FIRST QUARTER 2009 RESULTS

“Technology Leadership, Efficiency and Customer Focus Produce Solid Results”

Istanbul, Turkey, May 13, 2009 – Turkcell (NYSE:TKC, ISE:TCELL), the leading provider of mobile communications services in Turkey, today announced results for the first quarter ended March 31, 2009. All financial results in this press release are unaudited, prepared in accordance with International Financial Reporting Standards (“IFRS”) and expressed in US\$.

Edgar Filing: TURKCELL ILETISIM HIZMETLERI A S - Form 6-K

Please note that all financial data is consolidated and comprises Turkcell Iletisim Hizmetleri A.S., (the “Company”, or “Turkcell”) and its subsidiaries and its associates (together referred to as the “Group”). All non-financial data is unconsolidated and comprises Turkcell only. The terms “we”, “us”, and “our” in this press release refer only to the Company, except in discussions of financial data, where such terms refer to the Group, and where context otherwise requires.

Page 1 of 17

Highlights of the quarter

- § Turkcell recorded strong financial results despite the global economic downturn, which became more visible in Turkey since the fourth quarter of 2008, leading to a 38% year on year depreciation of TRY against US\$ on average
- § Revenue increased by 12.3% to TRY2,103 million (TRY1,873 million) and net income slightly decreased to TRY563 million (TRY583 million) year on year
- § EBITDA* increased by 12.6% to TRY774 million (TRY687 million) compared to Q1 2008.
- § EBITDA margin in 1Q 2009 improved by 3.8 pp compared to the previous quarter due to effective cost management
- § Revenue decreased by 18.5% to US\$1,283 million (US\$1,574 million), EBITDA decreased by 18.2% to US\$472 million (US\$577 million), and net income decreased by 29.3% to US\$344 million (US\$487 million) in US\$ terms compared to Q1 2008 mainly due to the impact of the depreciation of the TRY
- § Group subscribers annually increased by 9% to 61.4 million with 1.3 million new subscriptions from Turkcell Turkey and 2.1 million from Astelit
- § Turkcell decided to distribute TRY1,098 million (approximately US\$706 million as of May 13, 2009) as cash dividends, representing a 69% increase compared to the previous year

**EBITDA is a non-GAAP financial measure. See pages 14-15 for the reconciliation of EBITDA to net cash from operating activities.*

In this press release, a year on year comparison of our key indicators is provided and figures in parentheses following the operational and financial results for the first quarter 2009 refer to the same item in the first quarter of 2008. For further details, please refer to our consolidated financial statements and notes as at and for the quarter ended March 31, 2009 which can be accessed via our web site in the investor relations section (www.turkcell.com.tr).

Comments from the CEO, Sureyya Ciliv

"I am very pleased that Turkcell's technology leadership, improved efficiency and customer focus resulted in solid financial results in the first quarter of 2009 despite the global economic downturn. Revenues increased by 12.3% to TRY2,103 million, EBITDA increased by 12.6% to TRY774 million and Net Income slightly decreased by 3.5% to TRY563 million compared to last year. EBITDA margin improved by 3.8 points from the previous quarter to 37%. VAS revenues for the quarter grew 26%, to 16% of our consolidated revenues up from 14% in the first quarter of 2008. We also announced a record cash dividend distribution of TRY1,098 million to our shareholders.

We plan to build on our strengths in technology, efficiency, and customer service. We are particularly excited about launching 3G services in Turkey within 3 months. We see this as a major opportunity to further differentiate Turkcell from competition through innovative services.

I would like to thank all of our employees, customers, business partners and shareholders for their enormous contribution in helping create a winning culture in Turkcell and their continuing support. For this reason, we are very excited and confident about the future.”

OVERVIEW OF THE QUARTER

The first quarter of 2009 has been another challenging period during which the impact of the global macroeconomic volatility on Turkey’s financial markets became more evident.

In addition, as expected, competition intensified while operators continued to focus on lower flat rate packages and offered unlimited schemes for the first time.

Turkcell focused on maintaining ARPU by increasing average monthly minutes of use per subscriber. We succeeded in growing our postpaid subscriber base, and put a priority on ensuring the retention of value subscribers. We continued to promote on-net usage with new, attractive campaigns and a simplified tariff structure. We successfully promoted usage of value added services; VAS revenues improved by 26% in TRY terms compared to a year ago and, constituted 16% of our consolidated revenue in the first quarter of 2009.

On November 9th 2008, the Mobile Number Portability began in our market. We believe, as a leading player, we have been managing the process successfully. As we have predicted before, the mobile number portability implementation did not have a major impact on market balances in Turkey, thanks to level of satisfaction and loyalty of our subscriber base.

During the quarter, we continued to underline our strong value propositions, enhancing our activities to our mass customer base besides our youth and corporate club members. As a result, during the quarter, we maintained our leading position with 56% subscriber market share and further sustained our share of traffic and revenue.

Macro environment Information

	Q1 2008	Q4 2008	Q1 2009	Q1 2009-Q1 2008 % Chg	Q1 2009-Q4 2008 % Chg
TRY / US\$ rate					
Closing Rate	1.2765	1.5123	1.6880	32.2%	11.6%
Average Rate	1.1898	1.4769	1.6407	37.9%	11.1%
INFLATION					
Consumer Price Index	3.1%	3.0%	1.0%	(2.1)pp	(2.0)pp
GDP Growth	7.3%	(6.2%)	n/a	-	-

The TRY deteriorated sharply against the USD by 37.9 % year on year and 11.1% compared to the previous quarter, impacting our USD financial results. GDP contracted 6.2% during the fourth quarter of 2008. The global crisis has also adversely affected the Ukrainian and the Belarusian economies. In the first quarter of 2009 the Ukrainian Hrvinia devalued by 52% against USD and Belarus devalued its currency by 26% against USD year on year.

While determining our business plans, we will continue to closely monitor and take into consideration the potential impact of global volatility on the economies in which we operate.

Financial and Operational Review of the First Quarter 2009

The following discussion focuses principally on the developments and trends in our business in the first quarter of 2009. Selected financial information for the first quarter of 2008, fourth quarter of 2008 and first quarter of 2009 is also included at the end of this press release.

For your convenience, selected financial information in TRY prepared in line with the Capital Markets Board of Turkey's standards is also included at the end of this press release.

Net Income	486.8	319.8	344.2	(29.3%)	7.6%	562.6	(3.5%)	21.7%

Revenue: Despite the continuing challenges due to the macroeconomic environment, the increase in Turkcell's subscriber base, the partial effect of the increase in usage and upward price adjustments contributed positively to our revenue compared to a year ago. In TRY terms, revenue increased by 12.3% to TRY 2,103.4 million compared to a year ago, although Turkcell recorded revenue of US\$1,283.1 million for the first quarter, down 18.5% mainly due to the depreciation of TRY against USD.

Quarter on quarter, revenue decreased by 19.0%, driven by the worsened macroeconomic environment and lower subscriber base and decreasing contribution from our consolidated subsidiaries as well as depreciation of TRY against USD.

Direct cost of revenues: Direct cost of revenues including depreciation and amortization decreased by 23.6% to US\$630.7 million in the first quarter of 2009 and the share in total revenues decreased to 49.2% from 52.4% compared to a year ago. This was mainly due to lower depreciation and amortization expenses (3.0 pp), wages and salaries (0.7 pp) and interconnect costs (1.2 pp) - and despite an increase in network related costs (0.5 pp) and handset costs given as part of our loyalty programs (1.1 pp) as a percent of revenues.

Compared to a quarter ago, direct cost of revenues including depreciation and amortization decreased by 21.3% and as a proportion of revenues it decreased by 1.4 pp primarily due to a decrease in handset costs given as part of our loyalty programs (1.4 pp) due to the i-Phone campaign launched in the fourth quarter, lower network related expenses (0.6 pp), and roaming expenses (0.4 pp) despite higher interconnect costs (0.8 pp) as a percent of revenues.

Selling and marketing expenses: Selling and marketing expenses remained flat at 18.6% as a percentage of revenue in the first quarter of the year and when compared to a year ago decreased by 18.4% in nominal terms to US\$238.7 million mainly due to the depreciation of TRY against USD.

Compared to the previous quarter, selling and marketing expenses decreased by 26.8% including the currency depreciation effect and its share in revenue decreased by 2.0 pp as a result of lower advertising expenses and lower subscriber acquisitions, although the frequency usage fees increased as a percentage of revenues due to the increase in prepaid subscriber base and fee per subscriber.

Administrative expenses: General and administrative expenses as a percentage of revenue remained broadly flat year on year at 4.7% as the decrease in wages and salaries was offset by higher bad debt expense.

Compared to the previous quarter, general and administrative expenses decreased by 21.0% in nominal terms and remained almost flat as a percentage of revenue.

Share of profit of equity accounted investees: In the first quarter of 2009, our share in net income of unconsolidated investees, consisting of the net income/(expense) impact of Fintur and A-Tel, decreased by 51.8% to US\$9.6 million including the negative effect of exchange rate fluctuations.

The results of our 50% owned subsidiary A-Tel impacted two items in our financial statements. A-Tel's revenue generated from Turkcell, amounting to US\$8.4 million, is netted off from the selling and marketing expenses in our consolidated financial statements. The difference between the total net impact of A-Tel and the amount netted off from selling and marketing expenses amounted to US\$1.3 million and is recorded in the 'share of profit of equity accounted investees' line of our financial statements.

Net finance income/(expense): We recorded net financial income of US\$108.5 million compared to US\$209.4 million in the same quarter of 2008. During the quarter, we recorded translation gain from exchange rate fluctuations between TRY versus USD and Euro on Turkcell's long foreign exchange position which were partly offset by the translation loss recognized on the deferred payment for the Belarussian Telecom acquisition.

The absence of the translation loss from Astelit was the main driver behind recording net financial income as opposed to a net financial expense of US\$41.5 million in the previous quarter.

Income tax expense: The total taxation charge in the first quarter of 2009 decreased to US\$120.1 million from US\$126.3 million in the same quarter of last year.

Out of the total tax charge, US\$85.3 million was related to current tax charges and a deferred tax expense of US\$34.8 million was realized during the quarter.

	Q108	Q408	Q109	Q109-Q108	Q109-Q408
				% Chg	% Chg
Current tax expense	(146.9)	(135.2)	(85.3)	(41.9%)	(36.9%)
Deferred Tax income / (expense)	20.6	(9.1)	(34.8)	(268.9%)	282.4%
Income Tax expense	(126.3)	(144.3)	(120.1)	(4.9%)	(16.8%)

EBITDA¹: EBITDA, in nominal terms, declined by 18.2% to US\$472.2 million while the EBITDA margin broadly maintained at 36.8%.

EBITDA in TRY terms increased by 12.6% to TRY 773.6 million compared to a year ago as a result of higher revenue and maintained operational efficiency.

Compared to the fourth quarter of 2008, EBITDA margin improved by 3.8 pp, driven by the decrease in our cost base mainly due to lower MNP related activities and lower subscriber acquisitions.

Net income: Net income declined by 29.3% year on year to US\$344.2 million, negatively impacted by the exchange rate fluctuations. Net income margin was 26.8% with a 4.1 pp year on year decline primarily due to the lower translation gain recorded.

The quarter on quarter increase of 7.6% in net income was mainly due to the decrease in costs as a percentage of revenue along with a translation gain as opposed to the translation loss recorded in the previous quarter. As a result, compared to the previous quarter, net income margin improved by 6.6 pp.

Total Debt: Consolidated debt amounted to US\$776.9 million as of March 31, 2009. US\$544.6 million of this was related to Turkcell's Ukrainian operations. All of our consolidated debt is at a floating rate and US\$605.6 million will mature in less than a year. Despite having a strong balance sheet with a solid cash position and debt/annual EBITDA of 41%, we may consider rolling over Astelit's \$390 million debt in 2009.

¹ EBITDA is a non-GAAP financial measure. See pages 13-14 for the reconciliation of EBITDA to net cash from operating activities.

Consolidated Cash Flow (million US\$)	Q108	Q408	Q109
EBITDA	577.0	524.5	472.2
LESS:			
Capex and License	(192.5)	(210.6)	(252.0)
Turkcell	(97.8)	(111.0)	(181.6)
Ukraine*	(55.5)	5.2	(42.2)
Investment & Marketable Securities	(25.0)	46.6	(76.4)
Net Interest Income/Expense	83.6	74.7	61.1
Other	(456.5)	(369.9)	(617.4)
Net Change in Debt	7.5	37.7	(4.1)
Cash Generated	(5.9)	103.0	(416.6)
Cash Balance	3,089.4	3,259.8	2,843.2

(*)The devaluation of local currency against USD is included in this line.

Cash Flow Analysis: Capital expenditures in the first quarter of 2009 amounted to US\$252.0 million of which US\$42.2 million was related to the Ukrainian operations.

Turkcell recorded free cash flow (cash flow from operating activities minus capital expenditure) of (US\$216.4) million, compared to (US\$30.1) million a year ago primarily due to increase in capital expenditures and decrease in EBITDA.

Other items were mainly composed of frequency usage fee payment for prepaid subscribers amounting to US\$157 million and temporary tax payment amounting to US\$108 million.

Recently we paid 3G license fee of US\$453 million excluding VAT and we are going to pay a record dividend of TRY1.098.2 million. Therefore, our cash balance will decrease further in the coming days.

Operational Review

Summary of				Q109-Q108	Q109-Q408

ARPU, prepaid (US\$)	7.8	8.1	6.5	(16.7%)	(19.8%)
ARPU, blended (TRY)	15.7	18.6	17.1	8.9%	(8.1%)
ARPU, postpaid (TRY)	44.5	45.2	41.4	(7.0%)	(8.4%)
ARPU, prepaid (TRY)	9.2	11.9	10.6	15.2%	(10.9%)
Churn (%)	7.2%	6.2%	8.2%	1.0 pp	2.0 pp
MOU (Average Monthly Minutes of usage per subscriber), blended	73.6	108.2	107.1	45.5%	(1.0%)

Subscribers: As of March 31, 2009, our subscriber base totaled 36.4 million, increasing 3.7% compared to the first quarter of 2008. Our value focused subscriber acquisition approach continued in the first quarter of 2009, and we recorded the highest gross postpaid acquisition ever. Our postpaid subscriber base continued its upward trend, reaching 7.8 million, a 18.2% year on year increase. In a highly competitive market due to MNP implementation, which contributed to higher churn, our prepaid subscriber base remained at last year's level with 28.6 million. On a quarterly basis, we recorded a net subscriber loss of 595,000, yet managed to increase our postpaid subscriber base by 329,000. Of the total subscribers, the share of postpaid improved to 21.4% from 18.8% a year ago in line with our value focused subscriber acquisition approach.

Edgar Filing: TURKCELL ILETISIM HIZMETLERI A S - Form 6-K

Although we cannot quantify the impact of the macro economic developments in our market, we observe that the influence becomes more pronounced as the economic growth slows down, negatively reflecting on subscriptions and usage trends. So far, the impact has been limited.

Accordingly, we expect the mobile line penetration to remain at the 2008 level of 92% in 2009 and thus, expect some contraction in our subscriber base.

Churn Rate: Churn refers to voluntarily and involuntarily disconnected subscribers. In the first quarter of 2009, our churn rate increased to 8.2% from 7.2% a year ago. This was due to the

Page 9 of 17

aggressive competitive environment in the initial stages of MNP implementation and economic downturn in the Turkish market. The majority of the churners were low ARPU generating prepaid and postpaid subscribers, also resulting in a contraction in our subscriber base.

MoU: In the first quarter of 2009, our blended minutes of usage per subscriber (“MoU”) increased to 107.1 minutes, up by 45.5% compared to last year when the regulatory developments regarding retail pricing led to a slowdown in our mass offers. The effective communication of our usage incentives both for the postpaid and prepaid subscribers enabled us to sustain strong MoU in the first quarter of 2009 despite the economic slowdown, which adversely affected consumer spending in Turkey.

ARPU: In the first quarter of 2009, our blended average revenue per user (“ARPU”) decreased by 21.2% to US\$10.4 mainly due to the 38% depreciation of TRY against US\$. ARPU in TRY terms increased by 8.9% to TRY17.1 compared to the same quarter in 2008 despite lower MTRs. The increase in year on year ARPU was partially due to the positive impact of value added services and the usage incentives provided in the first quarter of 2009 as well as customer loyalty programs. This contrasts with last year when the regulatory developments regarding retail pricing as described above led to slowdown in revenue-triggering mass offers and thus lower ARPU levels.

Post paid ARPU in TRY terms was TRY41.4 with a 7.0% year on year decrease, mainly due to worsened macroeconomic environment and an increase in subscriptions to tariffs in the form of minute packages and higher postpaid subscriber base.

Prepaid ARPU in TRY terms increased by 15.2% to TRY10.6 in the first quarter of 2009, mainly due to the effects of new tariffs and campaigns.

Dividend Distribution

Turkcell's general dividend policy is to pay dividends to shareholders in line with the company's financial conditions. On May 8, 2009, the Turkcell Board of Directors' dividend distribution proposal was approved at the Ordinary General Assembly of Shareholders. The distribution of cash dividends in an amount of approximately TRY1,098.2 million (approximately US\$706.2 million as of May 13, 2009) represents a 69% increase compared to the previous year.

This corresponds to 50% of Turkcell's distributable net income of 2008 and represents a net and gross cash dividend of TRY0.4991787 (approximately US\$0.3210152 as of May 13, 2009) per ordinary share with a nominal value of TRY1 and approximately TRY1.2479475 (approximately US\$0.8025386 as of May 13, 2009) per ADR.

Regulatory Environment

On April 10, 2009, Information and Communication Technologies Authority (“ICTA”) revised termination rates for the Turkish Market effective May 1, 2009. This resulted in a reduction in Turkcell’s MTR by 28% to TRY0.0655, following the 33% reduction in 2008. Currently, Turkcell’s MTRs are 70% below the EU averages whereas the fixed line termination rates remained unchanged and above the EU averages. Additionally, recent rates announced by ICTA kept the asymmetry between the mobile operators. The asymmetry between Turkcell and Avea changed from 23% to 18% and between Turkcell and Vodafone from 4% to 3%.

Additionally, ICTA has set a lower limit to on-net retail tariffs of Turkcell only, and has decreased the price cap for all GSM operators. The lower limit applies to each of Turkcell’s retail tariff packages by mandating that the weighted average on-net price of a tariff package shall not be less than Turkcell’s weighted average call termination rate. ICTA decision also reduces the current price cap from 0.80 TRY/min (VAT, SCT incl.), which pertains to general tariff packages, to 0.64 TRY/min. The Resolution has also set such price as an upper limit for special tariff packages.

We believe that some of ICTA’s decisions constitute interference with our retail pricing and may be in conflict with our license agreement and fair competition laws. Therefore, we are evaluating legal actions to protect our rights. However, currently we do not foresee any changes to our guidance in 2009 due to these developments.

Following the 3G tender process conducted by ICTA in November 2008 for the issue of four separate licenses regarding the authorization for providing IMT 2000/UMTS services and infrastructure, Turkcell won the A type 3G license, for a consideration of EUR358 million (excluding VAT). The approval process was completed and the license agreement was signed on April 30, 2009. The implementation of 3G in the Turkish market is expected within 3 months. Regarding the establishment of 3G infrastructure throughout Turkey, we signed contracts with Ericsson Telekomunikasyon A.S. and Huawei International Pte.Ltd.

The issuance of the Fixed Telephony Service licenses and Fixed Number Portability implementation are expected in 2009. The liberalization in Turkey is scheduled to start on May 10. However, several regulatory authorizations has to be taken in order ensure market practice in line with liberalization objectives. The acceleration in the liberalization process in the Turkish Market will help ensure a more fair competitive environment in the longer term we believe will be beneficial to business environment in Turkey.

International Operations

Fintur

Turkcell holds a 41.45% stake in Fintur and through Fintur has interests in GSM operations in Kazakhstan, Azerbaijan, Moldova, and Georgia.

FINTUR	Q108	Q408	Q109	Q109-Q108	Q109-Q408

Other*	1	1	(1)	n.a.	n.a.
TOTAL	404	473	373	(7.7%)	(21.1%)

(*) includes intersegment eliminations

Fintur maintained its positions in the markets in which it operates despite the deepening economic downturn especially in Kazakhstan, Azerbaijan and Georgia, and its total subscriber base grew to 12.8 million. However, consolidated revenue decreased by 8% on an annual basis to US\$373 million in the first quarter of 2009..

We account for our investment in Fintur using the equity pick up method. Fintur's contribution to income decreased to US\$18.1 million in the first quarter of 2009 as economic downturn became more evident.

Astelit

Astelit, in which we hold a 55% stake through Euroasia, has operated in Ukraine since February 2005 under the brand "life:").

Edgar Filing: TURKCELL ILETISIM HIZMETLERI A S - Form 6-K

- § Along with a worsening economic and political macro-economic environment in Ukraine, the Hrvinia depreciated by around 52% against USD as of March 31, 2009 compared to a year ago although remained stable compared to the previous quarter.
- § Astelit's revenue declined by 12.3% year on year to US\$79.1 million mainly due to the depreciation effect of the local currency against the US\$.
- § Astelit recorded a positive EBITDA² of US\$3.6 million during the first quarter. The decline compared to the previous quarter was mainly due to decrease in revenues.

² EBITDA is a non-GAAP financial measure. See page 14-15 for the reconciliation of Euroasia's EBITDA to net cash from operating activities. Euroasia holds 100% stake in Astelit.

- § Astelit's subscribers reached 11.5 million with a market share of 21.1% and growth of 22.3% on an annual basis. In the first quarter of 2009:
- o 3 month active subscriber base grew 37.9% year on year and reached 70% of the total subscriber base and market share improved to 16.1%.
 - o 3 month active ARPU decreased by 35.2% on an annual basis.
- § Astelit spent US\$42.2 million in the first quarter of the year in capital expenditure.

As a long term committed shareholder we are pleased with the performance of Astelit and we believe that the macroeconomic challenges will be overcome with minimum impact.

Summary Data for Astelit	Q108	Q408	Q109	Q109-Q108	Q109-Q408
				% Chg	% Chg

Reconciliation of Non-GAAP Financial Measures

We believe that EBITDA is a measure commonly used by companies, analysts and investors in the telecommunications industry, which enhances the understanding of our cash generation ability and liquidity position and assists in the evaluation of our capacity to meet our financial obligations. We also use EBITDA as an internal measurement tool and, accordingly, we believe that the presentation of EBITDA provides useful and relevant information to analysts and investors.

Beginning from the 2006 fiscal year, we have revised the definition of EBITDA which we use and we report EBITDA using this new definition starting from the first quarter of 2006 results announcement to provide a new measure to reflect solely cash flow from operations.

The EBITDA definition used in our previous press releases and announcements had included Revenue, Direct Cost of Revenue excluding depreciation and amortization, Selling and Marketing expenses, Administrative expenses, translation gain/(loss), financial income, share of profit of equity accounted investees, gain on sale of investments, income/(loss) from related parties, minority interest and other income/(expense). Our new EBITDA definition includes Revenue, Direct Cost of Revenue excluding depreciation and amortization, Selling and Marketing expenses and Administrative expenses, but excludes translation gain/(loss), financial income, share of profit of equity accounted investees, gain on sale of investments, income/(loss) from related parties, minority interest and other income/(expense).

EBITDA is not a measure of financial performance under IFRS and should not be construed as a substitute for net earnings (loss) as a measure of performance or cash flow from operations as a measure of liquidity.

The following table provides a reconciliation of EBITDA, which is a non-GAAP financial measure, to net cash from operating activities, which we believe is the most directly comparable financial measure calculated and presented in accordance with IFRS.

TURKCELL				Q109-Q108 Q109-Q408	
	Q108	Q408	Q109	% Chg	% Chg
US\$ million

Net cash from operating activities	20.5	(52.2)	9.5	(53.7%)	(118.2%)

Turkcell Group Subscribers

We had approximately 61.4 million GSM subscribers as of March 31, 2009. This figure is calculated by taking the number of GSM subscribers in Turkcell and each of our subsidiaries and unconsolidated investees. This figure includes the total number of GSM subscribers in Astelit, BeST, in our operations in the Turkish Republic of Northern Cyprus ("Northern Cyprus") and Fintur. In the past, when presenting our total group subscribers, we have presented this figure on a proportional basis, adjusted to reflect our ownership interest in each subsidiary. We believe that the method of calculation given above is a good indicator of our Group's reach and intend to use this new method of calculation going forward.

Turkcell Group Subscribers	Q108	Q408	Q109	Q109-Q108 Q109-Q408	
				% Chg	% Chg
(million)					
Turkcell	35.1	37.0	36.4	3.7%	(1.6%)
Ukraine	9.4	11.2	11.5	22.3%	2.7%
Fintur	11.6	12.8	12.8	10.3%	0.0%

Belarus	-	0.2	0.4	n.a.	100.0%
TURKCELL GROUP	56.4	61.5	61.4	8.9%	(0.2%)

Forward-Looking Statements

This release includes forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, Section 21E of the Securities Exchange Act of 1934 and the Safe Harbor provisions of the US Private Securities Litigation Reform Act of 1995. All statements other than statements of historical facts included in this press release, including, without limitation, certain statements regarding our operations, financial position and business strategy may constitute forward-looking statements. In addition, forward-looking statements generally can be identified by the use of forward-looking terminology such as, among others, "may," "will," "expect," "intend," "plan," "estimate," "anticipate," "believe" or "continue."

Although Turkcell believes that the expectations reflected in such forward-looking statements are reasonable at this time, it can give no assurance that such expectations will prove to be correct. Given these uncertainties, readers are cautioned not to place undue reliance on such forward-looking statements particularly in the current operating and macro environment. All subsequent written and oral forward-looking statements attributable to us are expressly qualified in their entirety by reference to these cautionary statements.

For a discussion of certain factors that may affect the outcome of such forward looking statements, see our Annual Report on Form 20-F for 2007 filed with the U.S. Securities and Exchange Commission, and in particular the risk factor section therein.

We undertake no duty to update or revise any forward looking statements, whether as a result of new information, future events or otherwise.

ABOUT TURKCELL

Turkcell is the leading GSM operator in Turkey with 36.4 million postpaid and prepaid customers as of March 31, 2009 operating in a three player market with a market share of approximately 56% as of December 31, 2008 (Source: operators' announcements). In addition to high-quality wireless telephone services, Turkcell currently offers General Packet Radio Service ("GPRS") countrywide and Enhanced Data Rates for GSM Evolution ("EDGE") in dense areas, which provide for both improved data and voice services. Turkcell provides roaming with 614 operators in 202 countries as of April 22, 2009. Serving a large subscriber base in Turkey with its high-quality wireless telephone network, Turkcell reported US\$1.3 billion net revenue for the quarter ended March 31, 2009 as per IFRS financial statements. Turkcell has interests in international GSM operations in Azerbaijan, Belarus, Georgia, Kazakhstan, Moldova, Northern Cyprus and Ukraine. Turkcell has been listed on the NYSE ("New York Stock Exchange") and the ISE ("Istanbul Stock Exchange") since July 2000 and is the only NYSE listed company in Turkey. 51.00% of Turkcell's share capital is held by Turkcell Holding, 0.05% by Cukurova Group, 13.07% by Sonera Holding, 2.32% by M.V. Group and 0.08% by others while the remaining 33.48% is free float.

NOTES TO THE CONSOLIDATED INTERIM FINANCIAL STATEMENTS

As at and for the three months ended 31 March 2009

(Amounts expressed in thousands of US Dollars unless otherwise indicated except share amounts)

1. Reporting entity

Turkcell Iletisim Hizmetleri Anonim Sirketi (the Company) was incorporated in Turkey on 5 October 1993 and commenced its operations in 1994. The address of the Company's registered office is Turkcell Plaza, Mesrutiyet caddesi No. 71, 34430 Tepebasi/Istanbul. It is engaged in establishing and operating a Global System for Mobile Communications (GSM) network in Turkey and regional states.

In April 1998, the Company signed a license agreement (the License) with the Ministry of Transportation and Communications of Turkey (the Turkish Ministry), under which it was granted a 25 year GSM license in exchange for a license fee of \$500,000. The License permits the Company to operate as a stand-alone GSM operator and releases it from some of the operating constraints in the Revenue Sharing Agreement, which was in effect prior to the License. Under the License, the Company collects all of the revenue generated from the operations of its GSM network and pays the Undersecretariat of Treasury (the Turkish Treasury) an ongoing license fee equal to 15% of its gross revenue from Turkish GSM operations. The Company continues to build and operate its GSM network and is authorized to, among other things, set its own tariffs within certain limits, charge peak and off-peak rates, offer a variety of service and pricing packages, issue invoices directly to subscribers, collect payments and deal directly with subscribers. Following the 3G tender held by the Information Technologies and Communications Authority (ICTA) regarding the authorization for providing IMT-2000/UMTS services and infrastructure, the Company has been granted the A-Type license providing the widest frequency band, at a consideration of EUR 358 million (excluding Value Added Tax (VAT)). Payment of the 3G license was made in cash, following the necessary approvals, on 30 April 2009.

On 25 June 2005, the Turkish government declared that GSM operators are required to pay 10% of their existing monthly ongoing license fee to the Turkish Ministry as a universal service fund contribution in accordance with Law No: 5369. As a result, starting from 30 June 2005, the Company pays 90% of the ongoing license fee to the Turkish Treasury and 10% to the Turkish Ministry as universal service fund.

In July 2000, the Company completed an initial public offering with the listing of its ordinary shares on the Istanbul Stock Exchange and American Depositary Shares, or ADSs, on the New York Stock Exchange.

As at 31 March 2009, two significant founding shareholders, Sonera Holding BV and Cukurova Group, directly and indirectly, own approximately 37.1% and 13.8%, respectively of the Company's share capital and are ultimate counterparties to a number of transactions that are discussed in the related party footnote. On the basis of publicly available information, Alfa Group, which previously held, indirectly through Cukurova Telecom Holdings Limited and Turkcell Holding A.S., 13.2% of Company's shares, has reduced its stake to 4.99% following litigation with Telenor ASA (Telenor Group). It has been understood that Alfa Group sold 62.2% of its holdings in Alfa Telecom Turkey Limited (ATTL) to Visor Group affiliate Nadash International Holdings Inc. (Nadash) and Alexander Mamut's Henri Services Limited (HSL) which now own indirectly 4.26% and 3.97%, respectively, of Company's share capital.

The consolidated interim financial statements of the Company as at and for the three months ended 31 March 2009 comprise the Company and its subsidiaries (together referred to as the Group) and the Group's interest in one associate and one joint venture. Subsidiaries of the Company, their locations and their business are given in note 33. The Company's and each of its subsidiaries', associate's and joint venture's interim financial statements are prepared as at and for the three months ended 31 March 2009.

TURKCELL ILETISIM HIZMETLERI AS AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED INTERIM FINANCIAL STATEMENTS

As at and for the three months ended 31 March 2009

(Amounts expressed in thousands of US Dollars unless otherwise indicated except share amounts)

2. Basis of preparation

(a) Statement of compliance

The consolidated interim financial statements have been prepared in accordance with International Financial Reporting Standards (IFRSs) as issued by the International Accounting Standards Board (IASB) for interim financial statements.

The Group s consolidated interim financial statements were approved by the Board of Directors on 13 May 2009.

(b) Basis of measurement

The accompanying consolidated interim financial statements are based on the statutory records, with adjustments and reclassifications for the purpose of fair presentation in accordance with IFRSs as issued by the IASB. They are prepared on the historical cost basis adjusted for the effects of inflation during the hyperinflationary period lasted by 31 December 2005, except that the following assets and liabilities are stated at their fair value: derivative financial instruments and financial instruments classified as available-for-sale. The methods used to measure fair value are further discussed in note 4.

(c) Functional and presentation currency

The consolidated interim financial statements are presented in US Dollars (USD), rounded to the nearest thousand. Moreover, all financial information expressed in Turkish Lira (TRY), Euro (EUR) and Swedish Krona (SEK) have been rounded to the nearest thousand. The functional currency of the Company and its consolidated subsidiaries located in Turkey and Turkish Republic of Northern Cyprus is TRY. The functional currency of Euroasia Telecommunications Holding BV (Euroasia) and Financell BV (Financell) is USD. The functional currency of East Asian Consortium BV (Eastasia), Beltur BV and Surtur BV is EUR. The functional currency of LLC Astelit (Astelit), Global Bilgi LLC (Global LLC) and UkrTower LLC (UkrTower) is Ukrainian Hryvnia (HRV). The functional currency of Belarussian Telecommunications Network (Belarussian Telecom) is Belarussian Roubles (BYR).

According to the Article No:33 of the Ministry of State, it has been decided to change the name of New Turkish Lira as Turkish Lira removing the phrase New which is executed on 1 January 2009 in accordance with the first item of Law No: 5083.

(d) Use of estimates and judgments

The preparation of interim financial statements in conformity with International Accounting Standards No.34 (IAS 34) *Interim Financial Reporting* (IAS 34) requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

Information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognised in the consolidated interim financial statements are described in notes 4 and 31 and detailed analysis with respect to accounting estimates and critical judgments of bad debts, useful lives or expected patterns of consumption of the future economic benefits embodied in depreciable assets, income taxes and revenue recognition are provided below:

TURKCELL ILETISIM HIZMETLERI AS AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED INTERIM FINANCIAL STATEMENTS

As at and for the three months ended 31 March 2009

(Amounts expressed in thousands of US Dollars unless otherwise indicated except share amounts)

2. Basis of preparation (continued)

(d) Use of estimates and judgments (continued)

Key sources of estimation uncertainty

In note 28, detailed analysis is provided for the foreign exchange exposure of the Group and risks in relation to foreign exchange movements.

Critical accounting judgments in applying the Group's accounting policies

Certain critical accounting judgments in applying the Group's accounting policies are described below:

Allowance for doubtful receivables

The impairment losses in trade and other receivables are based on management's evaluation of the volume of the receivables outstanding, historical collection trends and general economic conditions. Should economic conditions, collection trends or any specific industry trend worsen compared to management estimates, allowance for doubtful receivables recognised in consolidated interim financial statements may not be sufficient to cover bad debts.

Useful lives of assets

The useful economic lives of the Group's assets are determined by management at the time the asset is acquired and regularly reviewed for appropriateness. The Group defines useful life of its assets in terms of the assets' expected utility to the Group. This judgment is based on the experience of the Group with similar assets. In determining the useful life of an asset, the Group also follows technical and/or commercial obsolescence arising on changes or improvements from a change in the market. The useful life of the licenses are based on duration of the sold license agreement.

The GSM license that is held by Belarussian Telecom, newly acquired consolidated subsidiary, expires in 2015. According to the Share Purchase Agreement signed, the State Committee on Property of the Republic of Belarus committed to grant the license from the acquisition date of 26 August 2008 for a period of 10 years and such license shall be extended for an additional 10 years for an insignificant consideration. In the consolidated interim financial statements, amortization charge is recorded on the assumption that the license will be extended.

Commission fees

Commission fees relate to services performed in relation to betting games where the Group acts as an agent in the transaction rather than as a principal. In the absence of specific guidance under IFRSs on distinguishing between an agent and a principal, management considered the following factors:

The Group does not take the responsibility for fulfilment of the games.

The Group does not collect the proceeds from the final customer and it does not bear the credit risk.

The Group earns a stated percentage of the total turnover.

Revenue recognition

Edgar Filing: TURKCELL ILETISIM HIZMETLERI A S - Form 6-K

In arrangements which include multiple elements, the Group considers the elements to be separate units of accounting in the arrangement. Deliverables are accounted separately where a market for each deliverable exists and if the recognition criterion is met individually. The arrangement consideration is allocated to each deliverable in proportion to the fair value of the individual deliverables.

9

TURKCELL ILETISIM HIZMETLERI AS AND ITS SUBSIDIARIES

As at and for the three months ended 31 March 2009

(Amounts expressed in thousands of US Dollars unless otherwise indicated except share amounts)

2. Basis of preparation (continued)

(d) Use of estimates and judgments (continued)

Critical accounting judgments in applying the Company's accounting policies (continued)

Income taxes

The calculation of income taxes involves a degree of estimation and judgment in respect of certain items whose tax treatment cannot be finally determined until resolution has been reached with the relevant tax authority or, as appropriate, through formal legal process.

As part of the process of preparing the consolidated interim financial statements, the Group is required to estimate the income taxes in each of the jurisdictions and countries in which they operate. This process involves estimating the actual current tax exposure together with assessing temporary differences resulting from differing treatment of items, such as deferred revenue and reserves for tax and accounting purposes. The Company management assesses the likelihood that the deferred tax assets will be recovered from future taxable income, and to the extent the recovery is not considered probable the deferred asset is adjusted accordingly.

The recognition of deferred tax assets is based upon whether it is probable that future taxable profits will be available, against which the temporary differences can be utilized. Recognition, therefore, involves judgment regarding the future financial performance of the particular legal entity in which the deferred tax asset has been recognized.

3. Significant accounting policies

The accounting policies set out below have been applied consistently to all periods presented in these consolidated interim financial statements, and have been applied consistently by the Group entities.

(a) Basis of consolidation

(i) Subsidiaries

Subsidiaries are entities controlled by the Group. Control exists when the Group has the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities. In assessing control, potential voting rights that currently are exercisable or convertible are taken into account. The interim financial statements of subsidiaries are included in the consolidated interim financial statements from the date that control commences until the date that control ceases. The accounting policies of subsidiaries are changed as necessary to align them with the policies adopted by the Group.

Losses that exceed the minority interest in the equity of a subsidiary may create a debit balance on minority interests only if the minority has a binding obligation to fund the losses and is able to make an additional investment to cover the losses. Unless this is the case, the losses are attributed to the Company's majority interest within the profit for the period. If the subsidiary subsequently reports profits then these profits are allocated to the parent until the share of losses absorbed previously by the parent has been recovered.

(ii) Acquisition from entities under common control

Business combinations arising from transfers of interests in entities that are under the control of the shareholder that controls the Group are excluded from the scope of International Financial Reporting Standards No. 3 (IFRS 3) *Business Combinations* and are accounted for as if the acquisition had occurred at the beginning of the earliest comparative period presented or, if later, at the date that common control was established. The assets and liabilities acquired from entities under common control are recognised at the carrying amounts recognised previously in the Group's controlling shareholder's consolidated interim financial statements. The components of equity of the acquired entities are added to

the same components within the Group equity.

10

TURKCELL ILETISIM HIZMETLERI AS AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED INTERIM FINANCIAL STATEMENTS

As at and for the three months ended 31 March 2009

(Amounts expressed in thousands of US Dollars unless otherwise indicated except share amounts)

3. Significant accounting policies (continued)

(a) Basis of consolidation (continued)

(iii) Associates and jointly controlled entities (equity accounted investees)

Associates are those entities in which the Group has significant influence, but not control, over the financial and operating policies. Significant influence is presumed to exist when the Group holds between 20 and 50 percent of the voting power of another entity. Joint ventures are those entities over whose activities the Group has joint control, established by contractual agreement and requiring unanimous consent for strategic financial and operating decisions. Associates and jointly controlled entities (equity accounted investees) are accounted for using the equity method and are initially recognised at cost. The Group's investment includes goodwill identified on acquisition, net of any accumulated impairment loss. The consolidated interim financial statements include the Group's share of the income and expenses and equity movements of equity accounted investees, after adjustments to align the accounting policies with those of the Group, from the date that significant influence or joint control commences until the date that significant influence or joint control ceases. When the Group's share of losses exceeds its interest in an equity accounted investee, the carrying amount of that interest (including any long-term investments) is reduced to nil and recognition of further losses is discontinued except to the extent that the Group has an obligation or has made payments on behalf of the investee. The Group's equity accounted investees as at 31 March 2009 are Fintur Holdings BV (Fintur) and A-Tel Pazarlama ve Servis Hizmetleri AS (A-Tel).

(iv) Transactions eliminated on consolidation

Intragroup balances and transactions, and any unrealised income and expenses arising from intragroup transactions, are eliminated in preparing the consolidated interim financial statements. Unrealised gains arising from transactions with equity accounted investees are eliminated against the investment to the extent of the Group's interest in the investee. Unrealised losses are eliminated in the same way as unrealised gains, but only to the extent that there is no evidence of impairment.

(v) Minority interests

Where a put option is granted by the Group to the minority shareholders in existing subsidiaries that provides for settlement in cash or in another financial asset, the Group recognised a liability for the present value of the estimated exercise price of the option. The interests of the minority shareholders that hold such put options are derecognised when the financial liability is recognised. The corresponding interests attributable to the holder of the puttable minority interests are presented as attributable to the equity holders of the parent and not as attributable to those minority shareholders. The difference between the put option liability recognised and the amount of minority interest derecognised is recorded under equity. Subsequent changes in the fair value of the put options granted to the minority shareholders in existing subsidiaries are also recognised in equity, except the imputed interest on the liability is recognised in the consolidated interim income statement.

(b) Foreign currency

(i) Foreign currency transactions

Transactions in foreign currencies are translated to the respective functional currencies of Group entities at exchange rates at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies at the reporting date are retranslated to the functional currency at the exchange rate at that date. Foreign currency differences arising on translation of foreign currency transactions are recognised in the income statement. The foreign currency gain or loss on monetary items is the difference between amortised cost in the functional currency at the beginning of the period, adjusted for effective interest and payments during the period, and the amortised cost in foreign currency translated at the exchange rate at the end of the period.

TURKCELL ILETISIM HIZMETLERI AS AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED INTERIM FINANCIAL STATEMENTS

As at and for the three months ended 31 March 2009

(Amounts expressed in thousands of US Dollars unless otherwise indicated except share amounts)

3. Significant accounting policies (continued)

(b) Foreign currency (continued)

(i) Foreign currency transactions (continued)

Non-monetary assets and liabilities denominated in foreign currencies that are measured at fair value are retranslated to the functional currency at the exchange rate at the date that the fair value was determined. Foreign currency differences arising on retranslation are recognised in profit or loss, except for differences arising on the retranslation of available-for-sale equity instruments, which are recognised directly in equity.

(ii) Foreign operations

The assets and liabilities of foreign operations, including fair value adjustments arising on acquisition, are translated to USD from the functional currency of the foreign operation at foreign exchange rates ruling at the reporting date. The income and expenses of foreign operations are translated to USD at exchange rates approximating to the exchange rates at the dates of the transactions.

Foreign currency differences arising on retranslation are recognized directly in the foreign currency translation reserve, as a separate component of equity. Since 1 January 2005, the Group's date of transition to IFRSs, such differences have been recognized in the foreign currency translation reserve. When a foreign operation is disposed of, in part or in full, the relevant amount in the foreign currency translation reserve is transferred to profit or loss.

Foreign exchange gains and losses arising from a monetary item receivable from or payables to a foreign operation, the settlement of which is neither planned nor likely in the foreseeable future, are considered to form part of a net investment in a foreign operation and are recognised directly in equity in the foreign currency translation reserve.

(iii) Translation from functional to presentation currency

Items included in the interim financial statements of each entity are measured using the currency of the primary economic environment in which the entities operate, normally under their local currencies.

The consolidated interim financial statements are presented in USD, which is the presentation currency of the Group. The Group uses USD as the presentation currency for the convenience of investor and analyst community.

Assets and liabilities for each statement of financial position presented (including comparatives) are translated to USD at exchange rates at the statement of financial position date. Income and expenses for each income statement (including comparatives) are translated to USD at monthly average exchange rates.

Foreign currency differences arising on retranslation are recognised directly in a separate component of equity.

(iv) Net investment in foreign operations

Foreign currency differences arising from the translation of the net investment in foreign operations are recognized in foreign currency translation reserve. They are transferred to the income statement upon disposal of the foreign operations.

(c) Financial instruments

(i) Non-derivative financial instruments

Non-derivative financial instruments comprise investments in equity and debt securities, trade and other receivables, cash and cash equivalents, loans and borrowings, and trade and other payables.

TURKCELL ILETISIM HIZMETLERI AS AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED INTERIM FINANCIAL STATEMENTS

As at and for the three months ended 31 March 2009

(Amounts expressed in thousands of US Dollars unless otherwise indicated except share amounts)

3. Significant accounting policies (continued)

(c) Financial instruments (continued)

(i) Non-derivative financial instruments (continued)

Non-derivative financial instruments are recognised initially at fair value plus, for instruments not at fair value through profit or loss, any directly attributable transaction costs. Subsequent to initial recognition, non-derivative financial instruments are measured as described below:

Cash and cash equivalents comprise cash balances and call deposits. Bank overdrafts that are repayable on demand and form an integral part of the Group's cash management are included as a component of cash and cash equivalents for the purpose of the statement of cash flows.

Accounting for finance income and expenses is discussed in note 3(m).

Held-to-maturity investments

If the Group has the positive intent and ability to hold debt securities to maturity, then they are classified as held-to-maturity. Held-to-maturity investments are measured at amortised cost using the effective interest method, less any impairment losses.

Available-for-sale financial assets

The Group's investments in equity securities and certain debt securities are classified as available-for-sale financial assets. Subsequent to initial recognition, they are measured at fair value and changes therein, other than impairment losses (see note 3(h)(i)), and foreign exchange gains and losses on available-for-sale monetary items (see note 3(b)(i)), are recognised directly in equity. When an investment is derecognised, the cumulative gain or loss in equity is transferred to profit or loss.

Financial assets at fair value through profit or loss

An instrument is classified as financial asset at fair value through profit or loss if it is held for trading or is designated as such upon initial recognition. Financial instruments are designated at fair value through profit or loss if the Group manages such investments and makes purchase and sale decisions based on their fair value in accordance with the Group's risk management or investment strategy. Upon initial recognition, attributable transaction costs are recognised in profit or loss when incurred. Financial instruments at fair value through profit or loss are measured at fair value, and changes therein are recognised in profit or loss.

Estimated exercise price of put options

Under the terms of certain agreements, the Group is committed to acquire the interests owned by minority shareholders in consolidated subsidiaries, if these minority interests wish to sell their share of interests.

As the Group has unconditional obligation to fulfil its liabilities under these agreements, International Accounting Standards No: 32 (IAS 32)

Financial instruments: Disclosure and Presentation , requires the value of such put option to be presented as a financial liability on the statement of financial position for the present value of the estimated option redemption amount. The Group accounted such transactions under the anticipated acquisition method and the interests of minority shareholders that hold such put option are derecognised when the financial liability is recognised. The Group accounted the difference between the amount recognised initially for the exercise price of the put option and the carrying amount of minority in equity.

Other

Other non-derivative financial instruments are measured at amortised cost using the effective interest method, less any impairment losses.

TURKCELL ILETISIM HIZMETLERI AS AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED INTERIM FINANCIAL STATEMENTS

As at and for the three months ended 31 March 2009

(Amounts expressed in thousands of US Dollars unless otherwise indicated except share amounts)

3. Significant accounting policies (continued)

(c) Financial instruments (continued)

(ii) Derivative financial instruments

The Group holds derivative financial instruments to hedge its foreign currency risk exposures arising from operational, financing and investing activities. In accordance with its treasury policy, the Group engages in forward and option contracts. However, these derivatives do not qualify for hedge accounting and are accounted for as trading instruments.

Embedded derivatives are separated from the host contract and accounted for separately if a) the economic characteristics and risks of the host contract and the embedded derivative are not closely related, b) a separate instrument with the same terms as the embedded derivative would meet the definition of a derivative, and c) the combined instrument is not measured at fair value through profit or loss.

Derivatives are recognised initially at fair value; attributable transaction costs are recognised in profit or loss when incurred. Subsequent to initial recognition, derivatives are measured at fair value, and changes therein are recognized in profit or loss.

(d) Property, plant and equipment

(i) Recognition and measurement

Items of property, plant and equipment are stated at cost adjusted for the effects of inflation during the hyperinflationary period lasted by 31 December 2005 less accumulated depreciation (see below) and accumulated impairment losses (see note 3(h)(ii)).

Cost includes expenditure that is directly attributable to the acquisition of the asset. The cost of self-constructed assets includes the cost of materials and direct labor, any other costs directly attributable to bringing the asset to a working condition for its intended use, and the costs of dismantling and removing the items and restoring the site on which they are located, if any. Borrowing costs related to the acquisition or constructions of qualifying assets are capitalized during the period.

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items of property, plant and equipment.

Gains/losses on disposal of an item of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment and are recognized net within other income or other expenses in profit or loss.

(ii) Subsequent costs

The cost of replacing part of an item of property, plant and equipment is recognized in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Group and its cost can be measured reliably. The carrying amount of the replaced item is derecognised. The costs of the day-to-day servicing of property, plant and equipment are recognised in profit or loss as incurred.

TURKCELL ILETISIM HIZMETLERI AS AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED INTERIM FINANCIAL STATEMENTS

As at and for the three months ended 31 March 2009

(Amounts expressed in thousands of US Dollars unless otherwise indicated except share amounts)

3. Significant accounting policies (continued)**(d) Property, plant and equipment (continued)***(iii) Depreciation*

Depreciation is recognized in the profit or loss on a straight-line basis over the estimated useful lives of each part of an item of property, plant and equipment. Leased assets are depreciated over the shorter of the lease term or their useful lives unless it is reasonably certain that the Group will obtain ownership by the end of the lease term. Land is not depreciated.

The estimated useful lives for the current and comparative periods are as follows:

Buildings	21	50 years
Network infrastructure	3	8 years
Equipment, fixtures and fittings	4	5 years
Motor vehicles	4	5 years
Central betting terminals		10 years
Leasehold improvements		5 years

Depreciation methods, useful lives and residual values are reviewed at least annually unless there is a triggering event.

(e) Intangible assets

Intangible assets that are acquired by the Group which have finite useful lives are measured at cost adjusted for the effects of inflation during the hyperinflationary period lasted by 31 December 2005 less accumulated amortization (see below) and accumulated impairment losses (see note 3(h)(ii)).

(i) Goodwill

Goodwill or negative goodwill arises on the acquisition of subsidiaries, associates and joint ventures.

Goodwill represents the excess of the cost of the acquisition over the Group's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities of the acquire. When the excess is negative (negative goodwill), it is recognised immediately in profit or loss.

Subsequent measurement

Goodwill is measured at cost less accumulated impairment losses. In respect of equity accounted investees, the carrying amount of goodwill is included in the carrying amount of the investment.

(ii) Subsequent expenditure

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset (that is purchased from independent third parties) to which it relates. All other expenditure, including expenditure on internally generated goodwill and brands, is recognised in profit or loss as incurred. Capitalized costs generally relate to the application of development stage; any other costs incurred during the pre and post-implementation stages, such as repair, maintenance or training, are expensed as incurred. Subsequent expenditures of the Company do not relate to research and development activities.

TURKCELL ILETISIM HIZMETLERI AS AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED INTERIM FINANCIAL STATEMENTS

As at and for the three months ended 31 March 2009

(Amounts expressed in thousands of US Dollars unless otherwise indicated except share amounts)

3. Significant accounting policies (continued)**(e) Intangible assets (continued)***(iii) Amortization*

Amortization is recognized in the profit or loss on a straight line basis over the estimated useful lives of intangible assets unless such useful lives are indefinite from the date that they are available for use. The estimated useful lives for the current and comparative periods are as follows:

Computer software	3	8	years
GSM and other telecommunications license	3	25	years
Transmission lines	10		years
Central betting system operating right	10		years
Customer base	2	8	years
Brand name	10		years
Customs duty and VAT exemption right	4.4		years

(f) Leased assets

Leases in terms of which the Group assumes substantially all the risks and rewards of ownership are classified as finance leases. Upon initial recognition, the leased asset is measured at an amount equal to the lower of its fair value or the present value of the minimum lease payments. Subsequent to initial recognition, the asset is accounted for in accordance with the accounting policy applicable to that asset.

Other leases are operating leases and the leased assets are not recognized on the Group's statement of financial position.

(g) Inventories

Inventories are measured at the lower of cost or net realizable value. Net realisable value is the estimated selling price in the ordinary course of business, less selling expenses. The cost of inventory is determined using the weighted average method and includes expenditure incurred in acquiring the inventories and bringing them to their existing location and condition. As at 31 March 2009, inventories mainly consist of simcards, scratch cards and handsets.

(h) Impairment*(i) Financial assets*

A financial asset is assessed at each reporting date to determine whether there is any objective evidence that it is impaired. A financial asset is considered to be impaired if objective evidence indicates that one or more events have had a negative effect on the estimated future cash flows of that asset.

An impairment loss in respect of a financial asset measured at amortised cost is calculated as the difference between its carrying amount and the present value of the estimated future cash flows discounted at the original effective interest rate. An impairment loss in respect of an available-for-sale financial asset is calculated by reference to its fair value.

Individually significant financial assets are tested for impairment on an individual basis. The remaining financial assets are assessed collectively in groups that share similar credit risk characteristics.

All impairment losses are recognised in profit or loss. Any cumulative loss in respect of an available-for-sale financial asset recognised previously in equity is transferred to profit or loss.

TURKCELL ILETISIM HIZMETLERI AS AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED INTERIM FINANCIAL STATEMENTS

As at and for the three months ended 31 March 2009

(Amounts expressed in thousands of US Dollars unless otherwise indicated except share amounts)

3. Significant accounting policies (continued)

(h) Impairment (continued)

(i) Financial assets (continued)

An impairment loss is reversed if the reversal can be related objectively to an event occurring after the impairment loss was recognised. For financial assets measured at amortised cost and available-for-sale financial assets that are debt securities, the reversal is recognised in profit or loss. For available-for-sale financial assets that are equity securities, the reversal is recognised directly in equity.

(ii) Non-financial assets

The carrying amounts of the Group's non-financial assets, other than inventories, and deferred tax assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

The recoverable amount of an asset or cash-generating unit is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or group of assets (the cash-generating unit).

An impairment loss is recognised if the carrying amount of an asset or its cash-generating unit exceeds its estimated recoverable amount. Impairment losses are recognised in profit or loss. Impairment losses recognised in respect of cash-generating units are allocated first to reduce the carrying amount of any goodwill allocated to the units and then to reduce the carrying amount of the other assets in the unit (group of units) on a pro rata basis.

An impairment loss in respect of goodwill is not reversed. In respect of other assets, impairment losses recognised in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if no impairment loss had been recognised.

(i) Employee benefits

(i) Retirement pay liability

In accordance with existing labor law in Turkey, the Company and its subsidiaries in Turkey are required to make lump-sum payments to employees who have completed one year of service and whose employment is terminated without cause or who retire, are called up for military service or die. Such payments are calculated on the basis of 30 days' pay maximum full TRY 2,260 as at 31 March 2009 (equivalent to full \$1,339 as at 31 March 2009), which is effective from 1 January 2009, per year of employment at the rate of pay applicable at the date of retirement or termination. Reserve for retirement pay is computed and reflected in the consolidated interim financial statements on a current basis. The reserve has been calculated by estimating the present value of future probable obligation of the Company and its subsidiaries in Turkey arising from the retirement of the employees.

TURKCELL ILETISIM HIZMETLERI AS AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED INTERIM FINANCIAL STATEMENTS

As at and for the three months ended 31 March 2009

(Amounts expressed in thousands of US Dollars unless otherwise indicated except share amounts)

3. Significant accounting policies (continued)

(i) Employee benefits (continued)

(ii) Defined contribution plans

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. Obligations for contributions to defined contribution plans are recognised as an employee benefit expense in profit or loss when they are due.

The assets of the plan are held separately from the consolidated interim financial statements of the Group. The Company and other consolidated companies that initiated defined contribution retirement plan are required to contribute a specified percentage of payroll costs to the retirement benefit scheme to fund the benefits. The only obligation of the companies with respect to the retirement plan is to make the specified contributions.

(j) Provisions

A provision is recognised if, as a result of a past event, the Group has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability.

Onerous contracts

A provision for onerous contracts is recognized when the expected benefits to be derived by the Group from a contract are lower than the unavoidable cost of meeting its obligations under the contract. The provision is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before a provision is established, the Group recognizes any impairment loss on the assets associated with that contract. The Company did not recognize any provision for onerous contracts as at 31 March 2009.

Site restoration

In accordance with one of the Group's subsidiary published environmental policy and applicable legal requirements, a provision for site restoration at base stations' locations and future dismantling costs of base station equipment is provided.

(k) Revenue

Revenues are recognized as the fair value of the consideration received or receivable, net of returns, trade discounts and rebates. Communication fees include postpaid revenues from incoming and outgoing calls, additional services, prepaid revenues, interconnect revenues and roaming revenues. Communication fees are recognized at the time the services are rendered.

With respect to prepaid revenues, the Group generally collects cash in advance by selling scratch cards to distributors. In such cases, the Group does not recognize revenue until the subscribers use the telecommunications services. Deferred income is recorded under current liabilities.

NOTES TO THE CONSOLIDATED INTERIM FINANCIAL STATEMENTS

As at and for the three months ended 31 March 2009

(Amounts expressed in thousands of US Dollars unless otherwise indicated except share amounts)

3. Significant accounting policies (continued)

(k) Revenue (continued)

In connection with campaigns, both postpaid and prepaid services may be bundled with handset or other goods / services and these bundled services and products involve consideration in the form of fixed fee or a fixed fee coupled with continuing payment stream. Loyalty programs for both postpaid and prepaid services may be bundled with other services. Deliverables are accounted separately where a market for each deliverable exists and if the recognition criterion is met individually. Costs associated with each deliverable are recognized at the time of revenue recognized. The arrangement consideration is allocated to each deliverable in proportion to the fair value of the individual deliverables.

Revenues allocated to handsets given in connection with campaigns, which is included in other revenue, is recognised when the significant risks and rewards of ownership have been transferred to the buyer, collection is probable, the associated costs and possible return of goods can be estimated reliably, there is no continuing management involvement with the goods and the amount of revenue can be measured reliably.

Commission fees mainly comprised of net takings earned to a maximum of 7% of gross takings, as a head agent of fixed odds betting games starting from 15 March 2007 (until 15 March 2007, commission rate is 12% of gross takings) and 4.3% commission recognized based on the para-mutual and fixed odds betting games operated on Central Betting System.

In relation to the new contract signed with Spor Toto Teskilat Mudurlugu (Spor Toto) on 29 August 2008, commission rate applicable decreased to 1.4% effective from 1 March 2009. Commission revenues are recognized at the time all the services related with the games are fully rendered. Under the head agency agreement, Inteltek Internet Teknoloji Yatirim ve Danismanlik AS (Inteltek) is obliged to undertake any excess payout, which is presented on net basis with the commission fees.

Monthly fixed fees represent a fixed amount charged to postpaid subscribers on a monthly basis without regard to the level of usage. Fixed fees are recognized on a monthly basis when billed.

Simcard sales are recognized upfront upon delivery to subscribers, net of returns, discounts and rebates. Simcard costs are also recognized upfront upon sale of the simcard to the subscriber.

Call center revenues are recognized at the time services are rendered.

The revenue recognition policy for other revenues is to recognise revenue as services are provided.

(l) Lease payments

Payments made under operating leases are recognized in profit or loss on a straight-line basis over the term of the lease. Lease incentives received are recognized as an integral part of the total lease expense, over the term of the lease.

Minimum lease payments made under finance leases are apportioned between the finance expense and the reduction of the outstanding liability. The finance expense is allocated to each period during the lease term so as to produce a constant periodic rate of interest on the remaining balance of the liability.

TURKCELL ILETISIM HIZMETLERI AS AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED INTERIM FINANCIAL STATEMENTS

As at and for the three months ended 31 March 2009

(Amounts expressed in thousands of US Dollars unless otherwise indicated except share amounts)

3. Significant accounting policies (continued)

(m) Finance income and expenses

Finance income comprises interest income on funds invested (including available-for sale financial assets), late payment interest income, gains on the disposal of available-for-sale financial assets, changes in the fair value of financial assets at fair value through profit or loss and gains on derivative instruments that are recognised in profit or loss. Interest income is recognised as it accrues, using the effective interest method.

Finance expenses comprise interest expense on borrowings, unwinding of the discount on provisions, changes in the fair value of financial assets at fair value through profit or loss and impairment losses recognised on financial assets. Borrowing costs that are recognised in profit or loss or capitalized are accounted using the effective interest method.

Foreign currency gains and losses are reported on a net basis.

(n) Transactions with related parties

A related party is essentially any party that controls or can significantly influence the financial or operating decisions of the Group to the extent that the Group may be prevented from fully pursuing its own interests. For reporting purposes, investee companies and their shareholders, key management personnel, shareholders of the Group and the companies that the shareholders have a relationship with are considered to be related parties.

(o) Income taxes

Income tax expense comprises current and deferred tax. Income tax expense is recognised in profit or loss except to the extent that it relates to items recognised directly in equity, in which case it is recognised in equity.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

Deferred tax is recognised using the statement of financial position method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is not recognised for the following temporary differences: the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit, and differences relating to investments in subsidiaries and jointly controlled entities to the extent that they probably will not reverse in the foreseeable future. Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date. Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

A deferred tax asset is recognised to the extent that it is probable that future taxable profits will be available against which temporary difference can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

TURKCELL ILETISIM HIZMETLERI AS AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED INTERIM FINANCIAL STATEMENTS

As at and for the three months ended 31 March 2009

(Amounts expressed in thousands of US Dollars unless otherwise indicated except share amounts)

3. Significant accounting policies (continued)

(p) Earnings per share

The Group presents basic earnings per share (EPS) data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the period. Diluted EPS is equal to basic EPS because the Group does not have any convertible notes or share options granted to employees.

(q) Segment reporting

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, whose operating results are regularly reviewed by the Company Management to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

The Group identified Turkcell, Euroasia and Belarussian Telecom as operating segments.

(r) New standards and interpretations not yet adopted

A number of new standards, amendments to standards and interpretations are not yet effective at 31 March 2009, and have not been applied in preparing these consolidated interim financial statements:

Revised IFRS 3 Business Combinations (2008) incorporates the following changes that are likely to be relevant to the Group's operations:

- The definition of a business has been broadened, which is likely to result in more acquisitions being treated as business combinations.
- Contingent consideration will be measured at fair value, with subsequent changes therein recognised in profit or loss.
- Transaction costs, other than share and debt issue costs, will be expensed as incurred.
- Any pre-existing interest in the acquiree will be measured at fair value with the gain or loss recognised in profit or loss.
- Any non-controlling (minority) interest will be measured at either fair value, or at its proportionate interest in the identifiable assets and liabilities of the acquiree, on a transaction-by-transaction basis.

Revised IFRS 3, which becomes mandatory for the Group's 2010 consolidated financial statements, will be applied prospectively and therefore there will be no impact on prior periods in the Group's 2010 consolidated financial statements.

Amended IAS 27 Consolidated and Separate Financial Statement(2008) requires accounting for changes in ownership interests by the Group in a subsidiary, while maintaining control, to be recognised as an equity transaction. When the Group loses control of a subsidiary, any interest retained in the former subsidiary will be measured at fair value with the gain or loss recognised in profit or loss. The amendments to IAS 27, which become mandatory for the Group's 2010 consolidated financial statements, are not expected to have a significant impact on the consolidated financial statements.

TURKCELL ILETISIM HIZMETLERI AS AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED INTERIM FINANCIAL STATEMENTS

As at and for the three months ended 31 March 2009

(Amounts expressed in thousands of US Dollars unless otherwise indicated except share amounts)

3. Significant accounting policies (continued)

(r) New standards and interpretations not yet adopted (continued)

Eligible Hedged Items (amendment to IAS 39 Financial Instruments: Recognition and Measurement) introduces application guidance to illustrate how the principles underlying hedge accounting should be applied in the designation of i) a one-sided risk in a hedged item and ii) inflation in a financial hedged item. The amendment is effective, with retrospective application, for annual periods beginning on or after 1 July 2009 and is not expected to have any effect on the consolidated financial statements.

IFRIC 17, Distributions of Non-cash Assets to Owners , requires entities to recognise certain distributions of non-cash assets at fair value, and to recognise in profit or loss the difference between the fair value of the assets distributed and their carrying amounts. IFRIC 17 provides guidance on when and how a liability for certain distributions of non-cash assets is recognised and measured, and how to account for settlement of that liability. Transactions within its scope will need to be measured at fair value. IFRIC 17 is effective for annual periods beginning on or after July 2009; earlier application is permitted only if IFRS 3 Business Combinations (2008), IAS 27 Consolidated and Separate Financial Statements (2008) and the related amendments to IFRS 5 are applied at the same time.

IFRIC 18 Transfers of Assets from Customers provides guidance on transfers of property, plant and equipment (or cash to acquire it) for entities that receive such contributions from their customers. IFRIC 18 applies prospectively to transfers of assets from customers received on or after July 2009; earlier application is permitted provided that the necessary valuations and other information were obtained at the time that those transfers occurred. The interpretation is not expected to have significant effect on the consolidated financial statements.

Amendments to IFRIC 9 *Reassessment of Embedded Derivatives* and IAS 39 *Financial Instruments: Recognition and Measurement* require entities to assess whether they need to separate an embedded derivative from a hybrid (combined) financial instrument when financial assets are reclassified out of the fair value through profit or loss category. When the fair value of an embedded derivative that would be separated cannot be measured reliably, the reclassification of the hybrid (combined) financial asset out of the fair value through profit or loss category is not permitted. The amendments are applicable for annual periods ending on or after 30 June 2009 and are not expected to have significant effect on the consolidated financial statements.

TURKCELL ILETISIM HIZMETLERI AS AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED INTERIM FINANCIAL STATEMENTS

As at and for the three months ended 31 March 2009

(Amounts expressed in thousands of US Dollars unless otherwise indicated except share amounts)

4. Determination of fair values

A number of the Group's accounting policies and disclosures require the determination of fair value, for both financial and non-financial assets and liabilities. Fair values have been determined for measurement and/or disclosure purposes based on the following methods. When applicable, further information about the assumptions made in determining fair values is disclosed in the notes specific to that asset or liability.

(i) Property, plant and equipment

The fair value of property, plant and equipment recognised as a result of a business combination is based on market values. The market value of property is the estimated amount for which a property could be exchanged on the date of valuation between a willing buyer and a willing seller in an arms length transaction after proper marketing wherein the parties had each acted knowledgeably, prudently and without compulsion. The market value of items of plant, equipment, fixtures and fittings is based on the quoted market prices for similar items.

(ii) Intangible assets

The fair value of the brand acquired in the Superonline Uluslararası Elektronik Bilgilendirme Telekomunikasyon ve Haberleşme Hizmetleri AS (Superonline) business combination is based on the discounted estimated royalty payments that have been avoided as a result of the brand being owned. The fair value of customer base acquired in the Superonline business combination are valued using the multi-period excess earnings method, whereby the subject asset is valued after deducting a fair return on all other assets that are part of creating the related cash flows.

The fair value of custom duty and VAT exemption agreement in the Belarussian Telecom business combination is based on the incremental cash flows method (cost saving approach) and this was used for the valuation analysis.

The fair value of mobile telephony licenses (GSM&UMTS) in the Belarussian Telecom business combination is based on the Greenfield (build-out) method, which is estimated to be appropriate and commonly used for the valuation of licenses, and this was used for the valuation analysis.

The fair value of other intangible assets is based on the discounted cash flows expected to be derived from the use and eventual sale of the assets.

(iii) Investments in equity and debt securities

The fair value of financial assets at fair value through profit or loss, held-to-maturity investments and available-for-sale financial assets is determined by reference to their quoted bid price or over the counter market price at the reporting date. The fair value of held-to-maturity investments is determined for disclosure purposes only.

(iv) Trade and other receivables / due from related parties

The fair values of trade and other receivables and due from related parties are estimated as the present value of future cash flows, discounted at the market rate of interest at the reporting date.

(v) Derivatives

The fair value of forward exchange contracts and option contracts are based on their listed market price, if available. If a listed market price is not available, then fair value is estimated by discounting the difference between the contractual forward price and the current forward price for the residual maturity of the contract using a risk-free interest rate (based on government bonds) or option pricing models.

TURKCELL ILETISIM HIZMETLERI AS AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED INTERIM FINANCIAL STATEMENTS

As at and for the three months ended 31 March 2009

(Amounts expressed in thousands of US Dollars unless otherwise indicated except share amounts)

4. Determination of fair values (continued)

(vi) Non-derivative financial liabilities

Fair value, which is determined for disclosure purposes, is calculated based on the present value of future principal and interest cash flows, discounted at the market rate of interest at the reporting date. For finance leases, the market rate of interest is determined by reference to similar lease agreements.

(vii) Exercise price of financial liability related to minority share put option

The Group measures the estimated exercise price of the financial liability originating from put options granted to minorities as the present value of estimated option redemption amount. Present value of the estimated option redemption amount is based on the fair value of estimation for the company subject to the put option.

The Company has estimated a value based on multiple approaches including income approach (discounted cash flows) and market approach (comparable market multiples). The average of the values determined as of 31 August 2013, which the exercise date of the put option, is then discounted back to 31 March 2009.

5. Financial risk management

The Group has exposure to the following risks from its use of financial instruments:

Credit risks

Liquidity risks

Market risk

This note presents information about the Group's exposure to each of the above risks, the Group's objectives, policies and processes for measuring and managing risk, and the Group's management of capital.

The Company management has overall responsibility for the establishment and oversight of the Group's risk management framework.

The Group's risk management policies are established to identify and analyse the risks faced by the Group, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities.

The instant impact of the global turmoil across global financial markets came out to be a sharp increase in foreign currency exchange rates in Turkey. Consequently, the depreciation of TRY against USD and EUR was 29.8% and 25.2%, respectively and the depreciation of HRV against USD was 52% as at 31 December 2008 when compared to the exchange rates as at 31 December 2007. Subsequently, TRY further depreciated against USD and EUR by 11.6% and 4.0%, respectively and HRV/USD parity remained stable as at 31 March 2009 when compared to the exchange rates as at 31 December 2008. Please refer to note 28 for additional information on the Group's exposure to this turmoil.

Credit risk

Credit risk is the risk of a financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Group's receivables from customers and investment securities.

Edgar Filing: TURKCELL ILETISIM HIZMETLERI A S - Form 6-K

Management has a credit policy in place and the exposure to credit risk is monitored on an ongoing basis. The Group may require collateral in respect of financial assets. Also, the Group may demand letters of guarantee from third parties related to certain projects or contracts. The Group may also demand certain pledges from counterparties if necessary in return for the credit support it gives related to certain financings.

TURKCELL ILETISIM HIZMETLERI AS AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED INTERIM FINANCIAL STATEMENTS

As at and for the three months ended 31 March 2009

(Amounts expressed in thousands of US Dollars unless otherwise indicated except share amounts)

5. Financial risk management (continued)

Credit risk (continued)

In monitoring customer credit risk, customers are grouped according to whether they are an individual or legal entity, ageing profile, maturity and existence of previous financial difficulties. Trade receivables and accrued service income are mainly related to the Group's subscribers. The Group exposure to credit risk on trade receivables is influenced mainly by the individual payment characteristics of postpaid subscribers.

Investments are preferred to be in liquid securities and mostly with counterparties that have a credit rating equal or better than the Group. Some of the collection banks have credit ratings that are lower than the Group's, or they may not be rated at all, however, policies are in place to review the paid-in capital and rating of counterparties periodically to ensure credit worthiness.

Transactions involving derivatives are with counterparties with whom the Group has signed agreements and which have sound credit ratings.

At the reporting date, there were no significant concentrations of credit risk. The maximum exposure to credit risk is represented by the carrying amount of each financial asset in the statement of financial position.

The Group establishes an allowance for doubtful receivables that represents its estimate of incurred losses in respect of receivables from subscribers. This allowance includes the specific loss component that relates to individual subscribers exposures, and adjusted for a general provision which is determined based on historical data of payment statistics. Impairment loss as a percentage of revenues represented 1.1% of revenues for the year ended 31 March 2009. If impairment loss as a percentage of revenues increased to 1.5% of revenues, the impairment loss would have been increased by \$4,740, negatively impacting profit for the three months ended 31 March 2009.

Liquidity risk

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as they fall due. The Group's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation. Typically, the Group ensures that it has sufficient cash and cash equivalents to meet expected operational expenses, including financial obligations.

Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and equity prices will affect the Group's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return on risk.

Currency risk

The Group is exposed to currency risk on certain revenues such as roaming revenues, purchases and certain operating costs such as roaming expenses and network related costs and resulting receivables and payables, borrowings, deferred payments related to the acquisition of Belarussian Telecom and financial liability in relation to put option for the acquisition of minority shares of Belarussian Telecom that are denominated in a currency other than the respective functional currencies of Group entities, primarily TRY for operations conducted in Turkey. The currencies in which these transactions are primarily denominated are EUR, USD and SEK.

TURKCELL ILETISIM HIZMETLERI AS AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED INTERIM FINANCIAL STATEMENTS

As at and for the three months ended 31 March 2009

(Amounts expressed in thousands of US Dollars unless otherwise indicated except share amounts)

5. Financial risk management (continued)

Currency risk (continued)

Derivative financial instruments such as forward contracts and options are used to hedge exposure to fluctuations in foreign exchange rates. The Group uses forward exchange contracts to hedge its currency risk.

The Group's investments in its equity accounted investee Fintur and its subsidiaries in Ukraine and Republic of Belarus are not hedged with respect to the currency risk arising from the net assets as those net investments are considered to be long-term in nature.

Interest rate risk

The Group has not entered into any type of derivative instrument in order to hedge interest rate risk as at 31 March 2009.

6. Segment reporting

The Group has three reportable segments, as described below, which are based on the dominant source and nature of the Group's risk and returns as well as the Group's internal reporting structure. These strategic segments offer same types of services, however they are managed separately because they operate in different geographical locations and are affected by different economical conditions.

The Group comprises the following main operating segments: Turkcell, Euroasia and Belarussian Telecom, all of which are GSM operators in their countries.

Other operations mainly include companies operating in telecommunication and betting businesses and companies provide call center and value added services.

Information regarding the operations of each reportable segment is included below. Adjusted EBITDA is used to measure performance as management believes that such information is the most relevant in evaluating the results of certain segments relative to other entities that operate within these industries.

The accounting policies of operating segments are the same as those described in the summary of significant accounting policies.

(Amounts expressed in thousands of US Dollars unless otherwise indicated except share amounts)

9. Finance income and expenses

Recognised in profit or loss:

	Three months ended 31 March	
	2009	2008
Interest income on bank deposits	81,583	81,347
Late payment interest income	9,737	10,502
Premium income on option contracts	1,621	3,188
Interest income on available-for-sale financial assets	921	368
Net foreign exchange gain	47,380	125,759
Other interest income	888	4,185
Finance income	142,130	225,349
Discount interest expense on financial liabilities measured at amortised cost	(20,119)	(11,517)
Litigation late payment interest expense	(12,552)	-
Option premium expense	-	(2,027)
Other	(939)	(2,356)
Finance expense	(33,610)	(15,900)
Net finance income recognised in profit or loss	108,520	209,449

Late payment interest income is interest received from subscribers who pay monthly invoices after due date specified on the invoices.

Litigation late payment interest expense is recognised in relation to legal dispute on Turk Telekom transmission lines leases and detailed explanations are given in note 31.

Interest expense on borrowings capitalized on fixed assets is nil for the three months ended 31 March 2009 (31 March 2008: \$2,537).

10. Income tax expense

Reconciliation of effective tax rate

The reported income tax expense for the three months ended 31 March 2009 and 2008 are different than the amounts computed by applying the statutory tax rate to profit before income tax of the Company, as shown in the following reconciliation:

	2009		2008	
Profit for the period		353,246		488,778
Total income tax expense		120,139		126,352
Profit excluding income tax		473,385		615,130
Income tax using the Company's domestic tax rate	20%	(94,677)	20%	(123,026)
Effect of tax rates in foreign jurisdictions	-	1,884	-	1,478
Tax exempt income	-	186	(1)%	7,962
Non deductible expenses	1%	(6,810)	-	(2,894)
Tax incentives	-	322	-	1,276
Unrecognized deferred tax assets	2%	(11,541)	3%	(18,108)
Difference in effective tax rate of equity accounted investees	(1)%	2,653	(1)%	4,846
Other	3%	(12,156)	-	2,114
Total income tax expense		(120,139)		(126,352)

The income taxes payable of \$81,912 as at 31 March 2009 represents the amount of current income tax provision in respect of related taxable profit for the three months ended 31 March 2009.

The income tax payable of \$126,585 as at 31 December 2008 represents the amount of income taxes payable in respect of related taxable profit for the year ended 31 December 2008 netted off with advance tax payments made for the year.

The Turkish entities within the Group are subject to corporate tax at the rate of 20%. In Turkey, there is no procedure for a final and definitive agreement on tax assessments. Companies file their tax returns at the end of April following the close of the accounting year to which they relate. Tax authorities may, however, examine such returns and the underlying accounting records and may revise assessments within five years. Advance tax returns are filed on a quarterly basis.

Corporate tax is applied on taxable corporate income, which is calculated from the statutory accounting profit by adding back non-deductible expenses, and by deducting tax exempt income.

In Turkey, the transfer pricing provisions have been stated under the Article 13 of Corporate Tax Law with the heading of "disguised profit distribution via transfer pricing". The General Communiqué on disguised profit distribution via Transfer Pricing, dated 18 November 2007 sets details about implementation.

If a taxpayer enters into transactions regarding sale or purchase of goods and services with related parties, where the prices are not set in accordance with arm's length principle, then related profits are considered to be distributed in a disguised manner through transfer pricing. Such disguised profit distributions through transfer pricing are not accepted as tax deductible for corporate income tax purposes.

TURKCELL ILETISIM HIZMETLERI AS AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED INTERIM FINANCIAL STATEMENTS

As at and for the three months ended 31 March 2009

(Amounts expressed in thousands of US Dollars unless otherwise indicated except share amounts)

11. Property, plant and equipment (continued)

Leased assets

The Group leases equipment under a number of finance lease agreements. At the end of each of the lease period, the Group has the option to purchase the equipment at a beneficial price. As at 31 March 2009, net carrying amount of fixed assets acquired under finance leases amounted to \$60,191 (31 December 2008: \$68,050).

Property, plant and equipment under construction

Construction in progress mainly consisted of expenditures in GSM network of the Company, Astelit, Kibris Mobile Telekomunikasyon Limited Sirketi (Kibris Telekom) and Belarussian Telecom and non-operational items as at 31 March 2009 and 31 December 2008.

As at 31 March 2009, a mortgage is placed on Izmir and Davutpasa buildings amounting to \$889 and \$296, respectively (31 December 2008: \$992 and \$331, respectively).

12. Intangible assets

In April 1998, the Company signed the License with the Turkish Ministry, under which it was granted a GSM license, which is amortized over 25 years with a carrying amount of \$381,370 as at 31 March 2009 (31 December 2008: \$433,280). The amortization period of the license will end in 2023.

TURKCELL ILETISIM HIZMETLERI AS AND ITS SUBSIDIARIES**NOTES TO THE CONSOLIDATED INTERIM FINANCIAL STATEMENTS****As at and for the three months ended 31 March 2009**

(Amounts expressed in thousands of US Dollars unless otherwise indicated except share amounts)

13. Equity accounted investees (continued)

The Company's investment in Fintur and A-Tel amounts to \$272,711 and \$95,522 respectively as at 31 March 2009 (31 December 2008: \$207,019 and \$106,704).

During 2008, Fintur distributed a total dividend of \$200,000. The Group received its share of dividend in December 2008 at the amount of \$82,900 and decreased investment in Fintur by \$82,900.

In April 2008, the privatization of the Republic of Azerbaijan's 35.7% ownership in Azercell Telecom B.M. (Azercell), a 51% owned consolidated subsidiary of Fintur, was completed. The minority shareholders in Azercell acquired the 35.7% shares of Republic of Azerbaijan increasing their effective ownership in Azercell to 49%. One of the minority shareholders was also granted a put option, giving the shareholder the right to sell its 42.2% stake to Fintur at fair value in certain deadlock situations regarding material decisions at the General Assembly. Fintur has initially accounted for the present value of the estimated option redemption amount as a provision and derecognized the minority interest. The difference between the present value of the estimated option redemption amount and the derecognized minority interest amounting to \$662,534 is accounted under equity, in accordance with the Group's accounting policy.

During March 2008, at the General Assembly meeting of A-Tel, it has been decided to distribute dividends and accordingly the Company reduced the carrying value of its investment in A-Tel by the dividends declared of TRY 12,543 (equivalent to \$7,431 as at 31 March 2009) as at 31 December 2008.

14. Other investments*Non-current investments:*

		31 March 2009		31 December 2008	
	Country of incorporation	Ownership (%)	Carrying Amount	Ownership (%)	Carrying Amount
Aks Televizyon Reklamcilik ve Filmcilik Sanayi ve Ticaret AS (Aks TV)	Turkey	6.24	20,063	6.24	22,393
T Medya Yatirim Sanayi ve Ticaret AS (T-Medya)	Turkey	10.23	10,939	10.23	12,221
			31,002		34,614

In 2003, the Group acquired a 6.24% interest in Aks TV and an 8.23% interest in T-Medya, media companies owned by Cukurova Group. On 27 June 2007, T-Medya took over Asli Gazetecilik ve Matbaacilik AS and, by this restructuring, interest of the Group in T-Medya increased from 8.23% to 9.23%. As a result of the acquisition of Superonline, interest of the Group in T-Medya increased to 10.23%.

Investment in Aks TV and T-Medya is classified as available-for-sale financial assets. However, there is not active market available for these equity instruments, and application of valuation techniques is impracticable. Accordingly, the Company measured these investments at cost.

	31 March 2009	31 December 2008
Available-for-sale government bonds, treasury bills	77,785	689

Interest bearing available-for-sale USD denominated and EUR denominated government bonds and treasury bills with a carrying amount of \$407 and \$270, respectively as at 31 March 2009 (31 December 2008: USD denominated \$403 and EUR denominated \$286) have stated interest rates of Libor+1.0% (31 December 2008: Libor+1.0%) and Euribor+1.8% (31 December 2008: Euribor+1.8%), respectively and mature in 1 to 2 years (31 December 2008: 1 to 2 years). All TRY denominated government bonds with a carrying amount of \$77,108 are discounted as at 31 March 2009 (31 December 2008: nil).

The Group's exposure to credit, currency and interest rate risks related to other investments is disclosed in note 28.

15. Other non-current assets

	31 March 2009	31 December 2008
VAT receivable	18,798	20,579
Prepaid expenses	15,385	17,921
Prepayment for subscriber acquisition cost	7,066	7,652
Deposits and guarantees given	5,025	5,840
Others	1,865	2,015
	48,139	54,007

Subscriber acquisition costs are subsidies paid to dealers for engaging a fixed term contract with the subscriber that require a minimum consideration.

16. Deferred tax assets and liabilities*Unrecognised deferred tax assets*

Deferred tax assets have not been recognised in respect of the following items:

	31 March 2009	31 December 2008
Deductible temporary differences	15,075	4,841
Tax losses	147,503	125,875
Total unrecognised deferred tax assets	162,578	130,716

The deductible temporary differences do not expire under current tax legislation. Turkish tax legislation does not allow companies to file tax returns on a consolidated basis. Therefore, deferred tax assets have not been recognised in respect of these items resulting from certain consolidated subsidiaries because it is not probable that future taxable profit will be available against which the Group can utilise the benefits therefrom.

TURKCELL ILETISIM HIZMETLERI AS AND ITS SUBSIDIARIES**NOTES TO THE CONSOLIDATED INTERIM FINANCIAL STATEMENTS****As at and for the three months ended 31 March 2009**

(Amounts expressed in thousands of US Dollars unless otherwise indicated except share amounts)

17. Trade receivables and accrued income

	31 March 2009	31 December 2008
Receivables from subscribers	267,499	298,294
Accrued service income	155,267	175,429
Accounts and checks receivable	100,726	105,822
Receivables from Turk Telekomunikasyon AS (Turk Telekom)	18,495	7,840
	541,987	587,385

Trade receivables are shown net of allowance for doubtful debts amounting to \$191,536 as at 31 March 2009 (31 December 2008: \$196,637). The impairment loss recognized for the three months ended 31 March 2009 and 2008 are \$14,506 and \$9,556, respectively.

Letters of guarantee received with respect to the accounts and checks receivable are amounted to \$143,409 and \$165,310 as at 31 March 2009 and 31 December 2008, respectively.

The accrued service income represents revenues accrued for subscriber calls (air-time), which have not been billed. Due to the volume of subscribers, there are different billing cycles; accordingly, an accrual is made at each period end to accrue revenues for rendered but not yet billed.

Receivables from Turk Telekom as at 31 March 2009 and 31 December 2008 represent net amounts that are due from Turk Telekom under the Interconnection Agreement. The Interconnection Agreement provides that Turk Telekom will pay to the Company for Turk Telekom's fixed-line subscribers' calls to GSM subscribers.

The Group's exposure to credit and currency risks and impairment losses related to trade receivables are disclosed in note 28.

18. Other current assets

	31 March 2009	31 December 2008
Prepaid expenses	228,848	54,899
Prepayment for subscriber acquisition cost	26,567	23,822
VAT receivable	21,239	22,979
Advances to suppliers	18,906	9,157
Interest income accruals	12,639	19,760
Receivable from personel	2,943	3,488
Other	8,510	4,683
	319,652	138,788

Prepaid expenses mainly consist of prepaid frequency usage fees amounting to \$157,385 as at 31 March 2009 (31 December 2008: nil).

Subscriber acquisition costs are subsidies paid to dealers for engaging a fixed term contract with the subscriber that require a minimum consideration.

TURKCELL ILETISIM HIZMETLERI AS AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED INTERIM FINANCIAL STATEMENTS

As at and for the three months ended 31 March 2009

(Amounts expressed in thousands of US Dollars unless otherwise indicated except share amounts)

19. Cash and cash equivalents

	31 March 2009	31 December 2008
Cash in hand	113	4,567
Cheques received	1,938	599
Banks	2,841,093	3,254,582
-Demand deposits	148,950	149,149
-Time deposits	2,692,143	3,105,433
Bonds and bills	43	44
Cash and cash equivalents	2,843,187	3,259,792
Bank overdrafts used for cash management purposes	(4,115)	(4,372)
Cash and cash equivalents in the statement of cash flows	2,839,072	3,255,420

As at 31 March 2009, there was no cash and cash equivalents amount deposited in banks, that are owned and/or controlled by Cukurova Group, a significant shareholder of the Company (31 December 2008: \$50,000).

The Group's exposure to interest rate risk and a sensitivity analysis for financial assets and liabilities are disclosed in note 28.

20. Capital reserves*Share capital*

As at 31 March 2009, common stock represented 2,200,000,000 (31 December 2008: 2,200,000,000) authorized, issued and fully paid shares with a par value of TRY 1 each. In accordance with the Law No. 5083 with respect to TRY, on 9 May 2005, par value of each share is registered to be one TRY.

In connection with the redenomination of the Turkish Lira and as per the related amendments of Turkish Commercial Code, in order to increase the nominal value of the shares to TRY 1, 1,000 units of shares, each having a nominal value of TRY 0.001 shall be merged and each unit of share having a nominal value of TRY 1 shall be issued to represent such shares. The Company is still in the process of merging 1,000 existing ordinary shares, each having a nominal value of TRY 0.001 to one ordinary share having a nominal value of TRY 1 each. After the share merger which appears as a provisional article in the Articles of Association to convert the value of each share with a nominal value of TRY 0.001 to TRY 1, all shares will have a value of TRY 1. Although the merger process has not been finalized, the practical application is to state each share having a nominal value of TRY 1 which is consented by Capital Markets Board of Turkey (CMB). Accordingly, number of shares data is adjusted for the effect of this merger.

The holders of shares are entitled to receive dividends as declared and are entitled to one vote per share at meetings of the Company.

Capital contribution

Capital contribution comprises the contributed assets and certain liabilities that the government settled on behalf of the Group that do not meet the definition of a government grant which the government is acting in its capacity as a shareholder.

Translation reserve

The translation reserve comprises all foreign currency differences arising from the translation of the interim financial statements of foreign and domestic operations from their functional currencies to presentation currency of USD.

TURKCELL ILETISIM HIZMETLERI AS AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED INTERIM FINANCIAL STATEMENTS

As at and for the three months ended 31 March 2009

(Amounts expressed in thousands of US Dollars unless otherwise indicated except share amounts)

20. Capital and reserves (continued)***Fair value reserve***

The fair value reserve comprises the cumulative net change in the fair value of available-for-sale financial assets until the investments are derecognized or the asset is impaired.

Legal reserve

Under the Turkish Commercial Code, Turkish companies are required to set aside first and second level legal reserves out of their profits. First level legal reserves are set aside 5% of the distributable income per statutory accounts each year. The ceiling on the first legal reserves is 20% of the paid-up capital. The reserve requirement ends when the 20% of paid-up capital level has been reached. Second legal reserves correspond to 10% of profits actually distributed after the deduction of the first legal reserves and the minimum obligatory dividend pay-out (5% of the paid-up capital). There is no ceiling for second legal reserves and they are accumulated every year.

Reserve of minority put option liability

The reserve for minority put option liability includes the difference between the put option liability granted to the minority shareholders in existing subsidiaries recognised and the amount of minority interest derecognized. Subsequent changes in the fair value of the put option liability are also recognised in this reserve.

Dividends

The Company has adopted a dividend policy, which is set out in its corporate governance guidance. As adopted, the Company's general dividend policy is to pay dividends to shareholders with due regard to trends in the Company's operating performance, financial condition and other factors.

The Board of Directors intends to distribute cash dividends in an amount of not less than 50% of the Company's lower of distributable profit based on the financial statements prepared in accordance with the accounting principles accepted by the CMB or statutory records, for each fiscal year starting with profits for fiscal year 2004. However, the payment of dividends will still be subject to cash flow requirements of the Company, compliance with Turkish law and the approval of and amendment by the Board of Directors and the General Assembly of Shareholders.

On 30 March 2009, the Company's Board of Directors has proposed a dividend distribution for the year ended 31 December 2008 amounting to TRY 1,098,193 (equivalent to \$713,298 and \$650,588 as at 8 May 2009 and 31 March 2009, respectively), which represented 50% of distributable income. This represents a net cash dividend of full TRY 0.4991787 (equivalent to full \$0.3242262 as at 8 May 2009) per share. This dividend proposal was discussed and approved at our Ordinary General Assembly of Shareholders held on 8 May 2009. Dividend distribution will start on 18 May 2009.

	2009		2008	
	TRY	USD	TRY	USD*
Cash dividends	1,098,193	713,298	648,714	502,334

Edgar Filing: TURKCELL ILETISIM HIZMETLERI A S - Form 6-K

*USD equivalents of dividends are computed by using the Central Bank of Turkey's TRY/USD exchange rate on 8 May 2009 and 25 April 2008, which are the dates that the General Assembly of Shareholders approved the dividend distribution.

TURKCELL ILETISIM HIZMETLERI AS AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED INTERIM FINANCIAL STATEMENTS

As at and for the three months ended 31 March 2009

(Amounts expressed in thousands of US Dollars unless otherwise indicated except share amounts)

21. Earnings per s

The calculation of basic and diluted earnings per share as at 31 March 2009 were based on the profit attributable to ordinary shareholders for the three months ended 31 March 2009 and 2008 of \$344,223 and \$486,790, respectively and a weighted average number of shares outstanding during the three months ended 31 March 2009 and 2008 of 2,200,000,000 calculated as follows:

	Three months ended 31 March	
	2009	2008
Numerator:		
Net profit for the period	344,223	486,790
Denominator:		
Weighted average number of shares	2,200,000,000	2,200,000,000
Basic and diluted earnings per share	0.156465	0.221268

22. Other non-current liabilities

	31 March	31 December
	2009	2008
Consideration payable in relation to acquisition of Belarussian Telecom	154,043	149,163
Financial liability in relation to put option	80,641	77,524
Deposits and guarantees taken from agents	7,547	-
Other non-current liabilities	653	824
	242,884	227,511

Consideration payable in relation to acquisition of Belarussian Telecom represents the present value of long-term deferred payments to the seller. Total deferred payments amount to \$300,000, of which \$100,000 will be paid on 31 December 2010. The present value of this liability amounted to \$91,039 as at 31 March 2009. Payment of an additional \$100,000 is contingent on financial performance of Belarussian Telecom, and based on management's estimations, expected to be paid during the first quarter of 2015. The present value of the contingent consideration is \$63,004 as at 31 March 2009.

Minority shareholders in Belarussian Telecom were granted a put option, giving the shareholders the right to sell its entire stake to Beltel at fair value during a specified period. The Group accounted for the present value of the estimated option redemption amount as a provision and derecognized the minority interest. The Company has estimated a value based on multiple approaches including income approach (discounted cash flows) and market approach (comparable market multiples). The average of the values determined as of 31 August 2013, which is the exercise date of the put option, is then discounted back to 31 March 2009.

TURKCELL ILETISIM HIZMETLERI AS AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED INTERIM FINANCIAL STATEMENTS

NOTES TO THE CONSOLIDATED INTERIM FINANCIAL STATEMENTS

As at and for the three months ended 31 March 2009

(Amounts expressed in thousands of US Dollars unless otherwise indicated except share amounts)

24. Employee benefits

International Accounting Standard No. 19 (IAS 19) *Employee Benefits* requires actuarial valuation methods to be developed to estimate the enterprise's obligation under defined benefit plans. The liability for this retirement pay obligation is recorded in the accompanying consolidated interim financial statements at its present value using a discount rate of 6.3%.

Movement in the reserve for employee termination benefits as at 31 March 2009 and 2008 are as follows:

	31 March 2009	31 December 2008
Opening balance	26,717	27,229
Provision set/(reversed) during the period	(577)	6,734
Payments made during the period	(979)	(2,235)
Unwind of discount	152	1,349
Effect of change in foreign exchange rate	(3,492)	(6,360)
Closing balance	21,821	26,717

Obligations for contributions to defined contribution plans are recognized as an expense in the consolidated income statement as incurred. The Group incurred \$1,058 and \$1,523 in relation to defined contribution retirement plan for the three months ended 31 March 2009 and 2008, respectively.

25. Deferred income

Deferred income primarily consists of counters sold but not used by prepaid subscribers and it is classified as current as at 31 March 2009. The amount of deferred income is \$208,667 and \$250,386 as at 31 March 2009 and 31 December 2008, respectively.

26. Provisions

Non-current provisions:

Provision movement for site restoration as at 31 March 2009 and 31 December 2008 are as follows:

	31 March 2009	31 December 2008
Opening balance	4,490	-
Provision made during the period	-	5,369
Effect of change in foreign exchange rate	(695)	(879)
Closing balance	3,795	4,490

Provisions for site restoration at base stations' locations and future dismantling costs of base station equipment is set in accordance with Belarussian Telecom's published environmental policy and applicable legal requirements.

License fee accrual	40,537	48,837
Interconnection accrual	27,811	37,448
ICTA share accrual	21,198	17,799
Roaming expense accrual	12,562	71,149
Interconnection payables	7,188	16,369
Deposits and guarantees taken from agents	-	8,292
Maintenance expense accrual	4,403	918
Other	42,448	27,642
	836,963	964,421

Balances due to other suppliers are arising in the ordinary course of business.

Taxes and withholdings include VAT payable, special communications tax, frequency usage fees payable to ICTA and personnel income taxes.

Payables to Ericsson companies comprise due to Ericsson Turkey, Ericsson Sweden and Ericsson AB arising from fixed asset purchases, site preparation and other services.

Consideration payable in relation to acquisition of Belarussian Telecom represents present value of short-term deferred payments to the seller. Total deferred payment amounts to \$300,000, of which \$100,000 will be paid on 31 December 2009. The remaining consideration is classified under Other non-current liabilities section (note 22).

Selling and marketing expense accrual is mainly resulted from services received from third parties related to marketing activities of the Company which are not yet invoiced.

In accordance with the license agreement, Turkcell pays 90% of the ongoing license fee, which equals 15% of its gross revenue, to the Turkish Treasury and 10% as universal service fund to the Turkish Ministry.

Interconnection accrual represents net balance of uninvoiced call termination services received from other operators and interconnection services rendered to other operators.

Payables to interconnection suppliers arise from voice and SMS termination services rendered by other GSM operators.

The Group's exposure to currency and liquidity risk related to trade and other payables is disclosed in note 28.

51

TURKCELL ILETISIM HIZMETLERI AS AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED INTERIM FINANCIAL STATEMENTS

As at and for the three months ended 31 March 2009

(Amounts expressed in thousands of US Dollars unless otherwise indicated except share amounts)

28. Financial instruments

Credit risk

Exposure to credit risk:

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was:

	Note	2009	2008
Due from related parties-non current	32	38,792	45,349
Other non-current assets	15	6,339	7,001
Available-for-sale financial assets	14	77,785	689
Due from related parties-current	32	33,114	64,013
Trade receivables and accrued income	17	541,987	587,385
Other current assets	18	19,358	25,305
Cash and cash equivalents	19	2,843,074	3,255,225
		3,560,449	3,984,967

The maximum exposure to credit risk for trade receivables arising from sales transactions including those classified as due from related parties at the reporting date by type of customer is:

	2009	2008
Receivable from subscribers	422,729	473,662
Receivables from distributors and other operators	125,999	143,490
Other	1,075	6,753
	549,803	623,905

Impairment losses

The movement in the allowance for impairment in respect of trade receivables as at 31 March 2009 and 31 December 2008 is as follows:

	2009	2008
Opening balance	196,637	181,746
Impairment loss recognised	14,506	65,678
Impairment loss recognised through acquisition of business combination	-	2,872
Write-off	-	(1,674)
Effect of change in foreign exchange rate	(19,607)	(51,985)
Closing balance	191,536	196,637

The impairment loss recognised of \$14,506 for the three months ended 31 March 2009 relates to its estimate of incurred losses in respect of trade receivables.

The allowance accounts in respect of trade receivables is used to record impairment losses unless the Group is satisfied that no recovery of the amount owing is possible; at that point the amount considered irrecoverable and is written off against the trade receivable directly.

HRV/USD	7.7000	5.0500	7.7000	7.7000

Sensitivity analysis

The basis for the sensitivity analysis to measure foreign exchange risk is an aggregate corporate-level currency exposure. The aggregate foreign exchange exposure is composed of all assets and liabilities denominated in foreign currencies. The analysis excludes net foreign currency investments. Changes in the fair values of forward contracts and currency options are also included in the sensitivity analysis if any; however, offsetting changes in the valuation of the underlying transaction are not included.

10% strengthening of the Turkish Lira, HRV, BYR against the following currencies as at 31 March 2009 and 31 December 2008 would have increased/(decreased) profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant.

	Profit or loss	
	31 March	31 December
	2009	2008
USD	54,577	32,438
EUR	(61,587)	(48,542)
SEK	(1)	22

10% weakening of the Turkish Lira, HRV, BYR against the following currencies as at 31 March 2009 and 31 December 2008 would have increased/(decreased) profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant.

TURKCELL ILETISIM HIZMETLERI AS AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED INTERIM FINANCIAL STATEMENTS

As at and for the three months ended 31 March 2009

(Amounts expressed in thousands of US Dollars unless otherwise indicated except share amounts)

29. Operating leases

The Company entered into various operating lease agreements. For the three months ended 31 March 2009 and 2008, total rent expenses for operating leases were \$52,615 and \$55,032, respectively.

30. Guarantees and purchase obligations

As at 31 March 2009, outstanding purchase commitments with respect to the acquisition of property, plant and equipment, inventory, purchase of sponsorship and advertisement services and 3G license amount to \$737,579 (31 December 2008: \$847,009).

As at 31 March 2009, the Group is contingently liable in respect of bank letters of guarantee obtained from banks given to customs authorities, private companies and other public organizations amounting to TRY 296,829 (equivalent to \$175,847 as at 31 March 2009) (31 December 2008: TRY 330,907 equivalent to \$218,811 as at 31 December 2008).

31. Contingencies

License Agreements

Turkcell:

On 27 April 1998, the Company signed the License Agreement with the Turkish Ministry. In accordance with the License Agreement, the Company was granted a 25 year GSM license for a license fee of \$500,000. The License Agreement permits the Company to operate as a stand-alone GSM operator. Under the License, the Company collects all of the revenue generated from the operations of its GSM network and pays the Turkish Treasury and Turkish Ministry an ongoing license fee and universal service fund, respectively, equal to 15% of its gross revenues from Turkish GSM operations. The Company is authorized to, among other things, set its own tariffs within certain limits, charge peak and off-peak rates, offer a variety of service and pricing packages, issue invoices directly to subscribers, collect payments and deal directly with subscribers.

In February 2002, the Company renewed its License with the ICTA, and became subject to a number of new requirements, including those regarding the build-out, operation, quality and coverage of the Company's GSM network, prohibitions on anti-competitive behavior and compliance with national and international GSM standards. Failure to meet any requirement in the renewed License, or the occurrence of extraordinary unforeseen circumstances, can also result in revocation of the renewed License, including the surrender of the GSM network without compensation, or limitation of the Company's rights thereunder, or could otherwise adversely affect the Company's regulatory status. Certain conditions of the renewed License Agreement include the following:

Coverage: The Company had to attain geographical coverage of 50% and 90% of the population of Turkey with certain exceptions within three years and five years, respectively, of the License's effective date.

Service offerings: The Company must provide certain services in addition to general GSM services, including free emergency calls and technical assistance for subscribers, free call forwarding to police and other public emergency services, receiver-optional short messages, video text access, fax capability, calling and connected number identification and restrictions, call forwarding, call waiting, call hold, multi-party and third-party conference calls, billing information and barring of a range of outgoing and incoming calls.

Service quality: In general, the Company must meet all the technical standards determined and updated by the European Telecommunications Standards Institute and Secretariat of the GSM MoU. Service quality requirements include that call blockage cannot exceed 5% and unsuccessful

calls cannot exceed 2%.

58

TURKCELL ILETISIM HIZMETLERI AS AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED INTERIM FINANCIAL STATEMENTS

As at and for the three months ended 31 March 2009

(Amounts expressed in thousands of US Dollars unless otherwise indicated except share amounts)

31. Contingencies (continued)

License Agreements (continued)

Tariffs: ICTA sets the initial maximum tariffs in TRY and USD. Thereafter, the revised License provides that the ICTA will adjust the maximum tariffs at most every six months or, if necessary, more frequently. The Company is free to set its own tariffs up to the maximum tariffs.

Rights of the ICTA, Suspension and Termination:

The revised License is not transferable without the approval of the ICTA. In addition, the License Agreement gives the ICTA certain monitoring rights and access to the Company's technical and financial information and allows for inspection rights, and gives certain rights to suspend operations under certain circumstances. Also, the Company is obliged to submit financial statements, contracts and investment plans to the ICTA.

Rights of the ICTA, Suspension and Termination: (continued)

The ICTA may suspend the Company's operations for a limited or an unlimited period if necessary for the purpose of public security and national defense. During period of suspension, the ICTA may operate the Company's GSM network.

The Company is entitled to any revenues collected during such period and the Licensee's term will be extended by the period of any suspension. The revised License may also be terminated upon a bankruptcy ruling against the Company or for other license violations, such as operating outside of its allocated frequency ranges, and the penalties for such violations can include fines, loss of frequency rights, revocation of the license and confiscation of the network management centre, the gateway exchanges and central subscription system, including related technical equipment, immovables and installations essential for the operation of the network.

Based on the enacted law on 3 July 2005 with respect to the regulation of privatization, gross revenue description based for the calculation of ongoing license fee and universal service fund has been changed. According to this new regulation, interest charges for late collections, and indirect taxes such as VAT, and other expenses are excluded from the description of gross revenue. Calculation of gross revenue for ongoing license fee and universal service fund according to the new regulation is effective after Danistay's approval on 10 March 2006.

Belarussian Telecom:

Belarussian Telecom owns a license issued on 18 March 2005 for a period of 10 years and is valid till 18 March 2015. Based on the SPA dated 29 July 2008 between the State Committee on Property of the Republic of Belarus (the seller), Beltel and the Company, the seller granted an extension on the license to render standard GSM services until 26 August 2018. Besides, the license shall be extended for an additional ten years and the seller shall provide relevant official documents for such evidency authorization until 31 December 2009.

Under its license, Belarussian Telecom has several coverage requirements to increase its geographical coverage gradually starting from the date of the license until 2017. However, Belarussian Telecom's period of execution in relation to coverage requirements are extended for three years starting from the acquisition date.

TURKCELL ILETISIM HIZMETLERI AS AND ITS SUBSIDIARIES

NOTES TO THE CONSOLIDATED INTERIM FINANCIAL STATEMENTS

As at and for the three months ended 31 March 2009

(Amounts expressed in thousands of US Dollars unless otherwise indicated except share amounts)

**31. Contingencies (continued)
License Agreements (continued)**

Astelit:

Astelit owns three GSM activity licenses, one is for GSM 900, the others are for DCS 1800. As at 31 March 2009, Astelit owns twenty one GSM 900, DCS 1800, D-AMPS and Radiorelay frequency licenses which are regional or national. In addition to the above GSM licenses, Astelit owns four licenses for local fixed line phone connection with wireless access using D-AMPS standard.

According to licenses, Astelit should adhere to state sanitary regulations to ensure that equipment used does not injure the population by means of harmful electro-magnetic emissions. Licenses require Astelit to inform authorities about start/end of operations in three months; about changes in incorporation address in 10 days. Also, Astelit must present all the required documents for inspection by Ukrainian Telecommunications Authority at their request. The Ukrainian Telecommunications Authority may suspend the operations of Astelit for a limited or an unlimited period if necessary because of the expiration of licenses, upon mutual consent, or in case of violation of terms of radio frequencies use. If such a violation is determined, Ukrainian Telecommunications Authority notifies Astelit of provisions violated and sets deadline for recovery. If the deadline is not met, licenses may be terminated.

Tellcom Iletisim Hizmetleri AS :

Tellcom Iletisim Hizmetleri AS (Tellcom) acquired Long Distance Traffic Carrying Services License, Data Transmission Overland License, Infrastructure License and Internet Service Provider License. Long Distance Traffic Carrying Services License is valid for 15 years and the remaining licenses are valid for 25 years.

Superonline:

Superonline acquired Long Distance Traffic Carrying Services License, Data Transmission Overland License, Satellite License and Internet Service Provider License. Long Distance Traffic Carrying Services License is valid for 15 years and the remaining licenses are valid for 25 years.

Inteltek:

Inteltek signed a contract on 30 July 2002 which provides for the installation, support and operation of an on-line central betting system as well as maintenance and support for the provision of football betting games. The Central Betting System Contract was scheduled to expire on 30 March 2008.

Inteltek signed another contract with Genclik ve Spor Genel Mudurlugu (GSGM) on 2 October 2003 which authorized Inteltek to establish and operate a risk management center and become head agent for fixed odds betting. The Fixed Odds Betting Contract was scheduled to expire in October 2011. However, in relation to the lawsuits related to the operations of Inteltek, GSGM ceased the implementation of the Fixed Odds Betting Contract starting from March 2007. Following this annulment decision, Spor Toto and Inteltek signed a new Fixed Odds Betting Contract on 15 March 2007, with less-advantageous conditions compared to previous contract signed in 2003, that expired on 1 March 2008.

Inteltek signed a new Fixed Odds Betting Contract with Spor Toto, which took effect on 1 March 2008. At the same time, Inteltek signed a new Central Betting System Contract with Spor Toto, which took effect on 31 March 2008 as having the same conditions with the current contract and both contracts were to be valid for one year utmost until the operation started as a result of the new tender.

Inteltek (continued):

On 28 August 2008, Spor Toto conducted a tender which allowed private companies to organize fixed odds and paramutual betting in sports games. Inteltek, gave the best offer for the tender. On 29 August 2008, Inteltek signed a contract with Spor Toto, receiving the rights to run the sport betting business for the next ten years. New commission rate, which is 1.4% of gross takings (until 1 March 2009, commission rate was 7% of gross takings), is applicable starting from March 2009.

Kibris Telekom:

On 27 April 2007, Kibris Telekom signed the License Agreement for Installation and Operation of a Digital, Cellular, Mobile Telecommunication System (Mobile Communication License Agreement) with the Ministry of Communications and Works of the Turkish Republic of Northern Cyprus which is effective from 1 August 2007, replacing the existing GSM-Mobile Telephony System Agreement dated 25 March 1999. In accordance with the Mobile Communication License Agreement, Kibris Telekom was granted an 18 year GSM 900, GSM 1800 and IMT 2000/UMTS license for GSM 900, GSM 1800 frequencies while the usage of IMT 2000/UMTS frequency bands is subject to the fulfilment of certain conditions.

On 14 March 2008, Kibris Telekom was awarded a 3G infrastructure license at a cost of \$10,000 including VAT, which was paid at the end of March 2008. Under the terms of the license, the system had to be operational by mid-October 2008.

Under the Mobile Communication License Agreement, Kibris Telekom also pays the tax authorities of Turkish Republic of Northern Cyprus an ongoing license fee on monthly basis equal to 15% of gross revenues excluding accrued interest charges for the late payments, indirect taxes and accrued revenues for reporting purposes, payments made to third parties for value added services, interconnection revenues, roaming income from own subscribers after the related payment made to other operators.

Interconnection Agreements

The Company has entered into interconnection agreements with a number of operators in Turkey and overseas including Turk Telekom, Telsim Mobil Telekomunikasyon Hizmetleri AS (Telsim), Vodafone Telekomunikasyon AS (Vodafone), Avea Iletisim Hizmetleri AS (Avea), Milleni.com GMBH (Milleni.com) and Globalstar Avrasya Uydu Ses ve Data Iletisim AS (Globalstar). The Access and Interconnection Regulation (the Regulation) became effective when it was issued by the ICTA on 23 May 2003.

The Regulation is driven largely by a goal to improve the competitive environment. Under the Regulation, the ICTA may compel all telecommunications operators to accept another operator's request for use of and access to its network. All telecommunications operators in Turkey may be required to provide access to other operators on the same terms and qualifications provided to their shareholders, subsidiaries and affiliates.

In accordance with the Regulation, the telecommunications providers in Turkey (including Turk Telekom) were obliged to renew their interconnection agreements within two months following the issuance of the Regulation. As a result of intervention by the ICTA, the Company entered into supplemental agreements with Turk Telekom on 10 November 2003, Telsim on 21 November 2003, and Globalstar on 11 December

Edgar Filing: TURKCELL ILETISIM HIZMETLERI A S - Form 6-K

2003, with amended tariffs and tariff adoption procedures. The interconnection agreement with Avea (formerly TT&TIM) was last renewed on 20 January 2006. On 24 May 2006, shares of Telsim were transferred to Vodafone and a new interconnection agreement was signed between the Company and Vodafone at the end of July 2006.

(Amounts expressed in thousands of US Dollars unless otherwise indicated except share amounts)

31. Contingencies (continued)

Interconnection Agreements (continued)

On 21 February 2005, Telcom and Milleni.com have signed an agreement to provide telecommunications services to each other whereby Milleni.com may convey calls to the Company's switch and the Company may convey calls to Milleni.com's switch, in both cases, for onward transmission to their destinations.

In addition, the ICTA has required operators holding significant market power, as well as Turk Telekom, to share certain facilities with other operators under certain conditions and to provide co-location on their premises for the equipment of other operators at a reasonable price. The ICTA has also required telecommunications operators to provide number portability, which means allowing users to keep the same phone numbers even after they switch from one network to another starting from 9 November 2008.

Under a typical interconnection agreement, each party agrees, among other things to permit the interconnection of its network with the Company's network to enable calls to be transmitted to, and received from, the GSM system operated by each party in accordance with technical specifications set out in the interconnection agreement. Typical interconnection agreements also establish understandings between the parties relating to a number of key operational areas, including call traffic management, quality and performance standards, interconnection interfaces and other technical, operational and procedural aspects of interconnection.

The Company's interconnection agreements usually provide that each party will assume responsibility for the safe operation of its own network. Each party is also typically responsible for ensuring that its network does not endanger the safety or health of employees, contractors, agents or customers of the other party or damage, interfere with or cause any deterioration in the operation of the other party's network.

Interconnection agreements also specify the amount of the payments that each party will make to the other for traffic originated on one network but switched to the other. These payments vary by contract, and in some cases, may require the Company to pay the counterparty less, the same amount, or a greater amount per minute, for traffic originating on the Company's network but switching to the counterparty's network, than it receives for a similar call originating on another network and switched to the Company's network.

There are no minimum payment obligations under the interconnection agreements; however, failure to carry the counterparty's traffic may expose the Company to financial and other penalties or loss of interconnection privileges for its own traffic.

On 16 January 2007, ICTA published Standard Interconnection Reference Tariffs for Turk Telekom and GSM operators. In accordance with the recommendation, the fee determined for the Company is full TRY 0.140/minute (equivalent to full \$0.082/minute as at 31 March 2009) between 1 January 2007 and 28 February 2007. From 1 March 2007, the fee is full TRY 0.136/minute (equivalent to full \$0.081/minute as at 31 March 2009). These Standard Interconnection Reference Tariffs were not necessarily directly applicable to the Company's interconnection agreements unless explicitly stated by the ICTA at the end of the settlement procedure. However, full TRY 0.136/minute (equivalent to full \$0.081/minute as at 31 March 2009) has been started to be applied between Turk Telekom and the Company starting from 1 March 2007.

Interconnection Agreements (continued)

On 1 April 2008, ICTA published Standard Interconnection Reference Tariffs for Turk Telekom and GSM operators. In accordance with the recommendation, the fee determined for the Company is full TRY 0.091/minute (equivalent to full \$0.053/minute as at 31 March 2009) effective from 1 April 2008. These Standard Interconnection Reference Tariffs are not necessarily directly applicable to the Company's current or future interconnection agreements unless explicitly stated by the ICTA at the end of the settlement procedure. The Company has recognized interconnection revenues and cost in accordance with Standard Interconnection Reference Tariffs starting from 1 April 2008.

On 25 March 2009, Information and Communication Technologies Authority determined new interconnection rates for the Company as full TRY 0.0655 (equivalent to full \$0.0388 as at 31 March 2009) which is effective from 1 May 2009.

Legal Proceedings

The Group is involved in various claims and legal actions arising in the ordinary course of business described below.

Dispute on Turk Telekom Transmission Lines Leases

Effective from 1 July 2000, Turk Telekom annulled the discount of 60% that it provided to the Company based on its regular ratio, which had been provided for several years, and, at the same time, Turk Telekom started to provide a discount of 25% being subject to certain conditions. The Company filed a lawsuit against Turk Telekom for the application of the agreed 60% discount. However, on 30 July 2001, the Company had been notified that the court of appeal upheld the decision made by the commercial court allowing Turk Telekom to terminate the 60% discount. Accordingly, the Company paid and continues to pay transmission fees to Turk Telekom based on the 25% discount. Although Turk Telekom did not charge any interest on late payments at the time of such payments, the Company recorded an accrual amounting to a nominal amount of TRY 3,023 (equivalent to \$1,791 as at 31 March 2009) for possible interest charges as at 31 December 2000. On 9 May 2002, Turk Telekom requested an interest amounting to a nominal amount of TRY 30,068 (equivalent to \$17,813 as at 31 March 2009).

The Company did not agree with Turk Telekom's interest calculation and, accordingly, obtained an injunction from the commercial court to prevent Turk Telekom from collecting any amounts relating to this interest charge. Also, the Company initiated a lawsuit against Turk Telekom on the legality of such interest. On 25 December 2008, the Court rejected the case. The Company appealed the decision. As at 31 March 2009, based on the management opinion, the Company recorded a provision of TRY 84,615 (equivalent to \$50,127 as at 31 March 2009).

Legal Proceedings (continued)

Dispute on National Roaming Agreement

During the third quarter of 2001, the Company was approached by Is-Tim to negotiate a national roaming agreement. These negotiations did not result in a mutual agreement. Therefore, the discussions continuing under the supervision of the ICTA have been subject to several lawsuits. On 26 November 2001, the Company initiated an arbitration suit in International Chamber of Commerce (ICC) against Turkish Ministry and ICTA. On 25 November 2003, ICC rendered a decision stating that the case is not under its jurisdiction. The Company initiated a lawsuit for the annulment of this decision. The First Instance Court rejected the case and the Company appealed against said decision. The Supreme Court annulled the decision of the First Instance Court in favor of the Company. On 13 September 2006, local court decided to execute the Supreme Court's decision. On 22 May 2007, the Court rejected the case. The Company appealed the decision.

In a letter dated 14 March 2002, the ICTA subjected Is-Tim's request for national roaming to the condition that it be reasonable, economically proportional and technically possible. Nevertheless, the ICTA declared that the Company is under an obligation to enter a national roaming agreement with Is-Tim within a 30 day period. The Company initiated a lawsuit against ICTA. On 14 March 2006, Danistay decided to cancel the process dated 14 March 2002 but rejected the Company's request for cancellation of the regulation on procedures and policies with respect to national roaming. ICTA appealed the decision. The appeal process is still pending.

The ICTA decided that the Company has not complied with its responsibility under Turkish regulations to provide national roaming and fined the Company by nominal amount of approximately TRY 21,822 (equivalent to \$12,928 as at 31 March 2009). On 7 April 2004, the Company made the related payment. On 3 January 2005, with respect to the Danistay's injunction, ICTA paid back nominal amount of TRY 21,822 (equivalent to \$12,928 as at 31 March 2009). On 13 December 2005, Danistay decided the cancellation of the administrative fine but rejected the Company's request for cancellation of the regulation on procedures and policies with respect to national roaming. ICTA appealed the decision. The case is still pending. Based on the management opinion, the Company has not recorded any accrual as at 31 March 2009.

On 27 October 2006, Telecom Italia SPA and TIM International N.V. initiated a lawsuit against the Company and Telsim claiming that the Company violated competition law since demand of roaming has not been met. Telecom Italia SPA and TIM International N.V. requested \$2,000 with respect to this claim. On 23 July 2007, the Court sent the file to expert the examination. Expert report has been sent to the Court. The expert report is in favor of the Company. On 29 December 2008, the Court rejected the case. Such decision has been appealed by Telecom Italia SPA and TIM International N.V. Based on the management opinion, the Company has not recorded any accrual as at 31 March 2009.

Legal Proceedings (continued)

Investigation of the Competition Board

The Competition Board commenced an investigation of business dealings between the Company and the mobile phone distributors in October 1999. The Competition Board decided that the Company disrupted the competitive environment through an abuse of a dominant position in the Turkish mobile market and infringements of certain provisions of the Law on the Protection of Competition. As a result, the Company was fined a nominal amount of approximately TRY 6,973 (equivalent to \$4,131 as at 31 March 2009) and was enjoined to cease these infringements. The Company initiated a lawsuit before Danistay for the injunction and cancellation of the decision. On 15 November 2005, Danistay cancelled the Competition Board's decision on the ground that Competition Board infringed the procedural rules governing the investigation process.

After the cancellation of the Competition Board's decision, the Competition Board has given the same decision again on 29 December 2005. On 10 March 2006, the Company initiated a lawsuit before Danistay for the injunction and cancellation of the Competition Board's decision dated 29 December 2005. Danistay rejected the injunction request of the Company. The Company has objected to this rejection decision. Danistay rejected the Company's objection request. The Company appealed the decision.

Based on the decision of Competition Board, Ankara Tax Office requested the Company to pay TRY 6,973 (equivalent to \$4,131 as at 31 March 2009) through the payment order dated 4 August 2006. On 25 September 2006, the Company made the related payment and initiated a lawsuit for the injunction and cancellation of this payment order. The Court rejected the Company's injunction request.

The Company has objected to such decision, however, objection is rejected. The court dismissed the lawsuit, and the Company appealed this decision. The Company ceased to accrue for TRY 6,973 (equivalent to \$4,131 as at 31 March 2009) on its consolidated interim financial statements as at and for the period ended 31 March 2009 due to the aforesaid payment on 25 September 2006

Investigation of the ICTA on International Voice Traffic

In May 2003, the Company was informed that the ICTA had initiated an investigation against the Company claiming that the Company has violated Turkish laws by carrying some of its international voice traffic through an operator other than Turk Telekom. The Company is disputing whether Turk Telekom should be the sole carrier of international voice traffic. On 5 March 2004, the ICTA fined the Company a nominal amount of approximately TRY 31,731 (equivalent to \$18,798 as at 31 March 2009). On 9 April 2004, the Company made the related payment. With respect to the Danistay's injunction on 5 November 2004, ICTA paid back the nominal amount. ICTA appealed this decision. General Assembly of Administrative Courts of Danistay rejected the appeal request of ICTA. On 26 December 2006, Danistay decided to accept the Company's claim and annul the decision of and the penalty given by the ICTA. ICTA appealed the decision and the appeal process is pending.

Legal Proceedings (continued)*Investigation of the ICTA on International Voice Traffic (continued)*

On 2 March 2005, Turk Telekom notified the Company that it has damaged Turk Telekom because of the interconnection agreement signed with Millenicom Telekomunikasyon AS (Millenicom) Accordingly, Turk Telekom requested the Company to pay nominal amount of TRY 219,149 (equivalent to \$129,828 as at 31 March 2009) of principal and nominal amount of TRY 178,364 (equivalent to \$105,666 as at 31 March 2009) of interest, which make a sum of nominal amount of TRY 397,513 (equivalent to \$235,493 as at 31 March 2009) until 7 March 2005. In addition, Turk Telekom initiated a lawsuit against the Company with respect to the same issue requesting an amount of TRY 450,931 (equivalent to \$267,139 as at 31 March 2009) of which TRY 219,149 (equivalent to \$129,828 as at 31 March 2009) is principal and TRY 231,782 (equivalent to \$137,312 as at 31 March 2009) is interest charged until 30 June 2005. The Court sent the file to expert examination. According to the expertise report filed in October 2007, interconnection agreement between the Company and Millenicom damaged Turk Telekom s interest amounting to TRY 288,400 (equivalent to \$170,853 as at 31 March 2009) or TRY 279,227 (equivalent to \$165,419 as at 31 March 2009). The Company objected to the expertise report. On 6 November 2007, the Court ruled to obtain an additional expertise report. Additional expertise report has been sent to the parties and the report is consistent with the previous expertise report. The Company objected to the additional expertise report. The Company requested another expertise report. On 27 November 2008, the Court ruled to obtain an additional expertise report. Management believes that the aforementioned request has no legal basis. Moreover, the Company obtained an independent opinion dated 23 October 2007 which supports the management opinion from an expert who is not designated by the Court. The case is still pending.

Based on the management opinion, the Company has not recorded any accruals with respect to this matter in its consolidated interim financial statements as at and for the period ended 31 March 2009.

Dispute on Special Communication Taxation Regarding Prepaid Card Sales

On 18 September 2003, the Ministry of Finance issued a report stating that by applying discounts for prepaid card sales for the period between June - December 2002, the Company calculated the special communication tax on post-discounted amounts. Pursuant to this report, the Tax Office delivered to the Company a notice, asserting deficiencies in special communication tax declarations and requesting a special communication tax payment amounting to nominal amount of TRY 6,992 (equivalent to \$4,142 as at 31 March 2009) and a tax penalty of nominal amount of TRY 9,875 (equivalent to \$5,850 as at 31 March 2009). The tax court accepted the Company s request for cancellation of special communication tax declarations. The tax office appealed this decision. Danistay did not accept the Tax Court decision. The Company applied for the correction of the decision. On 25 June 2007, Danistay rejected the correction of decision. On 28 September 2007, Local Court complied with Danistay s decision and rejected the lawsuit for the principle tax amount and accepted the part of the case related to the tax penalty saying that the penalty was excessively applied than it was required. The Company appealed the decision. Since the settlement has been arranged between the Company and Tax Office, the Company has been waived from the lawsuit.

Dispute on Special Communication Taxation Regarding Prepaid Card Sales (continued)

On 3 December 2007, Tax Office delivered a notice to the Company requesting a special communication tax payment amounting to nominal amount of TRY 6,992 (equivalent to \$4,142 as at 31 March 2009), a tax penalty of a nominal amount of TRY 6,992 (equivalent to \$4,142 as at 31 March 2009) and accrued interest of nominal amount of TRY 16,813 (equivalent to \$9,960 as at 31 March 2009). The Company made the related payment with respect to special communication tax and tax penalty totaling to a nominal amount of TRY 13,984 (equivalent to \$8,284 as at 31 March 2009) on 28 December 2007. Besides, the Company filed a lawsuit on 28 December 2007 for the cancellation of accrued interest amounting to nominal amount of TRY 16,813 (equivalent to \$9,960 as at 31 March 2009). The Court rejected the Company's injunction request. The Company objected to the decision, however, the objection request was not accepted. As a result of the settlement between the Company and the Tax Office, the Company decided to withdraw its request.

The Company filed a lawsuit on 28 January 2008 for the cancellation of Tax Office decision with respect to the Company's aforementioned payment not to be deemed as a special communication tax and tax penalty. The Court rejected the Company's cancellation request. The Company objected to the decision. As a result of the settlement between the Company and the Tax Office, the Company decided to withdraw its request.

The Company filed a lawsuit on 12 February 2008 against the Tax Office for the cancellation of the payment orders issued by the Tax Office for the above mentioned tax payments and requested preliminary injunction. The Court rejected the Company's cancellation request. The Company objected to the decision. As a result of the settlement between the Company and the Tax Office, the Company decided to withdraw its request.

The Law on the Settlement Procedure and Collection of Certain Public Receivables numbered 5736 was put into force on 27 February 2008 following its approval by the Grand National Assembly General Committee. The law provides a new settlement opportunity and easy payment conditions for the tax debts of taxpayers. On 26 March 2008, the Company submitted a written application to the Tax Offices for the dispute on special communication taxation regarding prepaid card sales.

According to the settlement made with Tax Offices Coordination Settlement Commission under Ministry of Finance Revenue Administration (Settlement Commission) on 18 November 2008, the special communication tax and penalty regarding the dispute paid by the Company amounted to TRY 13,984 (equivalent to \$8,284 as at 31 March 2009) was settled at TRY 2,750 (equivalent to \$1,629 as at 31 March 2009). In addition, the late payment interest in which the Company had a provision of TRY 16,813 (equivalent to \$9,960 as at 31 March 2009) settled at TRY 7,044 (equivalent to \$4,173 as at 31 March 2009). The Company deducted these settlement gains from its monthly special communication tax payments.

Dispute on Special Communication Taxation Regarding Prepaid Card Sales (continued)

Tax Office imposed tax penalty in the total amount of TRY 47,130 (equivalent to \$27,921 as at 31 March 2009) based on the ground that the Company had to pay special communication tax over the discounts applied to the distributors for the wholesales for the year 2003. As at 31 March 2009, the Company initiated a lawsuit before the court. This lawsuit is still pending. The Company management believes that the subject amount will also be settled with Settlement Commission and will not lead to a material financial risk. Accordingly, the Company has not recorded any accruals with respect to this matter in its consolidated interim financial statements as at and for the period ended 31 March 2009.

Disputes on annulment of fixed odds betting tender related to establishment and operation of risk management center head agency

The tender on fixed odds betting tender related to establishment and operation of risk management center head agency held by GSGM and the Fixed Odds Betting Contract dated 2 October 2003 signed as a result of the said tender between GSGM and Inteltek were challenged by Reklam Departmani Basın Yayın Üretim Üretim Yapımcılık Danışmanlık ve Ticaret Limited Şirketi (Reklam Departmanı) and Gtech Avrasya Teknik Hizmet ve Müşavirlik AS (Gtech) with the claim of suspension of execution and annulment.

For the lawsuit initiated by Gtech, Council of State decided for the suspension of the tender. Following this decision, the Fixed Odds Betting Contract dated 2 October 2003 between GSGM and Inteltek was terminated by GSGM based on the said decision of Council of State and the Code numbered 5583 came into effect which allowed Spor Toto to hold a new tender and sign a new contract which would be valid until 1 March 2008. On 15 March 2007, GSGM held a new tender, at which Inteltek became the preferred bidder and reacquired the right to operate until 1 March 2008. On the other hand, Inteltek initiated two lawsuits against GSGM on the ground that the termination of the Fixed Odds Betting Contract dated 2 October 2003 was unjustified and to determine that the aforementioned contract is valid under law and is in force. The court decided to reject Inteltek's claim on 10 July 2007. Inteltek appealed the court's decision. Inteltek's appeal was rejected by the Court on 5 February 2008 and Inteltek applied for correction of decision. The Supreme Court rejected the appeal. Inteltek appealed the decision. The Supreme Court decided to approve the decision.

On 27 February 2008, the Turkish parliament passed a new law that allowed Spor Toto to sign a new Fixed Odds Betting Contract with Inteltek, having the same terms and conditions with the latest contracts signed with Spor Toto and to be valid for up to one year, until operations start under the new tender which Spor Toto is allowed to hold in accordance with the same law. Inteltek signed a new Fixed Odds Betting contract with Spor Toto, which took effect on 1 March 2008.

On 28 August 2008, Spor Toto conducted a tender which allowed private companies to organize fixed odds and paramutual betting in sports games. Inteltek gave the best offer with 1.4% for the tender. On 29 August 2008, Inteltek signed a contract with Spor Toto, receiving the rights to run the sport betting business for the next ten years. New commission rate is applicable starting from March 2009.

Based on the management opinion, the Company has not recorded any accruals with respect to these matters in its consolidated interim financial statements as at and for the period ended 31 March 2009.

Legal Proceedings (continued)**

Dispute with Spor Toto I

On 9 November 2005, Spor Toto sent a notification letter to Inteltek claiming that Inteltek is obliged to pay nominal amount of TRY 3,292 (equivalent to \$1,950 as at 31 March 2009) due to the difference in the reconciliation methods. Spor Toto claims that the reconciliation periods should be six-month independent periods whereas Inteltek management believes that those periods should be cumulative as stated in the agreement. Inteltek did not pay the requested amount.

A lawsuit for determination of evidence has been initiated against Inteltek by Spor Toto on behalf of GSGM. In this lawsuit, Spor Toto has requested from the Court to determine if Inteltek was responsible for the revenue which was not transferred to the Spor Toto's accounts in due time, and collection risk was belonging to Inteltek, Inteltek was responsible for the revenue in the amount of TRY 1,527 (equivalent to \$905 as at 31 March 2009) which was not paid and not collected until the date of the lawsuit and final accounts should be resolved after every period of six-months for settlement, by accepting the periods of six-months for settlement as periods independent from each other. On 22 February 2007, the Court rejected the case and decided that the collection risk is with GSGM and Inteltek is not responsible for the uncollected amount of TRY 1,527 (equivalent to \$905 as at 31 March 2009) and also ejected the demand of GSGM that the reconciliation period should be six-month independent periods. GSGM appealed the Court's decision. Supreme Court rejected the appeal request of GSGM. Following the Supreme Court's decision, GSGM applied for the correction of the decision. GSGM's correction of decision request was rejected by the Court and the decision was finalized.

Based on the decision of Supreme Court, Inteltek reversed the previously accrued amount of TRY 3,292 (equivalent to \$1,950 as at 31 March 2009) and its overdue interest accrual amount of total TRY 1,894 (equivalent to \$1,122 as at 31 March 2009). Furthermore, Inteltek reclaimed TRY 2,344 (equivalent to \$1,389 as at 31 March 2009) principal and TRY 977 (equivalent to \$579 as at 31 March 2009) accrued interest which was paid in the 1st and 3rd reconciliation periods. Inteltek has initiated a lawsuit on 21 February 2008 to collect this amount. On 3 December 2008, the Court ruled to obtain an expertise report. On 19 March 2009, the court decided in favour of Inteltek. Spor Toto appealed the decision. The case is still pending. The Company has not recorded any income accruals with respect to latter lawsuit in its consolidated interim financial statements as at and for the period ended 31 March 2009.

Dispute with Spor Toto II

On 29 January 2007, Spor Toto sent a letter to Inteltek claiming that duplicate payments have been made to Inteltek under the two separate agreements that Inteltek operates under and it would keep these duplicate payments in an escrow account until settlement of this issue. Following this letter, on 27 February 2007, Inteltek initiated a lawsuit against Spor Toto stating that all payments made with respect to the contracts between Inteltek and Spor Toto are valid under law. The Supreme Court's investigation report resulted in favor of Inteltek and whereon as at 31 March 2009 Spor Toto released the deducted amount of TRY 2,494 (equivalent to \$1,477 as at 31 March 2009) for the period between 26 December 2006 and 26 March 2007. Therefore, on 29 April 2008 the Court decided that there is no need to render a verdict on this case. Such decision has been appealed by Inteltek.

Dispute on call termination fee

Telsim has initiated a lawsuit claiming that the Company has not applied the reference interconnection rates determined by the ICTA, and has charged interconnection fees exceeding the ceiling rates approved by ICTA and requested an injunction to be applicable starting from 1 August 2005, to cease this practice and requested a payment of its damages totalling to nominal amount of TRY 26,109 (equivalent to \$15,467 as at 31 March 2009) including principal, interest and penalty on late payment. On 6 April 2006, the case was rejected. Telsim appealed this decision. On 11 December 2007, Supreme Court approved the local court decision. Telsim applied for the correction of the decision. Supreme Court rejected Telsim's request and the decision has been finalized.

There has been a disagreement between the Company and Avea with respect to interconnection rates applied between March 2005 and July 2006. Avea raised an objection on the invoices the Company had issued during the said period claiming that the Company had not applied the reference interconnection rates determined by the ICTA, and had charged interconnection fees exceeding the ceiling rates approved by ICTA. Between March 2005 and July 2006, Avea issued return invoices amounting to TRY 78,030 (equivalent to \$46,226 as at 31 March 2009) which represents the amount exceeding the ceiling rates approved by ICTA and the Company booked such invoices as a reduction of revenue. The Company management believes that the Interconnection Agreement signed between the Company and Avea on 9 March 2001 should be binding with respect to tariffing instead of the reference interconnection rates determined by the ICTA. A similar case with Telsim, at which Telsim was claiming that the Company should have applied the reference interconnection rates determined by the ICTA was rejected on 6 April 2007 and approved by Supreme Court on 11 December 2007. Therefore, in November 2007, the Company issued return invoices, which were issued by Avea, including taxes amounting to TRY 78,030 (equivalent to \$46,226 as at 31 March 2009) and recognized revenue amounting to TRY 54,566 (equivalent to \$32,326 as at 31 March 2009) in its consolidated interim financial statements for the year ended 31 December 2007.

Dispute with Iranian Ministry in connection with the GSM tender process

The Company believes the Iranian Ministry has not properly implemented the laws and regulations passed by the Iranian Parliament in connection with the GSM tender process, which was won by the Consortium. As a result, the Company has brought a claim in Iranian courts seeking to compel the Ministry to implement the laws and regulations passed by the Iranian Parliament in connection with the GSM tender process. Such injunction order was rejected in April 2006. The Company has initiated an arbitration process against Islamic Republic of Iran for not abiding by the provisions of the Agreement on Reciprocal Promotion and Protection of Investments.

Dispute with the ICTA with respect to temporary set call termination fees

The interconnection agreement executed with Turk Telekom provided for a renegotiation of pricing terms on call termination fees after 31 December 2004, and in the event that the parties could not agree on new terms by 28 February 2005, for referral to the ICTA for resolution. As the parties were unable to agree on new terms, Turk Telekom referred the matter to the ICTA, which has set temporary call termination fees for calls terminating on each operator's network starting from 10 August 2005.

On 7 October 2005, the Company filed a lawsuit against ICTA for the injunction and cancellation of this decision, which has set temporary call termination fees for calls terminating on each operator's network starting from 10 August 2005 and the Court rejected the Company's preliminary injunction request. The Company has appealed this decision. The appeal request has been rejected. On 4 July 2007, the Court decided that the lawsuit is not under its jurisdiction. Danistay rejected injunction request of the Company and the Company objected to the decision. On 1 June 2006, ICTA issued reference call termination fees for the Company and Turk Telekom. In addition, on 26 July 2006, ICTA issued final call termination fees for the Company and Turk Telekom.

On 10 July 2006 and 14 August 2006, the Company filed two lawsuits before Ankara Administrative Court for the injunction and cancellation of reference call termination fees together with the final termination fees set as full TRY 0.140/minute (equivalent to full \$0.083/minute as at 31 March 2009) for calls terminating on Turk Telekom and the Company's network through the decisions of ICTA dated 1 June 2006 and 26 July 2006. On 9 October 2006, the Administrative Court rejected injunction request of the Company dated 10 July 2006. The Company objected to this decision. On 22 November 2006, Administrative Court has rejected the objection request. The Court decided that the lawsuit is not under its jurisdiction and transferred the file to Danistay. On 21 September 2007, Danistay rejected the injunction request of the Company dated 14 August 2006 and the Company objected to the decision. However, such objection was also rejected.

On 12 September 2007, the Company filed another lawsuit on Danistay for the injunction and cancellation of call termination fees between the Company and Turk Telekom which have been set as TRY 0.140/minute (equivalent to full \$0.083/minute as at 31 March 2009) between 1 January 2007 and 28 February 2007 and full TRY 0.136/minute (equivalent to full \$0.081/minute as at 31 March 2009) starting from 1 March 2007. The Court rejected the injunction request of the Company. The Company objected to the decision and the objection was rejected by the Court.

On 22 October 2008, the Company filed another lawsuit against the part of ICTA's Standard Interconnection Reference Tariffs that determines reference fee for the Company is TRY 0.091/minute (equivalent to full \$0.054/minute as at 31 March 2009) for Turk Telekom, Vodafone and Avea, together with and the decision declared on 26 August 2008 that Interconnection fee between the Company and Vodafone is determined TRY 0.091/minute (equivalent to full \$0.054/minute as at 31 March 2009). Injunction request of the Company has been rejected by the Court. The Company objected to such rejection.

Dispute with the ICTA with respect to temporary set call termination fees (continued)

On 27 October 2008, the Company filed another lawsuit against the part of ICTA's Standard Interconnection Reference Tariffs that determines reference fee for the Company is TRY 0.091/minute (equivalent to full \$0.054/minute as at 31 March 2009) for Turk Telekom, Vodafone and Avea, together with and the decision declared on 26 August 2008 that Interconnection fee between Company and Avea is determined TRY 0.091/minute (equivalent to full \$0.054/minute as at 31 March 2009). The case is still pending.

In addition, call termination fees between the Company and Vodafone and the Company and Avea are set through Reconciliation procedure and Call termination fees issued on 1 June 2006 by ICTA. These call termination fees are effective from March 2006, May 2006 and July 2006 for Telsim, Vodafone and Avea, respectively. On 14 August 2006, the Company filed a lawsuit with the Ankara Administrative Court for the injunction and cancellation of call termination fees between the Company and Avea which have been set as full TRY 0.140/minute (equivalent to full \$0.083/minute as at 31 March 2009) for calls terminating on the Company's network. On 19 December 2006, the Ankara Administrative Court dismissed the case, deciding that it does not have jurisdiction over the case. The case has been transferred to Danistay. On 21 September 2007, the Court rejected the injunction request of the Company. The Company objected to this decision. On 26 September 2007, the Company filed a lawsuit on Danistay for the injunction and cancellation of call termination fees between the Company and Avea which have been set as full TRY 0.136/minute (equivalent to full \$0.081/minute as at 31 March 2009) for calls terminating on the Company's network. The court rejected the Company's injunction request and the Company objected to this decision. The case is still pending.

Additionally, on 23 August 2006, the Company also filed a lawsuit with the Ankara Administrative Court for the injunction and cancellation of call and SMS termination fees between Turkcell and Vodafone (Telsim for the period between 1 March-24 May 2006) which have been set as full TRY 0.140/minute (equivalent to full \$0.083/minute as at 31 March 2009) for calls terminating and full TRY 0.0297/unit (equivalent to full \$0.0176/unit as at 31 March 2009) for SMS terminating on the Company's network. The Ankara Administrative Court dismissed the case on 29 August 2006, deciding that it does not have jurisdiction over the case. The case has been transferred to Danistay. On 1 May 2007, the Court rejected the injunction request of the Company and the Company objected to this decision. The Court rejected this objection of the Company. The case is still pending.

Dispute with the Turk Telekom with respect to call termination fees

As mentioned above, ICTA has set temporary call termination fees for calls terminating on each operator's network starting from 10 August 2005. However, Turk Telekom did not apply these termination fees for the international calls.

Therefore, on 22 December 2005, the Company filed a lawsuit against Turk Telekom to cease this practice and requested collection of its damages totaling to nominal amount of TRY 11,970 (equivalent to \$7,091 as at 31 March 2009) including principal, interest and penalty on late payment covering the period from August 2005 until October 2005. After the expert examination, the expert group submitted its report within the file. The case is still pending.

Dispute with the Turk Telekom with respect to call termination fees (continued)

On 19 December 2006, the Company initiated another lawsuit against Turk Telekom claiming that Turk Telekom has not applied call termination tariffs for international calls set by ICTA for the period between November 2005 and October 2006 amounting to nominal amount of TRY 23,726 (equivalent to \$14,056 as at 31 March 2009) including principal, interest and penalty on late payment. The Court decided to consolidate this lawsuit with the first lawsuit dated 22 December 2005.

On 2 November 2007, the Company initiated another lawsuit against Turk Telekom claiming that Turk Telekom has not applied call termination tariffs for international calls set by ICTA for the period between November 2006 and 1 March 2007 amounting to nominal amount of TRY 6,836 (equivalent to \$4,050 as at 31 March 2009) including principal, interest and penalty on late payment. The Court also decided to consolidate this lawsuit with the first lawsuit dated 22 December 2005.

Dispute with Avea on SMS interconnection termination fees

On 28 February 2006, Avea initiated a lawsuit against the Company claiming that although there was an agreement between the Company and Avea stating that both parties would not charge any SMS interconnection termination fees, the Company has charged SMS interconnection fees for the messages terminating on its own network and also assumed liabilities for the messages terminating on Avea's network and made interconnection payments to Avea after deducting the net balance of those SMS charges and accruals. Avea requested provisions of Interconnection Agreement regarding SMS pricing to be applied and requested collection of its losses amounting to nominal amount of TRY 12,275 (equivalent to \$7,272 as at 31 March 2009) for the period between February 2005 and December 2005 with its accrued interest till payment. On 10 October 2006, the Court decided that charging SMS interconnection termination fees violates the agreement between the Company and Avea, and the Company should pay Avea's losses amounting to nominal amount of TRY 12,275 (equivalent to \$7,272 as at 31 March 2009) for the period between February 2005 and December 2005 with its accrued interest till payment. The Company appealed the decision. The Supreme Court rejected the Company's request and the Company applied for the correction of the decision. Such request rejected and the decision was finalized.

The Company made the principal and interest payment for the period between February 2005 and December 2005 on 6 November 2006 in order not to be under legal action for collection and additional interest charge.

On 22 December 2006, Avea requested provisions of Interconnection Agreement regarding SMS pricing to be applied and requested collection of its losses amounting to nominal amount of TRY 6,480 (equivalent to \$3,839 as at 31 March 2009) for the period between January 2006 and August 2006 with its accrued interest till payment. On 25 November 2008, the Court decided in favor of Avea. The Company has appealed the decision. The case is still pending. An accrual including with the late payment interest amounting to TRY 11,040 (equivalent to \$6,540 as at 31 March 2009) has been provided related to this dispute in the consolidated interim financial statements as at 31 March 2009. The Company has paid the aforementioned amount including principal of TRY 6,480 (equivalent to \$3,839 as at 31 March 2009), late payment interest of TRY 5,103 (equivalent to \$3,023 as at 31 March 2009) and related fees of TRY 524 (equivalent to \$310 as at 31 March 2009) on 30 March 2009.

Dispute with Avea on SMS interconnection termination fees (continued)

In line with the court decision stating that charging SMS interconnection termination fees violates the agreement between the Company and Avea, neither SMS interconnection revenue nor SMS interconnection expense has been recognized from February 2005 to 23 March 2007.

The Company has also applied to the ICTA to set SMS interconnection prices between the Company and Avea. On 7 March 2007, the ICTA determined the SMS termination fees between the Company and Avea effective from 23 March 2007.

Dispute on value added taxation with respect to roaming services

The Tax Office claimed that the Company should have paid VAT on the invoices issued by foreign GSM operators for the international calls originated by the Company's subscribers and terminating on those foreign GSM operators' networks during the year 2000. It has been notified that, based on the calculation made by the Tax Office, the Company should pay nominal amount of TRY 19,791 (equivalent to \$11,725 as at 31 March 2009) for VAT and penalty fee. Moreover, the Tax Office also claimed that the Company should have paid VAT on the invoices issued by foreign GSM operators for the international calls originated by the Company's subscribers and terminating on those foreign GSM operators' networks during the years 2001 and 2002 amounting to nominal amount of TRY 15,972 (equivalent to \$9,462 as at 31 March 2009) and TRY 23,863 (equivalent to \$14,137 as at 31 March 2009) for VAT and penalty fee, respectively.

Management decided not to pay such amounts and initiated judicial processes on 6 April 2006 for VAT and penalty fee for the year 2000 and on 13 July 2006 for VAT and penalty fees for the years 2001 and 2002. On 28 June 2007, the Court rejected the case. The Company appealed this decision. Danistay accepted the Company's injunction request on 17 January 2008. Since the settlement has been arranged between the Company and Tax office, the Company has been waived from the lawsuit.

On the same subject, Tax Office issued the Company tax assessment notes; and the Company initiated lawsuits for cancellation of such notes. On 22 November 2007, the Court rejected such lawsuits and the Company appealed these decisions. Danistay rejected the Company's injunction request and the appeal process is still pending.

On 4 October 2007, the Company initiated a lawsuit requesting injunction and cancellation of payment requests for aforementioned VAT tax and tax penalty amounts. The injunction request of the Company has been rejected. The Company objected to the decision. Administrative Court rejected the Company's objection. On 2 April 2008, the Court accepted the injunction request of cancellation of payment notices. Appeal request of the Tax office to the above mentioned decision was rejected by the Istanbul Administrative Court. The Court has decided to accept the lawsuit on 24 December 2008. However, the Tax office appealed the decision. Management believes that the Company will prevail in this matter. Accordingly, the Company has not recorded any accruals with respect to this matter in its consolidated interim financial statements as at and for the period ended 31 March 2009.

Dispute on value added taxation with respect to roaming services (continued)

The Law on the Settlement Procedure and Collection of Certain Public Receivables numbered 5736 was put into force on 27 February 2008 following its approval by the Grand National Assembly General Committee. The law provides a new settlement opportunity and easy payment conditions for the tax debts of taxpayers. On 26 March 2008, the Company submitted a written application to the Tax Offices for the dispute on value added taxation with respect to roaming services.

On 18 November 2008, Settlement Commission decided the VAT, late payment interest and duty charge amounts as TRY 2,000 (equivalent to \$1,185 as at 31 March 2009), TRY 6,381 (equivalent to \$3,780 as at 31 March 2009) and TRY 175 (equivalent to \$104 as at 31 March 2009), respectively. TRY 17,588 (equivalent to \$10,419 as at 31 March 2009) portion of gain on settlement was deducted in November 2008 VAT declaration based on the payment made amounted to TRY 19,588 (equivalent to \$11,604 as at 31 March 2009) in October 2007 related to original VAT of the aforementioned transactions. Late payment interest and fee amounts which were TRY 6,381 (equivalent to \$3,780 as at 31 March 2009) and TRY 175 (equivalent to \$104 as at 31 March 2009), respectively were declared in November 2008 VAT declaration and paid in December 2008. On 9 February 2009, the Company initiated a lawsuit claiming that TRY 6,609 (equivalent to \$3,915 as at 31 March 2009) interest charges are erroneously computed and should be cancelled accordingly. The case is still pending.

Dispute on ongoing license fee based on the amended license agreement

Based on the law enacted on 3 July 2005 with respect to the regulation of privatization, gross revenue description used for the calculation of ongoing license fee has been changed. According to this new regulation, accrued interest charges for the late payments, taxes such as indirect taxes, and accrued revenues are excluded from the description of gross revenue. Calculation method of gross revenue for ongoing license fee stipulated in the law according to the new regulation shall be valid as of the application date of the Company with the claim of amendment of its license agreement in compliance with the said Law. In the meanwhile, the Company realized the payments including above-mentioned items between 21 July 2005 and 10 March 2006, when the amendment in license agreement was effective. On 21 April 2006, following the license agreement amended pursuant to the Law, the Company initiated a lawsuit against Turkish Treasury for the difference between the payments that were realized starting from 21 July 2005 until 10 March 2006 and the amount which will accrue in compliance with the Law totalling TRY 111,316 (equivalent to \$65,945 as at 31 March 2009) including interest of TRY 8,667 (equivalent to \$5,134 as at 31 March 2009). On 9 May 2007, the Court decided that the case is not under its jurisdiction and the Company appealed for this decision. The file was sent to the Supreme Court due to our appeal request. On 13 March 2008, the Supreme Court decided in line with the Local Court decision and the Company applied for the correction of the decision. The request was rejected.

Also, on 9 June 2008, the Company filed a lawsuit before Administrative Court for the difference between the aforementioned period amounting to TRY 102,649 (equivalent to \$60,811 as at 31 March 2009) and interest amounting to TRY 68,276 (equivalent to \$40,448 as at 31 March 2009) till to the date the case is filed. The Administrative Court rejected the case, and the Company appealed the decision. The appeal process is still pending.

(Amounts expressed in thousands of US Dollars unless otherwise indicated except share amounts)

31. Contingencies (continued)
Legal Proceedings (continued)

Dispute on ongoing license fee based on the amended license agreement (continued)

The above-mentioned enacted law dated 3 July 2005 also assigned ICTA for the revision of license agreement according to new regulation. However, ICTA did not finalize such revision in a timely manner. Therefore, on 5 May 2006, the Company has also initiated a lawsuit against the ICTA before Administrative Court for the delay of the revision in license agreement preventing the new regulation to become effective until 10 March 2006. By this lawsuit, the Company has requested payment totalling TRY 102,649 (equivalent to \$60,811 as at 31 March 2009). On 22 March 2007, the Court decided that the case is not under its jurisdiction. On 12 March 2008, the Company decided to withdraw from its appeal against the ICTA regarding principal amounting to TRY 102,649 (equivalent to \$60,811 as at 31 March 2009). On 21 March 2008, the Court decided to dismiss the case as a result of the Company's withdrawal.

Dispute on ICTA fee payment based on the amended license agreement

Based on the 9th article of the new license agreement dated 10 March 2006, the Company has been obliged to pay 0.35% of its yearly gross revenue once a year as ICTA Fee. However, in the previous license agreement, the Company was obliged to pay 0.35% of its yearly gross revenue after deducting ongoing license fee, universal service fund and other indirect taxes from the calculation base whereas in the new agreement, these aforementioned payments are not deducted from the base of the calculation. Therefore, on 12 April 2006, the Company has initiated a lawsuit for the cancellation of the 9th article of the new license agreement. However, the Court rejected the Company's injunction request. The Company objected to the Court's decision and the Court rejected the Company's objection request.

On 21 June 2006, ICTA notified the Company that the ICTA Fee for the year 2005 which had been already paid in April 2006 should have been calculated according to the new license agreement dated 10 March 2006 instead of the previous license agreement which was effective in the year 2005. Therefore, ICTA requested the Company to pay additional TRY 4,011 (equivalent to \$2,376 as at 31 March 2009). The Company made the payment and initiated a lawsuit for the injunction and cancellation of the aforesaid decision of ICTA. On 30 May 2007, the Court rejected the Company's injunction request. The Company objected to the decision. Ankara Regional Administrative Court rejected the objection request of the Company. The case is still pending.

On 2 October 2007, the Company filed a lawsuit claiming that ICTA fee for the year 2006 which had been already paid in April 2007 should have been calculated according to the previous license agreement which was valid between 1 January 2006 and 9 March 2006. The Court rejected the Company's injunction request. The Company objected to the decision and the Administrative Court rejected the Company's objection request. The case is still pending.

Dispute on receivables from Avea regarding call termination fees

Based on the 21st Article of the Access and Interconnection Regulation, the operators may retrospectively apply the final call termination fees determined by ICTA under the reconciliation procedure. Therefore, on 29 August 2006, the Company has initiated a lawsuit against Avea for the collection of its damages totaling to nominal amount of TRY 32,334 (equivalent to \$19,155 as at 31 March 2009) including principal, interest and penalty on late payment covering the period from 30 June 2004 until 7 July 2006 which is the announcement date of the reference call termination fees issued by ICTA on June 2006. On 20 February 2007, the court has dismissed the case. The Company appealed the said decision. The Supreme Court approved the decision of the court. The Company has applied to the correction of the decision. On 27 February 2009, the Supreme Court affirmed the local court decision. The Company applied for the correction of the decision accordingly.

Dispute on validity of the General Assembly Meeting

On 21 August 2006, Sonera Hoding BV filed a lawsuit with an injunction request for the purpose of determination of the invalidity of the Company's General Assembly Meeting with an ordinary agenda including dividend distribution and appointment of members of the Board of Directors, held on 22 May 2006 and the invalidity of all resolutions taken in this meeting.

Dispute on Turk Telekom Transmission Tariffs

On 19 January 2007, the Company initiated a lawsuit against Turk Telekom claiming that Turk Telekom charged transmission on erroneous tariffs between 1 June 2004 and 1 July 2005. The Company requested a nominal amount of TRY 8,136 (equivalent to \$4,820 as at 31 March 2009) including interest. The case is still pending.

Dispute on Turk Telekom Interconnect Costs

On 26 April 2007, Turk Telekom initiated a lawsuit against the Company claiming that interconnect costs declared by the ICTA for the determination of Standard Reference Interconnection Tariffs do not reflect the actual costs. On 19 December 2007, the Court rejected the case. Turk Telekom appealed the decision and the appeal process is pending.

Dispute on the Audit Committee Member

On 21 July 2006, Alexey Khudyakov was appointed to the audit committee as an observer member. On 26 January 2007 the CMB informed the Company that Alexey Khudyakov's current status, as an observer member on the audit committee does not satisfy the requirements under Article 25 Committees Responsible for Auditing of the CMB. The CMB has stated that steps must be taken urgently in order to comply with Article 25. In March 2007, the Company commenced a lawsuit to suspend the execution and to annul the decision of the CMB. The court rejected the Company's suspension of execution request. The Company objected to the decision. On 15 August 2007, the Local Ankara Administrative Court accepted the Company's objection request and suspended the said decision of CMB. However, on 18 January 2008, Ankara 1st Administrative Court rejected the case. The Company appealed the decision. On 9 April 2008, State of Council rejected the injunction request of the Company. The appeal process is still pending.

On 23 October 2008, the CMB decided on an administrative penalty amounting to TRY 12 (equivalent to \$7 as at 31 March 2009) since the Company did not fulfil the decision of CMB dated 26 January 2007 and required the Company to inform its shareholders at the next General Assembly Meeting. The Company commenced a lawsuit before the court. The case is still pending.

Dispute on Mobile Number Portability

On 29 March 2007, the Company initiated a lawsuit against the ICTA claiming stay of order for and the annulment of the Regulation on Mobile Number Portability issued by the ICTA on 1 February 2007 on the ground that vested rights of the Company arising out the concession agreement were violated by the said regulation. The Court rejected the Company's injunction request and the Company objected to the decision. The Court rejected the Company's objection request. Avea and Vodafone requested to participate in the case as interveners and the Court accepted this request. The case is still pending.

Inquiry of ICTA on Campaigns

According to the decision of ICTA dated 15 March 2007, a pre-inquiry has been decided to start regarding the campaigns in which free minutes or counters are given to the new subscribers in the introduction sets in order to determine their conformity with telecommunications legislation. ICTA decided to make an investigation on this issue. Investigation report has been notified to the Company and legal arguments of the Company have been requested. The Company submitted its legal arguments to the ICTA on 20 October 2007.

On 21 May 2008, ICTA decided that the Company damaged the subscribers' financial interests related to the campaigns in which free minutes or counters are given and requested TRY 32,088 (equivalent to \$19,009 as at 31 March 2009). The Company has benefited from the early payment option and deserved a 25% discount and paid TRY 24,066 (equivalent to \$14,257 as at 31 March 2009) on 1 August 2008. On 10 July 2008, the Company filed a lawsuit for the injunction and cancellation of the ICTA's decision. The Court rejected the Company's injunction request. The Company objected to the decision, however, the Court rejected the Company's request. On 26 March 2009, the Court rendered a decision stating that the case is not under its jurisdiction.

Dispute on Payment Request of Savings Deposits Insurance Fund

On 26 July 2007, Savings Deposits Insurance Fund (SDIF) requested TRY 15,149 (equivalent to \$8,975 as at 31 March 2009) to be paid in one month period on the ground that the stated amount is recorded as receivable from the Company in the accounting records of Telsim, which is taken over by SDIF. On 20 September 2007, the Company filed a lawsuit for the injunction and cancellation of the SDIF's request. Danistay accepted the injunction request of the Company. SDIF objected to injunction decision of Danistay. The case is still pending. SDIF issued payment orders for the above mentioned amount and, on 19 October 2007, the Company initiated a lawsuit for the cancellation of the payment request of SDIF. The Court accepted the injunction request of the Company. SDIF objected the decision. On 6 February 2008, the Court accepted the Company's injunction request. SDIF objected to this decision and such objection request was also rejected by the Court. The case is still pending.

Based on the management opinion, the Company has not recorded any accruals with respect to this matter in its consolidated interim financial statements as at and for the period ended 31 March 2009.

Letter from Turkish Treasury Regarding Ongoing License Fee Deduction for 2006 Sales Discounts

At the end of 2006, Tax Auditors of the Company claimed that gross revenue in the statutory accounts should include discounts given to distributors although the Company recorded these discounts in a separate line item as sales discounts.

Starting from 2007, the Company started to deduct discounts given to distributors from gross revenue and present them on a net basis. Accordingly, the Company decided that, it has paid excess ongoing license fee and universal service fund for the year 2006 totalling TRY 51,254 (equivalent to \$30,364 as at 31 March 2009). In a letter dated 23 February 2007, the Company requested ongoing license fee amounting to TRY 46,129 (equivalent to \$27,328 as at 31 March 2009) and interest accrued amounting to TRY 5,020 (equivalent to \$2,974 as at 31 March 2009) from Turkish Treasury and universal service fund amounting to TRY 5,125 (equivalent to \$3,036 as at 31 March 2009) and interest accrued amounting to TRY 558 (equivalent to \$331 as at 31 March 2009) from Turkish Ministry to be paid in 10 days. Since Turkish Treasury and Turkish Ministry have not made any payment, the Company started to deduct these amounts from existing ongoing monthly payments. As at 31 December 2007, the Company deducted TRY 51,254 (equivalent to \$30,364 as at 31 March 2009) from existing monthly ongoing license fee and universal service fund payments.

(Amounts expressed in thousands of US Dollars unless otherwise indicated except share amounts)

31. Contingencies (continued)
Legal Proceedings (continued)

Letter from Turkish Treasury Regarding Ongoing License Fee Deduction for 2006 Sales Discounts (continued)

Turkish Treasury send a letter to the Company dated 17 July 2007 and rejected deducting ongoing licensee fees that relates to 2006 from current year payments. Accordingly, TRY 2,960 (equivalent to \$1,754 as at 31 March 2009) that is deducted from ongoing license fee payment for May 2007 has been requested from the Company. The Company has not made the related payment and continued to deduct ongoing license fee and universal service fee amount related to discounts given to distributors for the year 2006.

Besides, the Company filed two lawsuits on ICC in order to determine that the Company is not obliged to pay ongoing license fee and ICTA Fee in accordance with the 8th and 9th Articles of the License, respectively, on discounts given to distributors. These lawsuits are still pending.

Management believes that the Company has the legal right to make deductions with respect to this issue. Accordingly, the Company has not recorded any provisions with respect to this matter in its consolidated interim financial statements.

Dispute with ICTA on Tariffs

Between October 2007 and February 2008, ICTA made announcements about its decision to control retail pricing for mobile operators, setting a lower ceiling for off-net calling prices for all operators and asking the Company to set its on-net prices to be not lower than its lowest interconnect rate. The Company filed lawsuits before Danistay requesting an injunction and annulment of the aforementioned decision on the ground that said decision is violating relevant legislations and License Agreement between the Company and ICTA. On 26 May 2008, Danistay accepted the injunction request of the Company with respect to set its on-net prices to be not lower than its lowest interconnect rate and rejected the injunction request of the Company about ICTA's decision to control retail pricing for mobile operators, setting a lower ceiling for off-net calling prices for all operators. ICTA objected to the decision. The Court rejected the objection request of ICTA. ICTA requested the cancellation of the aforementioned injunction decision, however, its request was rejected. The case is still pending.

32. Related parties (continued)

Other related party transactions (continued):

Substantially, all of the significant due from related party balances is from Cukurova Group companies.

Due from Digital Platform, a company whose majority shares are owned by Cukurova Group, mainly resulted from receivables from call center revenues, financial support for borrowing repayments and advances given for current and planned sponsorships. On 23 December 2005, a Restructuring Framework Agreement was signed between Digital Platform and the Company. The agreement includes the restructuring of the Group's receivables from Digital Platform in exchange for sponsorship and the advertisement services that the Company will receive on Digital Platform's infrastructure. Under the agreement, Digital Platform commits to pay amounts due to the Group through 15 July 2011 along with the interest in cash and advertisement services. \$52,775 represents present value of future cash flows and services discounted using imputed interest rate. As at 31 March 2009, \$34,514 of the balance is classified as long term due from related parties in accordance with the revised repayment schedule.

Due from A-Tel, a 50-50 joint venture of the Company and SDIF, resulted from simcard and scratch card sales to this company and payables in relation to activation fees and subsidies for sales.

Due from and Due to KVK Teknoloji, a company whose majority shares are owned by Cukurova Group, mainly resulted from simcard and scratch card sales to this company and payables in relation to activation fees and subsidies for sales.

Due to Hobim, a company whose majority shares are owned by Cukurova Group, resulted from the invoice printing services rendered by this company.

Due to Kyivstar, whose shares are owned by one of the shareholders of the Company, mainly resulted from call termination and international traffic carriage services received.

Due from ADD, a company whose shares are owned by Cukurova Group, resulted from advances given for advertisement and sponsorship services rendered by this company.

As at and for the three months ended 31 March 2009

(Amounts expressed in thousands of US Dollars unless otherwise indicated except share amounts)

32. Related parties (continued)

Transactions with related parties (continued)

The significant agreements are as follows:

Agreements with KVK Teknoloji:

KVK Teknoloji, incorporated on 23 October 2002, one of the Company's principal simcard distributors, is a Turkish company, which is affiliated with some of the Company's shareholders. In addition to sales of simcards and scratch cards, the Company has entered into several agreements with KVK Teknoloji, in the form of advertisement support protocols, each lasting for different periods pursuant to which KVK Teknoloji must place advertisements for the Company's services in newspapers. The objective of these agreements is to promote and increase handset sales with the Company's prepaid and postpaid brand simcards, thereby supporting the protection of the Company's market share in the prevailing market conditions. The prices of the contracts were determined according to the cost of advertising for KVK Teknoloji and the total advertisement benefit received, reflected in the Company's market share in new subscriber acquisitions. Distributors' campaign projects and market share also contributed to the budget allocation.

Agreements with A-Tel:

A-Tel is involved in the marketing, selling and distributing the Company's prepaid systems. A-Tel is a 50-50 joint venture of the Company and SDIF. A-Tel acts as the only dealer of the Company for Muhabbet Kart (a prepaid card), and receives dealer activation fees and simcard subsidies for the sale of Muhabbet Kart. In addition to the sales of simcards and scratch cards through an extensive network of newspaper kiosks located throughout Turkey, the Company has entered into several agreements with A-Tel for sales campaigns and subscriber activations.

Agreements with Kyivstar:

Alfa Group, a minor shareholder of the Company, holds the majority shares of Kyivstar. Astelit is receiving call termination and international traffic carriage services from Kyivstar.

Agreements with Digital Platform:

Digital Platform, a direct-to-home digital television service company under the Digiturk brand name, is a subsidiary of one of the Company's principal shareholders, Cukurova Group. Digital Platform acquired the broadcasting rights for Turkish Super Football League by the tender held on 15 July 2004, until 31 May 2008 and the broadcasting rights were extended until 31 May 2010 with a new agreement dated 5 May 2005. On 23 December 2005, Restructuring Framework Agreement was signed between Digital Platform and the Company. The Company also has an agreement related to the corporate group SMS services that the Company offers to Digital Platform, and an agreement for call center services provided by the Company's subsidiary Global Bilgi Pazarlama Danisma ve Cagri Servisi Hizmetleri AS (Global).

Agreements with Millenicom:

European Telecommunications Holding AG (ETH), a subsidiary of Cukurova Group, holds the majority shares of Millenicom. Millenicom is rendering and receiving call termination and international traffic carriage services to and from the Company.

(Amounts expressed in thousands of US Dollars unless otherwise indicated except share amounts)

32. Related parties (continued)

Transactions with related parties (continued)

Agreements with ADD:

ADD, a media planning and marketing company, is a Turkish company owned by one of the Company's principal shareholders, Cukurova Group. The Company is operating a media purchasing agreement with ADD, which is revised on 1 September 2008 and is effective until 31 August 2009. The purpose of this agreement is to benefit from the expertise and bargaining power of ADD against third parties, regarding the formation of media purchasing strategies for both postpaid and prepaid brands. Additionally, ADD is a party of the sponsorship and advertisement agreements which are integral part of Restructuring Framework Agreement signed between the Company and Digital Platform.

Agreements with Hobim:

Hobim, one of the leading data processing and application service provider companies in Turkey, is owned by Cukurova Group. The Company has entered into invoice printing and archiving agreements with Hobim under which Hobim provides the Company with scratch card printing services, monthly invoice printing services, manages archiving of invoices and subscription documents for an indefinite period of time. Prices of the agreements are determined as per unit cost plus profit margin.

Agreements with Betting SA:

Betting SA is incorporated under the laws of Greece, owned by one of the major shareholders of Inteltek. Inteltek signed a service agreement with Betting SA which was revised on 14 May 2007 to get consultancy services including monitoring operations, providing continuous evaluation of betting, maximizing game revenues of fixed odds betting, operating fixed odds betting games in the most efficient manner, with integrity and securely.
