Pacific Time and at all postponements and adjournments thereof (the "Annual Meeting"). The cost of such solicitation will be borne by Superior. The solicitation will be by mail, telephone, or oral communication with shareholders. Following the original mailing of the proxies and other soliciting materials, the Company will request that brokers, custodians, nominees and other record holders forward copies of the Proxy Statement and other soliciting materials to persons for whom they hold shares of Superior common stock and request authority for the exercise of proxies. In such cases, the Company will reimburse such record holders for their reasonable expenses.

The matters to be considered and voted upon at the Annual Meeting are set forth in the Notice of Annual Meeting of Shareholders which accompanies this Proxy Statement.

A proxy for use at the Annual Meeting is enclosed. A proxy, if properly executed, duly returned and not revoked, will be voted in accordance with the instructions contained thereon. If the proxy is executed and returned without instruction, the proxy will be voted FOR the election as directors of the individuals named below and AGAINST the shareholder proposal, as recommended by the Board of Directors. Any shareholder who executes and delivers a proxy has the right to revoke it at any time before it is exercised, by filing with the Secretary of Superior a written notice revoking it or a duly executed proxy bearing a later date, or, if the person executing the proxy is present at the meeting, by voting his or her shares in person.

PROPOSAL 1 ELECTION OF DIRECTORS

One of the purposes of the Annual Meeting is to elect three persons to Class II of the Board of Directors in accordance with the Company's Articles of Incorporation. Unless instructed to the contrary, the persons named in the accompanying proxy will vote the shares for the election of the nominees named herein to Class II of the Board of Directors as described below. Although it is not contemplated that any nominee will decline or be unable to serve, the shares will be voted by the proxy holders in their discretion for another person if such a contingency should arise. The term of each person elected as a director will continue until the director's term has expired and until his or her successor is elected and qualified.

The Company's Articles of Incorporation provides that its nine directors be divided into three classes. The term of office of those directors in Class II expires at the 2007 Annual Meeting of Shareholders; the term of office of those directors in Class III expires at the 2008 Annual Meeting of Shareholders; and the term of office of those directors in Class I expires at the 2009 Annual Meeting of Shareholders. Directors elected to succeed those directors whose terms expire are elected for a term of office to expire at the third succeeding annual meeting of shareholders after their election.

Information Regarding Director Nominees

Messrs. Ausman, Evans and Joyce are currently serving as directors in Class II. Messrs. Ausman and Evans were elected at the 2004 Annual Meeting of

Edgar Filing: SUPERIOR INDUSTRIES INTERNATIONAL INC - Form DEF 14A

Shareholders and Mr. Joyce was appointed on May 13, 2005, each for a term of office expiring at the 2007 Annual Meeting of Shareholders. The Board of Directors recommended all the nominees for re-election. The name, age and principal business or occupation of each nominee and each of the other directors who will continue in office after the 2007 Annual Meeting, the year in which each first became a director of the Company, committee memberships, ownership of equity securities of the Company and other information are shown below in the brief description of each of the nominees and incumbent directors and in the tables elsewhere in this Proxy Statement.

Each of the following persons is nominated for election to Class II of the Board of Directors (to serve a three-year term ending at the 2010 Annual Meeting of Shareholders and until their respective successors are elected and qualified).

Vote Required and Board Recommendation

The three persons receiving the largest number of affirmative votes shall be elected as Class II directors. Under California law, since there is no particular percentage of either the outstanding shares or the shares represented at the meeting required to elect a director, abstentions and broker non-votes will have the same effect as the failure of shares to be represented at the Annual Meeting. However, the shares subject to such abstentions or non-votes will be counted in determining whether there is a quorum for taking shareholder action under California law and the Company's Articles of Incorporation and Bylaws.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE FOLLOWING NOMINEES:

Sheldon I. Ausman

For 34 years until his retirement, Mr. Ausman was with the international firm of Arthur Andersen, accountants and auditors. Selection of Nominees for Director

It is the policy of the Board, as set forth in the Company's Corporate Governance Guidelines, to select director nominees who possess personal and professional integrity, sound business judgment, a willingness to devote the requisite time and energies to their duties as director, and relevant experience and skills to be an effective director in conjunction with the full Board in collectively serving the long-term interests of the Company's shareholders. Board members are evaluated and selected based on their individual merit as well as in the context of the needs of the Board as a whole.

The Nominating and Corporate Governance Committee is responsible for identifying, reviewing, and recommending for the Board's selection qualified individuals to be nominated for election or reelection to the Board, consistent with the criteria set forth in the Company's Corporate Governance Guidelines. The Nominating and Corporate Governance Committee, in conducting such evaluation, may also take into account such other factors as it deems relevant. Prior to nominating an existing director for re-election to the Board, the Nominating and Corporate Governance Committee considers and reviews the existing director's Board and committee meeting attendance and performance, length of Board service, independence, as well as the experience, skills and contributions that the existing director brings to the Board. Further, the Nominating and Corporate Governance Committee receives disclosures relating to a director's independence and assists the Board in making determinations as to the independence of the directors. The Nominating and Corporate Governance Committee also conducts an annual review of the composition and structure of the Board as a whole.

From time to time, the Nominating and Corporate Governance Committee may engage outside search firms to assist it in identifying and contacting qualified director candidates.

Any shareholder entitled to vote in the election of directors generally may nominate one or more persons for election as director at a meeting by providing written notice of such shareholder's intent to make such nomination or nominations, either by personal delivery or by United States mail, postage prepaid, to the Secretary of the Company not later than 120 days in advance of an annual meeting of shareholders, and with respect to an election to be held at a special meeting of shareholders for the election of directors, the close of business on the seventh day following the date on which notice of such meeting

Edgar Filing: SUPERIOR INDUSTRIES INTERNATIONAL INC - Form DEF 14A

is first given to shareholders. A shareholder

-5-

notice must contain the following information: the name and address of the shareholder who intends to make the nomination and of the person or persons to be nominated; a representation that the shareholder is a holder of stock of the corporation entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice; a description of all arrangements or understandings between the shareholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the shareholder; such other information regarding each nominee proposed by such shareholder as would be required to be included in a proxy statement filed pursuant to the proxy rules of the SEC, had the nominee been nominated, or intended to be nominated, by the board of directors; and the consent of each nominee to serve as a director of the corporation if so elected. The chairman of the meeting may refuse to acknowledge the nomination of any person not made in compliance with the foregoing procedures, which nomination shall be void.

The Nominating and Corporate Governance Committee recommended the directors nominated by the Board for election at the Annual Meeting, with the nominees abstaining. The Board has determined that Messrs. Ausman, Evans and Joyce are independent directors as defined by the Corporate Governance Rules of the New York Stock Exchange.

The Company's policies and procedures regarding the selection of director nominees are described in detail in the Company's Corporate Governance Guidelines and the Nominating and Corporate Governance Committee Charter, which are available on the Company's website at <http://www.supind.com/investor/contact.aspx>. Code of Business Conduct and Ethics

The Company has adopted a Code of Business Conduct and Ethics, a code of ethics that applies to all of the Company's directors, officers and employees, including the Company's Chief Executive Officer, Chief Financial Officer and Chief Accounting Officer. The Code of Business Conduct and Ethics is publicly available on the Company's website at www.supind.com and in print upon written request to the Company's Secretary at Superior Industries International, Inc., 7800 Woodley Avenue, Van Nuys, California 91406. Any amendments to the Code of Business Conduct and Ethics or grant of any waiver from a provision of the code to any director or officer will be disclosed on the Company's website within five days of a vote of the Board of Directors or a designated board committee that such an amendment or waiver is appropriate, and shall otherwise be disclosed as required by applicable law or New York Stock Exchange rules.

Compensation of Directors

During 2006, all non-employee directors of the Company were each compensated \$25,000 for services as directors and \$1,000 for each Board meeting attended. In addition, they receive \$1,000 for each committee meeting attended or \$1,500 for each committee meeting chaired. Management members of the Board of Directors are not compensated for their service as directors. Effective January 1, 2007, certain director compensation is increased for the first time since 2000. All non-employee directors of the Company will be compensated \$36,000 annually for services as directors and will continue to receive \$1,000 for each Board meeting attended. Additionally non-employee directors of the Company will receive \$2,000 for attending a committee meeting and \$2,500 for chairing a meeting.

The Company typically enters into Salary Continuation Agreements with its directors, which provide for Superior to pay to the individual, upon ceasing to serve as a director of the Company for any reason, after having reached specified vesting dates (not payable until age 65), or in the event of death while serving as a director of the Company prior to separation from service, a monthly benefit up to 30% of the individual's final average compensation over

Edgar Filing: SUPERIOR INDUSTRIES INTERNATIONAL INC - Form DEF 14A

the preceding 36 months. Such payments are to continue through the later of 10 years or, if subsequent to retirement, the individual's death. Final average compensation only includes directors' fees for non-employee directors.

The Compensation and Benefits Committee establishes the annual compensation of the Company's Chairman of the Board. On January 1, 2005, Superior entered into a Services Agreement with Mr. Louis L. Borick as Chairman of the Board, following the termination of his services as CEO under his 1994 Employment Agreement. The Services Agreement provided annual compensation of \$300,000, use of a company automobile, medical and dental benefits, and life insurance under a split dollar arrangement for a face

-9-

value of \$2,500,000. However, as a result of the Sarbanes-Oxley Act, the Company has decided not to pay such premiums, but rather to reimburse Mr. L. Borick for his payment of the premiums. Effective March 1, 2007, Mr. L. Borick's Services Agreement was amended to change his annual compensation from \$300,000 to the same compensation plan applicable to all non-employee directors.

Effective January 1, 2005, Mr. L. Borick also began receiving, per the terms of his 1994 Employment Agreement, one-twelfth of his annual base compensation as of December 31, 2004, during each of the ensuing 60 months and one-half such amount during each of the 120 months following. Mr. L. Borick's annual base compensation on December 31, 2004 was \$1 million.

Non-employee directors also participate in the Company's Equity Incentive Plan, which is described below in the "Long-Term Equity Incentive Compensation" section of the "Compensation Discussion and Analysis." Please refer to Table 7 - Director Compensation of the "Compensation Discussion and Analysis" for a summary of director compensation.

Transactions with Related Persons

Policies and Procedures for Review, Approval or Ratification of Related Person Transactions

The Audit Committee, pursuant to the Audit Committee Charter approved by our Board, has oversight for reviewing material transactions, contracts and agreements, including related person transactions. The Audit Committee Charter requires that management of Superior inform the Audit Committee of all related person transactions. In addition, our Code of Business Conduct and Ethics requires our directors, officers and employees to report actual or potential conflicts of interest. Directors and officers are required to report such information to the Chairman of the Nominating and Corporate Governance Committee.

Our Board and the Nominating and Corporate Governance Committee review annually any related person transaction involving a director in determining the independence of our directors pursuant to our Corporate Governance Guidelines, SEC rules and the NYSE listing standards.

Related Person Transactions

There were no new related person transactions since the beginning of Superior's last fiscal year. The Company is a party to two real property leases with related persons that were previously in effect. Based upon independent appraisals, the Company believes these related party transactions were fair to the Company and could have been obtained on similar terms from an unaffiliated third party.

Edgar Filing: SUPERIOR INDUSTRIES INTERNATIONAL INC - Form DEF 14A

Superior's main office and manufacturing facilities located at 7800 Woodley Avenue, Van Nuys, California, are subleased from the Louis L. Borick Trust and the Juanita A. Borick Management Trust. The trusts are respectively controlled by Mr. L. Borick, who is a director and Chairman of the Board of the Company, and Juanita A. Borick, who is Mr. L. Borick's former spouse. One of the two buildings on the property is a casting plant containing approximately 85,000 square feet and the other is a combined office, manufacturing and warehouse structure. The offices comprise approximately 24,000 square feet and the manufacturing and warehouse area 236,000 square feet. During fiscal 2006, Superior paid \$1,501,416 in rentals under the lease. The increase in rentals is attributable to the pending settlement of a rent dispute among the owner of the property, the lessors and the Company as sublessee.

Superior leases the warehouse and office facilities at 14721 Keswick Street, Van Nuys, California from Keswick Properties, owned jointly by Steven J. Borick, who is a director and officer of the Company, and two other of Mr. L. Borick's children. During fiscal 2006, Superior paid Keswick Properties \$292,000 in rentals under the lease. The Company has vacated this property and will return it to the lessor in early 2007.

PROPOSAL 2 SHAREHOLDER PROPOSAL

A shareholder has informed the Company that it intends to present the proposal below at the Annual Meeting. The Company will provide its shareholders with the proponent's name and address and the number of shares of Company Common Stock held by the proponent promptly upon receipt of an oral or written request.

-10-

Director Election Majority Vote Standard Proposal

The shareholder proposal and supporting statement are quoted verbatim below:

Resolved: That the shareholders of Superior Industries International, Inc. ("Company") hereby request that the Board of Directors initiate the appropriate process to amend the Company's governance documents (certificate of incorporation or bylaws) to provide that director nominees shall be elected by the affirmative vote of the majority of votes cast at an annual meeting of shareholders, with a plurality vote standard retained for contested director elections, that is, when the number of director nominees exceeds the number of board seats.

Supporting Statement: In order to provide shareholders a meaningful role in director elections, our company's director election vote standard should be changed to a majority vote standard. A majority vote standard would require that a nominee receive a majority of the votes cast in order to be elected. The standard is particularly well-suited for the vast majority of director elections in which only board nominated candidates are on the ballot. We believe that a majority vote standard in board elections would establish a challenging vote standard for board nominees and improve the performance of individual directors and entire boards. Our Company presently uses a plurality vote standard in all director elections. Under the plurality vote standard, a nominee for the board can be elected with as little as a single affirmative vote, even if a substantial majority of the votes cast are "withheld" from the nominee.

In response to strong shareholder support for a majority vote standard in director elections, an increasing number of companies, including Intel, Dell, Motorola, Texas Instruments, Safeway, Home Depot, Gannett, and Supervalu, have adopted a majority vote standard in company by-laws. Additionally, these

Edgar Filing: SUPERIOR INDUSTRIES INTERNATIONAL INC - Form DEF 14A

companies have adopted director resignation policies in their bylaws or corporate governance policies to address post-election issues related to the status of director nominees that fail to win election. Other companies have responded only partially to the call for change by simply adopting post-election director resignation policies that set procedures for addressing the status of director nominees that receive more "withhold" votes than "for" votes. At the time of the submission of this proposal, our Company and its board had not taken either action.

We believe the critical first step in establishing a meaningful majority vote policy is the adoption of a majority vote standard in Company governance documents. Our Company needs to join the growing list of companies that have taken this action. With a majority vote standard in place, the board can then consider action on developing post election procedures to address the status of directors that fail to win election. A combination of a majority vote standard and a post-election director resignation policy would establish a meaningful right for shareholders to elect directors, while reserving for the board an important post-election role in determining the continued status of an unelected director. We feel that this combination of the majority vote standard with a post-election policy represents a true majority vote standard.

Company Response to Shareholder Proposal Regarding Method of Voting for Directors

WHAT IS THE RECOMMENDATION OF THE COMPANY? THE COMPANY RECOMMENDS THAT YOU VOTE AGAINST THE ADOPTION OF THIS SHAREHOLDER PROPOSAL.

WHY DOES THE COMPANY OPPOSE THIS PROPOSAL? The Company believes that this proposal is not in the best interest of the shareholders for several reasons:

- o The proposal cannot be implemented under California law. The proposal calls for directors in uncontested elections to be elected by a "majority of votes cast," but California law permits only a plurality voting standard, which the Company uses and is explained below, or a new alternative for 2007 known as the "approval of the shareholders" standard. Approving the proposal would create unnecessary legal and corporate governance uncertainty for the Company.
- o After the Company notified the shareholder of the incompatibility of the proposal with California law, the shareholder submitted offers to amend its proposal, if such amendment removed the Company's concerns about the incompatibility of the proposal with California law. The shareholder claimed the offer was unnecessary, but offered to add to the proposal the words "in a manner consistent with California law, including Section 708 and 708.5." The Company rejected this offer because it did not remove the Company's concerns regarding the legal incompatibility of the proposal and California law and may exacerbate them. Specifically, the proposal states that a director who receives a majority of votes cast "shall be" elected. The requirement is plainly inconsistent with Section 708.5, which requires that an additional test be met to elect a director, as described below. Therefore, the Company could not meet the "shall be" elected requirement of the proposal and comply with Section 708.5, which has additional requirements. Adding the offered words only would serve

-11-

to further confuse the Company's legal obligations to seat directors by asking it to comply with two mutually exclusive standards.

Edgar Filing: SUPERIOR INDUSTRIES INTERNATIONAL INC - Form DEF 14A

- o Even if the proposal sought the permissible "approval of the shareholders" standard, this standard differs significantly from the "majority of votes cast" standard. Under the new "approval of the shareholders" standard, the director must receive an absolute minimum -----
number of affirmative votes. That minimum number is a majority of the -----
required quorum for the meeting. This test is unusual in corporate elections. Applying this test would mean that even if there are no "withheld" votes with respect to a director, that director might fail to be elected if he or she does not receive an absolute minimum number of affirmative votes.
- o The New York Stock Exchange is proposing to eliminate discretionary voting by brokers for directors. The Company believes that this would make it even more difficult to obtain the absolute minimum number of affirmative votes under the "approval of the shareholders" standard. Thus, that standard would likely be particularly burdensome for California-incorporated companies that are listed on the New York Stock Exchange, like our Company.
- o An additional disadvantage to adopting the "approval of the shareholders" standard is that by doing so, the Company will also be required to terminate the directorship within 90 days of all directors who fail to be elected under that voting standard, regardless of whether a successor has been qualified, nominated and appointed and regardless of whether it is in the best interests of the Company and its shareholders. The shareholder proposal, in its supporting statement, states that it seeks to reserve for the board "an important post-election role in determining the continued status of an unelected director". However, adopting the "approval of the shareholders" standard and its related 90-day mandatory termination provision would deny the board any role in formulating a post-election role after 90 days, and would put the Company at risk of being unable to fill board vacancies timely.
- o The "approval of the shareholders" standard for director elections comes from a new California law that is untested and a former California Commissioner of Corporations has publicly warned that the new law has serious drawbacks that could jeopardize shareholder interests. The Company does not believe it is prudent to experiment with director elections under California's new and untested law.
- o In January 2006, the American Bar Association recommended that plurality voting continue to be the standard used in director elections. There is little evidence of a need to change the current voting standard in the Company's case. Concerns that directors will be elected with one vote are unfounded where our directors have been elected by high margins and few withheld votes, as discussed below.

HOW ARE THE COMPANY'S DIRECTORS CURRENTLY ELECTED? The Company is a California corporation and, as a result, has adopted a voting standard for the election of directors that complies with California law and that we believe is the generally accepted standard for director elections. In their 2006 director elections, Apple Computer, Inc., Cisco Systems, Inc. and Broadcom Corporation, major California-incorporated public companies, all used the same plurality voting standard as the Company uses. The Company's voting standard provides that directors are elected by a plurality of votes cast. For the Company, this means that the nominees for director receiving the highest number of "For" votes cast at the Company's annual meeting are elected as directors to fill the number of open positions on the Board. This approach is time-tested and well supported. Last year, all three of the nominated directors were elected with an average in

Edgar Filing: SUPERIOR INDUSTRIES INTERNATIONAL INC - Form DEF 14A

excess of 90% of the votes cast. Thus, the Company believes there is no need to expend additional Company funds and resources on this proposal.

Vote Required and Board Recommendation

The affirmative vote of a majority of shares of Common Stock represented and voting at the Annual Meeting at which a quorum is present, together with the affirmative vote of at least a majority of the required quorum, shall be required to approve this proposal. Shares of Common Stock that are voted "FOR", "AGAINST" or "ABSTAIN" on the proposal are treated as being present at the Annual Meeting for purposes of establishing the quorum, but only shares of Common Stock voted "FOR" or "AGAINST" are treated as shares of Common Stock "represented and voting" at the Annual Meeting with respect to the proposal. Accordingly, abstentions and broker non-votes will be counted for purposes of determining the presence or absence of the quorum for the transaction of business, but will not be counted for purposes of determining the number "represented and voting" with respect to the proposal.

THE SUPERIOR BOARD OF DIRECTORS UNANIMOUSLY
RECOMMENDS THAT YOU VOTE AGAINST THIS PROPOSAL.

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

This Compensation Discussion and Analysis ("CD&A") describes the compensation earned by our Chief Executive Officer, Chief Financial Officer and our three other most highly compensated executive officers, as named in the tables below at "Executive Compensation Tables." We refer to all of these officers as "Named Executive Officers." Although the compensation programs discussed below are applicable to Named Executive Officers and other executives of the Company, this CD&A focuses exclusively on the Named Executive Officers. With respect to the 2006 fiscal year, the following CD&A identifies the Company's current compensation philosophy and objectives and describes the various methodologies, policies and practices for establishing and administering the compensation programs of the Named Executive Officers.

Compensation Philosophy and Objectives

Our executive compensation programs are designed to retain and motivate experienced and qualified executive talent. They are designed to reward the achievement of annual and long-term strategic goals, with the ultimate objective of creating shareholder value. This results in a significant portion of the compensation paid to the Named Executive Officers being tied to the financial performance of the Company and the future value of our common stock. However, the Company also recognizes that it must have the ability to successfully compete for exceptional executives. Therefore, in addition to being strategically focused, it is essential to the Company that it provides compensation that is competitive as compared to similar positions of comparable companies. Accordingly, with respect to the Named Executive Officers, the Company's executive compensation programs are designed to provide:

- o Levels of base compensation that are competitive geographically and with comparable companies;
- o Annual incentive compensation that varies in a consistent manner with the achievement of individual performance objectives and financial results of the Company;
- o Long-term incentive compensation that focuses executive efforts on

Edgar Filing: SUPERIOR INDUSTRIES INTERNATIONAL INC - Form DEF 14A

- building stockholder value through meeting longer-term financial and strategic goals; and
- o Executive benefits that are meaningful and competitive with comparable companies.

In designing and administering the compensation programs of the Named Executive Officers, the Compensation and Benefits Committee (the "Committee") of the Board of Directors of the Company attempts to strike an appropriate balance among these elements, each of which is discussed in more detail below. The Committee considers the pay practices of comparable companies to determine the appropriate pay mix and compensation levels, as well as specific short- and long-term strategic objectives of the Company. The following section describes the various methodologies of the Committee in its design, administration and oversight of the compensation programs of the Named Executive Officers.

Methodology for Establishing Compensation

The Committee is responsible for establishing, evaluating and overseeing all of the Company's executive compensation plans, policies and programs. As set forth in its charter, the Committee establishes the annual compensation of the Company's Chairman and the Company's Chief Executive Officer ("CEO"). Further, it reviews the compensation policy for the Company's other executive officers and makes recommendations to the Board of Directors. The Committee has the authority to retain the services of outside advisors and experts to assist it in fulfilling its responsibilities.

The Committee is comprised solely of non-management members of the Board of Directors. As determined by the annual review of any and all relationships that each director may have with the Company, the Board of Directors has determined that none of the Committee members have any business relationship with the Company. No member of the Committee was an officer or employee or former officer or employee of the Company or its subsidiaries and no member has any interlocking relationships with the Company that are subject to disclosure under the rules of the SEC relating to compensation committees. The Committee's charter requires a minimum of three directors. Each member of the Committee meets the independence requirements as promulgated by the New York Stock Exchange. The Committee meets as necessary or desirable and met twice in fiscal year 2006. The Committee may take action as appropriate through the use of unanimous written consents.

-13-

Setting Executive Compensation

The Committee is responsible for establishing the annual compensation of the Company's CEO. For the remaining Named Executive Officers and other executives of the Company, the CEO, after consultation with internal or external human resource professionals, recommends compensation levels and specific components of compensation. The Committee reviews these recommendations and adjusts them as it deems appropriate before approving any changes.

The Committee reviews published compensation surveys covering a wide array of public companies, some larger and some smaller than the Company. In 2006, the Committee relied primarily on the published survey of Watson Wyatt and generally targeted compensation levels between the 50th and 75th percentile of comparable companies. The compensation surveys effectively provide data for subjective review and confirmation of the reasonableness of the salaries paid to Named Executive Officers and other executives. The data also provides the Committee with valid information concerning market pay practices with respect to the pay mix among base salary, annual bonus and long-term incentives. The Committee may diverge from the survey data to recognize exceptional talent and meet local

Edgar Filing: SUPERIOR INDUSTRIES INTERNATIONAL INC - Form DEF 14A

labor market conditions, and may provide other benefits to attract, retain and motivate highly qualified executives.

2006 Executive Compensation Components

For the fiscal year ended December 31, 2006, the principal components of compensation for Named Executive Officers were:

- o Base salary;
- o Performance-based annual incentive compensation;
- o Long-term equity incentive compensation;
- o Retirement and similar benefits; and
- o Other benefits.

Base Salary

The Committee considers the competitiveness of overall compensation and evaluates the performance of the executive officers and adjusts salaries accordingly. For individuals other than the CEO, adjustments are based on subjective recommendations of the Chairman and the CEO to the Committee of the individual executive's performance and also take into account the profitability of the Company. All recommendations regarding CEO compensation are made by the Committee with no involvement of the CEO or any other member of executive management.

Base salaries are generally reviewed no sooner than every 12 months and adjusted when deemed necessary. The last salary review for each of the Named Executive Officers was March 1, 2007. The Committee believes that its methodology for determining appropriate base salary adjustments are in accordance with sound compensation principles. The Committee annually reviews published compensation surveys covering a wide array of public companies, and also considers individual and Company performance, historical pay levels of the Named Executive Officers, extraordinary achievements, and the performance evaluations prepared by the CEO on behalf of the other Named Executive Officers.

Performance-Based Annual Incentive Compensation

The determination as to the portion of the bonus pool awarded to each Named Executive Officer, other than the CEO, is entirely subjective and discretionary based on an evaluation of his or her performance and contribution for the year. The Committee approves the establishment of the bonus pool and the amount. Individual bonus awards, other than for the CEO, are based on recommendations of the CEO and reviewed and approved by the Committee. In 2007, the Committee directed management to develop and implement a performance-based annual incentive plan based on defined and measurable goals. Although the bonus pool is generally utilized for all employee bonuses including the CEO's bonus, the 2006 bonus paid to Mr. S. Borick pursuant to the Incentive Bonus Plan was \$0.

In 2005, the Board of Directors and the shareholders approved an Executive Incentive Bonus Plan (the "CEO Bonus Plan") for Mr. Steven Borick, the Company's President and CEO. THE CEO Bonus Plan was still in effect for fiscal year 2006. The purpose of the CEO Bonus Plan is to provide Mr. S. Borick an incentive to meet the Company's short-term goals. Under the CEO Bonus Plan, Mr. S. Borick is eligible to receive a target incentive of 75% of his annual base salary if the Company's pretax income before executive bonuses ("Pre-Tax Net Income") as defined in the Bonus Plan is equal to 100% of the annual Pre-Tax Net Income target as approved by the Committee. However, if such adjusted pretax income target is not met, the award is reduced such that no bonus is awarded if

Edgar Filing: SUPERIOR INDUSTRIES INTERNATIONAL INC - Form DEF 14A

the Pre-Tax Net Income is less than 66% of the annual Pre-Tax Net Income target. A pro rata interpolated rate will be awarded between 66% and 100% of the annual Pre-Tax Net Income target. If Pre-Tax Net Income is greater than the annual Pre-Tax Net Income target, Mr. S. Borick is eligible for awards that will be interpolated up to 300% of the target incentive with a maximum award in any event of \$1,687,500. The CEO Bonus Plan expires by its terms on January 1, 2010.

With respect to the CEO Bonus Plan, outside compensation consultants were engaged to review and research competitive market salary and bonus data. Based on published compensation survey data, even if Mr. Borick were to receive the maximum payout under this plan, his total cash compensation would fall between the 50th and 75th percentile of all CEO salaries for companies with over 5,000 employees, meaning that his cash compensation will fall within expected market level compensation. The Committee has the right to prospectively amend or terminate the CEO Bonus Plan, but cannot increase the amount of bonus payable in excess of that provided for under the plan formula. The Committee is responsible for the administration of the CEO Bonus Plan. The Committee annually determines whether the target incentive has been achieved and what compensation is payable to Mr. S. Borick. When earned, Mr. S. Borick's bonus award is paid in cash.

Long-Term Equity Incentive Compensation

On May 9, 2003, the shareholders approved the 2003 Equity Incentive Plan to attract and retain the best available personnel for positions of substantial responsibility, to provide additional incentive to selected key employees, and to promote the success of the Company's business. Pursuant to this plan, the Committee has the authority to approve stock option awards, stock appreciation rights and stock awards. However, the Committee has not approved any stock appreciation rights or stock awards to date. Stock option awards are the only long-term equity incentive award approved by the Committee. In light of the recent changes in accounting for stock compensation, the Committee continues to periodically consider other equity awards and re-evaluates whether such awards are consistent with the compensation philosophy of the Company with the stockholders' interests.

The Committee subjectively determines the stock option awards to each Named Executive Officer based on a number of factors, including an evaluation of his or her performance and contribution to the Company. The Committee considers pay practices of comparable companies in this determination but does not solely rely on the survey data to identify the appropriate award levels. The stock option awards also take into account the financial performance of the Company without regard to any specified formula.

Stock option awards generally vest twenty-five percent (25%) per year commencing after one year. Therefore, the stock option awards are not fully vested until after 4 years. However, the Committee retains the authority to grant stock option awards using a different vesting schedule. The Committee prefers time-based vesting because of its effect on the retention of executives. In contrast, the requirements for performance-based vesting could be satisfied in a short period and thereby sacrifice the objective of executive retention.

The Committee decided in 2007 to set a fixed date for the issuance of stock option awards. Accordingly, future stock option awards will be approved one week after the release of earnings for the first quarter of the fiscal year, provided that all material information that might impact the Company's stock price has been disclosed. For new employees, the Committee may approve a grant on the employee's date of hire or as soon thereafter as is practicable. Further, the Committee reserves the authority to issue additional stock option awards, as it may deem desirable. Pursuant to the 2003 Equity Incentive Plan, the exercise price for all stock options will be set at the stock price on the date of grant. In practice, the Committee generally selects the closing stock price on the date of grant.

Edgar Filing: SUPERIOR INDUSTRIES INTERNATIONAL INC - Form DEF 14A

Retirement and Similar Benefits

Under the Company's Supplemental Executive Retirement Plan, the Company entered into Salary Continuation Agreements with its Named Executive Officers. These agreements provide for the Company to pay to the individual, upon ceasing to be employed by the Company for any reason, after having reached specified vesting dates and after reaching the age of 65 (or in the event of death while in the employ of the Company prior to separation from service), a benefit equal to 30% of the individual's final average compensation over the preceding 36 months, paid weekly. Such payments continue for 10 years or until death, if death occurs more than 10 years following the employee's retirement date. Final average compensation only includes base salary for employees.

Along with all employees, the Named Executive Officers may participate in the Company's Savings and Retirement Plan. The Company makes two types of contributions to this plan for all employees. First, it will make a matching contribution of 50% of the first 4% of before-tax contributions made to the plan, up to the legal limit of \$15,000 in 2006. In addition, the Company contributes 1% of the employee's compensation to the plan each year. Company contributions do not vest until after 2 years, at which point 20%

-15-

of the benefit vests each year until 100% vesting is reached after 6 years of service. In the event of disability, death or retirement, 100% vesting is immediate.

Other Benefits

The Company provides its Named Executive Officers with incidental benefits that the Committee believes are reasonable and consistent with the competitive market. The primary benefits are an automobile allowance and life insurance benefits. In addition, the Named Executive Officers may participate in the Company's health and welfare benefit plans that are available to other executives and employees.

Employment Agreements

Effective January 1, 2005, Superior entered into an employment agreement with Mr. Steven J. Borick as President and Chief Executive Officer. The agreement provides for a five year term, a minimum annual base compensation of \$750,000, equity compensation commencing March 1, 2006, in the form of an annual stock option grant at fair market value of 120,000 shares per year, an automobile allowance, life insurance and other customary employee benefits. Upon an early termination of the agreement by the Company without cause, Mr. S. Borick will receive one year's base compensation, that is \$750,000, in the form of twenty-six biweekly payments. Upon Mr. S. Borick's termination of employment due to a "change in control", as defined in the agreement, Mr. S. Borick shall receive three years base compensation, that is \$2,250,000, in the form seventy-eight biweekly payments. There are no other benefits payable in the event of termination or change of control. Also, no other Named Executive Officer has an agreement that provides for severance upon termination or change of control.

Tax Deductibility of Executive Compensation

To maximize shareholder value, the Committee endeavors to minimize the after-tax cost of compensation, but not in a manner that would compromise our compensation philosophy or objectives. For example, consistent with our compensation philosophy, the Committee structured the CEO's Bonus Plan to be

Edgar Filing: SUPERIOR INDUSTRIES INTERNATIONAL INC - Form DEF 14A

performance based to qualify any payments thereunder as deductible compensation expenses under Section 162(m) of the Internal Revenue Code.

Shareholder Derivative Litigation

As previously disclosed and more fully discussed in the Company's 2006 Annual Report on Form 10-K, the Company and certain former and current officers and directors were named in two shareholder derivative lawsuits, alleging that the grant dates for a number of stock option awards granted between 1991 and 2002 occurred prior to upward movements in the stock price, that such grants were not properly accounted for in the Company's financial reports and that such grants were not properly disclosed in the Company's SEC filings. To evaluate the merits of these allegations, the Company's management, under the oversight of the Audit Committee of the Board of Directors, and with the assistance of outside counsel and forensic accounting experts, began conducting a comprehensive review of the Company's historical stock option grant practices.

Interim results from this review determined that there were deficiencies in the process of granting, documenting and accounting for stock options. The Company and its directors and officers have already agreed to correct certain stock option awards in which there is a difference between the price on the correct measurement date and the original exercise price. These agreements apply to all stock options awards that vested or were granted after December 31, 2004. The Company has not compensated its directors and officers for entering into these agreements and has no obligation to do so. However, these agreements may provide the affected directors and officers with the opportunity to avoid unfavorable tax consequences under Section 409A of the Internal Revenue Code of 1986, as amended. Under this new law, certain options with an exercise price that is lower than the price on the correct measurement date will trigger certain adverse tax consequences, including income tax at vesting, a federal excise tax of 20% and interest charges, in addition to standard federal, state and other applicable taxes.

Committee Recommendation

The Committee has participated in the preparation of this Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K and has reviewed and discussed it with management. Based on its review, the Committee recommended to the Board

-16-

of Directors and the Board of Directors approved the inclusion of this Compensation Discussion and Analysis in this Proxy Statement and the incorporation of it by reference in the Company's Annual Report on Form 10-K.

- (1) Mr. Steven J. Borick, President and Chief Executive Officer, and Mr. R. Jeffrey Ornstein, Vice President and Chief Financial Officer, are not included in this table as they are employees of the Company and thus receive no compensation for their services as Directors. The compensation received by Messrs. S. Borick and Ornstein is shown in Table 1 - Summary Compensation Table.
- (2) During 2006, all non-employee Directors of the Company, except for Mr. L. Borick, were each compensated \$25,000 as an annual retainer fee and \$1,000 for each Board meeting attended. Additionally, they received \$1,000 for each committee meeting attended, or \$1,500 for each committee meeting chaired.
- (3) The Company has granted neither stock appreciation rights nor stock awards.
- (4) Reflects the amounts recognized for financial statement reporting purposes for the fiscal year ended December 31, 2006, in accordance with FAS 123(R) of awards pursuant the Company's stock option plans, and thus may include amounts from awards in and prior to 2006. Assumptions used in the calculation of these amounts are included in Note 12 to the Company's audited financial statements for the fiscal year ended December 31, 2006 included in the Company's Annual Report on Form 10-K, as filed with the Securities and Exchange Commission. As of December 31, 2006, each Director has the following number of options outstanding: Sheldon I. Ausman: 13,500; Louis L. Borick: 500,000; Raymond C. Brown: 17,500; Phillip W. Colburn: 17,500; V. Bond Evans: 17,500; Michael J. Joyce: 5,000; and Jack C. Parkinson: 17,500. Options granted to Directors generally vest one year from the date of grant.
- (5) Reflects the amounts of the actuarial increase in the present value of each named executive officer's benefits under the Company's Supplemental Executive Retirement Plan ("Plan"), determined using the

same assumptions used for financial statement reporting purposes for the fiscal years ended December 31, 2006 and December 25, 2005, as reflected in Note 9 to the Company's audited financial statements referred to in footnote (2) above. Due principally to an increase in the discount rate to 5.75% in 2006 from 5.50% in 2005, the change in accumulated pension benefit decreased by the indicated amounts for the following individuals: Sheldon I. Ausman: \$(2,466); Raymond C. Brown: \$(38,847); Phillip C. Colburn: \$(1,936); V. Bond Evans: \$(2,703); and Jack H. Parkinson: \$(1,800). Mr. Joyce will be included in the Plan in 2007. All of the other Directors are fully vested in the Plan as of December 31, 2006. Information regarding the Plan can be found under the subheading "Retirement and Similar Benefits" on page 16 of this Proxy Statement. There are no nonqualified deferred compensation arrangements with the non-employee Directors.

- (6) On January 1, 2005, the Company entered into a Services Agreement with Mr. Louis L. Borick as Chairman of the Board, following the termination of his services as Chief Executive Officer under his 1994 Employment Agreement. The Services Agreement provided annual compensation of \$300,000, use of a company automobile, medical and dental benefits, and life insurance under a split dollar arrangement for a face value of \$2,500,000. However, as a result of the Sarbanes-Oxley Act, the Company has decided not to pay such premiums, but rather to reimburse Mr. L. Borick for his payment of the premiums.

-21-

Effective January 1, 2005, pursuant to the termination of services as Chief Executive Officer provision of his 1994 Employment Agreement, Mr. L. Borick also began receiving annual compensation equal to his annual base compensation as of December 31, 2004 of \$1 million. He will receive this amount, paid bi-weekly, for a period up to a maximum of five years. Beginning in the sixth year, and continuing for a maximum of ten years, Mr. L. Borick will receive one-half of such amount, paid bi-weekly. Effective March 1, 2007, Mr. L. Borick's Services Agreement was amended to change his annual compensation from \$300,000 to the same compensation plan applicable to all non-employee directors. Mr. Brown, retired Senior Vice President of the Company, began receiving payments under the Supplement Executive Retirement Plan in January 1998.
