30, 2011, net cash provided by operating activities increased \$32.2 million from 2010, mostly as a result of an improvement in our operating income and lower interest paid in 2011.

Capital expenditures in the first nine months of 2011 and 2010 included minor construction projects, slot machine purchases and the acquisition of long-lived assets relating to various capital maintenance projects at all of our properties.

During the first nine months of 2011, our Board of Directors declared three quarterly cash dividends of \$0.105 per share, which were paid on March 15, 2011, June 15, 2011 and September 15, 2011. In the nine-month period ended September 30, 2010, the Board of Directors declared three quarterly cash dividends of \$0.105 per share, which were paid on March 15, 2010, June 25, 2010 and September 27, 2010.

On April 14, 2011, we obtained \$2.2 billion of new debt financing, consisting of a \$1.4 billion senior secured credit facility (the “New Credit Facility”) and \$800.0 million principal amount of unsecured 7.50% Senior Notes due 2021 (the “2021 Notes”). The New Credit Facility consists of (i) a \$200 million A term loan that was fully borrowed at closing and matures in 2016, (ii) a \$700 million B term loan that was fully borrowed at closing and matures in 2018 and (iii) a \$500 million revolving loan facility, \$368 million of which was borrowed at closing and which matures in 2016. Upon the satisfaction of certain conditions, we have the option to increase the total amount available under the New Credit Facility by up to the greater of an additional \$200 million or an amount determined by reference to our Total Net Leverage Ratio (as defined in the New Credit Facility agreement).

The A term loan and the revolving loan facility bear interest at the London Interbank Offered Rate (LIBOR) plus 2.75% per annum or the base rate plus 1.75% per annum, at our option. The B term loan bears interest at LIBOR

(subject to a LIBOR floor of 1.0%) plus 3.0% per annum or the base rate (subject to a base rate floor of 2.0%) plus 2.0% per annum, at our option. The LIBOR margin for the A term loan and the revolving loan facility is subject to reduction based on our Total Net Leverage Ratio. We pay a commitment fee on the unused portion of the revolving loan facility of 0.50% per annum, which is subject to reduction based on the Total Net Leverage Ratio. Borrowings under the New Credit Facility are secured by liens on substantially all of our assets.

-19-

Table of Contents

The 2021 Notes bear interest at a fixed rate of 7.50% per annum, payable semi-annually in arrears on April 15 and October 15 of each year, with the initial interest payment made on October 15, 2011. The 2021 Notes mature on April 15, 2021.

The New Credit Facility agreement requires certain mandatory principal repayments prior to maturity for both term loans. The A term loan requires the following principal amortization: 3.75% in 2012; 12.5% in 2013; 18.75% in 2014; 50% in 2015; and the remaining 15% in 2016. The B term loan requires mandatory principal reductions of 1% per annum, with the remaining 93.25% due at maturity.

Proceeds from the Debt Refinancing were used to (i) repurchase substantially all of our 9¼% senior notes due 2014 (the “2014 Notes”) tendered pursuant to our tender offer announced on March 29, 2011, including payment of the tender premium and accrued interest, (ii) prepay and permanently retire all of the indebtedness under our prior credit facility, (iii) complete the Repurchase Transaction on April 19, 2011 for an aggregate purchase price of \$457.6 million and (iv) pay related fees and expenses.

In connection with the Debt Refinancing, we paid one-time fees and expenses totaling approximately \$30.5 million, most of which was capitalized and will be amortized over the respective remaining terms of the 2021 Notes and New Credit Facility. During the quarter ended June 30, 2011, approximately \$85.3 million relating to the tender premium and deferred debt issuance costs were expensed as a result of the early retirement of debt.

During the first nine months of 2011, we used \$182.5 million of our operating cash flow to repay amounts borrowed under our revolving loan facility. As of September 30, 2011, the amount of the revolving loan facility available for borrowing was \$246.9 million, after giving effect to \$4.1 million of outstanding letters of credit. All mandatory principal payments have been made through September 30, 2011.

On September 15, 2011, our Board of Directors approved the repurchase of up to \$75 million of our common stock through September 30, 2014. During the third quarter of 2011, we repurchased approximately 0.2 million shares at a total cost of approximately \$2.7 million under the stock repurchase program. Through November 8, 2011, we have repurchased a total of approximately 0.3 million shares of common stock, or 1% of our total outstanding stock, under the program at an average price of \$16.22 per share, exclusive of commissions paid, for a total cost of \$5.1 million.

In addition to the availability under the New Credit Facility, we had \$91.9 million of cash and cash equivalents at September 30, 2011, approximately \$70 million to \$75 million of which were required for daily operations.

Historically, we have funded our daily operations through net cash provided by operating activities and our significant capital expenditures primarily through operating cash flows, bank debt and other debt financing. If our existing sources of cash are insufficient to meet our operations and liquidity requirements, we will be required to seek additional financing that would likely be more expensive than the New Credit Facility and/or scale back our capital plans or reduce other expenditures. Any loss from service of our properties for any reason could materially adversely affect us, including our ability to fund daily operations and to satisfy debt covenants.

Off-Balance Sheet Arrangements

We do not have any off-balance sheet arrangements as defined in Item 303(a)(4)(ii) of Securities and Exchange Commission Regulation S-K.

Critical Accounting Policies and Estimates

We prepare our consolidated financial statements in conformity with accounting principles generally accepted in the United States. Certain of our accounting policies, including the estimated useful lives assigned to our assets, asset impairment, health benefit reserves, workers’ compensation and general liability reserves, purchase price allocations

made in connection with acquisitions, the determination of bad debt reserves and the calculation of our income tax liabilities, require that we apply significant judgment in defining the appropriate assumptions for calculating financial estimates. By their nature, these judgments are subject to an inherent degree of uncertainty. Our judgments are based in part on our historical experience, terms of existing contracts, observance of trends in the gaming industry and information obtained from independent valuation experts or other outside sources. We cannot assure you that our actual results will conform to our estimates. For additional information on critical accounting policies and estimates, see “Item 7. Management’s Discussion and Analysis of Financial Condition and Results of Operations” and the notes to our audited consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2010, and the notes to our consolidated financial statements included in this Quarterly Report on Form 10-Q.

Table of Contents

Forward-Looking Statements

This Quarterly Report contains certain forward looking statements, including the plans and objectives of management for our business, operations and financial performance. These forward looking statements generally can be identified by the context of the statement or the use of forward-looking terminology, such as “believes,” “estimates,” “anticipates,” “intends,” “expects,” “plans,” “is confident that,” “should” or words of similar meaning, with reference to us or our management. Similarly, statements that describe our future operating performance, financial results, financial position, plans, objectives, strategies or goals are forward-looking statements. Although management believes that the assumptions underlying the forward looking statements are reasonable at the time they are made, these assumptions and the forward-looking statements are subject to various factors, risks and uncertainties, many of which are beyond our control, including but not limited to uncertainties concerning operating cash flow in future periods, our borrowing capacity under the New Credit Facility or any replacement financing, our ability to undertake and complete capital expenditure projects in accordance with established budgets and schedules, changes in competitive conditions, regulatory restrictions and changes in regulation or legislation (including gaming tax and anti-smoking laws) that could affect us. Accordingly, actual results could differ materially from those contemplated by any forward-looking statement. In addition to the other risks and uncertainties mentioned in connection with certain forward-looking statements throughout this Quarterly Report, attention is directed to “Item 1A. Risk Factors” and “Item 7. Management’s Discussion and Analysis of Financial Condition and Results of Operations” in our Annual Report on Form 10-K for the year ended December 31, 2010, and “Item 1A. Risk Factors” in our Quarterly Report on Form 10-Q for the quarter ended June 30, 2011.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

Market risk is the risk of loss arising from adverse changes in market rates and prices, such as interest rates, foreign currency exchange rates and commodity prices. Our primary exposure to market risk is interest rate risk associated with our senior credit facility. Outstanding amounts borrowed under our senior credit facility bear interest at a rate equal to LIBOR (in the case of Eurodollar loans) or the prime interest rate (in the case of base rate loans), plus an applicable margin, or “add-on.” As of September 30, 2011, we had \$1.1 billion outstanding under our new senior credit facility, which represents approximately 59% of our total outstanding debt, bearing interest at variable rates indexed to one-month LIBOR, based on our election. At September 30, 2011, the average interest rate applicable to the senior credit facility debt outstanding was 3.6%. An increase of one percentage point in the interest rate applicable to the senior credit facility debt outstanding at September 30, 2011 would increase our annual interest cost and reduce our pre-tax income by \$6.1 million. The remaining 41% of our debt outstanding as of September 30, 2011, primarily consisting of our 7.5% senior notes due 2021, bears interest at fixed rates.

We have used interest rate swap agreements in the past to manage interest rate risk. (See “Note 7 - Derivative instruments and hedging activities” of Notes to Consolidated Financial Statements for more discussion of the interest rate swaps.) We may enter into additional swap transactions or other interest rate protection agreements from time to time in the future, although we have no current intention to do so.

Should we elect to use derivative instruments to hedge exposure to changes in interest rates in the future, we again would be exposed to the potential failure of our counterparties to perform under the terms of the agreements. We would seek to minimize this risk by entering into interest rate swap agreements with highly rated commercial banks.

Item 4. Controls and Procedures

(a) Evaluation of Disclosure Controls and Procedures

As required by Rule 13a-15(b) under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), the Company’s management, including our Chief Executive Officer and our Chief Financial Officer, has evaluated the effectiveness of our disclosure controls and procedures as of the end of the period covered by this Quarterly Report. Based on that evaluation, the Chief Executive Officer and the Chief Financial Officer have concluded that our

disclosure controls and procedures (as defined in Rule 13a-15(e) under the Exchange Act) were effective as of the end of the period covered by this Quarterly Report.

(b) Changes in Internal Control over Financial Reporting

As required by Rule 13a-15(d) under the Exchange Act, the Company's management, including our Chief Executive Officer and our Chief Financial Officer, has evaluated our internal control over financial reporting to determine whether any changes occurred during the third fiscal quarter of 2011 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting. Based on that evaluation, there has been no such change during the third fiscal quarter of 2011.

Table of Contents

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

Reference is made to the legal proceedings reported under the caption “East Chicago Local Development Agreement Litigation” in Item 3 of Part I of our Annual Report on Form 10-K for the year ended December 31, 2010, as updated in Item 1 of Part II of our Quarterly Report on Form 10-Q for the quarter ended June 30, 2011. In accordance with the previously reported settlement reached by the parties, on September 29, 2011, the two lawsuits in which we were a defendant were dismissed with prejudice (except for certain claims not involving the Company).

Reference is made to the legal proceedings reported under the caption “St. Charles Hotel Project Construction Litigation” in Item 3 of Part I of our Annual Report on Form 10-K for the year ended December 31, 2010. On November 3, 2011, we entered into an agreement in principle to settle our pending litigation with Walton Construction Company, L.L.C. (“Walton”). The litigation relates to our November 2005 contract with Walton for the construction of the 397-suite hotel and related amenities at Ameristar St. Charles. We agreed to pay \$9.25 million upon the execution of a mutual release and settlement agreement and dismissal of all claims arising out of or relating to the construction contract or the project.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

(c) During the three months ended September 30, 2011, we purchased the following shares of our outstanding common stock.

Period	Total Number of Shares Purchased	Average Price Paid per Share	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs ⁽¹⁾	Approximate Dollar Value of Shares That May Yet be Purchased Under the Plans or Programs ⁽¹⁾
July 1, 2011 - July 31, 2011	—	\$—	—	\$—
August 1, 2011 - August 31, 2011	—	—	—	—
September 1, 2011 - September 30, 2011	166,519	16.49	166,519	72,253,400
Total	166,519		166,519	

On September 15, 2011, our Board of Directors approved the repurchase of up to \$75 million of our common stock in a stock repurchase program. The program provides that the shares may be repurchased through September 30, (1)2014 in open market transactions or privately negotiated transactions at the our discretion, subject to market conditions and other factors. We are not obligated to purchase any shares under the stock repurchase program, and purchases may be discontinued, or the stock repurchase program may be modified or terminated, at any time.
