CALLON PETROLEUM ANNOUNCES RESULTS OF SPECIAL MEETING

Shareholders Overwhelmingly Approve Increase of Authorized Shares

Natchez, MS (January 15, 2014) - Callon Petroleum Company (NYSE: CPE) (“Callon” or the “Company”) announced that at a Special Meeting of Shareholders held today, Callon shareholders overwhelmingly approved an amendment to the Company’s Certificate of Incorporation increasing the number of authorized shares of common stock of the Company from 60 million to 110 million shares. At the Special Meeting, more than 75% of the outstanding shares and more than 83% of the shares cast were voted in favor of the amendment, based on a preliminary tally.

“With this approval, shareholders have indicated a vote of confidence in Callon, its leadership and strategic plan. We thank them for their continued support,” said Fred Callon, Chairman and CEO.

“Callon’s Board and management have built a strong track record of success in the Permian Basin, increasing production levels in excess of 2,000 barrels of oil equivalent per day during 2013 to over 3,500 barrels of oil equivalent per day for the month of December, and adding a second horizontal rig in the third quarter. These accomplishments are a clear reflection of Callon’s operating expertise, prudent capital deployment, and ability to monetize lease acquisitions that have been made. Looking ahead, we expect to drive further increases in both production and reserves through existing opportunities in our portfolio and targeted acquisitions in the Permian Basin. We will remain disciplined in our approach and focused on value creation for all Callon shareholders,” continued Mr. Callon.
