This website contains “forward-looking statements” as defined under the U.S. federal securities laws, including the Private Securities Litigation Reform Act of 1995, and is subject to the safe harbors created by such laws. These forward-looking statements can generally be identified as such by the context of the statements, including words such as “believe,” “expect,” “anticipate,” “plan,” “may,” “would,” “intend,” “estimate,” “guidance” and other similar expressions, whether in the negative or affirmative. Similarly, statements that describe the objectives, plans or goals of Support.com, Inc. (“Support.com”) are forward-looking. Such forward-looking statements include, but are not limited to, statements regarding the anticipated proxy contest by VIEX Capital Advisors LLC and its affiliates (“VIEX”) and the other participants in its solicitation; Support.com’s ability to continue to execute on and implement its strategic plan; Support.com’s opportunities for continued growth; Support.com’s initiatives to improve its financial and operational performance and increase its growth and profitability; Support.com’s future stock price; Support.com’s ability to grow its business; Support.com’s ability to enhance its competitive position; Support.com’s ability to continue to maintain expense discipline; Support.com’s actions taken or contemplated to enhance its long-term prospects and create value for its stockholders; Support.com’s future operational and financial performance; the effect that the election of Support.com’s nominees to the Support.com Board will have on Support.com’s execution of its long-term plan and long-term stockholder value; the future effect of Support.com’s strategic plan on Support.com’s growth, profitability and total stockholder returns; all statements relating to expected financial performance (including without limitation statements involving growth and projections of revenue, margin, profitability, income (loss) from continuing operations, income (loss) per share from continuing operations, cash usage or generation, cash balance as of any future date, capital structure and other financial items); the plans and objectives of management for future operations, customer relationships, products, services or investments; personnel matters; future performance in economic and other terms; whether Support.com Cloud will bolster margins, generate predictable revenue and expand Support.com’s existing customer base; our ability to execute on our plan to create value from

our Cloud technology; whether our technical support expertise and customer support knowledge base will translate into future growth; whether we will achieve growth and diversification; whether the actions we are taking will unlock stockholder value; whether our recently-outlined cost reduction plan will allow us to become profitable on a non-GAAP basis for the full year of 2018; whether we can capitalize on developing trends and paradigm shifts in the support market; whether and the timing of when the results from the strategic growth plan we are executing will be fully reflected in our financial results and stock price and whether we will be able to capitalize on the opportunities in the connected support market. Such forward-looking statements are not guarantees of future operational or financial performance and are based on current expectations, estimates, forecasts and projections and management's current beliefs and assumptions, all of which involve a number of significant risks and uncertainties, any one or more of which could cause actual events or results to differ materially from those described in Support.com's forward-looking statements, including, among others, our ability to retain and grow major programs, our ability to expand and diversify our customer base, our ability to market and sell our Support.com Cloud (formerly "Nexus®") software-as-a-service (SaaS) offering, our ability to maintain and grow revenue, our ability to successfully develop new products and services, our ability to manage our workforce, our ability to operate in markets that are subject to extensive regulations, such as support for home security systems, our ability to control expenses and achieve desired margins, our dependence on a small number of customers and partners, our ability to attract, train and retain talented employees, the potential for acquisitions or other strategic transactions that deplete our resources or do not prove successful, privacy concerns, the potential for payment fraud issues, potential intellectual property, class action or other litigation, potential impairments of long lived assets, our ability to utilize and realize the value of our net operating loss carryforwards and how they could be substantially limited or permanently impaired, given our current market capitalization and cash position, if we experienced an "ownership change" as defined in Section 382 of the Internal Revenue Code and whether our recently adopted tax benefits preservation plan will be effective in reducing the likelihood of such an unintended ownership change from occurring, and risks, disruption, costs and uncertainty caused by or related to the actions of activist stockholders, including that if individuals are elected to our Board with a specific agenda, it may adversely affect our ability to effectively implement our business strategy and create value for our stockholders and perceived uncertainties as to our future direction as a result of potential changes to the composition of our Board

2/13

may lead to the perception of a change in the direction of our business, instability or a lack of continuity which may be exploited by our competitors, cause concern to our current or potential customers, and may result in the loss of potential business opportunities and make it more difficult to attract and retain qualified personnel and business partners, our ability to execute the cost reduction program involving the planned actions on the expected schedule, our ability to achieve the cost savings expected in connection with the cost reduction plan, the ultimate effect of any such cost reductions on our financial results, and our ability to manage the effects of the cost reduction plan on our workforce and other operations. These and other risks may be detailed from time to time in Support.com's periodic reports filed with the Securities and Exchange Commission, including, but not limited to, its latest Annual Report on Form 10-K and its latest Quarterly Report on Form 10-Q, copies of which may be obtained from www.sec.gov. Support.com assumes no obligation to update its forward-looking statements, except as may otherwise be required by the federal securities laws.
