Item 1.01 Entry into a Material Definitive Agreement

and

Section 2 - Financial Information

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant

On June 9, 2006, PPL Electric Utilities Corporation (“PPL Electric”) entered into a \$200 million Second Amended and Restated Five-Year Credit Agreement with Wachovia Bank, National Association, as Administrative Agent and Issuing Lender, and the other Lenders party thereto from time to time (the “Credit Agreement”). Immediately prior to the effectiveness of the amendment and restatement of the Credit Agreement, the term of the credit facility, which was due to expire in 2010, had been extended by one year to 2011.

The Credit Agreement allows for borrowings at market-based rates plus a spread, which is based upon PPL Electric’s senior secured long-term debt rating. The primary purpose of the credit facility is to serve as a credit backstop for PPL Electric’s commercial paper program. In addition, PPL Electric may request the Issuing Lender under the Credit Agreement to issue letters of credit, which issuances reduce available borrowing capacity. PPL Electric will pay customary commitment and letter of credit issuance fees under the Credit Agreement.

The Credit Agreement contains a financial covenant requiring PPL Electric’s debt to total capitalization to not exceed 70% (as calculated pursuant to the Credit Agreement), and various other covenants that are standard for similar credit agreements. Failure to meet the covenants beyond applicable grace periods and certain other events, including the occurrence of a Change of Control (as defined in the Credit Agreement), could result in acceleration of due dates of any borrowings, cash collateralization of outstanding letters of credit and/or termination of the Credit Agreement. The Credit Agreement also contains certain standard representations and warranties that must be made and certain other conditions that must be met for PPL Electric to borrow or to cause the Issuing Lender to issue letters of credit.
