QUESTIONS AND ANSWERS

1. Q: **What is the purpose of the proxy?**

A: This proxy statement and the accompanying proxy relate to the annual meeting of stockholders of GrafTech International Ltd., a Delaware corporation ("**GrafTech**"), for 2005. GrafTech's Board of Directors (the "**Board**") is soliciting proxies from stockholders in order to provide every stockholder an opportunity to vote on all matters submitted to a vote of stockholders at the meeting, whether or not he or she attends in person. The proxy authorizes a person other than a stockholder, called the proxyholder, who will be present at the meeting, to cast the votes which the stockholder would be entitled to cast at the meeting if the stockholder were present. It is expected that this proxy statement and the accompanying proxy will be first mailed or delivered to stockholders beginning on or about April 21, 2005. When used in this proxy statement, "**we**", "**us**" or "**our**" refers to GrafTech and its subsidiaries collectively or, if the context so requires, individually.

2. Q: **How do I cast my vote?**

A: If you hold your shares in street name (such as in a brokerage account or in the name of a bank or other nominee), there are *four* different ways you may cast your vote. You can vote by:

- o *telephone*, by calling the toll-free number on the vote instruction card.
- o *Internet*, by logging onto www.proxyvote.com and then following the instructions as they appear on your computer screen. The Internet voting procedures are designed to authenticate stockholders' identities, to allow stockholders to give their voting instructions and to confirm that stockholders' instructions have been recorded properly. Stockholders voting via the Internet should understand that there may be costs associated with electronic access, such as usage charges from Internet access providers and telephone companies, that must be borne by the stockholder.
- o *marking, signing, dating and mailing* the vote instruction card and returning it in the envelope provided.
- o *attending and voting at the meeting*, if you marked your vote instruction card that you will attend the meeting and obtained authorization from your bank, broker or nominee pursuant to instructions on your vote instruction card.

Deadline for Internet and telephone voting. Votes submitted electronically via the Internet or by telephone must be received by midnight, eastern daylight savings time, on May 24, 2005.

If you hold your shares registered in your name, there are two different ways you may cast your vote. You may vote by:

- o *marking, signing, dating and mailing* the accompanying proxy and returning it in the envelope provided.
 - o *attending and voting at the meeting* after you have indicated your intention to attend the meeting on the accompanying proxy.
-

3. Q: **What matters are being submitted to a vote?**

A: The only matters known to management to be submitted to a vote of stockholders at the meeting are:

- o Proposal One: Election of directors; and
- o Proposal Two: Approval of the GrafTech 2005 Equity Incentive Plan.

If any of the nominees nominated by GrafTech's Board of Directors is not available for election at the time of the meeting, discretionary authority will be exercised by the proxyholders designated in the accompanying proxy to

Edgar Filing: GRAFTECH INTERNATIONAL LTD - Form DEF 14A

vote for substitutes designated by GrafTech's Board of Directors unless GrafTech's Board of Directors chooses to reduce the number of directors.

4. **Q: How will the proxyholders vote my shares?**

A: When you give a proxy, regardless of the method by which given, the proxyholders will vote your shares as instructed on the proxy with respect to the matters specified on the proxy.

If you are a record holder of your shares and you submit a proxy but do not mark your votes, your shares will be voted **FOR** the election of each nominee that has been nominated by GrafTech's Board of Directors and **FOR** the approval of Proposal Two to adopt the 2005 Equity Incentive Plan. If you hold your shares in "street name," you must, under NYSE rules, instruct your broker how to vote with respect to approval of Proposal Two or it will become a broker non-vote. A broker non-vote on Proposal Two will have the effect of a vote against Proposal Two.

In addition, if other matters are submitted to a vote of stockholders at the meeting, your proxy on the accompanying form gives the proxyholders the discretionary authority to vote your shares in accordance with their best judgment on that matter. Unless you specify otherwise, it is expected that your shares will be voted on those matters as recommended by GrafTech's Board of Directors.

5. **Q: How do I revoke a proxy?**

A: *If you hold your shares registered in your name*, you may revoke your proxy by submitting a revised one at any time before the vote to which the proxy relates. You may also revoke it by submitting a ballot at the meeting.

If your shares are held in street name, there are special procedures that you must follow in connection with revoking a proxy submitted via the Internet or by telephone or voting by ballot at the meeting.

- o *Voting before the deadline of midnight, eastern daylight savings time, on May 24, 2005.* If you submit a proxy via the Internet, by telephone or by marking, signing and returning the vote instruction card, you may revoke your proxy at any time and by any method before the deadline.
 - o *Voting after the deadline of midnight, eastern daylight savings time, on May 24, 2005.* If you submit a proxy via the Internet, by telephone or by marking, signing and returning the vote instruction card and wish to revoke it and submit a new proxy after the deadline has passed, you must contact your broker, bank or other nominee and follow the requirements set by your broker, bank or other nominee. We cannot assure you that you will be able to revoke your proxy and vote your shares by any of the methods described above.
 - o *Voting by ballot at the meeting.* If you submit a proxy via the Internet, by telephone or by marking, signing and returning the vote instruction card and wish to revoke it and vote at the meeting, you must contact your broker, bank or other nominee and follow the requirements set by your broker, bank or other nominee. We cannot assure you that you will be able to revoke your proxy or attend and vote at the meeting.
-

6. **Q: How do I name another proxyholder?**

A: You may designate as your proxyholder(s) any person(s) other than those named on the accompanying proxy by crossing out those names and inserting the name(s) of the person(s) you wish to have act as your proxy. No more than three persons should be so designated. In such a case, you must deliver the proxy to the person(s) you designated and they must be present and vote at the meeting. Proxies on which other proxyholders have been designated should not be mailed or delivered to us.

7. **Q: Who may vote?**

Edgar Filing: GRAFTECH INTERNATIONAL LTD - Form DEF 14A

A: Stockholders of record as of the close of business on March 28, 2005 are entitled to notice of the meeting and to vote on each proposal submitted to a vote of stockholders at the meeting. During the ten days prior to the annual meeting, a list of stockholders entitled to vote at the meeting will be available for examination by stockholders during ordinary business hours at our principal executive offices at 1521 Concord Pike, Brandywine West, Suite 301, Wilmington, DE 19803.

Each share of our common stock, par value \$.01 per share, is entitled to one vote. At March 28, 2005, 98,105,912 shares of our common stock were issued and outstanding. Those shares were held by 100 stockholders of record.

8. Q: **What if I participate in the Savings Plan?**

A: If you participate in the UCAR Carbon Savings Plan, your proxy will represent both the number of shares registered in your name and the number of shares (including company matching contributions made in shares) allocated to your account in the Savings Plan as of March 28, 2005. All of these shares will be voted by the trustee for the Savings Plan in accordance with your directions on the proxy submitted by you.

9. Q: **What is a quorum?**

A: A quorum is the minimum number of issued and outstanding shares of our common stock, the holders of which must be present at a meeting in order to duly convene the meeting. The quorum for our annual meeting is the presence, in person or by proxy, of holders of a majority of the issued and outstanding shares of our common stock.

10. Q: **What votes are used to determine the outcome of any matter submitted to a vote?**

A: Only those votes cast for the election of directors are used in determining the results of a vote on the election of directors. Only those votes cast for or against any other proposal are used in determining the results of a vote on that proposal.

Abstentions and broker non-votes. The stockholders whose proxies show abstentions or constitute broker non-votes are included for purposes of determining the presence of a quorum. With respect to the approval of any particular proposal, however, since they are not affirmative votes for the proposal they have the same effect as votes against the proposal.

11. Q: **How many votes are required for each nominee to be elected as a member of GrafTech's Board of Directors?**

A: Each nominee must receive a plurality of the votes cast in order to be elected as a director.

12. Q: **How many votes are required for approval of Proposal Two?**

A: The affirmative vote of the holders of a majority of the issued and outstanding shares of common stock is required for approval of Proposal Two.

13. Q: **How much did this proxy solicitation cost?**

A: The costs for the solicitation of proxies by GrafTech's Board of Directors is anticipated to be approximately \$15,000, which will be borne by us. We will request banks, brokers and other nominees, including custodians and fiduciaries, to forward soliciting material to beneficial owners of our common stock and will pay such persons for forwarding such material. In addition to the solicitation of proxies generally by means of this proxy statement, officers or other employees, without extra remuneration, may solicit proxies by telephone or other means of personal contact.

14. Q: **Who are GrafTech's independent registered public accountants and will representatives thereof be available to respond to questions at the meeting?**

A: PricewaterhouseCoopers LLP were our independent registered public accountants for 2004. We have not yet selected our independent registered public accountants for 2005.

Representatives of PricewaterhouseCoopers LLP will be present at the meeting, will be given the opportunity to make a statement if they desire to do so and will respond to appropriate questions of stockholders. PricewaterhouseCoopers LLP has advised us that neither it nor any of its members has any direct financial interest in GrafTech as a promoter, underwriter, voting trustee, director, officer or employee.

15. Q: **When are stockholder proposals for the 2006 annual meeting due?**

A: Any proposal (including any nomination for election to GrafTech's Board of Directors) which a stockholder wishes to have considered for inclusion in GrafTech's proxy statement for the annual meeting of stockholders for 2006 must be received by the Secretary of GrafTech at GrafTech's principal executive office on or before December 22, 2005 and must otherwise comply with GrafTech's Amended and Restated By-Laws and SEC rules.

GrafTech's By-Laws provide, among other things, that written notice of any proposal (including any such nomination) by a stockholder must be received by the Secretary of GrafTech not less than 105 days and not more than 135 days prior to the meeting before such proposal (or nomination) is to be brought, except in certain circumstances, and must contain detailed information regarding the proposal (and, if applicable, the nominee) and the stockholder making the proposal (or nomination), including the name of the stockholder and the number of shares of our common stock owned beneficially and of record by the stockholder (including his or her affiliates, all groups of which he or she is a member and all persons with whom he or she is acting in concert (in each case identifying them)). Any proposal (other than a nomination for election to GrafTech's Board of Directors) which a stockholder wishes to have considered must also describe, among other things, the stockholder's material direct or indirect interest in GrafTech (including any material direct or indirect interest of his or her affiliates, all groups of which he or she is a member and all persons with whom he or she is acting in concert) and whether such stockholder (or such affiliates, groups or persons) has solicited, is soliciting or plans to solicit proxies in respect of such matter. A stockholder proposing to nominate a candidate for election to GrafTech's Board of Directors must disclose, among other things, any professional, commercial, business or familial relationship that the stockholder (including his or her affiliates, all groups of which he or she is a member and all persons with whom he or she is acting in concert (in each case identifying them)) has to the nominee (including his or her affiliates, all groups of which he or she is a member and all persons with whom he or she is acting in concert (in each case identifying them)). The chairperson of the annual meeting for 2006 shall determine whether any such proposal (or nomination) shall have been properly brought. If such proposal (or nomination) is not properly brought, then the chairperson shall not allow a vote on the proposal (or nomination).

Proxyholders named in the proxy accompanying the proxy statement for the annual meeting for 2006 will have discretionary authority to vote on any proposal submitted at the meeting, other than a proposal that is included in such proxy statement.

THE BOARD OF DIRECTORS

Structure of the Board

- o Under the Amended and Restated By-Laws, GrafTech's Board of Directors fixes the number of directors. GrafTech's Board of Directors currently consists of eight members, each of whom the Board has determined to be an independent director (within the meaning of the listing standards of the NYSE), except for Mr. Shular, who is a GrafTech employee. The Board has determined that to be considered independent, an outside director may not have a material relationship with GrafTech (either directly or as a partner, stockholder or officer of an organization that has a relationship with GrafTech). In determining whether a material relationship exists, the Board considers, among other things, whether a director or a member of his or her immediate family during the past three years (i) was a former employee, (ii) has received more than \$100,000 in annual compensation from GrafTech (other than as a non-employee director), (iii) has been affiliated or employed by a present or former auditor of GrafTech, or (iv) is part of an interlocking directorate. The Board consults with GrafTech's counsel to ensure that the Board's determinations are consistent with all relevant securities and other laws and regulations regarding the definition of independent director, including, but not limited to, those set forth in the listing standards of the NYSE. The Board selects the Chairman following each annual meeting of stockholders. It is expected that Mr. Cartledge will be selected to continue as Chairman after the 2005 annual meeting.

- o GrafTech's Board of Directors has established three standing committees, the Audit and Finance Committee, the Nominating and Governance Committee and the Organization, Compensation and Pension Committee, and periodically establishes other committees, in each case so that certain important matters can be addressed in greater depth than may be possible in a meeting of the entire Board. Under the Board and Committee charters described below, members of the three standing committees must be independent directors within the meaning of the listing standards of the NYSE. Further, members of the Audit and Finance Committee must be independent directors within the meaning of the Sarbanes-Oxley Act of 2002, must satisfy the expertise requirements of the listing standards of the NYSE and must include an audit committee financial expert within the meaning of the SEC rules. GrafTech's Board of Directors has determined that the three standing committees currently consist of members who satisfy such requirements.

Meetings of the Board

- o GrafTech's Board of Directors met seven times during 2004.
- o Each director is expected to attend meetings of GrafTech's Board of Directors and meetings of committees of GrafTech's Board of Directors of which he or she is a member, and to spend the time necessary to properly discharge his or her respective duties and responsibilities. During 2004, each director who was then serving attended at least 75% of the total number of meetings of GrafTech's Board of Directors and meetings of committees of GrafTech's Board of Directors of which he or she was a member. Directors are encouraged, but not required, to attend GrafTech's annual meetings of stockholders. All of our directors attended the 2004 annual meeting of stockholders.

Committees of the Board

A description of the functions of each standing committee is set forth beginning on page 10, and the members of each standing committee at March 31, 2005 and the number of meetings held by each standing committee in 2004 are set forth on page 13.

All committees have the authority to retain and pay advisors and conduct investigations without further approval of GrafTech's Board of Directors or management. All such advisors shall report and be responsible directly to the committee which retains them, including the independent registered public accountants (who are required to be retained by the Audit and Finance Committee).

Board and Committee Charters

GrafTech's Board of Directors and each committee has adopted written corporate governance guidelines (called charters) that, at a minimum, are intended to satisfy the requirements of the listing standards of the NYSE. These guidelines cover such matters as purpose and powers, composition, meetings, procedures, primary responsibilities and additional activities which GrafTech's Board of Directors or the committee should periodically consider undertaking. Each committee is authorized to exercise all power of GrafTech's Board of Directors with respect to matters within the scope of its charter.

8

Each of the committee charters is available on our Web site at <http://www.graftech.com> and in print to any stockholder upon request. The information contained on our Web site is not part of this proxy statement. A copy of the Audit and Finance Committee Charter is also attached to this proxy statement as Appendix B.

Nothing in the charter of GrafTech's Board of Directors or of any committee shall expand or increase the duties, responsibilities or liabilities of any member under any circumstance beyond those otherwise then existing under applicable law.

Corporate Governance

The charter of GrafTech's Board of Directors provides, among other things, that:

- o a majority of the directors shall be independent within the meaning of the listing standards of the NYSE;
- o if a member of the Audit and Finance Committee simultaneously serves on an audit committee of more than three public companies, GrafTech's Board of Directors must determine that such simultaneous service would not impair the ability of such member to effectively serve on the Audit and Finance Committee;

- o no director will be nominated for election or re-election if he or she would be age 74 or older at the time of election, unless special circumstances so warrant;
- o GrafTech's Board of Directors shall meet in regular sessions at least six times annually (including the annual retreat described below);
- o GrafTech's Board of Directors shall have an annual extended retreat with executive officers at which there will be a full review of financial statements and financial disclosures, long-term strategies, plans and risks, and current developments in corporate governance; and
- o non-management directors will meet in executive session at least once annually.

The charter requires GrafTech's Board of Directors, in consultation with the General Counsel, to establish a means for stockholders and employees to communicate with non-management directors and to disclose the name of the presiding director, who will ultimately receive such communication, and the means for such communication in the annual proxy statement. A majority of the non-management directors choose the director who presides at the meetings of non-management directors. R. Eugene Cartledge is currently serving as such presiding director. Any such communication to the presiding director should be directed to either one of the following individuals: M. Ridgway Barker or Randi-Jean G. Hedin, Kelley Drye & Warren LLP, Two Stamford Plaza, 281 Tresser Boulevard, Stamford, CT 06901, (203) 324-1400 (phone), (203) 327-2669 (fax), and mrbarber@kelleydrye.com or rhedin@kelleydrye.com. These individuals will forward all such communications to the presiding director if they relate to substantive matters and include suggestions or comments that they consider important for the presiding director to know. Generally, communications relating to corporate governance and long-term corporate strategy are more likely to be forwarded than communications relating to ordinary business affairs or personal grievances or communications which are repetitive or duplicative.

Code of Conduct and Ethics

We have had for many years a Code of Conduct and Ethics. The Code of Conduct and Ethics applies to all employees, including senior executives and financial officers, as well as all directors. A copy of our Code of Conduct and Ethics is available on our Web site at <http://www.graftech.com> and in print to any stockholder upon request. Only GrafTech's Board of Directors or the Audit and Finance Committee may waive the provisions of our Code of Conduct and Ethics with respect to executive officers and directors. Any such waivers will be posted on our Web site.

Nominating and Governance Committee

The Nominating and Governance Committee assists GrafTech's Board of Directors in discharging and performing its duties and responsibilities with respect to nomination of directors, selection of committee members, assessment of performance of GrafTech's Board of Directors and other corporate governance matters. Without limiting the scope of such activities, the Committee shall:

- o review candidates for nomination for election as directors submitted by directors, officers, employees and stockholders; and
- o review at least annually the current directors of GrafTech's Board of Directors to determine whether such individuals are independent under the listing standards of the NYSE and the SEC rules under the Sarbanes-Oxley Act of 2002.

The Committee annually assesses the composition of GrafTech's Board of Directors and its standing committees to determine whether they comply with requirements under Board and Committee charters, SEC rules, NYSE listing standards and applicable laws and possess the core competencies described below. In addition, the Committee assesses whether each director has the skills and characteristics described below and undertakes succession and other planning as to the future needs of GrafTech. The Committee gathers suggestions as to individuals who may be available to meet those future needs from a variety of sources, such as past and present directors, stockholders, colleagues and other parties with which we have business dealings, and undertakes a preliminary review of the individuals suggested. The preliminary review may include preliminary searches of public information available about the individuals. At such times as the Committee determines that a relatively near term need exists and if, following a preliminary review, the Committee believes that an individual may strengthen the core competencies and possess the skills and characteristics described below, the Committee will contact the individual to ascertain his or her interest in serving GrafTech and obtain further information about and insight as to such individual. In connection therewith, the Committee typically reviews detailed resumes

Edgar Filing: GRAFTECH INTERNATIONAL LTD - Form DEF 14A

and questionnaires, contacts references, conducts in-depth interviews and undertakes in-depth searches of public information. Based thereon and on the Committee's evaluation of other potential nominees and GrafTech's needs, the Committee determines whether to nominate the individual for election as a director. While we have not in the past engaged any third party to identify or evaluate nominees, the Committee may do so in the future.

There are no differences in the manner in which the Committee evaluates nominees for directors recommended by a stockholder. To submit a nominee for election as a director for consideration by the Committee, a stockholder must submit a written request to that effect to the Secretary of GrafTech at GrafTech's principal executive office. Any such request will be subject to the requirements described in the Answer to Question 15 on page 4.

The Committee believes that GrafTech's Board of Directors, as a whole, should possess the following core competencies:

- o accounting, finance and disclosure: ability to protect and inform security holders through liquidity and capital resource management and internal financial and disclosure controls;
- o business judgment: ability to assess business risk and stockholder value creation strategies;
- o management: ability to apply general management best practices in a complex, rapidly evolving business environment;
- o crisis response: ability and time to perform during periods of both short-term and prolonged crisis;
- o industry knowledge: ability to assess opportunities and threats unique to GrafTech's industry;

- o leadership: ability to attract, motivate and energize a high-performance leadership team; and
- o strategy/vision: ability to provide strategic insight and direction by encouraging innovation, conceptualizing key trends, and evaluating strategic decisions.

The Committee also believes that each director should possess the following skills and characteristics:

AUDIT AND FINANCE COMMITTEE REPORT

GrafTech's management is responsible for its financial reporting, including design and implementation of internal controls and preparation of consolidated financial statements in accordance with generally accepted accounting principles. GrafTech's independent registered public accountants are responsible for auditing those consolidated financial statements. The Committee is responsible for overseeing those activities. The Committee does not and is not required to prepare or review financial records, prepare or audit financial statements, design or implement internal controls, make estimates or select principles used for financial reporting, or identify and eliminate financial risks or non-compliance with applicable law. Therefore, the Committee relies, without independent verification, on representations and information provided by management (including executive, financial, legal and internal audit management) and representations and reports by the independent registered public accountants that, among other things, the consolidated financial statements have been prepared with integrity and objectivity and in conformity with generally accepted accounting principles and an audit does in fact provide reasonable assurance as to the matters covered thereby.

The Committee reviewed and discussed GrafTech's audited consolidated financial statements for the year ended December 31, 2004 with GrafTech's management and PricewaterhouseCoopers LLP, GrafTech's independent registered public accountants for 2004. The Committee also discussed with PricewaterhouseCoopers LLP the matters required to be discussed by Statement on Auditing Standards No. 61 (Communications with Audit Committees), as amended. This included a discussion of the independent registered public accountants' judgment as to the quality, as well as the acceptability, of GrafTech's accounting principles and such other matters that the Public Company Accounting Oversight Board (United States) requires to be discussed with an audit committee. The Committee received the written disclosures and the letter from PricewaterhouseCoopers LLP required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and the Committee discussed with PricewaterhouseCoopers LLP the independence of PricewaterhouseCoopers LLP from GrafTech and its

Edgar Filing: GRAFTECH INTERNATIONAL LTD - Form DEF 14A

management. The Committee also reviewed with management and PricewaterhouseCoopers LLP all reports delivered by PricewaterhouseCoopers LLP in accordance with Section 10A(k) of the Securities Exchange Act of 1934 with respect to critical accounting policies and practices used, alternative treatments of financial information available under U.S. generally accepted accounting principles and other written communications between PricewaterhouseCoopers LLP and management, together with their ramifications and the preferred treatment by PricewaterhouseCoopers LLP.

The Committee has established a policy requiring approval by it of all fees for all audit and non-audit services to be provided by GrafTech's independent registered public accountants, prior to commencement of such services. Consideration and approval of fees generally occurs at the Committee's regularly scheduled meetings or, to the extent that such fees relate to other matters to be considered at special meetings. In situations where it may be impractical to wait until the next meeting, the Committee has delegated authority to approve such fees to the chairperson of the Committee, up to an annual aggregate amount of \$100,000. The chairperson must report all such approvals to the entire Committee at the next meeting of the Committee.

The Committee has determined that the approval and payment of all fees in 2004 complied with the Sarbanes-Oxley Act of 2002 and SEC rules thereunder. The Committee also determined that the provision of non-audit services by PricewaterhouseCoopers LLP to GrafTech and its subsidiaries was compatible with the maintenance by PricewaterhouseCoopers LLP of its independence from GrafTech.

Based on its review and discussions noted above, the Committee recommended to GrafTech's Board of Directors that it approve, and GrafTech's Board of Directors approved, the inclusion of GrafTech's audited consolidated financial statements in GrafTech's Annual Report on Form 10-K for the year ended December 31, 2004 filed with the SEC.

Deloitte & Touche LLP served as GrafTech's independent accountants prior to April 6, 2004. A summary of the fees which GrafTech and its subsidiaries paid to PricewaterhouseCoopers LLP and Deloitte & Touche LLP and their respective affiliates for professional services performed for 2004 and 2003, respectively, is set forth below.

ORGANIZATION, COMPENSATION AND PENSION COMMITTEE REPORT

The philosophy of GrafTech's Board of Directors and the Committee has always been, and continues to be, to compensate management in a manner and an amount that enables us to seek to:

- o attract and retain qualified individuals;
- o motivate them to devote effort, initiative and ability to enable GrafTech to meet its goals; and
- o align their interests with the interests of stockholders.

GrafTech seeks to implement this philosophy, with respect to management employees, through a combination of base compensation (including benefits) and stock- and cash-based incentives. In general, base compensation is intended to be sufficient to attract and retain qualified employees. Stock-based incentive compensation is designed to compensate management for long term value creation for GrafTech's stockholders as reflected in the market value of our common stock. The Committee believes that this is the primary interest of stockholders and that, over the long term, improvements in the performance of GrafTech's businesses will be the primary driver of such value creation. Cash-based incentive compensation is designed to reward management for achievement of annual cash targets and strategic milestones that improve the performance of GrafTech's businesses and create long-term value.

Consistent with this philosophy and these factors, compensation of senior management for 2004 consisted of base salary. For 2004, the base salary of the Chief Executive Officer and the other executive officers were determined by the Committee, and for the other members of management by the Chief Executive Officer, based on general parameters determined by the Committee in consultation with the Chief Executive Officer. Base salary for each member of senior management is determined after taking into account his or her current or new position and current base salary, salaries and other compensation offered by other companies for individuals in equivalent positions, and, to the extent relevant, the geographic area in which he or she is or will be employed.

Edgar Filing: GRAFTECH INTERNATIONAL LTD - Form DEF 14A

Annual cash bonuses awarded to each member of senior management are determined based on the factors mentioned above, achievement of specified goals during the prior year and performance of GrafTech as a whole during the prior year. Annual cash bonuses for each year are determined and payable in the following year. The specified goals for 2004 primarily related to cash flow from GrafTech's lines of business. The cash flow goals were not achieved in 2004 and, as a result, no annual cash bonuses were awarded for 2004.

Stock options, restricted stock and other equity-based awards granted to each member of senior management are determined based on the same factors as those mentioned above. A grant of stock options to purchase an aggregate of 3,021,500 shares of our common stock was made in July 2003 (for the years 2003, 2004 and 2005) to approximately 50 senior management employees. The grant is intended to constitute a long-term incentive program, and the terms of this grant are described beginning on page 21.

Mr. Shular's compensation for 2004 was determined on the same basis as other members of senior management (commensurate with his position).

Section 162(m) of the Internal Revenue Code of 1986 limits the deductibility by public companies of certain executive compensation in excess of \$1 million per executive per year, but excludes from the calculation of the \$1 million limit certain elements of compensation, including performance-based compensation, provided that certain requirements are met. While the Committee considers the impact of Section 162(m) in connection with implementing the philosophy described above, it does not believe that Section 162(m) is a significant factor in determining the amount or types of compensation to be paid to senior management or the conditions to payment of such compensation.

DIRECTOR COMPENSATION

The philosophy of GrafTech's Board of Directors has always been, and continues to be, to compensate non-employee directors in a manner and an amount that enables us to:

- o attract and retain qualified and experienced individuals;
- o motivate them to devote time and effort to GrafTech; and
- o align their interests with the interests of stockholders.

Competition for and retention of qualified and experienced directors is particularly intense in the current corporate governance environment. GrafTech's Board of Directors seeks to implement this philosophy through a combination of cash payments and stock-based incentives that achieves an appropriate total compensation level.

Beginning in 2004, each director who is not an employee of GrafTech is compensated for services as a director by an annual retainer of \$30,000 and a meeting fee of \$1,500 for each Board meeting attended and \$1,000 for each committee meeting attended, including attendance by telephone. In addition, the Chairpersons of the Board, the Audit and Finance Committee and the other standing committees of the Board are compensated for such services by an additional annual retainer of \$25,000, \$10,000 and \$5,000, respectively.

All directors are entitled to reimbursement for expenses incurred in rendering services as directors. Employee directors do not receive compensation for rendering services as directors.

Stock Option and Restricted Stock Grants. The Organization, Compensation and Pension Committee has adopted a policy of granting to non-employee directors then serving awards with respect to that number of shares of our common stock fixed annually by the Committee (the **Annual Grant**). For 2003 and 2004, the Annual Grant consisted of awards of options to purchase 12,800 shares and 3,500 shares, respectively,

of our common stock such that the value of the award at the time of the grant approximated \$33,000. For 2005, the Annual Grant consisted of awards of 5,000 restricted shares of our common stock. The Committee has also adopted a policy of granting to non-employee directors options to purchase 5,000 shares of our common stock (the **Initial Grant**) as well as a prorated portion of the Annual Grant upon their initial election as directors. All of these restricted shares and options generally vest one year after the date of grant so long as the director is then serving as a director. The exercise price per share of these options is the fair market value on the date of grant (as defined under the relevant stock-based incentive plan). Vested options granted to a non-employee director expire upon the earlier of ten years after the date of grant or four years after the director ceases to be a director. Other provisions relating to these options are the same as those relating to options granted to management employees as described beginning on page 21.

Other Compensation. GrafTech's Board of Directors has in the past and the Organization, Compensation and Pension Committee may in the future award additional cash- or stock-based compensation to one or more directors for special services rendered to GrafTech.

Non-employee directors have in the past agreed to accept, in lieu of cash payment of retainers and accrued meeting fees, a grant of options with a value that approximates the amount of such retainers and accrued meeting fees. Options granted in lieu of retainers vest ratably over the year to which the retainers relate. Options granted in lieu of accrued meeting fees vest immediately. The exercise price, terms and other provisions are the same as those described above. No such options were granted for service as a director in 2003 or 2004.

Beginning in 2004, the Organization, Compensation and Pension Committee has authorized us to offer non-employee directors the opportunity to receive deferred stock units in lieu of some or all of their retainers and accrued meeting fees for services. Each deferred stock unit represents a share of our common stock which has been awarded to a recipient for delivery at a later date, and, which, once vested, is not subject to forfeiture. It is intended that the value (based on fair market values described above) and vesting of the deferred stock awarded approximate the amount and timing of retainers and fees that would otherwise be paid. Vesting accelerates upon the occurrence of a change of control (as described beginning on page 22), upon death or at the election of GrafTech's Board of Directors or the Organization, Compensation and Pension Committee. Delivery of our common stock represented by the deferred stock units will be made on the earliest of a date specified by the recipient (that is in a year after the year during which the election is made), the date on which a change of control occurs, the recipient's death, or the fifth anniversary of the date on which the recipient ceases to be a director.

17

STOCK OWNERSHIP GUIDELINES FOR DIRECTORS AND SENIOR MANAGEMENT

Currently, GrafTech's Board of Directors has adopted guidelines for ownership of common stock by directors and members of senior management. Compliance with the guidelines is voluntary.

Under the guidelines, each non-employee director should, within a reasonable period of time after election as a director, own shares of our common stock with a market value equal to at least two times his or her annual retainer.

In addition, under the guidelines, certain members of senior management should, within five years after appointment as a member of senior management, own shares of our common stock with a market value equal to his or her annual base salary (or, in the case of the Chief Executive Officer, three times his or her annual base salary).

18

EXECUTIVE COMPENSATION

The following table sets forth certain information concerning compensation received by the Chief Executive Officer at December 31, 2004 and each of our other four most highly compensated executive officers at December 31, 2004 who received total salary and bonus compensation in excess of \$100,000 for services rendered in all capacities (including service as a director of GrafTech or an officer or director of one or more of our subsidiaries) during our last fiscal year. Option Grants, Exercises and Values

In July 2003, we adopted a long-term incentive program that provided for the grant of stock options under our stock-based incentive plans described beginning on page 21. Under this program, we granted options to certain officers, managers and others to purchase an aggregate of 3,021,500 shares of our common stock at an exercise price equal to the fair market value (as defined under the plans) on the date of grant, which was July 31, 2003. The number of shares covered by the options granted to each recipient approximated the aggregate number that would otherwise have been granted annually to such recipient over the three-year period from 2003 through 2005. These options vest in five years from the date of grant and expire five months thereafter. The vesting period may be accelerated if certain cash flow from operations targets are met. As of March 1, 2005, one-third of these options were vested. Vested options do not become exercisable until March 2006.

The following table sets forth certain information relating to the exercise of options by the named executive officers during 2004 and the value of options held by the named executive officers at December 31, 2004.

John J. Wetula	--	--	146,300/126,000	\$70,091/\$304,500

* The unexercisable options include the options granted in 2003 under the long term incentive program.

The value of the unexercised in-the-money-options is based on \$9.46, the closing price of the common stock on the NYSE on December 31, 2004 and the exercise price per share of each of these options which is equal to the fair market value (as defined under the plan) on the date of grant. These options will vest on various dates through July 31, 2008 and expire between February 8, 2006 and September 25, 2011.

Stock-Based Incentive Plans

We maintain several plans which provide for the grant of awards or rights to employees that are valued or measured in whole or in part in reference to, or are otherwise based on, our common stock, including options, restricted stock, phantom stock, stock units and performance shares. Non-employee directors are eligible to receive awards under one of the plans. The plans have been and, subject to limitations imposed by the listing standards of the NYSE, may be amended from time to time without stockholder approval (except in the case of one plan, certain amendments of which would require shareholder approval, under which 373,000 shares of our common stock remain available for issuance, all of which are subject to outstanding options). The number of shares of our common stock still reserved under plans in which named executive officers and non-employee directors are eligible to participate was 6,253,239 as of December 31, 2004, of which 5,744,927 were subject to then outstanding options. Any shares subject to, and the exercise or measurement prices of, awards are subject to adjustment for stock dividends, stock splits and certain business combinations and other events.

Employees have been and may be granted vested or unvested awards at the discretion of GrafTech's Board of Directors or the Organization, Compensation and Pension Committee. Unvested awards granted to management employees have vested or may vest on satisfaction of such employment or performance conditions as may be imposed by GrafTech's Board of Directors or the Organization, Compensation and Pension Committee at the time of grant. GrafTech's Board of Directors or the Organization, Compensation and Pension Committee has the right to accelerate the vesting of any or all unvested awards at any time. The exercise price per share of options is determined by GrafTech's Board of Directors or the Organization, Compensation and Pension Committee at the time of grant and may not be less than the fair market value of a share of our common stock. The definition of fair market value under those plans means the closing sale price of a share of our common stock on the last trading day preceding the date of grant or, after February 17, 2004, the closing sale price of a share of our common stock on the date of grant. The exercise price of options may, under certain circumstances, be paid with the proceeds from the sale of shares to be issued upon exercise of such options. A third-party broker assists in the administration of the plans. All options which have been granted, and substantially all options which may be granted, under the plans are nonqualified stock options. Options awarded to employees expire on, among other dates, the date fixed by GrafTech's Board of Directors, or the Organization, Compensation and Pension Committee at the time the options are granted, but must expire within ten years after the date of grant (except in the case of one plan which provides that options must expire within 12 years of the date of grant). Subject to the limitations with respect to the term and exercise price of the options described above, GrafTech's Board of Directors or the Organization, Compensation and Pension Committee has the authority to establish the terms and conditions of all awards at the time such awards are granted, including, without limitation, the terms and conditions relating to settlement in cash or shares of our common stock or a combination thereof, performance measures, registration with the SEC, withholding of taxes, transferability, forfeiture and clawback, anti-dilution and other adjustments to reflect dividends and distributions, and exercise. The plans do not expressly permit the repricing or reloading of options. As such, the Board would seek shareholder approval prior to any decision to reprice or reload options. GrafTech has never repriced stock options. Notwithstanding the terms of the plans under the Board and Committee charters, only the Organization, Compensation and Pension Committee may grant awards, or take action with respect to the awards granted, to the Chief Executive Officer and the other named executive officers.

21

All unvested awards become vested upon the occurrence of a change of control. In addition, we have the right to cancel substantially all outstanding options in the event of a change of control, in which event we are required to pay optionees an amount equal to the difference between the exercise price of the canceled options and the fair market value of the underlying shares. A change of control occurs on:

- o the date on which any person or group becomes the beneficial owner of 15% or more of the then issued and outstanding common stock or voting securities of GrafTech;
- o the date on which any person or group acquires the right to vote on any matter, by proxy or otherwise, with respect to 15% or more of the then issued and outstanding common stock or voting securities of GrafTech;
- o the date, at the end of any two-year period, on which individuals, who at the beginning of such period were directors of GrafTech, or individuals nominated or elected by a vote of two-thirds of such directors or directors previously so elected or nominated, cease to constitute a majority of GrafTech's Board of Directors;
- o the date on which stockholders of GrafTech approve a complete liquidation or dissolution of GrafTech; or
- o the date on which GrafTech consummates certain reorganizations, mergers, asset sales or similar transactions.

The following table sets forth certain information relating to the shares of common stock that may be issued under our stock-based incentive plans at March 28, 2005.

Retirement and Benefit Plans

We made a number of changes to our retirement and benefit plans, effective in 2001 and 2003. First, our qualified defined benefit retirement plan was frozen. This means that no additional benefits are accruing under the plan, although benefits previously accrued under the plan will still be payable from the plan when due. In addition, our nonqualified defined benefit retirement plans, which were designed to provide benefits that could not be paid under the qualified defined benefit retirement plan, were also frozen. This means that, for all but a few retirees whose benefits were already being paid under the plans, amounts equal to the lump sum actuarial values of the benefits allocable to the participants in the plans were added to the respective participants' accounts in our compensation deferral plan. These amounts are unfunded, and these amounts, together with any compensation deferred and other allocations made under our compensation deferral plan, will be paid in accordance with the terms of that plan. The following table sets forth the lump sum amounts that were added to the accounts in the compensation deferral plan for each of the named executive officers.

Name	Lump Sum Benefit Value Transferred to Compensation Deferral Plan
Craig S. Shular	\$ 2,993,141
Corrado F. De Gasperis	45,610
Scott C. Mason	577,718
Karen G. Narwold	151,243

Name	Lump Sum Benefit Value Transferred to Compensation Deferral Plan
John J. Wetula	76,784

Finally, our third country national plan was terminated, and benefits under the plan were allocated to our compensation deferral plan or our Swiss termination indemnity plan. None of the named executive officers had a benefit under our third country national plan. In lieu of our defined benefit retirement plans, we adopted defined contribution retirement plans consisting of qualified defined contribution retirement plan employer contributions under the Savings Plan and nonqualified defined contribution retirement plan employer allocations under our compensation deferral plan.

Retirement Program. Prior to February 25, 1991, substantially all of our domestic employees participated in the Union Carbide Retirement Program. Effective February 25, 1991, we adopted the UCAR Carbon Retirement Program, which was similar to the Union Carbide Retirement Program at that time and consisted of a qualified defined benefit retirement plan and several nonqualified defined benefit retirement plans. Retirement and death benefits related to employee service through February 25, 1991 are covered by the Union Carbide Retirement Program. Benefits paid by the Union Carbide Retirement Program are based on final average pay through February 25, 1991 plus salary increases (not to exceed 6% per year) through January 26, 1995. All of our employees who retired prior to February 25, 1991 are covered under the Union Carbide Retirement Program. Subject to certain limitations, all service and earnings recognized under the Union Carbide Retirement Program prior to February 25, 1991 are recognized under the UCAR Carbon Retirement Program. The cost of the UCAR Carbon Retirement Program is borne entirely by us. The cost of the Union Carbide Retirement Program is borne entirely by Union Carbide Corporation and its successors.

Prior to January 1, 2002, the UCAR Carbon Retirement Program covered substantially all of our employees in the U.S. and certain U.S. nationals employed by our foreign subsidiaries. Effective as of December 31, 2001, all employees, other than union employees and certain eligible employees (called **Grandfathered Participants**) who elected to remain in our qualified defined benefit retirement plan, had their benefit accruals frozen and, effective January 1, 2002, ceased accruing benefits under our qualified defined benefit retirement plan included within the UCAR Carbon Retirement Program. With respect to the named executive officers, Messrs. Shular and Wetula and Ms. Narwold were eligible to elect, and did elect, to remain in our qualified defined benefit retirement plan. However, the Grandfathered Participants ceased accruing benefits and had their benefit accruals frozen under our qualified defined benefit retirement plan as of March 31, 2003, or in the case of certain union participants, as of April 30, 2003, July 31, 2003 or July 31, 2004. The applicable date when a participant's benefit accruals were frozen is called the **Benefit Freeze Date**.

Under federal income tax laws, the amount of benefits that can be paid from a qualified defined benefit retirement plan is limited. The UCAR Carbon Retirement Program included nonqualified defined benefit retirement plans for payment of those benefits that could not be paid from our qualified defined benefit retirement plan. Except with respect to years of service as described below for Messrs. Shular and Mason, the practical effect of these nonqualified plans, together with our qualified plan, was to calculate retirement benefits to all employees, including those who are officers, on a uniform basis. As described above, for all but a few people whose benefits were already in pay status, all benefits under our nonqualified defined benefit retirement plans were frozen in 2003, the lump sum actuarial values of such benefits were added to participants accounts under our compensation

23

deferral plan and the accrual of additional benefits under our nonqualified defined benefit plans ceased. We have agreed that, for the purpose of calculating Messrs. Shular's and Mason's benefits under the UCAR Carbon Retirement Program, Messrs. Shular and Mason will receive credit for 22.5 years and 18.5 years, respectively, of prior service, all of which was with Union Carbide, offset by the amount of benefits receivable under the Union Carbide Retirement Program.

Under the UCAR Carbon Retirement Program, the monthly amount of an employee's retirement benefit upon retirement at age 65 is a percentage of average monthly compensation received during the 36-month period preceding the Benefit Freeze Date, or the highest average monthly compensation received during any three calendar years in the ten calendar years preceding the Benefit Freeze Date if it would result in a higher amount, multiplied by the number of years of service credit prior to the Benefit Freeze Date, less up to 50.0% of projected primary Social Security benefits and less any public or other GrafTech provided pension (except any military pension or any non-primary benefit under the Social Security Act). An employee who is (1) age 62 or over with ten or more years of service credit or (2) whose age and service credit add up to 85 may voluntarily retire earlier than age 65 with a retirement benefit unreduced because of early retirement, based on years of service credit at the date of retirement. The compensation covered by the UCAR Carbon Retirement Program includes salary and certain variable compensation, including group profit sharing in an amount up to 8.0% through 1999 and 12.0% thereafter until the Benefit Freeze Date of the employee's base salary.

The following table sets forth the estimated annual benefits payable, based on the indicated credited years of service and the indicated average annual compensation used in calculating benefits, assuming a normal retirement at age 65, under the Union Carbide Retirement Program and the qualified defined benefit retirement plan under the UCAR Carbon Retirement Program on a combined basis. The benefits payable reflected in

the following table are calculated on a straight life annuity basis and are subject to an offset for Social Security benefits. As a result of changes to our qualified and non-qualified retirement plans, benefits payable as indicated in the following table will be payable only based on annual compensation and credited years of service through the applicable Benefits Freeze Date, regardless of when the date of retirement occurs and subject to the limitation mentioned above on the amount of benefits that can be paid from a qualified defined benefit retirement plan under federal income tax laws.

Average Annual Compensation	Years of Service		
	15	20	25
\$ 100,000	\$ 22,500	\$ 30,000	\$ 37,500
150,000	33,570	45,000	56,520
250,000	56,520	75,000	93,750
500,000	112,500	150,000	187,500

The following table sets forth, as of the applicable Benefit Freeze Date, the number of years of service credited to the named executive officer under the UCAR Carbon Retirement Program, including the number of such years credited for service with Union Carbide as described above.

Name	Total Number of Years of Service Credited Under UCAR Carbon Retirement Program

Savings Plan. We maintain the UCAR Carbon Savings Plan, which is qualified under Sections 401(a) and 401(k) of the Internal Revenue Code of 1986. All of our regular, full-time U.S. employees are eligible to participate in the Savings Plan.

Assets in the Savings Plan are held in four types of accounts: an after-tax account to which participants may make contributions on an after-tax basis; a before-tax account to which participants may make contributions on a pretax basis; a company contribution account to which matching contributions are allocated; and an employer contribution account to which certain additional company

contributions are allocated. The maximum employee contribution (pretax and after-tax combined) for any year for any participant is 50.0% of such participant's compensation (subject to statutory limits).

We make a matching contribution, in the form of shares of our common stock, for each participant who elects to contribute to the Savings Plan. The matching contribution is 100.0% of the first 3.0% of compensation and 50.0% of the next 2.0% of compensation that a participant contributes.

In addition to matching contributions, we make a qualified defined contribution retirement plan employer contribution each year equal to 2.5% of the participant's compensation up to the social security taxable wage base for the year, plus 5.0% of compensation above the social security wage base (not to exceed the amount of compensation set by statutory limits). A participant becomes fully vested in these qualified defined contribution retirement plan employer contributions once he or she has completed five years of service.

Contributions to the Savings Plan are invested, as the employee directs, in various funds offered under the Savings Plan from time to time, including a fund that invests entirely in our common stock. Amounts invested in our common stock fund, including any matching contributions, may be switched into another investment option at any time. The account balances of participants reflect both their contributions and our contributions as well as the investment performance of the investments in which those amounts are invested. Distributions of account balances

from the Savings Plan are generally made upon retirement or other termination of employment, unless deferred by the participant.

Compensation Deferral Plan. We maintain a compensation deferral plan for the benefit of eligible management employees who participate in our variable compensation programs or employees whose benefits under the Savings Plan are limited by the benefit restrictions of Section 415 of the Internal Revenue Code. The plan is effective for compensation that would otherwise be payable on or after January 1, 2000.

Participants are able to defer up to 85.0% of their variable compensation and up to 50.0% of their base salary. Effective March 31, 2003, in each calendar quarter, participants are credited with a matching allocation equal to 100.0% of the first 3.0% and 50.0% of the next 2.0% of the participant's deferrals of their compensation under the plan to the extent that it exceeds the amount of compensation that may be considered under the UCAR Carbon Savings Plan (in 2004, such amount was \$205,000). In addition, participants are credited with nonqualified defined contribution retirement plan employer allocations equal to 5.0% of their compensation in excess of the amount that may be considered under the UCAR Carbon Savings Plan. Participants are immediately vested in the matching allocation and the unfunded lump sum actuarial values described above, but are not vested in the nonqualified defined contribution retirement plan employer allocations until they have completed five years of service.

Deferrals, additions, contributions and allocations to our compensation deferral plan are credited with a rate of return based on various funds, including a fund that tracks the value of our common stock, as the employee directs from time to time. An employee may prospectively change the funds for crediting rates of return at any time. The account balances of participants reflect both their deferrals and our additions, allocations and contributions as well as the rate of return on the funds selected by the participants for those amounts. Distributions of account balances from the plan generally will be made upon retirement or other termination of employment or upon a change in control, unless further deferred by the participant. For purposes of the plan, a change in control is defined in accordance with requirements of the American Jobs Creation Act of 2004.

Benefit Security. Retirement and other benefits are paid out of our general assets, except for payments out of the trusts for our qualified retirement plan and the UCAR Carbon Savings Plan and except for payments out of grantor trusts or funded by the purchase of annuities.

We maintain a grantor trust to assist in providing for payments under our compensation deferral plan and the severance agreements described under Agreements. We periodically contribute to the trust cash and shares of our common stock (valued at fair market value at the time of contribution) in an amount equal to all amounts deferred by or contributed or allocated to participants under our compensation deferral plan (excluding lump sum actuarial values added to participants' accounts in connection with the freeze of our nonqualified defined benefit retirement plans described above). We have also separately contributed 426,400 shares of our common stock to the trust. The trust contains a benefits protection account (to which \$250,000 in cash has been contributed) which makes funds available to an administrative committee for the trust to assist participants and their beneficiaries in enforcing their claims with respect to payments under the plans covered by the trust upon a change of control.

We may from time to time contribute assets to or, with the approval of a majority of GrafTech's Board of Directors, withdraw assets from the trust (other than from the benefits protection account, to which the \$250,000 has been contributed), except that no withdrawal can be made after a change of control until all payments under the plans covered by the trust are made. GrafTech's Board of Directors may amend or terminate the trust at any time prior to a change of control. Upon a change of control, the trust

25

becomes irrevocable, GrafTech is required to make contributions to the trust sufficient to make payments under the plans covered by the trust and the administrative committee is required to use the amounts held in the trust for such purposes. Upon a change of control, no amendment of the trusts may be adopted without the written consent of a majority of the participants and the beneficiaries who are entitled to benefits thereunder. Consistent with the requirements of applicable law, the assets of the trust are subject to the claims of creditors of GrafTech in the event of GrafTech's insolvency or bankruptcy. For purposes of the trust, a change of control has the same definition as that described with respect to our stock-based incentive plans.

Agreements. GrafTech's Board of Directors has approved change of control severance compensation agreements for the named executive officers and other members of senior management. In the case of the named executive officers, the agreements provide for severance compensation equal to 2.99 times the officer's base salary and, with respect to U.S. employees, extended insurance coverage and reimbursement for certain excise tax liabilities (and income tax liabilities on this reimbursement). The officers are entitled to the compensation if they are terminated (other than for cause) or resign for good reason within three years after a change of control. A change of control has the same meaning under the agreements as it has under the stock incentive plans described above.

Compensation Committee Interlocks and Insider Participation

Neither John R. Hall, R. Eugene Cartledge nor Mary B. Cranston, the members of the Organization, Compensation and Pension Committee during 2004, served as an officer or employee of GrafTech or any of its subsidiaries at any time during or prior to 2004. During 2004, no executive officer of GrafTech served as a director or member of the compensation committee (or other committee serving an equivalent

Edgar Filing: GRAFTECH INTERNATIONAL LTD - Form DEF 14A

function) of any other entity, an executive officer of which served as a director or member of the Organization, Compensation and Pension Committee.

Stock Performance Graph

The following graph sets forth the cumulative total return to stockholders on an initial investment, as of December 31, 1999, of \$100 in GrafTech's common stock as compared to an initial investment, as of December 31, 1999, of \$100 in the Russell 2000 Index and the Dow Jones Industrial Average over the period from December 31, 1999 through December 31, 2004. Total return assumes dividend reinvestment. We previously compared cumulative return to stockholders against the NYSE Industrials Index which the NYSE ceased publishing in January 2004 and the Standard & Poor's 400 Midcap Index. We believe that the Russell 2000 Index provides a more meaningful comparison than the Standard & Poor's 400 Midcap Index. The performance shown on the graph is not necessarily indicative of future performance.

SECURITY OWNERSHIP OF MANAGEMENT AND CERTAIN BENEFICIAL OWNERS

The following table sets forth, at March 28, 2005, the number and percentage of issued and outstanding shares of our common stock owned, both actually and beneficially as determined pursuant to the rules promulgated by the SEC, by:

- o each stockholder known by us to own more than 5% of the issued and outstanding shares of our common stock;
- o each director;
- o each of the named executive officers; and
- o all of the directors and executive officers as a group.

PROPOSAL TWO: APPROVAL OF THE GRAFTECH 2005 EQUITY INCENTIVE PLAN

General

Stockholders of GrafTech are being asked to approve the GrafTech International Ltd. 2005 Equity Incentive Plan (**2005 Plan**). If approved by Stockholders, the 2005 Plan will replace the GrafTech Management Stock Incentive Plan (Original Version), Management Stock Incentive Plan (Senior Version), Management Stock Incentive Plan (Mid-Management Version), 1995 Equity Incentive Plan and 1996 Mid-Management Equity Incentive Plan (collectively, the **Existing Plans**) which will be frozen and will remain in effect only to the extent of awards outstanding under such Existing Plans as of May 25, 2005 (no future awards under the Existing Plans will be made). Additional shares would become available for awards under the 2005 Plan only if stock options or stock grants currently outstanding under the Existing Plans expire or are canceled or forfeited before they are exercised or vest, respectively, and limited to the extent of the current outstanding awards. GrafTech's Board of Directors unanimously approved the 2005 Plan on April 12, 2005, and directed that it be submitted to the Stockholders for approval at GrafTech's 2005 Annual Meeting.

The purpose of the 2005 Plan is to promote the interests of GrafTech and its stockholders by strengthening GrafTech's ability to attract, motivate, and retain personnel upon whose judgment, initiative, and efforts the financial success and growth of the business of GrafTech largely depend, to offer such personnel additional incentives to put forth maximum efforts for the success of the business, and to afford them an opportunity to acquire a proprietary interest in GrafTech through stock ownership and other rights. If approved, the 2005 Plan will be an important component of the total compensation package offered to employees and directors, reflecting the importance that GrafTech places on motivating and rewarding superior results with long-term, performance-based incentives.

The Board believes that the continued use of the Existing Plans is less desirable than moving to a new plan, especially in light of changes to the NYSE listing rules and other tax and regulatory changes since the adoption of the Existing Plans. Accordingly, the Board recommends that

stockholders vote **FOR** the proposal to approve the GrafTech 2005 Equity Incentive Plan.

Description of the 2005 Plan

The following is a summary of the principal features of the 2005 Plan and its operation and is qualified by reference to the full text of the 2005 Plan, a copy of which is attached as Appendix A to this proxy statement.

Administration. The 2005 Plan is administered by the Organization, Compensation & Pension Committee (**Committee**) as the administrator of the 2005 Plan. The Committee is composed of at least two directors who qualify as outside directors under Section 162(m) of the Internal Revenue Code of 1986 (**Code**) and/or as non-employee directors under Rule 16b-3 promulgated under the Securities Exchange Act of 1934. Subject to the terms of the 2005 Plan, the Committee has the power to select the executive officers (including covered employees as defined in Code Section 162(m)) who are eligible to receive awards under the 2005 Plan, the type and amount of incentive awards to be awarded, and the terms and conditions of such awards and to otherwise approve the total amount of awards that may be granted to different levels of employees in GrafTech. The Committee may delegate its authority under the 2005 Plan described in the preceding sentence to officers or other employees of GrafTech, but may not take any action in contravention of Rule 16b-3 promulgated under the Securities Exchange Act of 1934, the performance-based compensation exception under Code Section 162(m), or the Sarbanes-Oxley Act of 2002. The Committee also has the authority to interpret the 2005 Plan and establish, amend or waive rules necessary or appropriate for the administration of the 2005 Plan.

Eligibility. Any employee of GrafTech or a subsidiary of GrafTech and, in the case of awards other than Incentive Stock Option Awards, any independent contractor, consultant or advisor providing services to GrafTech or any of its subsidiaries who is specifically identified by the Committee, and any non-employee director of GrafTech or a subsidiary of GrafTech is eligible to receive awards under the 2005 Plan. While all of our employees, non-employee directors, independent contractors, advisors and consultants would be eligible to participate in the 2005 Plan, it is expected that most awards under the 2005 Plan would be made to our senior officers, managers, and technical and professional personnel.

Shares Subject to the 2005 Plan. The maximum number of shares of GrafTech's common stock, par value \$0.01 per share, that may be delivered pursuant to awards granted under the 2005 Plan is 4,800,000 shares of common stock, plus any

30

shares of common stock that are represented by awards outstanding under the Existing Plans on May 25, 2005 that are subsequently forfeited or terminated, expire unexercised, lapse or are otherwise canceled in a manner such that the shares of common stock covered by such awards would be available for future awards under the Existing Plans. Any shares subject to an award under the 2005 Plan that are forfeited or terminated, expire unexercised, lapse or are otherwise canceled in a manner such that the shares of common stock covered by such award are not issued may be used again for awards under the 2005 Plan. The maximum number of shares deliverable pursuant to awards granted under the 2005 Plan is subject to adjustment by the Committee in the event of certain dilutive changes in the number of outstanding shares. Upon stockholder approval of the 2005 Plan, the Existing Plans will no longer be available for use for new awards.

Amendment of the 2005 Plan. The Board of Directors has the power and authority to terminate or amend the 2005 Plan at any time; provided, however, that, to the extent that the Board of Directors determines that the listing requirements of any national securities exchange or quotation system on which GrafTech's common stock is then listed or quoted, or the Code or regulations promulgated thereunder, require stockholder approval in order to maintain compliance with such listing requirements or to maintain any favorable tax advantages or qualifications, then the 2005 Plan shall not be amended without approval of GrafTech's stockholders. No amendment to the 2005 Plan may adversely affect any rights of a holder of an outstanding award under the 2005 Plan without such holder's consent.

The 2005 Plan contains limitations with respect to awards that may be made. If stockholders approve the 2005 Plan, the following limitations will apply to any awards made under the 2005 Plan:

Transferability. Rights under any award granted under the 2005 Plan may be transferred only as may be approved by the Committee. However, nonqualified stock options will in all events be nontransferable otherwise than by will or the laws of descent and distribution.

Change in Control. It is expected that the award agreements will provide that in the event of a Change in Control, all outstanding awards will become 100% vested, free of all restrictions, immediately and fully exercisable, and deemed earned in full and payable as of the day immediately preceding the Change in Control.

Award Agreements and Term. All awards under the 2005 Plan will be authorized by the Committee and evidenced by an award agreement setting forth the terms and conditions of such award. An award agreement may, but need not be, executed or acknowledged by GrafTech or the recipient of the award. No new awards may be granted under the 2005 Plan after ten years from the date on which it is approved by the stockholders.

Stock Options. A grant of a stock option entitles a participant to purchase from GrafTech a specified number of shares of GrafTech's common stock at a specified price per share. In the discretion of the Committee, stock options may be granted as nonqualified stock options or incentive stock options, but incentive stock options may only be granted to employees of GrafTech or a subsidiary. No stock options may be exercisable for more than ten years from the date of grant.

The Committee may fix any price as the purchase price per share of GrafTech's common stock which may be purchased under a stock option. However, the purchase price per share of common stock which may be purchased under a stock option must be at least equal to the fair market value of GrafTech's common stock on the date of grant. The exercise price for shares of common stock acquired on exercise of a stock option must be paid in cash or, if approved by the Committee, by (i) delivery of shares of GrafTech's common stock that have been held by the optionee for at least six months with a fair market value equal to the exercise price of the stock option, (ii) the withholding of shares that would otherwise be issuable upon exercise, (iii) participation in a broker-assisted cashless exercise arrangement, or (iv) payment of any other form of consideration acceptable to the Committee.

Stock Appreciation Rights (SARs). The grant of an SAR provides the holder with the right to receive a payment in shares of GrafTech's common stock equal to the excess of the fair market value of a specified number of shares of common stock on the date the SAR is exercised over a SAR price specified in the applicable award agreement. The SAR price specified in an award agreement must be equal to or greater than the fair market value of GrafTech's common stock on the date of the grant of the SAR. No SAR may be exercisable for more than ten years from the date of grant.

Restricted Stock. A grant of restricted stock is an award of shares of GrafTech's common stock subject to restrictions or limitations set forth in the 2005 Plan and in the related award agreement. The award agreement for restricted stock will specify the time or times within which such award may be subject to forfeiture and any performance goals or employment goals that must be met in order to remove any restrictions on such award. Except for limitations on transfer or limitations set forth in the applicable award agreement, holders of restricted stock shall have all of the rights of a shareholder of GrafTech, including the right to vote the shares, and, if provided in the applicable award agreement, the right to receive any dividends thereon.

31

Other Awards. The Committee may grant to any participant other forms of awards payable in shares of GrafTech's common stock or cash including Phantom Stock Awards and Deferred Stock Awards. The terms and conditions of such other form of award shall be specified by the applicable award agreement. Such other awards may be granted for no cash consideration, other than services already rendered, or for such other consideration as may be specified by the award agreement.

Performance-Based Awards. Awards may be granted under the 2005 Plan that are subject to the attainment of pre-established performance goals over a specified performance period. Performance-based awards may be payable in stock or cash. The award agreement for a performance-based award will specify the performance period, the performance goals to be achieved during the performance period, and the maximum or minimum settlement values. Performance goals set by the Committee may relate to earnings per share, total stockholder return, return on stockholders' equity, cash flows, cumulative return on net assets and other objective performance criteria set forth in the 2005 Plan that the Committee believes to be relevant to GrafTech's business.

Termination of Employment, Death, Disability and Retirement. The Committee shall specify in each award agreement the terms and conditions for becoming vested in, and exercising (where applicable), awards upon the termination of a participant's employment, death, disability and retirement.

Federal Income Tax Consequences

The following is a general summary as of the date of this proxy statement of the United States federal income tax consequences associated with the grant of awards under the 2005 Plan. The federal tax laws may change and the federal, state and local tax consequences for any participant will depend upon his or her individual circumstances. Also, this information may not be applicable to employees of foreign subsidiaries or to participants who are not residents of the United States. Participants have been and are encouraged to seek the advice of a qualified tax advisor regarding the tax consequences of participation in the 2005 Plan.

Nonqualified Stock Options. A participant receiving a nonqualified stock option will not recognize income and GrafTech will not be allowed a deduction at the time the option is granted. When a participant exercises a nonqualified stock option, the participant will have ordinary income equal to the excess, if any, of the fair market value of the stock on the date of exercise over the option price. GrafTech will be entitled to a deduction for federal income tax purposes in an equal amount. When a participant disposes of shares acquired by the exercise of the option, any amount received in excess of the fair market value of the shares on the date of exercise will be treated as short-term or long-term capital gain, depending upon whether the participant held the shares for more than one year following the exercise of the option. If the amount received is less than the fair market value of the shares on the date of exercise, the loss will be treated as short-term or long-term capital loss, depending upon whether the participant held the shares for more than one year following the exercise of the option.

Incentive Stock Options. Incentive stock options granted under the 2005 Plan are intended to meet the requirements of Code Section 422 to qualify as incentive stock options. A participant receiving a grant of incentive stock options will not recognize income and GrafTech will not be allowed a deduction at the time such an option is granted. When a participant exercises an incentive stock option while employed by GrafTech or its subsidiary or within the three-month (one year for disability) period after termination of employment, no ordinary income will be recognized by the participant at that time (and no deduction will be allowed to GrafTech) but the excess of the fair market value of the shares acquired by such exercise over the option price will be taken into account in determining the participant's alternative minimum taxable income for purposes of the federal alternative minimum tax. If the shares acquired upon exercise are not disposed of until more than two years after the date of grant and one year after the date of transfer of the shares to the participant (statutory holding periods), the excess of the sale proceeds over the aggregate option price of such shares will be taxable as long-term capital gain, and GrafTech will not be entitled to any federal income tax deduction. Except in the event of death, if the shares are disposed of prior to the expiration of the statutory holding periods (a Disqualifying Disposition), the excess of the fair market value of such shares at the time of exercise over the aggregate option price (but not more than the gain on the disposition if the disposition is a transaction on which a loss, if sustained, would be recognized) will be ordinary income at the time of such Disqualifying Disposition (and GrafTech or its subsidiary will be entitled to a federal tax deduction in a like amount), and the balance of the gain, if any, will be capital gain (short-term or long-term depending upon whether the participant held the shares for more than one year following the exercise of the option). To the extent that the aggregate fair market value of stock (determined on the date of grant) with respect to which incentive options become exercisable for the first time during any calendar year exceeds \$100,000, such excess options will be treated as nonqualified options.

Payment Using Shares. If a participant pays the exercise price of a nonqualified or incentive stock option with previously-owned shares of GrafTech's common stock and the transaction is not a Disqualifying Disposition, the shares

32

received equal to the number of shares surrendered are treated as having been received in a tax-free exchange. The shares received in excess of the number surrendered will not be taxable if an incentive stock option is being exercised, but will be taxable as ordinary income to the extent of their fair market value if a nonqualified stock option is being exercised. The participant does not recognize income and GrafTech receives no deduction as a result of the tax-free portion of the exchange transaction. If the use of previously acquired incentive stock option shares to pay the exercise price of another incentive stock option constitutes a Disqualifying Disposition, the tax results are as described in the preceding paragraph. The income treatment will apply to the shares disposed of, but will not affect the favorable tax treatment of the shares received.

Restricted Stock. While a Restricted Stock Award remains unvested or otherwise subject to a substantial risk of forfeiture, a participant will not recognize compensation income and GrafTech will not be allowed a deduction. When an award vests or otherwise ceases to be subject to a substantial risk of forfeiture, the excess of the fair market value of the award on the date of vesting or the cessation of the substantial risk of forfeiture over the amount paid, if any, by the participant for the award will be ordinary income to the participant and will be claimed as a deduction for federal income tax purposes by GrafTech. Upon disposition of the shares received, the gain or loss recognized by the participant will be treated as capital gain or loss, and the capital gain or loss will be short-term or long-term depending upon whether the participant held the shares for more than one year following the vesting or cessation of the substantial risk of forfeiture. However, by filing a Section 83(b) election with the Internal Revenue Service within 30 days after the date of grant, a participant's ordinary income and commencement of holding period and GrafTech's deduction will be determined as of the date of grant. In such a case, the amount of ordinary income recognized by such a participant and deductible by GrafTech will be equal to the excess of the fair market value of the award as of the date of grant over the amount paid, if any, by the participant for the award. If such election is made and a participant thereafter forfeits his or her award, no refund or deduction will be allowed for the amount previously included in such participant's income.

Stock Appreciation Rights and Phantom Stock Awards. A participant granted SARs, phantom stock awards or performance awards under the 2005 Plan generally will not recognize income and GrafTech will not be allowed a deduction at the time such award is granted. When a participant receives payment upon the exercise of a SAR or upon becoming vested in a Phantom Stock Award, the amount paid to the participant for the award will be ordinary income to the participant and will be claimed as a deduction for federal income tax purposes by GrafTech.

Certain Limitations on Deductibility of Executive Compensation. With certain exceptions, Code Section 162(m) denies a deduction to a publicly held corporation for compensation paid to certain executive officers in excess of \$1 million per executive per taxable year (including any deduction with respect to the exercise of a nonqualified stock option or stock appreciation right, or the disqualifying disposition of stock purchased pursuant to an incentive stock option). One such exception applies to certain performance-based compensation, provided that such compensation has been approved by stockholders in a separate vote and certain other requirements are met. If approved by our stockholders, we believe that the nonqualified stock options, stock appreciation rights, and other performance-based awards granted under the 2005 Plan should qualify for the performance-based compensation exception to Section 162(m).

Requirements Regarding Deferred Compensation. Certain of the benefits under the 2005 Plan may constitute deferred compensation within the meaning of Code Section 409A, a recently enacted provision governing nonqualified deferred compensation plans. Failure to comply with the requirements of Section 409A regarding participant elections and the timing of payment distributions could result in the affected participants being required to recognize ordinary income for federal tax purposes earlier than expected, and to be subject to substantial penalties.

ERISA. GrafTech believes that the 2005 Plan is not subject to any of the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is not qualified under Code Section 401(a).

Awards Granted under the 2005 Plan

As of the date of this proxy statement, no awards have been granted under the 2005 Plan. All executive officers, employees and directors would be eligible to participate in the 2005 Plan and, because the Committee has the discretion to grant awards under the 2005 Plan, it is not possible to determine future awards that will be received by executive officers, employees and directors under the 2005 Plan.

All interpretations, determinations, decisions and actions by the Compensation Committee shall be final and binding upon all parties.

The Compensation Committee shall, in its sole discretion, prescribe the term of each Option Award; provided, however, that no Option Award shall have a term that is longer than ten years after the applicable Grant Date.

6.4 Repricing. Notwithstanding anything contained herein to the contrary, the Compensation Committee shall not have authority, without stockholder approval, to (i) amend previously granted Option Awards to reduce the Exercise Price of such Option Awards or (ii) except pursuant to Section 3.3 or 14, cancel such Option Awards and grant replacement Awards with a lower Exercise Price than the Option Awards being cancelled.

6.5 Exercise of Option Award. Subject to such terms and conditions as may be prescribed by the Compensation Committee, in its sole discretion, or set forth in this Plan, an Option Award may be exercised in whole or in part at any time

Such terms and conditions, together with the terms of this Plan, shall be interpreted so as to cause such Incentive Stock Option to qualify as an incentive stock option under Section 422 of the Code. Such terms and conditions shall include, if applicable, limitations on Incentive Stock Options granted to owners of ten percent or more of the Company. An Award Agreement for an Incentive Stock Option shall provide that such Option shall be treated as a Nonqualified Stock Option to the extent that requirements applicable to incentive stock options under Section 422 of the Code shall not be satisfied, shall be nontransferable other than by will or by the laws of descent and distribution, and shall be exercisable during the lifetime of the applicable Participant only by such Participant.

16.4 Employment or Service. Nothing in this Plan, in the grant of any Award or in any Award Agreement shall confer upon any Eligible Person or Participant the right to continue in any capacity in which he is employed by, or otherwise serves, the Company and shall not interfere in any way with any right that the Company would otherwise have to terminate his or her employment or other service at any time.

16.5 Securities Laws. Notwithstanding anything contained herein to the contrary, no Shares or other securities will be issued pursuant to an Award unless and until all then applicable requirements imposed by securities and other laws, rules and regulations and by the NYSE have been satisfied. As a condition precedent to the issuance thereof, the Company may require any applicable Participant to take any reasonable action necessary or appropriate to satisfy such requirements. The Company shall have the right, in its sole discretion, to place necessary or appropriate stop transfer instructions in respect of, and legends on any certificate for, Shares delivered hereunder.

(a) Registration. The Corporation shall file, at its expense, a registration statement or statements on Form S-8 or Form S-3 (or any applicable successor Form), as appropriate, to register the issuance or resale of the Shares subject to this Plan and underlying outstanding Awards under the Securities Act, at such time or times and subject to such restrictions and limitations as the Corporation, in its sole discretion, may deem necessary or appropriate. (b) Indemnification. Any Participant for whom the resale of Shares is included in such registration statement or statements will indemnify the Corporation, each of its directors and officers and each Person who Controls the Corporation (other than such Participant) against all claims, losses, damages, expenses and liabilities (or actions in respect thereof) arising out of or based upon any untrue statement (or alleged untrue statement) of a material fact contained in any such registration statement or statements, or any omission (or alleged omission) to state therein a material fact required to be stated therein or necessary to make the statements therein not misleading, and will reimburse the Corporation, each of its directors and officers and each Person Controlling the Corporation (other than such Participant) for all legal and any other expenses reasonably incurred in connection with investigating or defending any such claim, loss, damage, liability or action, in each case to the extent, but only to the extent, that such untrue statement (or alleged statement) or omission (or alleged omission) is made in such registration statement or statements in reliance upon and in conformity with written information furnished to the Corporation by such Participant with respect to such Participant and expressly stated to be specifically for use therein; provided, however, that the liability of any such Participant under this Section 16.5(b) shall be limited to the amount of proceeds received by such Participant in the resale giving rise to such liability.

16.6 Tax Withholding. The Participant shall be responsible for payment of any taxes or similar charges required by law to be withheld from an Award or securities, cash, rights or other property paid or delivered in settlement of an Award. The benefits provided under this Plan shall be general unsecured obligations of the Company payable solely from the general assets of the Company, and neither a Participant nor such Participant's beneficiaries, estate or permitted Transferees shall have any interest in any assets of the Company by virtue of this Plan, except as a general unsecured creditor of the Company. The Company shall have the right to implement or set aside securities, cash, rights or other property in a grantor trust, subject to the claims of the Company's creditors, to discharge its obligations under this Plan.

16.8 Other Compensation and Benefit Plans. The adoption of this Plan shall not affect any other stock incentive or other compensation plans of the Company and shall not preclude the Company from establishing any other forms of stock incentive or other compensation for employees, non-employee directors or other Persons. The amount of any compensation deemed to be received by a Participant pursuant to an Award shall not constitute compensation with respect to which any other benefits of such Participant are determined, including benefits under any bonus, pension, profit sharing, life insurance or salary continuation plan, except as otherwise specifically provided by the terms of such plan.

16.9 Plan Binding on Transferees. This Plan shall be binding upon the Company, its successors and assigns, and the Participant, his beneficiaries, estate (which includes his executor or administrator) and permitted Transferees.

16.10 Construction and Interpretation. Whenever used herein, nouns in the singular shall include the plural, and the masculine pronoun shall include the feminine gender. Whenever used herein, the word including shall be deemed to be followed by the phrase without limitation. Headings of Sections hereof are inserted for convenience of reference and constitute no part of this Plan.

16.11 Severability. If any provision of this Plan or any Award becomes, or is deemed by the Compensation Committee to be, invalid, illegal or unenforceable in any jurisdiction or as to any Person or Award, or would disqualify this Plan or any Award under any law deemed applicable by the Compensation Committee, such provision shall be construed or deemed amended to conform to the applicable laws or, if it cannot be so construed or deemed amended without, in the determination of the Compensation Committee, materially altering the intent of this Plan or such Award, such provision shall be stricken as to such jurisdiction, Person or Award and the remainder of this Plan and such Award shall remain in full force and effect.

16.12 Governing Law. The validity and construction of this Plan and of the Award Agreements shall be governed by the laws of the State of Delaware.

16.13 Fractional Shares. No fractional Shares shall be delivered pursuant to this Plan or any Award, and the Compensation Committee shall determine whether cash, other securities or other property shall be paid or delivered in lieu of any fractional Shares or whether such fractional Shares or any rights thereto shall be canceled, terminated or otherwise eliminated.

16.14 Foreign Employees. In order to facilitate the grant of Awards under this Plan, the Compensation Committee may, in its sole discretion, (i) provide for such special terms for Awards to Participants who are foreign nationals, or who are employed by the Company outside of the United States, as the Compensation Committee may, in its sole discretion, consider necessary or appropriate to accommodate differences in local law, tax policy or custom and (ii) approve such supplements to, or amendments, restatements or alternative versions of, this Plan, as it may, in its sole discretion, consider necessary or appropriate for such purposes without thereby affecting the terms of this Plan for any other purpose; provided, that no such supplements, amendments, restatements or alternative versions shall include any provisions that are inconsistent with the terms of this Plan, as then in effect, unless this Plan could have been amended to eliminate such inconsistency without further approval by the stockholders under NYSE rules.

17. Effective Date, Termination and Amendment

17.1 Effective Date: Shareholder Approval. This Plan shall become effective on the date of approval of this Plan by the stockholders of the Corporation.

17.2 Termination. The authority to grant new Awards under this Plan shall terminate on the date immediately preceding the tenth anniversary of the Effective Date. The Board may, in its sole discretion and at any earlier date, terminate the Plan. No termination of this Plan shall adversely affect any Award theretofore granted, without the consent of the applicable Participant or his estate, beneficiary or permitted Transferee.

17.3 Amendment. The Board may, at any time and from time to time and in any respect, amend or modify the Plan; provided, however, that the Board may seek the approval of any amendment or modification by the stockholders to the extent that it deems necessary or advisable, in its sole discretion, for purposes of compliance with the Code, the listing requirements of the NYSE or any other purpose. No amendment or modification of this Plan shall adversely affect any Award

theretofore granted without the consent of the applicable Participant or his estate, beneficiary or permitted Transferee. The authority of the Compensation Committee to take any action (other than grant new Awards) hereunder shall continue after the authority for grant of new Awards hereunder has been exhausted or terminated (and, for these purposes, new Awards do not include Awards under Section 3.3 or Substitute Awards).

The Committee is hereby designated and shall constitute a Qualified Legal Compliance Committee within the meaning of the rules of the SEC. As such, the Committee shall adopt written procedures for the confidential receipt, retention and consideration of any report of evidence of a material violation within the meaning of the Standards of Professional Conduct for Attorneys adopted by the SEC. In addition, as such, the Committee shall:

- o inform the General Counsel and the Chief Executive Officer of any report of evidence of such a material violation (unless the Committee reasonably believes that it would be futile to report evidence of such a material violation to the General Counsel and the Chief Executive Officer, in which case the Committee may report the evidence directly to the Board);
- o determine whether an investigation thereof is necessary or appropriate and, if so: notify the Board thereof; initiate an investigation, which may be conducted either by the General Counsel or by external counsel; and retain such additional expert personnel as the Committee deems necessary or appropriate; and
- o at the conclusion of any such investigation: recommend that the Company implement an appropriate response thereto; and inform the General Counsel, the Chief Executive Officer and the Board of the results of such investigation and the appropriate remedial measures to be adopted.

The Committee shall take all other appropriate action, including notifying the SEC, if the Company fails in any material respect to implement an appropriate response that the Committee has recommended.
