Information Concerning Solicitation and Voting for the Special
General Meeting of the Shareholders (the "Meeting") of Frontline Ltd. to be held on May 8, 2013

The Company's authorised share capital is US\$312,500,000.00 represented by 125,000,000 shares of par value US\$2.50. At March 25, 2013 the Company's issued share capital was 77,858,502 shares of US\$2.50 each and at that date the closing share price of the shares on the New York Stock Exchange was US\$2.14. Under Bermuda law, shares cannot be issued at below par value. In order to provide the Company with the ability to issue additional shares, the Board of Directors proposes that the shareholders approve the reorganisation of the Company's authorised share capital represented by 125,000,000 shares of par value US\$2.50 each into 312,500,000 shares of par value US\$1.00 each (the "Reorganisation"). It is, therefore, proposed that the issued and paid-up share capital of the Company be reduced from US\$194,646,255 to US\$77,858,502 by cancelling the paid-up capital of the Company to the extent of US\$1.50 on each of the issued shares of par value US\$2.50 (the "Capital Reduction").

As part of the proposed Reorganisation, and consequent change to the par value of the Company's issued shares, it will also be necessary to change the par value of the authorised but unissued shares. Therefore, subject to and forthwith upon the Capital Reduction taking effect, there will also be a redesignation of all the 47,141,498 authorised but unissued ordinary shares of the Company having a par value of US\$2.50 each in the Company to 47,141,498 shares of US\$1.00 each.

The final part of the Reorganisation is to increase the authorised share capital of the Company, reduced to US\$125,000,000 by the Capital Reduction, by the creation of 187,500,000 ordinary shares of par value US\$1.00 each, so that the authorised share capital of the Company is restored and going forward shall continue to be US\$312,500,000.

Subject to shareholder approval, the Board of Directors has set the date for the effectiveness of the Capital Reduction and Reorganisation as May 14, 2013. If the Capital Reduction is approved, the par value of each share in issue on the effective date will be reduced to US\$1.00 and the Company's share registers will be amended to reflect this change.

Upon the proposed Capital Reduction becoming effective, there will be no change in the number of issued and paid-up shares held by, or the percentage level of shareholding of each shareholder of the Company ("Shareholder"). The shares of par value US\$1.00 each will rank pari passu in all respects with each other. Other than the expenses incurred in relation to the proposed Capital Reduction, the implementation thereof will not alter the underlying assets, business operations, management or financial position of the Company.

The Company's shares are fully paid and consequently the proposed Capital Reduction will not involve the diminution of any liability in respect of unpaid share capital. It will also not result in a return of any share capital or other assets to Shareholders. The amount of credit arising from the proposed Capital Reduction will be transferred to the additional paid in capital account of the Company.
