The shares of Common Stock beneficially owned by Mr. Knapp were purchased with personal funds in open market purchases and have an aggregate purchase price of \$1,141,314, including brokerage commissions.

Item 4. Purpose of Transaction.

Item 4 is hereby amended to add the following:

The Reporting Persons, who have formed a group known as Mining Investors for Shareholder Value (“MISV”), purchased the Shares based on the Reporting Persons’ belief that the Shares, when purchased, were undervalued and represented an attractive investment opportunity. Depending upon overall market conditions, other investment opportunities available to the Reporting Persons, and the availability of Shares at prices that would make the purchase or sale of Shares desirable, the Reporting Persons may endeavor to increase or decrease their position in the Issuer through, among other things, the purchase or sale of Shares on the open market or in private transactions or otherwise, on such terms and at such times as the Reporting Persons may deem advisable.

MISV may engage in communications with management and the Board of Directors (the “Board”) of the Issuer, engage in discussions with shareholders of the Issuer and others, and make proposals to the Issuer concerning business or strategic alternatives for the Issuer.

MISV is highly concerned about further dilution of shareholders’ effective ownership in the Minera Juanicipio Joint Venture (“Juanicipio JV”), which represents the vast majority of the Issuer’s net asset value. Since the Juanicipio JV’s discovery of the significant Valdecañas vein over six years ago, the Issuer’s shares outstanding have increased by more than 50% due to, in MISV’s view, ill-advised equity offerings and excessive option grants to management and the Board. Moreover, the vast majority of funds raised has been spent on exploration efforts outside of the Juanicipio JV and on high corporate overhead. In the opinion of MISV, the value created by these exploration efforts has been minimal and certainly not worth the 50% increase in shares outstanding. MISV firmly believes that incumbent management and the Board have destroyed net asset value per share and will continue to do so by pursuing the current strategy.

For more than two years, certain of the Reporting Persons have repeatedly stressed to both management and the Board the urgent need to limit dilution of shareholders’ ownership in the Juanicipio JV. While management has not contested the substance of these concerns, their behavior has not changed in any meaningful way. Based on past behavior, MISV believes management will continue to use the value of the Juanicipio JV to raise equity financing and fund exploration outside of the Juanicipio JV and, in so doing, will continue to dilute the value of the Juanicipio JV to the Issuer’s shareholders. Furthermore, as the Issuer is not the majority owner and operator of the Juanicipio JV, the Issuer does not require the personnel or expense structure of a typical mining company. Accordingly, MISV strongly believes the Issuer should reduce its current high level of corporate overhead and option grants to management and the

Board. In evidence of excessive compensation, Institutional Shareholder Services Inc., a leading independent proxy advisory firm, recommended voting against the incumbents' stock option proposal at the Issuer's 2011 annual general meeting.

MISV calls on the Board to refrain from any further value-destructive dilution of shareholders and not to take any action that negatively impacts the Issuer's corporate governance or is otherwise adverse to shareholders' best interests, including, without limitation, lowering the threshold on the Issuer's poison pill, altering the structure of the Board, delaying the annual general meeting of shareholders or adopting other anti-takeover or defensive measures. MISV reminds the Board of their fiduciary duties and intends to hold the Board accountable for any actions that result in further erosion of shareholder value.

CUSIP NO. 55903Q104

No Reporting Person has any present plan or proposal that would relate to or result in any of the matters set forth in subparagraphs (a) - (j) of Item 4 of Schedule 13D except as set forth herein or such as would occur upon or in connection with the completion of, or following, any of the actions discussed herein. The Reporting Persons intend to review their investment in the Issuer on a continuing basis. Depending on various factors including, without limitation, the Issuer's financial position and strategic direction, actions taken by the Board of the Issuer, the price levels of the Shares, conditions in the securities markets and general economic and industry conditions, the Reporting Persons may in the future take such actions with respect to their investment in the Issuer as they deem appropriate including, without limitation, engaging in communications with management and the Board of the Issuer, engaging in discussions with shareholders of the Issuer and others about the Issuer and the Reporting Persons' investment, making proposals to the Issuer concerning changes to the capitalization, ownership structure, board structure (including seeking board representation) or operations of the Issuer, purchasing additional Shares, selling some or all of their Shares, engaging in short selling of or any hedging or similar transaction with respect to the Shares, or changing their intention with respect to any and all matters referred to in Item 4.
