## Section 8 - Other Events

## Item 8.01 Other Events

On September 15, 2008, it was reported that Lehman Brothers Holdings Inc. (“Lehman”) filed for protection under Chapter 11 of the federal Bankruptcy Code in the United States Bankruptcy Court in the Southern District of New York. PPL Corporation (“PPL” or the “Company”), PPL Energy Supply, LLC (“PPL Energy Supply”), and PPL Electric Utilities Corporation (“PPL Electric Utilities”) have certain business relationships with subsidiaries of Lehman. PPL, PPL Energy Supply and PPL Electric Utilities believe the Lehman bankruptcy and the possible resulting effects on subsidiaries of Lehman will not have a material adverse effect on the Company, PPL Energy Supply or PPL Electric Utilities, either individually or collectively.

PPL Energy Supply, through its wholly owned subsidiary, PPL EnergyPlus, LLC (“PPL EnergyPlus”), both markets or brokers the electricity produced by PPL Generation, LLC (also a wholly owned subsidiary of PPL Energy Supply), as well as engaging in energy and fuel trading activities that support PPL Energy Supply’s marketing business. PPL EnergyPlus is counterparty with Lehman Brothers Commodity Services Inc., a subsidiary of Lehman, in wholesale energy marketing and trading transactions. The obligations of Lehman Brothers Commodity Services Inc. are guaranteed by Lehman, and the Lehman bankruptcy filing gives PPL EnergyPlus the right to terminate its transactions with Lehman Brothers Commodity Services, Inc.

As of September 15, 2008, PPL EnergyPlus' direct net exposure to Lehman Brothers Commodity Services Inc., based on our wholesale energy marketing and trading business and existing market prices, was estimated to be less than \$ 2.0 million pre-tax.

PPL Energy Supply and PPL Electric Utilities have aggregate credit facility commitments of \$4.735 billion with various banks, including Lehman Brothers Bank, FSB, a subsidiary of Lehman. As of September 15, 2008, Lehman Brothers Bank, FSB’s total commitment as a lender under these credit facilities was \$185 million. Under the applicable credit facilities, if a lender’s commitment becomes unavailable, the aggregate facility commitment will be reduced to the extent such unavailable portion is not replaced by a new commitment from another lender. PPL, PPL Energy Supply and PPL Electric Utilities do not believe that the potential reduction in available capacity under these credit facilities will have any impact on the registrants' ability to meet their liquidity needs.

| Borrower               | Aggregate Bank Commitments (\$) | Lehman Brothers Bank Commitment (\$) |
|------------------------|---------------------------------|--------------------------------------|
| PPL Energy Supply      | \$4.385 billion                 | \$174.7 million                      |
| PPL Electric Utilities | \$350.0 million                 | \$10.3 million                       |
| <b>TOTAL</b>           | <b>\$4.735 billion</b>          | <b>\$185.0 million</b>               |
