PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

To Be Held on Thursday, May 22, 2003

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Plug Power Inc. (the Company) for use at the Annual Meeting of Stockholders of the Company to be held on Thursday, May 22, 2003, at 10:00 a.m., local time, at the Albany Marriott, 189 Wolf Road, Albany, New York, and any adjournments or postponements thereof (the Annual Meeting).

At the Annual Meeting, the stockholders of the Company will be asked to consider and vote upon the following matters:

1. The election of three Class I Directors, each to hold office until the Company's 2006 annual meeting of stockholders and until such director's successor is duly elected and qualified; and
2. Such other business as may properly come before the Annual Meeting and any adjournments or postponements thereof.

The Notice of Annual Meeting, Proxy Statement and Proxy Card are first being mailed to stockholders of the Company on or about April 14, 2003 in connection with the solicitation of proxies for the Annual Meeting. The Board of Directors has fixed the close of business on March 28, 2003 as the record date for the determination of stockholders entitled to notice of, and to vote at, the Annual Meeting (the Record Date). Only holders of record of the Company's common stock, par value \$.01 per share (Common Stock), at the close of business on the Record Date will be entitled to notice of, and to vote at, the Annual Meeting. As of the Record Date, there were 61,875,385 shares of Common Stock outstanding and entitled to vote at the Annual Meeting and approximately 2,070 stockholders of record. Each holder of Common Stock outstanding as of the close of business on the Record Date will be entitled to one vote for each share held of record with respect to each matter submitted at the Annual Meeting.

Edgar Filing: PLUG POWER INC - Form DEF 14A

The presence, in person or by proxy, of a majority of the total number of outstanding shares of Common Stock entitled to vote is necessary to constitute a quorum for the transaction of business at the Annual Meeting. A quorum being present, the affirmative vote of a plurality of the votes cast is necessary to elect a nominee as a director of the Company.

Shares that reflect abstentions or broker non-votes (i.e., shares represented at the meeting held by brokers or nominees as to which instructions have not been received from the beneficial owners or persons entitled to vote such shares and with respect to which the broker or nominee does not have discretionary voting power to vote such shares) will be counted for purposes of determining whether a quorum is present for the transaction of

business at the meeting. With respect to the election of directors, votes may be cast in favor of or withheld from each nominee; votes that are withheld will be excluded entirely from the vote and will have no effect. Broker non-votes will also have no effect on the outcome of the election of directors.

Stockholders of the Company are requested to complete, date, sign and return the accompanying Proxy Card in the enclosed envelope. Common Stock represented by properly executed proxies received by the Company and not revoked will be voted at the Annual Meeting in accordance with the instructions contained therein. If instructions are not given therein, properly executed proxies will be voted FOR the election of the three nominees of the Board of Directors as Class I Directors of the Company as listed in this Proxy Statement. If other matters are presented, proxies will be voted in accordance with the discretion of the proxy holders.

Any properly completed proxy may be revoked at any time before it is voted on any matter (without, however, affecting any vote taken prior to such revocation) by (1) giving written notice of such revocation to the Corporate Secretary of the Company, (2) signing and duly delivering a proxy bearing a later date, or (3) attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not, by itself, revoke a proxy.

The Annual Report of the Company is being mailed to stockholders of the Company concurrently with this Proxy Statement.

PROPOSAL 1

ELECTION OF DIRECTORS

The number of directors of the Company is fixed at nine and the Board of Directors currently consists of nine members. The Board of Directors is divided into three classes, with three directors in Class I, three directors in Class II and three directors in Class III. Directors serve for three-year terms with one class of directors being elected by the Company's stockholders at each annual meeting of stockholders.

At the Annual Meeting, three Class I Directors will be elected to serve until the annual meeting of stockholders in 2006 and until such directors successors are duly elected and qualified. The Board of Directors has nominated Dr. Roger B. Saillant, Anthony F. Earley, Jr. and Gary K. Willis for re-election as Class I Directors. Unless otherwise specified in the proxy, it is the intention of the persons named in the proxy to vote the shares represented by each properly executed proxy for the re-election of Dr. Roger B. Saillant, Anthony F. Earley, Jr. and Gary K. Willis as directors. The nominees have agreed to stand for re-election and to serve, if elected, as directors. However, if any nominee fails to stand for re-election or is unable to accept election, the proxies will be voted for the election of such other person or persons as the Board of Directors may recommend.

A quorum being present, the affirmative vote of a plurality of the votes cast is necessary to elect a nominee as a director of the Company.

Edgar Filing: PLUG POWER INC - Form DEF 14A

THE BOARD OF DIRECTORS OF THE COMPANY RECOMMENDS A VOTE *FOR* THE ELECTION OF EACH NOMINEE OF THE BOARD OF DIRECTORS AS A DIRECTOR OF THE COMPANY.

COMMITTEES AND MEETINGS OF THE BOARD OF DIRECTORS

The Board of Directors of the Company held seven (7) meetings during the fiscal year ended December 31, 2002 (Fiscal 2002). During Fiscal 2002, each of the incumbent directors attended at least 75% of the total number of meetings of the Board, held during the period such person served as a director, except for Mr. Rice who attended 57% of the total number of meetings of the Board. The Board of Directors has established two standing committees; an Audit Committee (the Audit Committee) and a Compensation Committee (the Compensation Committee).

Audit Committee

The Audit Committee consisted of Messrs. Garberding (Chairman) and Shalikashvili and Anastasia Song, for the period from January 2002 through May 2002, Messrs. Garberding (Chairman) and Shalikashvili for the period June 2002 through September 2002 and Messrs. Garberding (Chairman), Shalikashvili and Grant for the period October 2002 through December 2002.

Audit Committee Report

The Audit Committee of the Board of Directors of the Company is currently composed of three non-employee directors. The Board has made a determination that the members of the Audit Committee satisfy all requirements of the Nasdaq stock market as to independence, financial literacy and experience, except that Mr. Garberding is not independent as defined in Nasdaq Marketplace Rule 4200(a)(14). Mr. Garberding does not meet the independence definition because he was until January 1, 2002, a director of DTE Energy Company and Executive Vice President and Chief Financial Officer of DTE Energy and The Detroit Edison Company. Based on Mr. Garberding's unique combination of extensive financial management, audit and accounting experience and his knowledge and understanding of the Company and its industry, the Board of Directors determined that Mr. Garberding's membership on the Audit Committee was in the best interests of the Company and its stockholders. Effective January 1, 2002, Mr. Garberding resigned all of his positions with DTE Energy and The Detroit Edison Company.

The responsibilities of the Audit Committee are set forth in the Charter of the Audit Committee, which was adopted by the Board of Directors of the Company on April 24, 2000. The Committee, among other matters, is responsible for the annual recommendation of the independent accountants to be appointed by the Board of Directors as the auditors of the Company, and reviews the arrangements for and the results of the auditors' examination of the Company's books and records, auditors' compensation, internal control procedures, and other activities. The Audit Committee also reviews the Company's accounting policies, control systems and compliance activities. The following is a report on the Committee's activities relating to Fiscal 2002.

Review of Audited Financial Statements with Management

Edgar Filing: PLUG POWER INC - Form DEF 14A

The Audit Committee reviewed and discussed the Company's audited financial statements for Fiscal 2002 with the management of the Company, which has primary responsibility for the financial statements. The committee reviewed the Company's procedures regarding its evaluation of financial disclosures including the Company's appointment of a disclosure committee, which is responsible for evaluating the fairness of the Company's financial disclosures.

Review of Financial Statements and Other Matters with Independent Accountant

KPMG LLP, the Company's independent auditor for 2002, is responsible for expressing an opinion on the conformity of the Company's audited financial statements with generally accepted accounting principles. The Audit Committee has discussed with KPMG the matters that are required to be discussed by Statement on Auditing Standards No. 61 (*Communication With Audit Committees*). KPMG has provided to the committee the written disclosures and the letter required by Independence Standards Board Standard No. 1 (*Independence Discussions with Audit Committees*), and the committee discussed with KPMG that firm's independence. The Audit Committee also concluded that KPMG's provision of non-audit services is compatible with KPMG's independence.

Recommendation that Financial Statements be Included in Annual Report

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for Fiscal 2002 for filing with the Securities and Exchange Commission.

Recommend appointment of Independent Auditors

Also based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the Company appoint KPMG LLP as the Company's independent accountants for the year ending December 31, 2003.

Director Compensation

Directors who are employees receive no additional compensation for their services as directors. In October 2002, the Compensation Committee recommended, and the Board of Directors approved, a new Non-Employee Director Compensation Plan (Plan), which became effective and was retroactive to January 1, 2002. In developing its recommendations, the committee was guided by the following goals: compensation should fairly pay directors for work required in a company of this Company's size and scope; compensation should align directors' interests with the long-term interests of stockholders; and the structure of the compensation should be simple, transparent and easy for stockholders to understand.

Compensation: Under the new plan, each non-employee director shall be paid an annual retainer of \$20,000 (\$25,000 for any non-employee Chairman) for their services as directors and an additional annual retainer of \$5,000 (\$10,000 for any non-employee Chairman) for their services as a member of any committee. These additional payments for service on a committee are due to the workload and broad-based responsibilities of the committees.

The total amount of the annual retainers shall be paid in a combination of fifty (50%) percent cash and fifty (50%) percent Plug Power common stock with an option to receive up to one hundred (100%) percent Plug Power common stock, at the election of the non-employee director. All such stock shall be fully vested at the time upon issuance. Non-employee directors are also reimbursed for their direct expenses associated with their attendance at board meetings.

Stock Options: Non-employee directors are also eligible to participate in our 1999 Stock Option and Incentive Plan at the discretion of the full Board of Directors. In accordance with a policy approved by our Board of Directors, upon initial election or appointment to the Board of Directors, new non-employee directors receive non-qualified stock options to purchase 15,000 shares (50,000 shares for any new non-employee Chairman) of Common Stock with an exercise price equal to fair market value on the date of grant and that are fully vested upon grant. Each year of a non-employee director's tenure, the director will receive non-qualified options to purchase 10,000 shares (20,000 shares for any non-employee Chairman), plus non-qualified options to purchase an additional 5,000 shares for a non-employee director serving as chairman of the Audit Committee and non-qualified options to purchase an additional 2,000 shares for a non-employee director serving as chairman of any other committee, including the Compensation Committee. These annual options, with an exercise price equal to fair market value on the date of grant, fully vest on the first anniversary of the date of grant.

Furthermore, the Company is required to continue paying health insurance and other benefits to Dr. Saillant and his eligible family members for the applicable period.

The Company and Mr. Silvestri are parties to an agreement pursuant to which he will receive 100% of his base salary, continuation of employee benefits and vesting of stock options for twelve months if we terminate his employment for any reason. [The following Report of the Compensation Committee of the Board of Directors on Executive Compensation, and the Shareholder Return Performance Graph on page [17] will not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any of the Company's filings under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that the Company specifically incorporates this information by reference, and will not otherwise be deemed filed under such Acts.]

Report of the Compensation Committee of the Board of Directors on Executive Compensation

The Compensation Committee reviews and evaluates individual executive officers and determines the compensation for each executive officer. In general, compensation is designed to attract, retain and motivate a superior executive team, reward individual performance, relate compensation to Company goals and objectives and align the interests of the executive officers with those of the Company's stockholders.

Compensation for the named executive officers during Fiscal 2002 included salary, bonus and incentive awards. Base salary was determined by reviewing the previous levels of base salary, base salaries paid by comparable companies to executives with similar responsibilities, perceived level of individual performance and the overall performance of the Company. No specific weight was given to any of these factors in the evaluation of base salaries because each of these factors was considered significant and the relevance of each varies depending on an officer's responsibilities.

For Fiscal 2002, bonus amounts were based on the named executive officers' specific contributions made during the year toward the Company's goals established at the beginning of the year. Bonus amounts were paid in the fourth quarter of Fiscal 2002. Stock options are also granted to executive officers based upon their specific responsibilities and are granted by the Compensation Committee. The Company did not issue stock options to any of the named executive officers in fiscal 2002. The Compensation Committee believes that the current salary and bonus structure along with stock option grants, which generally vest equally over three or four years, the executive team is properly motivated to achieve the short- and long-term goals of the Company.

Chief Executive Officer's Fiscal 2002 Compensation

The Compensation Committee determined Dr. Saillant's annual base salary and incentives (as described under the caption "Employment Agreements") in accordance with the principles and methods applied to other executive officers at similar companies. As President and Chief Executive Officer of the Company, Dr. Saillant was eligible to participate in the same executive compensation programs available to the Company's other Executive Officers.

During fiscal 2002, Dr. Saillant received an annual base salary of \$300,000. In order to conserve cash resources Dr. Saillant elected to forego a cash bonus in fiscal 2002.

Compliance with Internal Revenue Code Section 162(m)

Edgar Filing: PLUG POWER INC - Form DEF 14A

The Budget Reconciliation Act of 1993 amended the Internal Revenue Code to add Section 162(m), which bars a deduction to any publicly held corporation for compensation paid to a covered employee in excess of \$1 million per year. The Compensation Committee does not believe that this law will impact the Company because the current level of compensation for each of the Company's executive officers is well below the \$1 million

salary limitation. The Compensation Committee will continue to evaluate the impact of such provisions and take such actions as it deems appropriate.
