**2003 ANNUAL MEETING OF SHAREHOLDERS**

**MAY 6, 2003**

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of Danaher Corporation, a Delaware corporation (the "Company"), of proxies for use at the 2003 Annual Meeting of Shareholders ("Annual Meeting") to be held at the Mayflower Hotel, 1127 Connecticut Avenue, N.W., Washington, D.C. 20037 on May 6, 2003 at 3:00 p.m., local time, and at any and all adjournments thereof. The Company's principal address is 2099 Pennsylvania Avenue, N.W., Washington, D.C. 20006. The date of mailing of this Proxy Statement is on or about April 4, 2003. The purpose of the meeting is to elect three directors of the Company; to ratify the selection of Ernst & Young LLP as the Company's independent accountant for the year ending December 31, 2003; to approve the Amended and Restated Danaher Corporation & Subsidiaries Executive Deferred Incentive Program; to approve the material terms of the performance goals for incentive compensation to the Company's executive officers; to approve an award of performance shares to the Company's President and Chief Executive Officer; to act upon a shareholder proposal; and to consider and act upon such other business as may properly come before the meeting.

**OUTSTANDING STOCK AND VOTING RIGHTS**

In accordance with the By-laws of the Company, the Board of Directors has fixed the close of business on March 17, 2003 as the record date for determining the shareholders entitled to notice of, and to vote at, the Annual Meeting. Only shareholders of record on that date will be entitled to vote. Proxies will be voted as specified on the proxy card. In the absence of specific instructions, proxies will be voted (1) FOR each of the nominees named herein as directors, or their respective substitutes as may be appointed by the Board of Directors, (2) FOR ratification of the selection of Ernst & Young LLP as the Company's independent accountant for the year ending December 31, 2003, (3) FOR approval of the Amended and Restated Danaher Corporation & Subsidiaries Executive Deferred Incentive Program, (4) FOR approval of the material terms of the performance goals for incentive compensation to the Company's executive officers, (5) FOR approval of an award of performance shares to the Company's President and Chief Executive Officer, (6) AGAINST the shareholder proposal, and (7) in the discretion of the proxy holders on any other matter which properly comes before the meeting. The Board of Directors has selected Steven M. Rales and Mitchell P. Rales to act as proxies with full power of substitution.

Solicitation of proxies may be made personally or by mail, telephone, internet or facsimile by officers and other management employees of the Company, who will receive no additional compensation for their services. The total expense of the solicitation will be borne by the Company and may include reimbursement paid to brokerage firms and others for their expenses in forwarding material regarding the Annual Meeting to beneficial owners.

The only outstanding securities of the Company entitled to vote at the Annual Meeting are shares of Common Stock, \$.01 par value ("Company Common Stock"). As of the close of business on March 17, 2003, the record date for determining the shareholders of the Company entitled to vote at the Annual Meeting, 152,720,522 shares of Company Common Stock were issued and outstanding. Each outstanding share of Company Common Stock entitles the holder to one vote on all matters brought before the Annual Meeting. The quorum necessary to conduct business at

Edgar Filing: DANAHER CORP /DE/ - Form DEF 14A

the Annual Meeting consists of a majority of the issued and outstanding shares of Company Common Stock entitled to vote at the Annual Meeting as of the record date.

## **Table of Contents**

For Proposal 1, the three nominees who receive the most votes will be elected. In the election of directors, each shareholder is entitled to cast one vote for each director to be elected; cumulative voting is not permitted. For each of Proposals 2 and 6, the affirmative vote of the holders of a majority of the shares of Company Common Stock represented and entitled to vote at the Annual Meeting is required for approval. For Proposals 3, 4 and 5, the affirmative vote of a majority of the votes cast on the proposal at the Annual Meeting is required for approval.

If you are a beneficial owner and do not provide the shareholder of record with voting instructions, your shares may constitute broker non-votes. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner.

Abstentions and broker non-votes are counted as present in determining whether the quorum requirement is satisfied. For purpose of Proposals 1, 3, 4 and 5, abstentions and broker non-votes are not considered to be votes cast and do not affect the required vote. For purposes of each of Proposals 2 and 6, broker non-votes are neither counted for purposes of determining the number of affirmative votes required for approval of the particular proposal, nor voted for or against the particular proposal. As a result, as long as a quorum is present, broker non-votes have no effect on the outcome of a vote. For purposes of each of Proposals 2 and 6, abstentions are counted for purposes of determining the minimum number of affirmative votes required for approval of a particular proposal and, accordingly, have the effect of a vote against the particular proposal.

Any person giving a proxy pursuant to this solicitation has the power to revoke it at any time before it is voted. It may be revoked by filing with the Secretary of the Company a written notice of revocation or a duly executed proxy bearing a later date, or it may be revoked by attending the meeting and voting in person. Please note, however, that if your shares are held of record by a broker, bank or other nominee and you wish to revoke your proxy or vote at the meeting, you must follow the instructions provided to you by the record holder and/or obtain from the record holder a proxy issued in your name. Attendance at the meeting will not, by itself, revoke a proxy.

If you and other residents at your mailing address own shares of Company Common Stock in street name, your broker or bank may have sent you a notice that your household will receive only one annual report and proxy statement for each company in which you hold stock through that broker or bank. This practice of sending only one copy of proxy materials is known as householding. This practice is designed to reduce printing and postage costs. Unless you responded that you did not want to participate in householding, you were deemed to have consented to the process. Your broker will send one copy of the Company's annual report and proxy statement to your address. You may revoke your consent to householding at any time by sending your name, the name of your brokerage firm, and your account number to Household Department, 51 Mercedes Way, Edgewood, NY 11717 or telephoning 1-800-542-1061. The revocation of your consent to householding will be effective 30 days after its receipt. If you did not receive an individual copy of this proxy statement or the Company's annual report, the Company will send a copy to you if you address your written request to Danaher Corporation, Attn: Investor Relations, 2099 Pennsylvania Avenue, N.W., Washington, D.C. 20006, or call the Company at 202-828-0850.

The value of unexercised in-the-money options at December 31, 2002 is considered to be the closing price of the Company Common Stock on the New York Stock Exchange on December 31, 2002 (\$65.70 per share) less the per share exercise price, multiplied by the number of shares issuable upon exercise of the option.

**PENSION PLAN DISCLOSURE**

The Danaher Corporation & Subsidiaries Pension Plan is a funded pension plan qualified under Section 401(a) of the Internal Revenue Code of 1986. Substantially all domestic employees are eligible to participate in the plan. Under the plan, the Company credits the account of a participant each month with an amount equal to 3% of the participant's monthly pay. Participants generally vest in 100% of these contributions after five years of continuous service with the Company. While the participant is an active employee, the participant directs the investment of the amounts credited to his or her account from among the investment funds offered under the plan. A participant may receive his or her vested account balance in cash upon termination of employment. Given that the formula for determining the amount of benefits payable to a participant under the plan depends on the amount of the participant's salary until retirement, and upon the performance of the investment funds selected by the participant, it is not possible to accurately estimate the benefits payable at normal retirement age for the named executive officers. As of December 31, 2002, the named executive officers had the following balances in their respective accounts under the plan:

Name	Account Balance

- (2) Danaher Corporation Executive Deferred Incentive Program, referred to as the EDIP .
- (3) The number of securities attributed to the EDIP in column (a) above is equal to (1) the EDIP balance as of December 31, 2002, divided by (2) the closing price of the Company Common Stock as of December 31, 2002. Distributions from the EDIP may be taken, at the election of the participant, in either cash, Company Common Stock or a combination of cash and Company Common Stock.
- (4) If a participant elects to receive their EDIP distribution in shares of Company Common Stock, the participant's EDIP units are converted into shares and distributed to the participant at no additional cost. As such, there is no exercise price for EDIP units.
- (5) There is no specific limitation under the EDIP on the number of shares of Company Common Stock that may be issued upon conversion of units that have been issued, and may be issued in the future, under the EDIP. Under the terms of the amended and restated EDIP described in Proposal 3 below, which shareholders will vote on at the Annual Meeting, the number of shares of Company Common Stock issuable would be limited to 1,000,000 shares.

**Executive Deferred Incentive Program**

As described under Proposal 3: Approval of the Amended and Restated Danaher Corporation & Subsidiaries Executive Deferred Incentive Program, the Compensation and Organization Committee of the Board of Directors has adopted the Amended and Restated Danaher Corporation & Subsidiaries Executive Deferred Incentive Program (the New EDIP ) and has recommended to the Board of Directors that it submit, and the Board of Directors is submitting, this revised plan to shareholders for approval at the Annual Meeting. The summary below describes the terms of the EDIP as currently in effect. If the Company's shareholders approve the New EDIP, the terms of the New EDIP will supersede the terms described below.

The EDIP is a non-qualified, unfunded incentive program. Participation in the EDIP is available to selected executive management associates of the Company and its subsidiaries. Contributions to the program take the form of both voluntary deferrals of salary and/or bonus and Company contributions. Company contributions to the EDIP occur in three-year cycles. The Company credits an amount to the participant's account in the Danaher stock fund (as described below) at the beginning of the three-year cycle, and at the end of the cycle converts one-half of the then-fair market value of such amount to be credited to the fixed rate fund (as described below).

## Edgar Filing: DANAHER CORP /DE/ - Form DEF 14A

Voluntary contributions vest immediately, while Company contributions generally vest 100% upon reaching age 55 after five years of Company service. Participants who were employees of the Company or its subsidiaries as of January 1, 1995 and were participants in the EDIP when it was begun in 1995 immediately vest in 67% of each Company contribution, with the remainder of the contribution vesting 100% upon reaching age 55 after five years of Company service. Subject to certain conditions, participants can also defer under the EDIP gains from the exercise of stock options.

## **Table of Contents**

Two investment alternatives are available under the EDIP: (1) the fixed rate fund, and (2) the Danaher stock fund. Amounts credited to the fixed rate fund appreciate at a rate of return fixed by the Company, which was established at 7% for the three-year cycle that began January 1, 2001. Amounts credited to the Danaher stock fund are deemed to be invested in a number of unfunded, notional units equal to the number of units which would have been credited if such amounts had been invested in the Danaher stock fund included in Danaher's 401(k) plan (the 401(k) Stock Fund). The 401(k) Stock Fund is comprised of a unitized pool of Company Common Stock and cash. The notional units in the EDIP Danaher stock fund appreciate at the same rate of appreciation as the units in the 401(k) Stock Fund.

Distributions from the EDIP occur only upon termination of the participant's employment with the Company. With respect to voluntary contributions to the EDIP, participants make a one-time election between the available investment alternatives.

Distributions from the EDIP may be taken, at the election of the participant, in either cash, Company Common Stock or a combination of cash and Company Common Stock, and cash distributions may be taken in a lump sum or in equal amounts over a two, five or ten year period.

## **COMPENSATION OF DIRECTORS**

Directors who are not officers of the Company receive meeting attendance fees of \$1,000 per board meeting (\$500 for telephonic board meetings), together with quarterly fees of \$6,250. A grant of an option to acquire 2,000 shares of Company Common Stock at \$60.92 per share (fair market value at date of grant) was made to each director in July 2002.

## **EMPLOYMENT CONTRACTS AND TERMINATION OF EMPLOYMENT**

In July 2000, the Company appointed H. Lawrence Culp, Jr. Chief Operating Officer, and in October 2000, the Company and Mr. Culp executed an employment agreement. The employment agreement was amended in November 2001. The major provisions of the agreement include: (i) the term of employment continues until July 18, 2003, unless sooner terminated or extended; (ii) target bonus of 100% of base salary; (iii) an interest-free loan in the amount of \$500,000 that is forgiven ratably through October 13, 2003; (iv) reimbursement for taxes incurred as a result of the terms of the \$500,000 loan; (v) term life insurance in a face amount equal to six times his base salary through age fifty-five, which may decrease thereafter; (vi) reimbursement for certain benefits such as club memberships, tax and financial planning advice, physicals and an automobile allowance; (vii) participation in employee and executive benefit plans and programs; (viii) disability compensation; (ix) a non-competition provision that extends for three years after Mr. Culp's termination of employment; and (x) continuation of salary and bonus payments for 24 months upon a termination of Mr. Culp's employment by the Company without cause, Mr. Culp's resignation for good reason or in the event of a change in control of the Company. The agreement also provides that the term of the agreement is automatically extended for additional one (1) year periods on the second anniversary date of the agreement and each subsequent anniversary date, unless either party provides written notice to the other party not less than ninety (90) days prior to the applicable anniversary date that the party is terminating the agreement, in which case such termination would be effective as of the end of the then-current term. The current term under the agreement extends until July 18, 2004. Mr. Culp's base salary is currently \$900,000. Mr. Culp was appointed President and Chief Executive Officer in May 2001.

Pursuant to the Sarbanes-Oxley Act of 2002, the Company is prohibited from extending or arranging for any new loan to an executive officer or director, or from materially amending or renewing any loan to an executive officer or director that was maintained as of the date the Sarbanes-Oxley Act was enacted. The loan provided to Mr. Culp pursuant to his employment agreement predated enactment of the

Sarbanes-Oxley Act. The largest amount outstanding under this loan at any time during 2002 was \$306,000. \$97,000 of this loan remained

## **Table of Contents**

outstanding as of March 17, 2003. As noted above, the loan is interest-free and is being forgiven ratably through October 13, 2003. In accordance with the Sarbanes-Oxley Act, the Company will not materially modify or renew Mr. Culp's loan and will not provide or arrange for any new loans to any of its executive officers or directors.

In May 2000, the Company entered into an employment arrangement with Mr. Knisely under which he is employed as an Executive Vice President of the Company, received an initial grant of 500,000 options, and is entitled to participate in the Company's employee and executive benefit plans and programs. In March 1996, the Company entered into an employment arrangement with Mr. Simms under which he received initial grants of 200,000 options and 30,000 shares of Company Common Stock (adjusted in each case to reflect the Company's 2-for-1 stock split in 1998) and is entitled to participate in the Company's employee and executive benefit plans and programs. The arrangement also provides that if Mr. Simms is involuntarily terminated for other than malfeasance, he is entitled to one year of base salary and medical and car benefits.

## **COMPENSATION AND ORGANIZATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION**

The members of the Compensation and Organization Committee are A. Emmet Stephenson, Jr., Mortimer M. Caplin, Alan G. Spoon and Donald J. Ehrlich. None of the Company's executive officers serves as a member of the board of directors or executive compensation committee of any entity that has one or more executive officers serving as a member of the Company's Board of Directors. As noted in Certain Relationships and Related Transactions, during 2002 the Company received legal services in the amount of \$1,243 from the firm of Caplin & Drysdale, of which Mr. Caplin, a Director, is a member, and the Company shared the expenses of a joint technology project with the firm of Polaris Venture Partners, of which Mr. Spoon, a Director, is Managing General Partner. The Company's share of the project expenses in 2002 was \$149,205. This joint technology project was terminated in 2002.

Messrs. Steven M. Rales, Mitchell P. Rales and H. Lawrence Culp, Jr. receive a salary set by the Compensation and Organization Committee of the Board of Directors and also serve as directors. However, they do not participate in deliberations regarding their own compensation.

## **REPORT OF THE COMPENSATION AND ORGANIZATION COMMITTEE OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION**

Total executive officer compensation is comprised of three principal components: annual salary, annual incentive compensation, and grants of options to purchase Company Common Stock. The Committee endeavors to establish total compensation packages for each executive officer equal to the value of that executive's services determined by both what other companies have or might pay the executive for his services and his relationship to other executive positions within the Company, as negotiated at the date of hire. This base is then adjusted annually based on the Committee's assessment of individual performance.

A fundamental element of the Company's compensation policy is that a substantial portion of each executive's compensation be directly related to the success of the Company. This is accomplished in two ways. First, the annual incentive compensation program requires that the Company, or the Company's businesses for which the executive is directly responsible, achieve certain minimum targets in earnings level and working capital management (working capital turnover). If performance for the year is below minimum targeted levels, there would be no payment. If the minimum targets are met or exceeded, each executive receives a formula-based payout taking into account the Company's performance and his or her personal contribution thereto.

Second, executives and other key employees who, in the opinion of the Committee, contribute to the growth, development and financial success of the Company are eligible to be awarded options to purchase

## Table of Contents

Company Common Stock. These grants are made at the fair market value on the date of grant normally with vesting over a five year period. In addition to the factors discussed above, the amount of options granted is impacted both by the level of the employee within the Company's management and the amount of options previously granted to the employee. Thus, the compensation value of this element is directly related to the performance of the Company as measured by its returns to shareholders over at least a five year period.

The Committee evaluated each executive's annual incentive compensation awards for 2002. The Committee assessed their performance in light of the targets referenced above and awarded to executives (other than the operating level Group Executives) total incentive compensation payments of \$4,607,000 for 2002. For the years 1998-2002, the Committee established a maximum bonus payment of up to \$2,500,000 per executive. The Company's shareholders approved the performance goals for these periods, which are applicable to all of the Company's executive officers (other than the operating level Group Executives) at the 1998 Annual Meeting.

At a meeting held on December 3, 2002, the Committee approved a new program for awarding incentive compensation to executive officers, including Group Executives, for the years 2003-2007, subject to approval by the Company's shareholders at the 2003 Annual Meeting. This program, differences between the 1998-2002 program and the 2003-2007 program and the reasons for the changes are described under Proposal 4: Approval of Material Terms of Performance Goals for Incentive Compensation to the Company's Executive Officers.

The Committee on March 4, 2003 also adopted certain revisions to the Danaher Corporation & Subsidiaries Executive Deferred Incentive Program, subject to approval by the Company's shareholders at the 2003 Annual Meeting. These revisions are described under Proposal 3: Approval of the Amended and Restated Danaher Corporation & Subsidiaries Executive Deferred Incentive Program.

At another meeting held on March 26, 2003, the Committee approved an award of performance shares to the Company's President and Chief Executive Officer, subject to approval by the Company's shareholders at the 2003 Annual Meeting. The terms and conditions of the award of performance shares are described under Proposal 5: Approval of Award of Performance Shares to the Company's President and Chief Executive Officer.

The Committee has considered the impact of provisions of the federal income tax laws that in certain circumstances disallow compensation deductions in excess of \$1 million for any year with respect to the executive officers named in proxy statements of publicly traded companies. The Securities and Exchange Commission requires compensation committees of public companies to state their compensation policies relative to this \$1 million deduction limit.

In addition, the Committee has designed the program for awarding 2003-2007 incentive compensation to executive officers (including Group Executives) and the award of performance shares to the President and Chief Executive Officer so that such bonuses will comply with an exception to the \$1 million deduction limit for performance-based compensation. Accordingly, the full amount of any such bonus payments for 2003-2007, and the payment of any Company Common Stock to the President and Chief Executive Officer pursuant to the award of performance shares, should be deductible. One of the requirements of this exception is that shareholders approve certain material terms under which the bonus is to be paid. In this regard, the Company's shareholders approved the material terms used for calculating the 1998-2002 bonus awards for the Company's executive officers, other than Group Executives, at the 1998 Annual Meeting.

**STOCK PERFORMANCE CHART**

As part of proxy statement disclosure requirements mandated by the Securities and Exchange Commission, the Company is required to provide a five-year comparison of the cumulative total shareholder return on the Company Common Stock with that of a broad equity market index and either a published industry index or a Company constructed peer group index. This graph is not deemed to be soliciting material or to be filed with the SEC or subject to the SEC's proxy rules or to the liabilities of Section 18 of the Securities Exchange Act of 1934, and the graph shall not be deemed to be incorporated by reference into any prior or subsequent filing by the Company under the Securities Act of 1933 or the Securities Exchange Act of 1934.

The following chart compares the yearly percentage change in the cumulative total shareholder return in the Company Common Stock during the five years ended December 31, 2002 with the cumulative total return on the S&P 500 Index (the equity index) and the S&P Industrial Machinery Index (the peer index). The comparison assumes \$100 was invested on December 31, 1997 in the Company Common Stock and in both of the above indices with reinvestment of dividends. The Company is using the S&P 500 Industrial Machinery Index as the peer index in the stock performance chart, rather than the S&P 500 Manufacturing Index which was used in the proxy statement for the 2002 annual meeting, because the S&P 500 Manufacturing Index is no longer available.

**CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS**

During 2002 the Company received legal services in the amount of \$1,243 from the law firm of Caplin & Drysdale, of which Mr. Caplin, a Director, is a member, and in the amount of \$90,455 from the law firm of Hogan & Hartson, of which Mr. Lohr, a Director, is a partner. The amount of such fees paid by the Company in 2002 was in each case less than five-percent of the firm's, and of the Company's, gross revenues.

During 2002 the Company shared the expenses of a joint technology project with the firm of Polaris Venture Partners, of which Mr. Spoon, a Director, is Managing General Partner. The Company's share of the project expenses in 2002 was \$149,205. This joint technology project was terminated in 2002.

In connection with the employment agreement entered into with Mr. Culp in July 2000, the Company extended a \$500,000 loan to Mr. Culp. For further information, please see the "Employment Contracts and Termination of Employment" section of this proxy statement.

## Table of Contents

In 2000 the Company purchased the motion control businesses of Warner Electric Company. These businesses were purchased from an entity that was controlled by Steven M. Rales and Mitchell P. Rales, the Company's Chairman of the Board and Chairman of the Executive Committee, respectively. The transaction was unanimously recommended by an independent committee of the Company's Board of Directors, who received an opinion from an independent financial advisor as to the fairness of the transaction. Total consideration was approximately \$147 million. In 2002 the Company submitted an indemnity claim to Warner Electric Company pursuant to the terms of the contract with respect to an environmental remediation matter involving approximately \$1 million, in order to take advantage of indemnity rights that Warner Electric may have against a third party with respect to such matter. Such indemnification claim has not yet been resolved.

Colfax Corporation (Colfax), of which Steven M. and Mitchell P. Rales are controlling shareholders, acts as the primary distributor/reseller of the Company's wrap spring clutch product line in Europe. This product line was one of the assets acquired by the Company in connection with its acquisition of the motion control businesses of Warner Electric Group, Inc. in 2000, and the distribution/resale arrangement predates the Company's acquisition of this product line. During 2002, the Company sold approximately \$3.0 million of products to Colfax in connection with this distribution arrangement, at the same discount to list price offered by the Company to other distributors with respect to such product line. In January 2002, the Company entered into a new, three-year agreement with Colfax with respect to the distribution and resale of this product line which essentially extended the existing arrangement between the parties. The Company believes that this is an advantageous distribution arrangement for the Company. The Company also leases from Colfax an office in Richmond, Virginia for one of the Company's officers and reimburses Colfax for the salary of such officer's administrative assistant. The Company paid Colfax a sum of \$72,000 in 2002 under this arrangement.

Each of the Company, on the one hand, and Equity Group Holdings LLC and its affiliates, on the other hand (EGH), leases a plane for business purposes. Each party pays the variable costs of operating its own plane, such as expenses for fuel, landing fees and specific maintenance requirements. In order to achieve efficiencies of scale and reduce costs, the Company and EGH share on a proportionate basis certain fixed expenses related to the operation and maintenance of their respective planes, including expenses related to the compensation of the flight crews that staff the planes, training costs for these flight crews, rental fees for hangar and office space and costs of shared supplies. The Company believes that this cost-sharing arrangement results in lower costs to the Company than if the Company operated its flight department on a stand-alone basis. With respect to the year ended December 31, 2002, EGH reimbursed the Company for its share of such fixed expenses in the amount of approximately \$521,000, which represented one half of the aggregate shared expenses for the period. In addition, each of the Company and EGH occasionally uses the other's plane in the event that the party's own plane is not available for use, for example as a result of maintenance requirements or for training purposes. Under this arrangement, over the course of any given calendar year, each party uses the other's plane for approximately the same amount of flight hours.

In 2002, Equity Group Holdings LLC and its affiliates paid the Company the sum of approximately \$116,000 in full reimbursement for the payment by the Company of all or a portion of the salaries of, and the cost of benefits to, three employees of Equity Group Holdings LLC and its affiliates, and the Company in 2002 also provided office space to these individuals.

**PROPOSAL 3.**

**APPROVAL OF**

**THE AMENDED AND RESTATED DANAHER CORPORATION & SUBSIDIARIES**

**EXECUTIVE DEFERRED INCENTIVE PROGRAM**

The Compensation and Organization Committee of the Board of Directors has approved the Amended and Restated Danaher Corporation & Subsidiaries Executive Deferred Incentive Program, referred to as the New EDIP, and has recommended to the Board of Directors that the New EDIP be, and the Board of Directors has directed that the New EDIP be, submitted to the shareholders for approval. The purpose of the New EDIP is to attract and retain competent executive management associates of the Company and its designated subsidiaries by providing them with flexible compensation arrangements. If approved by shareholders, the New EDIP will become effective on August 1, 2003. The Company may issue shares of Company Common Stock to meet any distribution requirement under the New EDIP, up to 1,000,000 shares, as provided in the New EDIP. If shareholder approval is not obtained, the EDIP as currently in effect will remain in effect and the Company will consider alternatives, if any, for achieving some or all of the terms proposed to be included in the New EDIP. Material terms of the EDIP as currently in effect are set forth in connection with the Equity Compensation Plan Table disclosure above.

**Summary of the New EDIP**

The New EDIP is a non-qualified, unfunded incentive program. The full text of the New EDIP is set forth in Annex A to this Proxy Statement. The following summary of the material features of the New EDIP is qualified in its entirety by reference to the text of the New EDIP.

**Administration**

The New EDIP will be administered by the Company's Corporate Director, Benefits (the Administrator). The Company may remove the Administrator and appoint another individual or committee as Administrator. The Administrator has the power and authority in its sole and absolute discretion to, among other things (1) construe and interpret the New EDIP and make equitable adjustments for any mistakes or errors made in the administration of the New EDIP, including correcting any incorrect allocations to any account, and (2) determine all questions arising in the administration of the New EDIP. The Administrator is also authorized to enforce and administer the New EDIP.

Subject to any required shareholder approval, the Company through its Board of Directors may amend or terminate the New EDIP at any time in accordance with the New EDIP's terms. No amendment or termination of the New EDIP, however, may adversely affect the right to payment of a benefit to which a participant is entitled

## **Table of Contents**

as of the date of such amendment or termination, reduce in the balance in a participant's account or reduce of the percentage of such balance that is vested as of such date, unless such amendment or termination of the New EDIP is reasonably required to comply with applicable law or to preserve the tax treatment of benefits under the New EDIP or is consented to by the affected participant.

Generally, the employees eligible to participate in the New EDIP (numbering approximately 135 persons as of the date of this proxy statement) are executive management associates of the Company and its subsidiaries whom the Administrator selects for participation and who voluntarily elect to participate.

## **Voluntary Deferrals**

Each eligible employee will be provided an opportunity to make an irrevocable deferral election with respect to all or a portion of his or her salary and bonus in a given plan year. Any compensation deferred is withheld from the participant's salary or bonus, as applicable, and credited to the participant's deferral account in the EDIP ( deferral account ).

The Administrator will maintain a deferral account in the name of each participant to record the amounts of salary and bonus deferred. Participants may choose among alternative earnings rates for all or part of their deferral accounts, which alternatives are equal to the earnings rates offered by the investment options offered under the Company's 401(k) plan (except for such investment options as may only be offered under a qualified plan), including an investment option that tracks the market value of Danaher common stock. Under the current EDIP, participants have a choice of two investment alternatives, the fixed rate investment option and the Danaher stock investment option. Because the New EDIP is unfunded, the amounts deferred under the New EDIP will not actually be invested in the investments selected by the participant. Rather, the Administrator will credit (or charge) to the participants' deferral accounts earnings (or losses) on such deferred amounts in an amount equal to the actual rate of return or loss on the selected investments.

No amounts credited to the Danaher stock investment option in any participant's deferral account may be transferred out of the Danaher stock investment option at any time before distribution. Participants who fail to specify an investment election upon filing a deferral election will have their deferred amounts credited to a fixed rate investment option or such other investment option as the Administrator designates.

The Administrator may, in its sole discretion, identify certain participants who may elect to transfer into the participant's rollover account in the New EDIP (the rollover account ) such amount as the Administrator may determine in its sole discretion. Any amounts transferred into a participant's rollover account are treated in substantially the same manner as amounts in a participant's deferral account, including with respect to the right to elect which investment options will apply to such amounts.

## **Company Contributions**

Beginning as of January 1, 2004, Company contributions to the New EDIP will occur in one-year cycles. As of the beginning of each plan year or such later date as of which participation begins, the Administrator will credit to such participant's benefit account in the New EDIP (the benefit account ) an amount equal to the quotient of (1) the product of (a) such participant's base salary and target bonus for such plan year, and (b) a percentage determined by the Administrator and based on the participant's years of participation in the plan, and (2) the closing price of the Company Common Stock as reported on the New York Stock Exchange on the business day immediately preceding the date the credit is made. All Company contributions made to a participant's benefit account will be credited to the Danaher stock investment option, and no amounts so

## Edgar Filing: DANAHER CORP /DE/ - Form DEF 14A

credited to the Danaher stock investment option in any participant's benefit account may be transferred out of the Danaher stock investment option at any time prior to distribution.

As of the last day of each plan year and as soon as administratively possible after such date, the Administrator will also credit to a participant's deferral account such amount as the Administrator may determine.

## **Table of Contents**

in its sole discretion to compensate participants for contributions that the Company would have made under the 401(k) plan or any other qualified plan maintained by the Company, if the participant had not deferred the salary or bonus for such year. Participants must satisfy certain conditions in order to be eligible to have such a make-up amount credited to their deferral account, including but not limited to the requirements that the participant remain eligible to participate in the New EDIP as of the last day of the plan year and that the participant have completed at least one year of service as of July 1 of such plan year.

## **Option Shares Accounts**

A participant may elect before the last day of a plan year to defer any gain realized as a result of any exercise by the participant during the last six months of the next succeeding plan year of any options granted under any Company employee stock option plan (referred to as "options"), or elect before the last day of the sixth month of a plan year to defer any gain realized as a result of any exercise of any options during the first six months of the next succeeding plan year, where "gain" as of any particular time means the difference between the most recent closing price of the Company Common Stock as reported on the New York Stock Exchange, and the exercise price per share of the option. A participant cannot revoke any option gain deferral election. If the participant has made such an election and remains eligible under the New EDIP on the option exercise date, the Administrator will credit the participant's option shares account in the New EDIP (the "option shares account") with a number of notional shares equal to the quotient of the participant's gain from the exercise of the options and the most recent closing price of the Company Common Stock as reported on the New York Stock Exchange. The Administrator will only credit such amounts to the participant's option shares account if (1) the participant delivers to the Administrator shares of Company Common Stock that the participant has held for at least six months with an aggregate value equal to the aggregate exercise price of the options exercised (or proof that the participant owns such shares), plus a check for any federal employment taxes applicable to the deferral of the gain, (2) the participant exercises options for at least 1,000 shares, (3) the participant has not already exercised any options in the same calendar month, and (4) the gain is at least \$25,000.

If the Company pays a dividend on its stock, with respect to each participant who has an option shares account, the Administrator will credit the participant's option shares account with a number of notional shares equal to the quotient of (1) the product of (A) the dividend amount per share of Company Common Stock and (B) the number of notional shares credited to his or her option shares account and (2) the closing price of the Company Common Stock as reported on the New York Stock Exchange on the day immediately preceding the dividend payment date.

## **Danaher Stock Investment Option**

Because the New EDIP is unfunded, amounts credited to the Danaher stock investment option and to the option shares account in the New EDIP will actually be credited with notional shares rather than shares of Company Common Stock. The number of notional shares credited to each participant's account will be equal to the amount to be credited, divided by the closing price of the Company Common Stock as reported on the New York Stock Exchange on the day immediately preceding the date as of which such credit is made. Amounts credited to the Danaher stock investment option in a participant's account have no legal relation to a share of Company Common Stock and, accordingly, no participant who has a balance in the Danaher stock investment option in his or her account will be entitled to any dividend, voting, or other rights of a shareholder of Company Common Stock with respect to the balance in such account.

The number and kind of notional shares deemed credited to the Danaher stock investment option of a participant's account is subject to equitable adjustment in the event of a stock dividend, stock split, share combination, spin-off, reorganization, recapitalization, merger or other transaction involving the Company or its outstanding securities as the Board of Directors determines to be appropriate.

Edgar Filing: DANAHER CORP /DE/ - Form DEF 14A

No amounts credited to the Danaher stock investment option in the New EDIP, whether from voluntary deferrals or Company contributions, may be transferred out of the Danaher stock investment option at any time prior to distribution.

---

**Table of Contents****Vesting**

Participants are at all times fully vested in amounts credited to their deferral accounts, option shares accounts and rollover accounts. With respect to Company contributions to a participant's benefit account, a participant will vest in such amounts as follows. If the participant has both attained age fifty-five and completed at least five years of service with Danaher Corporation or its subsidiaries, the participant's vesting percentage shall be 100%. If the participant does not satisfy the conditions described in the preceding sentence, the participant's vesting percentage, after the participant has completed at least five years of participation in the New EDIP, will be 10% for each year of participation completed beyond such five year period. If a participant has died, the participant's vesting percentage will be 100%. Participants who were employees of the Company or its subsidiaries as of January 1, 1995 and were participants in the EDIP when it was begun in March 1995 (initial participants) vest in the Company contribution in the new EDIP in accordance with the same vesting terms applicable to participants who are not initial participants, except that the initial participant vests immediately in two-thirds of the Company contribution as of the end of the cycle in which such contribution was made. Once the initial participant reaches the date by which his or her vesting percentage under the standard vesting terms would equal or exceed two-thirds of the Company contribution, the participant continues vesting under the standard terms (e.g., after completing twelve years of participation, the participant would be vested in 70% of the Company contribution, after thirteen years of participation the participant would be vested in 80% of the Company contribution, and so on). Notwithstanding the foregoing, if the Administrator determines, in its sole discretion, that the circumstances of and/or surrounding the participant's ceasing to be eligible for the New EDIP constitute gross misconduct on the part of the participant, the Administrator may, in its sole discretion, determine that the participant's vesting percentage with respect to all balances in the participant's benefit account and all earnings on such amounts is 0%.

Under the terms of the current EDIP, Company contributions generally vest 100% once the participant reaches age 55 after five years of Company service, and initial participants immediately vest in 67% of each Company contribution with the remainder of the contribution vesting 100% upon reaching age 55 after five years of Company service.

**Distributions**

Simultaneously with the participant's deferral election and at any other times as the Administrator in its sole discretion may provide each participant may elect or change the timing and form of distribution of the vested balances in his or her New EDIP account. The Administrator may also establish procedures under which an in-service distribution may be made to a participant from such participant's deferral account in the event such participant has an unforeseen emergency.

A participant may elect to receive distributions from his or her New EDIP account (i.e., deferral account, benefit account, rollover account and option shares account) in either a lump sum or, if the participant is 100% vested in the balances in such participant's benefit account, in annual installments over two, five or ten years. Whether a participant elects to receive distributions in a lump sum or in annual installments, he or she may elect to receive his or her distribution in cash, shares of Company Common Stock or a combination of cash and shares of Company Common Stock. Notwithstanding the preceding sentences, all account balances invested in the Danaher stock investment option, and all balances in the participant's option shares account, will be distributed in shares of Company Common Stock. The number of shares of Company Common Stock distributed, if any, will be based on the closing price of the Company Common Stock as reported on the New York Stock Exchange on the business day immediately preceding the date of termination of the participant's employment with the Company and its subsidiaries. If the participant has not filed an election form with the Administrator electing a manner of distribution, the distribution will be paid as a lump sum distribution in cash (except for account balances credited to the Danaher stock investment option and balances in the participant's option shares account, all of which will be distributed in shares of Company Common Stock). With respect to amounts that are not distributed in shares of Company Common Stock, after a participant ceases employment with the Company and prior to distribution, such amounts will be credited to the fixed rate investment option.

## **Table of Contents**

Any shares of Company Common Stock distributed under the New EDIP may come from authorized but unissued shares, authorized and issued shares, treasury shares or a combination of the foregoing. 1,000,000 shares of Company Common Stock are reserved under the New EDIP for this purpose.

In connection with the New EDIP, the Company could enter into a trust agreement with a trustee to hold a trust fund that could become the source of New EDIP benefits as provided in the trust agreement. Benefits under the New EDIP would be paid from the trust or from the general funds of the Company.

The timing of all distributions under the EDIP is subject to the Company's deduction limitations under Section 162(m) of the Internal Revenue Code, which limits deductibility of payments to senior executives. The Administrator may postpone any distribution until a later time to comply with applicable law and Company policy.

If a participant dies before receiving all benefits under the New EDIP, the participant's beneficiaries will receive the remaining benefits as a lump sum distribution in cash and, to the extent of any distribution of amounts that were credited to the Danaher stock investment option or from a participant's option shares account, shares of Company Common Stock. If a participant has validly elected to receive his or her New EDIP distribution in installment payments and dies before receiving all installments, the Administrator may in its sole discretion allow the beneficiary (or spouse or estate, as applicable) of a deceased participant to continue receiving such installment payments rather than receiving such remaining payments as a lump sum. If no beneficiary form is on file, or if the beneficiary dies before payments are completed, payment will be made to his or her spouse, or to his or her estate if he or she has no spouse.

## **Income Tax Matters and Consequences**

Compensation deferred by a participant and Company contributions on behalf of a participant are not includable in the participant's taxable income for the year in which the compensation is deferred and/or the contributions are made. Instead, a participant will recognize the taxable income, and the Company will be entitled to a tax deduction, when amounts are distributed to the participant. A participant will, however, be subject to employment taxes for the year in which the compensation is earned, and, consequently, amounts distributed from the New EDIP are not subject to employment taxes.

The Administrator has the right to deduct applicable taxes and/or withhold amounts required to satisfy withholding obligations from any distribution from the New EDIP. The Administrator may also permit tax and withholding obligations to be satisfied by the transfer to the Company of cash, shares of Company Common Stock or other property.

## **Other Terms of the New EDIP**

No participant or beneficiary of a participant has any right to assign, pledge, hypothecate, anticipate or in any other way create a lien on any amounts payable under the New EDIP. No amounts payable under the New EDIP are subject to assignment or transfer or are otherwise alienable, either by voluntary or involuntary act, or by operation of law, or subject to attachment, execution, garnishment, sequestration or other seizure under any legal, equitable or other process or available in any way for the debts or defaults of participants and their beneficiaries.

**Transition from the Old EDIP**

If the Company's shareholders approve the New EDIP, it will take effect as of August 1, 2003. The terms of the New EDIP address how the transition from the EDIP structure to the New EDIP structure will occur.

**Table of Contents**

During the period from August 1, 2003 through August 31, 2003, in order to transition to the new deferral account investment options offered to participants under the New EDIP, a participant may elect to reallocate the amounts in his or her deferral account among the new investment options. If a participant does not make such an election, the amounts in his or her deferral account will continue to be allocated in accordance with the participant's initial election. A participant's reallocation election will be made effective as soon as administratively possible following August 31, 2003.

The New EDIP also provides that the Company will continue the current, three-year Company contribution cycle on largely the same terms as it operates under the EDIP until such current cycle ends on December 31, 2003. As of January 1, 2001, the Company credited to the Danaher stock investment option of each participant's benefit account a specified amount. As of December 31, 2003, such amount will be valued based on the closing price of the Company Common Stock as reported on the New York Stock Exchange on the business day preceding such date. An amount equal to one-half of such value will be credited to the fixed rate investment option in the participant's benefit account, and a corresponding amount will be debited from the amount credited to the Danaher stock investment option in the participant's benefit account. Among the other changes described above, beginning as of January 1, 2004, the Company contribution cycle will become a one-year cycle and the Company contribution to a participant's benefit account will no longer be split at the end of the cycle between the Danaher stock investment option and the fixed rate investment option.

**New Plan Benefits**

Benefits to be awarded in 2003 and future years under the New EDIP are not determinable because such benefits depend upon the amount that the Company may contribute to each employee as a Company contribution, which depends upon factors such as the participant's base salary and target annual bonus in a given year. The following table sets forth the benefits or amounts that would have been allocated in 2002 to the individuals and groups of individuals described below, had those individuals elected to participate in full in the New EDIP in accordance with the terms of the New EDIP. The information below is based on the participants in the EDIP as of March 1, 2003, the base salaries and target annual bonuses in effect for such participants as of December 31, 2002, and the closing price of the Company Common Stock as reported on the New York Stock Exchange on December 31, 2001, which was \$60.31 per share. The table below does not take into account any compensation a participant could have elected to voluntarily defer into the New EDIP. Directors who are not executive officers are not eligible to participate in the EDIP.

**PROPOSAL 4.**

**APPROVAL OF MATERIAL TERMS OF PERFORMANCE GOALS FOR INCENTIVE COMPENSATION TO THE COMPANY'S EXECUTIVE OFFICERS**

The Company intends that the full amount of bonus payments that may be made to the Company's executive officers for each of the five years beginning with 2003 be performance-based compensation within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code). Section 162(m) of the Code generally limits to \$1 million the amount that a publicly held corporation is allowed each year to deduct for the compensation paid to each of the corporation's chief executive officer and four most highly compensated executive officers other than the chief executive officer. However, qualified performance-based compensation is not subject to the \$1 million deduction limit. Qualified performance-based compensation is compensation that satisfies the following requirements:

the performance goals are determined by a compensation committee of the board of directors comprised solely of two or more outside directors;

the material terms of the performance goals under which the compensation is to be paid are disclosed to shareholders and approved by a majority of the shareholder vote; and

the compensation committee certifies that the performance goals and other material terms were in fact satisfied before the compensation is paid.

In order to ensure that the full amount of bonus payments that may be made to the Company's executive officers for each of the five years beginning with 2003 is deductible for federal income tax purposes, the material terms of the performance goals under which such bonuses are to be paid are described below (the 2003 Incentive Plan) and the shareholders are being asked to approve the 2003 Incentive Plan. The full text of the 2003 Incentive Plan is set forth in Annex B to this Proxy Statement, and the following summary of the 2003 Incentive Plan is qualified in its entirety by reference to such text. Payment of bonuses pursuant to the 2003 Incentive Plan is conditioned upon and subject to approval of the 2003 Incentive Plan by the shareholders of the Company. If the Company's shareholders approve the 2003 Incentive Plan, the Plan will be administered by the Compensation and Organization Committee of the Board of Directors, which is comprised of three members who are outside directors within the meaning of Section 162(m) of the Code and the regulations thereunder. The Compensation and Organization Committee will interpret the provisions of the 2003 Incentive Plan, and will be responsible for determining whether the performance goals and other material terms set forth in the 2003 Incentive Plan have been satisfied.

## Edgar Filing: DANAHER CORP /DE/ - Form DEF 14A

The maximum bonus payable to any executive officer will not exceed \$5 million, and will be determined under the following formula. With respect to a given calendar year, the maximum bonus payable to a particular officer is equal to the product of the following three components: (1) the participant's base salary for such year, (2) the Performance Percentage (as defined below) for such year, and (3) 300% (in the case of the President), 150% (in the case of an Executive Vice President), or 100% (in the case of any other Vice President). The Performance Percentage for a given calendar year is equal to 90% (a) plus the EPS Factor (as defined below), if the EPS Factor is positive, or (b) minus the EPS Factor, if the EPS Factor is negative. The EPS Factor for a given year equals the product of (A) the higher of (i) the percentage increase or decrease in diluted earnings per share (excluding material items deemed by the Compensation and Organization Committee to be extraordinary or non-

## **Table of Contents**

recurring) for the Company for such year compared to the preceding calendar year, and (ii) the cumulative percentage increase or decrease in diluted earnings per share (excluding material items deemed by the Compensation and Organization Committee to be extraordinary or non-recurring) for the Company for all completed fiscal years following 2002, compared to 2002, and (B) four if the percentage change described in (A) above is positive, or two if the percentage change described in (A) above is negative. Notwithstanding the above, the Performance Percentage for a given calendar year is zero if the diluted earnings per share (excluding material items deemed by the Compensation and Organization Committee to be extraordinary or non-recurring) for the Company for such year decline by more than 15% from the preceding calendar year.

The 2003 Incentive Plan contains certain changes compared to the terms of the performance goals approved by the Company's shareholders in 1998 (the 1998 Incentive Plan):

Under the 1998 Incentive Plan, the percentage multipliers (applied to the product of base salary and Performance Percentage) were 150% for the President, 90% for any Senior Vice President and 75% for any other Vice President. The increases in these percentages under the 2003 Incentive Plan, as described in clause (3) of the preceding paragraph, would give the Committee more flexibility to reward superior performance with cash bonuses, in light of proposed accounting changes that could make stock options a less desirable mode of executive compensation.

Under the 1998 Incentive Plan, the multiplier applied to the change in earnings per share was three if the applicable change in earnings per share was an increase, whereas under the 2003 Incentive Plan such multiplier would be four. The proposed change reflects the belief that in a low inflation environment, earnings per share increases will be more difficult to achieve and therefore any such increases should be appropriately rewarded.

Under the 1998 Incentive Plan, the percentage increase or decrease in earnings per share was determined by comparison to the preceding calendar year, whereas under the 2003 Incentive Plan the percentage increase or decrease in earnings per share would be determined by comparison to the preceding calendar year or on a cumulative basis from 2002, whichever calculation would yield a higher percentage. In addition, under the 1998 Incentive Plan the Performance Percentage was deemed to be zero if earnings per share declined by more than 10% from the applicable comparison period, whereas under the 2003 Incentive Plan the equivalent percentage would be 15%. Pursuant to the recently adopted SFAS No. 142, the Company could be required to record significant impairment charges in a given year as a result of changes in market values. The proposed formula changes described in this bullet are designed to mitigate the impact that a significant impairment charge in a given year would have on a bonus calculation under this formula.

Under the 1998 Incentive Plan, the maximum bonus payable to any executive officer could not exceed \$2.5 million, whereas under the 2003 Incentive Plan that limit would be increased to \$5 million. The proposed change is intended to reflect the growth of the Company since 1998, when the 1998 Incentive Plan was adopted.

The Compensation and Organization Committee reserves the right, in its sole and absolute discretion, not to award any bonus to the executive officers or to award any of them a bonus of less than the maximum amount determined in accordance with the formula described above.

## **New Plan Benefits**

No benefits or amounts have been awarded or received under the 2003 Incentive Plan. Because the amounts to be awarded under the 2003 Incentive Plan are based on the actual performance of Danaher and Danaher's future performance cannot be easily predicted, awards cannot be determined at this time. See Summary Compensation Table above for information about awards made under the 1998 Incentive Plan with respect to fiscal years 2002, 2001 and 2000.

**PROPOSAL 5.**

**APPROVAL OF AWARD OF PERFORMANCE SHARES TO  
THE COMPANY'S PRESIDENT AND CHIEF EXECUTIVE OFFICER**

The Compensation and Organization Committee of the Board of Directors of the Company has approved an award to the Company's President and Chief Executive Officer of the right to receive 388,600 shares of Company Common Stock upon the satisfaction of certain conditions, as described in more detail below (the performance shares award), and has recommended to the Board of Directors, and the Board of Directors has directed, that this performance shares award be submitted to the Company's shareholders for their approval at the Annual Meeting. The performance shares award is subject to approval by the affirmative vote of a majority of the votes cast on the proposal at the Annual Meeting. Such shares may be awarded from either authorized and unissued shares or treasury shares. The performance shares award does not apply to any other officer or director. The full text of the performance shares award is set forth in Annex C to this Proxy Statement. The following summary of the material features of the performance shares award is qualified in its entirety by reference to the text of the performance shares award.

In order to ensure that the performance shares award is considered performance-based compensation within the meaning of Section 162(m) of the Code and is therefore deductible for federal income tax purposes, the material terms of the performance shares award are described below and the shareholders are being asked to approve the performance shares award. For a discussion of the provisions of Section 162(m) of the Code, please refer to Proposal 4: Approval of Material Terms of Performance Goals for Incentive Compensation to the Company's Executive Officers above. The performance shares award is conditioned upon and subject to approval by the shareholders of the Company. If the Company's shareholders approve the performance shares award, the Compensation and Organization Committee will be responsible for administering the award and determining whether the performance goals and other material terms of the award have been satisfied.

The primary purposes of the performance shares award are to help retain Mr. Culp in the employ of the Company and to reward Mr. Culp based on the Company's long-term performance. To this end, the award provides that the Company will grant to Mr. Culp 388,600 shares of Company Common Stock on January 2, 2010 if (1) Mr. Culp remains employed as Chief Executive Officer of the Company on December 1, 2009, (2) the Company has completed four consecutive calendar quarters, beginning after March 31, 2003, in which the Company's total diluted earnings per share (exclusive of (A) amounts that are required under generally accepted accounting principles to be reported separately as extraordinary or non-recurring items, and (B) the impact of changes in methods of accounting after March 31, 2003 and amounts related to discontinued operations) (EPS) exceeds the total EPS for the four calendar quarters ending March 31, 2003 by at least 10%, and (3) the Compensation and Organization Committee has certified that the performance objective described in (2) above has been attained. Whether or not the conditions described in the preceding sentence are met, if prior to December 1, 2009 (a) a change of control (as defined in Mr. Culp's employment agreement) occurs, 100% of the shares of Company Common Stock subject to the performance shares award will vest and be paid out sufficiently prior to the date of such change of control to allow Mr. Culp to participate in the change of control in respect of such Company Common Stock or (b) Mr. Culp dies or is terminated on account of Disability (as defined in Mr. Culp's employment agreement), a number of shares of Company Common Stock equal to the product of (i) 64,766 and (ii) the number of whole years from March 26, 2003 through the date

of death or termination will vest and be paid out promptly following such death or termination.

In the event of any recapitalization, reorganization, merger, consolidation, combination, exchange of securities, stock split, spin-off, split-up, liquidation, dissolution or other comparable transaction or event involving the Company or any distribution in respect of Company securities other than an ordinary course cash dividend, the shares represented by the award will be adjusted to the extent appropriate to avoid dilution or enlargement of the economic opportunity and value represented by the award.

During the period preceding the date on which shares of Company Common Stock are granted pursuant to the performance shares award, Mr. Culp will not have any shareholder rights with respect to such shares of Company Common Stock. The performance shares award will terminate when all of the Company Common Stock authorized for award thereunder has been issued, or when Mr. Culp has forfeited his right to the award under its terms and conditions. The Board of Directors or the Compensation and Organization Committee may amend, suspend or terminate the performance shares award at any time without the approval of the Company shareholders, except that (1) amendments for which shareholder approval would be required to retain the benefits of Section 162(m) of the Code will require such approval, and (2) any amendment, suspension or termination of the performance shares award which has any adverse effect on Mr. Culp will require his prior written approval.

**New Plan Benefits**

The following table describes the number of shares that will be distributed to Mr. Culp under the performance shares award. No other directors, officers or employees of the Company will receive any shares of Company Common Stock in connection with this award.

**PROPOSAL 6.****SHAREHOLDER PROPOSAL**

Certain Company shareholders have notified the Company that they intend to present the following proposal for consideration at the Annual Meeting. The names, addresses and number of shares held by such shareholders are available from the Company upon request to the Secretary of the Company. In accordance with applicable proxy regulations, the proposed resolution and supporting statement, for which the Company accepts no responsibility, is set forth below.

**WHEREAS:**

We believe that board diversity is not a social imperative, but a strategic one. Diversified boards promote better understanding of the market place and this understanding can lead to increase revenues and profitability.

We believe board diversity enhances shareholder value. A growing body of academic research shows that there is a significant positive relationship between the percentage of women or minorities on boards and firm value. This is a view strongly supported by Connecticut State Treasurer Denise L. Nappier, principal fiduciary of the \$18 billion Connecticut Retirement Plans and Trust Fund, who believes that shareholder value and corporate bottom lines are enhanced by an independent and diverse board.

## **Table of Contents**

We believe diversity provides for more effective problem solving and decision making and even high caliber boards can suffer from group think if not infused with different perspectives.

We believe that boards that look more like the workforce can help dispel negative stereotypes and catalyze efforts to recruit, retain, and promote the best people including women and minorities.

We believe board diversity is a growing focal point for social investors, who now account for one in eight dollars invested. Increasingly, all-white all-male boards are viewed negatively by these investors which may diminish your attractiveness to any important investor community. For example, TIAA-CREF, an institutional investor with over \$270 billion in assets under management has issued a set of corporate governance guidelines which include a call for diversity of directors by experience, sex and race .

We believe that the Board of Directors or its Nominating Committee should take every reasonable step to ensure that women and minorities are a routine part of *every* board search the company undertakes.

## **BE IT RESOLVED:**

That the board of directors, or its Nominating Committee, in its search for suitable board candidates, make a greater effort to search for qualified women and minority candidates for nomination to the Board of Directors. To that end, we request that the company provide to shareholders, at reasonable expense, four months from the date of the 2003 annual meeting, a report that includes a description of:

1. The company's efforts to encourage diversified representation on the board.
2. A description of the criteria for selecting board candidates.
3. A description of the process used to select board nominees.
4. A description of the process used to select the board's nominating committee members.

## **COMPANY'S STATEMENT IN OPPOSITION**

The Company agrees with the merits of achieving diversity in all aspects of the Company's governance and operations, and the Company has and expects to continue to strive to promote diversity throughout the Company. It is the Company's policy and practice to recruit, hire, train, promote, compensate and provide all other conditions of employment without regard to race, color, creed, gender, age, religion, national origin, sexual orientation or physical limitations.

Just as the Company's employment decisions are based on operating needs, the principal criteria in selecting an individual for Board membership are the individual's qualifications, experience and the ability to contribute to the enhancement of shareholder value without regard to gender, minority or other status. The Board believes that this approach, rather than a narrower approach that focuses on a candidate's gender or race, best serves the Company and its shareholders. The proponents of this proposal cite a belief that companies with diversified boards have better stock market records. As of December 31, 2002, the Company had exceeded the performance of the S&P 500 index over the past one, three, five and ten year periods with a compounded annual return over ten years of approximately 26.26% compared to a compounded annual return of approximately 9.33% for the S&P 500 index over the same period.

The shareholder proposal would require the Board of Directors to prepare and provide to shareholders a report within four months after the Annual Meeting. The Company regularly reports to shareholders on the composition of the Board, including their experience and qualifications for serving on the Board, through its annual proxy statement. The Board of Directors believes that this proposal would involve substantial cost in time and effort without any commensurate benefit and would, therefore, be detrimental to the best interests of the Company and its shareholders.

**SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE**

Section 16(a) of the Exchange Act requires our officers and directors, and persons who own more than 10% of a registered class of our equity securities, to file reports of ownership and changes in ownership with the SEC and the New York Stock Exchange. Officers, directors and greater-than-10% shareholders are required by SEC regulations to furnish us with copies of all reports they file pursuant to Section 16(a).

Based solely on a review of the copies of such reports furnished to us, or written representations from certain reporting persons that no other reports were required for those persons, we believe that, during the year ended December 31, 2002, all Section 16(a) filing requirements applicable to our officers, directors and greater-than-10% shareholders were satisfied, except for certain phantom stock unit allocations made on behalf of executive officers under the EDIP from time to time from 1996 to 2002 as described below, which were not filed on a timely basis due to administrative oversight regarding the reporting of phantom stock transactions under Section 16. Mr. Allender was late in filing five Form 5s with respect to eight reportable series of phantom stock transactions, Mr. Butler was late in filing three Form 5s with respect to five reportable series of phantom stock transactions, Mr. Comas was late in filing four Form 5s with respect to four reportable phantom stock transactions, Mr. Culp was late in filing six Form 5s with respect to nine reportable series of phantom stock transactions, Mr. Ditkoff was late in filing six Form 5s and two Form 4s with respect to ten reportable series of phantom stock transactions, Mr. Knisely was late in filing one Form 5 with respect to one reportable phantom stock transaction, Mr. Longo was late in filing five Form 5s with respect to nine reportable series of phantom stock transactions, Mr. McMahon was late in filing three Form 5s and two Form 4s with respect to five reportable series of phantom stock transactions, Mr. Pryor was late in filing two Form 5s with respect to two reportable phantom stock transactions, Mr. Simms was late in filing five Form 5s with respect to seven reportable series of phantom stock transactions, and Mr. Jeffrey Svoboda was late in filing one Form 5 with respect to one reportable series of phantom stock transactions. These transactions have all been reported in Form 5 reports filed on February 14, 2003.

The Audit Committee has considered whether the services rendered by the independent auditors with respect to the foregoing fees are compatible with maintaining their independence and has concluded that such services do not impair their independence.

On May 28, 2002, the Company dismissed Arthur Andersen LLP as its independent accountant and determined to engage Ernst & Young LLP as its new independent accountant. The change in independent accountant became effective May 28, 2002. The decision to dismiss Arthur Andersen and to engage Ernst & Young was recommended by the Company's Audit Committee and approved by the Company's Board of Directors.

Arthur Andersen's reports on the Company's financial statements for the years ended December 31, 2000 and 2001 did not contain an adverse opinion or a disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope, or accounting principles. During the years ended December 31, 2000 and 2001 and through May 28, 2002, there were no reportable events (as defined in Item 304(a)(1)(v) of Regulation S-K promulgated by the SEC). In connection with the Company's audits for the years ended December 31, 2000 and 2001 and through May 28, 2002, there were no disagreements with Arthur Andersen on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of such accountant, would have caused it to make reference to the subject matter of the disagreement in connection with its report. The Company provided Arthur Andersen with a copy of the foregoing disclosures regarding Arthur Andersen in advance of the day that these disclosures were filed by the Company with the SEC. Attached as Exhibit 16.1 to the Current Report on Form 8-K of the Company filed on May 29, 2002 is a copy of Arthur Andersen's letter, dated May 29, 2002, stating its agreement with such statements.

A Participant may change his or her or her Beneficiary designation from time to time by filing a new form with the Administrator. No such Beneficiary designation shall be effective unless and until the Participant has properly filed the completed form with the Administrator, and a Beneficiary designation form that designates the spouse of a Participant as his Beneficiary (whether or not any other Beneficiary is also designated) shall be void with respect to the designation of the spouse upon the divorce of the Participant and the spouse with the result that the Participant's former spouse shall not be a Beneficiary unless the Participant files a new form with the Administrator and designates his or her former spouse as a Beneficiary.

If a deceased Participant is not survived by a designated Beneficiary or if no Beneficiary was effectively designated, upon the Participant's death, any benefit to which the Participant was then entitled shall be paid in a lump-sum distribution in cash to the Participant's spouse and, if there is no spouse, to the Participant's estate. If special circumstances require an extension of time for deciding a claim, the Administrator shall notify the claimant in writing thereof within such ninety (90)-day period and shall specify the date a decision on the claim shall be made, which shall not be more than one hundred eighty (180) days after the date that the Administrator received the claim. Then, the Administrator shall furnish any denial notice on the claim by the later date so specified.

(b) **Appeal Procedure.** A claimant or his or her duly authorized representative shall have the right to file a written request for review of a claim denial within sixty (60) days after receipt of the denial, to review pertinent documents, records and other information relevant to his or her claim without charge (including items used in the determination, even if not relied upon in making the final determination and items demonstrating consistent application and compliance with this Plan's administrative processes and safeguards), and to submit comments, documents, records, and other information relating to the claim, even if the information was not submitted or considered in the initial determination.

(c) Decision Upon Appeal. In considering an appeal made in accordance with Subsection (b) above, the Administrator shall review and consider any written comments, documents, records, and other information relating to the claim, even if the information was not submitted or considered in the initial determination by the claimant or his or her duly authorized representative. The claimant or his or her representative shall not be entitled to appear in person before any representative of the Administrator.

The Administrator shall issue a written decision on an appeal within sixty (60) days after the date the Administrator receives the appeal together with any written comments relating thereto. If special circumstances

require an extension of time for a decision on an appeal, the Administrator shall notify the claimant in writing thereof within such sixty (60)-day period. Then, the Administrator shall furnish a written decision on the appeal as soon as possible but no later than one hundred twenty (120) days after the date that the Administrator received the appeal. The decision on the appeal shall be written in a manner calculated to be understood by the claimant and shall include specific references to the pertinent Plan provisions on which the decision is based. If the claimant loses on appeal, the decision shall include the following information provided in a manner calculated to be understood by the claimant: (1) the specific reason(s) for the adverse determination; (2) reference to the specific Plan provisions on which the determination is based; (3) a statement of the claimant's right to receive at no cost information and copies of documents relevant to the claim, even if such information was not relied upon in making determinations; and (4) a statement of the claimant's rights to sue under ERISA.

### 5.5 Status, Responsibilities, Authority and Immunity of Administrator.

(a) Appointment and Status of Administrator. The Plan Sponsor shall appoint the Administrator. The Plan Sponsor may remove the Administrator and appoint another Administrator or, if the Administrator is a committee, the Plan Sponsor may remove any or all members of the committee and appoint new members. The Administrator shall be the administrator of the Plan, as such term shall be defined in Section 3(16)(A) of ERISA.

(b) Responsibilities and Discretionary Authority. The Administrator shall have absolute and exclusive discretion to manage the Plan and to determine all issues and questions arising in the administration, interpretation, and application of the Plan and the Trust Agreement, including, but not limited to, issues and questions relating to a Participant's eligibility for Plan benefits and to the nature, amount, conditions, and duration of any Plan benefits. Furthermore, the Administrator shall have absolute and exclusive discretion to formulate and to adopt any and all standards for use in calculations required in connection with the Plan and rules, regulations, and procedures that he or she deems necessary or desirable to effectuate the terms of the Plan; provided, however, that the Administrator shall not adopt a rule, regulation, or procedure that shall conflict with this Plan or the Trust Agreement. Subject to the terms of any applicable contract or agreement, any interpretation or application of this Plan or the Trust Agreement by the Administrator, or any rules, regulations, and procedures duly adopted by the Administrator, shall be final and binding upon Employees, Participants, Beneficiaries, and any and all other persons dealing with the Plan.

(c) Delegation of Authority and Reliance on Agents. The Administrator may, in his or her discretion, allocate ministerial duties and responsibilities for the operation and administration of the Plan to one or more persons, who may or may not be Employees, and employ or retain one or more persons, including accountants and attorneys, to render advice with regard to any responsibility of the Administrator.

(d) Reliance on Documents. The Administrator shall incur no liability in relying on or acting upon any instrument, application, notice, request, letter, or other paper or document believed by the Administrator to be genuine, to contain a true statement of facts, and to have been executed or sent by the proper person.

(e) Immunity and Indemnification of Administrator. The Administrator shall not be liable for any of his or her acts or omissions, or the acts or omissions of any employee or agent authorized or retained pursuant to Subsection (c) above by the Administrator, except any act of the Administrator or any such person as constitutes gross negligence or willful misconduct. The Plan Sponsor shall indemnify the Administrator, to the fullest extent permitted by law, if the Administrator is ever made a party or is threatened to be made a party to any threatened, pending, or completed action, suit, claim, or proceeding, whether civil, criminal, administrative, or investigative (including, but not limited to, any action by or in the right of the Plan Sponsor), by reason of the fact that the Administrator is or was, or relating to the Administrator's actions as, the Administrator, against any expenses (including attorneys' fees), judgments, fines, and amounts paid in settlement that the Administrator incurs as a result of, or in connection with, such action, suit, claim, or proceeding, provided that the Administrator had no reasonable cause to believe that his or her conduct was unlawful.

5.6 Enrollment, Deferral Election and Other Procedures. The Administrator shall adopt and may amend procedures to be followed by Eligible Employees and Participants in electing to participate in this Plan, in electing to have Bonus Deferral Amounts and Salary Deferral Amounts made on their behalf, in selecting a form of distribution of any Distributable Amount, and in taking any other actions required thereby under this Plan.

5.7 Correction of Prior Incorrect Allocations. Notwithstanding any other provisions of this Plan, in the event that an adjustment to a Performance Shares Account, Benefit Account, Deferral Account, Option Shares Account, Rollover Account, or Distribution Account shall be required to correct an incorrect allocation to such account, the Administrator shall take such actions as he or she deems, in his or her sole discretion, to be necessary or desirable to correct such prior incorrect allocation.

5.8 Facility of Payment. If the Administrator shall determine that a Participant or the Beneficiary of a deceased Participant to whom a benefit is payable is unable to care for his or her affairs because of illness, accident or other incapacity, the Administrator may, in his or her discretion, direct that any payment otherwise due to the Participant or Beneficiary be paid to the legal guardian or other representative of the Participant or Beneficiary. Furthermore, the Administrator may, in his or her discretion, direct that any payment otherwise due to a minor Participant or Beneficiary of a deceased Participant be paid to the guardian of the minor or the person having custody of the minor. Any payment made in accordance with this Section to a person other than a Participant or the Beneficiary of a deceased Participant shall, to the extent thereof, be a complete discharge of the Plan's obligation to the Participant or Beneficiary.

5.9 Unclaimed Benefits. If the Administrator cannot locate a Participant or the Beneficiary of a deceased Participant to whom payment of benefits under this Plan shall be required, following a diligent effort by the Administrator to locate the Participant or Beneficiary, such benefit shall be forfeited.

**Table of Contents**

**ARTICLE VI**

**STATUS OF PLAN AND TRUST AGREEMENT**

6.1 Unfunded Status of Plan. The Plan constitutes a mere promise by the Plan Sponsor to pay benefits in accordance with the terms of the Plan, and, to the extent that any person acquires a right to receive benefits from the Plan Sponsor under this Plan, such right shall be no greater than any right of any unsecured general creditor of the Plan Sponsor. Subject to Section 6.2, nothing contained in this Plan and no action taken pursuant to the provisions of this Plan shall create or be construed so as to create a trust of any kind, or a fiduciary relationship between the Plan Sponsor and any Participant, Beneficiary, or other person.

6.2 Shares to be Issued. The aggregate number of shares of Common Stock that may be issued by the Plan Sponsor to satisfy the obligations under the Plan shall not exceed One Million (1,000,000) shares of Common Stock. The Common Stock may come from treasury shares, authorized but unissued shares, or previously issued shares that the Plan Sponsor reacquires, including shares it purchases on the open market.

6.3 Existence and Purposes of Trust Agreement.

(a) Existence of Trust Agreement. In accordance with Section 6.1, the Plan Sponsor may enter into a Trust Agreement with a trustee to hold a trust fund that may become the source of Plan benefits as provided in the Trust Agreement, and such trust fund may hold shares of Common Stock. In such event, the trustee would have such powers to hold, invest, reinvest, control, and disburse such trust fund as shall, at such time and from time to time, be set forth in the Trust Agreement or this Plan.

(b) Integration of Trust Agreement. The Trust Agreement shall be deemed to be a part of this Plan, and all rights of Participants and Beneficiaries of deceased Participants under this Plan shall be subject to the provisions of the Trust Agreement, if and as applicable.

(c) Rights to Any Trust Fund Assets. No Participant or Beneficiary of a deceased Participant, nor any other person, shall have any right to, or interest in, any assets of the trust fund maintained under the Trust Agreement upon termination of such Participant's employment or otherwise, except as may be specifically provided from time to time in this Plan, the Trust Agreement, or both, and then only to the extent so specifically provided.

**Table of Contents**

**ARTICLE VII**

**PLAN AMENDMENT OR TERMINATION**

7.1 **Right to Amend.** The Plan Sponsor reserves the right to amend the Plan, by action duly taken by its Board of Directors, at any time and from time to time to any extent that the Plan Sponsor may deem advisable, and any such amendment shall take the form of an instrument in writing duly executed by one or more individuals duly authorized by the Board of Directors. Without limiting the generality of the foregoing, the Plan Sponsor specifically reserves the right to amend the Plan retroactively as may be deemed necessary. Notwithstanding the foregoing sentences, the Plan Sponsor shall not amend the Plan so as to change the method of calculating the Benefit Amount attributable to any Performance Shares in any Participant's Performance Shares Account as of the date that such an amendment would otherwise be effective; so as to reduce the balance in the Deferral Account, Benefit Account, Option Shares Account, Rollover Account, or Distribution Account of any Participant as of such otherwise effective date; or so as to reduce the Vesting Percentage applicable to any Benefit Amount of any Participant that shall have been credited to the Participant's Benefit Account (plus any earnings credited thereon) prior to such otherwise effective date (whether or not such Vesting Percentage shall have been determined pursuant to Section 3.4 as of such date), unless any such amendment shall be reasonably required to comply with applicable law or to preserve the tax treatment of benefits provided under the Plan or is consented to by the affected Participant.

7.2 **Right to Terminate.** The Plan Sponsor reserves the right to terminate the Plan, by action duly taken by its Board of Directors, at any time as the Plan Sponsor may deem advisable. Upon termination of the Plan, (a) if the trust fund maintained under the Trust Agreement has not become the source for Plan benefits, the Plan Sponsor shall pay or provide for the payment of all liabilities with respect to Participants and Beneficiaries of deceased Participants by distributing amounts to and on behalf of such Participants and Beneficiaries; and (b) if the trust fund maintained under the Trust Agreement has become the source for Plan benefits, the Plan Sponsor shall direct the trustee thereof to pay to or provide for the payment of all reasonable administrative expenses of the Plan and trust fund, and thereafter the Plan Sponsor shall direct such trustee to use and apply the remaining assets of the trust fund to provide for liabilities thereof with respect to Participants and Beneficiaries of deceased Participants by continuing the trust fund and making provision under the Trust Agreement for the payment of such liabilities or by distributing amounts from the trust fund to and on behalf of such Participants and Beneficiaries; provided that, if, after payment or provision for payment of all reasonable administrative expenses of the Plan and trust fund maintained under the Trust Agreement and satisfaction of all liabilities of such trust fund with respect to Participants and Beneficiaries of deceased Participants, there shall be excess assets remaining, the trustee thereof shall pay such excess assets to the Plan Sponsor.

**ARTICLE VIII**

**MISCELLANEOUS**

8.1 **No Guarantee of Employment.** Nothing contained in this Plan shall be construed as a contract of employment between any Employee and the Plan Sponsor or any Employer, as a right of any Employee to be continued in any employment position with, or the employment of, the Plan Sponsor or any Employer, or as a limitation of the right of the Plan Sponsor or any Employer to discharge any Employee.

8.2 **Nonalienation of Benefits.** Any benefits or rights to benefits payable under this Plan shall not be subject in any manner to anticipation, alienation, sale, transfer, assignment, pledge, encumbrance, charge, garnishment, execution, or levy of any kind, either voluntary or involuntary, including any such liability that is for alimony or other payments for the support of a Beneficiary or former Beneficiary, or for the support of any other relative, before payment thereof is received by the Participant, Beneficiary of a deceased Participant, or other person entitled to the benefit under the Plan; and any attempt to anticipate, alienate, sell, transfer, assign, pledge, encumber, charge, or otherwise dispose of any right to benefits payable under this Plan shall be void; provided, however, that this Section shall not prohibit the Administrator from offsetting, pursuant to Section 8.3 of this Plan, any payments due to a Participant, the Beneficiary of a deceased Participant, or any other person who may be entitled to receive a benefit under this Plan.

8.3 **Offset of Benefits.** Notwithstanding anything in this Plan to the contrary, in the event that a Participant or the Beneficiary of a deceased Participant owes any amount to the Plan, the Plan Sponsor, or any other Employer, whether as a result of an overpayment or otherwise, the Administrator may, in his or her discretion, offset the amount owed or any percentage thereof in any manner against any payments due from the Plan to the Participant or Beneficiary.

8.4 **Taxes.** Neither the Plan Sponsor nor any Employer represents or guarantees that any particular federal, state, or local income, payroll, personal property or other tax consequence will result from participation in this Plan or payment of benefits under this Plan. Notwithstanding anything in this Plan to the contrary, the Administrator may, in his or her sole discretion, deduct and withhold applicable taxes from any payment of benefits under this Plan. The Administrator also may permit such obligations to be satisfied by the transfer to the Plan Sponsor or any Employer of cash, shares of Common Stock, or other property.

8.5 **Timing of Distributions.** The provisions of this Section 8.5 shall apply notwithstanding any provisions of the Plan to the contrary. The timing of all distributions under the Plan is subject to the Plan Sponsor's and any Employer's deduction limitations under Code Section 162(m). Distributions instituted during a period during which the Plan Sponsor prevents trading in Common Stock (a "blackout period") will not be effective until the first business day following the end of the blackout period. The Administrator also may, in his or her sole discretion, postpone any distribution to comply with applicable law or internal policies of the Plan Sponsor.

8.6 **Not Compensation Under Other Benefit Plans.** No amounts in a Participant's Benefit Account or Deferral Account shall be deemed to be salary or compensation for purposes of the 401(k) Plan or any other employee benefit plan of the Plan Sponsor or any Employer except as and to the extent otherwise specifically provided in any such plan.

8.7 Merger or Consolidation of Plan Sponsor. If the Plan Sponsor is merged or consolidated with another organization, or another organization acquires all or substantially all of the Plan Sponsor's assets, such organization may become the Plan Sponsor hereunder by action of its board of directors and by action of the board of directors of the Plan Sponsor if still existent. Such change in plan sponsors shall not be deemed to be a termination of this Plan.

8.8 **Savings Clause.** If any term, covenant, or condition of this Plan, or the application thereof to any person or circumstance, shall to any extent be held to be invalid or unenforceable, the remainder of this Plan, or the application of any such term, covenant, or condition to persons or circumstances other than those as to which it has been held to be invalid or unenforceable, shall not be affected thereby, and, except to the extent of any such invalidity or unenforceability, this Plan and each term, covenant, and condition hereof shall be valid and shall be enforced to the fullest extent permitted by law.

8.9 **Governing Law.** This Plan shall be construed, regulated and administered under the laws of the District of Columbia to the extent not pre-empted by ERISA or any other federal law.

8.10 **Construction.** As used in this Plan, the masculine and feminine gender shall be deemed to include the neuter gender, as appropriate, and the singular or plural number shall be deemed to include the other, as appropriate, unless the context clearly indicates to the contrary.

ANNEX B

**Compensation Committee of the Board of Directors of  
Danaher Corporation**

At a meeting attended by all of its members on December 3, 2002, at the offices of Danaher Corporation, the Committee adopted the following resolutions by unanimous votes:

RESOLVED, that the Committee authorizes a maximum bonus payable to each corporate officer, for his or her services in each of the years 2003-2007, not to exceed the amount determined under the following formula: base salary times the Performance Percentage times 300% for the President, 150% for the Executive Vice Presidents, and 100% for all other Vice Presidents, but in no event more than \$5,000,000 for any individual in any year. For this purpose, the Performance Percentage shall be 90% plus or minus X times the higher of the current year's or the post-2002 cumulative percentage increase or decrease in diluted earnings per share (excluding material items deemed by the Committee to be extraordinary or non-recurring), where X=4 for increases and X=2 for decreases; but the Performance Percentage shall be zero if diluted earnings per share (excluding extraordinary or non-recurring items) declines by more than 15% in any year. The Committee will approve specific bonus payments, consistent with the limitations described above, after each year's earnings have been released. However, the payment of 2003-2007 bonuses on these performance goals shall be conditioned upon and subject to approval by the Company's shareholders at their 2003 annual meeting.

RESOLVED, that the stock options listed on the attached Schedule A are hereby granted.

RESOLVED, that the base salaries of the Company's three Executive Vice Presidents are hereby increased as follows, effective January 1, 2003:

Patrick W. Allender	from \$390,000	to	\$450,000
Philip W. Knisely	from \$405,000	to	\$500,000

**DANAHER CORPORATION  
SHARE AWARD AGREEMENT**

Agreement, dated as of March 26, 2003, between DANAHER CORPORATION, a Delaware Corporation (the Company), and H. LAWRENCE CULP, JR. (the Executive).

**WHEREAS**, the Executive is employed by the Company in accordance with an employment agreement entered into by and between the Company and the Executive dated as of July 18, 2000 and executed on October 13, 2000, as it may be amended from time to time (the Employment Agreement); and

**WHEREAS**, the Compensation and Organization Committee of the Board of Directors of the Company (the Committee), has determined to provide to the Executive a performance based award intended to retain the Executive in the employ of the Company and to reward the Executive based upon the Company's performance, and therefore to grant to the Executive an award entitling him to receive on January 2, 2010, subject to the terms and conditions of this Agreement, shares of the common stock of the Company, par value \$.01 per share (Common Stock); and

**WHEREAS**, the Committee has authorized the officer whose signature appears below to execute this Agreement on behalf of the Company.

**NOW, THEREFORE**, in consideration of the covenants and agreements herein contained, the parties hereto agree as follows:

1. Grant of the Award.

Subject to the terms and conditions set forth in this Agreement, the Executive is hereby granted the right to receive 388,600 shares of Common Stock on January 2, 2010, or on such earlier date specified in Section 2(c) and (d) hereof (the Award), pursuant to the terms and conditions described below.

2. Conditions.

(a) Retention and Performance. On January 2, 2010, the Company shall deliver to the Executive 388,600 shares of Common Stock, which meet the requirements of Section 3 hereof, in satisfaction of the Award, provided that: (i) the Executive remains Danaher's Chief Executive Officer on December 1, 2009, (ii) the Performance Objective (as such term is defined in Section 2(b) hereof) has been attained on or prior to December 1, 2009 and (iii) the Committee has certified that the Performance Objective has been attained (and the Committee will issue such certification promptly following the attainment of the Performance Objective).

(b) Performance Objective. For purposes of this Agreement, Performance Objective shall mean the Company's completion of four (4) consecutive calendar quarters, commencing after March 31, 2003, in which the total diluted earnings per share of Common Stock ( EPS ) exceeds the EPS for the four calendar quarters ending March 31, 2003 (the Base EPS ) by a minimum of 10% (measured by dividing such excess by the Base EPS), excluding from EPS for this purpose amounts that are required under generally accepted accounting principles to be reported separately as extraordinary or non-recurring items, and further excluding the impact of changes in methods of accounting after March 31, 2003 and amounts related to discontinued operations of the Company.

(c) Change of Control. Notwithstanding Section 2(a) hereof and whether or not the Performance Objective has been attained, if there is a Change of Control (as such term is defined in the Employment Agreement) prior to December 1, 2009, the Company shall deliver to the Executive 388,600 shares of Common Stock, which meet the requirement of Section 3 hereof, in satisfaction of the Award. Such shares shall be delivered to the Executive no later than the consummation of the Change of Control; provided that such shares shall be so delivered in a manner and at a time so as to permit the Executive to participate in the Change of Control transaction in respect of such shares on a basis equivalent to that of other holders of Common Stock.

(d) Death and Disability. Notwithstanding Section 2(a) hereof, in the event of the Executive's death or termination of employment on account of Disability (as such term is defined in the Employment Agreement) prior to December 1, 2009, the Company shall, whether or not the Performance Objective has been satisfied as of such event, deliver within five (5) days following such event, to the Executive or his estate, as applicable, a number of shares of Common Stock which meet the requirements of Section 3 hereof, equal to the product of (i) 64,766 and (ii) the number of whole years elapsed between March 26, 2003 and the date of such event. The delivery of such shares of Common Stock shall be deemed in full satisfaction of the Award.

(e) Forfeiture. The Award shall be forfeited without further obligation on the part of the Company if, prior to a Change of Control: (i) the Executive's employment with the Company terminates prior to December 1, 2009 for any reason other than his death or Disability or (ii) the Performance Objective has not been attained prior to December 1, 2009.

### 3. Delivery of Common Stock.

All shares of Common Stock delivered to the Executive hereunder in satisfaction of the Award shall be: (i) properly registered for sale pursuant to the Securities Act of 1933, (ii) listed or admitted for trading on the primary national securities exchange on which the Common Stock is trading at the time of delivery, if any, and (iii) otherwise readily and freely tradable. Notwithstanding the foregoing, the Company shall not be required to register such shares of Common Stock to the extent (A) there is no prohibition to the free transferability of such shares by the Executive under any applicable state securities laws and (B) either (I) the resale provisions of Rule 144(k) (or any successor provision) are available to the Executive with respect to such shares, or (II) such shares are otherwise freely transferable by the Executive under the federal securities laws.

### 4. Adjustment.

In the event of any recapitalization, reorganization, merger, consolidation, combination, exchange of securities, stock split, spin-off, split-up, liquidation, dissolution or other comparable transaction or event involving the Company or any distribution in respect of the Common Stock other than an ordinary course cash dividend, the shares of Common Stock subject to this Award shall be adjusted by the Committee to the extent appropriate to avoid dilution or enlargement of the economic opportunity and value represented by the Award.

### 5. Withholding.

Unless the Executive otherwise advises the Company in writing prior to the delivery of shares Common Stock in satisfaction of the Award, the Company shall withhold from the delivery of such shares a number of shares of Common Stock equal in value to the Company's minimum income and employment tax withholding obligations in respect of such delivery. If the Executive advises the Company not to withhold shares as described in the preceding sentence, he shall make other arrangements with the Company for the satisfaction of any applicable income and employment tax withholding requirements.

### 6. Rights as Shareholder.

## Edgar Filing: DANAHER CORP /DE/ - Form DEF 14A

Prior to the delivery of the shares of Common Stock pursuant to this Agreement, the Executive shall not be deemed for any purpose, including without limitation with respect to voting rights, to be the owner of any shares of Common Stock subject to the Award.

### 7. Amendment.

The Board of Directors of the Company or the Committee may amend, suspend or terminate the Award at any time without the approval of the shareholders of the Company, except that (i) amendments for which shareholder approval would be required to comply with the rules of the New York Stock Exchange or the performance based compensation exception of Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), will require such approval and (ii) any amendment, suspension or termination of the Award which has any adverse effect whatsoever on the Executive will require the Executive's prior written consent.

8. Governing Law.

This Agreement shall be governed and construed in accordance with the laws of the State of Delaware, without regard to principles of conflict of law thereof, or the principals of conflicts of laws of any other jurisdiction which could cause the application of laws of any jurisdiction other than the State of Delaware.

The Agreement may be signed in counterparts, each of which shall be an original, with the same effect as if the signatures thereto and hereto were upon the same instrument.

10. Shareholder Approval.
