PROXY STATEMENT

This statement is furnished on behalf of the Board of Directors of South Jersey Industries, Inc. to solicit proxies for use at its 2009 Annual Meeting of Shareholders. The meeting is scheduled for Thursday, April 23, 2009, at 10:00 a.m. at the Renault Winery Restaurant, 72 N. Bremen Avenue, Egg Harbor City, New Jersey. The approximate date proxy materials will be sent to shareholders is March 18, 2009. On the mailing date, a copy of the proxy and Annual Report will be available on our website at www.sjindustries.com under the heading "Investors".

Proxy Solicitation

The Company bears the cost of this solicitation, which is primarily made by mail. However, the Corporate Secretary or employees of the Company may solicit proxies by phone, telegram, fax, e-mail or in person, but such persons will not be separately compensated for such services. The Company may also use a proxy-soliciting firm at a cost not expected to exceed \$6,000, plus expenses, to distribute to brokerage houses and other custodians, nominees, and fiduciaries additional copies of the proxy materials and Annual Report to Shareholders for beneficial owners of our stock.

Record Date

Only shareholders of record at the close of business on February 23, 2009 may vote at the meeting. On that date, the Company had 29,738,256 shares of Common Stock outstanding. Shareholders are entitled to one vote per share on each matter to be acted upon.

Quorum and Vote Required

A quorum is necessary to conduct the business of the meeting. This means holders of at least a majority of the outstanding shares of Common Stock must be present at the meeting, either by proxy or in person. Directors are elected by a plurality vote of all votes cast at the meeting. Approval of the amendment to the Certificate of Incorporation for the annual election of Directors requires the affirmative vote of 80% of the Company's shares having voting power with respect to such an amendment. All other matters that come before the meeting require the affirmative vote of a majority of the votes cast at the meeting. Abstentions and broker non-votes will be treated as present to determine a quorum but will not be deemed to be cast and, therefore, will not affect the outcome of any of the shareholder questions. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner.

Voting of Proxies and Revocation

Properly signed proxies received by the Company will be voted at the meeting. If a proxy contains a specific instruction as to any matter to be acted on, the shares represented by the proxy will be voted in accordance with those instructions. If you sign and return your proxy but do not indicate how to vote for a particular matter, your shares will be voted as the Board of Directors recommends. A shareholder who returns a proxy may revoke it at any time before it is voted by submitting a later-dated proxy or by voting by ballot at the meeting. If you attend the meeting and wish to revoke your proxy, you must notify the meeting's secretary in writing prior to the voting of the proxy. If any other matters or motions properly come before the meeting, including any matters dealing with the conduct of the meeting, it is the intention of the persons named in the accompanying proxy card to vote such proxy in accordance with their judgment. The Board of Directors is not aware of any such matters other than those described in this proxy statement.

Stock Ownership Requirements

Therefore, in 2001 the Board of Directors enacted the following stock ownership requirements for officers and directors:

nShares owned outright will be combined with vested restricted shares awarded under the Stock-Based Compensation Plan and vested shares beneficially owned through any employee benefit plan for purposes of determining compliance with the stock ownership requirement for officers. Current officers will have a period of six years from the original date of adoption and newly elected or promoted officers will have a period of six years following their election or promotion to a new position to meet these minimum stock ownership requirements; and

nMembers of the Board of Directors are required, within six years of becoming a director of the Company or any of its principal subsidiaries, to own shares of Company Common Stock with a market value equal to a minimum of five times the current value of a Director's annual cash retainer. Shares owned outright will be combined with restricted shares awarded as part of the annual stock retainer for the purpose of meeting these requirements.

THE BOARD OF DIRECTORS

Corporate Governance

Independence of Directors

The Board has adopted Corporate Governance Guidelines which require the Board to be composed of a majority of directors who are “independent directors” as defined by the rules of the New York Stock Exchange. No director will be considered “independent” unless the Board of Directors affirmatively determines that the director has no material relationship with the Company. When making “independence” determinations, the Board considers all relevant facts and circumstances, as well as any other facts and considerations specified by the New York Stock Exchange, by law or by any rule or regulation of any other regulatory body or self-regulatory body applicable to the Company. As a part of its Corporate Governance Guidelines, the Board established a policy that Board members may not serve on more than four other boards of publicly traded companies. SJI’s Corporate Governance Guidelines are available on our website at www.sjindustries.com under the heading, "Investors."

The Board has determined that incumbent directors Billings, Bosley, Bracken, Campbell, Edwards, Hartnett-Devlin, Higgins, Hughes, James, Petrowski and Raring, constituting all of the non-employee directors, meet the New York Stock Exchange standards and our own standards set forth above for independence and are, therefore, considered to be independent directors. Accordingly, during 2008, eleven of the twelve directors of the Company were considered to be “independent.” Mr. Graham is not considered independent by virtue of his employment with the Company.

Codes of Conduct

The Company has adopted codes of conduct for all employees, officers and directors, which include the code of ethics for our principal executive, our principal financial officer and principal accounting officer within the meaning of the SEC regulations adopted pursuant to the Sarbanes-Oxley Act of 2002. Additionally, the Company has established a hotline and website for employees to anonymously report suspected violations.

A copy of the codes of ethics are available on the Company’s website at www.sjindustries.com under the heading “Investors”. Copies of our codes of conduct are also available at no cost to any shareholder who requests them in writing at South Jersey Industries, Inc., 1 South Jersey Plaza, Folsom, New Jersey 08037, Attention: Corporate Secretary.

Communication with Directors

The independent directors met four times during 2008. Topics of these independent sessions included CEO performance and compensation and discussions of corporate governance. Meetings of the independent directors are chaired by Mr. Edwards, the Lead Independent Director. You may communicate with the Lead Independent Director and chairmen of the Audit, Compensation and Governance Committees by sending an e-mail to auditchair@sjindustries.com, compchair@sjindustries.com (for Lead Independent Director)

or govchair@sjindustries.com, respectively, or you may communicate with our outside independent directors as a group by sending an e-mail to sjdirectors@sjindustries.com. The charters and scope of responsibility for each of the Company's committees can be found on the Company's website at www.sjindustries.com. You may also address any correspondence to the chairmen of the committees or to the independent directors at South Jersey Industries, Inc., 1 South Jersey Plaza, Folsom, New Jersey 08037.

Corporate Governance Materials

Shareholders can see the Company's Principles of Corporate Governance, Charters of the Audit Committee, Compensation Committee and Governance Committee, and Board of Directors Code of Ethics on the Company's website at www.sjindustries.com/108/corporate_governance.html. Copies of these documents, as well as additional copies of this Proxy Statement, are available to shareholders without charge upon request to the Corporate Secretary at South Jersey Industries, Inc., 1 South Jersey Plaza, Folsom, New Jersey 08037.

Meetings of the Board of Directors and its Committees

The Board of Directors met eight times in 2008. Each director attended 75% or more of the total number of meetings of the Board of Directors and the meetings of the committees of the Board on which he or she served, with the exception of Mr. Campbell due to medical circumstances which have been resolved and certain business obligations. All current Board members and all nominees for election to the Company's Board of Directors are required to attend the Company's annual meetings of stockholders, provided, however, attendance shall not be required if personal circumstances affecting the Board member or director nominee make his or her attendance impracticable or inappropriate. All of our directors attended the 2008 Annual Meeting of Shareholders. During 2008, each of the directors of the Company also served on the Boards or Executive Committees of one or more of South Jersey Gas Company, South Jersey Energy Company, South Jersey Energy Solutions, LLC, Marina Energy, LLC, South Jersey Resources Group, LLC, South Jersey Energy Service Plus, LLC, Energy & Minerals, Inc. and R&T Group, Inc., all of which are subsidiaries of the Company.

There are six standing committees of the Board: the Audit Committee; the Compensation Committee; the Environmental Committee; the Executive Committee; the Governance Committee; and the Management Development Committee. In November 2008, the Board approved the elimination of the Management Development and Environmental Committees and the addition of the Corporate Responsibility Committee effective April 2009.

Audit Committee

The Audit Committee of the Board of Directors, which met eight times during 2008, comprises eight "independent" directors as that term is defined in the rules and regulations of the Securities and Exchange Commission and the listing standards of the New York Stock Exchange: Sheila Hartnett-Devlin, Chairman; Helen R. Bosley; Thomas A. Bracken; W. Cary Edwards; Walter M. Higgins III; Dr. Herman D. James; William J. Hughes; and Joseph H. Petrowski. The Board has determined that no member of the Audit Committee has a material relationship that would jeopardize such member's ability to exercise independent judgment. In January 2008, the Board of Directors designated Ms. Bosley, Mr. Bracken and Ms. Hartnett-Devlin as "audit committee financial experts" as such term is defined by applicable rules and regulations of the Securities and Exchange Commission. The Audit Committee: (1) annually engages an independent registered public accounting firm for appointment, subject to Board and shareholder approval, as auditors of the Company and has the authority to unilaterally retain, compensate and terminate the Company's independent registered public accounting firm; (2) reviews with the independent registered public accounting firm the scope and results of each annual audit; (3) reviews with the independent registered public accounting firm, the Company's internal auditors and management the quality and adequacy of the Company's internal controls and the internal audit function's organization, responsibilities, budget and staffing; and (4) considers the possible effect on the objectivity and

independence of the independent registered public accounting firm of any non-audit services to be rendered to the Company. The Audit Committee has established policies and procedures for the engagement of the independent registered public accounting firm to provide audit and permitted non-audit services. The Audit Committee evaluates itself on an annual basis. The Board of Directors has adopted a written charter for the Audit Committee which is available on our website at www.sjindustries.com under the heading "Investors". You may obtain a copy by writing to the Corporate Secretary, South Jersey Industries Board of Directors, South Jersey Industries, Inc., 1 South Jersey Plaza, Folsom, New Jersey 08037.

Bracken; Keith S. Campbell; Sheila Hartnett-Devlin; Dr. Herman D. James; and Joseph Petrowski. The Compensation Committee: (1) is responsible for making grants under and otherwise administering the Company's Stock-Based Compensation Plan; (2) reviews and makes recommendations to the Board of Directors on the operation, performance and administration of the retirement plans, other employee benefit plans and employment policies; and (3) reviews and makes recommendations to the Board of Directors on forms of compensation, including the performance and levels of compensation of the officers of the Company. The Committee's charter is available on our website at www.sjindustries.com under the heading "Investors" or you may obtain a copy by writing to the Corporate Secretary, South Jersey Industries Board of Directors, South Jersey Industries, Inc., 1 South Jersey Plaza, Folsom, New Jersey 08037.

Compensation Committee Interlocks and Insider Participation

No member of the Compensation Committee has ever been an officer or employee of the Company, or any of its subsidiaries or affiliates. During the last fiscal year, none of the Company's executive officers has served on a compensation committee or as a director for any other company, one of whose executive officers served as a director of the Company.

Governance Committee

The Governance Committee of the Board of Directors, which met seven times during 2008, comprises seven "independent" directors: Dr. Shirli M. Billings, Chairman; Helen R. Bosley; Keith S. Campbell; W. Cary Edwards; Walter M. Higgins III; William J. Hughes; and Frederick R. Raring. Each member of the Committee satisfies the independence requirements of the New York Stock Exchange. Among its functions, the Governance Committee: (1) maintains a list of prospective candidates for director, including those recommended by shareholders; (2) reviews the qualifications of candidates for director (minimum qualifications for director candidates are provided in the Company's Corporate Guidelines available on the Company's website at www.sjindustries.com under the heading "Investors" and include consideration of education, experience, judgment, diversity and other applicable and relevant skills as determined by an assessment of the needs of the Board at the time an opening exists); (3) makes recommendations to the Board of Directors to fill vacancies and for nominees for election to be voted on by the shareholders; and (4) is responsible for monitoring the implementation of the Company's Corporate Governance Policy. The Committee's

charter is available on our website at www.sjindustries.com under the heading "Investors" or you may obtain a copy by writing to the Corporate Secretary, South Jersey Industries Board of Directors, South Jersey Industries, Inc., 1 South Jersey Plaza, Folsom, New Jersey 08037. The Management Development Committee of the Board of Directors, which met two times during 2008, comprises five directors: Helen R. Bosley, Chairman; Dr. Shirli M. Billings; Sheila Hartnett-Devlin; Dr. Herman D. James; and Frederick R. Raring. The Management Development Committee: (1) reviews the Company's programs and practices used to develop employees identified for leadership positions in the organization; and (2) evaluates training and educational programs to assure that they reflect current and emerging workplace, industry and general business issues.

Compensation of Directors

Based on studies of non-employee director compensation conducted by Mercer Human Resource Consulting and the Hay Group in 2005 and 2006, the Board approved targeting non-employee director compensation at the median of the peer group. Effective December 1, 2006, non-employee directors receive shares of restricted stock with a market value of \$35,000. The Company has established a plan whereby directors may elect to defer the receipt of the restricted stock until a specified date or until upon leaving the Board. The deferred amount, together with dividends, may be paid in a lump sum distribution or in equal annual installments as the director elects.

In 2008, studies of non-employee director compensation were conducted by Towers Perrin comparing the Company's director compensation with a relevant peer group of 15 energy utility companies as well as a broader general industry peer group. Based on the report, the Board did not modify its existing compensation except to revise the meeting fee schedule so that Directors that participate by phone receive \$1,500 instead of \$750.

Non-employee directors are paid an annual cash retainer of \$30,000. The Lead Independent Director is paid an additional annual retainer of \$10,000. The chairmen of the Company's Board committees are paid annual retainers as follows: Audit, \$8,000; Compensation, \$5,000; Governance, \$5,000. Chairmen of the Environmental and Management Development committees are paid an annual retainer of \$2,000. Directors receive \$1,500 for each meeting of the Board of the Company or its subsidiaries attended; however, the maximum fee paid to any person for attendance at one or more meetings of these boards held on the same day is \$1,500. Non-employee directors also receive \$750 for each meeting of a committee of the Board of the Company or of a subsidiary that they attended if the meeting is held on the same day as a Board meeting or \$1,500 if the meeting is held on any other day. Audit Committee members are paid \$1,500 per meeting if the meeting is telephonic on a non-board meeting day. Effective January 1, 2009 non-employee directors who participate in a Board or Committee meeting receive \$1,500 regardless of whether the meeting is in person or telephonic. Directors who are also employees of the Company receive no separate compensation for serving on the Board.

General Description of Executive Compensation Program and Key Objectives

SJI, as a provider of energy related products and services, has designed its executive compensation program to advance the Company's strategic plan and corporate mission which are rooted in enhancing shareholder value while attracting and retaining qualified executive management to carry out the work and goals of the organization. In order to achieve the objectives of the Company's strategic plan and increase shareholder value, the executive compensation program incorporates to a great degree performance-based incentives and a mix of shorter-term and longer-term incentives. SJI's performance over the last six years provides evidence that the executive compensation program has been effective in furthering the Company's business objectives. SJI has outperformed the S&P 500 index in the last five of six years and compares favorably to the returns of the S&P Utility index over the same period. SJI has outperformed the Company's Long-Term Incentive Compensation Peer Group in terms of Total Shareholder Return in every year for the past six years. By focusing executive compensation on achievement of annual corporate goals, annual and longer-term earnings per share targets and three-year compound annual total shareholder returns, SJI's executive compensation program is an integral part of SJI's corporate strategy for improving shareholder value.

Oversight of the Executive Compensation Program

The SJI executive compensation program is administered by the Compensation Committee of the Board of Directors. The Compensation Committee is composed of seven independent directors. These directors meet the independence standards of the New York Stock Exchange. In accordance with its charter, the Committee sets the principles and strategies that serve to guide the design of our employee compensation and benefit programs.

The Committee annually evaluates the performance of the Chairman/CEO and reviews the recommendations of the Chairman/CEO regarding the evaluations of the Chief Financial Officer, and the other Named Executives. Taking the performance evaluations into consideration, the Committee then establishes and approves their compensation levels, including performance-based cash and stock awards. Goals for the executives' annual cash compensation are established at the beginning of each year for use in the performance evaluation process.

The Committee has retained independent compensation consultants who report directly to the Committee. The Committee has retained the Hay Group to assist the Committee in its activities. The Hay Group is the Committee's independent compensation expert. The Committee meets regularly in executive session without members of management present and reports regularly to the Board of Directors on its actions and recommendations following each meeting.

Executive Compensation Principles

The Company's key compensation objective as stated above is to advance the Company's strategic plan and corporate mission, which are rooted in enhancing shareholder value while attracting and retaining highly qualified executive management to carry out the work and goals of the organization. In order to achieve the objectives of the Company's strategic plan and increase shareholder value, the executive compensation program is founded on the following guiding principles:

- Executive compensation should be directly and measurably linked to business and individual performance with a significant portion of the compensation designed to create incentives for superior performance and meaningful consequences for below target performance.
- The Executives' total compensation should be competitive with peer companies so that the Company can attract, retain and motivate high performing business leaders.
- Executive compensation should align the interests of executives with shareholders so that compensation levels are commensurate with relative shareholder returns and financial performance through the use of performance-based restricted stock.

- Executive compensation incentive plans should balance short-term and long-term financial and strategic objectives whereby executives are rewarded for the businesses for which they are responsible and for overall Company performance.
- The process for designing, determining and monitoring executive compensation should be independent of management utilizing the assistance of independent compensation consultants reporting directly to the Committee.

Compensation Practices

The Company's current executive compensation structure has been in place since 1998 and applies to all officers of the Company. At that time, a comprehensive study of compensation alternatives was undertaken, a primary objective being the creation of a system which aligns the interest of Company shareholders with the financial incentives of executives on a short-term and long-term basis. The study drew upon the experience and knowledge of Committee members in consultation with their independent compensation consultant. Subsequently, on an every three-year cycle basis, a compensation structure and market competitiveness study has been completed to ensure that the structure remained consistent with contemporary compensation methods and tools. The Hay Group performed a compensation study during 2008, which is described below.

The Committee's consulting firm presents a detailed report which examines the component parts of the executive compensation program as currently applied. Further, the report provides a competitive analysis of how executives' base salary, annual cash and long-term compensation compare with peer companies in the energy industry and the general business community. The Committee then evaluates and assesses those findings in the context of the Company's performance over the years and the growth predicted going forward.

In 2008, the committee engaged its consultant, the Hay Group, to provide a market-based study of its executive compensation schedule, in anticipation of future compensation adjustments. The study was completed and presented to the Committee in July 2008. With input from its independent executive compensation consultant, the Committee further articulated its goals as to executive pay. The Committee decided that executive compensation will be targeted at the 50th percentile of the competitive market targets and is managed by the Committee within a range of 20% above or below this actual benchmark. This better aligns plan design with the stated executive compensation principles. Total annual direct compensation forecasted for 2009 for the executive group, exclusive of the CEO, reported at 91% of the competitive market median. Using the same data sources, the total annual direct compensation forecasted for 2009 for Mr. Graham, the Chief Executive Officer, reported at approximately 75% of the competitive market median. Given current market conditions, the Committee decided to hold Mr. Graham's 2009 target compensation at 2008 levels.

Based on the input from the independent executive consultants and experience and knowledge of the Committee members, a compensation structure was designed with three components: (1) base salary, (2) annual performance-based cash awards and (3) long-term performance-based equity awards. The annual performance-based cash awards and long-term performance-based equity awards are "at-risk" compensation as both components have a threshold performance level that must be achieved before any payout. Consistent with the principle that compensation should be directly linked to the Company's performance, a significant portion of the executive's compensation is at risk. The CEO's at-risk portion of target compensation for 2008 and 2009 represents 57% of his total direct compensation. Additionally, the compensation structure provides for a significant portion of compensation to be paid in equity awards to continually align executives' interests with shareholders. The CEO's equity compensation component of target compensation for 2008 and 2009, which consists of performance-based restricted stock grants, represents 34% of this total direct compensation.

The determination of peer groups for executive compensation is a critical task of the Committee. The Committee, with consultation from its independent compensation consultant, selects peers for the three components of executive compensation. A national peer group of 15 similarly sized energy utility companies is used for market comparison for base, total cash compensation and total direct compensation for the CEO. The peer group includes AGL Resources, Atmos Energy Corporation, Black Hills Corporation, CH Energy, Inc., Chesapeake Utilities Corp., Energen Corporation, LaCledde Group, New Jersey Resources Corp., Nicor, Inc., Northwest Natural Gas Company, Piedmont Natural Gas Corporation, Southern Union Co., Southwest Gas Corporation, Vectren Corp., and WGL Holdings, Inc. As a part of the 2008 compensation review, the Hay Group provided an assessment of the applicable peer groups for the committee and the Committee adopted the 15 energy company peer group. For the CFO and other Named Executives, two or more industry specific executive compensation studies as well as the 15 energy company peer group are used by the Committee's independent compensation consultants to provide market-based compensation information. A national peer group of 44 energy companies is used for the long-term incentive program that measures total shareholder return for the purposes of awards. The peer group includes AGL Resources, Inc., Ameren Corporation, Amerigas Partners, LP, Atmos Energy Corp., Black Hills Corp., CH Energy Group Inc., Chesapeake Utilities Corp., Cleco Corp., Consolidated Edison, Inc., Delta Natural Gas Company, Dominion Resources, Inc., DPL Inc., DTE Energy Company, Empire District Electric Co., Energen Corp., Energy West Incorporated, Equitable Resources, Inc., Exelon Corporation, Ferrellgas Partners, L.P., Florida Public Utilities Co., Great Plains Energy Inc., Laclede Group, Inc., Maine & Maritime Corp., MGE Energy, National Fuel Gas Co., New Jersey Resources Corp., NICOR Inc., Nisource, Inc., Northwest Natural Gas Co., NSTAR, Pepco Holdings, Inc., Piedmont Natural Gas Co., Pinnacle West Capital Corp., Puget Energy, Inc., Questar Corp., RGC Resources, Inc., Southern Union Co., Southwest Gas Corp., Star Gas Partners, LP, Suburban Propane Partners, LP, UGI Corp., UIL Holdings Corp., Vectren Corp., and WGL Holdings, Inc.

Compensation Components

The Company's executive compensation structure consists of three parts, two of which are directly linked to achieving predefined short-term and long-term performance goals. These three components were fully implemented with respect to compensation and performance for fiscal year 2000 and each year thereafter. The Committee has adopted a policy to use only performance-based restricted stock as the long-term incentive component. No stock options are outstanding. The components are as follows:

- **Base Salary** - Base Salary is targeted at the 50th percentile or median of the relevant peer and/or competitive market. For 2008, the CEO's base salary was targeted at 46% of the targeted total direct compensation. For 2008, the Named Executives' base salary is targeted at an average of 56% of targeted total direct compensation. For 2009, the CEO base salary is targeted at 46% of the targeted total direct compensation; for 2009, the Named Executives base salary is targeted at an average of 54% of the targeted total direct compensation. The Committee utilizes market survey data from executive compensation consultants in establishing base salary amounts.
- **Annual Cash Awards** - For 2008, the CEO's and CFO's annual cash award was tied to the Company's economic earnings per share and 25% was based upon specific measurable and predefined performance objectives. For the other Named Executive Officers in 2008, 50% of the annual cash award was directly tied to the Company's economic earnings per share from continuing operations, with the balance based upon specific, predefined performance objectives for each executive. Performance objectives include individual and multiple business unit financial performance, customer goals, internal process projects and leadership goals. Similar metrics are in place for 2009 for the CEO, CFO and other Named Executives.

| 2009 Annual Cash Awards | | | |
|-------------------------|-----------|---------------------|-----------------|
| Metrics | | | |
| CEO | 75% SJI | 25% Specific, | |
| CFO | Economic | measurable, and | |
| | Earnings | predefined | |
| | Per Share | performance | |
| | | objectives | |
| Other Named | 50% SJI | 25% Financial | 25% Specific, |
| Executives | Economic | Performance of | measurable, and |
| | Earnings | relevant subsidiary | predefined |
| | Per Share | company | performance |
| | | | objectives |

Each executive has a pre-established annual cash target. Annually, the Committee develops a schedule to determine the actual amount of the annual cash award for the economic earnings per share metric. The schedule establishes a minimum, a target and a maximum. The amount of annual cash awards related to this metric is capped at this maximum level. The range of payout is plus or minus 25% of the targeted annual cash amount. Importantly, a minimum earnings per share result is required for any payout of the annual cash award. The minimum earnings per share level is the amount of the Company's prior year's actual economic earnings per share result. For the Company's executives to achieve any annual cash payout, the Company must outperform the prior year's earnings.

During 2008, the Company publicly reported earnings both on a GAAP basis and an economic earnings basis. Economic Earnings is defined as income from continuing operations, (1) less the change in unrealized gains and plus the change in unrealized losses on all commodity derivative transactions that are being marked to market, (2) less the change in unrealized gains plus the change in unrealized losses of the ineffective portion of interest rate derivatives, and (3) adjusting for realized gains and losses on all hedges attributed to inventory transactions to align them with the related cost of inventory in the period of withdrawal. Economic Earnings is a significant performance metric used by our management to indicate the amount and timing of income from continuing operations we expect to earn related to commodity transactions. Specifically, we believe this financial measure indicates to investors the profitability of all portions of these transactions and not just the portion subject to mark-to-market valuation measurement. Considering only one side of the transaction can produce a false sense as to the profitability of our commodity marketing activities, as no change in value is reflected for the non-derivative portion of the transaction. Beginning in 2007, the Committee determined that Economic Earnings were the appropriate measure for the annual cash awards. For 2008, the CEO's annual cash award was set at 50% of the CEO's base salary. For 2008 the Named Executive Officers annual cash award was set at an average of 37% of average base salary. For 2009, the Named Executive Officers' annual cash award is set at an average of 43% of the average base salary. For the CEO, the Committee established that the targeted 2009 annual cash award would be 50% of the CEO's base salary. The Committee utilizes market survey data from executive compensation consultants in establishing annual cash salary amounts.

- Long-Term Incentive - the Long-Term Incentive component consists of performance-based restricted stock grants, which are earned based upon the Company's relative total shareholder return measured against industry peer companies, over three-year cycles. All executives have pre-established performance-based long-term incentive

targets. The Committee has developed a schedule to determine the actual amount of the long-term incentive awards. The schedule establishes a minimum, a target and a maximum. The amount of long-term incentive award is capped at this maximum level. The range of payout is plus or minus 50% of the targeted long-term incentive amount. The minimum level requires that the Company's common stock over a three-year period achieve a total shareholder return that matches at the 35th percentile level of the peer group companies. The target is set at the 50th percentile. The maximum award level is set at the 80th percentile. In the last six years, the Company has significantly outperformed the peer group of companies. For the three-year cycle ending December 31, 2008, the Company's stock's total shareholder return in comparison with the peer group performed at the 90th percentile. For the CEO, the Committee established that the targeted 2008 and 2009 long-term incentive would be 75% of the CEO's base salary. For the other Named Executives, the Committee has established that the 2008 and 2009 long-term incentive would be 50% of their base salary.

Stock Ownership Guidelines

The Company has stock ownership guidelines for executives and directors to reinforce alignment with shareholders. The CEO is required to own shares of the Company's common stock with a market value equal to a minimum of 3 times his or her annual base salary. The executive officers are required to own shares of Company common stock with a market value equal to a minimum of one and one-half times their annual base salary.

Benefits and Perquisites

The Company provides a Retirement Plan, a 401-k Plan, medical, dental, life insurance and disability coverage which are provided to all eligible employees of the Company including officers. Officers of the Company who attain the age of 50 are eligible for the Supplemental Executive Retirement Plan.

Executive Pension Plans

The executive officers of the Company are eligible for benefits under a tax-qualified pension plan for salaried employees provided by the Company. Compensation considered under the pension plan consists of base salary only. Employees do not make contributions to the plan, and the employer contributions (which are based on aggregate actuarial calculations without individual allocation) are held and invested in a diversified portfolio of funds of recognized standing until they are used to provide retirement benefits. Early retirement with reduced annual benefits is permitted (but not before age 55). Executive officers who are 50 years of age or older are also covered by an unfunded supplemental retirement plan, which is designed in general to provide the officer with a minimum retirement benefit from the salaried employee pension plan, and the supplemental plan, which aggregates 2% of the average of the highest three of the final five years' salary (as defined in the plan) for each year of service plus 5%. Assuming continued employment and retirement at age 60, Messrs. Graham, Kindlick, Walker, Renna and DuBois will have, respectively, 36, 36, 31, 29 and 32 years of credited service. No credit is provided under the supplemental plan for more than 30 years of service.

The following details the other benefits and perquisites provided to the Named Executives.

Disability Plan - Temporary disability shall be paid at a rate of 100% of the Officer's Base Salary, and extends at full pay for up to 120 days for Officers with less than five years of service, and up to 365 days for Officers with service of five or more years. Long-term disability (LTD), begins upon the expiration of the temporary disability benefit as described above. LTD is paid at a rate of 50% of the Officer's Base Salary, reduced by Social Security Disability payments, if any.

Group Life Insurance – at a principle equivalent of two times the Officer’s Base Salary, rounded to the next highest \$5,000 increment. The insurance premium is paid by the Company; the Officer is responsible for resultant federal, state or local income taxes. 24-Hour Accident Protection Coverage is provided while in the employ of the Company in an amount of \$250,000. The insurance premium is paid by the Company; the Officer is responsible for resultant federal, state or local income taxes.

Supplemental Survivor’s Benefit – Upon the death of the Officer while he/she is in the employ of the Company, his/her surviving beneficiary shall receive a lump sum payment of \$1,000 to be paid as soon as practical following the Officer’s death. The surviving beneficiary shall also receive a lump sum death benefit based upon years of service with the Company in the amounts of six months base salary (10-15 service years); nine months base salary (15-25 service years); twelve months base salary (25+ service years). Such payment shall be offset by proceeds from the Officer’s qualified pension plan and SERP in the year of death.

Supplemental Saving Plan Contributions - The Internal Revenue Code limits the contributions that may be made by or on behalf of an individual under defined contribution plans such as the Company’s 401(k) Plan. The Company has adopted a policy of reimbursing its executive officers with the amount of Company contributions that may not be made because of this limitation. This includes the tax liability incurred by the additional income. Amounts paid pursuant to this policy are included in the Summary Compensation Table.

Company Automobile – The Company’s Officers are provided a company automobile to be used for business and at the Officer’s discretion, for commuting and other non-business purposes. The Officer is responsible for any federal and/or state income taxes which result from non-business usage.

It is anticipated that such time off would not normally exceed 20 days per calendar year, exclusive of scheduled corporate holidays. Time off shall not accrue, nor shall it be carried from one year to the next, resultantly, there shall be no payment for “unused time off” at the time of the Officer’s death, retirement or other such termination.

Annual Physical Examination – The Company provides the Officer with an annual physical examination at its expense.

Retiree Health Care – Upon retirement, the Officer receives the same medical, hospitalization, prescription, dental and major medical benefits as are provided to all employees.

Deferred Compensation Program – The Company provides a Restricted Stock Deferral Plan for those employees entitled for the awards of the Performance-Based Restricted Stock. The Plan permits those entitled employees to defer all or a portion of the Company stock that they would otherwise receive under the Company’s Stock-Based Compensation Plan.

Employment Agreements; Change of Control Agreements

The Company has employment agreements with each of its Named Executives. Mr. Graham and the other Named Executives have agreements for three-year periods ending December 31, 2011, which provide for a base salary that will be reviewed periodically but will not be less than what was being paid at the beginning of the period. If a change of control (as defined in each agreement) occurs, the agreement is automatically extended for three years from the date the change of control occurs. If, there is a change of control during the term of the agreement or during the extended term of the agreement and the Officer’s employment is terminated for other than cause, or if he resigns after there has been a significant adverse

change in his employment arrangement with the Company due to a change of control, he is entitled to a severance payment equal to 300% of his average annual compensation during the preceding five calendar years. If the Officer's employment agreement is terminated for other than cause without a change of control, he is entitled to a severance payment equal to 150% of his current base salary. For a summary of the payments that would be made upon the termination or resignation of our Officers see "Employment Agreements; Change of Control Agreements and Other Potential Post-Employment Payments" below.

The South Jersey Industries, Inc. 1997 Stock-Based Compensation Plan, as amended and restated effective January 26, 2005 and approved by the shareholders, and the Restricted Stock Agreements to the Named Executives provide the option to the Company that all unvested shares may vest upon a change of control.

Tax Implications

Section 162(m) of the Internal Revenue Code of 1986 limits the deduction allowable for compensation paid to certain of our executive officers up to \$1 million. Qualified performance-based compensation is excluded from this limitation if certain requirements are met. Our policy is generally to preserve the federal income tax deductibility of compensation paid, to the extent feasible. Awards made under the 1997 Stock-Based Compensation Plan to employees are intended to qualify as performance-based compensation and thereby be excluded from the \$1 million limitation. Notwithstanding our policy to preserve the federal income tax deductibility of compensation payments, under certain circumstances the Compensation Committee, in its discretion, may authorize payment, such as salary, bonuses or otherwise, that may cause an executive officer's income to exceed the deductible limits. The Compensation Committee does not anticipate that such compensation will result in the loss of deductibility under Section 162(m).

A participant is eligible for a normal retirement benefit under the SERP after having attained age 60. The normal retirement benefit is based on 2% of the participant’s “final average compensation” multiplied by years of credited service (up to 30 years), plus an additional 5% of final average compensation. “Final average compensation” is the average of the participant’s base pay plus annual incentive for the highest 36 consecutive calendar months out of the final 60 months immediately preceding retirement.

A participant is eligible for an early retirement benefit under the SERP after having attained age 55. A participant’s early retirement benefit equals his or her normal retirement benefit reduced by 2% per year. (Mr. Walker is currently eligible for early retirement.)

The SERP’s normal form of payment is a life annuity with six years guaranteed.

(2) The Retirement Plan for Employees of South Jersey Industries, Inc. (the “plan”) provides benefits to non-bargaining employees who were hired before July 1, 2003. A Participant is eligible for a normal retirement benefit under the plan after having attained age 65. The normal retirement benefit is based on the sum of (a) the Participant’s accrued benefit as of September 30, 1989 increased 5% per year thereafter, and (b) 1.00% of the participant’s “final average compensation” plus 0.35% of the participant’s final average compensation in excess of covered compensation, multiplied by years of credited service after September 30, 1989 (up to 35 years less credited service as of September 30, 1989). “Final average compensation” is the average of the participant’s base pay for the 36 calendar months out of the last 72 calendar months immediately preceding retirement.

A participant is eligible for an early retirement benefit under the plan after having attained age 55 and completed five years of service. A participant's early retirement benefit equals his or her normal retirement benefit reduced by 2% per year prior to age 60.

The plan's normal form of payment is a life annuity with six years guaranteed.

(3) Present values for participants are based on a 6.241% discount rate and RP-2000 mortality projected to 2010 (postretirement only), and no preretirement decrements.

(4) Mr. Renna and Mr. DuBois are not currently eligible for the SERP. The SERP covers officers of South Jersey Industries who have attained age 50. Mr. Renna does not attain age 50 until 2017. Mr. DuBois does not attain age 50 until 2009.

Below is a description of the assumptions that were used in determining the payments in the tables above upon termination as of December 31, 2008:

Retirement

Named Executive retires from the Company upon attaining both 55 years of age and ten years of continuous service with the company.

Change in Control (CIC)

A change in control shall mean any of the following: (1) consummation of any pay or proposal for the merger, liquidation, dissolution or acquisition of SJI or all or substantially all of its assets; (2) election to the Board of Directors of SJI a new majority different from the current slate, unless each such new director stands for election as a management nominee and is elected by shareholders immediately prior to the election of any such new majority; or (3) the acquisition by any person(s) of 20% or more of the stock of SJI having general voting rights in the election of directors.

Cash Compensation

Termination following a Change in Control – The Company shall pay the Named Executives as severance pay an amount equal to 300% of a base amount determined to be the average annual compensation paid to the Named Executives during 2003-2007 as reported on their Forms W-2. The employment agreements require that such severance pay shall be reduced to the largest amount as will result in no payment being subject to the excise tax imposed by Section 4999 of the Internal Revenue Code. The only other parachute payment that would trigger an excise tax upon a change in control is due to the acceleration of unvested restricted stock awards. It is assumed that the one year non-compete agreement which the Named Executives are subject to would mitigate the parachute payments such that no excise tax would be imposed.

Termination for Other than Cause without a Change in Control - The Company shall pay the Named Executive as severance pay an amount equal to 150% of the Named Executive's base salary to be paid out in 18 equal monthly installments.

Equity Compensation

Retirement – Named Executives are entitled to shares under the Restricted Stock Agreement that are reduced by an amount equal to 1/36th of the number of shares to which the Named Executives would otherwise be entitled for each month from the date of Named Executive's retirement through the end of the three-year performance period. The amount for Mr. Walker, who is the only Named Executive eligible for retirement, represents the reduced value of outstanding target shares from the 2007 and 2008 restricted stock awards.

Change in Control – The Company shall provide that the restricted stock awards that are outstanding shall become non-forfeitable. Amounts represent the value of outstanding target shares from the 2007 and 2008 restricted stock awards.

Stock Price – Assumed to be \$39.85 based on the closing price as of December 31, 2008.

Incremental Nonqualified Pension

The present values of accumulated pension benefits under the Retirement Plan for Employees of SJI and the SJI Supplemental Executive Retirement Plan for the Named Executives are disclosed in the Pension Benefits Table section of this proxy disclosure. The payment amounts disclosed in this section represent the amount of the increase under such payments upon any triggering events.

Termination by the Companies Other than for Cause without a Change in Control – For purposes of the Supplemental Executive Retirement Plan (“SERP”), 18 months shall be included as service credit and the severance amount shall be considered in the final average earnings calculation. Mr. Graham, Mr. Kindlick and Mr. Walker are currently eligible to receive a SERP benefit.

Final Average Earnings (“FAE”) – FAE means the average base salary plus annual cash earned for that calendar year for the highest 36 consecutive calendar months of the final 60 months. The FAEs were based on the base salary for 2008, 2007, and 2006 plus the severance pay.

Present Values – 6.24% discount rate and RP-2000 mortality projected to 2010 (postretirement only), and no pre-retirement decrements. Assumes normal form of payment is a life annuity with six years guaranteed.

STOCK PERFORMANCE

The graph below compares the cumulative total return on the Company's Common Stock for the 5- year period ended December 31, 2008 with the cumulative total return on the S&P 500 and the S&P Utility Indexes. The graph assumes that \$100 was invested on December 31, 2003 in the Company's Common Stock, the S&P 500 Index and the S&P Utility Index and that all dividends were reinvested. Standard & Poor's Utility Index is a commonly used indicator of utility common stock performance based on selected gas, electric and telephone companies. For the 5-year period ending December 31, 2008, investors received an 18% annualized total return compared with the -2% and 8% returns from the S&P 500 Index and S&P Utility Index, respectively. The annual growth rate for 2008 for the Company was 14%. This compares with -37% for the S&P 500 and -29% for the S&P Utility Index.

AUDIT COMMITTEE
REPORT

The Audit Committee of the Board of Directors comprises eight directors, each of whom is independent as defined under the listing standards of the New York Stock Exchange and satisfies the additional independence criteria applicable to Audit Committee members. The Board has determined that Helen R. Bosley, Thomas A. Bracken and Sheila Hartnett-Devlin are "audit committee financial experts" as defined by the rules of the Securities and Exchange Commission. The Audit Committee's activities and scope of its responsibilities are set forth in a written charter adopted by the Board. The charter is posted on the Company's website at www.sjindustries.com under the heading "Investors".

In accordance with its charter adopted by the Board of Directors, the Audit Committee, among other things, assists the Board in fulfilling its responsibility for oversight of the quality and integrity of the accounting, auditing and financial reporting practices of the Company. Management has the responsibility for the preparation of the Company's financial statements and for an assessment of the effectiveness of the Company's internal control over financial reporting, and the independent registered public accounting firm has the responsibility for the examination of those financial statements and management's assessment of the effectiveness of the Company's internal control over financial reporting. The Audit

Committee reviewed the audited financial statements of the Company for the fiscal year ended December 31, 2008, and management's assessment of the effectiveness of the Company's internal control over financial reporting with management and with Deloitte & Touche LLP, the Company's independent registered public accounting firm. The Audit Committee discussed with the independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards (SAS) No. 61, "Communication with Audit Committees," as amended by SAS 89 and SAS 90, and Rule 2-07, "Communication with Audit Committees, of Regulation S-X", and by standards of the Public Company Accounting Oversight Board - United States (PCAOB), relating to the conduct of the audit. The Audit Committee also received written disclosures from Deloitte & Touche LLP regarding its independence from the Company that satisfy applicable PCAOB requirements for independent accountant communications with audit committees concerning auditor independence, and has discussed with Deloitte & Touche LLP the independence of that firm.

Based on the above-mentioned review and discussions with management and the independent registered public accounting firm, the Audit Committee recommended to the Board that the Company's audited financial statements and management assessment of the effectiveness of the Company's internal controls over financial reporting be included in its Annual Report on Form 10-K for the fiscal year ended December 31, 2008, for filing with the Securities and Exchange Commission.

Fees Paid to the Independent Registered Public Accounting Firm

As part of its duties, the Audit Committee also considered whether the provision of services other than the audit services by the independent registered public accountants to the Company is compatible with maintaining the accountants' independence. In accordance with its charter, the Audit Committee must pre-approve all services provided by Deloitte & Touche LLP. The Audit Committee discussed these services with the independent registered public accounting firm and Company management to determine that they are permitted under the rules and regulations concerning auditor independence promulgated by the U.S. Securities and Exchange Commission to implement the Sarbanes-Oxley Act of 2002, as well as the American Institute of Certified Public Accountants.

The fees for all services provided by the independent registered public accounting firm to the Company during 2008 and 2007 are as follows:

| | 2008 | 2007 |
|---------------|-----------|------------|
| Audit Fees | | |
| (a) | 988,176 | \$ 914,795 |
| Audit-Related | | |
| Fees (b) | 43,000 | 39,000 |
| Tax Fees (c) | 23,500 | 24,660 |
| Total | 1,054,676 | \$ 978,455 |

(a) Fees for audit services billed or expected to be billed relating to fiscal 2008 and 2007 include audits of the Company's annual financial statements, evaluation and reporting on the effectiveness of the Company's internal controls over financial reporting, reviews of the Company's quarterly financial statements, comfort letters, consents and other services related to Securities and Exchange Commission matters.

(b) Fees for audit-related services provided during fiscal 2008 and 2007 consisted of employee benefit plan audits, transfer agent & registrar audits, and accounting consultations.

(c) Fees for tax services provided during fiscal 2008 and 2007 consisted of tax compliance. Tax compliance services are services rendered based upon facts already in existence or transactions that have already occurred to document, compute, and obtain government approval for amounts to be included in tax filings and Federal, state and local income tax return assistance.

PROPOSAL 2

PROPOSAL TO AMEND THE CERTIFICATE OF INCORPORATION TO DECLASSIFY THE BOARD OF DIRECTORS

The Board of Directors submits an amendment to the Company's Certificate of Incorporation that would establish the annual election of the Company's directors. Under the Company's current system, directors are divided into three classes serving staggered three-year terms. In 2008, individual shareholder Gerald R. Armstrong submitted a proposal calling for the annual election of the Company's Directors. The proposal received support from a majority of the voting shares.

The Board's Governance Committee and the full Board regularly have considered the merits of annually elected and staggered boards, taking a variety of perspectives into account. The Board believes that its staggered system has helped to: 1) assure continuity and stability of the Company's business strategies and policies; 2) improve long term strategic planning and; 3) enhance the Board's ability to protect shareholder value in a potential takeover. However, the Board acknowledges the sentiment of the Company's shareholders in favor of annual elections. As a result, the Board has adopted a resolution, subject to shareholder approval, amending the Seventh Article of the Company's Certificate of Incorporation to eliminate classification of the Board, pursuant to which all directors standing for election would be elected for one-year terms, as described below:

- Directors assigned to Class II and elected at the 2009 Annual Meeting of Shareholders would be elected for a three year term;
- Directors assigned to Class III, who were previously elected at the Company's 2007 Annual Meeting of Shareholders, would stand for election in 2010 and would be elected for a one-year term;

To become effective, the proposal must receive the affirmative vote of at least 80 percent of the outstanding shares entitled to vote. If it receives the required vote, a Certificate of Amendment to the Certificate of Incorporation will be filed with the State of New Jersey and will become effective upon such filing. The proposed amendment to the Company's Certificate of Incorporation is set forth below with deletions indicated by strikeouts and additions indicated by underlining.

If the proposal is not approved by shareholders, the Board will remain classified and all Directors will be elected to three-year terms.

PROPOSED AMENDMENT

SEVENTH: the directors of the corporation shall be elected annually at the Annual Meeting of Shareholders, divided into three classes: Class I, Class II and Class III. Such classes shall be as nearly equal in number as possible. The term of office of the initial Class I directors shall expire at the Annual Meeting of Shareholders in 1984; the term of office of the initial Class II directors shall expire at the Annual Meeting of Shareholders in 1985; and the term of office of the initial Class III directors shall expire at the Annual Meeting of Shareholders in 1986; or in each case thereafter when their respective successors are elected and have qualified or upon their earlier death, resignation or removal. At each annual election held after the initial election of directors according to classes, the directors chosen to succeed those whose terms then expire shall be identified as being of the same class as the directors they succeed and shall be elected for a term expiring at the third succeeding annual meeting of shareholders or in each case thereafter when their respective successors are elected and have qualified or upon their earlier death, resignation or removal. If the number of directors is changed any increase or decrease in directors shall be apportioned among the classes so as to maintain all classes as nearly equal in number as possible.

The Board of Directors recommends a vote FOR this Proposal to Amend the Certificate of Incorporation to Declassify the Board of Directors.

PROPOSAL 3

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee and the Board of Directors, subject to the approval of the shareholders, has reappointed Deloitte & Touche LLP, as the independent registered public accounting firm of the Company for 2009. Unless otherwise directed, proxies will be voted "FOR" approval of this appointment. If the shareholders do not ratify this appointment by the affirmative vote of a majority of the votes cast at the meeting, other auditors will be considered by the Audit Committee.

Deloitte & Touche LLP served as the independent registered public accounting firm of the Company during 2008. During 2008, the audit services performed for the Company consisted of the audits of the financial statements of the Company and its subsidiaries and attestation of management's assessment of internal control, as required by the Sarbanes-Oxley Act of 2002, Section 404 and the preparation of various reports based on those audits, services related to filings with the Securities and Exchange Commission and the New York Stock Exchange, and audits of employee benefit plans as required by the Employee Retirement Income Security Act. A representative of Deloitte & Touche LLP is expected to be present at the Annual Meeting and will have the opportunity to make a statement, if he desires to do so, and to respond to appropriate questions from shareholders.

The Board of Directors recommends a vote "FOR" the ratification of the appointment of the Independent Registered Public Accounting Firm.
