(3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?

[X] Yes [] No

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

It is expected that the Registrant's sales were approximately \$206 million for the year ended December 31, 2008 compared to \$160.4 million for the year ended December 31, 2007. The increase in sales for the year ended December 31, 2008 compared to the year ended December 31, 2007 was attributable to expansion in China of market share for Samsung memory products in the first half of 2008. The gross profit for the year ended December 31, 2008 is expected to be approximately \$4.2 million, which is 2.07% of sales, reflecting a decrease of 0.34% compared to 2.41% for the year ended December 31, 2007. The drop in gross profit margin was mainly due to low prices caused by oversupply. The Registrant expects to report a loss in book value of non-cash items and such loss is mainly due to a decrease in the value of the Registrant's real property assets of approximately \$1.1 million and unrealized gains on securities of \$0.23 million. The adjustment of unrealized gains on securities is due to sales of investment securities at a lower value on June 20, 2008 compared to December 31, 2007. The properties revaluation is due to a downturn in the real property market caused by economic conditions.
