SPORTS ARENAS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED CONDENSED FINANCIAL STATEMENTS
SEPTEMBER 30, 2004 AND 2003 (Unaudited)

1. Basis of Presentation:

The information furnished reflects all adjustments of a recurring nature which management believes are necessary to a fair statement of the Company's financial position, results of operations and cash flows for the interim periods. Certain information and note disclosures normally included in consolidated financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted pursuant to the rules and regulations of the Securities and Exchange Commission.

The accompanying unaudited condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto included in the Company's Annual Report filed on form 10-K on January 3, 2005 for the year ended June 30, 2004.

Due to the seasonal fluctuations of the golf club shaft manufacturing operations, the financial results for the interim periods ended September 30, 2004 and 2003, are not necessarily indicative of operations for the entire year.

2. Revenue Recognition:

The Company recognizes revenue when persuasive evidence of an arrangement exists, delivery has occurred, the amount is fixed or determinable and collectibility is probable. All of these conditions are typically met at the time the Company ships products to its customers.

3. Investment:

The Company's investment consists of a 35 percent beneficial interest in UCV, L.P. (UCV) The following is summarized results of operations of UCV for the periods ended September 30, 2004 and 2003:

Edgar Filing: SPORTS ARENAS INC - Form 10-Q

Net income (loss)	\$ (76,099)	\$ 37,436

4. Contingencies:

A lawsuit was filed on January 10, 2003 in the United States District Court for the Southern District of California by Masterson Marketing, Inc. (Masterson) against Penley Sports, LLC. Masterson's lawsuit originally asserted claims for copyright infringement, breach of contract and breach of fiduciary duty, and sought compensatory damages, punitive damages, statutory damages, and attorney fees. The Company filed a motion to dismiss all claims. In response to that motion, Masterson dropped all claims except those for claims of copyright infringement and breach of contract. Masterson also dropped all prayers for punitive damages, statutory damages, and attorney fees. It is not possible at this time to predict the outcome of this litigation. We intend to vigorously defend against these claims

5

5. Business segment information:

As a result of the Company adopting a plan of disposition for the sale of Penley Sports, LLC and reclassifying this activity to discontinued operations, the Company now principally only operates in one business segment, commercial real estate rental, through its investee, UCV. Other revenues, which are not part of an identified segment, consist primarily of property management fees.

6. Liquidity

The accompanying consolidated condensed financial statements have been prepared assuming the Company will continue as a going concern. The Company has suffered recurring losses and is forecasting negative cash flows for the next twelve months. These items raise substantial doubt about the Company's ability to continue as a going concern. The Company's ability to continue as a going concern is dependent on selling the operations of its subsidiary, Penley Sports, and obtaining funds from additional financing of the properties owned by UCV and its subsidiaries. The consolidated financial statements do not contain adjustments, if any, including diminished recovery of asset carrying amounts, that could arise from forced dispositions and other insolvency costs.

7. Discontinued Operations:

On September 16, 2004 the Company committed to a plan of disposal of the graphite golf club shaft operation owned by Penley Sports, LLC (Penley). The Company is currently in negotiations to sell Penley to the former owner, Carter Penley. Carter Penley has verbally agreed to fund any cash flow deficits from November 1, 2004 until a sale is consummated or until the negotiations end. In either event, the Company will not be required to repay the advances unless the Company ceases negotiations without cause.

Edgar Filing: SPORTS ARENAS INC - Form 10-Q

As a result of adopting a plan of disposal, the operations related to Penley for both the current period and the prior period, have been restated and recorded as discontinued operations. The operations of Penley included a small sublease of a portion of its leased premises which were included in the real estate operation segment. The following is a summary of the income (loss) from the discontinued business segments:

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL

----- CONDITION AND RESULTS OF OPERATIONS: -----

LIQUIDITY AND CAPITAL RESOURCES -----

The independent auditors' report dated November 15, 2004 included in our June 30, 2004 Annual Report on Form 10-K contained the following explanatory paragraph:

The accompanying consolidated financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in

Edgar Filing: SPORTS ARENAS INC - Form 10-Q

Note 11 to the consolidated financial statements, the Company has suffered recurring losses, and is forecasting negative cash flows from operating activities for the next twelve months. These items raise substantial doubt about the Company's ability to continue as a going concern. Management's plans in regard to these matters are also described in Note 11. The consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty

As noted below, the recurring losses and negative cash flows relate to the Company's golf club shaft manufacturing operations. The Company has not been successful in its efforts to increase sales, reduce manufacturing costs or obtain additional investors for this operation. As a result, on September 16, 2004, the Company committed to a plan of disposal of the graphite golf club shaft operation owned. The Company is currently in negotiations to sell Penley to the former owner, Carter Penley. Carter Penley has verbally agreed to fund any cash flow deficits from November 1, 2004 until a sale is consummated or until the negotiations end. In either event, the Company will not be required to repay the advances unless the Company ceases negotiations without cause.

The Company is expecting a \$200,000 to \$250,000 cash flow deficit in the remaining three quarters of the year ending June 30, 2005 from operating activities after estimated distributions from UCV (\$300,000, primarily distributions from real estate operations), estimated capital expenditures (\$3,000) and scheduled principal payments on long-term debt, excluding any estimated payments to be received from the sale of Penley. This analysis does not include the obligation to pay federal and state income taxes totaling \$979,000 related to the taxable income reported from the sale of apartment project owned by UCV. Management is currently uncertain about how it will obtain the funds to pay these tax liabilities.

Management is currently evaluating other sources of working capital including the proceeds that would become available for distribution to the Company from refinancing the debt related to one of the properties owned by UCV or selling one of the properties owned by UCV. Management has not assessed the likelihood of any other sources of long-term or short-term liquidity. If the Company is not successful in obtaining other sources of working capital this could have a material adverse effect on the Company's ability to continue as a going concern. However, other than the tax liabilities noted above, management believes it will be able to meet its financial obligations for the next twelve months.

The Company has working capital deficit of \$751,212 at September 30, 2004, which is a \$328,883 increase in the working capital of deficit if \$422,329 at June 30, 2004. The increase in working capital deficit is primarily attributable to the cash used by operating activities for the three months ended September 30, 2004.

7

One of the properties owned by UCV is subject to a loan agreement that requires Sports Arenas, Inc. to maintain a minimum net worth of \$1,000,000 and a minimum cash balance of \$100,000. As of June 30, 2004 and September 30, 2004, the Company did not meet the net worth requirement and as of September 30, 2004 the Company did not meet the minimum cash requirement. UCV is in the process of requesting a waiver from the lender regarding this covenant. However, it is uncertain whether the lender will grant a waiver. If UCV is unable to obtain a waiver from the lender, the lender could call the loan due.

CRITICAL ACCOUNTING POLICIES

We prepared the consolidated condensed financial statements of the Company in

Edgar Filing: SPORTS ARENAS INC - Form 10-Q

conformity with accounting principles generally accepted in the United States of America. As such, we are required to make certain estimates, judgments and assumptions that we believe are reasonable based upon the information available. These estimates and assumptions affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the periods presented.

We have several significant accounting estimates, such as; income taxes, long lived assets and accounts receivable and inventories, which were discussed in the Form 10-K for the year ended June 30, 2004, that are both important to the portrayal of our financial condition and results of operations, and require management's most difficult, subjective and complex judgments. Typically, the circumstances that make these judgments complex and difficult have to do with making estimates about the effect of matters that are inherently uncertain. During the three months ended September 30, 2004, we did not make any new accounting estimates that are considered significant accounting estimates other than related to income taxes nor were there any significant changes related to our significant accounting estimates that would have a material impact on our consolidated financial position, results of operations, cash flows or our ability to conduct business.

"SAFE HARBOR" STATEMENT UNDER THE PRIVATE SECURITIES LITIGATION REFORM ACT OF 1995

With the exception of historical information (information relating to the Company's financial condition and results of operations at historical dates or for historical periods), the matters discussed in this Management's Discussion and Analysis of Financial Condition and Results of Operations are forward-looking statements that necessarily are based on certain assumptions and are subject to certain risks and uncertainties. These forward-looking statements are based on management's expectations as of the date hereof, and the Company does not undertake any responsibility to update any of these statements in the future. Actual future performance and results could differ from that contained in or suggested by these forward-looking statements as a result of the factors set forth in this Management's Discussion and Analysis of Financial Condition and Results of Operations and elsewhere in the Company's filings with the Securities and Exchange Commission.

RESULTS OF OPERATIONS

As a result of the Company adopting a plan of disposition for the sale of Penley Sports, LLC and reclassifying this activity to discontinued operations, the Company now principally only operates in one business segment, commercial real estate rental, through its investee, UCV. Other revenues, which are not part of an identified segment, consist primarily of property management fees.

Selling, general and administrative costs decreased in 2004 primarily due to a decrease in professional fees. This was partially offset by a decrease in the amount of corporate expenses allocated to the discontinued operations of the golf segment.

Equity in income of investees decreased in 2004 due to the losses incurred from the operation of the one of the three properties owned by UCV which was not included in the quarter ended September 2003 because it was acquired on September 26, 2003. leases.

Discontinued Operations:

Edgar Filing: SPORTS ARENAS INC - Form 10-Q

As discussed in Footnote 7 of Notes to Consolidated Condensed Financial Statements, the Company has classified its operations in the golf and real estate rental segments as discontinued operations.

ITEM 3 - QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

The Company is exposed to market risk primarily due to fluctuations in interest rates. The Company and its unconsolidated subsidiary, UCV, utilizes both fixed rate and variable rate debt.

The following table presents scheduled principal payments and related weighted average interest rates of the Company's long-term fixed rate debt for the fiscal years ended June 30:

	2005	2006	2007	2008	2009	Total	Fair Value
	-----	-----	-----	-----	-----	-----	-----
Fixed rate debt	\$13,000	\$19,000	\$20,000	\$21,000	\$8,000	\$81,000	(1) \$81,000
Weighted average interest rate	4.6%	4.6%	4.6%	4.9%	4.9%	4.6%	4.6%

The following table presents scheduled principal payments and related weighted average interest rates of the UCV's long-term fixed rate and variable rate debt for the fiscal years ended June 30:

	-----	-----	-----	-----	-----	-----	-----	-----

Weighted average interest rate	5.8%	5.8%	5.8%	5.8%	5.8%	5.8%	5.8%	

(1) The fair value of fixed-rate and variable rate debt was estimated based on the current rates offered for fixed-rate debt with similar risks and maturities.

The Company does not enter into derivative or interest rate transactions for speculative or trading purposes.

ITEM 4. CONTROLS AND PROCEDURES

An evaluation was carried out under the supervision and with the participation of the Company's management, including its Chief Executive Officer and its Chief Financial Officer, of the effectiveness of the disclosure controls and procedures (as defined in Rule 13a-14(c) under the Securities and Exchange Act of 1934 (the "Exchange Act") as of September 30, 2004. Based on this evaluation, the Chief Executive Officer and the Chief Financial Officer have concluded that the Company's disclosure controls and procedures are effective to ensure that information required to be disclosed by the Company in reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in Securities and Exchange Commission rules
