Securities registered or to be registered pursuant to Section 12(b) of the Act:

| Title of each class | Name of each exchange on which registered |
|--|---|
| Global Depositary Shares, each representing ten shares of Common Stock | New York Stock Exchange |
| Common Stock, par value one Peso per share | New York Stock Exchange* |

* Not for trading, but only in connection with the registration of Global Depositary Shares, pursuant to the requirements of the Securities and Exchange Commission.

Securities registered or to be registered pursuant to Section 12(g) of the Act: None

Securities for which there is a reporting obligation pursuant to Section 15(d) of the Act: None

The number of outstanding shares of the issuer's common stock as of June 30, 2013 was 578,676,460.

Indicate by check mark if the registrant is a well known seasoned issuer, as defined in Rule 405 of the Securities Act: Yes No

If this report is an annual or transition report, indicate by check mark if the registrant is not required to file reports pursuant to Section 13 or 15 (d) of the Securities Exchange Act of 1934. Yes No

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (232.405 of this chapter) during the preceding 12 months (or such shorter period that the registrant was required to submit and post such files). Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, or a non-accelerated filer. See definition of "accelerated filer and large accelerated filer" in Rule 12b-2 of the Exchange Act. (check one):

Large accelerated filer Accelerated filer Non-accelerated filer

Indicate by check mark which basis of accounting the registrant has used to prepare the financial statements included in this filing:

U.S. GAAP International Financial Reporting Standards as issued by the International Accounting Standards Board Other

If "Other" has been checked in response to the previous question, indicate by check mark which financial statement item the registrant has elected to follow. Item 17 Item 18

If this is an annual report, indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

DISCLOSURE REGARDING FORWARD-LOOKING INFORMATION

The Private Securities Litigation Reform Act of 1995 provides a “safe harbor” for forward-looking statements.

This annual report includes forward-looking statements, principally under the captions “Summary,” “Risk Factors,” “Operating and Financial Review and Prospects” and “Business Overview.” We have based these forward-looking statements largely on our current beliefs, expectations and projections about future events and financial trends affecting our business. Many important factors, in addition to those discussed elsewhere in this annual report, could cause our actual results to differ substantially from those anticipated in our forward-looking statements, including, among other things:

- changes in general economic, business, political or other conditions in Argentina or changes in general economic or business conditions in Latin America;
- changes in capital markets in general that may affect policies or attitudes toward lending to or investing in Argentina or Argentine companies;
 - changes in exchange rates or regulations applicable to currency exchanges or transfer;
 - unexpected developments in pending litigation;
 - increased costs;
- unanticipated increases in financing and other costs or the inability to obtain additional debt or equity financing on attractive terms; and
 - the risk factors discussed under Item 3 “Key Information – (d) Risk Factors”.

The words “believe,” “may,” “will,” “aim,” “estimate,” “continue,” “anticipate,” “intend,” “expect,” “forecast,” “foresee,” “similar words are intended to identify forward-looking statements. Forward-looking statements include information concerning our possible or assumed future results of operations, business strategies, financing plans, competitive position, industry environment, potential growth opportunities, the effects of future regulation and the effects of competition. Forward-looking statements speak only as of the date they were made, and we undertake no obligation to update publicly or to revise any forward-looking statements after we distribute this annual report because of new information, future events or other factors. In light of the risks and uncertainties described above, the forward-looking events and circumstances discussed in this annual report might not occur and are not guarantees of future performance.

You should not place undue reliance on such statements which speak only as of the date that they were made. These cautionary statements should be considered in connection with any written or oral forward-looking statements that we may issue in the future.

CERTAIN MEASUREMENTS AND TERMS

As used throughout this annual report, the terms “IRSA,” the “Company,” “we,” “us,” and “our” refer to IRSA Inversiones y Representaciones Sociedad Anónima, together with our consolidated subsidiaries, except where we make clear that such terms refer only to the parent company.

Edgar Filing: IRSA INVESTMENTS & REPRESENTATIONS INC - Form 20-F

In Argentina the standard measure of area in the real estate market is the square meter (m²), while in the United States and certain other jurisdictions, the standard measure of area is the square foot (sq. ft.). All units of area shown in this annual report (e.g. , gross leasable area of buildings and size of undeveloped land) are expressed in terms of square meters. One square meter is equal to approximately 10,764 square feet. One hectare is equal to approximately 10,000 square meters and approximately 2.47 acres.

As used herein: “GLA or gross leasable area”, in the case of shopping centers, refers to the total leasable area of the property, regardless of our ownership interest in such property (excluding common areas and parking and space occupied by supermarkets, hypermarkets, gas stations and co-owners, except where specifically stated).

PRESENTATION OF FINANCIAL AND CERTAIN OTHER INFORMATION

This annual report contains our audited consolidated financial statements as of June 30, 2013 and 2012, and for the fiscal years ended June 30, 2013 and 2012 (our “audited consolidated financial statements”), which have been audited by Price Waterhouse & Co. S.R.L., Buenos Aires, Argentina, a member firm of PricewaterhouseCoopers, an independent registered public accounting firm (“Price Waterhouse & Co.”), whose report is included herein.

Pursuant to Resolution No. 562/09 of the Argentine Securities and Exchange Commission (the “Comisión Nacional de Valores” or the “CNV”, per its acronym in spanish), as subsequently amended by Resolution No. 576/10, all listed companies in Argentina with certain exceptions (i.e. financial institutions and insurance entities) were required to present their audited consolidated financial statements for accounting periods beginning on or after January 1, 2012 in accordance with International Financial Reporting Standards (“IFRS”) as issued by the International Accounting Standards Board (“IASB”). Therefore, we have prepared our audited consolidated financial statements under IFRS for the first time for our financial year ended June 30, 2013, which included comparative financial information for the year ended June 30, 2012. All IFRS standards issued by the IASB effective at the time of preparing the audited consolidated financial statements have been applied. In addition, we have applied certain IFRS standards which were not effective as of June 30, 2013 but for which earlier adoption was permitted.

The opening IFRS statement of financial position was prepared as of our transition date of July 1, 2011. Prior to the adoption of IFRS, we prepared our audited consolidated financial statements in accordance with generally accepted accounting principles used in Argentina, as set forth by the Federación Argentina de Consejos Profesionales de Ciencias Económicas (“FACPCE”) and as implemented, adapted, amended, revised and/or supplemented by the Consejo Profesional de Ciencias Económicas de la Ciudad Autónoma de Buenos Aires (“CPCECABA”) (collectively “Argentine GAAP”). We also complied with the regulations of the CNV.

The application of IFRS 1 “First Time Adoption of IFRS” required us to adopt accounting policies based on the standards and interpretations effective at the reporting date of our first IFRS financial statements (June 30, 2013). As a result of adopting IFRS, we have changed many of our previous accounting policies. These IFRS accounting policies have been applied consistently in preparing our audited consolidated financial statements, and in the preparation of the opening IFRS statement of financial position at transition date.

In preparing the opening IFRS statement of financial position, we have adjusted amounts reported previously in our audited consolidated financial statements prepared in accordance with Argentine GAAP. An explanation of how the transition from Argentine GAAP to IFRS has affected our financial performance and financial position is set out in the following table.

| | July 1, 2011 (1) | June 30, 2012 (1) |
|--|---------------------|----------------------|
| | Ps. | Ps. |
| Total shareholders’ equity under Argentine GAAP attributable to IRSA | 2,313,687 | 2,335,279 |

(1) In thousands of Pesos.

Note 3 to our audited consolidated financial statements included in Item 18 of this annual report on Form 20-F contains a thorough description of the application of the optional exemptions and mandatory exceptions under IFRS 1 together with the required reconciliations of Argentine GAAP to IFRS and a detailed explanation of the adjustments.

MARKET DATA

In this annual report where we refer to “Peso”, “Pesos”, or “Ps.” we mean Argentine pesos, the lawful currency in Argentina; when we refer to “USD”, or “US\$” we mean United States dollars, the lawful currency of the United States of America; and when we refer to “Central Bank”, or “BCRA” or “Argentine Central Bank”, we mean the Argentine Central Bank.

Market data used throughout this annual report was derived from reports prepared by unaffiliated third-party sources. Such reports generally state that the information contained therein has been obtained from sources believed by such sources to be reliable. Certain market data which appear herein (including percentage amounts) may not sum due to rounding.

Solely for the convenience of the reader, we have translated certain Peso amounts into U.S. dollars at the offer exchange rate quoted by Banco de la Nación Argentina for June 30, 2013, which was Ps. 5.388 = US\$ 1.00, respectively. We make no representation that the Peso or U.S. dollar amounts actually represent or could have been or could be converted into U.S. dollars at the rates indicated, at any particular rate or at all.

PART I

ITEM 1. Identity of Directors, Senior Management and Advisers

This item is not applicable.

ITEM 2. Offer Statistics and Expected Timetable

This item is not applicable.

ITEM 3. Key Information

A. Selected Consolidated Financial Data

The following selected consolidated financial data has been derived from our audited consolidated financial statements as of the dates and for each of the periods indicated below. This information should also be read in conjunction with our audited consolidated financial statements and the discussion in Item 5 “Operating and Financial Review and Prospects” included elsewhere in this annual report. The selected consolidated statement of income data for the years ended June 30, 2013 and 2012 and the selected consolidated balance sheet data as of June 30, 2013 and 2012 and as of July 1, 2011 have been derived from our audited consolidated financial statements included in this annual report which have been audited by Price Waterhouse & Co.

1. In thousands of Pesos, except ratios. Totals may not sum due to rounding.

2. Solely for the convenience of the reader we have translated Peso amounts into U.S. dollars at the exchange rate quoted by Banco de la Nación Argentina as of June 30, 2013, which was Ps. 5.388 per US\$ 1.0 as of June 30, 2013. We make no representation that the Argentine Peso or U.S. dollar amounts actually represent, could have been or could be converted into U.S. dollars at the rates indicated, at any particular rate or at all. See "Exchange Rates". Totals may not sum due to rounding.

Exchange Rate

In April 1991, Argentine law established a fixed exchange rate according to which the Central Bank was statutorily obligated to sell U.S. dollars to any individual at a fixed exchange rate of Ps.1.00 per US\$1.00. On January 7, 2002, the Argentine congress enacted Law No. 25,561 (the “Public Emergency Law”), abandoning over ten years of fixed Peso-U.S. dollar parity at Ps.1.00 per US\$1.00. After devaluing the Peso and setting the official exchange rate at Ps.1.40 per US\$1.00, on February 11, 2002, the government allowed the Peso to float. The shortage of U.S. dollars and their heightened demand caused the Peso to further devalue significantly in the first half of 2002. As of October 24, 2013 the exchange rate was Ps. 5.8700 = US\$1.00 as quoted by Banco de la Nación Argentina at the U.S. dollar selling rate. During the fiscal year 2011, fiscal year 2012 and fiscal year 2013, the Central Bank has indirectly affected the exchange rate market, through active participation with the purpose of isolating external effects and maintaining a stable parity.

The following table presents the high, low, average and period closing exchange rate for the average ask / bid of U.S. dollars stated in nominal Pesos per U.S. dollar.

| | Exchange Rate | | | Period |
|---------------------------------|---------------|--------|------------|------------|
| | High(1) | Low(2) | Average(3) | Closing(4) |
| Fiscal year ended June 30, 2009 | 3.7780 | 2.9940 | 3.3862 | 3.7770 |
| Fiscal year ended June 30, 2010 | 3.9130 | 3.6360 | 3.8255 | 3.9110 |
| Fiscal year ended June 30, 2011 | 4.0900 | 3.9110 | 3.9810 | 4.0900 |

D. Risk Factors

You should consider the following risks described below, in addition to the other information contained in this annual report. We may face additional risks and uncertainties that are not presently known to us, or that we currently deem immaterial, which may also impair our business. In general, you take more risk when you invest in the securities of issuers in emerging markets such as Argentina than when you invest in the securities of issuers in the United States. You should understand that an investment in our common shares and Global Depositary Shares (“GDSs”), involves a high degree of risk, including the possibility of loss of your entire investment.

Argentina’s growth may not be sustainable.

The Argentine economy has experienced significant volatility in recent decades, characterized by periods of low or negative growth, high inflation and currency devaluation. During 2001 and 2002, Argentina experienced a period of severe political, economic and social crisis, which caused a significant economic contraction and led to radical changes in government policies. Although the economy has recovered significantly since then, uncertainty remains as to whether the recent growth is sustainable, since it has depended, to a significant extent, on favorable exchange rates, high commodity prices and excess production capacity. The recovery, however, has resulted in inflation and has intensified the country’s need for capital investment, with many sectors, particularly the energy sector, operating near full capacity. Additionally, the global financial crisis and economic downturn of 2008 has had a significant adverse impact on the country’s performance and could remain a factor in the foreseeable future.

In 2012, the Argentine GDP increased by 2.1%, according to data published by the National Institute of Statistics (“Instituto Nacional de Estadísticas y Censos” or the “INDEC”). For the six months ended June 30, 2013, GDP increased 7.3% relative to the same period the prior year, according to data published by the INDEC. As of June 30, 2013, the Monthly Economic Activity Estimator (“Estimador Mensual de Actividad Económica” or the “EMAE”) increased 5.7%, relative to the same period the prior year, according to data published by the INDEC.

The economic and financial slowdown in certain European countries, the United States, and certain other important commercial partners of Argentina, may imply a decline in the international demand for Argentine products, which could have a material adverse effect on our financial condition and the results of operations. Moreover, the country’s relative stability since 2002 has been affected by increased political tension and government intervention in the economy.

Our business depends to a significant extent on macroeconomic and political conditions in Argentina. We cannot assure you that Argentina's recent growth will continue. Deterioration of the country's economy would likely have a significant adverse effect on our business, financial condition and results of operations.

Continuing inflation may have an adverse effect on the economy.

The devaluation of the Peso since January 2002 has created pressures on the domestic price system that generated high inflation throughout 2002, before inflation substantially stabilized in 2003. In fiscal years 2009, 2010, 2011, 2012 and 2013, inflation according to the INDEC was 8.5%, 11.0%, 9.7%, 9.9% and 10.5%, respectively, in part due to actions implemented by the Argentine government to control inflation, including limitations on exports and price arrangements agreed upon with private companies. The uncertainty surrounding future inflation may impact the country's growth.

In the past, inflation has undermined the Argentine economy and the government's ability to create conditions conducive to growth. A return to a high inflation environment would adversely affect the availability of long-term credit and the real estate market and may also affect Argentina's foreign competitiveness by diluting the effects of the Peso devaluation and negatively impacting the level of economic activity and employment.

Additionally, high inflation would also undermine Argentina's foreign competitiveness and adversely affect economic activity, employment, real salaries, consumption and interest rates. In addition, the dilution of the positive effects of the Peso devaluation on the export-oriented sectors of the Argentine economy will decrease the level of economic activity in the country. In turn, a portion of the Argentine debt is adjusted by the Coeficiente de Estabilización de Referencia, ("CER Index", per its acronym in Spanish), a currency index that is strongly tied to inflation. Therefore, any significant increase in inflation would cause an increase in Argentina's debt and, consequently, the country's financial obligation.

If inflation remains high or continues to rise, Argentina's economy may be negatively impacted and our business could be adversely affected.

There are concerns about the accuracy of Argentina's official inflation statistics.

In January 2007, the INDEC modified its methodology used to calculate the consumer price index, which is calculated as the monthly average of a weighted basket of consumer goods and services that reflects the pattern of consumption of Argentine households. Several economists, as well as the international and Argentine press, have suggested that this change in methodology was related to the policy of the Argentine government intended to curb the increase of inflation and consequently reduce payments on the outstanding inflation-linked bonds issued by Argentina. At the time that the INDEC adopted this change in methodology the Argentine government also replaced several key officers at the INDEC, prompting complaints of governmental interference from the technical staff at the INDEC. In addition, the International Monetary Fund ("IMF") requested to clarify its inflation rates several times.

In June 2008, the INDEC published a new consumer price index which eliminated nearly half of the items included in previous surveys and introduced adjustable weightings for several items as fruits, vegetables and clothing, which have seasonal cost variations. The INDEC has indicated that it based its evaluation of spending habits on a national household consumption survey from 2004 to 2005, in addition to other sources.

The aforementioned 2008 consumer price index has been criticized by economists and investors after its debut report found prices rising well below expectations. These events have negatively affected the credibility of the consumer price index published by the INDEC, as well as other indexes published by the INDEC which require the consumer

price index for their own calculation, including the poverty index, the unemployment index and real gross domestic product index. Argentina's inflation rate may be significantly higher than the rates indicated by official reports.

In December 2010, the Argentine government agreed to meet with an official IMF team which arrived in Argentina to assist the INDEC with the development of a new national price index. In April 2011, the IMF team completed the second technical mission to assist on the design and methodology of a new national price index. As of the date of this annual report, the Argentine government has informed to the IMF that a new nationwide consumer price index will be applied in the foreseeable future, furthermore the Argentine government has stated that the new figures from the new consumer price may be differ with the consumer price now emplaced; in that sense all Argentine provinces have already signed an agreement to enter into the aforementioned new consumer price index, which will be submitted to the IMF during November 2013.

Any required correction or restatement of the INDEC indexes could result in a significant further decrease in confidence in the Argentine economy, which could, in turn, have an adverse effect on our ability to access international capital markets to finance our operations and growth, which could, in turn, adversely affect our results of operations and financial conditions and cause the market value of our GDSs to decline.

Argentina's ability to obtain financing from international markets is limited, which may impair its ability to implement reforms and foster economic growth.

In 2005, Argentina restructured part of its sovereign debt that had been in default since the end of 2001. As a result of the restructuring the Argentine government announced that it had approximately US\$ 129.2 billion in total gross public debt as of December 31, 2005. Certain bondholders that did not participate in that restructuring, mainly from the United States, Italy and Germany, filed legal actions against Argentina to collect on the defaulted bonds. Many of these proceedings are still pending as of this date and holdout creditors may initiate new suits in the future.

In September 2008, Argentina announced its intention to cancel its external public debt to Paris Club creditor nations using reserves of the Central Bank in an amount equal to approximately US\$ 6.5 billion. However, as of the date of this Annual Report, the National Government has not yet cancelled such debt. If no agreement with the Paris Club creditor nations is reached, financing from multilateral financial institutions may be limited or not available.

In addition, foreign shareholders of several Argentine companies have filed claims before the International Center for the Settlement of Investment Disputes ("ICSID") alleging that certain government measures adopted during the country's 2001 crisis were inconsistent with the fair and equitable treatment standards set forth in various bilateral investment treaties to which Argentina is a party. Since May 2005, the ICSID tribunals have issued several awards against Argentina. Only the cases "CMS v. Argentina", "Azurix v. Argentina" and "Vivendi v. Argentina" are currently final. This decisions required the Argentine government to pay US\$ 133.2 million, US\$ 165.2 million and US\$ 105 million, respectively. During the month of October 2013, the Argentinean Government has announced that has arrived to an agreement to settle the aforementioned claims against Argentina, in a settlement agreement which establishes a 25% nominal haircut, and the investment in newly sovereign bonds of Argentina to be issued among others.

In April 30, 2010, Argentina launched a new debt exchange to holders of the securities issued in the 2005 debt exchange and to holders of the securities that were eligible to participate in the 2005 debt exchange (other than brady bonds) to exchange such debt for new securities and, in certain cases, a cash payment. As a result of the 2005 and 2010 exchange offers, Argentina restructured over 91% of the defaulted debt eligible for the 2005 and 2010 exchange offers. The creditors who did not participate in the 2005 or 2010 exchange offers may continue their pursuit of a legal action against Argentina for the recovery of debt, which could adversely affect Argentina's access to the international capital markets.

Argentina's past default and its failure to restructure completely its remaining sovereign debt and fully negotiate with the holdout creditors may limit Argentina's ability to reenter the international capital markets. Litigation initiated by holdout creditors as well as ICSID claims have resulted and may continue to result in judgments and awards against the Argentine government which, if not paid, could prevent Argentina from obtaining credit from multilateral organizations. Judgment creditors have sought and may continue to seek to attach or enjoin assets of Argentina. In addition, various creditors have organized themselves into associations to engage in lobbying and public relations concerning Argentina's default on its public indebtedness. Such groups have over the years unsuccessfully urged passage of federal and New York state legislation directed at Argentina's defaulted debt and aimed at limiting Argentina's access to the U.S. capital markets. Although neither the United States Congress nor the New York state legislature has taken any significant steps towards adopting such legislation, we can make no assurance that the enactment of a new legislation or other political actions designed to limit Argentina's access to capital markets will not take effect.

Furthermore, in April 2010, a Court of New York granted an attachment over reserves of the Argentine Central Bank in the United States requested by creditors of Argentina on the theory that the Central Bank was its alter ego. On July 2011, an appeals court reversed that ruling, stating that the assets of the Central Bank were protected by law. Plaintiffs have petitioned the United States Supreme Court to review the appeals court decision and, as of the date of this annual report, the United States Supreme Court has turned down a petition by Argentina to reconsider a lower-court order requiring it to pay creditors upwards of \$1.4 billion. In August, the U.S. 2nd Circuit Court of Appeals in New York ruled against Argentina in a separate issue in the same dispute. At the time, however, it put a stay on any action until the Supreme Court decided whether to hear the nation's previously submitted petition; meanwhile, Argentina has appealed the August circuit-court ruling, and if that is rejected, the country could file a separate request to the Supreme Court.

As a result of Argentina's default and the events that have followed it, the Argentine government may not have the financial resources necessary to implement reforms and foster economic growth, which, in turn, could have a material adverse effect on the country's economy and, consequently, our businesses and results of operations. Furthermore, Argentina's inability to obtain credit in international markets could have a direct impact on our own ability to access international credit markets to finance our operations and growth, which could adversely affect our results of operations and financial condition.

Significant fluctuation in the value of the Peso may adversely affect the Argentine economy as well as our financial performance.

The devaluation of the Peso has had a negative impact on the ability of Argentine businesses to honor their foreign currency-denominated debt, initially led to very high inflation, significantly reduced real wages, had a negative impact on businesses whose success is dependent on domestic market demand, such as utilities and the financial industry, and adversely affected the government's ability to honor its foreign debt obligations. If the Peso devalues significantly, all of the negative effects on the Argentine economy related to such devaluation could recur, with adverse consequences on our business. Moreover, it would likely result in a decline in the value of our common shares and the ADSs as measured in U.S. Dollars.

On the other hand, a substantial increase in the value of the Peso against the U.S. Dollar also presents risks for the Argentine economy. The appreciation of the Peso against the U.S. Dollar negatively impacts the financial condition of entities whose foreign currency denominated assets exceed their foreign currency-denominated liabilities, such as us. In addition, in the short term, a significant real appreciation of the Peso would adversely affect exports. This could have a negative effect on GDP growth and employment as well as reduce the Argentine public sector's revenues by reducing tax collection in real terms, given its current heavy reliance on taxes on exports. The appreciation of the Peso against the U.S. Dollar could have an adverse effect on the Argentine economy and our business.

Certain measures that may be taken by the Argentine Government may adversely affect the Argentine economy and, as a result, our business and results of operations

In November 2008, the Argentine Government enacted Law No. 26,425 which provided for the nationalization of the Administradoras de Fondos de Jubilaciones y Pensiones (the "AFJPs") (See "The nationalization of Argentina's pension funds has materially and adversely affected local capital markets", in this section). More recently, the Argentine Government, has promoted a model of increase state participation in the economy through welfare programs, exchange and price control and the promotion of state owned companies. We cannot assure you that these or other measures that may be adopted by the Argentine Government, such as expropriation, nationalization, forced renegotiation or modification of existing contracts, new taxation policies, changes in laws, regulations and policies affecting foreign trade, investment, among others, will not have a material adverse effect on the Argentine economy and, as a consequence, adversely affect our financial condition, our results of operations and the market value of our shares and GDSs.

The Argentine government may order salary increases to be paid to employees in the private sector, which would increase our operating costs.

In the past, the Argentine government has passed laws, regulations and decrees requiring companies in the private sector to maintain minimum wage levels and provide specified benefits to employees and may do so again in the future. In the aftermath of the Argentine economic crisis, employers both in the public and private sectors have experienced significant pressure from their employees and labor organizations to increase wages and to provide additional employee benefits. Due to the high levels of inflation, the employees and labor organizations have begun again demanding significant wage increases. It is possible that the Argentine government could adopt measures mandating salary increases and/or the provision of additional employee benefits in the future. Any such measures could have a material and adverse effect on our business, results of operations and financial condition.

The nationalization of Argentina's pension funds has materially and adversely affected local capital markets.

Under Law No. 26,425, which was published in the Official Gazette in December 2008, the Argentine government transferred approximately Ps. 94.4 billion (US\$ 29.3 billion) in assets held by the country's private Administradoras de Fondos de Jubilaciones y Pensiones (pension funds, or "AFJPs" per its Spanish acronym) to the social security agency ("ANSES") managed by the National State.

Law No. 26,425 was supplemented, among others, by Decree No. 2103/2008 which describes the composition of the fund (“Fondo de Garantía de Sustentabilidad”) managed by ANSES and the directions for the management thereof; in turn, Decree No. 2104/08 regulates the matters concerning the transfer to the Argentine government of the contributions and all the documentation of the members of the former AFJP’s regime retroactive as of December 1, 2008.

AFJPs were the largest participants in the country’s local capital markets, leading the group of institutional investors. With the nationalization of their assets, the dynamics of the local capital markets changed due to a decrease in their number, becoming a concentrated group. In addition, the government became a significant shareholder in many of the country’s publicly-held companies. Pursuant to current regulations, ANSES may exercise the voting rights corresponding to its respective shares, which could eventually result in uncertain consequences. The nationalization of the AFJP has adversely affected investors’ confidence in Argentina, which may impact our ability to undertake access to the capital market in the future.

Exchange controls and restrictions on transfers abroad and capital inflow restrictions have limited, and can be expected to continue to limit, the availability of international credit.

In 2001 and 2002, Argentina imposed exchange controls and transfer restrictions substantially limiting the ability of companies to retain foreign currency or make payments abroad. On June 2005, the government issued decree No. 616/2005, which established additional controls on capital inflow, including the requirement that, subject to limited exemptions, 30% of all funds remitted to Argentina remain deposited in a domestic financial institution for one year without earning any interest. On October 2011, new exchange controls measures that restrict foreign exchange inflows and outflows of capital have been implemented, among them it was established as a requirement for the repatriation of the direct investment of the non-resident (purchase of shares of local companies and real estate), the demonstration of the income of the currency and its settlement in the single free exchange market “Mercado Único y Libre de Cambios”. This measure increases the cost of obtaining foreign funds and limits access to such financing.

The Argentine government may, in the future, impose additional controls on the foreign exchange market and on capital flows from and into Argentina, in response to capital flight or depreciation of the Peso. These restrictions may have a negative effect on the economy and on our business if imposed in an economic environment where access to local capital is constrained. For more information, please see Item 10 (d) “Exchange Controls”.

Payment of dividends to non-residents has been limited in the past and may be limited again.

Beginning in February 2002, the payment of dividends, irrespective of amount, outside Argentina required prior authorization from the Central Bank. On January 7, 2003, the Central Bank issued communication “A” 3859, which is still in force and pursuant to which there are no limitations on companies’ ability to purchase foreign currency and transfer it outside Argentina to pay dividends, provided that those dividends arise from net earnings corresponding to approved and audited financial statements. If similar restrictions are enacted by the Argentine government or the Central Bank in the future, it could have an adverse effect on our business. Even though, there is no legal restriction currently in effect in connection with the payment of dividends abroad, there has been some delays to access to the “Mercado Único y Libre de Cambios” in order to purchase foreign currency under this concept.

Property values in Argentina could decline significantly.

Property values are influenced by multiple factors that are beyond our control. We cannot assure you that property values will increase. Many of the properties we own are located in Argentina. As a result, a reduction in the value of properties in Argentina could materially affect our business.

The stability of the Argentine banking system is uncertain.

During 2001 and the first half of 2002, a significant amount of deposits were withdrawn from Argentine financial institutions largely due to the loss of confidence of depositors in the Argentine government's ability to repay its debts, including its debts within the financial system, and to maintain Peso-Dollar parity in the context of its solvency crisis.

While the condition of the financial system has improved, adverse economic developments, even if not related to or attributable to the financial system, could result in deposits flowing out of the banks and into the foreign exchange market, as depositors seek to shield their financial assets from a new crisis. Any run on deposits could create liquidity or even solvency problems for financial institutions, resulting in a contraction of available credit.

In the event of a future shock, such as the failure of one or more banks or a crisis in depositor confidence, the Argentine government could impose further exchange controls or transfer restrictions and take other measures that could lead to renewed political and social tensions and undermine the Argentine government's public finances, which could adversely affect Argentina's economy and prospects for economic growth which could adversely affect our business.

The Argentine economy could be adversely affected by economic developments in other global markets.

Financial and securities markets in Argentina are influenced, to varying degrees, by economic and market conditions in other global markets. Although economic conditions vary from country to country, investors' perception of the events occurring in one country may substantially affect capital flows into other countries, including. Lower capital inflows and declining securities prices negatively affect the real economy of a country through higher interest rates or currency volatility. The Argentine economy remains vulnerable to external shocks, including those related or similar to the global economic crisis that began in 2008 and the recent uncertainties surrounding European sovereign debt. For example, the recent challenges faced by the European Union to stabilize certain of its member economies, such as Greece, Ireland, Italy, Portugal and Spain, have had international implications affecting the stability of global financial markets, which has hindered economies worldwide. Should measures taken by the European Union be insufficient to restore confidence and stability to the financial markets, any recovery of the global economy, including the U.S. and European Union economies, could be hindered or reversed, which could negatively affect the Argentine economy, and in turn our business and results of operations.

In addition, Argentina is also affected by the economic conditions of major trade partners, such as Brazil and/or countries that have influence over world economic cycles, such as the United States and China. If these developing countries, such as Brasil and China, which are also Argentina's trade partners, fall into a recession the Argentine economy would be affected by a decrease in exports. All of these factors would have a negative impact on us, our business, operations, financial condition and prospects.

If prices for Argentina's main commodity exports decline, such decline could have an adverse effect on Argentina's economic growth and on our business.

Argentina's economy has historically relied on the export of commodities, the prices of which have been volatile in the past and largely outside its control. High commodity prices have contributed significantly to government revenues from taxes on exports. Fluctuations in prices for commodities exported by Argentina and a significant increase in the value of the Peso (in real terms) may reduce Argentina's competitiveness and significantly affect the country's exports. A decrease in exports could affect Argentina's economy, have a material adverse effect on public finances due to a loss of tax revenues, cause an imbalance in the country's exchange market which, in turn, could lead to increased volatility with respect to the exchange rate. In addition, and more importantly in the short term, a significant appreciation of the Peso could materially reduce the Argentine government's revenues in real terms and affect its ability to make payments on its debt obligations, as these revenues are heavily derived from export taxes (withholdings). This could worsen the financial condition of the Argentine public sector, which could adversely affect the Argentine economy, as well as our financial condition and operating results.

Restrictions on the supply of energy could negatively affect Argentina's economy.

As a result of prolonged recession, and the forced conversion into Pesos and subsequent freeze of gas and electricity tariffs in Argentina, there has been a lack of investment in gas and electricity supply and transport capacity in Argentina in recent years. At the same time, demand for natural gas and electricity has increased substantially, driven by a recovery in economic conditions and price constraints, which has prompted the government to adopt a series of measures that have resulted in industry shortages and/or costs increase.

The federal government has been taking a number of measures to alleviate the short-term impact of energy shortages on residential and industrial users. If these measures prove to be insufficient, or if the investment that is required to increase natural gas production and transportation capacity and energy generation and transportation capacity over the medium-and long-term fails to materialize on a timely basis, economic activity in Argentina could be curtailed which may have a significant adverse effect on our business.

As a first step of these measures, subsidies on energy tariffs are being withdrawn to industries and high income consumers. As a result, our operating costs may increase.

Risks Related to our Business

Our performance is subject to risks associated with our properties and with the real estate industry.

Our economic performance and the value of our real estate assets, and consequently the value of the securities issued by us, are subject to the risk that if our properties do not generate sufficient revenues to meet our operating expenses, including debt service and capital expenditures, our cash flow and ability to pay our debt obligations will be adversely affected. Events or conditions beyond our control that may adversely affect our operations or the value of our properties include:

- downturns in the national, regional and local economic climate;
- volatility and decline in discretionary spending;
- competition from other shopping centers;

-

local real estate market conditions, such as oversupply or reduction in demand for office, or other commercial or industrial space;

- decreases in consumption levels;
- changes in interest rates and availability of financing;
- the exercise by our tenants of their legal right to early termination of their leases;
- vacancies, changes in market rental rates and the need to periodically repair, renovate and re-lease space;
- increased operating costs, including insurance expense, salary increases, utilities, real estate taxes, state and local taxes and heightened security costs;
- civil disturbances, earthquakes and other natural disasters, or terrorist acts or acts of war which may result in uninsured or underinsured losses;
- significant expenditures associated with each investment, such as debt service payments, real estate taxes, insurance and maintenance costs which are generally not reduced when circumstances cause a reduction in revenues from a property;
 - declines in the financial condition of our tenants and our ability to collect rents from our tenants;
- changes in our ability or our tenants' ability to provide for adequate maintenance and insurance, possibly decreasing the useful life of and revenue from property; and
- changes in law or governmental regulations (such as those governing usage, zoning and real property taxes) or government action such as expropriation or confiscation.

If any one or more of the foregoing conditions were to affect our business, it could have a material adverse effect on our financial condition and results of operations. Even though some of these conditions have occurred in the past the company hasn't been significantly affected.

Our investment in property development, redevelopment and construction may be less profitable than we anticipate.

We are engaged in the development and construction of office space, retail and residential properties, shopping centers and residential apartment complexes, frequently through third-party contractors. Risks associated with our development, re-development and construction activities include the following, among others:

- abandonment of development opportunities and renovation proposals;

- construction costs of a project may exceed our original estimates for reasons including raises in interest rates or increases in the costs of materials and labor, making a project unprofitable;
- occupancy rates and rents at newly completed properties may fluctuate depending on a number of factors, including market and economic conditions, resulting in lower than projected rental rates and a corresponding lower return on our investment;
- pre-construction buyers may default on their purchase contracts or units in new buildings may remain unsold upon completion of construction;
 - the unavailability of favorable financing alternatives in the private and public debt markets;
 - sale prices for residential units may be insufficient to cover development costs;
- construction and lease-up may not be completed on schedule, resulting in increased debt service expense and construction costs;
- impossibility to obtain, delays in obtaining, necessary zoning, land-use, building, occupancy and other required governmental permits and authorizations, or building moratoria and anti-growth legislation;
- significant time lags between the commencement and completion of projects subjects us to greater risks due to fluctuation in the general economy;
- construction may not be completed on schedule because of a number of factors, including weather, labor disruptions, construction delays or delays in receipt of zoning or other regulatory approvals, or man-made or natural disasters (such as fires, hurricanes, earthquakes or floods), resulting in increased debt service expense and construction costs;
 - general changes in our tenants' demand for rental properties outside of the city of Buenos Aires; and
- we may incur capital expenditures that could result in considerable time consuming efforts and which may never be completed due to government restrictions.

In addition, we may face contractors' claims for the enforcement of labor laws in Argentina (sections 30, 31, 32 under Law No. 20,744), for joint and several liability. Many companies in Argentina hire personnel from third-party companies that provide outsourced services, and sign indemnity agreements in the event of labor claims from employees of such third company that may affect the liability of such hiring company. However, in recent years several courts have denied the existence of independence in those labor relationships and therefore declared joint and several liabilities for both companies.

While our policies with respect to expansion, renovation and development activities are intended to limit some of the risks otherwise associated with such activities, we are nevertheless subject to risks associated with the construction of properties, such as cost overruns, design changes and timing delays arising from a lack of availability of materials and labor, weather conditions and other factors outside of our control, as well as financing costs, that may exceed original estimates, possibly making the associated investment unprofitable. Any substantial unanticipated delays or expenses could adversely affect the investment returns from these redevelopment projects and harm our operating results.

The real estate industry in Argentina is increasingly competitive.

Our real estate and construction activities are highly concentrated in the Buenos Aires metropolitan area, where the real estate market is highly competitive due to the scarcity of properties in sought-after locations and the increasing number of local and international competitors.

Furthermore, the Argentine real estate industry is generally highly competitive and fragmented, and does not have high barriers to entry restricting new competitors. The main competitive factors in the real estate development business include availability and location of land, price, funding, design, quality, reputation and partnerships with developers. A number of residential and commercial developers and real estate services companies compete with us in seeking land for acquisition, financial resources for development and prospective purchasers and tenants. Other companies, including joint ventures of foreign and local companies, have become increasingly active in the real estate business in Argentina, further increasing this competition. To the extent that one or more of our competitors are able to acquire and develop desirable properties, as a result of greater financial resources or otherwise, our business could be materially and adversely affected. If we are not able to respond to such pressures as promptly as our competitors, or the level of competition increases, our financial condition and results of our operations could be adversely affected.

In addition, many of our shopping centers are located in close proximity to other shopping centers, numerous retail stores and residential properties. The number of comparable properties located near our properties could have a material adverse effect on our ability to lease retail space at our shopping centers or sell units in our residential complexes and on the rent price or the sale price that we are able to charge. We cannot assure you that other shopping center operators, including international shopping center operators, will not invest in Argentina in the near future. As additional companies become active in the Argentine shopping center market, such increased competition could have a material adverse effect on our results of operations.

We face risks associated with property acquisitions.

We have acquired, and intend to acquire, properties, including large properties (such as the acquisition of Edificio República, Abasto de Buenos Aires, or Alto Palermo Shopping) that would increase our size and potentially alter our capital structure. The success of our past and future acquisitions is subject to a number of uncertainties, including the risk that:

- we may not be able to obtain financing for acquisitions on favorable terms;
 - acquired properties may fail to perform as expected;
- the actual costs of repositioning or redeveloping acquired properties may be higher than our estimates;
- acquired properties may be located in new markets where we may have limited knowledge and understanding of the local economy, absence of business relationships in the area or unfamiliarity with local governmental and permitting procedures; and
- we may not be able to efficiently integrate acquired properties, particularly portfolios of properties, into our organization and to manage new properties in a way that allows us to realize cost savings and synergies.

Some of the land we have purchased is not zoned for development purposes, and we may be unable to obtain, or may face delays in obtaining the necessary zoning permits and other authorizations.

We own several plots of land which are not yet zoned for the type of projects we intend to develop. In addition, we do not have the required land-use, building, occupancy and other required governmental permits and authorizations. We cannot assure you that we will continue to be successful in our attempts to rezone land and to obtain all necessary permits and authorizations, or that rezoning efforts and permit requests will not be unreasonably delayed or rejected. Moreover, we may be affected by building moratorium and anti-growth legislation. If we are unable to obtain all of the governmental permits and authorizations we need to develop our present and future projects as planned, we may be forced to make unwanted modifications to such projects or abandon them altogether.

Acquired properties may subject us to unknown liabilities.

Properties that we acquire may be subject to unknown liabilities and we would have no recourse, or only limited recourse, to the former owners of the properties. Thus, if a liability were asserted against us based upon ownership of an acquired property, we might be required to pay significant sums to settle it, which could adversely affect our financial results and cash flow. Unknown liabilities relating to acquired properties could include:

- liabilities for clean-up of undisclosed environmental contamination;
- law reforms and governmental regulations (such as those governing usage, zoning and real property taxes); and
- liabilities incurred in the ordinary course of business.

Some potential losses are not covered by insurance, and certain kinds of insurance coverage may become prohibitively expensive.

We currently carry insurance policies that cover potential risks such as civil liability, fire, loss of profit, floods, including extended coverage and losses from leases on all of our properties. Although we believe the policy specifications and insured limits of these policies are generally customary, there are certain types of losses, such as lease and other contract claims, terrorism and acts of war that generally are not insured. Should an uninsured loss or a loss in excess of insured limits occur, we could lose all or a portion of the capital we have invested in a property, as well as the anticipated future revenue from the property. In such an event, we might nevertheless remain obligated for any mortgage debt or other financial obligations related to the property. We cannot assure you that material losses in excess of insurance proceeds will not occur in the future. If any of our properties were to experience a catastrophic loss, it could seriously disrupt our operations, delay revenue and result in large expenses to repair or rebuild the property. Moreover, we do not purchase life or disability insurance for any of our key employees. If any of our key employees were to die or become incapacitated, we would experience losses caused by a disruption in our operations which will not be covered by insurance, and this could have a material adverse effect on our financial condition and results of operations.

In addition, we cannot assure you that we will be able to renew our insurance coverage in an adequate amount or at reasonable prices. Insurance companies may no longer offer coverage against certain types of losses, such as losses due to terrorist acts and mold, or, if offered, these types of insurance may be prohibitively expensive.

Our dependence on rental income may adversely affect our ability to meet our debt obligations.

A substantial part of our income is derived from rental income from real property. As a result, our performance depends on our ability to collect rent from tenants. Our income and funds for distribution would be negatively affected

if a significant number of our tenants, or any of our major tenants (as discussed in more detail below):

- delay lease commencements;
- decline to extend or renew leases upon expiration;
- fail to make rental payments when due; or
- close stores or declare bankruptcy.

Any of these actions could result in the termination of the tenants' leases and the loss of rental income attributable to the terminated leases. In addition, we cannot assure you that any tenant whose lease expires will renew that lease or that we will be able to re-lease space on economically advantageous terms. The loss of rental revenues from a number of our tenants and our inability to replace such tenants may adversely affect our profitability and our ability to meet debt and other financial obligations.

Demand for our premium properties which target the high-income demographic may be insufficient.

We have focused on development projects to cater affluent individuals and have entered into property swap agreements pursuant to which we contribute our undeveloped properties to ventures with developers who will deliver us units in premium locations. At the time the developers return these properties to us, demand for premium residential units could be significantly lower. In such case, we would be unable to sell these residential units at the estimated prices or time frame, which could have a material adverse effect on our financial condition and results of operations.

It may be difficult to buy and sell real estate quickly and transfer restrictions apply to some of our properties.

Real estate investments are relatively illiquid and this tends to limit our ability to vary our portfolio promptly in response to changes in the economy or other conditions. In addition, significant expenditures associated with each equity investment, such as mortgage payments, real estate taxes and maintenance costs, are generally not reduced when circumstances cause a decrease in income from an investment. If income from a property declines while the related expenses do not decline, our business would be adversely affected. Some of our properties are mortgaged to secure payment of our indebtedness, and if we are unable to meet our mortgage payments, we could lose money as a result of foreclosure on such mortgages and even lose such property. In addition, if it becomes necessary or desirable for us to dispose of one or more of the mortgaged properties, we might not be able to obtain a release of the lien on the mortgaged property without payment of the associated debt. The foreclosure of a mortgage on a property or inability to sell a property could adversely affect our business. In the type of transactions, we may also agree, subject to certain exceptions, not to sell the acquired properties for significant periods of time.

An adverse economic environment for real estate companies may adversely impact our results of operations and business prospects.

The success of our business and profitability of our operations are dependent on continued investment in the real estate markets and access to capital and debt financing. A long term crisis in real estate investments and lack of available credit for acquisitions would be likely to constrain our business growth. As part of our business goals, we intend to increase our properties portfolio with strategic acquisitions of core properties at advantageous prices, and core plus and value added properties where we believe we can bring necessary expertise to enhance property values. In order to pursue acquisitions, we may need access to equity capital and/or debt financing. Recent disruptions in the financial markets, including the bankruptcy and restructuring of major financial institutions, may adversely impact our ability to refinance existing debt and the availability and cost of credit in the near future. Any consideration of sales of existing properties or portfolio interests may be tempered by decreasing property values. Our ability to make

scheduled payments or to refinance our obligations with respect to indebtedness depends on our operating and financial performance, which in turn is subject to prevailing economic conditions. If a recurrence of the disruptions in financial markets presents itself in the future, there can be no assurances that government responses to the disruptions in the financial markets will restore investor confidence, stabilize the markets or increase liquidity and the availability of credit.

Our level of debt may adversely affect our operations and our ability to pay our debt as it becomes due.

We had, and expect to continue to have, substantial liquidity and capital resource requirements to finance our business. As of June 30, 2013, our consolidated financial debt was Ps.3,695 million (including short-term and long-term debt, accrued interest and deferred financing costs).

Although we are generating sufficient funds from operating cash flows to satisfy our debt service requirements and our capacity to obtain new financing is adequate given the current availability of credit lines with the banks, we cannot assure you that we will maintain such cash flow and adequate financial capacity in the future.

The fact that we are leveraged may affect our ability to refinance existing debt or borrow additional funds to finance working capital, acquisitions and capital expenditures. In addition, the recent disruptions in the global financial markets, including the bankruptcy and restructuring of major financial institutions, may adversely impact our ability to refinance existing debt and the availability and cost of credit in the future. In such conditions, access to equity and debt financing options may be restricted and it may be uncertain how long these circumstances may last.

This would require us to allocate a substantial portion of cash flow to repay principal and interest, thereby reducing the amount of money available to invest in operations, including acquisitions and capital expenditures. Our leverage could also affect our competitiveness and limit our ability to react to changes in market conditions, changes in the real estate industry and economic downturns.

We may not be able to generate sufficient cash flows from operations to satisfy our debt service requirements or to obtain future financing. If we cannot satisfy our debt service requirements or if we default on any financial or other covenants in our debt arrangements, the lenders and/or holders of our debt will be able to accelerate the maturity of such debt or cause defaults under the other debt arrangements. Our ability to service debt obligations or to refinance them will depend upon our future financial and operating performance, which will, in part, be subject to factors beyond our control such as macroeconomic conditions (including the recent international credit crisis) and regulatory changes in Argentina. If we cannot obtain future financing, we may have to delay or abandon some or all of our planned capital expenditures, which could adversely affect our ability to generate cash flows and repay our obligations.

We may be negatively affected by a financial crisis in the U.S., the European Union and global capital markets.

We must maintain liquidity to fund our working capital, service our outstanding indebtedness and finance investment opportunities. Without sufficient liquidity, we could be forced to curtail our operations or we may not be able to pursue new business opportunities.

The capital and credit markets have been experiencing extreme volatility and disruption during the last credit crisis. If our current resources do not satisfy our liquidity requirements, we may have to seek additional financing. The availability of financing will depend on a variety of factors, such as economic and market conditions, the availability of credit and our credit ratings, as well as the possibility that lenders could develop a negative perception of the prospects of our company or the industry generally. We may not be able to successfully obtain any necessary additional financing on favorable terms.

The recurrence of a credit crisis could have a negative impact on our major customers, which in turn could materially adversely affect our results of operations and liquidity.

In recent years, the credit crisis had a significant negative impact on businesses around the world. The impact of a crisis on our major tenants cannot be predicted and may be quite severe. A disruption in the ability of our significant

tenants to access liquidity could cause serious disruptions or an overall deterioration of their businesses which could lead to a significant reduction in their future orders of their products and the inability or failure on their part to meet their payment obligations which could have a material adverse effect on our results of operations and liquidity.

Adverse incidents that occur in our shopping centers may result in damage to our image and a decrease in our customers.

Given that shopping centers are open to the public, with ample circulation of people, accidents, theft, robbery and other incidents may occur in our facilities, regardless of the preventative measures we adopt. In the event such an incident or series of incidents occurs, shopping center customers and visitors may choose to visit other shopping venues that they believe are safer and less violent, which may cause a reduction in the sales volume and operating income of our shopping centers.

We are subject to risks inherent to the operation of shopping centers that may affect our profitability.

Shopping centers are subject to various factors that affect their development, administration and profitability. These factors include:

- the accessibility and the attractiveness of the area where the shopping center is located;
 - the intrinsic attractiveness of the shopping center;
 - the flow of people and the level of sales of each shopping center rental unit;
 - increasing competition from internet sales;
 - the amount of rent collected from each shopping center rental unit;
- changes in consumer demand and availability of consumer credit, both of which are highly sensitive to general macroeconomic conditions; and
 - the fluctuations in occupancy levels in the shopping centers.

An increase in operating costs, caused by inflation or other factors, could have a material adverse effect if our tenants are unable to pay higher rent due to the increase in expenses. Moreover, the shopping center business is closely related to consumer spending and to the economy in which customers are located. All of our shopping centers are in Argentina, and, as a consequence, their business could be seriously affected by potential recession in Argentina. For example, during the economic crisis in Argentina, spending decreased significantly, unemployment, political instability and inflation significantly reduced consumer spending in Argentina, lowering tenants' sales and forcing some tenants to leave our shopping centers. If an international financial crisis has a substantial impact on economic activity in Argentina, it will likely have a material adverse effect on the revenues from the shopping center activity.

The loss of significant tenants could adversely affect both the operating revenues and value of our shopping center and other rental properties.

If some of our most important tenants were to experience financial difficulties, including bankruptcy, insolvency or a general downturn of business, or if we simply failed to retain their patronage, our business could be adversely affected. Our shopping centers and, to a lesser extent, our office buildings are typically anchored by significant tenants, such as well known department stores who generate shopping traffic at the mall. A decision by such significant tenants to cease operations at our shopping centers or office buildings could have a material adverse effect on the revenues and profitability of the affected segment and, by extension, on our financial condition and results of

operations. The closing of one or more significant tenants may induce other major tenants at an affected property to terminate their leases, to seek rent relief and/or cease operating their stores or otherwise adversely affect occupancy at the property. In addition, key tenants at one or more properties might terminate their leases as a result of mergers, acquisitions, consolidations, dispositions or bankruptcies in the retail industry. The bankruptcy and/or closure of one or more significant tenants, if we are not able to successfully re-lease the affected space, could have a material adverse effect on both the operating revenues and underlying value of the properties involved.

Our future acquisitions may be unprofitable.

We intend to acquire additional shopping center properties to the extent that they will be acquired on advantageous terms and meet our investment criteria. Acquisitions of commercial properties entail general investment risks associated with any real estate investment, including:

- our estimates of the cost of improvements needed to bring the property up to established standards for the market may prove to be inaccurate;
- properties we acquire may fail to achieve within the time frames we project the occupancy or rental rates we project at the time we make the decision to acquire, which may result in the properties' failure to achieve the returns we projected;
- our pre-acquisition evaluation of the physical condition of each new investment may not detect certain defects or identify necessary repairs, which could significantly increase our total acquisition costs; and
- our investigation of a property or building prior to its acquisition, and any representations we may receive from the seller of such building or property, may fail to reveal various liabilities, which could reduce the cash flow from the property or increase our acquisition cost.

If we acquire a business, we will be required to integrate the operations, personnel and accounting and information systems of the acquired business. In addition, acquisitions of or investments in companies may cause disruptions in our operations and divert management's attention away from day-to-day operations, which could impair our relationships with our current tenants and employees.

Our ability to grow will be limited if we cannot obtain additional capital.

Our growth strategy is focused on the redevelopment of properties we already own and the acquisition and development of additional properties. As a result, we are likely to depend to an important degree on the availability of debt or equity capital, which may or may not be available on favorable terms. We cannot guarantee that additional financing, refinancing or other capital will be available in the amounts we desire or favorable terms. Our access to debt or equity capital markets depends on a number of factors, including the market's perception of our growth potential, our ability to pay dividends, our financial condition, our credit rating and our current and potential future earnings. Depending on the outcome of these factors, we could experience delay or difficulty in implementing our growth strategy on satisfactory terms, or be unable to implement this strategy.

Serious illnesses and pandemics, such as the 2009 outbreak of Influenza A H1N1 virus, (the "Swine Flu"), have in the past adversely affected consumer and tourist activity, may do so in the future and may adversely affect our results of operations.

As a result of the outbreak of Swine Flu during the winter of 2009, consumers and tourists dramatically changed their spending and travel habits to avoid contact with crowds. Furthermore, several governments' enacted regulations limiting the operation of schools, cinemas and shopping centers. Even though the Argentine government only issued public service recommendations to the population regarding the risks involved in visiting crowded places, such as shopping centers, and did not issue specific regulations limiting access to public places, a significant number of consumers nonetheless changed their habits vis-a-vis shopping centers and malls. We cannot assure you that a new outbreak or health hazard will not occur in the future, or that such an outbreak or health hazard would not significantly affect consumer and/or tourist activity, and that such scenario would not adversely affect our businesses.

We are subject to risks inherent to the operation of office buildings that may affect our profitability.

Office buildings are subject to various factors that affect their development, administration and profitability. The profitability of our office buildings may be affected by:

- a decrease in demand for office space;
- a deterioration in the financial condition of our tenants, which may result in defaults under leases due to bankruptcy, lack of liquidity or for other reasons;
 - difficulties or delays renewing leases or re-leasing space;
 - decreases in rents as a result of oversupply, particularly of newer buildings;
- competition from developers, owners and operators of office properties and other commercial real estate, including sublease space available from our tenants; and
 - maintenance, repair and renovation costs incurred to maintain the competitiveness of our office buildings.

We are subject to risks affecting the hotel industry.

The full-service segment of the lodging industry in which our hotels operate is highly competitive. The operational success of our hotels is highly dependent on our ability to compete in areas such as access, location, quality of accommodations, rates, quality food and beverage facilities and other services and amenities. Our hotels may face additional competition if other companies decide to build new hotels or improve their existing hotels to increase their attractiveness.

In addition, the profitability of our hotels depends on:

- our ability to form successful relationships with international and local operators to run our hotels;
- changes in tourism and travel patterns, including seasonal changes and changes due to pandemic outbreaks, such as the Swine Flu virus or weather phenomenon or other natural events, such as the eruption of the Puyehué volcano in June 2011;
 - affluence of tourists, which can be affected by a slowdown in global economy; and
- taxes and governmental regulations affecting wages, prices, interest rates, construction procedures and costs.

An uninsured loss or a loss that exceeds the policies on our properties could subject us to lost capital or revenue on those properties.

Under the terms and conditions of the leases currently in force on our properties, tenants are required to indemnify and hold us harmless from liabilities resulting from injury to persons, or property, on or off the premises, due to activities conducted on the properties, except for claims arising from our negligence or intentional misconduct or that of our agents.

Tenants are generally required, at the tenant's expense, to obtain and keep in full force during the term of the lease, liability and property damage insurance policies. In addition, we cannot assure the holders that the tenants will properly maintain their insurance policies or have the ability to pay the deductibles.

Should a loss occur that is uninsured or in an amount exceeding the combined aggregate limits for the policies noted above, or in the event of a loss that is subject to a substantial deductible under an insurance policy, we could lose all or part of our invested capital, and anticipated revenue from, one or more of the properties, which could have a material adverse effect on our operating results and financial condition.

Our business is subject to extensive regulation and additional regulations may be imposed in the future.

Our activities are subject to federal, state and municipal laws, and to regulations, authorizations and licenses required with respect to construction, zoning, use of the soil, environmental protection and historical patrimony, consumer protection and other requirements, all of which affect our ability to acquire land, buildings and shopping centers, develop and build projects and negotiate with customers. In addition, companies in this industry are subject to increasing tax rates, the creation of new taxes and changes in the taxation regime. We are required to obtain licenses and authorizations with different governmental authorities in order to carry out our projects. Maintaining our licenses and authorizations can be a costly provision. In the case of non-compliance with such laws, regulations, licenses and authorizations, we may face fines, project shutdowns, and cancellation of licenses and revocation of authorizations.

In addition, public authorities may issue new and stricter standards, or enforce or construe existing laws and regulations in a more restrictive manner, which may force us to make expenditures to comply with such new rules. Development activities are also subject to risks relating to potential delays in obtaining or an inability to obtain all necessary zoning, environmental, land-use, development, building, occupancy and other required governmental permits and authorizations. Any delays or failures to obtain government approvals may have an adverse effect on our business.

In the past, the Argentine government imposed strict and burdensome regulations regarding leases in response to housing shortages, high rates of inflation and difficulties in accessing credit. Such regulations limited or prohibited increases on rental prices and prohibited eviction of tenants, even for failure to pay rent. Most of our leases provide that the tenants pay all costs and taxes related to their respective leased areas. In the event of a significant increase in the amount of such costs and taxes, the Argentine government may respond to political pressure to intervene by regulating this practice, thereby negatively affecting our rental income. We cannot assure you that the Argentine government will not impose similar or other regulations in the future. Changes in existing laws or the enactment of new laws governing the ownership, operation or leasing of properties in Argentina could negatively affect the Argentine real estate market and the rental market and materially and adversely affect our operations and profitability.

Argentine Lease Law No. 23,091 imposes restrictions that limit our flexibility.

Argentine laws governing leases impose certain restrictions, including the following:

- lease agreements may not contain inflation adjustment clauses based on consumer price indexes or wholesale price indexes. Although many of our lease agreements contain readjustment clauses, these are not based on an official index nor do they reflect the inflation index. In the event of litigation these provisions may not be enforceable and therefore it may be impossible for us to adjust the amounts owed to us under our lease agreements;
- residential leases must comply with a mandatory minimum term of two years and retail leases must comply with a mandatory minimum term of three years except in the case of stands and/or spaces for special exhibitions;
- lease terms may not exceed ten years, except for leases regulated by Law No. 25,248 (which provides that leases containing a purchase option are not subject to term limitations); and
 - tenants may rescind commercial and office lease agreements after the initial six-month period.

As a result of the foregoing, we are exposed to the risk of increases of inflation under our leases and the exercise of rescission rights by our tenants could materially and adversely affect our business and we cannot assure you that our tenants will not exercise such rights, especially if rent values stabilize or decline in the future or if economic conditions deteriorate.

Eviction proceedings in Argentina are difficult and time consuming.

Although Argentine law permits a summary proceeding to collect unpaid rent and a special proceeding to evict tenants, eviction proceedings in Argentina are difficult and time-consuming. Historically, the heavy workloads of the courts and the numerous procedural steps required have generally delayed landlords' efforts to evict tenants. Eviction proceedings generally take between six months and two years from the date the suit is filed to the time of actual eviction.

We usually attempt to negotiate the termination of lease agreements with defaulting tenants after the first few months of non-payment in order to avoid legal proceedings. Delinquency may increase significantly in the future, and such negotiations with tenants may not be as successful as they have been in the past. Moreover, new Argentine laws and regulations may forbid or restrict eviction proceedings, and in such case, they would likely have a material and adverse effect on our financial condition and results of operation.

We are subject to great competitive pressure.

Our principal properties are located in Argentina. There are other shopping centers and numerous smaller retail stores and residential properties within the market area of each of our properties. The number of competing properties in a particular area could have a material adverse effect on our ability to lease retail space at our shopping centers or sell units in our residential complexes and on the amount of rent or the sale price that we are able to charge. To date, there have been relatively few companies competing with us for shopping center properties. However, if additional companies become active in the Argentine shopping center market in the future, such competition could have a material adverse effect on our results of operations.

Our assets are concentrated in the Buenos Aires area.

Our principal properties are located in the City of Buenos Aires and the Province of Buenos Aires and a substantial portion of our revenues are derived from such properties. For our fiscal years ended June 30, 2012 and 2013, approximately 81% and 83% of our consolidated revenues were derived from properties in the Buenos Aires metropolitan area including the City of Buenos Aires. Although we own properties and may acquire or develop additional properties outside Buenos Aires, we expect continued dependence to a large extent on economic conditions affecting those areas, and therefore, an economic downturn in those areas could have a material adverse effect on our financial condition and results of operations.

We face risks associated with the expansion to other Latin American markets.

From 1994 to 2002, we had substantial investments outside of Argentina, including Brazil Realty, which was sold in 2002, and Fondo de Valores Inmobiliarios in Venezuela, which was sold in 2001.

We continue to believe that Brazil, Uruguay and other Latin American countries offer attractive growth opportunities in the real estate sector. We will continue to consider investment opportunities outside of Argentina as they arise.

Investments in Brazil and other Latin American countries are subject to significant risks including sovereign risks and risks affecting these countries' real estate sectors. These risks include competition by well-established as well as new developers, unavailability of financing or financing on terms that are not acceptable to us, exchange rate fluctuations, lack of liquidity in the market, rising construction costs and inflation, extensive and potentially increasing regulation and bureaucratic procedures for obtaining permits and authorizations, political and economic instability that may result in sharp shifts in demand for properties, risks of default in payment and difficulty evicting defaulting tenants.

In 2009, we acquired a property in Partido de la Costa, Department of Canelones, Uruguay, near Montevideo, where we plan to develop a real estate housing units and commercial premises.

If the bankruptcy of Inversora Dársena Norte S.A. is extended to our subsidiary Puerto Retiro, we will likely lose a significant investment in a unique waterfront land reserve in the City of Buenos Aires.

On November 18, 1997, in connection with the acquisition of our subsidiary Inversora Bolívar S.A. ("Inversora Bolívar"), we indirectly acquired 35.2% of the capital stock of Puerto Retiro. Inversora Bolívar purchased such shares of Puerto Retiro from Redona Investments Ltd. N.V. in 1996. In 1999, we, through Inversora Bolívar, increased our interest in Puerto Retiro to 50.0% of its capital stock. On April 18, 2000, Puerto Retiro received notice of a complaint filed by the Argentine government, through the Ministry of Defense, seeking to extend the bankruptcy of Inversora Dársena Norte S.A. ("Indarsa"). Upon filing of the complaint, the bankruptcy court issued an order restraining the ability of Puerto Retiro to dispose of the real property it had purchased in 1993 from Tandanor S.A. ("Tandanor"). Puerto Retiro appealed to the restraining order which was confirmed by the court on December 14, 2000.

In 1991, Indarsa purchased 90% of Tandanor, a formerly government-owned company, which owned a large piece of land near Puerto Madero of approximately 8 hectares, divided into two spaces: Planta 1 and 2. After the purchase of Tandanor by Indarsa, in June 1993 Tandanor sold "Planta 1" to Puerto Retiro, for a sum of US\$18 million pursuant to a valuation performed by J.L. Ramos, a well-known real estate brokerage firm in Argentina. Indarsa failed to pay to the Argentine government the outstanding price for its purchase of the stock of Tandanor. As a result, the Ministry of Defense requested the bankruptcy of Indarsa. Since the only asset of Indarsa was its holding in Tandanor, the Argentine government is seeking to extend Indarsa's bankruptcy to the companies or individuals, which, according to its view, acted as a single economic group. In particular, the Argentine government has requested the extension of the bankruptcy to Puerto Retiro, which acquired Planta 1 from Tandanor.

The time for producing evidence in relation to these legal proceeding has expired. The parties have submitted their closing arguments and are awaiting a final judgment. However, the judge has delayed his decision until a final judgment in the criminal proceedings against the former Defense Minister and former directors of Indarsa has been delivered. It should be noticed, regarding the above-mentioned criminal procedure that on February 23, 2011 it was resolved to declare its expiration, and to dismiss certain defendants. However, this resolution is not final because it was appealed. We cannot give you any assurance that we will prevail in this proceeding, and if the plaintiff's claim is upheld by the courts, all of the assets of Puerto Retiro would likely be used to pay Indarsa's debts and our investment in Puerto Retiro, valued at Ps. 44.9 million, as of June 30, 2013, would be lost. As of June 30, 2013, we had not established any reserve with respect to this contingency.

Property ownership through joint ventures or minority participation may limit our ability to act exclusively in our interest.

We develop and acquire properties in joint ventures with other persons or entities when we believe circumstances warrant the use of such structures. For example, in our Shopping Center segment, as of June 30, 2013, we owned approximately 95.7% of Alto Palermo. Through our subsidiary Alto Palermo, we own 80% of Panamerican Mall S.A., while another 20% is owned by Centro Comercial Panamericano S.A and 50% of Quality Invest S.A.. In our Development and Sales of

Properties segment, we have ownership of 50% in Puerto Retiro and 50% in Cyrsa S.A. In our Hotels segment, we own 50% of the Llao Llao Hotel, while the other 50% is owned by the Sutton Group. We own 80% of the Hotel Libertador, Hoteles Sheraton de Argentina S.A. owns 20%. We own 76.34% of Hotel Intercontinental. In the Financial Operations and Others segment, we own approximately 29.77% of Banco Hipotecario, while the Argentine government has a controlling interest. Finally, we own a 49% interest in Metropolitan, 49% in a building located at Madison Avenue in New York and holds voting rights with respect to a 34% interest in Supertel Hospitality Inc.

We could engage in a dispute with one or more of our joint venture partners that might affect our ability to operate a jointly owned property. Moreover, our joint venture partners may at any time, have business, economic or other objectives that are inconsistent with our objectives, including objectives that relate to the timing and terms of any sale or refinancing of a property. For example, the approval of certain of the other investors is required with respect to operating budgets and refinancing, encumbering, expanding or selling any of these properties. In some instances, our joint venture partners may have competing interests in our markets that could create conflicts of interest. If the objectives of our joint venture partners are inconsistent with our own objectives, we will not be able to act exclusively in our interests.

If one or more of the investors in any of our jointly owned properties were to experience financial difficulties, including bankruptcy, insolvency or a general downturn of business, there could be an adverse effect on the relevant property or properties and in turn, on our financial performance. Should a joint venture partner declare bankruptcy, we could be liable for our partner's share of joint venture liabilities.

We are dependent on our board of directors and certain other senior managers.

Our success depends on the continued employment of Eduardo S. Elsztain, our Chief Executive Officer and Chairman of the Board of Directors, and certain members of our board of directors and senior management, who have significant expertise and knowledge of our business and industry. The loss of or interruption in his services for any reason could have a material adverse effect on our business. Our future success also depends in part upon our ability to attract and retain other highly qualified personnel. We cannot assure you that we will be successful in hiring or retaining qualified personnel. A failure to hire or retain qualified personnel may have a material adverse effect on our financial condition and results of operations.

We may face potential conflicts of interest relating to our principal shareholders.

Our largest beneficial owner is Mr. Eduardo S. Elsztain, through his indirect shareholding through Cresud S.A.C.I.F.y A. ("Cresud"). As of June 30, 2013, such beneficial ownership consisted of: (i) 378,753,404 common shares held by Cresud, (ii) 3,467,920 common shares held by Inversiones Financieras del Sur S.A., and (iii) 900 common shares held directly by Mr. Elsztain.

Conflicts of interest between our management, Cresud and our affiliates may arise in the performance of our business activities. As of June 30, 2013, Mr. Elsztain also beneficially owned (i) approximately 39.01% (on a fully diluted basis) of Cresud's common shares and (ii) approximately 95.7% of the common shares of our subsidiary Alto Palermo. We cannot assure you that our principal shareholders and their affiliates will not limit or cause us to forego business opportunities that our affiliates may pursue or that the pursuit of other opportunities will be in our interest.

Due to the currency mismatches between our assets and liabilities, we may have significant currency exposure.

As of June 30, 2013, the majority of our liabilities, such as our 7.45%, 8.5% and 11.5% notes due 2014, 2017 and 2020 respectively and Alto Palermo's Series I Notes are denominated in U.S. dollars, while a significant portion of our

revenues and assets as of June 30, 2013, are denominated in Pesos. This currency gap exposes us to a risk of exchange rate volatility, which would negatively affect our financial results if the Dollar were to appreciate against the Peso. Any further depreciation of the Peso against the U.S. dollar will correspondingly increase the amount of our debt in Pesos, with further adverse effects on our results of operation and financial condition and may increase the collection risk of our leases and other receivables from our tenants and mortgage debtors, most of whom have Peso-denominated revenues.

The shift of consumers to purchasing goods over the Internet may negatively affect sales in our shopping centers.

During the last years, Internet retail sales have grown significantly in Argentina, even though the market share of Internet sales related to retail sales is still not significant. The Internet enables manufacturers and retailers to sell directly to consumers, diminishing the importance of traditional distribution channels such as retail stores and shopping centers. We believe that our target consumers are increasingly using the Internet, from home, work or elsewhere, to shop electronically for retail goods. We believe that this trend is likely to continue. If e-commerce and retail sales through the Internet continue to grow, consumers' reliance on traditional distribution channels such as our shopping centers could be materially diminished, having a material adverse effect on our financial condition, results of operations and business prospects

Risks Related to our Investment in Banco Hipotecario

As of June 30, 2013, we owned approximately 29.77% of the outstanding capital stock of Banco Hipotecario (without considering treasury shares) which represented 12.45 % of our consolidated assets as of such date. All of Banco Hipotecario's operations, properties and customers are located in Argentina. Accordingly, the quality of Banco Hipotecario's loan portfolio, financial condition and results of operations depend on economic, regulatory and political conditions prevailing in Argentina.

These conditions include growth rates, inflation rates, exchange rates, changes to interest rates, changes to Government policies, social instability and other political, economic or international developments either taking place in, or otherwise affecting, Argentina.

The Argentine financial system's growth and profits are partially dependent upon changes in long-term funding.

Due to the global economic recession, Argentina's banking industry underwent a significant slow-down, which was reterted in late 2009. Although the extension of credit to the private section rose by late 2009, year-end results exhibited a smaller expansion. Loans to the private sector rose in subsequent years. Despite the recovery in credit extension, the recovery of the long-term credit market (i.e., mortgage and pledge loans) makes progress at a slower pace.

If longer-term financial intermediation did not grow, the ability of financial institutions to generate more profits could be adversely affected. Although deposits with the financial system have risen since 2002, most placements are sight deposits or a short term deposit, which exposes the banks, engaged in long-term credit extension to liquidity risk and intensifies their need to depend on the Argentine Central Bank as a potential liquidity guarantor.

The stability of the financial system depends upon the ability of financial institutions, including Banco Hipotecario S.A. to retain the confidence of depositors.

The measures implemented by the Argentine Government in late 2001 and early 2002, in particular the restrictions imposed on depositors' ability to withdraw money freely from banks and the pesification and restructuring of their deposits, resulted in losses for many depositors and undermined their confidence in the Argentine financial system. Although the financial system has seen a recovery in the amount of deposits since 2002 (measured in Pesos), Banco Hipotecario may not assure that this trend will continue and that the deposit base of the Argentine financial system, including Banco Hipotecario's, will not be negatively affected in the future by adverse economic, social and political events.

If, in the future, depositor confidence weakens and the deposit base contracts, such loss of confidence and contraction of deposits will have a substantial negative impact on the ability of financial institutions, including Banco Hipotecario, to operate as financial intermediaries. If the Banco Hipotecario is not able to act as a financial intermediary and otherwise conduct its business as usual, its ability to honor its debts, might be adversely affected or limited.

Financial institutions' asset quality is exposed to the non-financial public sector's indebtedness.

Financial institutions carry significant portfolios of bonds issued by the Argentine Government and provincial governments as well as loans granted to these governments. To an extent, the value of the assets in the hands of Argentine banks, as well as their capacity to generate income is dependent on the creditworthiness of the non-financial public sector, which is in turn tied to the Argentine Government's ability to foster sustainable long-term growth, generate fiscal revenues and cut back on public expenditure.

As of June 30, 2013, the Banco Hipotecario's total exposure to the public sector indebtedness was Ps. 2,042.2 million, that is, 11.8% of the Banco Hipotecario's assets at that date.

Actions for collection as a means of enforcing creditors' rights in Argentina may be limited.

In order to protect the debtors affected by the 2001 economic crisis, starting in 2002 the Argentine Government adopted measures that suspended proceedings to enforce creditors' rights (mortgage foreclosures and bankruptcy petitions) in the event of defaults by debtors.

Although at the date of this Annual Report those measures were no longer in force, Banco Hipotecario cannot assure you that they won't be reinstated in the future, or that the government will not take other measures that limit creditors' rights. Any such measures could have a material adverse effect on the enforceability of creditor's rights.

Consumer protection laws may limit the enforceability of certain of Banco Hipotecario's rights.

Argentine Consumer Protection Law No. 24,240, as supplemented or amended establishes a number of rules and principles for the defense of consumers' interests. The Consumer Protection Law does not contain specific provisions for its enforcement in relation to financial activities, but it does contain general provisions that may be used as grounds to uphold such enforcement, as it has been previously interpreted in various legal precedents.

Banco Hipotecario may not assure you that the judgments passed by the courts and/or the resolutions handed down by administrative authorities in connection with the measures adopted by Argentina's Secretary of Homeland Trade and other competent authorities will not increase in the future the degree of protection afforded their debtors and other clients or that they will not favor the claims filed by groups or associations of consumers. This could affect the ability of financial institutions, including the Banco Hipotecario's, to freely collect charges, commissions or fees for their

services and/or products as well as their amounts, and consequently affect their business and the results of their operations.

Class actions against financial institutions for unliquidated amounts could adversely affect the financial system's profitability.

Certain public and private organizations have initiated class actions against financial institutions in Argentina. The Argentine National Constitution and the Consumer Protection Law contain certain provisions regarding class actions. However, their guidance with respect to procedural rules for instituting and trying class action cases is limited. Nonetheless, through an ad hoc doctrine, Argentine courts have admitted class actions in some cases, including various lawsuits against financial entities related to "collective interests" such as alleged overcharging on products, interest rates and advice in the sale of public securities, etc. If class action plaintiffs were to prevail against financial institutions, their success could have an adverse effect on the financial industry in general and indirectly on the Banco Hipotecario's business.

Banco Hipotecario operates in a highly regulated environment and its operations are subject to regulations adopted, and measures taken, by several regulatory agencies.

Financial institutions are subject to a major number of regulations concerning functions historically determined by the Argentine Central Bank and other regulatory authorities. The Argentine Central Bank could impose sanctions to Banco Hipotecario in the event that it breaches any applicable regulation. Similarly, the Argentine Securities Commission, which authorizes securities offerings and regulates the public markets in Argentina, has the authority to impose sanctions to Banco Hipotecario and its board of directors for breaches of corporate governance. The Financial Information Unit regulates matters relating to the prevention of asset laundering and has the ability to monitor compliance with any such regulations by financial institutions and, eventually, impose sanctions.

Banco Hipotecario cannot assure you that such regulatory authorities will not commence proceedings against Banco Hipotecario, its shareholders or directors nor issue sanctions against Banco Hipotecario.

In addition to regulations specific to its industry, Banco Hipotecario is subject to a wide range of federal, provincial and municipal regulations and supervision generally applicable to businesses operating in Argentina, including laws and regulations pertaining to labor, social security, public health, consumer protection, the environment, competition and price controls. Banco Hipotecario may not assure that existing or future legislation and regulation will not require material expenditures by Banco Hipotecario or otherwise have a material adverse effect on Banco Hipotecario's consolidated operations.

Future governmental measures could adversely affect the economy and the operations of financial institutions.

The Argentine Government has historically exercised significant influence over the economy, and financial institutions, in particular, have operated in a highly regulated environment. Banco Hipotecario cannot assure that the laws and regulations currently governing the economy or the banking sector will remain unaltered in the future.

Accordingly, Law No. 26,739 has been recently enacted to amend the Argentine Central Bank Charter, the principal aspects of which are: (i) to broaden the scope of the Argentine Central Bank's mission (by establishing that such institution shall be responsible for financial stability and economic development while pursuing social equity); (ii) to change the obligation to maintain an equivalent ratio between the monetary base and the amount of international reserves; (iii) to establish that the board of directors of the institution will be the authority responsible for determining the level of reserves required to guarantee normal operation of the foreign exchange market based on changes in external accounts; (iv) to empower the monetary authority to regulate and provide guidance on credit through the financial system institutions, so as to "promote long-term production investment". Banco Hipotecario is not able to ensure that any current or future laws and regulations (including, in particular, the amendment to the Financial

Institutions Law and the amendment to the Argentine Central Bank Charter) will not result in significant costs to Banco Hipotecario, or will otherwise have a material adverse effect on its operations.

A highly volatile regulatory framework could affect the country's economy in general, the financial institutions and Banco Hipotecario.

The Argentine Government has historically exercised significant influence over the Argentine economy and financial institutions in particular have operated in a highly regulated environment throughout different periods. Since December 2001, the Argentine Government has promulgated numerous, far-reaching regulations affecting the economy in general and financial institutions in particular. The laws and regulations that currently govern the economy and the financial sector may change in the future. We cannot assure that any changes in the regulations and the policies of the Argentine Government will not adversely affect financial institutions in Argentina, including Banco Hipotecario, its business, financial condition, the results of its operations or its ability to service foreign debt denominated in foreign currency. A non-stable regulatory framework would impose significant limitations on the activities of the financial system, including Banco Hipotecario, and it would give rise to uncertainty as regards its future financial condition and the result of its operations.

Increased competition and M&A activities in the banking industry could adversely affect Banco Hipotecario.

Banco Hipotecario foresees increased competition in the banking sector, additionally, if the trend towards decreasing spreads is not offset by the increase in lending volumes, the ensuing losses could lead to mergers in the industry.

Mergers could lead to the establishment of larger, stronger banks with more resources than Banco Hipotecario. Therefore, although the demand for financial products and services in these markets continues to grow, competition could adversely affect Banco Hipotecario's results of operations, shrinking spreads and commissions.

Differences between the accounting standards in force in Argentina and certain countries, such as the United States, may make it difficult to compare Banco Hipotecario's financial statements and those prepared by companies from other countries.

Publicly available information about Banco Hipotecario in Argentina is presented differently from the information available for public companies in certain countries with highly developed capital markets, such as the United States. Except as otherwise described herein, Banco Hipotecario prepares its financial statements in accordance with Argentine Banking GAAP, which could differ in certain significant respects from Argentine GAAP and from U.S. GAAP.

The effects of the legislation that restricts Banco Hipotecario's ability to pursue mortgage foreclosure proceedings could adversely affect Banco Hipotecario.

The ability to pursue foreclosure proceedings through completion in order to recover on its defaulted mortgage loans has an impact on Banco Hipotecario's activities. On December 13, 2006 and pursuant to Law No. 26,177, the "Restructuring Unit Law" was created to allow all the mortgage loans to be restructured between debtors and former Banco Hipotecario Nacional as far as they had been granted before the entry into force of Law No. 23,928 (the "Convertibility Law").

Law No. 26,313, the "Pre-convertibility Mortgage Loans Restructuring Law" was enacted by the Argentine Congress on November 21, 2007 and partially signed into law on December 6, 2007 to lay down the procedure to be followed in restructuring the mortgage loans within the scope of Section 23 of the Mortgage Refinancing System Law in accordance with the guidelines established by the Restructuring Unit Law. To this end, a new recalculation was enacted for certain mortgage loans originated by the former Banco Hipotecario Nacional before April 1, 1991.

Decree 2107/08 issued on December 19, 2008 regulated the Pre-convertibility Mortgage Loans Restructuring Law and established that the recalculation of the debt applies to the individual mortgage loans from global operations in force at December 31, 2008 and agreed upon previous to April 1, 1991, and in arrears at least since November 2007 and remaining in arrears at December 31, 2008. In turn, Decree 1366/10, published on September 21, 2010, expanded the universe of Pre-convertibility loans subject to restructuring to include the individual mortgage loans not originating in global operations as far as they met the other requirements imposed by Decree 2107/08. In addition, Law No. 26,313 and its regulatory decrees also condoned the debts on mortgage loans granted before the Convertibility Law in so far as they had been granted to deal with emergency situations and in so far as they met the arrears requirement imposed on the loans subject to recalculation.

Subject to the Argentine Central Bank's supervision, Banco Hipotecario has implemented the recalculation of mortgage loans within the scope of the above-discussed rules by adjusting the value of the new installments to a maximum amount not in excess of 20% of the household income. In this respect, Banco Hipotecario estimates that it has sufficient loan loss provisions to face any adverse economic impact on the portfolio involved.

However, Banco Hipotecario may not assure you that the Argentine Government will not enact new additional laws restricting Banco Hipotecario's ability to enforce its rights as a creditor and/or imposing a condonation or a reduction of principal on the amounts unpaid in Banco Hipotecario's mortgage loan portfolio. Any such circumstance might have a significant adverse effect on Banco Hipotecario's financial condition and on the results of operations.

The Argentine Government may prevail at Banco Hipotecario's General Shareholders' Meetings.

By virtue of Law No. 23,696 (the "Privatization Law") there are no restrictions on the Argentine Government's ability to dispose of its Class A shares and all those shares minus one could be sold to third parties through public offering. Banco Hipotecario's By-laws set forth that if at any time Class A shares were to represent less than 42% of Banco Hipotecario's shares with right to vote, Class D shares automatically lose their triple vote right, which could result in the Main Shareholders losing control. Should any such situation materialize and should the Argentine Government retain a sufficient number of Class A shares, the Argentine Government could prevail in Shareholders' Meetings (except for some decisions that call for qualified majorities) and could thus exert actual control on the decisions that must be submitted to consideration by the Shareholders' Meeting.

Banco Hipotecario may in the future consider new business opportunities, which could turn out to be unsuccessful.

In recent years Banco Hipotecario has considered some business acquisitions or combinations and it plans to continue considering acquisitions that offer appealing opportunities and that are in line with Banco Hipotecario's commercial strategy. However, Banco Hipotecario may not assure you that such businesses could deliver sustainable outcomes or that Banco Hipotecario will be able to consummate the acquisition of financial institutions in favorable conditions. Additionally, Banco Hipotecario's ability to obtain the desired outcome as a result of said acquisitions will be partly dependent upon Banco Hipotecario's ability to follow through with the successful integration of the businesses. To integrate any acquired business entails major risks, including:

- Unforeseen difficulties in integrating operations and systems;
- Problems inherent in assimilating or retaining the target's employees;
- Challenges associated with keeping the target's customers;
- Unforeseen liabilities or contingencies associated with the targets; and
- The likelihood of management having to take time and attention out of the business's day-to-day to focus on the integration activities and the resolution of associated problems.

Risks Related to the Global Depositary Shares and the Shares

Shares eligible for sale could adversely affect the price of our common shares and Global Depositary Shares.

The market prices of our common shares and GDS could decline as a result of sales by our existing shareholders of common shares or GDSs in the market, or the perception that these sales could occur. These sales also might make it difficult for us to sell equity securities in the future at a time and at a price that we deem appropriate.

The GDSs are freely transferable under US securities laws, including shares sold to our affiliates. Cresud, which as of June 30, 2013, owned approximately 65.45% of our common shares (or approximately 378,753,404 common shares which may be exchanged for an aggregate of 37,875,340 GDSs), is free to dispose of any or all of its common shares or GDSs at any time in its discretion. Sales of a large number of our common shares and/or GDSs would likely have an adverse effect on the market price of our common shares and the GDS.

We are subject to certain different corporate disclosure requirements and accounting standards than domestic issuers of listed securities in the United States

There may be less publicly available information about the issuers of securities listed on the Buenos Aires Stock Exchange (the "Bolsa de Comercio de Buenos Aires") than publicly available information about domestic issuers of listed securities in the United States and certain other countries. In addition, all listed Argentine companies must prepare their financial statements in accordance with regulations of the Comisión Nacional de Valores and Argentine GAAP except for financial institutions and insurance companies which must comply with the accounting standards issued by BCRA and the National Insurance Superintendance, respectively, which differ in certain significant respects from U.S. GAAP. For this and other reasons, the presentation of Argentine financial statements and reported earnings may differ from that of companies in other countries in this and other respects.

We are exempted from the rules under the Exchange Act prescribing the furnishing and content of proxy statements, and our officers, directors and principal shareholders are exempted from the reporting and short-swing profit recovery

provisions contained in Section 16 of the Exchange Act.

Investors may not be able to effect service of process within the U.S. limiting their recovery of any foreign judgment.

We are a publicly held corporation (sociedad anónima) organized under the laws of Argentina. Most of our directors and senior managers, and most of our assets are located in Argentina. As a result, it may not be possible for investors to effect service of process within the United States upon us or such persons or to enforce against us or them, in United States courts, judgments obtained in such courts predicated upon the civil liability provisions of the United States federal securities laws. We have been advised by our Argentine counsel, Zang, Bergel & Viñes, that there is uncertainty as to whether the Argentine courts will enforce provisions to the same extent and in as timely a manner as a U.S. or foreign court, an action predicated solely upon the civil liability provisions of the United States federal securities laws or other foreign regulations brought against such persons or against us.

If we are considered to be a passive foreign investment company for United States federal income tax purposes, U.S. Holders of our common shares or GDSs would suffer negative consequences.

Based on the current and projected composition of our income and valuation of our assets we do not believe we were a passive foreign investment company (“PFIC”), for United States federal income tax purposes for the tax year ending June 30, 2013, and we do not currently expect to become a PFIC, although there can be no assurance in this regard. The determination of whether we are a PFIC is made annually. Accordingly, it is possible that we may be a PFIC in the current or any future taxable year due to changes in our asset or income composition or if our projections are not accurate. The volatility and instability of Argentina’s economic and financial system may substantially affect the composition of our income and assets and the accuracy of our projections. In addition, this determination is based on the interpretation of certain U.S. Treasury regulations relating to rental income, which regulations are potentially subject to differing interpretation. If we become a PFIC, U.S. Holders (as defined in “Taxation—United States Taxation”) of our shares or GDSs will be subject to certain United States federal income tax rules that have negative consequences for U.S. Holders such as additional tax and an interest charge upon certain distributions by us or upon a sale or other disposition of our shares or GDSs at a gain, as well as reporting requirements. Please see “Taxation—United States Taxation” for a more detailed discussion of the consequences if we are deemed a PFIC. You should consult your own tax advisors regarding the application of the PFIC rules to your particular circumstances.

Under Argentine law, shareholder rights may be fewer or less well defined than in other jurisdictions.

Our corporate affairs are governed by our by-laws and by Argentine corporate law, which differ from the legal principles that would apply if we were incorporated in a jurisdiction in the United States, such as Delaware or New York, or in other jurisdictions outside Argentina. In addition, your rights or the rights of holders of our common shares to protect your or their interests in connection with actions by our board of directors may be fewer and less well defined under Argentine corporate law than under the laws of those other jurisdictions. Although insider trading and price manipulation are illegal under Argentine law, the Argentine securities markets are not as highly regulated or supervised as the US securities markets or markets in some other jurisdictions. In addition, rules and policies against self dealing and regarding the preservation of shareholder interests may be less well defined and enforced in Argentina than in the United States, putting holders of our common shares and GDSs at a potential disadvantage.

The protections afforded to minority shareholders in Argentina are different and more limited than those in the United States and may be more difficult to enforce.

Under Argentine law, the protections afforded to minority shareholders are different and much more limited than, those in the United States and some other

Latin American countries. For example, the legal framework with respect to shareholder disputes, such as derivative lawsuits and class actions, is less developed under Argentine law than under U.S. law as a result of Argentina's short history with these types of claims and few successful cases. In addition, there are different procedural requirements for bringing these types of shareholder lawsuits. As a result, it may be more difficult for our minority shareholders to enforce their rights against us or our directors or controlling shareholder than it would be for shareholders of a US company.

Holders of common shares may determine to not pay any dividends.

In accordance with Argentine Corporate Law we may pay dividends to shareholders out of net and realized profits, if any, as set forth in our audited financial statements prepared in accordance with Argentine GAAP. The approval, amount and payment of dividends are subject to the approval by our shareholders at our annual ordinary shareholders meeting. The approval of dividends requires the affirmative vote of a majority of the shareholders entitled to vote at the meeting. As a result, we cannot assure you that we will be able to generate enough net and realized profits so as to pay dividends or that our shareholders will decide that dividends will be paid.

Our ability to pay dividends is limited, by our by-laws and by certain restrictive covenants in our debt instruments.

On February 2, 2007, we issued our fixed-rate notes due 2017 in an aggregate principal amount of US\$150.0 million, which accrue interest at an annual interest rate of 8.5% payable semiannually and maturing on February 2, 2017.

On July 20, 2010, we issued fixed-rate notes due in 2020 in an aggregate principal amount of US\$ 150.0 million, which accrue interest at an annual interest rate of 11.5% payable semiannually and mature on July 20, 2020.

Additionally, on February 14, 2012, we issued our Badlar notes due in 2013, in an aggregate principal amount of Ps 153.2 million which accrue interest at an annual rate of Badlar rate plus 249 basis points, and our fixed rate notes due in 2014 for a total amount of US\$ 33.8 million, which accrue interest at an annual interest rate of 7.45%.

These notes contain a covenant limiting our ability to pay dividends which may not exceed the sum of:

- 50% of our cumulative consolidated net income; or
- 75% of our cumulative consolidated net income if our consolidated interest coverage ratio for our most recent four consecutive fiscal quarters is at least 3.0 to 1; or
- 100% of cumulative consolidated net income if our consolidated interest coverage ratio for our most recent four consecutive fiscal quarters is at least 4.0 to 1; or
- 100% of the aggregate net cash proceeds (with certain exceptions) and the fair market value of property other than cash received by us or by our restricted subsidiaries from (a) any contribution to our capital stock or the capital stock of our restricted subsidiaries or issuance and sale of our qualified capital stock or the qualified capital stock of our restricted subsidiaries subsequent to the issue of our notes due, (b) issuance and sale subsequent to the issuance of our notes due 2017 or our indebtedness or the indebtedness of our restricted subsidiaries that has been converted into or exchanged for our qualified capital stock, or (c) any reduction in our indebtedness or any restricted subsidiary, (d) any reduction in debt investment (other than permitted investments) and return on assets, or (e) any distribution received from non-restricted subsidiaries.

As a result, we cannot give you any assurance that in the future we will pay any dividends in respect of our common shares.

ITEM 4. Information on the Company

A. History and Development of the Company

Box 358516 Pittsburgh, PA 15252-8516, and whose telephones are + 1-888-BNY-ADR for U. S. calls and + 1 - 201-680-6825 for calls outside U.S.

History

We have been actively engaged in a range of diversified real estate activities in Argentina since 1991. After our global public offering in 1994, we launched our real estate activities in the office rental market by acquiring three office towers located in prime office zones of Buenos Aires: Libertador 498, Maipú 1300 and Madero 1020.

Since 1996, through our subsidiary Alto Palermo, we have expanded our real estate activities in the Shopping Center segment by through the acquisition of controlling interests in eleven shopping centers: Paseo Alcorta, Alto Palermo Shopping, Buenos Aires Design, Alto Avellaneda, Alto Noa, Abasto Shopping, Patio Bullrich, Mendoza Plaza Shopping, Alto Rosario, Córdoba Shopping Villa Cabrera and Dot Baires. During the same period, we have also expanded our operations into the residential real estate market through the development and construction of multi-tower apartment complexes in the City of Buenos Aires and through the development of private residential communities in the greater Buenos Aires metropolitan area.

In 1997, we entered the hotel market through the acquisition of a 50% interest in the Llao Llao Hotel near Bariloche and the InterContinental Hotel in the City of Buenos Aires. In 1998, we also acquired the Libertador Hotel in the City of Buenos Aires and subsequently sold a 20% interest to an affiliate of Sheraton Hotels.

In 1999, we acquired 2.9% of Banco Hipotecario for Ps.30.2 million in connection with its privatization. Over the years, we have gradually increased our ownership interest in Banco Hipotecario. During the fiscal year 2002, we increased our equity interest to 5.7% and during 2003 and 2004, we increased our investment to 11.8%. Since 2008, we have acquired additional shares increasing our equity interest to 29.77% as of the date of this annual report.

In 2005 we increased our ownership interest in Mendoza Plaza Shopping S.A. from 68.8% to 85.4% through our subsidiary Alto Palermo (currently 100%). We also opened Alto Rosario Shopping. Attractive prospects in our Office business led us to make an important investment in this segment by acquiring Bouchard 710 building in fiscal year 2005, covering 15,014 square meters of rentable premium space.

In December 2006, we started the operation of Córdoba Shopping, a shopping center located in the neighborhood of Villa Cabrera in the city of Cordoba.

In 2007, we consummated several significant acquisitions in the shopping center and office building segments. In 2007 we purchased Edificio Bouchard Plaza, also known as Edificio La Nación, a 23-floor AAA office building with a total leasable area of 33,324 square meters, located in downtown Buenos Aires. We subsequently sold 9,946 square meters ending up with a total leasable area of 23,378 square meters. In 2007 we also purchased Edificio Dock del Plata which has a gross leasable area of 7,921 square meters located in the exclusive area of Puerto Madero, and subsequently we sold 3,937 square meters, retaining 3,985 square meters as of December 31, 2009. With these new purchases, we increased our premium office leasable area by 70%. We also launched the development of an office building at Dock IV of Puerto Madero, representing an additional leasable area of approximately 11,000 square meters, which was opened in May 2009.

In 2007, we acquired a 50% interest in an office building with 31,670 square meters of gross leasable area, known as the BankBoston Tower, for total consideration of US\$54 million including all existing leases. This modern property is located at 265 Carlos María Della Paolera in the City of Buenos Aires and was designed by the recognized architect Cesar Pelli (who also designed the World Financial Center in New York and the Petronas Towers in Kuala Lumpur).

In December 2007, we and INCSA executed a letter of intent to acquire, build and manage a shopping center in a plot of land owned by INCSA, located in the City of San Miguel de Tucumán, Province of Tucumán. This transaction was contingent upon the acquisition of the Soleil Factory shopping center. Upon completion of the acquisition of the Soleil Factory on July 1, 2010, as described below, we were obligated to commence the construction works on the site on May 2, 2011. However, INCSA shall comply with certain obligations prior to the commencement of said works, such as (i) delivery of the title deed of the plot and (ii) INCSA was obligated to transfer the rights and permits on the architectural project to us.

On July 1, 2010, we and INCSA entered into an agreement pursuant to which the Soleil Factory shopping center and other fixed assets were transferred to us. The transaction excluded any receivable or payable arising out of INCSA's business prior to the transaction and also excluded a building, which currently is being operated as a hypermarket within the same premises. INCSA transferred the deed of title to us on August 3, 2011. The transaction was authorized by the Comisión Nacional de Defensa de la Competencia, the National Commission of Competition in Argentina, on April 12, 2011.

On April 2013, as a result of its refurbishment, reengineering and a strong advertising campaign, Soleil factory shopping was renamed as Soleil Premium Outlet.

In March 2008 we launched a residential project through a partnership with Cyrela Brazil Realty to develop a new homebuilding concept in Argentina accompanied by an innovative sales and financing policy. The partnership's first project is in the Vicente López neighborhood, Province of Buenos Aires and as of December 31, 2009, preliminary sales agreements for 100% of the units to be marketed had been entered into. As of June 30, 2012, the percentage of completion of the project was 99.69%.

In April 2008, we acquired a building known as "República Building", in the City of Buenos Aires. This property, designed by the architect César Pelli (who also designed the World Financial Center in New York and the Petronas Towers in Kuala Lumpur) is a premium office building in downtown Buenos Aires and adds approximately 19,533 gross leasable square meters to our portfolio. We paid US\$70.2 million for this property, partially financed by a US\$33.6 million mortgage loan with an annual fixed rate of 12%, to be paid in five annual installments commencing in April 2009.

In June 2008, Alto Palermo acquired a plot of land situated at Beruti 3351/3359, between Bulnes and Avenida Coronel Díaz in Palermo, a neighborhood in the City of Buenos Aires close to our shopping center known as

“Shopping Alto Palermo”. The transaction was executed for a total price of US\$17.8 million.

In July 2008, we acquired for US\$22.6 million a 30% equity interest in Metropolitan, a Delaware limited liability company, United States of America. Metropolitan’s principal asset is a 34-story office building known as the Lipstick Building located in New York City at Third Avenue between 53rd and 54th Streets. Metropolitan has incurred mortgage debt in connection with the Lipstick Building. This office building has approximately 59,000 square meters of gross leasable area. At the same time, we acquired the right to sell back 50% of the interest acquired until the third anniversary of this investment at a price equal to 50% of the price we paid for the total investment plus interest at 4.5% per annum, and a right of first offer with respect to 60% of the 5% interest currently held by one of the shareholders of Metropolitan. During the fiscal year 2011, as a result of certain negotiations carried out successfully, an agreement was reached to restructure the debt of the Metropolitan. This restructuring was completed on December 30, 2010, the date on which a payment was made for US\$ 15.0 million as payment for the new restructured mortgage debt, reducing it from US\$ 130.0 million to US\$ 115.0 million. As a result of the closure, we have an indirect 49% of New Lipstick LLC, a holding company owner of Metropolitan, and as part of such agreements canceled the put option for 50% of the equity initially purchased. On November 27, 2012, we increased our interest in Rigby 183 LLC to 74.50%, thus we started to consolidate the results of the investment in our statement of income.

In 2009, due to the deterioration of Tarshop’s financial condition and results of operations as a result of adverse economic conditions, Alto Palermo participated in capital increases for Tarshop and invested Ps.165.0 million, to provide liquidity and additional capital, thereby increasing its equity interest in Tarshop from 80% to 98.6%. In December 2009, we entered into an agreement to sell shares representing 80% of Tarshop’s capital stock to our affiliate Banco Hipotecario for US\$26.8 million. In August 2010, the Central Bank of Argentina approved the sale.

In May 2009 we opened the shopping mall, named Dot Baires Shopping, which includes 153 retail stores, a hypermarket, a cinema complex and parking spaces for 2,200 vehicles, and is located in the neighborhood of Saavedra, City of Buenos Aires, at the intersection of the Panamericana Highway and General Paz Avenue.

On August 4, 2009, through Real Estate Investment Group L.P. (“REIG”), a company indirectly controlled and managed by us, together with other minority investors, we acquired 5.7 million common shares of Hersha, a leading company in the hotel segment in the United States, for a total purchase price of US\$ 14.3 million. As a part of the initial acquisition of our equity interest in Hersha, we had an option to buy up to 5.7 million additional common shares in Hersha at a price of US\$ 3.00 per share exercisable at any time prior to July 31, 2014 subject to certain conditions. In addition, as a part of the investment agreements, our Director and Chief Real Estate Business Officer. On February 10, 2012, Hersha notified REIG its intention to exercise the call option to purchase 5.7 million shares of Hersha granted in August 2009. In furtherance thereof, Hersha issued 2,521,561 shares, for which REIG had no obligation to pay. The value of the shares amounted to US\$ 13.6 million. During fiscal year 2013, we sold 17,105,629 common shares of Hersha, therefore, as of the date of this annual report our direct and indirect interest in Hersha amounted to 0.49%. For more information please see "Fiscal Year ended June 30, 2013- Dispositions".

In December 2010, through Rigby 183 LLC, in which we participate indirectly through our 49% stake in IMadison LLC, together with other partners, we purchased a building at 183 Madison Avenue, Midtown South in Manhattan, NY.

In March 2011, we bought the Nobleza Piccardo (British American Tobacco company) deposit building through a subsidiary in which we have 50% stake. This property is located in the city of San Martín, Buenos Aires Province, and in its size and location is an excellent venue for the future development of different segments. The total plot area is 160,000 square meters and floor area of 81,786 square meters. Under the agreement signed, Nobleza Piccardo rents the property during the first year, releasing it partially until the third year, at which time it releases the entire building. During the first year, rent surface is 80,026 square meters between warehouses and offices, during the second year, the leasable area drops to 27,614 meters. We are working on the design of a Master Plan to apply to the authorities of San Martín that allow us to develop a mixed-use project. We recently obtained pre-approval by the Municipality of San

Martín to extend of the purposes for which the property can be used, including Shopping Center, Entertainment, Events, Commercial Offices, Parking and other ancillary uses. Based on the strategic location of the property, we considered acquiring it in order to develop a shopping center in the future.

On June 15, 2011, Alto Palermo acting in its own name and through its subsidiary, Torodur S.A., acquired 50% of Nuevo Puerto Santa Fe S.A.'s ("NPSF") shares, a corporation that is tenant of a building in which La Ribera Shopping was built and currently operates strategically located within the port of Santa Fe, the place with the largest development in terms of real estate in the City of Santa Fe, 27 kilometers away from the City of Paraná and 96 kilometers away from the City of Rafaela.

In March 2012, through our subsidiary Real Estate Strategies, L.P., in which we holds a 66.8% interest, we have acquired 3,000,000 Series C convertible preferred shares issued by Supertel Hospitality Inc. in an aggregate amount of US\$ 30,000,000. Such preferred shares will bear an annual 6.25% preferred dividend and will carry the same voting rights as common shares. Furthermore, pursuant to the aforementioned investment, the hawse have received warrants to acquire 30 million additional common shares. Subject to certain restrictions, the warrants may be exercised at any time during the 5-year period from closing of the transaction (such exercise being mandatory under certain conditions following 3 years from such closing) at a price of US\$ 1.20 per share.

Significant acquisitions, dispositions and development of business

Fiscal year ended June 30, 2013

Acquisitions

La Rural

In November 2012, we have acquired 50% of Entertainment Holdings S.A.'s ("EHSA") capital stock for a total amount of Ps. 32.0 million. EHSA is the indirect holder of 50.0% of the shares and votes of capital stock of La Rural S.A., a company that has the usufruct right pursuant a concession contract for the management of "Predio Ferial de Palermo" in the City of Buenos Aires. Accordingly, our indirect interest amounts to 25.0% of the capital stock of aforementioned company.

On September 25 of 2013, Sociedad Rural Argentina (SRA), La Rural de Palermo S.A. (LRPSA), Boulevard Norte S.A. (BNSA), Ogden Argentina S.A., Entertainment Holdings S.A. (EH), Entretenimiento Universal S.A., and La Rural S.A., entered into an agreement that mainly consist of an amendment to the preexisting agreements under the joint venture pursuant to which they agreed to revise, amend and/or clarify certain provisions. Following this agreement, APSA is currently in the process of evaluating any potential effect on the preliminary purchase price allocation of its joint venture acquisition.

APSA

During the current fiscal year, we acquired an additional equity interest of 0.1% in APSA for a total consideration of Ps. 2.3 million. As a result of this transaction, the non-controlling interest was reduced by Ps. 0.8 million.

Additional purchase Arcos Gourmet

On June 7, 2013, APSA purchased shares accounting for 1.815% of the capital stock and votes for US\$ 0.8 million.

Acquisition of equity interest in Rigby 183

In December 2010, through Rigby 183 LLC ("Rigby 183"), in which we indirectly holds a 49% stake through IMadison LLC ("IMadison"), jointly with other partners, acquired a building located at 183 Madison Avenue, Midtown South, Manhattan, New York. This area involves famous and prominent buildings such as, the Empire State Building, the

Macy's Herald Square, and the Madison Square Garden and it also has one of the largest office and store markets, excellent means of transport, restaurants, stores and entertainment options.

The purchased property consists of a pre-war building built in 1925 designed by the architecture firm Warren & Wetmore (the same firm that designed the Grand Central Terminal of New York). It has 19 office stories for rent and a store on its Ground Floor. The net leaseable area is approximately 23,200 sqm, 3,523 sqm of which correspond to retail stores and 19,677 sqm are offices.

The total purchase price was US\$ 98 million (US\$ 4,224 per leaseable sqm) composed of US\$ 48 million of principal (IMadison contributed US\$ 23.5 million), US\$ 40 million under a loan granted by M&T Bank at a rate of 5.01% per annum due in 5 years and a loan for US\$ 10 million to carry out the capex and prebuilds program.

On November 27, 2012, we increased our interest in Rigby 183 LLC to 74.50%, thus we started to consolidate the results of the investment in our statement of income.

Dispositions

Sale of Hersha's shares

During the year, we sold 17,105,629 ordinary shares of Hersha for a total amount of US\$ 92.5 million. Consequently, as of the date of issuance of these Consolidated Financial Statements, our interest in Hersha's capital stock decreased from 9.13% (at the beginning of the year) to 0.49%. The profit generated by the fair value measurement of the investment as of June 30, 2013, amounted to Ps.75,2 millions

Partial Sale of Libertador 498 and Maipú 1300

On August 31, 2012, we signed the transfer deeds for the sale of certain functional units of the building “Libertador 498” of the Autonomous City of Buenos Aires. The total price of the transaction amounted to Ps. 15.0 million and was paid on the execution of the title conveyance deeds. . This transaction generated a gain of Ps. 12.7 million.

On October 4 and 11, 2012, we signed the transfer deed for the sale of several functional units (stores and parking spaces) of the building “Libertador 498”. The transactions price was set at Ps. 29.4 million, amount that had been completely collected. This transaction generated a gain of Ps. 24.9 million.

On May 8, 2013, we signed the transfer deed for the sale of the 17th floor and two parking units of the Building Maipú 1300 and two parking units of the building Libertador 498. The total price of the transaction was Ps. 7.8 million (US\$ 1.5 million). This transaction generated a gain of Ps. 6.0 million.

In addition, on May 20, 2013, we signed the transfer deed for the sale of the 6th floor, two parking units of the Building Maipú 1300 and two parking units of the building Libertador 498. The transaction price was set at Ps. 7.6 million (US\$ 1.45 million), amount that had been completely collected. This transaction generated a gain of Ps. 6.0 million.

Partial Sale of La Nación Building

On September 14, 2012, we sold certain functional units on floors 18 and 19, as well as parking areas, of the building Bouchard 551. The total price of the transaction was US\$ 8.5 million paid upon execution of the conveyance deed. This transaction generated a gain of Ps. 18.4 million.

On June 28, 2013, we signed the transfer deed for the sale of 4th, 5th and 6th floors and 56 parking units of the building Bouchard 551. The total price of the transaction was Ps. 148.7 million, equivalent to US\$ 27.6 million. This transaction generated a gain of Ps. 108.0 million.

Partial Sale of Costeros Dique IV

On January 8, 2013, IRSA sold certain functional units (stores and parking spaces) of the building “Costeros Dique IV”. The total price of the transaction was Ps. 9.2 million. This transaction generated a gain of Ps. 7.8 million.

Sale of Canteras Natal Crespo S.A

On June 28, 2013, we reported the sale and transfer of our 50% stake in Canteras Natal Crespo S.A. to Euromayor S.A. de Inversiones. The amount of the operation totaled US\$ 4.2 million and the profit obtained was Ps. 15.0 million. Canteras Natal Crespo S.A. is the owner of Emprendimiento Laguna Azul, an urban development project of approximately 430 has. located in the Province of Cordoba.

Fiscal year ended June 30, 2012

Acquisitions

Acquisition of Bitania 26 S.A’s shares

On December 12, 2011, we through Ritelco S.A. purchased 9,800,000 non-transferable nominative common shares, of one vote each, issued by the company Bitania 26 S.A., representative of 49% of its capital stock. Bitania 26 S.A. owns the hotel “Esplendor Savoy” in the city of Rosario, Province of Santa Fé. The amount of the transaction was set in US\$ 5.0 million, which has been settled.

Acquisition of Nuevo Puerto Santa Fe S.A.

On August 18, 2011, we, through APSA, acquired the 50% of the capital stock of Nuevo Puerto Santa Fe S.A. (“NPSF”), an Argentine company that owns the usage and exploitation rights for a new shopping mall in the province of Santa Fe (“La Ribera Shopping”). The purchase price was US\$ 4.5 million and will be payable in equal and consecutive monthly installments as from February, 2013.

APSA

During the year ended June 30, 2012, we acquired an additional equity interest of 0.038% in APSA for a total consideration of 0.8 million. As a result of this transaction, the non-controlling interest was reduced by Ps. 0.4 million.

Acquisition of preferred shares and warrants of Supertel Hospitality Inc. (“Supertel”)

On February, 2012, through our subsidiary Real Estate Strategies L.P., we acquired 3 million of preferred shares and 30 million of warrants of Supertel for a total amount of US\$ 30.0 million. Supertel is a Real Estate Investment Trust (REIT) that focuses its activity on medium class long-stay hotels and long-term stays. Supertel owns approximately 75 hotels in 21 states of the United States of America, which are managed by diverse operators and franchises, such as Comfort Inn, Days Inn, Sleep Inn and Super 8, among others.

The above mentioned preferred shares accrue a preferred dividend of 6.25% per annum and are convertible into 30 million common shares at a rate of 10 common shares for one preferred share. Subject to certain limitations, they can be exercised completely or partially at any time until February 2017. Preferred shares grant the same political rights as Supertel’s common shares.

The Warrants grant us the right to acquire 30 million Supertel’s common shares at a fixed price of US\$ 1.20 per share. Subject to certain limitations, these warrants can be exercised completely or partially at any time until February 2017.

As a holder of Preferred Shares, we have approximately 34% of the voting rights in Supertel's Shareholders' Meetings. Additionally, we are entitled to appoint up to 4 directors, out of a total of 9, and participates in the decision-making process of Supertel's Executive Committee concerning the acquisition, disposal and administration of Supertel's real estate assets. However, under no circumstances may the Group hold an interest in Supertel of more than 34% of its capital stock and/or more than 34% of the voting rights in Supertel's Shareholders' Meetings.

In spite of the fact that the Group exerts significant influence on Supertel, neither the Preferred Shares nor the Warrants entitle the Group to the economic benefits of an equity interest in Supertel (the Group does not have any equity interest in Supertel). Therefore, the Preferred Shares and Warrants were recorded as financial assets and measured at fair value, and the resulting changes were disclosed in the statements of income, as required by IFRS 9.

When initially recognized, the consideration paid for the Preferred Shares and Warrants was allocated to both instruments, based on their respective fair values upon acquisition. The fair values of these instruments exceeded the price of the transaction and were assessed using a valuation method that incorporates unobservable market data. Given the fact that the fair value of these instruments was estimated by applying the mentioned method, the Group did not recognize a gain of US\$. 7.9 million at the time of initial recognition.

Contribution to Don Mario S.G.R. ("Don Mario")

On June 29, 2012, the Secretaría de Pequeña y Mediana Empresa (the "SME undersecretariat") authorized our incorporation as "Protector Partner" (Socio Protector) of Don Mario S.G.R. ("Sociedad de Garantía Recíproca").

Moreover, we made a contribution to Don Mario's Risk Fund in the amount of Ps. 10 million, in our capacity of Protector Partner. S.G.R.s are funded through the contributions of investors who in turn obtain certain tax benefits for income tax purposes.

Additionally, Don Mario assigned and transferred to us five Class "B" shares, with a face value of Ps. 1 each and entitled to one vote per share, for the amount of Ps. 0.005 which have been paid in cash. These shares are symbolic and merely represent our right over the investment. These shares neither grant control nor significant influence over the actions of the entity. We must maintain the investment in the SGR for a minimum period of 2 years and APSA must grant with its contribution certain financing obtained by PyME's of our supply chain to make use of the tax benefit.

Lujan Plot of Land

On May 22, 2012, we completed the acquisition of a plot of land of 115 hectares in Luján, Province of Buenos Aires from Cresud S.A.C.I.F. y A. ("CRESUD"), for a total amount of US\$ 8.96 million, which as of the date of this annual report was fully paid. This transaction was carried out in order to develop a mixed purpose project in the future since the plot of land has localization and scale features that are apt for business development. In addition, the land already has the municipal requisite authorization and zoning permits to allow for developments.

Acquisition of Cresud's corporate notes

On March 10, 2011 and June 21, 2012, the Group through ERSA acquired Cresud S.A.C.I.F. y A.'s Non-convertible Notes for US\$ 2.5 million and Ps. 13.74 million, respectively.

Additionally, on June 21, 2012, the Group through PAMSA acquired Cresud S.A.C.I.F. y A.'s Non-convertible Notes for a total amount of Ps. 19.2 million.

Dispositions

Partial Sale of Libertador 498

On October 17, 2011, the Group through IRSA sold certain functional units in the real property known as “Libertador 498” in the Autonomous City of Buenos Aires. The total transaction price amounted to US\$ 2.5 million and was collected as of June 30, 2012. This transaction generated a gain of Ps. 7.9 million.

Sale of “Thames”

On October 25, 2011, the Group through IRSA sold the property “Thames” located in the province of Buenos Aires. The total transaction price amounted to US\$ 4.7 million and was collected as of June 30, 2012. This transaction generated a gain of Ps. 14.7 million.

Sale of “Museo Renault”

The Group through IRSA sold in two separate transactions performed in March and May, 2012, all the functional units from the property known as "Museo Renault" at Figueroa Alcorta 3301 of the Autonomous City of Buenos Aires. The total price agreed amounted to US\$ 11.7 million. In connection with the sale of corporate notes completed in May 2012, the amount of US\$ 3.3 million was agreed upon to be paid in two annual mortgage-backed installments over a 12 month period, at an annual interest rate of 8.5%. The transactions mentioned above resulted in a gain of Ps. 40.4 million

Partial Sale of “Dique IV”

On June 16, 2012, IRSA sold, assigned and transferred a covered area of 4,703 m² for offices, 46 car parking spaces and 4 complementary units to be used as storage units in the building identified as Yacht V and VI of the complex known as “Puerto del Centro”, located in Dique IV, Puerto Madero. The amount of the transaction was Ps. 69 million, which was paid by the buyer upon execution of the conveyance deed. The result for this transaction amounted to a gain of Ps. 53.7 million.

Developments

Apsamedia (Metroshop’s continuing Company)

On July 20, 2011, a Special General Shareholders Meeting of Metroshop S.A. (“Metroshop”) approved by unanimous consent the change of corporate name to Apsamedia S.A. and the amendment of its corporate purpose to capitalize on market opportunities.

Apsamedia will continue providing its services, which have been broadened in scope to the following areas:

- Consumer credit marketing and financing.
- Issuance and marketing of credit cards.
- Performance of any type of agency and representation.
- Management of administrative, advertisement and commercial activities.

Such amendments were registered under the Public Registry of Commerce on August 29, 2011 under number 17,795.

During this fiscal year, Apsamedia started to develop the leasing of advertising space business in our shopping centers.

Arcos del Gourmet

On September 6, 2011, Arcos del Gourmet SA, ("AGSA") signed a Retrofitting Concession with the Administración de Infraestructuras Ferroviarias (the Railway Infrastructure Administration or "ADIF"), which transferred the railway assets under the jurisdiction of the Organismo Nacional de Administración de Bienes ("ONABE"), pursuant which it was decided to extend the term of the grant until December 31, 2030, automatically renewable for three years and four months after that date if the commitments are satisfactorily performed. This new contract provides an additional extension of three years if AGSA determines it is necessary. It also established a maximum period of 24 months (counted from the day of signing the contract) to carry out the works and opening of the shopping center. The aforementioned contract established a new monthly fee of Ps. 0.2 million (plus VAT) until December 31, 2025, and Ps. 0.25 million (plus VAT) from January 1, 2026. Notwithstanding the foregoing, in the future and until the end of the concession period the charges shall be determined every two years. Upon ADIF transferring to such agency the rail wealth under the ONABE, by means of which it was decided to expand the concession term until December 31, 2030, automatically extendable for 3 years and 4 months as from that date, provided the fulfillment of all the commitments assumed. This new contract allows for another extension for 3 additional years in case the Company declares so. Likewise, a maximum term of 24 months was set (as from the date of subscription of the agreement) to perform the works and opening of the Shopping Center, such agreement and established a new monthly fee of Ps. 0.2 million (plus VAT) until December 31, 2025, and Ps. 0.25 million (plus VAT) as from January 1st, 2026. Notwithstanding this, subsequently and until the concession term is ended, fees will be determined every 2 years.

Additionally, to secure the fulfillment of the agreement, we committed to hire a surety bond for Ps. 4.46 million, to make a cash deposit of Ps. 0.40 million and to hire another surety bond in favor of ADIF in the amount of Ps. 14.95 million as collateral to our execution of the works agreed in due time and proper form.

This agreement replaces the one subscribed with ONABE.

On September 7, 2011, we acquired an additional 8.185% interest in Arcos del Gourmet S.A. for US\$ 1.75 million in cash consideration. As part of this acquisition, we have renegotiated certain terms of the original acquisition agreement pursuant to which it will contribute 10% of each capital call required to avoid the minority shareholder's dilution. This obligation is capped at US\$ 3.5 million and is recognized under selling financing is short-term and long-term debt.

In December 2011, Alto Palermo started to develop "Arcos" project located in the neighborhood of Palermo, City of Buenos Aires. This project, which will follow an urban space model, aspires to be a distinct proposal, offering a variety of premium brands in an open-air environment. This new urban space is expected to open by the end of 2013, and it will add approximately 13,000 square meters of gross leaseable area and 70 stores to APSA's portfolio, featuring its fourteenth shopping center.

Shopping Neuquén project

On June 4, 2012, Shopping Neuquén S.A. ("Shopping Neuquen") entered into an agreement with the Municipality whereby it agreed to perform the construction works in one stage of the Shopping Center, based on the new schedule which provides a maximum construction term of 24 months computed as from the execution of the relevant Works Commencement Minutes. Such agreement was approved by Decree N° 0572 issued by the Municipality of Neuquén on June 8, 2012.

If we fail to comply with the conditions established in the agreement, the Municipality is entitled to terminate the agreement and carry out the actions that may be considered necessary, including to request the return of the plots of the Shopping Center plots acquired to the Municipality.

Capital Expenditures

Fiscal Year 2013. During the fiscal year ended June 30, 2013, we invested Ps. 920.9 million, mainly due to (a) improvements in our hotels Sheraton Libertador, Intercontinental and Llao Llao for Ps. 0.9 million, Ps. 2.6 million and Ps.0.4 million, respectively, (b) acquisition of furniture and fixtures, machinery, equipment, and facilities for Ps. 11.6 million, (c) improvements made to our shopping centers for Ps. 56.9 million, (d) development of properties for Ps. 144.2 million, corresponding Ps. 117.9 million to “Arcos” project and Ps. 26.3 million to Shopping Neuquén project, (e) improvements in our office buildings and other rental properties for Ps. 7.6 million, (f) the purchase of an additional 25.5% equity interest in Rigby 183 LLC 's capital stock for Ps. 679.2 million, (g) advances to suppliers of Ps.15.8 million and (h) the acquisition of plots of lands for Ps. 1.8 million.

Fiscal Year 2012. During the fiscal year ended June 30, 2012, we invested Ps. 133.9 million, mainly due to (a) improvements in our hotels Sheraton Libertador, Intercontinental and Llao Llao for Ps. 0.9 million, Ps. 3.5 million and Ps.0.4 million, respectively, (b) acquisition of furniture and fixtures, machinery, equipment, and facilities for Ps. 8.2 million, (c) improvements made to our shopping centers for Ps. 31.3 million, (d) development of properties for Ps. 23.9 million, corresponding Ps. 18.4 million to “Arcos” project and Ps. 5.5 million to Shopping Neuquén project, (e) improvements in our office buildings and other rental properties for Ps. 8.8 million, (f) advances to suppliers of Ps.9.9 million and (g) the acquisition of plots of land for Ps. 47.0 million, mainly the Lujan plots of land (Ps. 41.9 million).

Recent Developments

Banco Hipotecario’s Dividends

The Shareholders’ Meeting of Banco Hipotecario S.A.has approved a dividend distribution for the amount of Ps. 30.0 million charged to the fiscal year ended December 31, 2012. In accordance with its shareholding, we will receive Ps. 9.2 million.

Shareholders Meeting

Our 2013 annual meeting of shareholders will be held on October 31, 2013, in order to consider and approve, among others, (i) Consideration of the rules contained in Resolution 609/2012 issued by the Argentine Securities Commission and the creation of a special reserve in the Shareholders' Equity, (ii) Consideration of the documents contemplated in Section 234, paragraph 1, of Law No. 19,550 for the fiscal year ended June 30th, 2013, (iii) Consideration of the Board of Directors' performance, (iv) Consideration of the Supervisory Committee's performance, (v) Treatment of "Retained Earnings" account and consideration of the reversal of the "Reserve for New Projects" account. Delegation of its implementation, (vi) Treatment and allocation of net income for the fiscal year ended June 30th, 2013, amounting to Ps. 238,737,000. Consideration of payment of a dividend in cash and/or in kind, for up to Ps. 250,000,000, (vii) Consideration of compensation payable to the Board of Directors for the fiscal year 2013, (viii) Consideration of compensation payable to the Supervisory Committee for the fiscal year 2013, (ix) Determination of the number and election of Regular Directors and Alternate Directors, as applicable, (x) Appointment of Regular and Alternate Members of the Supervisory Committee, (xi) Appointment of Certifying Accountant for the next fiscal year and determination of its compensation, (xii) Updating of Shared Services Agreement report, (xiii) Treatment of amounts paid as personal asset tax levied on the shareholders, (xiv) Consideration of the Plan for repurchase of shares and GDSs issued by us, (xv) Updating of information on the implementation of payment of the bonus under the Incentive Plan for the Company's officers as resolved upon by the shareholders' meetings dated October 29th, 2009, October 29th, 2010, October 31st, 2011, and October 31st, 2012. Approval of actions taken, (xvi) Consideration of launching a Voluntary Public Tender Offer for the Shares of our controlled company Alto Palermo, (xvii) Consideration of renewing the delegation on the Board of Directors of the powers to determine the time and currency of issuance and further terms and conditions for the issue of negotiable obligations under the Global Program for the Issue of Simple Negotiable Obligations for up to US\$ 300,000,000, (xviii) Consideration of renewing the delegation on the Board of Directors of the powers to determine the time and currency of issuance for the issuance of short-term debt securities ("Valores Representativos de Deuda de Corto Plazo", or "VCP") for a maximum outstanding amount which shall not exceed at any time the peso equivalent of US\$ 50,000,000.

Acquisition of Shares of Avenida.com

Through our subsidiary APSA, we have subscribed for 3,703,794 shares of Avenida Inc., representing 26.09% of its stock capital. Avenida Inc. will be engaged in the e-commerce business. The transaction price was Ps. 13.0 million, which have already been fully paid. APSA has the option to increase its interest up to 37.04% of the company.

B. Business Overview

Operations and principal activities

We are one of Argentina's leading real estate companies in terms of total assets. We are engaged, directly and indirectly through subsidiaries and joint ventures, in a range of diversified real estate related activities in Argentina, including:

- the acquisition, development and operation of shopping centers, including consumer financing activities,
 - the development and sale of residential properties,
- the acquisition and development of office and other non-shopping center properties primarily for rental purposes,
 - the acquisition and operation of luxury hotels,
- the acquisition of undeveloped land reserves for future development and sale, and
 - selected real estate investments outside Argentina.

As of June 30, 2013 and 2012, we had total assets of Ps. 8,326.5 million and Ps. 6,889.6 million, respectively and shareholders' equity of Ps. 3,130.7 million and Ps. 3,039.8 million, respectively. Our net income for the fiscal years ended June 30, 2013 and 2012 was Ps. 297.2 million and Ps. 224.7 million, respectively.

Our principal executive offices are located at Bolivar 108, Ciudad Autónoma de Buenos Aires (C1066AAB), Argentina. Our administrative headquarters are located in the Intercontinental Plaza tower, Moreno 877, Floor 22, Ciudad Autónoma de Buenos Aires (C1091AAQ), Argentina. Our telephone number is +54 (11) 4323-7400, our fax number is +54 (11) 4323-7480.

We operate our business through six reportable segments, namely "Shopping Centers", "Office and Other Rentals", "Development and Sale of Properties", "Hotels", "International" and "Financial Operations and Others" as further described below:

Our "Shopping Centers" segment includes the operating results from our portfolio of shopping centers principally comprised of lease and service revenue from tenants. Our Shopping Centers segment had assets of Ps. 2,262.3 million and Ps. 2,211.9 million as of June 30, 2013 and 2012, respectively, representing 36% and 42% of our total consolidated assets at such dates, respectively. Our Shopping Centers segment generated operating income of Ps. 686.1 million and Ps. 569.0 for the financial years ended June 30, 2013 and 2012, respectively, representing 63% and 75%, of our consolidated operating income for such years, respectively.

Our "Offices and Other Rentals" segment includes the operating results of our lease and service revenues of office space and other non-retail building properties principally comprised of lease and service revenue from tenants. Our Offices and Other Rentals segment had assets of Ps. 855.5 million and Ps. 1,106.0 million as of June 30, 2013 and 2012, respectively, representing 15% and 19% of our total consolidated assets at such dates, respectively. Our Offices and Other Rentals segment generated operating income of Ps. 125.4 million and Ps. 105.7 for the financial years ended June 30, 2013 and 2012, respectively, representing 11% and 14%, of our consolidated operating income for such years, respectively.

Our “Development and Sales of Properties” segment includes the operating results of our acquisition and/or construction of housing and other properties for sale in the ordinary course of business. Our Development and Sales of Properties segment had assets of Ps. 542.9 million and Ps. 601.2 million as of June 30, 2013 and 2012, respectively, representing 12% and 11% of our total consolidated assets at such dates, respectively. Our Development and Sales of Properties segment generated operating income of Ps. 176.4 million and Ps. 100.8 for the financial years ended June 30, 2013 and 2012, respectively, representing 16% and 13%, of our consolidated operating income for such years, respectively.

Our “Hotels” segment includes the operating results of our hotels mainly comprised of room, catering and restaurant revenues. Our Hotels segment had assets of Ps. 195.5 million and Ps. 207.4 million as of June 30, 2013 and 2012, respectively, representing 3% and 4% of our total consolidated assets at such dates, respectively. Our Hotels segment generated operating losses of Ps. -21.0 million and Ps. -9.3 for the financial years ended June 30, 2013 and 2012, respectively, representing -2% and -1%, of our consolidated operating income for such years, respectively.

Our “International” segment includes mainly the consolidated results of operations of our office building property located at 183 Madison Avenue in New York, United States of America as from the date we obtained control of this operation plus our share of profit or loss of our associate New Lipstick which owns the Lipstick Building also in New York. Our International segment had assets of Ps. 877.1 million and Ps. 180.0 million as of June 30, 2013 and 2012, respectively, representing 15% and 3% of our total consolidated assets at such dates, respectively. Our International segment generated operating income of Ps. 129.3 million and operating losses of Ps. -8.8 for the financial years ended June 30, 2013 and 2012, respectively, representing 12% and -1%, of our consolidated operating income for such years, respectively, mainly due to the consolidation of this investment in our audited consolidated financial statements, after increasing our interest up to 74.5% in Rigby 183 LLC on November 27, 2012.

Our “Financial Operations and Others” segment includes the income or loss generated by our associates Banco Hipotecario and Tarshop S.A. and the residual financial operations from our subsidiary Apsamedia. During the fiscal year 2013, we maintained our 29.77% equity interest in Banco Hipotecario, held in the form of Class D shares, which are currently entitled to three votes per share, affording us, as of the end of the fiscal year 2013, a right to 46.46% of the total votes that can be cast at Banco Hipotecario’s shareholders’ meetings. As of June 30, 2013, our investment in Banco Hipotecario generated income of Ps. 59.9 million. Both Tarshop’s and Apsamedia’s operations consist primarily of lending and servicing activities related to the credit card offered to consumers at retail venues. Our Financial Operations and Others segment had assets of Ps. 1,081.2 million and Ps. 1,048.5 million as of June 30, 2013 and 2012, respectively, representing 19% and 20% of our total consolidated assets at such dates, respectively. Our Financial Operations and Others segment generated operating losses of Ps. -5.0 million and operating income of Ps. 5.7 for the financial years ended June 30, 2013 and 2012, respectively, representing 0% and 1%, of our consolidated operating income for such years, respectively.

Business Strategy

As a leading company in Argentina dedicated to acquiring, developing and managing real estate, we seek to (i) generate stable cash flows through the operation of our real estate rental assets (shopping centers, office buildings, hotels), (ii) achieve long-term appreciation of our asset portfolio by taking advantage of development opportunities, and (iii) increase the productivity of our land reserves and enhance the margins of our “Development and Sale of properties” segment through partnerships with other developers, and (iv) look for opportunities abroad offering capital gain potential..

Shopping centers. Our main purpose is to maximize our shareholders’ profitability. By using our know-how in the shopping center industry in Argentina as well as our leading position, we seek to generate a sustainable growth of cash flow and to increase the long-term value of our real estate assets.

We attempt to take advantage of the unsatisfied supply in different urban areas of the region, as well as of our customers’ purchase experience. Therefore, we seek to develop new shopping centers in urban areas with attractive prospects for growth, including Buenos Aires’ Metropolitan area, some cities in the provinces of Argentina and possibly, other places abroad. To achieve this strategy, the close business relationship we have had for years with more than 1000 retail companies and trademarks composing our selected group of tenants is of utmost importance, as it allows us to offer an adequate mix of tenants for each particular case.

Office and other. Since the Argentine economic crisis in 2001 and 2002, there has been limited investment in high-quality office buildings in Buenos Aires and, as a result, we believe there is currently substantial demand for those desirable office spaces. We seek to purchase and develop premium office buildings in strategically-located business districts in the City of Buenos Aires and other strategic locations that we believe offer return and potential for long-term capital gain. We expect to continue our focus on attracting premium corporate tenants to our office buildings. Furthermore, we intend to consider on a selective basis new opportunities to acquire or construct new rental office buildings.

Development and Sales. We seek to purchase undeveloped properties in densely-populated areas and build apartment complexes offering green space for recreational activities. We also seek to develop residential communities by acquiring undeveloped properties with convenient access to the City of Buenos Aires, developing roads and other basic infrastructure such as electric power and water, and then selling lots for the construction of residential units. After the economic crisis in 2001 and 2002, the scarcity of mortgage financing restricted the growth in middle class home purchases, and as a result, we mainly focused on the development of residential communities for middle and high-income individuals, who do not need to finance their home purchases. Furthermore, we seek to continue to acquire undeveloped land at attractive locations inside and outside Buenos Aires for the purpose of their appreciation for subsequent sale. We believe that holding a portfolio of desirable undeveloped plots of land enhances our ability to make strategic long-term investments and affords us a valuable “pipeline” of new development projects for upcoming years.

Hotels. We believe our portfolio of three luxury hotels is positioned to take advantage of future growth in tourism and travel in Argentina. We seek to continue with our strategy to invest in high-quality properties which are operated by leading international hotel companies to capitalize on their operating experience and international reputation.

International. In this segment, we seek investments that represent an opportunity of capital appreciation potential in the long term. After the international financial crisis in 2008, we took advantage of the price opportunity in the real estate sector in the United States and invested in two office buildings in Manhattan, New York. We have recently increased our interest to 74.5% of the office building located at 183 Madison Avenue in New York City. We also have a 49.87% interest in a US company, whose main asset is the so-called “Lipstick” office building located in New York City. In addition, jointly with subsidiaries, we hold 34% of Supertel Hospitality Inc. voting rights (NASDAQ: SPPR) and we have recently sold our almost entire share of 9.13% in the Hersha (NYSE: HT), which holds a controlling interest in 65 hotels in the United States, totaling around 9,616 rooms. As of June 30, 2013, we held a 0.49% stake in the company. We intend to continue evaluating -on a selective basis- investment opportunities outside Argentina as long as they offer attractive investment and development options.

Financial Operations and Other. We currently plan to keep our investment in Banco Hipotecario, as we believe that Argentina has a low level of outstanding mortgages measured in terms of GDP and as a result, our investment in Banco Hipotecario is interesting in the long term.

Overview

We are engaged in purchasing, developing and managing shopping centers through our subsidiary, Alto Palermo. As of June 30, 2013, Alto Palermo operated and owned majority interests in thirteen shopping centers, six of which are located in the City of Buenos Aires (Abasto, Paseo Alcorta, Alto Palermo, Patio Bullrich, Buenos Aires Design and Dot Baires Shopping), two of which are located in the greater Buenos Aires (Alto Avellaneda and Soleil Factory) metropolitan area and the other ones are located in the Argentine provinces: Alto Noa in the City of Salta, Alto Rosario in the City of Rosario, Mendoza Plaza in the City of Mendoza, Córdoba Shopping Villa Cabrera in the City of Córdoba and La Ribera Shopping in the City of Santa Fe.

As of June 30, 2013, we owned 95.68% of Alto Palermo. The remaining shares are held by the investor public and traded on the Bolsa de Comercio de Buenos Aires and the related ADRs are listed and traded on the Nasdaq National Market (USA) under the symbol “APSA.”

As of June 30, 2013, Alto Palermo’s shopping centers comprised a total of 308,793 square meters of gross leaseable area (excluding certain space occupied by hypermarkets which are not Alto Palermo’s tenants). For the fiscal period 2013, the average occupancy rate of Alto Palermo’s shopping center portfolio was approximately 99.1%.

We centralized management of our shopping centers in Alto Palermo, which is responsible for providing common area electrical power, a main telephone switchboard, central air conditioning and other basic common area services.

Shopping Centers

The following table shows certain information concerning our Alto Palermo subsidiary’s shopping centers as of June 30, 2013:

| | Date of Acquisition | Leaseable Area sqm (1) | APSA’s Interest (3) | Occupancy Rate (2) | | Accumulated Annual Rental Income as of fiscal year ended | | Book Value (in thousands of Ps.) (4) | |

Notes:

- (1) Total leaseable area in each property. Excludes common areas and parking spaces.-
 (2) Calculated dividing occupied square meters by leaseable area on the last day of the period.-
 (3) APSA's effective interest in each of its business units. IRSA has a 95.69% interest in APSA.-
 (4) Cost of acquisition plus improvements, less accumulated depreciation, plus adjustment for inflation, less allowance for impairment in value, plus recovery of allowances, if applicable. Does not include works in progress.
 (5) Through Alto Palermo S.A.
 (6) Excludes Museo de los Niños (3,732 in Abasto and 1,261 in Alto Rosario).-

Tenant Retail Sales (1)

The following table sets forth the total approximate tenant retail sales in Pesos at the shopping centers in which Alto Palermo had an interest for the periods shown below:

| | 2013 (in thousands of Ps.) | 2012 (in thousands of Ps.) | Var | |
|------------------------|----------------------------------|----------------------------------|------|---|
| Alto Palermo | 1,609.8 | 1,304.6 | 23.4 | % |
| Abasto Shopping | 1,939.0 | 1,537.3 | 26.1 | % |
| Alto Avellaneda | 1,868.8 | 1,466.9 | 27.4 | % |
| Paseo Alcorta | 822.7 | 667.8 | 23.2 | % |
| Patio Bullrich | 548.3 | 498.5 | 10.0 | % |
| Alto Noa Shopping | 609.2 | 500.4 | 21,8 | % |
| Buenos Aires Design | 241.5 | 235.8 | 2.4 | % |
| Alto Rosario Shopping | 1,060.2 | 825.2 | 28.5 | % |
| Mendoza Plaza Shopping | 1,206.7 | 929.1 | 29,9 | % |
| Córdoba Shopping | 432.9 | 340.3 | 27.2 | % |
| Dot Baires Shopping | 1,566.6 | 1,271.2 | 23.2 | % |
| Soleil | 366.4 | 254.1 | 44.2 | % |
| La Ribera Shopping (3) | 209.9 | 135.2 | 55.2 | % |
| Total Sales (2) | 12,482.0 | 9,966.4 | 25.2 | % |

- (1) Retail sales based upon information provided to us by retailers and prior owners. The amounts shown reflect 100% of the retail sales of each shopping center, although in certain cases we own less than 100% of such shopping centers.
 (2) Excludes sales from stands and spaces used for special exhibitions.
 (3) Includes accumulated results since acquisition on August 2011.

Expiration of Lease Agreements

The following table shows a schedule of lease expirations for our shopping center properties in place as of June 30, 2013, assuming that none of the tenants exercise renewal options or terminate their lease early.

| Lease Agreements Expiration as of June 30: | Number of Lease Agreements to Expire (1) | Square Meters of Leases to Expire (sqm) | Square Meter Percentage of Leases to Expire (%) | Amount of Lease Agreements to Expire (Ps./000) | Percentage of Lease Agreements to Expire (%) |
|--|--|---|---|--|--|
| 2014 | 585 | 87,733 | 28 % | 164,571,170 | 32 % |
| 2015 | 405 | 58,368 | 19 % | 143,851,800 | 28 % |
| 2016 | 374 | 58,771 | 19 % | 146,057,908 | 28 % |
| 2017 and subsequent years | 116 | 103,921 | 34 % | 67,012,725 | 13 % |
| Total (2) | 1,480 | 308,793 | 100 % | 521,493,603 | 100 % |

- (1) Including the vacant stores as of June 30, 2013. A lease may be associated with one or more stores.
- (2) Including the base rent and does not reflect our ownership interest in each property.

Occupancy Rate

The following table shows the occupancy rate of each shopping center during the fiscal years ended June 30, 2013 and 2012:

| | 2013 | | 2012 | |
|--------------------------------|-------|---|-------|---|
| Abasto | 99.8 | % | 99.1 | % |
| Alto Palermo | 98.5 | % | 98.3 | % |
| Alto Avellaneda | 99.9 | % | 96.1 | % |
| Paseo Alcorta | 99.8 | % | 100.0 | % |
| Patio Bullrich | 99.7 | % | 100.0 | % |

| Soleil Factory Shopping | 100.0 | % | 100.0 | % |
| La Ribera Shopping | 97.7 | % | 98.7 | % |
| Overall Average | 99.1 | % | 98.4 | % |

Rental Price

The following table shows the annual rental price per square meter for the fiscal years ended June 30, 2013 and 2012:

| | Fiscal Year ended June 30, (1) | |
|---------------------|--------------------------------|----------|
| | 2013 | 2012 |
| Abasto | 7,337.5 | 5,895.2 |
| Alto Palermo | 14,442.2 | 11,802.1 |
| Alto Avellaneda | 5,155.8 | 4,312.3 |
| Buenos Aires Design | 3,086.9 | 2,640.8 |

| | | |
|---------------------------------|---------|---------|
| Paseo Alcorta | 8,977.5 | 7,161.0 |
| Patio Bullrich | 8,829.8 | 7,710.3 |
| Alto NOA | 2,457.9 | 2,064.3 |
| Alto Rosario | 4,460.2 | 3,526.5 |
| Mendoza Plaza | 2,401.2 | 1,937.2 |
| Córdoba Shopping- Villa Cabrera | 3,863.4 | 3,104.6 |
| Dot Baires Shopping | 3,806.8 | 3,038.8 |
| Soleil Factory Shopping | 3,309.5 | 2,349.3 |
| La Ribera Shopping | 1,421.5 | 497.1 |

(1) Annual rental price per gross leasable square meter reflects the sum of base rent, percentage rent and revenues from admission rights (excluding any applicable tax on sales) divided by gross leasable square meters.

Depreciation

Depreciation, based on a component approach, is calculated using the straight-line method to allocate the cost over the assets' estimated useful lives.

Principal Terms of Alto Palermo's Leases

Under Argentine Law, terms of commercial leases must be between three to ten years, with most leases in the shopping center business having terms of no more than five years. Alto Palermo's lease agreements are generally denominated in Pesos.

Decree No. 214/2002 and Decree No. 762/2002, which modify Public Emergency Law No. 25,561, determine that duties to turn over sums of money which are denominated in U.S. dollars and which are not related to the financial system prior to January 7, 2002 are subject to the following:

- obligations will have to be paid in Pesos at a rate of Ps.1.00 = US\$1.00. Additionally, these obligations are subject to inflation adjustment through the Coeficiente de Estabilización de Referencia ("CER");
- if, as a consequence of this adjustment, the agreement is unfair to any of the parties, as long as the party that has the obligation to pay is not overdue and the adjustment is applicable, either may ask the other for a fairness adjustment. If they do not reach an agreement, a court will make the decision in order to preserve the continuity of the contract relation in a fair way; and
- new lease agreements may be freely entered into between parties, even U.S. dollar denominated lease agreements.

Leaseable space at Alto Palermo's shopping centers is marketed through an exclusive arrangement with its real estate brokers, Fibesa S.A. ("Fibesa") and Comercializadora Los Altos S.A. (merged with Fibesa S.A. as of July 1, 2009). Alto Palermo has a standard lease agreement, the terms and conditions of which are described below, which it uses for most tenants. However, Alto Palermo's largest tenants generally negotiate better terms for their respective leases. No assurance can be given that lease terms will be as set forth in the standard lease agreement.

Alto Palermo charges its tenants a rent which consists of the higher of (i) a monthly base rent (the "Base Rent") and (ii) a specified percentage of the tenant's monthly gross sales in the store (the "Percentage Rent") (which generally ranges between 4% and 10% of tenant's gross sales). Furthermore, pursuant to the rent escalation clause in most leases, a tenant's Base Rent generally increases between 7% and 24% on an annual and cumulative basis as from the thirteenth (13th) month of effectiveness of the lease. Although many of our lease agreements contain readjustment clauses, these are not based on an official index nor do they reflect the inflation index. In the event of litigation, there can be no assurance that we may be able to enforce such clauses contained in our lease agreements. See "Risk Factors" for a more detailed discussion.

In addition to rent, Alto Palermo charges most of its tenants an admission right, which is required to be paid upon entering into a lease agreement and upon a lease agreement renewal. The admission right is normally paid in one lump sum or in a small number of monthly installments, range between 3 and 6. If the tenant pays this fee in installments, it is the tenant's responsibility to pay for the balance of any such amount unpaid in the event the tenant terminates its lease prior to its expiration. In the event of unilateral termination and/or resolution for breach of duties by the tenant, a tenant will not be refunded its admission right without Alto Palermo's consent.

Alto Palermo is responsible for supplying each shopping center with the electrical power connection and provision, a main telephone switchboard, central air conditioning connection and a connection to a general fire detection system. Each rental unit is connected to these systems. Alto Palermo also provides the food court tenants with sanitation and with gas systems connections. Each tenant is responsible for completing all the necessary installations within its own rental unit, in addition to the direct expenses generated by these items within each rental unit. These direct expenses generally include: electricity, water, gas, telephone and air conditioning. Tenants must also pay for a percentage of total charges and general taxes related to the maintenance of the common areas. Alto Palermo determines this percentage based on different factors. The common area expenses include, among others, administration, security, operations, maintenance, cleaning and taxes.

Alto Palermo carries out promotional and marketing activities to attendance visits to its shopping centers. These activities are paid for with the tenants' contributions to the Common Promotional Fund ("CPF"), which is administered by Alto Palermo. Every month tenants contribute to the CPF an amount equal to approximately 15% of their rent (Base Rent plus Percentage Rent), in addition to rent and expense payments. Alto Palermo may increase the percentage that tenants must contribute to the CPF, but the increase cannot exceed 25% of the original amount set forth in the corresponding lease agreement for the contributions to the CPF. Alto Palermo also require tenants to make extraordinary contributions to the CPF to fund special promotional and marketing campaigns or to cover the costs of

special promotional events that benefit all tenants. We may require tenants to make these extraordinary contributions up to four times a year provided that each such extraordinary contribution may not exceed 25% of the preceding monthly rental payment of the tenant.

Each tenant leases its rental unit as a shell without any fixtures. Each tenant is responsible for the interior design of its rental unit. Any modifications and additions to the rental units must be pre-approved by Alto Palermo. Alto Palermo has the option to decide tenants' responsibility for all costs incurred in remodeling the rental units and for removing any additions made to the rental unit when the lease expires. Furthermore, tenants are responsible for obtaining adequate insurance for their rental units, which must include, among other things, coverage for fire, glass breakage, theft, flood, civil liability and workers' compensation.

Sources of Shopping Center Revenues

Set forth below is a breakdown of the sources of our shopping center revenues (in millions of Ps.) for the fiscal years ended June 30, 2013 and 2012:

| Type of Business | 2013 | 2012 |
|----------------------|----------|---------|
| Anchor Store | 869.5 | 708.2 |
| Clothes and footwear | 6,149.9 | 4,932.8 |
| Entertainment | 461.5 | 351.5 |
| Home | 2,322.6 | 1,795.6 |
| Restaurant | 1,161.5 | 937.4 |
| Miscellaneous | 1,438.2 | 1,186.2 |
| Services | 78.8 | 54.7 |
| Total | 12,482.0 | 9,966.4 |

Additional Information About Alto Palermo's Shopping Centers

Set forth below is a brief description of each of Alto Palermo's shopping centers

Alto Palermo Shopping, City of Buenos Aires. Alto Palermo Shopping is a 146-store shopping center that opened in 1990 and is located in the densely populated middle-income neighborhood of Palermo in the City of Buenos Aires. Alto Palermo Shopping is located only a few minutes from downtown Buenos Aires and with nearby subway access at the intersection of Avenues Santa Fe and Coronel Díaz. Alto Palermo Shopping has a total constructed area of 65,029 square meters (including parking lot) that consists of 18,690 square meters of gross leaseable area. The shopping center has a food court with 19 stores. Alto Palermo Shopping is spread out over four levels and its parking lot may accommodate 654 cars for a fee over an area of 32,405 square meters. The shopping center target customer is a middle-income shopper aged 28 to 40.

In the fiscal year ended June 30, 2013, the public visiting the shopping center generated nominal retail sales totaling approximately Ps. 1,609.8 million, 23.4% higher than the Ps. 1,304.6 million invoiced in the same period of the previous fiscal year. Sales per square meter reached Ps. 86,130.2. Total rental income increased from about Ps. 220.7 million for the fiscal year ended June 30, 2012 to Ps. 269.9 million for the fiscal year ended June 30, 2013.

As of June 30, 2013, the occupancy rate at Alto Palermo Shopping was 98.5%.

Alto Avellaneda, Avellaneda, Greater Buenos Aires. Alto Avellaneda is a 140-store shopping center that opened in October 1995 and is located in the densely populated neighborhood known as Avellaneda, on the southern border of the City of Buenos Aires. This shopping center is located near a railway station and close to downtown Buenos Aires City. Alto Avellaneda has a total constructed area of 108,598.8 square meters (including parking lot) that includes 36,943 square meters of gross leaseable area. Alto Avellaneda has a six-screen multiplex movie theatre, a Wal-Mart megastore, an entertainment center, a 20-restaurant food court and starting in April 28, 2008, it also hosts a Falabella department store. Wal-Mart (not included in the gross leaseable area) acquired the space it occupies, but it pays a share of the common expenses of Alto Avellaneda's parking lot. This shopping center offers free-of-charge parking space for 2,700 cars over an area of 47,856 square meters.

Alto Avellaneda's target customer is a middle-income shopper aged 16 to 30.

In the fiscal year ended June 30, 2013, the public visiting the shopping center generated nominal retail sales that totaled approximately Ps. 1,868.8 million, which represents a year-on-year growth of 27.4%. Sales per square meter were Ps. 50,586.9. Total rental income increased from Ps. 159.3 million for the fiscal year ended June 30, 2012 to Ps. 190.5 million for the fiscal year ended June 30, 2013.

As of June 30, 2013, the occupancy rate at Alto Avellaneda was 99.9%.

Paseo Alcorta, City of Buenos Aires. Paseo Alcorta is a 109-store shopping center that opened in 1992 and is located in the residential neighborhood of Palermo Chico, one of the most exclusive areas in the City of Buenos Aires, within a short drive from downtown Buenos Aires. Paseo Alcorta has a total constructed area of approximately 87,553.8 square meters (including parking lot) that consists of 14,141 square meters of gross leaseable area. Paseo Alcorta has a 12-restaurant food court and a Carrefour hypermarket on the ground floor. Carrefour purchased the space it now occupies but it pays a share of the expenses of the shopping center's parking lot. It is a three-level shopping center that includes a parking lot that charges a fee (as from June 2008) with approximately 1,300 spaces.

The shopping center target customer is a high-income shopper aged 34 to 54.

In the fiscal year ended June 30, 2013, the public visiting the shopping center generated nominal retail sales that totaled approximately Ps. 822.7 million, which represents annual sales for approximately Ps. 58,182.5 per square meter and a year-on-year growth of 23.2%. Total rental income increased from approximately Ps. 101.0 million in fiscal year ended June 30, 2012 to Ps. 126.9 million in fiscal year ended June 30, 2013.

As of June 30, 2013, the occupancy rate at Paseo Alcorta was 99.8%.

Abasto Shopping, City of Buenos Aires. Abasto Shopping is a 175-store shopping center located in the City Buenos Aires. Abasto Shopping is directly accessible by Carlos Gardel subway station; it is six blocks away from Once railway station and near the highway to Ezeiza International Airport. Abasto Shopping opened on November 10, 1998. Our investment in Abasto amounted to US\$ 111.6 million. The principal building is a landmark building, which during the period 1889 to 1984 operated as the primary fresh produce market for the City of Buenos Aires. The property was converted into a 116,646 square meter shopping center (including parking lot and common areas), with approximately 37,708 square meters of gross leaseable area (41,440 square meters including Museo de los Niños). Abasto is ranked #4 in terms of gross leaseable area in Argentina. The shopping center is near Torres de Abasto, our apartment complex, and Coto supermarket.

Abasto Shopping has a 27-restaurant food court, a 12-screen movie theatre complex seating approximately 3,100 people, covering a surface area of 8,021 square meters, entertainment area and Museo de los Niños with a surface area of 3,732 square meters (the latter is not included within the gross leaseable area). The shopping center is distributed in five stories and includes a parking lot for 1,200 vehicles with a surface area of 40,169 square meters.

Abasto Shopping's target customer is a middle-income shopper aged 25 to 45, that in our opinion, represents an important portion of the population in this area of Buenos Aires.

In the fiscal year ended June 30, 2013, the public visiting the shopping center generated nominal retail sales that totaled approximately Ps. 1,939.0 million, 26.1% higher than the sales recorded in the same period of the previous fiscal year. Sales per square meter were approximately Ps. 51,420.5. Total rental income increased from approximately Ps. 222.3 million in fiscal year ended June 30, 2012 to Ps. 276.9 million in fiscal year ended June 30, 2013.

As of June 30, 2013, the occupancy rate at Abasto Shopping was 99.8%.

Patio Bullrich, City of Buenos Aires. Patio Bullrich is located in the Recoleta neighborhood, one of the most prosperous areas of the City of Buenos Aires. This district is a residential, cultural and tourist center that includes distinguished private homes, historical sites, museums, theatres and embassies. The shopping center is located within walking distance of the most prestigious hotels of Buenos Aires and the subway, bus and train systems. Additionally, the shopping center is only 10 minutes by car from the downtown area of the City of Buenos Aires.

Patio Bullrich has a total constructed area of 29,982 square meters (including parking lot) that consists of 11,683 square meters of gross leaseable area and common areas consisting of 12,472 square meters. The shopping center includes a four-screen multiplex movie theatre seating 1,381 people and a 12-store food court. The four-story shopping center has a parking lot that charges a fee with 215 spaces over an area of 4,825 square meters.

In the fiscal year ended June 30, 2013, the public visiting the shopping center generated nominal retail sales that totaled approximately Ps. 548.3 million, which represents annual sales for approximately Ps. 46,930.3 per square meter. Total rental income increased from approximately Ps. 90.1 million in fiscal year ended June 30, 2012 to Ps. 103.1 million in fiscal year ended June 30, 2013.

As of June 30, 2013, the occupancy rate at Patio Bullrich was 99.7%.

Alto Noa, Salta, Province of Salta. Alto Noa is a 91-store shopping center that opened in 1994. Alto Noa is located in the City of Salta, the capital of the Province of Salta, in the northwestern region of Argentina. The province of Salta has a population of approximately 1.2 million inhabitants with approximately 0.6 million inhabitants in the City of Salta. The shopping center has a total constructed area of approximately 30,876 square meters (including parking) which consists of 19,141 square meters of gross leaseable area. Alto Noa has a food court with 13 restaurants, a large entertainment center, a supermarket and a multiplex cinema with eight screens. The shopping center occupies one floor and has free parking lot available 551 cars.

Alto Noa's target customer is a middle-income shopper aged 28 to 40.

In the fiscal year ended June 30, 2013, the public visiting the shopping center generated nominal retail sales that totaled approximately Ps. 609.2 million, which represents annual sales for approximately Ps. 31,827.9 per square meter. Total rental income increased from approximately Ps. 39.3 million in fiscal year ended June 30, 2012 to Ps. 47.0 million in fiscal year ended June 30, 2013.

As of June 30, 2013, the occupancy rate at Alto Noa was 99.7%.

Buenos Aires Design, City of Buenos Aires. Buenos Aires Design is a 62-store shopping center intended for specialty interior, home decorating and restaurants that opened in 1993. Alto Palermo owns Buenos Aires Design through a 53.68% interest in Emprendimiento Recoleta S.A., which owns the concession to operate the shopping center. Buenos Aires Design is located in Recoleta, one of the most popular tourist zones in Buenos Aires City. Buenos Aires Design has a total constructed area of 26,131.5 square meters (including parking) that consists of 13,776 square meters of gross leaseable area. The shopping center has 8 restaurants anchored by the Hard Rock Café and a terrace that covers 3,700 square meters. The shopping center is divided into two floors and has a 174-car pay parking lot.

Buenos Aires Design's targeted clientele consists of upper-middle income individuals between the ages of 25 and 45.

In the fiscal year ended June 30, 2013, the public visiting the shopping center generated nominal retail sales that totaled approximately Ps. 241.5 million, which represents approximately Ps. 17,571.7 per square meter. Total rental income increased from approximately Ps. 36.4 million in fiscal year ended June 30, 2012 to Ps. 42.4 million in fiscal year ended June 30, 2013.

As of June 30, 2013, the occupancy rate at Buenos Aires Design was 99.0%.

Alto Rosario, Santa Fe, City of Rosario. Alto Rosario is a 146-store shopping center located in the City of Rosario, the third largest city in Argentina in terms of population. It has a total constructed area of approximately 100,750 square meters (including parking), which consists of 27,691 square meters of gross leaseable area. Alto Rosario has a food court with 17 restaurants, a large entertainment center, a supermarket and a Showcase cinema with 14 state-of-the-art screens. The shopping center occupies one floor and has free parking available for 1,736 cars.

Alto Rosario's targeted clientele consists of middle-income individuals between the ages of 28 and 40.

In the fiscal year ended June 30, 2013, the public visiting the shopping center generated nominal retail sales that totaled approximately Ps. 1,060.2 million, which represents a year-on-year growth of 28.5%. Sales per square meter were approximately Ps. 38,288.0. Total rental income increased from approximately Ps. 97.6 million in fiscal year ended June 30, 2012 to Ps. 123.5 million in fiscal year ended June 30, 2013.

As of June 30, 2013, the occupancy rate at Alto Rosario was 97.7%.

Mendoza Plaza Shopping, Mendoza, City of Mendoza. Mendoza Plaza is a 147-store shopping center which opened in 1992 and is in the City of Mendoza, the capital of the Province of Mendoza. The city of Mendoza has a population of approximately 1.0 million inhabitants, making it the fourth largest city in Argentina. Mendoza Plaza Shopping consists of 42,238 square meters of gross leaseable area and has a multiplex cinema covering an area of approximately 3,659 square meters with ten screens, the Chilean department store Falabella, a food court with 21 restaurants, an entertainment center and a supermarket, which is also a tenant. The shopping center has two levels and has free parking available for 2,600 cars.

Mendoza Plaza's targeted clientele consists of middle-income individuals between the ages of 28 and 40.

In the fiscal year ended June 30, 2013, the public visiting the shopping center generated nominal retail sales that totaled approximately Ps. 1,206.7 million, which represents a year-on-year growth of 29.9%. Sales per square meter were approximately Ps. 28,569.4. Total rental income increased from approximately Ps. 81.8 million in fiscal year ended June 30, 2012 to Ps. 101.4 million in fiscal year ended June 30, 2013.

As of June 30, 2013, the occupancy rate at Mendoza Plaza Shopping was 97.1%.

Córdoba Shopping, Villa Cabrera, City of Córdoba. Córdoba Shopping Villa Cabrera is a 106-store commercial center with a covered area of 35,000 square meters, consisting of 15,106 square meters of gross leaseable area located in Villa Cabrera, City of Córdoba. La Ribera Shopping has a surface area of 43,219 square meters, comprising 50 retail stores and a 7 2D and 3D-screen multiplex cinema, the last one was opened in August 2012 with state-of-the-art sound and imaging technology. It also comprises a 510-square meter Cultural Center and 24,553 square meters in outdoor areas and free parking space. Its gross leaseable area is approximately 8,378 square meters.

The shopping center is strategically located within the Port of Santa Fe, the most developed area in terms of real estate in the City of Santa Fe, 27 km away from the City of Paraná and 96 km away from the City of Rafaela. Its influence area represents a potential market consisting of over one million people.

In the fiscal year ended June 30, 2013, the public visiting the shopping center generated nominal retail sales that totaled approximately Ps. 209.9 million, which represents period average sales for approximately Ps. 25,051.9 per square meter. Total rental income increased from Ps. 3.8 million in fiscal year ended June 30, 2012 to Ps. 11.9 million during 2013.

As of June 30, 2013, the occupancy rate at La Ribera Shopping was 97.7%.

Control Systems

Alto Palermo has a computer systems to monitor tenants' sales in all of our shopping centers (except Nuevo Puerto de Santa Fe). Alto Palermo also conduct regular manual audits of Alto Palermo's tenants accounting sales records in all of our shopping centers. Almost every store in those shopping centers has a point of sale that is linked to a main computer server in the administrative office of such shopping center. Alto Palermo uses the information generated from the computer monitoring system for statistics regarding total sales, average sales, peak sale hours, etc., for marketing purposes and as a reference for the processes of internal audit. The lease contracts for tenants in Alto Avellaneda, Alto Palermo, Paseo Alcorta, Patio Bullrich, Buenos Aires Design (only with in respect to agreements signed after its acquisition), Abasto, Alto Rosario Shopping, Alto NOA, Dot Baires, Córdoba Shopping, Soleil and Mendoza Plaza Shopping contain a clause requiring tenants to be linked to the computer monitoring system, there being certain exceptions to this requirement.

Related Business

Development and Sales of Properties and Land Reserves

Residential Development Properties

The acquisition and development of residential apartment complexes and residential communities for sale is one of our core activities. Our development of residential apartment complexes consists of the new construction of high-rise towers or the conversion and renovation of existing structures such as factories or warehouses. In connection with our development of residential communities, we frequently acquire vacant land, develop infrastructure such as roads, utilities and common areas, and sell plots of land for construction of single-family homes. We may also develop or sell portions of land for others to develop complementary facilities such as shopping areas within residential developments.

In fiscal year ended June 30, 2013, revenues from the Development and Sale of Properties segment amounted to Ps. 142.0 million, compared to Ps. 162.8 million posted in the fiscal year ended June 30, 2012.

Construction and renovation works on our residential development properties are currently performed, under our supervision, by independent Argentine construction companies that are selected through a bidding process. We enter into turnkey contracts with the selected company for the construction of residential development properties pursuant to which the selected company agrees to build and deliver the development for a fixed price and at a fixed date. We are generally not responsible for any additional costs based upon the turnkey contract. All other aspects of the construction, including architectural design, are performed by third parties.

Another modality for the development of residential undertakings is the exchange of land for constructed square meters. In this way, we deliver undeveloped pieces of land and another firm is in charge of building the project. In this case, we receive finished square meters for commercialization, without taking part in the construction works.

The following table shows certain information and gives an overview regarding our sales and development properties as of June 30, 2013 and 2012:

Development and Sale of Properties

| Developments | Date of Acquisition | Estimated /Real Cost (in thousands of Ps.) (1) | Area intended for sale (sqm) | Total Units / Lots (2) | IRSA's Effective Interest | Percentage Built | Percentage Sold (3) | Accumulated Sales (in thousands of Ps.) | Accumulated Sales as of June 30, (in thousands of Ps.) Notes:

(1) Total area intended for sale upon completion of the development or acquisition and before the sale of any of the units (including parking and storage spaces but excluding common areas).

In the case of Land Reserves the land area was considered.

(2) Represents the total units or plots upon completion of the development or acquisition (excluding parking and storage spaces).

(3) The percentage sold is calculated dividing the square meters sold by the total saleable square meters.

(4) Corresponds to the company's consolidated total sales.

(5) Through Alto Palermo S.A.

(6) Includes the following properties: Torres de Abasto through APSA (fully sold), units to be received by Beruti through APSA, Torres Jardín, Edificios Cruceros (fully sold),

San Martin de Tours, Rivadavia 2768, Alto Palermo Park (fully sold), Minetti D (fully sold), Dorrego 1916 (fully sold), Padilla 902 (fully sold), Terreno Caballito and

Lotes Pereiraola through IRSA.

(7) Includes the sales of Abril's shares.

(8) Includes the following land reserves: Terreno Pontevedra, Isla Sirgadero, Terreno San Luis, Mariano Acosta, Merlo and Intercontinental Plaza II through IRSA, and C.Gardel 3134 (fully sold), C.Gardel 3128 (fully sold), Agüero 596 (fully sold), República Árabe Siria (fully sold), Terreno Mendoza (fully sold), Zelaya 3102, Conil, Soleil air space and Other APSA (Through APSA)

(9) Owned by CYRSA S.A.

Apartment Projects Developed

Horizons Project, Vicente López, Olivos, Province of Buenos Aires. The project was developed by IRSA-CYRELA. It is one of the most significant developments in Greater Buenos Aires, featuring a new concept in residential complexes given its emphasis on the use of common spaces. This project includes two complexes with a total of six buildings.

As of June 30, 2013, preliminary sales agreements had been executed for 100% of our own units on sale. The Towers located in both blocks are completed.

Private Residential Communities

In the residential communities market, we acquire undeveloped properties located in suburban areas or neighborhoods near the large cities to develop private neighborhoods and country clubs in which to sell vacant lots for the construction of single family homes. In these properties we build streets and roads and arrange for the provision of basic municipal services and amenities such as open spaces, sports facilities and security. We seek to capitalize on improvements in transportation and communication around the City of Buenos Aires, the growing suburbanization of the region and the shift of the population moving to countryside-type residential communities.

An important factor in the trend towards living in suburban areas has been the improvements and additions to the Autopista Panamericana, Avenida General Paz and Acceso Oeste highways, which significantly reduce traveling time, encouraging a significant number of families to move to the new residential neighborhoods. Furthermore, improvements in public train, subway and bus transportation since their privatization have also influenced the trend to adopt this lifestyle.

As of June 30, 2013, our residential communities for the construction of single-family homes for sale in Argentina had a total of 5,137 square meters of saleable area in Abril, and 6,628 square meters of saleable area in “El Encuentro” (Benavidez). Both residential communities are located in the province of Buenos Aires.

Abril, Hudson, Greater Buenos Aires. Abril is a 312-hectare private residential community located near Hudson City, approximately 34 kilometers south of the City of Buenos Aires. We have developed this property into a private residential community for the construction of single family homes targeting the upper-middle income market. The project includes 20 neighborhoods subdivided into 1,273 lots of approximately 1,107 square meters each. Abril also includes an 18-hole golf course, 130 hectares of woodlands, a 4,000-square meter mansion and entertainment facilities. A bilingual school, horse stables and sports centers and the construction of the shopping center were concluded in 1999. The neighborhoods have been completed, and as of June 30, 2013, 99.6% of the property had been sold for an aggregate of over Ps. 240 million, with 4 lots (5,137 square meters) available for sale.

Land Reserves

We have acquired large undeveloped properties as land reserves located in strategic areas for the future development of office and apartment buildings, shopping centers and single family housing. We have acquired what we believe to be two of the largest and most important undeveloped river front plots in Buenos Aires, Puerto Retiro and Santa María del Plata, for the future development of residential and office spaces. In addition, we have benefited from the improvement of land values during periods of economic growth. As of June 30, 2013, our land reserves totaled approximately 1,782 hectares (including the lot in Caballito, and the air space over Coto C.I.C.S.A. - “Coto”- where we hold interests through our subsidiary Alto Palermo).

Land Reserves in the City of Buenos Aires

Solares de Santa Maria, City of Buenos Aires, (formerly Santa María del Plata). Solares de Santa María is a 70-hectare property facing the Río de la Plata in the south of Puerto Madero, 10 minutes from downtown Buenos Aires. Through our subsidiary Solares de Santa María S.A. (“Solares de Santa María”) we are owners of this property. We intend to develop this property for mixed purposes, i.e. our development project involves residential complexes as well as offices, stores, hotels, sports and sailing clubs, services areas with schools, supermarkets and parking lots.

As part of the project, we have sold 10% of Solares de Santa María capital stock for US\$10.6 million to Mr. Israel Sutton Dabbah, who is part of the Sutton Group. An initial payment of US\$1.5 million was made and the balance of US\$9.1 million was capitalized in September 2010.

In September 2010, we acquired through E-Commerce Latina 100% of the capital stock of Unicity S.A. for an amount of US\$ 2.5 million. Unicity capitalized its US\$ 9.1 million debt with us and we received in exchange 36,036,000 shares representing 88.61% of Unicity, being held by E-Commerce the remaining 11.39%. Following this transaction, we own 100% of capital stock of Solares de Santa María.

In 1997 we acquired the site which the National Executive Branch had assigned to be the Olympic village of the Olympic Games in case Buenos Aires was chosen as host city to hold the Olympic Games. A rule passed by the Legislative Branch of the City of Buenos Aires in 1992, provided general urban standards to the site, and stated that the “Site urban design” was to be submitted for approval of the Environmental Urban Plan Council (Consejo de Planificación Urbana - “COPUA”). As from the acquisition of this property, we have been seeking the municipal approvals necessary for the development of a mixed project in the area.

In the year 2000, we filed a master plan for the Santa María del Plata site, which was assessed by COPUA and submitted to the Town Treasurer’s Office for its consideration. In 2002, the Government of the City of Buenos Aires issued a notice of public hearing and in July 2006, the COPUA made some recommendations about the project, and in response to the recommendations made by COPUA to the project on December 13, 2006, we filed an amendment to the project to adjust it to the recommendations made by COPUA, making material amendments to our development plan for the Area, which amendments included the donation of 50% of the site to the City of Buenos Aires for public use and convenience and a perimetrical pedestrian lane along the entire site on the river bank.

In March 2007, a committee of the Government of the City of Buenos Aires, composed of representatives from the Legislative and Executive Branches issued a report stating that such Committee had no objections to our development plan and requested that the General Treasury render a decision concerning the scope of the development plan submitted for the project.

In November 2007, 15 years after the Legislative Branch of the City of Buenos Aires granted the general zoning standards for the site, the Government Chief of the City of Buenos Aires executed Decree No. 1584/07, which passed the specific ruling, set forth certain rules for the urban development of the project, including types of permitted constructions and the obligation to assign certain spaces for public use and convenience.

Notwithstanding the approval of Decree No. 1584/07 in 2007, several municipal approvals are still pending and in December 2007, a municipal court rendered a decision restricting the implementation of our proposed development plan, due to objections made by a legislator of the City of Buenos Aires, alleging the suspension of Decree No. 1584/07, and each construction project and/or the municipal permits granted for business purposes. Notwithstanding the legality and validity of the Decree No. 1584/07, we entered into an agreement 5/10 that was executed with the Government of the City of Buenos Aires, which has been sent with a legislative bill to the Legislature of the City of Buenos Aires under number 976-J-2010, for approval. Once approved, these regulations will have the hierarchy of a law.

Puerto Retiro. Puerto Retiro is an 8.2 hectare undeveloped riverside property bounded by the Catalinas and Puerto Madero office zones to the west, the Retiro railway station to the north and the Río de la Plata to the south and east. One of the only two significant privately owned waterfront properties in the City of Buenos Aires, Puerto Retiro may currently be utilized only for port activities, so we have initiated negotiations with municipal authorities in order to rezone the area. Our plan is to develop a 360,000 square meters financial center. The launching date has not been settled and consequently, the estimated cost and financing method are not decided yet. We own a 50% interest in Puerto Retiro.

Caballito lot, Ferro Project. This is a property of approximately 23,791 square meters in the City of Buenos Aires, neighborhood of Caballito, one of the most densely populated of the city, which Alto Palermo purchased in November 1997. This plot would allow developing a shopping center having 30,000 square meters, a hypermarket, a cinema complex, and several recreation and entertainment activity areas. At present, the legislature of the City of Buenos Aires has received a legislative bill to approve the zoning parameters corresponding to this property which already has the consent of the Executive Branch.

Coto Residential Project. Alto Palermo owns approximately 24,000 square meters in air space over the top of the Coto hypermarket that is close to the Abasto Shopping Center in the heart of the City of Buenos Aires. .

New projects and undeveloped properties

Purchase of Nobleza Piccardo's Plant (through our subsidiary APSA) On December 28, 2012, in compliance with the lease agreement executed upon the acquisition of the site, Nobleza Piccardo partially vacated the property located in the district of San Martín. Quality Invest received approximately 2,100 square meters of offices and 50,300 square meters of industrial units. Pursuant to the agreement, vacation of the remaining surface area is scheduled for May 2014.

On March 20, Quality Invest S.A. completed the payment for the purchase of the site where Nobleza Piccardo's plant was located. It had been originally agreed that the balance would be payable in three annual consecutive installments of US\$ 7.7 million of principal plus interest at a rate of 7.5%. By means of this payment, the installments for 2013 and 2014 were advanced.

PAMSA-Dot Baires Offices (through our subsidiary APSA) Panamerican Mall S.A., a subsidiary of our subsidiary APSA, developed an office building with a gross leaseable area of 11,242 square meters adjacent to Dot Baires Shopping. This building was inaugurated in May 2009. As of June 30, 2013 the building's occupancy rate was 100%, which marks the entrance by the Company into the booming rental office corridor in the northern area of the City of Buenos Aires

DOT Adjoining Plot (ex Philips) (through our subsidiary APSA) On May 3, 2012, the Government of the City of Buenos Aires, through the General Office of Zoning Interpretation (Dirección General de Interpretación Urbanística) approved, through a pre-feasibility study, the parcel subdivision of the Ex-Philips plot contingent upon the observance of the applicable building regulations in each of the resulting parcels. In addition, all the uses and parameters established under the municipal ordinance previously issued by the above mentioned authority are being observed.

On June 3, 2013, we were given notice that the Government of the City of Buenos Aires had approved the requested parcel subdivision of the ex-Philips plot. As a result, the property was divided into three parcels: 2 parcels of approximately 6,400 square meters and a parcel adjoining DOT Shopping of 15,900 square meters intended for the future extension of the shopping center.

Neuquén Project, Province of Neuquén The main asset of the project is a plot of land of approximately 50,000 square meters. The project contemplates the construction of a shopping center, a hypermarket, a hotel and an apartment building.

On June 4, 2012, pursuant to an agreement entered into between Shopping Neuquén S.A. and the Municipality of Neuquén, a new extension was agreed to resume works on the site, following appointment of a new constructor. The new deadlines contemplate the appointment of a constructor and resumption of works. As of June 30, 2013, the works related to the Shopping are in progress.

APSA signed an agreement with the Municipality of Neuquén in which APSA committed to construct the whole shopping center in a maximum term of 24 months, these will be counted starting from the date of signature of the act of beginning of works. On June 30, 2013 and 2012 and on July 1, 2011 the amount of the developments in Shopping Neuquén rise to Ps. 36.1, Ps. 9.1 and Ps. 4.5 million, respectively.

On June 30, 2013 the contractual obligations corresponds mainly to constructions related with the project above and they rise to Ps. 205 million. The project is estimated to be concluded on September 2014, the project is financed

through a syndicated loan subscribed with different bank institutions, for further information see Item 5.b Indebtedness.

Terreno Paraná On June 30, 2009, Alto Palermo S.A. (APSA) executed a letter of intent whereby it stated its intention to acquire a plot of land of approximately 10,022 square meters in the City of Paraná, Province of Entre Ríos, to be allocated to the construction, development and operation of a shopping center or retail space. The purchase price was US\$ 0.5 million, out of which US\$ 0.05 million were paid as advance payment at the beginning of July 2010, US\$ 0.1 million were paid in August 2010, and the remaining US\$ 0.35 million will be paid upon the execution of the title deed. The certificate of possession of the plot was executed on December 29, 2012.

Arcos del Gourmet. In December 2011, Alto Palermo started to develop the “Arcos” project located in the neighborhood of Palermo, City of Buenos Aires. “Distrito Arcos” will be an open-air space with a variety of premium brands in the exclusive neighborhood of Palermo. APSA expects it to open by the end of 2013 with a high occupancy rate. It has been highly accepted by tenants and more than 80% of the lease agreements have been executed as of today, almost all of them clothes and footwear stores.

This new retail hub is expected to add approximately 13,000 square meters of gross leasable area and 65 stores to APSA’s portfolio, including one cinema of approximately 800 square meters and more than 1000 square meters dedicated to restaurant business.

We hope that this new project, which will combine a retail and a cultural concept, will equal the success of our other latest development projects.

APSA maintain engagements with the City of Buenos Aires’ Government in order to develop the Arcos del Gourmet project. The amount of the construction as of June 30, 2013 and 2012 rise to Ps. 136.3 million and 17.8 million, respectively. On June 30, 2013 the contractual obligations corresponds mainly to constructions related with the project above and rise to Ps 227.3 million. The project is estimated to be concluded by the end of 2013, the project is financed through a syndicated loan subscribed with different bank institutions, for further information see Item 5.b Indebtedness.

Other Land Reserves

Our portfolio also includes twelve land reserve properties located in the City of Buenos Aires and its surrounding areas. These properties are projected for future developments of offices, shopping centers, apartment buildings and residential communities. The main properties under this category include Merlo, Mariano Acosta, Pilar and Pontevedra. We also own a property in the surroundings of the City of Santa Fe called Isla Sirgadero.

Barter transactions

El Encuentro, Benavidez, Tigre. In the district of Benavidez, Municipality of Tigre, 35 kilometers north from downtown Buenos Aires, a 110-hectare gated residential complex known as “El Encuentro” is located, consisting of a total of 527 lots with a total saleable area of 610,785.15 square meters with two privileged front accesses: the main one to Vía Bancalari and the service one to Highway No. 9, allowing an easy way to and from the city. On May 21, 2004 an exchange deed was signed for the original lot whereby DEESA agreed to pay US\$ 4.0 million to our subsidiary Inversora Bolívar, of which US\$ 1.0 million were paid in cash and the balance of US\$ 3.0 million was paid on December 22, 2009, with the transfer of 110 residential plots already chosen, totaling a saleable area of 127,795 square meters. The development of the project is completed and equipped with power supply, water, sewage, effluent treatment plant, public lighting, finished driveways and accesses, buildings, sports facilities, etc.

As of June 30, 2013, after having started its commercialization in March 2010, 109 units had been sold; and 5 units were available for sale.

Sale of Pereiraola, Hudson. Pereiraola S.A., owns 130-hectare undeveloped property adjacent to Abril, a private residential community developed by us. On April 21, 2010, we entered into a purchase and sale agreement with a third party by means of which we agreed to sell 100% of Pereiraola S.A.’s capital stock. The purchase price of the transaction was set at US\$11.8 million plus VAT, which represented a gain of Ps.21.7 million over book value.

On July 2012, the buyer paid the monetary portion of consideration and, as of June 30, 2013, therefore only delivery of the promised lots is pending.

To secure payment of the price, the buyer pledged in our favor its Pereiraola’s shares, which remain in our custody. Additionally, the buyer created a first-degree mortgage over the property in our favor.

Torre Caballito, City of Buenos Aires. This property, with a surface of 8,404 square meters, is situated in the northern area of Caballito’s residential neighborhood in the City of Buenos Aires. On May 4, 2006, IRSA and KOAD S.A. (“KOAD”), an Argentine developer, entered into an asset exchange agreement valued at US\$ 7.5 million pursuant to which it sold to Koad plot number 36 of “Terrenos de Caballito” whereby KOAD has agreed to develop a residential complex called “Caballito Nuevo”, at its costs, consisting of two 34-story towers containing 220 apartments each, consisting of one, two and three bedroom residential units with surface areas ranging from 40 to 85 square meters, totaling approximately 28,000 saleable square meters. The project offers a wide variety of amenities and services. As a result of this transaction, Koad delivered to IRSA 118 apartments and 61 parking lots in the first tower, representing 25% of the total square meters for sale. As of June 30, 2013, 1 apartment and 13 parking spaces were available for sale.

Caballito plot. During fiscal year 2011, we and TGLT executed a barter deed pursuant to which we transferred to TGLT under a swap agreement the property detailed in the deed as described below, which has a total surface area of 9,784 square meters: plot of land, designated as Parcel ONE L, in block 35, facing Méndez de Andes street between Rojas and Colpayo streets in the Caballito neighborhood.

In turn, TGLT agreed to carry out in the property a real estate development for residential use. In exchange for the transfer of the property, APSA will receive non-cash considerations equivalent to US\$ 12.75 million, which consist in transferring under barter to APSA certain home units in the buildings to be built which will represent 23.1% of the saleable area and 21.1% of the parking spaces area. As security for the transaction, TGLT has granted to IRSA a first-degree mortgage over the property in the amount of US\$ 12.75 million.

Pursuant to the Barter Deed executed by the parties the units in Tower 1 will be delivered in October 2014, the units in Tower 2 will be delivered in April 2015 and the units in Tower 3 will be delivered in October 2015.

Torres Rosario Project, City of Rosario, Province of Santa Fe (through our subsidiary APSA) APSA owns a block of land of approximately 50,000 square meters divided into 8 smaller plots in the City of Rosario, near the Alto Rosario Shopping Center. At June 30, 2011, 2 of the plots had been bartered with Condominios del Alto S.A. (plots 2-G and 2-H).

Condominios del Alto I- (parcel 2-G) The project is composed of two opposite blocks of buildings, commercially divided into 8 sub-blocks. Apartments (97 units) are distributed in 6 floors with parking spaces (98 units) in the basement. Condominios del Alto I's amenities include a swimming pool with solarium, a multiple use room, sauna, a gym with dressroom and a laundry. Given its excellent location and construction quality, this development is targeted at a medium-high income segment.

As of June 30, 2013, the project had been completed, with 4 apartments, 5 parking spaces and one storage space being available for sale.

Condominios del Alto II – (parcel 2-H) The project will be composed of two opposite blocks of buildings, commercially divided into 10 sub-blocks. The project will include a total of 189 apartments distributed in 6 floors and 195 parking spaces located in two basements. The amenities will include a swimming pool with solarium, a multiple use room, sauna, a gym with dressroom and a laundry.

As of June 30, 2013, works in parcel H were completed, with 12 apartments (1,608 square meters), 24 parking spaces and 2 storage spaces being available for sale.

Beruti Plot of land. During June 2008, we acquired a plot of land located at Beruti 3351/3359, between Bulnes and Avenida Coronel Díaz in Palermo, a neighborhood in the City of Buenos Aires close to our Shopping Center known as "Alto Palermo Shopping". The transaction involved a surface area of 3,207 square meters for a price of US\$ 18.8 million. This has been a significant acquisition because of the strategic location of the property. On October 13, 2010, we and TGLT executed the preliminary purchase agreement whereby we sold the lot. As consideration, we received US\$ 10.7 million, 17.33% of the saleable square meters, 15.82% of the residential parking spaces and 170 of the business parking spaces located in the first and second underground levels. As security for the transaction, TGLT delivered us a performance bond for US\$ 4.0 million and a first-degree mortgage in our name for US\$ 8,143,231, over the lot. Delivery is scheduled for November 2013.

Hotels

At the end of the 1997 fiscal year, we acquired the Hotel Llao Llao, our first luxury hotel. Some months later, as part of the acquisition from Pérez Compagné of the Old Alto Palermo, we acquired an indirect 50% interest in the Hotel Intercontinental in Buenos Aires. In March 1998, we acquired the Hotel Libertador. During the fiscal year 1999, we sold a 20% interest in the Hotel Libertador to Hoteles Sheraton de Argentina S.A., ("Hoteles Sheraton de Argentina") and during the fiscal year 2000, we sold 50% of our interest in the Hotel Llao Llao to the Sutton Group. During the fiscal year 2007 we increased our share in Inversora Bolívar by 100% and obtained an indirect share in the Hotel Intercontinental of 76.34%.

The following chart shows certain information regarding our luxury hotels:

Edgar Filing: IRSA INVESTMENTS & REPRESENTATIONS INC - Form 20-F

| Hotels | Date of Acquisition | IRSA's Effective Interest | Number of Rooms | Average Occupancy | Average Price per Room (Ps.) | Accumulated Sales as of June 30 (in thousands of Ps.) | 2013 | 2012 | Book Value (in thousands of Ps.) |

- (4) Indirectly owned through Hoteles Argentinos S.A.
- (5) Indirectly owned through Llao Llao Resorts S.A.

Hotel Llao Llao, San Carlos de Bariloche, Province of Rio Negro. In June 1997 we acquired the Hotel Llao Llao from Llao Llao Holdings S.A. 50% is currently owned by the Sutton Group. The Hotel Llao Llao is located on the Llao Llao peninsula, 25 kilometers from San Carlos de Bariloche and is one of the most important tourist hotels in Argentina. Surrounded by mountains and lakes, this hotel was designed and built by the famous architect Bustillo in a traditional alpine style and first opened in 1938. The hotel was renovated between 1990 and 1993 and has a total constructed surface area of 15,000 square meters and 158 rooms. The hotel-resort also includes an 18-hole golf course, tennis courts, health club, spa, game room and swimming pool. The hotel is a member of The Leading Hotels of the World, Ltd., a prestigious luxury hospitality organization representing 430 of the world's finest hotels, resorts and spas. The Hotel Llao Llao is currently being managed by Compañía de Servicios Hoteleros S.A., which manages the Alvear Palace Hotel, a luxury hotel located in the Recoleta neighborhood of Buenos Aires. During 2007, the hotel was subject to an expansion and the number of suites in the hotel rose to 201 rooms.

Hotel Intercontinental, City of Buenos Aires. In November 1997, we acquired 51% of the Hotel Intercontinental from the Pérez Companac S.A. and during the fiscal year 2007 we increased our share in Inversora Bolivar by 100% and obtained an indirect share in the Hotel Intercontinental of 76.34%. The Hotel Intercontinental is located in the downtown City of Buenos Aires neighborhood of Monserrat, adjacent to the Intercontinental Plaza office building. Intercontinental Hotels Corporation, a United States corporation, currently owns 24% of the Hotel Intercontinental. The hotel's meeting facilities include eight meeting rooms, a convention center and a divisible 588 square meters ballroom. Other amenities include a restaurant, a business center, a spa and a fitness facility with swimming pool. The hotel was completed in December 1994 and has 309 rooms. The hotel is managed by the Intercontinental Hotels Corporation.

Hotel Sheraton Libertador, City of Buenos Aires. In March 1998 we acquired 100% of the Hotel Sheraton Libertador from Citicorp Equity Investment for an aggregate purchase price of US\$23 million. This hotel is located in downtown Buenos Aires. The hotel contains 193 rooms and 7 suites, eight meeting rooms, a restaurant, a business center, a spa and fitness facilities with a swimming pool. In March 1999, we sold 20% of our interest in the Sheraton Libertador Hotel for US\$4.7 million to Hoteles Sheraton de Argentina. The hotel is currently managed by Sheraton Overseas Management Corporation, a United States corporation.

Terreno Bariloche, "El Rancho," San Carlos de Bariloche, Province of Río Negro. On December 14, 2006, through our hotel operator subsidiary, Llao Llao Resorts S.A., we acquired a land covering 129,533 square meters of surface area in the City of San Carlos de Bariloche in the Province of Río Negro. The total price of the transaction was US\$7.0 million, of which US\$4.2 million were paid cash and the balance of US\$2.8 million was financed by means of a mortgage to be paid in 36 monthly, equal and consecutive installments of US\$0.086 million each. The land is in the border of the Lago Gutiérrez, close to the Hotel Llao Llao in an outstanding natural environment and it has a large cottage covering 1,000 square meters of surface area designed by the architect Ezequiel Bustillo.

International Investments

Acquisition of companies in the real estate business in the Republic of Uruguay. In the course of the fiscal year 2009 we acquired a 100% ownership interest in Liveck S.A., a company organized under the laws of Uruguay, in exchange for a token consideration. In June 2009, Liveck acquired a 90% stake in the capital stock of Vista al Muelle S.A. and Zetol S.A., two Uruguay-based real estate companies, for US\$ 7.8 million. The remaining 10% ownership interest in both companies is held by Banzey S.A. (Banzey). These companies have undeveloped lands in Canelones, Uruguay, close to the capital city of Uruguay, Montevideo.

The total purchase price for Zetol S.A. was US\$ 7.0 million; there has been a down payment for US\$ 2.0 million and it has been agreed that the balance shall be cancelled in 5 installments of US\$ 1.0 million each, accruing interest at an annual 3.5% rate on outstanding balances, against the consummated launches of the projected construction or within a maximum term of 93 months counted as from the date of acquisition by us. The sellers may choose to receive, in lieu of cash for the outstanding balances (principal plus interest), ownership over units in the buildings to be constructed in the land owned by Zetol S.A. equivalent to 12% of the total marketable meters to be constructed.

The total price for the acquisition of Vista al Muelle S.A. was US\$ 0.83 million, as follows: there has been a US\$ 0.5 million down payment and it has been agreed that the balance will be cancelled within a maximum term of two years plus an annual 8% interest rate on balances.

To secure compliance with the obligations assumed by Liveck in connection with the above-mentioned transactions, Ritelco S.A. has tendered a surety bond to secure 45% of the price balance, interest, and the sellers' option rights.

There is a mortgage over the land bought, which means that the sellers rely on a dual guarantee. As of June 30, 2009, we sold a 50% stake in Liveck to Cyrela Brazil Realty S.A for US\$ 1.3 million.

Under the agreement for the purchase and sale of Zetol and Vista al Muelle and its respective addenda, Liveck has undertaken to acquire the shareholding held by Banzey (or by Ernesto Kimelman or by an entity owned by him, as applicable) in those companies and Banzey has agreed to sell the shares for the amount in US Dollars or in Uruguayan Pesos, as applicable, that any of them would have effectively contributed to Zetol and Vista al Muelle, until the transaction is consummated.

In December 2009, Vista al Muelle acquired a real property for a purchase price of US\$ 1.9 million; there has been a US\$ 0.3 million down payment and the balance shall be cancelled through the delivery of housing units and/or storefronts to be constructed and equivalent to 12% of a 65.54% portion of the sum of the prices of all the units covered by the Launching Price List for Sector B (the parties have already signed a plat of subdivision to this end).

In February 2010, it acquired a real estate for a purchase price of US\$ 1.0 million in exchange for a down payment of US\$ 0.15 million with the balance to be paid in 3 consecutive and equal installments maturing on December 31, 2011, June 30, 2013 and December 30, 2014 and accruing an annual 3% interest rate on the outstanding balance, payable quarterly and in arrears as from December 31, 2009.

On December 17, 2010, we entered into a stock purchase agreement with Cyrela pursuant to which we purchased from Cyrela a 50% interest in Liveck S.A. for US\$ 2.7 million. Accordingly, as of June 30, 2012, our interest, through Tyrus, in Liveck is 100%.

We intend to carry out an urban project consisting of the construction of apartment buildings to be subsequently sold. The project has been granted the requisite "urban feasibility" status by the Mayor's Office of the Canelones department and by its local legislature.

As of June 30, 2013 the architectural project continues to progress. The local firms involved are Gómez Platero and Kimelman Moraes.

Lipstick building, New York, United States. In July 2008, we (through our subsidiaries) acquired a 30% equity interest in Metropolitan, whose principal asset is an office building known as "Lipstick Building", and the debt related to this asset. The transaction included the acquisition of (i) put rights effective July 2011 over 50% of the interest purchased for a price equal to the amount invested plus interest at rate of 4.5% per annum and (ii) a right of first offering for the acquisition of 60% of the 5% equity interest. The price paid for the transaction was US\$ 22.6 million.

During the fiscal year 2011, as a result of negotiations successfully undertaken, an agreement was reached to restructure Metropolitan's debt as follows:

(i) the mortgage debt was reduced from US\$ 210.0 million to US\$ 130.0 million at a Libor rate + 400 basis points, subject to a cap of 6.25% and a 7-year maturity term;

(ii) the junior debt, amounting to US\$ 45.0 million (excluding accrued interest) was repaid with the payment of US\$ 2.25 million; and

(iii) the existing ground leases will be maintained under the same terms and conditions as they were granted, in principle for a remaining period of 66 years.

This restructuring took place on December 30, 2010. On such date, a principal payment of US\$ 15.0 million (previously contributed by us) was made under the new restructured mortgage debt, reducing it from US\$ 130.0 million to US\$ 115.0 million.

Following such closing, we indirectly hold 49% of New Lipstick LLC, a holding company that is owner of Metropolitan, and under the scope of these agreements, we cancelled the put option for 50% of the equity interest initially acquired.

The Lipstick Building is a landmark building in the City of New York, located on Third Avenue and 53rd Street in Midtown-Manhattan, New York. It was designed by architects John Burgee and Philip Johnson (Glass House and Seagram Buildings among other remarkable works) and its name is due to its original elliptic form and the redish color of its façade. Its gross leaseable area is around 57,500 square meters distributed in 34 stories.

As of June 30, 2013, this building had an occupancy rate of 86.2% generating average revenues above US\$ 62.9 per square meters per month.

Building located at 183 Madison Avenue, New York, NY. In December 2010, we, through Rigby 183 LLC (“Rigby 183”), in which we indirectly hold a 49% stake through IMadison LLC (“IMadison”), jointly with other partners, acquired a building located at 183 Madison Avenue, Midtown South, Manhattan, New York. This area involves famous and prominent buildings such as, the Empire State Building, the Macy’s Herald Square, and the Madison Square Garden and it also has one of the largest office and store markets, excellent access to transportation, restaurants, stores and entertainment options.

The purchased property consists of a pre-war building built in 1925 designed by the architecture firm Warren & Wetmore (the same that designed the Grand Central Terminal of New York).It has 19 office stories for rent and a store on its Ground Floor. The net leaseable area is approximately 22,893 square meters, 3,523 square meters of which correspond to retail storesand 19,677 square meters are offices.

The total purchase price was US\$ 85.1 million (US\$ 3,793 per leaseable square meters) composed of US\$ 45.1 million of principal (IMadison contributed US\$ 23.5 million) and US\$ 40 million under a loan granted by M&T Bank at a rate of 5.01% per annum due in 5 years and a facilities loan for US\$ 10 million to carry out the capex and prebuilds program.

On November 27, 2012, we increased our interest in Rigby 183 LLC, owner of the Madison 183 building located in Manhattan, to 74.50%, thus consolidating the results of the investment in the company’s statement of income.

As of June 30, 2013, the building’s occupancy rate was 98.5%.

Supertel Hospitality Inc.

In March 2012, through our subsidiary Real Estate Strategies, L.P. in which we hold a 66.8% interest, we have consummated the acquisition of 3,000,000 Series C convertible preferred shares issued by Supertel Hospitality Inc. for a total amount of US\$ 30,000,000. Such preferred shares will bear an annual 6.25% preferred dividend and will carry the same voting rights as common shares.

In addition and subject to certain restrictions, they will be convertible into common shares at the rate of ten shares for each preferred share for a term of 5 years.

Furthermore, pursuant to the has aforementioned acquisition we have received warrants to acquire 30 million additional common shares, that, subject to certain restrictions, can be exercised at any time during the 5-year period from closing of the transaction (such exercise being mandatory under certain conditions following 3 years from such closing) at a price of US\$ 1.20 per share.

Pursuant to the investment agreements, we are entitled to appoint up to 4 directors of 9 directors and to exercise preemptive rights over future issues of shares.

As of the date hereof, we hold voting rights in respect of a 34% interest in Supertel Hospitality Inc. Likewise, exercise of the rights of conversion into common shares under both the preferred shares and warrants is limited to the same percentage.

On September 26, 2013, Supertel announced that due to the current market conditions and their pricing expectations they were withdrawing the proposed underwritten public offering of its common stock.

Investment in Hersha Hospitality Trust. Hersha's portfolio of hotels comprises majority stakes in 56 hotels and ownership interests in 8 hotels through joint ventures. These hotels are all within the "select service" and "upscale hotels" categories. In the aggregate, Hersha's 64 hotels represent over 9,221 rooms and are mainly located in Arizona, California, Connecticut, Delaware, Maryland, Massachusetts, New Jersey, New York, North Carolina, Pennsylvania, Rhode Island and Virginia. The properties are operated under highly prestigious, leading franchises (such as Marriott®, Courtyard by Marriott®, Residence Inn®, Fairfield Inn®, Springhill Suites®, TownePlace Suites®, Hilton®, Hilton Garden Inn®, Hampton Inn®, Homewood Suites®, Hyatt Summerfield Suites®, Holiday Inn®, Holiday Inn Express®, Comfort Inn®, Mainstay Suites®, Sleep Inn®, Sheraton Hotel®, and Hawthorn Suites®). Hersha also operates some of its hotels through independent boutique hotel chains.

On August 4, 2009, through Real Estate Investment Group L.P. ("REIG"), a company indirectly controlled and managed by us, together with other minority investors, we acquired 5.7 million common shares of Hersha, a leading company in the hotels segment in the United States, for a total purchase price of US\$ 14.3 million. Accessorily to the initial acquisition of our equity interest in Hersha, we have an option to buy up to 5.7 million additional common shares in Hersha at a price of US\$ 3.00 per share exercisable at any time prior to July 31, 2014 subject to certain conditions. In addition, as a part of the investment agreements, our Director and Chief Real Estate Business Officer, Mr. Daniel R. Elsztain, was appointed member of the board of trustees of Hersha.

In January 2010, we acquired 4.8 million additional shares for a total price of US\$ 14.4 million, increasing our stake in Hersha to 10.3%. In turn, on March 24, 2010, Hersha resolved upon a capital increase whereby it issued 27,600,000 Class A common shares. In connection with this increase we exercised our preemptive subscription rights granted under the initial transaction and acquired 3,864,000 additional Class A common shares for a price per share of US\$ 4.25, for a total amount of US\$ 16.4 million. In October 2010, under the scope of the new issue of capital, we acquired 2,952,625 Class A common shares, at a price per share of US\$ 5.8 for a total amount of US\$ 17.1 million. Then, during this fiscal period, we sold a total of 2,542,379 Class A common shares, at a weighted average price of US\$ 5.63 for a total amount of US\$ 14.3 million. Therefore, as of June 30, 2011, our interest in Hersha amounted to 9.2%.

On February 10, 2012, Hersha gave notice to REIG of exercise of its call option for 5,700,000 shares in Hersha granted in August 2009 under the agreements executed in due course. Therefore, Hersha issued 2,521,561 shares and REIG was not required to pay any price. The price of the shares is US\$ 13.6 million. In addition, pursuant to the investment agreements, we have a representative in Hersha's Board of Trustees, which is currently composed of nine members.

During the fiscal year 2013, we sold 17,105,629 ordinary shares of Hersha for a total amount of USD 92.5 million. Consequently, as of June 30, 2013 our interest in Hersha's capital stock decreased from 9.13% (at the beginning of this year) to 0.49%. At present, we hold a residual interest of 1,000,000 common shares.

Office and Other

Overview

We are engaged in the acquisition, development and management of Offices and other non-shopping center rental properties in Argentina. As of June 30, 2013, we directly and indirectly owned interests in office and other rental properties in Argentina, which comprised 205,273 square meters of gross leaseable area. Out of these properties, 12 were office properties, which comprised 131,085 square meters of gross leaseable area. For the fiscal year 2013, we had revenues from Offices and other non-shopping center rental properties of Ps. 291.1 million.

All our office rental property in Argentina is located in Buenos Aires City. For the year ended June 30, 2013, the average occupancy rate for all our properties in the Offices and Other segment was approximately 97.1%.

Management.

We generally act as the managing agent of the office properties in which we own an interest. These interests consist primarily of the ownership of entire buildings or a substantial number of floors in a building. The buildings in which we own floors are generally managed pursuant to the terms of a condominium agreement that typically provides for control by a simple majority of the interests (based on the area owned) in the building. As the managing agent of operations, we are responsible for handling services, such as security, maintenance and housekeeping. These services are generally outsourced. The cost of the services is passed-through and paid for by the tenants, except in the case of our units not rented, in which case we absorb the cost. Our leaseable space is marketed through commissioned brokers, the media and directly by us.

Leases.

We usually lease our offices and other rental properties by using contracts with an average term of three years, with the exception of a few contracts with terms of five years. These contracts are renewable for two or three years at the tenant's option. Contracts for the rental of office buildings and other commercial properties are generally stated in U.S. dollars, and in accordance with Argentine law they are not subject to inflation adjustment. Rental rates for renewed periods are negotiated at market value.

Properties.

The following table sets forth certain information regarding our direct and indirect ownership interest in office and other non-shopping center rental properties:

| | Date of Acquisition | Gross Leaseable Area (sqm) (1) | Occupancy Rate (2) | IRSA's Effective Interest | | Monthly Rental Income (in thousands of Ps.) (3) | Annual Accumulated Rental Income over Fiscal Years ended June 30, (in Thousand of Ps.) | | Book Value (in thousands of Ps.) | |

| Dot Building | 894 | 3,878 |
| Others (2) | 2,282 | 1,847 |

- (1) Calculated considering annual leases to total leaseable office area, in accordance with our percentage of ownership in each building.
- (2) Includes the following properties: Madero 942 (fully sold), Av. de Mayo 595, Av. Libertador 602 (fully sold), Rivadavia 2774, Sarmiento 517, Dock del Plata (fully sold), Edificio Costeros (fully sold), Laminar (fully sold) and Reconquista 823/41 (fully sold).

Additional Information About Our Office Properties

Below is information regarding our principal currently owned office properties, including the names of the tenants occupying 5% or more of the gross leaseable area of each property.

Edificio República, City of Buenos Aires. This property, which was designed by the renowned architect César Pelli (who also designed the World Financial Center in New York and the Petronas Towers in Kuala Lumpur) is a unique premium office building in downtown Buenos Aires and adds approximately 19,884 gross leaseable square meters to our portfolio distributed in 20 floors. The main tenants include Apache Energía, Deutsche Bank, Estudio Beccar Varela, BASF Argentina S.A., Enap Sipetrol Argentina S.A., and Facebook.

Torre Bank Boston, City of Buenos Aires. The Bank Boston tower is a modern office building in Carlos Maria Della Paolera 265 in the City of Buenos Aires. Having been designed by the renowned architect Cesar Pelli, it has 31,670 square meters in gross leasable area. We have a 48.5% ownership interest in the building. At present, its main tenants are Exxon Mobile and Kimberly Clark Argentina.

Bouchard 551, City of Buenos Aires. Bouchard 551, known as “Edificio La Nación”, is an office building we acquired in March 2007, located in the Retiro area close to the intersection of the Leandro N. Alem and Córdoba avenues and opposite Plaza Roma. The building is a 23-story tower covering a surface area of 2,900 square meters in the low floors that becomes smaller as it goes higher up to 900 square meters approximately, and parking for 177 units. We have approximately 12,100 leaseable square meters in the building and our main tenants include Price Waterhouse & Co., AS. EM. S.R.L.

On September 19, 2012, we sold 2,384 square meters from two floors of offices with their parking lots, at approximately US\$/sqm 3,570. On July 2, 2013, we sold three floors of offices (8,481 square meters) and 56 parking spaces at approximately US\$/sqm 3,250.

Intercontinental Plaza, City of Buenos Aires. Intercontinental Plaza is a modern 24-story building located next to the Intercontinental Hotel in the historic neighborhood of Monserrat in downtown City of Buenos Aires. We own the entire building, which has floors averaging 900 square meters with 324 parking spaces. The principal tenants currently include Total Austral S.A., Danone Argentina S.A., Alto Palermo, Cognizat Technology Solutions Argentina and Industrias Pugliese S.A.

Dique IV, Juana Manso 295, Puerto Madero, City of Buenos Aires. About mid-May 2009 we completed an office building located in Puerto Madero's Dock IV. It is a luxury building with a leaseable area of approximately 11,298 square meters composed of large and versatile spaces. Its lay-out is optimum both for companies that require smaller office space at an average 200 square meters and for corporations that need the entire floor. The building has nine office stories and retail stores in the first story. The main tenant in the building is Exxon Mobile.

Bouchard 710, City of Buenos Aires. Bouchard 710 is an office building acquired by us in June 2005, located in the Retiro area. The building is a 12-story tower, with an average area per floor of 1,251 square meters, with 180 units for car parking. Tenants are Sibille S.C. (KPMG), and Microsoft de Argentina S.A., Samsung Electronics Argentina S.A., Energy Consulting Services S.A. and Chubb Argentina de Seguros S.A.

Maipú 1300, City of Buenos Aires. Maipú 1300 is a 23-story office tower opposite Plaza San Martín, a prime office zone facing Avenida del Libertador, an important north-to-south avenue. The building is also located within walking distance of the Retiro commuter train station, the city's most important public transportation hub, connecting rail, subway and bus transportation. We own 9,400 square meters, with an average area per floor of 440 square meters. The building's principal tenants currently include Allende & Brea, Verizon Argentina S.A., PPD Argentina S.A. and TV Quality SRL.

Libertador 498, Ciudad de Buenos Aires. Libertador 498 is a 27-story office tower at the intersection of three of the most important means of access to the city. This location allows for easy access to the building from northern, western and southern Buenos Aires. We are owners of 4 stories with an average area per floor of 620 square meters and of 137 parking spaces. This building features a unique design in the form of a cylinder and a highly visible circular lighted sign at the top which turn it into a landmark in the Buenos Aires skyline. The main tenants include Sideco Americana S.A., Goldman Sachs Argentina LLC, Empresa Argentina de Soluciones Satelitales S.A., Japan Bank for the International Cooperation, Gates Argentina S.A., Kandiko S.A. and Allergan Productos Farmacéuticos S.A.

During Fiscal Year 2013, the Company sold all but 1,857 square meters of this building.

Edificios Costeros, Dique IV, City of Buenos Aires. On August 29, 2001, we signed the deed of purchase of "Section C" of the office complex known as Puerto del Centro that includes buildings "5" and "6." The property is located in the Puerto Madero area and has approximately 5,500 square meters of gross leaseable area and 50 parking spaces. The building's principal tenants currently include Nextel Argentina S.A., Celistics S.A., London Supply S.A.C.I.F.I., Banco Río de la Plata S.A. and Escuela Argentina de Marketing S.A. On June 15, 2012, we sold 4,703 square meters in built office space with 46 parking spaces and 4 supplementary storage spaces. The transaction price was Ps. 69.0 million. On January 8, 2013 we sold two functional units, two parking spaces and a storage space totaling 381 square meters at Ps. 9.2 million.

Suipacha 652/64, City of Buenos Aires. Suipacha 652/64 is a 7-story office building located in the office district of the city. We own the entire building and 70 parking spaces. The building has unusually large floors, most measuring 1,580 square meters. This property underwent substantial renovations shortly after we acquired the deed in 1991 to prepare the building for rental. The building's principal tenants currently include Gameloft Argentina S.A., Monitor de Medios Publicitarios S.A, Organización de Servicios Directos Empresarios (OSDE) and Alto Palermo's subsidiary, Tarshop S.A.

PAMSA-Dot Baires Offices. Panamerican Mall S.A., a subsidiary of our subsidiary APSA, developed an office building with a gross leaseable area of 11,241 square meters adjacent to Dot Baires Shopping. This building was opened in July 2010, which means our landing in the booming rental office corridor in the northern area of the City of Buenos Aires. As of June 30, 2012 the building's occupancy rate was 100%. The principal tenants include General Electric International Inc., Metrogames, Mallinckrodt Medical Arg. Limited, Carrier and Boston Scientific Argentina

S.A.

Other office properties. We also have interests in other office properties, all of which are located in the City of Buenos Aires. These properties are either entire buildings or floors in buildings. These properties include Suipacha 664 and Av. de Mayo 589.

Retail and other properties.

Our portfolio of rental properties as of June 30, 2013 includes 5 non-shopping center leaseable properties that may be leased as shops on streets, a lot in industrial premises, undeveloped plots of land or other properties for various uses. Most of these properties are located in the City of Buenos Aires, although some are located in other cities in Argentina. These properties include Constitución 1111, Solares de Santa María, Constitución 1159, Madero 1020 and Rivadavia 2774.

Terreno Catalinas Norte

On May 26, 2010, jointly with the Government of the City of Buenos Aires, we executed a deed of conveyance of title whereby we acquired a property located at Avenida Eduardo Madero 150, between Av. Córdoba and San Martín. The total price of the transaction was fixed in the amount of Ps. 95 million, Ps. 19 million of which were paid upon the execution of the preliminary sales agreement (on December 17, 2009), whereas the balance of Ps. 76 million was paid upon the execution of the deed on May 26, 2010.

Our Investment in Banco Hipotecario

As of June 30, 2013, we owned approximately 29.77% of Banco Hipotecario which represented 12.45% of our consolidated assets as of such date. Established in 1886 by the Argentine government and privatized in 1999, Banco Hipotecario has historically been Argentina's leading mortgage lender, provider of mortgage-related insurance and mortgage loan services. All of its operations and customers are located in Argentina where it operates a nationwide network of 56 branches and 16 sales offices. Additionally, its subsidiary Tarshop S.A. has 31 sales offices.

Banco Hipotecario is a full-service commercial bank offering a wide variety of banking activities and related financial services to individuals, small-and medium-sized companies and large corporations. As of June 30, 2013, Banco Hipotecario ranked eleventh in the Argentine financial system in terms of shareholders' equity and thirteenth in terms of total assets. As of June 30, 2013, Banco Hipotecario's shareholders' equity was Ps.3,608.3 million, its consolidated assets were Ps.17,340.4 million, and its net income for the twelve-month period ended June 30, 2013 was Ps.339.1 million. Since 1999, Banco Hipotecario's shares have been listed on the Buenos Aires Stock Exchange in Argentina, and since 2006 it has had a Level I GDR program.

Banco Hipotecario's business strategy is focused on leveraging its financial position and developing a diversified banking business built on its existing mortgage franchise. Since its debt restructuring in 2004, it began to make progress in this diversification strategy, growing its lending business and developing new business lines, implementing integrated technological solutions to enable its entry into retail banking, extending its marketing network and creating back-office services to support its new operations.

As part of its business diversification strategy, Banco Hipotecario expanded its products offering personal loans, mortgages and asset-backed loans. It also expanded its corporate loan product offerings and implemented certain customer loyalty strategies. In response to demand for retail and wholesale time deposits and savings accounts, Banco Hipotecario expanded its deposit base offering personal checking accounts and launched the Visa Banco Hipotecario credit card which has steadily grown in terms of market penetration and transaction size. Banco Hipotecario also continued its strategy of expanding the offering of non-mortgage related insurance products, including combined family, life, unemployment, health, personal accident and ATM theft insurance.

Banco Hipotecario seeks to achieve a balanced portfolio of mortgage loans, consumer financing and corporate credit lines, while maintaining an adequate risk management policy. As of June 30, 2013, its portfolio of non-mortgage loans represented 80.3% of its total loan portfolio, compared to 79.5% as of June 30, 2012.

During the period ended June 30, 2013, Banco Hipotecario also experienced continued growth in deposits, including savings accounts and time deposits.

The following table sets forth Banco Hipotecario's sources of funding as of the dates indicated.

| | On June 30, | | % Change | |
|---|--|---------|-----------|----|
| | 2013 | 2012 | 2013/2012 | |
| | (in millions of Pesos, except for percentages) (2) | | | |
| Bonds(1) | 2,291.7 | 1,984.0 | 15.5 | % |
| Repo | - | 90.5 | | NA |
| Borrowings from Central Bank | - | 6.9 | | NA |
| Borrowings from bank and international entities | 393.0 | 550.9 | (28.7) |)% |
| Deposits | 8,978.1 | 6,943.2 | 29.3 | % |
| Total | 11,662.8 | 9,575.5 | 30.1 | % |

(1) Excludes accrued interest.

(2) Consolidated information.

On October 10, 2012 Banco Hipotecario paid dividends for the total amount of Ps. 100 million, corresponding to the dividend approved on April, 2011 by the shareholder meeting.

On August 23, 2013 the Ordinary General Shareholders' Meeting resolved to distribute Ps. 30 million of cash dividends on ordinary shares. This decision has been approved by BCRA.

Seasonality

Our "shopping centers" business unit is subject to strong seasonality. During the summer holiday season (January and February) our tenants experience their minimum sales levels, compared to the winter holiday season (July) and December (Christmas) when our tenants tend to reach their peak sales figures. Clothes and footwear tenants tend to change their collections in the spring and fall. This has a positive effect on the sales of stores. Discount sales at the end of each season also have a major impact on our business.

Competition

Office and Other

Substantially all of our office and other non-shopping center rentals are located in developed urban areas. There is a great number of office buildings, shopping malls, retail and residential premises in the areas where our properties are located. This is a highly fragmented market, and the abundance of comparable properties in our vicinity may adversely affect our ability to rent or sell office space and other real estate as well as the sale and rental price of the properties.

In the future, both national and foreign companies may participate in Argentina's real estate development market, competing with us for business opportunities. Moreover, in the future we may participate in the development of real estate in foreign markets, potentially encountering well established competitors.

Shopping centers

Because most of our shopping centers are located in developed and highly populated areas, there are competing shopping centers within, or in close proximity to, our targeted areas. The number of shopping centers in a particular area could have a material effect on our ability to lease space at our shopping centers and on the amount of rent that we are able to charge. We believe that due to the limited availability of large plots of land and zoning restrictions in the City of Buenos Aires, it will be difficult for other companies to compete with us in areas through the development of new shopping center properties. Our principal competitor is Cencosud S.A. which owns and operates Unicenter shopping center and the Jumbo hypermarket chain, among others.

The following chart shows certain information relating to the most important owners and operators of shopping centers in Argentina:

| Company | Shopping Center | Location (1) | Gross Leaseable Area | Stores | National GLA Percentage (2) | Stores Percentage (2) | | |
|-------------------------|----------------------------|--------------|----------------------|--------------|-----------------------------|-----------------------|------------|----------|
| APSA | | | | | | | | |
| | Abasto de Buenos Aires | CABA | 41,440 | 175 | 2.26 | % | 2.77 | % |
| | Alto Palermo Shopping | CABA | 18,690 | 146 | 1.12 | % | 2.31 | % |
| | Buenos Aires Design (3) | CABA | 13,746 | 61 | 0.82 | % | 0.97 | % |
| | Dot Baires Shopping | CABA | 49,719 | 153 | 2.98 | % | 2.42 | % |
| | Paseo Alcorta (4) | CABA | 52,791 | 109 | 0.85 | % | 1.73 | % |
| | Patio Bullrich | CABA | 11,683 | 82 | 0.70 | % | 1.30 | % |
| | Córdoba Shopping (4) | Córdoba | 22,088 | 105 | 0.91 | % | 1.66 | % |
| | Alto Avellaneda (4) | GBA | 67,897 | 140 | 2.21 | % | 2.22 | % |
| | Mendoza Plaza Shopping (4) | Mendoza | 42,238 | 147 | 2.53 | % | 2.33 | % |
| | Alto Rosario | Rosario | 39,952 | 146 | 1.66 | % | 2.31 | % |
| | Alto Noa (4) | Salta | 19,141 | 91 | 1.15 | % | 1.44 | % |
| | La Ribera Shopping | Santa Fe | 8,378 | 50 | 0.50 | % | 0.79 | % |
| | Soleil (4) | GBA | 24,109 | 75 | 0.82 | % | 1.19 | % |
| | Subtotal | | 411,872 | 1,480 | 18.51 | % | 23.44 | % |
| Cencosud S.A.(4) | | | | | | | | |
| | Subtotal | | 617,924 | 1,438 | 37.07 | % | 22.75 | % |
| Other Operators | | | | | | | | |
| | Subtotal | | 741,295 | 3,396 | 44.45 | % | 53.82 | % |
| Total | | | 1,771,091 | 6,314 | 100 | % | 100 | % |

(1) “GBA” means Greater Buenos Aires, the Buenos Aires metropolitan area, and “CABA” means the Autonomous City of Buenos Aires.

(2) Percentage over total shopping centers in Argentina. Figures may not sum due to rounding.

(3) The effective interest held by Alto Palermo S.A., the company that operates the concession of this building, is 53.684% in ERSA.

(4) Includes total leaseable area occupied by supermarkets and hypermarkets.

Development and sale of properties

A large number of companies are currently competing with us in the development and sale of properties in Argentina, as this segment is highly fragmented. In addition, there is a substantial supply of comparable properties in the vicinity of our developed properties which may adversely affect our ability to sell our developed properties at prices that generate a positive return on our investment.

Hotels

We own three luxury hotels in Argentina which are managed through strategic alliances by international operators including Sheraton Overseas Management Corporation, Intercontinental Hotels Corporation and the local operator Compañía de Servicios Hoteleros S.A. which manages the Hotel Alvear. The Hotel Llao Llao is unique for its landscape and beauty, and our other two hotels, Hotel Intercontinental and Hotel Sheraton Libertador, are located in the City of Buenos Aires. We compete with many other leading luxury hotels in the City of Buenos Aires including, among others: Abasto Plaza, Alvear Palace, Caesar Park, Claridge, Emperador, Feir's Park, Four Seasons, Hilton, Loi Suites, Marriot Plaza, Meliá, NH City, Panamericano, Sheraton, Sofitel, Madero, MayFlower, Etoile, Faena, and Regal Pacific.

Regulation and Government Supervision

The laws and regulations governing the acquisition and transfer of real estate, as well as municipal zoning ordinances and environmental regulations, among others, are applicable to the development and operation of our properties.

Currently, Argentine law does not specifically regulate shopping center lease agreements. Since our shopping center leases generally differ from ordinary commercial leases, we have created standard provisions which govern the relationship with our shopping center tenants.

Leases

Argentine law imposes certain restrictions on property owners, including:

- a prohibition to include price adjustment clauses based on inflation increases in lease agreements; and
- the imposition of a three-year minimum lease term for retail property, except in the case of stands and/or spaces in markets and fairs.

Although our lease agreements were U.S. dollar-denominated, Decree No. 214/2002, Decree No. 762/2002 and Law N° 25,820 that amended the Public Emergency Law, provided that monetary obligations in force as of January 7, 2002 arising from agreements governed by private law and which provided for payments in U.S. dollars were subject to the following rules:

- financial obligations were to be paid in Pesos at the exchange rate of Ps.1.00 = US\$1.00 plus the CER for commercial leases;
- from October 1, 2002 until March 31, 2004 for residential leases, the obligations where the tenant is an individual and the dwelling is used as the family residence of permanent use were to be paid in Pesos at the exchange rate of Ps.1.00 = US\$1.00 plus the CVS;
- if due to the application of these provisions, the amount of the installment became higher or lower than the amount at the moment of the payment, any of the parties could require an equitable adjustment of the price. If the parties did not reach an agreement, the courts could decide on a case by case basis; and
- pursuant to Decree No. 117/2004 and Law No. 25,796 that amends Law No. 25,713, the CVS became unenforceable since April 1, 2004.

Under the Argentine Civil Code and Lease Law No. 23,091, lease terms may not exceed ten years, except for leases regulated by Law No. 25,248 (which provides that real estate leases containing purchase options—leasing inmobiliario—are not subject to term limitations). Generally, terms in our lease agreements go from 3 to 10 years.

Despite this restriction, in November 2007, the Courts authorized Alto Palermo to enter into a lease agreement with Wal-Mart Argentina SRL for a term of 30 years. This exception was authorized taking into consideration the size of the investment required and the time necessary to recoup this investment.

Lease Law No. 23,091, as amended by Law No. 24,808 provides that tenants may rescind commercial lease agreements after the first six months by sending a written notice at least 60 days before the intended termination date of the contract. Such rescission is subject to penalties which range from one to one and a half months of rent. If the tenant rescinds during the first year of the lease the penalty is one and a half month's rent and if the rescission occurs after the first year of lease the penalty is one month's rent.

While current Argentine government policy discourages government regulation of lease agreements, there can be no assurance that additional regulations will not be imposed in the future by the Argentine Congress, including regulations similar to those previously in place. Furthermore, most of our leases provide that the tenants pay all costs and taxes related to the property in proportion to their respective leasable areas. In the event of a significant increase in the amount of such costs and taxes, the Argentine government may respond to political pressure to intervene by regulating this practice, thereby negatively affecting our rental income. The Argentine Civil and Commercial Procedure Code enables the lessor to pursue what is known as an “executory proceeding” upon lessees’ failure to pay rent. In executory proceedings debtors have fewer defenses available to prevent foreclosure, making these proceedings substantially shorter than ordinary ones. In executory proceedings the origin of the debt is not under discussion; the trial focuses on the debt instrument itself. The aforementioned code also permits special eviction proceedings, which are carried out in the same way as ordinary proceedings. The Argentine Civil Code enables judges to summon tenants who fall two months in arrears to vacate the property they are renting within 10 days of having received notice to such effect. However, historically, large court dockets and numerous procedural hurdles have resulted in significant delays to eviction proceedings, which generally last from six months to two years from the date of filing of the suit to the time of actual eviction.

Development and Land Use

Buenos Aires Urban Planning Code. Our real estate activities are subject to several municipal zoning, building and environmental regulations. In the city of Buenos Aires, where the vast majority of our real estate properties are located, the Buenos Aires Urban Planning Code (Código de Planeamiento Urbano de la Ciudad de Buenos Aires) generally restricts the density and use of property and controls physical features of improvements on property, such as height, design, set-back and overhang, consistent with the city’s urban landscape policy. The administrative agency in charge of the Urban Planning Code is the Secretary of Urban Planning of the City of Buenos Aires.

Buenos Aires Building Code. The Buenos Aires Building Code (Código de Edificación de la Ciudad de Buenos Aires) complements the Buenos Aires Urban Planning Code and regulates the structural use and development of property in the city of Buenos Aires. The Buenos Aires Building Code requires builders and developers to file applications for building permits, including the submission to the Secretary of Work and Public Services (Secretaría de Obras y Servicios Públicos) of architectural plans for review, to assure compliance therewith.

We believe that all of our real estate properties are in material compliance with all relevant laws, ordinances and regulations.

Sales and Ownership

Real Estate Installment Sales Law. The Real Estate Installment Sales Law No. 14,005, as amended by Law No. 23,266 and Decree No. 2015/1985, imposes a series of requirements on contracts for the sale of subdivided real estate property regarding, for example, the sale price which is paid in installments and the deed, which is not conveyed until final payment of such price. The provisions of this law require, among other things:

- the registration of the intention to sell the property in subdivided plots in the Real Estate Registry (Registro de la Propiedad Inmueble) corresponding to the jurisdiction of the property. Registration will only be possible with regard to unencumbered property. Mortgaged property may only be registered where creditors agree to divide the debt in accordance with the subdivided plots. However, creditors may be judicially compelled to agree to the division;
- the preliminary registration with the Real Estate Registry of the purchase instrument within 30 days of execution of the agreements.

Once the property is registered, the installment sale may not occur in a manner inconsistent with the Real Estate Installment Sales Act, unless seller registers its decision to desist from the sale in installments with the Real Estate Registry. In the event of a dispute over the title between the purchaser and third-party creditors of the seller, the installment purchaser who has duly registered the purchase instrument with the Real Estate Registry will obtain the deed to the plot. Further, the purchaser can demand conveyance of title after at least 25% of the purchase price has been paid, although the seller may demand a mortgage to secure payment of the balance of the purchase price.

After payment of 25% of the purchase price or the construction of improvements on the property equal to at least 50% of the property value, the Real Estate Installment Sales Act prohibits the rescission of the sales contract for failure by the purchaser to pay the balance of the purchase price. However, in such event the seller may take action under any mortgage on the property.

Consumer Protection Law. Consumer Protection Law No. 24,240, as amended, regulates several issues concerning the protection of consumers in the arrangement and execution of contracts. The Consumer Protection Law purports to prevent potential abuses deriving from the strong bargaining position of sellers of goods and services in a mass-market economy where standard form contracts are widespread. As a result, the Consumer Protection Law deems void and unenforceable certain contractual provisions in consumer contracts, including those which contain:

- warranty and liability disclaimers;
 - a waiver of consumer rights;
 - an extension of seller rights; and
- the shifting of the burden of proof against consumers.

In addition, the Consumer Protection Law imposes penalties ranging from fines to closing down of establishments in order to induce compliance from sellers.

The Consumer Protection Law defines consumers or users, as the individuals or legal entities that (i) acquire or use goods or services free of charge or for a price for their own final use and benefit or that of their family or social group, including the acquisition of rights on a time-share leasing, country club, or private cemetery, among others, (ii) though not being party to a consumer relationship, as a result thereof acquire or use goods or services for their own final use or that of their family or social group and (iii) are otherwise exposed to a consumer relationship.

In addition, the Consumer Protection Law defines the suppliers of goods and services as the individuals or legal entities, either public or private that in a professional way, even occasionally, produce, import, distribute or commercialize goods or supply services to consumers or users.

The Consumer Protection Law excludes the services supplied by professionals that require a college degree and registration in officially recognized professional organizations or by a governmental authority. However, this law regulates the advertisements that promote the services of such professionals.

The Consumer Protection Law determines that the information contained in the offer addressed to undetermined prospective consumers, binds the offeror during the period in which the offer takes place and until its public revocation. Further, it determines that specifications included in advertisements, announcements, prospectuses, circulars or other media bind the offeror and are considered part of the contract entered into by the consumer. On June 2005, Resolution No. 104/05, which complements the Consumer Protection Law, adopted MERCOSUR's Resolution on which requires that those who engage in commerce over the Internet (E-Business) to disclose in a precise and clear manner the characteristics of the products and/or services offered and the sale terms. Failure to comply with the terms of the offer is deemed an unjustified denial to sell and gives rise to sanctions.

Buildings Law. Buildings Law No. 19,724, as amended, sets forth a regime for the construction of buildings for subsequent subdivision into condominium (Propiedad Horizontal). Under this law, developers must inform potential purchasers of their intention to sell the building as a condominium, as well as of all sale conditions, and the size of each unit in relation to the whole building. The sale of these units is subject to subdivision approval and in order to be included in Buildings Law regime must be registered with the Real Estate Registry (Registro de la Propiedad Inmueble). This law also states that, in the event that construction is not completed, all amounts already deposited must be repaid to the purchasers. All intervening parties are jointly and severally liable to reimburse all amounts deposited or paid by the purchasers. All agreements entered into with the purchasers shall be filed with the relevant real estate registry.

Mortgage Regulation. The Argentine Civil Code regulates mortgages both as a contract and as a right over property. There are no special provisions in the Civil Code aimed at protecting mortgagors. Any agreement entered into by a mortgagor and a mortgagee at time of execution of the mortgage or prior to the default of the mortgagor allowing the mortgagee to recover the property without a public auction of the property will not be enforced by the courts as it is contrary to Argentine public policy.

Until the enactment of Trust Law No. 24,441, the only procedure available to collect unpaid amounts secured by a mortgage was a proceeding regulated by the Civil and Commercial Procedure Code. The heavy caseload on the courts that hear such matters usually delays the proceeding, which currently takes 1 to 2 years to be completed.

Title V of Trust Law No. 24,441 institutes a new procedure which may expedite collection of unpaid amounts secured by a mortgage. To be applicable, the new rules, which allow an out-of-court auction, need to be expressly agreed to by the parties in the mortgage contract.

Currently, we include in our mortgages a clause enabling the enforcement of Law No. 24,441. However, there can be no assurance that such collection provisions will accelerate the recovery of unpaid amounts under mortgage guarantees.

The Argentine Government has tried to avoid the massive foreclosure of mortgages since the 2001 crisis. The Public Emergency Law, as amended, established the suspension for the term of 270 days from the enactment of that law, of all the judicial or non-judicial enforcement procedures, including the enforcement of mortgages and pledges, regardless of their origin. On February 14, 2002, Law No. 25,563 amending the Bankruptcy Law (the "New Bankruptcy Law") was enacted. Under the New Bankruptcy Law, certain bankruptcies and foreclosures (including foreclosures on mortgage loans) were suspended for a period of 180 days from the law's effective date. Such period was extended for 180 additional days by law N° 25,589 and afterwards for 90 additional days by Law No. 25,640 dated September 2002, expiring on February 2003.

On February 4, 2003, the Executive Branch enacted Decree No. 204/2003 creating a mediation proceeding, for a limited period of 90 days, to be conducted through the Legal Emergency Units (Unidades de Emergencias Legales) depending from the Ministry of Labor, Employment and Social Security and the Ministry of Production. Such Emergency Legal Units shall intervene at the request of debtors or creditors in foreclosure cases.

The mediation procedure was voluntary and free. Proposals and negotiations made by the parties were subject to the confidentiality of ordinary mediations. The mediation procedure in no case shall result in the suspension or interruption of the legal terms running in judicial or out-of-court foreclosure proceedings.

The Legal Emergency Units should try to approximate the parties' proposals to reach an agreement enabling the debtor the performance of his obligations without lessening the creditor's rights. The intervention of the Emergency Legal Units shall conclude with an agreement or with the impossibility of reaching such agreement. The Decree establishes that the conciliation proceeding shall be in force from the day of its publication in the Official Gazette and will have a term of 90 days.

On May 2003, the Argentine Congress enacted Law No. 25,737 which suspended foreclosures for an additional period of 90 days, which ended in May 2003. On September 2003, several financial institutions voluntarily agreed not to foreclose on their mortgage loans. On November 2005, the Argentine congress enacted Law No. 26,062 that extended the foreclosures suspension for an additional 120 days period, which was extended for 90 days more by Law No. 26,084 and for 180 days more by Law No. 26,103. Pursuant to these successive extensions, foreclosure on mortgaged property was suspended until December 2006.

On November 6, 2003 Law No. 25,798 was enacted. It established a mechanism to reschedule debts resulting from unpaid mortgages, by creating a trust (financed by the Argentine Government) which would purchase the mortgage debts and reschedule the maturity date thereof. Financial institutions were afforded until June 22, 2004 to accept said terms. This law was partially modified by Law No. 25,908 (enacted on July 13, 2004) which included various conditions referring to the incorporation into this system of the mortgage loans that were in judicial or private execution proceedings. The parties to secured loan agreements were given a term to express their adhesion to this system. This term was extended twice first by Decree No. 352/2004 for a period of sixty days and then by Law No. 26,062 effective as of November 4, 2005, which extended the foreclosures suspension for an additional 120 days, which was again extended for 90 days more by Law No. 26,084 and for 180 days more by Law No. 26,103.

On November 8, 2006, Law No. 26,167 was enacted. It established a special proceeding to replace ordinary trials for the enforcement of some mortgage loans. These special proceedings give creditors ten days to inform the debtor of the amounts owed to them and agree with the debtor on the amount and terms of payment. In case the parties fail to reach an agreement, payment conditions are to be determined by the judge. Also, this law established the suspension of the execution of judicial judgments, judicial and out-of-court auctions, evictions and other proceedings related to the mortgage loans contemplated in this law.

Most mortgages executed by us provide that we are empowered to declare the anticipated expiration of the loan upon non-payment of an installment. This enables us to recover the unpaid amounts through the sale of the relevant property pursuant to the Civil and Commercial Procedure Code and Law No. 24,441.

Pursuant to Argentine law, fees and expenses related to collection procedures must be borne by the debtor, and the proceeds from any auction of the property may be used for the settlement of such obligation.

Although our mortgages are U.S. dollar-denominated, Decree No. 214/2002 and Decree No. 762/2002 that amend the Public Emergency Law provide that monetary obligations in force as of January 7, 2002, resulting from agreements governed by private law and which provide for payments in U.S. dollars are subject to the following rules:

- financial obligations were to be paid in Pesos at the exchange rate of Ps.1.00 = US\$1.00 plus the CER for commercial leases;
- from October 1, 2002 and until March 31, 2004 for residential leases, the obligations where the tenant is an individual and the dwelling is used as the family residence of permanent use were to be paid in Pesos at the exchange rate of Ps.1.00 = US\$1.00 plus the CVS;
- if due to the application of these provisions, the amount of the installment became higher or lower than the amount at the moment of the payment, any of the parties could require an equitable adjustment of the price. If the parties did not reach an agreement, the courts could decide on a case by case basis; and
- pursuant to Decree No. 117/2004 and Law No. 25,796 that amends Law No. 25,713, the CVS became unenforceable since April 1, 2004.

Protection for the Disabled Law. The Protection for the Disabled Law No. 22,431, enacted on March 20, 1981, as amended, provides that in connection with the construction and renovation of buildings, obstructions to access must be eliminated in order to enable access by handicapped individuals. In the construction of public buildings, entrances, transit pathways and adequate facilities for mobility impaired individuals must be provided for.

Buildings constructed before the enforcement of the Protection for the Disabled Law must be adapted to provide accesses, transit pathways and adequate facilities for mobility-impaired individuals. Those pre-existing buildings, which due to their architectural design may not be adapted to the use by mobility-impaired individuals, are exempted from the fulfillment of these requirements. The Protection for the Disabled Law provides that residential buildings must ensure access by mobility impaired individuals to elevators and aisles.

Credit Cards Law. Law No. 25,065, amended by Law No. 26,010 and Law No. 26,361, regulates different aspects of the business known as “credit card system.” The regulations impose minimum contractual contents and the approval thereof by the Industry, Commerce and Mining Secretary (Secretaría de Industria, Comercio y Minería de la Nación), as well as the limitations on the interest to be collected from users and the commissions charged to the stores adhering to the system. The Credit Card Law applies to banking and non-banking cards, such as “Tarjeta Shopping” issued by Tarshop.

Antitrust Law. Law No. 25,156, as amended, prevents trust practices and requires administrative authorization for transactions that according to the Antitrust Law constitute an economic concentration. According to this law, mergers, transfers of goodwill, acquisitions of property or rights over shares, capital or other convertible securities, or similar operations by which the acquirer controls or substantially influences a company, are considered as an economic concentration. Whenever an economic concentration involves a company or companies which exceed the accumulated sales volume of Ps. 200.0 million in Argentina; then the respective concentration should be submitted for approval to the Comisión Nacional de Defensa de la Competencia, or Antitrust Authority. The request for approval may be filed, either prior to the transaction or within a week after its completion.

When a request for approval is filed, the Antitrust Authority may (i) authorize the transaction, (ii) subordinate the transaction to the accomplishment of certain conditions, or (iii) reject the authorization.

The Antitrust Law provides that economic concentrations in which the transaction amount and the value of the assets absorbed, acquired, transferred or controlled in Argentina, do not exceed Ps.20.0 million are exempted from the administrative authorization. Notwithstanding the foregoing, when the transactions effected during the prior 12-month period exceed in the aggregate Ps. 20.0 million or Ps. 60.0 million during the last 36 months, these transactions must be notified to the Antitrust Authority.

As our and Alto Palermo's consolidated annual sales volume exceeds Ps. 200.0 million, we are required to give notice to the Antitrust Authority of any concentration according to the Antitrust Law.

Environmental Law. Our activities are subject to a number of national, provincial and municipal environmental provisions. Section 41 of the Argentine Constitution, as amended in 1994, provides that all Argentine inhabitants have the right to a healthy and balanced environment fit for human development and have the duty to preserve it. Environmental damage shall bring about primarily the obligation to restore it as provided by applicable law. The authorities shall control the protection of this right, the rational use of natural resources, the preservation of the natural and cultural heritage and of biodiversity, and shall also provide for environmental information and education. The National Government shall establish minimum standards for environmental protection whereas Provincial and Municipal Governments shall fix specific standards and regulatory provisions.

On November 6, 2009, the Argentine Congress passed Law No. 25,675. Such law regulates the minimum standards for the achievement of a sustainable environment and the preservation and protection of biodiversity and fixes environmental policy goals.

Law No. 25,675 establishes the activities that will be subject to an environmental impact assessment procedure and certain requirements applicable thereto. In addition, such Law sets forth the duties and obligations that will be triggered by any damage to the environment and mainly provides for restoration of the environment to its former condition or, if that is not technically feasible, for payment of compensation in lieu thereof. Such Law also fosters environmental education and provides for certain minimum reporting obligations to be fulfilled by natural and legal entities.

In accordance with the Rules of the CNV (as defined herein below), the issuers involved in activities which may have an impact on the environment have to comply with certain disclosure requirements in order to inform its investors, shareholders and the general public about the fulfillment of the current environmental regulations.

For more information see "Risk Factors —Risk related to our Business—Our business is subject to extensive regulation and additional regulations may be imposed in the future."

Seasonality

Our Shopping Center business is subject to seasonality, which affects the sales level of our tenants. During the South American summer holiday season (January and February) APSA's tenants experience their lowest sales levels, compared to the winter holidays (July) and the month of December (Christmas) when APSA's tenants tend to reach their peak sales figures. Clothes and footwear tenants usually change their collections in spring and autumn, which has a positive effect on shopping sales. Discount sales at the end of each season also impact our business.

C. Organizational Structure

The following table presents information relating to our ownership interest and the percentage of our consolidated total net revenues represented by our subsidiaries as of June 30, 2013:

| Subsidiary | Activity | Country of incorporation | Ownership percentage (1) | Voting power percentage | Percentage of our total net revenues |
|-----------------------------|-------------|--|--------------------------|-------------------------|--------------------------------------|
| Alto Palermo S.A. (APSA) | Real estate | Argentina | 95.68 % | 95.68 % | 74.86 % |
| E-Commerce Latina S.A. | Investment | Argentina | 100 % | 100 % | 0 % |
| Efanur S.A. | Investment | Uruguay | 100 % | 100 % | 0 % |
| Hoteles Argentinos S.A. | Hotel | Argentina | 80 % | 80 % | 2.38 % |
| Llao Llao Resorts S.A. | Hotel | Argentina | 50 % | 50 % | 3.96 % |
| Nuevas Fronteras S.A. | Hotel | Argentina | 76.34 % | 76.34 % | 3.98 % |
| Inversora Bolívar S.A. | Investment | Argentina | 100 % | 100 % | 0 % |
| Palermo Invest S.A. | Investment | Argentina | 100 % | 100 % | 0 % |
| Ritelco S.A. | Investment | Uruguay | 100 % | 100 % | 0 % |
| Solares de Santa Maria S.A. | Real estate | Argentina | 100 % | 100 % | 0.17 % |
| Tyrus S.A. | Investment | Uruguay | 100 % | 100 % | 1.87 % |
| Unicity S.A. | Investment | Argentina | 100 % | 100 % | 0.0 % |
| (1) | | Includes direct and indirect ownership | | | |

We have a significant interest in Banco Hipotecario, an Argentine company organized under Argentine Law engaged in banking activity. As of June 30, 2013, we owned directly and indirectly 29.77% (without considering treasury shares) of Banco Hipotecario. Also, as of June 30, 2013, the voting power held by us directly and indirectly in Banco Hipotecario was 46.46%.

D. Property, Plant and Equipment

Property

As of June 30, 2013, most of our property (consisting of rental properties in the office and retail real estate sectors, development properties primarily in the residential real estate sector and shopping centers) was located in Argentina. We lease our headquarters, located at Bolívar 108, (C1066AAB) Ciudad Autónoma de Buenos Aires, We do not currently lease any material properties other than our headquarters.

- (1) Total leasable area for each property. Excludes common areas and parking spaces.
- (2) Cost of acquisition or development plus improvements, less accumulated depreciation, less allowances.
- (3) Through Alto Palermo.
- (4) Includes the following land reserves: Poncevedra plot; Isla Sirgadero; Mariano Acosta, Intercontinental Plaza II, San Luis and Merlo (through IRSA) and Zelaya 3102 and Conil (through Alto Palermo).
- (5) Includes the following properties: Anchorena 559 and Parking spaces Ocampo (through Alto Palermo).
- (6) All assets are owned by us or through any our subsidiary.
- (7) Percentage of occupation of each property. The land reserves are assets that the company remains in the portfolio for future development.
- (8) As collateral for the new debt Hoteles Argentinos S.A. (HASA) contracted with ICBC, we entered into a put option.
- (9) APSA signed an agreement with the Municipality of Neuquén in which APSA committed to construct the whole shopping center in a maximum term of 24 months, these will be counted starting from the date of signature of the act of beginning of works. On June 30, 2013 and 2012 and on July 1°, 2011 the amount of the developments in Shopping Neuquén rise to Ps. 36.1, Ps. 9.1 and Ps. 4.5 million, respectively. On June 30, 2013 the contractual obligations corresponds mainly to constructions related with the project above and they rise to Ps. 205 million. The project is estimated to be concluded on September, 2014.
- (10) APSA maintains engagements with the City of Buenos Aires' Government in order to develop the Arcos del Gourmet project. The amount of the construction as of June 30, 2013 and 2012 rise to Ps. 136.3 million and 17.8

million, respectively. On June 30, 2013 the contractual obligations corresponds mainly to constructions related with the project above and rise to Ps 227.3 million. The project is estimated to be concluded by the end of 2013.

(11) Both projects are financed through syndicated loans subscribed with different bank institutions, for further information see Item 5.b Indebtedness.

Insurance

We carry insurance policies with insurance companies that we consider to be financially sound. We purchase multiple peril insurance for the shopping centers covering fire and negligence liability, electrical or water damages, theft and business interruption. We have submitted a limited number of claim reports under the shopping center insurance, including a claim for a reported loss caused by fire in Alto Avellaneda Shopping on March 5, 2006, as of this date, we have been able to recover substantially all such claims from the insurance companies.

In our Development and Sales of Properties segment, we only maintain insurance when we retain ownership of the land under development or when we develop the property ourselves. Our liability and fire insurance policies cover potential risks such as property damage, business interruption, fire, falls, collapse, lightning and gas explosion. Such insurance policies contain specifications, limits and deductibles which we believe are customary. We maintain insurance policies for our properties after the end of construction only if we retain ownership, primarily in the Offices and Other Properties segments.

We carry insurance for directors and officers covering management's civil liability, as well as legally mandated insurance, including employee personal injury. We do not provide life or disability insurance for our employees as benefits. We believe our insurance policies are adequate to protect us against the risks for which we are covered. Nevertheless, no assurances can be given that the insurance amount purchased by us will be enough to protect ourselves from significant losses. See "Risk Factors—Risks Related to our Business." Some potential losses are not covered by insurance, and certain kinds of insurance coverage may become prohibitively expensive.

Item 4A. Unresolved Staff Comments.

In a letter dated April 19, 2013 (the "Comment Letter"), the staff of the Securities and Exchange Commission ("SEC") provided certain comments to our annual report on Form 20-F for the fiscal year ended June 30, 2012 as filed on October 26, 2012 and Form 6-K/A as filed on December 19, 2012. We have resolved all of the comments set forth in the Comment Letter except for a comment relating to certain barter agreements entered into by the Company. Thus, in a subsequent letter dated August 29, 2013, the SEC questioned whether the significant risks and rewards of ownership were transferred to the buyer based on the terms of each barter agreement, and whether managerial continuing involvement or effective control over the property subject to the barter transactions were being retained by the Company. In a letter dated October 18, 2013, we provided the required information, concluding that the significant risks and rewards of ownership were effectively transferred to the buyer and that no managerial continuing involvement to the extent normally associated with ownership were being retained by the Company. We believe that, as a result, we have resolved any staff comments regarding our annual reports.

Item 5. Operating and Financial Review and Prospects.

A. Operating Results

Evolution of our Business Segments

Shopping Centers

The profitability of our shopping center business is highly sensitive to consumer spending, overall GDP growth in Argentina and availability of financing. The contraction in consumer spending and the greater reliance on informal and low quality products that characterized the Argentine economy during the crisis has been significantly lessened along with an increase in GDP growth. This economic reactivation has increased the revenues of Alto Palermo, our subsidiary engaged in shopping center ownership and operation. During the fiscal years ended June 30, 2012 and

2013, our shopping centers revenues were Ps. 1,321.6 million and Ps.1,622.3 million, respectively.

Development and Sale of Properties

Demand for new residential units is influenced by a number of factors, including employment rates, short-term and long-term interest rates, availability of government-sponsored and private mortgage financing programs and products, consumer confidence, governmental policies, demographic factors and, to a lesser extent, changes in property taxes, energy costs and federal income tax rates. In addition, the feasibility of developing and marketing new residential units depends on a number of factors such as the inventory of existing units, zoning restrictions, government policies, cost and availability of land, construction and sales costs and the availability of financing on reasonable terms, among other factors. At the time of the Argentine crisis in 2001 and 2002, residential sales came to a virtual standstill and real estate prices fell sharply. During the last five years, the market has begun to recover gradually. This continuing market stabilization accounts for much of the revenue increase in our Development and Sales of Properties segment. During the fiscal years ended June 30, 2012 and 2013, our Development and Sale of Properties segment had revenues of Ps. 162.8 million and Ps. 142.0 million, respectively.

Office and Other Non-Shopping Center Rental Properties

The profitability of Office and Other Non-Shopping Center Rental Properties segment is similarly affected by the macroeconomic factors described above. Favorable market conditions are also closely related to levels of vacancy and to the price at which we can lease our premises which in turn affect our revenues in this segment. During the 2001 Argentine economic crisis and its aftermath, few development projects were built in Argentina. However, demand for office space and rental properties has increased substantially during the last five years, significantly raising prices. During the fiscal years ended June 30, 2012 and 2013, our Office and Other Non-Shopping Center Rental Properties segment had revenues of Ps. 254.0 million and Ps. 291.1 million, respectively.

Hotels

The revenues from our hotel business are also highly sensitive to market conditions. For example, the devaluation of the Peso following the repeal of the Convertibility Law made Argentina less expensive, and therefore a more attractive, tourist destination, significantly increasing the influx of foreign tourists. The appreciation of foreign currency also rendered domestic travel destinations more appealing to the Argentines, many of whom replaced foreign travel with local travel. During the fiscal years ended June 30, 2012 and 2013, our Hotels segment had revenues of Ps. 170.0 million and Ps. 225.8 million, respectively.

International

The International segment recorded revenues of Ps. 40.9 million during fiscal year 2013 due to the consolidation, effective October 1, 2012, of the results from Rigby 183 LLC, the company that is owner of the rental office building located at 183 Madison Avenue, New York, USA. As of the closing of fiscal year 2013, the occupancy rate of this building was 98.5%. This segment had recorded no revenues during fiscal year 2012.

Financial Operations and Others

As of June 30, 2013 we owned approximately 29.77% of Banco Hipotecario's capital stock, Argentina's leading mortgage lender and provider of mortgage-related insurance and mortgage loan services. Banco Hipotecario restructured its financial debt in 2004 and has recorded attractive results from its operations since then. For the fiscal years ended June 30, 2012 and 2013, our investment in Banco Hipotecario generated a gain of Ps. 82.3 million and Ps. 59.9 million, respectively.

Variability of Results

Income derived from the lease of office space and retail stores and sales of properties are the two core sources of our income. The historical results of our operations have varied over different periods based on the prevailing opportunities in connection with the sale of properties. No assurance can be given that our results will not continue to be influenced by the periodical sale of properties.

Critical Accounting Policies and Estimates

Our consolidated financial statements are prepared in accordance with IFRS standards as issued by the IASB, and the accounting policies employed are set out in our Group's Accounting Policies section in the financial statements. In applying these policies, we make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities. The actual outcome could differ from those estimates. Some of these policies require a high level of judgment because the areas are especially subjective or complex.

The discussion below should also be read in conjunction with the Group's disclosure of significant IFRS accounting policies, which is provided in Note 2 to the audited consolidated financial statements, "Significant accounting policies".

We believe that the most critical accounting policies and significant areas of judgment and estimation are in:

- Business combinations
 - Impairment testing of goodwill and intangible assets
 - Determination of the fair value of financial instruments
 - Trading property
 - Allowances
 - Taxation

Business combinations – purchase price allocation

We account for the acquisition of subsidiaries using the acquisition method. Accounting for business combinations requires us the determination of the fair value of the various assets and liabilities of the acquired business. We use all available information to make these fair value determinations, and for major acquisitions, may hire an independent appraisal firm to assist us in making these fair value estimates. In some instances, assumptions with respect to the timing and amount of future revenues and expenses associated with an asset might have to be used in determining its fair value. Actual timing and amount of net cash flows from revenues and expenses related to that asset over time may differ materially from those initial estimates, and if the timing is delayed significantly or if the net cash flows decline significantly, the asset could become impaired.

The amount of goodwill initially recognized as a result of a business combination is dependent on the allocation of the purchase price to the fair value of the identifiable assets acquired and the liabilities assumed.

Allocation of the purchase price affects our results as any identified finite lived intangible assets are amortized, whereas indefinite lived intangible assets, including goodwill, are not amortized and could result in differing amortization charges based on the allocation to indefinite lived and finite lived intangible assets.

Upon our transition to IFRS we elected not to apply IFRS 3, "Business combinations", retrospectively as the difficulty in applying these requirements to the large number of business combinations we completed from incorporation through to transition date exceeded any potential benefits. Therefore, business combinations occurred prior to transition date have not been restated.

Impairment testing of goodwill and non-current assets other than goodwill

IFRS requires us to undertake an annual test for impairment of indefinite lived assets and, for finite lived assets, to test for impairment if events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable.

Impairment testing is an area involving management judgment, requiring assessment as to whether the carrying value of assets can be supported by the net present value of future cash flows derived from such assets using cash flow projections which have been discounted at an appropriate rate. In calculating the net present value of the future cash flows, we are required to make certain assumptions in respect of highly uncertain matters including management's expectations of estimates of future cash flows, market rents for similar properties in the same location and condition, and discount rates.

For purposes of the impairment testing, we group assets at the lowest levels for which there are separately identifiable cash flows, known as cash generating units or CGUs. Given the nature of our assets and activities, most of our individual assets do not generate independent cash flows that are independent of those from CGUs. Therefore, we estimate the recoverable amount of the CGU to which the asset belongs, except where the fair value less costs to sell of the individual asset is higher than its book value; or the value in use of the asset can be estimated as being close to its fair value less costs to sell, where fair value can be reliably determined.

Generally, we consider each shopping center, office building and undeveloped property as a separate CGU. Details of the methods, estimates and assumptions we make in our annual impairment testing of goodwill are included in Note 6 in our audited consolidated financial statements. No impairment of goodwill was identified.

Fair value of derivatives and other financial instruments

The fair values of financial instruments that are not traded in an active market are determined by using valuation techniques. We use our judgment to select a variety of methods and make assumptions that are based on market conditions existing at statement of financial position. When no quoted prices in an active market are available, fair values (particularly with derivatives) are based on recognized valuation methods. The Group uses a range of valuation models for the measurement of Level 3 instruments, details of which may be obtained from the following table:

| Description | Pricing model | Pricing method | Parameters |
|----------------------|---------------|-------------------|---|
| Shares of Supertel | Binomial tree | Theoretical price | Underlying asset price (Market price); share price volatility (historical) and money market interest-rate curve (libor rate). |
| Warrants of Supertel | Black-Scholes | Theoretical price | Underlying asset price (Market price); share price volatility (historical) and money market interest-rate curve (libor rate). |

Allowance for trade receivables

We maintain an allowance for trade receivables to account for estimated losses resulting from the inability of customers to make required payments. When evaluating the adequacy of an allowance for trade receivables, we base our estimates on the aging of accounts receivable balances and historical write-off experience, customer credit worthiness and changes in customer payment terms. If the financial condition of customers were to deteriorate, actual write-offs might be higher than expected.

Trading properties

Trading properties include land and work in progress in respect of development sites with a view to sale. Trading properties are carried at the lower of cost or net realizable value. On each development, judgment is required to assess whether the cost of land and any associated construction work in progress is in excess of its net realizable value. Net realizable value is the estimated selling price in the ordinary course of business less estimated costs to completion and estimated selling costs.

The estimation of the net realizable value of our trading properties under development is inherently subjective due to a number of factors, including their complexity, unusually large size, the substantial expenditure required and long timescales to completion. In addition, as a result of these timescales to completion, the plans associated with these developments could be subject to significant variation. As a result, the net realizable values of our trading properties are subject to a degree of uncertainty and are made on the basis of assumptions, which may not prove to be accurate.

If actual results differ from the assumptions upon which the external valuer has based its valuation, this may have an impact on the net realizable value of our trading properties, which would in turn have an effect on our financial condition.

Taxation

We are subject to income taxes in numerous jurisdictions. Our tax charge on ordinary activities is the sum of the total current and deferred tax charges. The calculation of the Group's total tax charge necessarily involves a degree of estimation and judgment in respect of certain items whose tax treatment may not be always determined with certainty due to interpretation. The final resolution of some of these items may give rise to material profits, losses and/or cash flows. The complexity of the Group's structure makes the degree of estimation and judgment more challenging. The resolution of issues may not always be within our control and may depend on the efficiency of legal action, if necessary. Issues can, and often do, take many years to resolve. Payments in respect of tax liabilities for an accounting period result from payments on account and on the final resolution of open items. As a result there can be substantial differences between the tax charge in the consolidated income statement and tax payments.

We recognize deferred tax assets only to the extent it is probable that future taxable profit will be available against which the temporary differences can be utilized. We assess the realizability of deferred tax assets by considering whether it is probable that some portion or all of the deferred tax assets will not be realized. We consider the scheduled reversal of deferred tax liabilities, projected future taxable income and tax planning strategies in making this assessment.

The amounts recognized in our audited consolidated financial statements in respect of each matter are derived from our best estimate and judgment as described in Note 6 to our audited consolidated financial statements.

Overview

We are one of Argentina's leading real estate companies in terms of total assets. We are engaged, directly and indirectly through subsidiaries and joint ventures, in a range of diversified real estate related activities in Argentina, including:

- the acquisition, development and operation of shopping centers, including consumer finance activities,
- the development and sale of residential properties,

- the acquisition and development of office and other non-shopping center properties primarily for rental purposes,
 - the acquisition and operation of luxury hotels,
- the acquisition of undeveloped land reserves for future development and sale, and
 - selected real estate investments outside Argentina.

Argentine Macroeconomic Environment

As a result of the four-year recession that came to a close in the second quarter of 2002, the Argentine economy was dramatically weakened. The current account deficit and the budget deficit, together with the rigidity of its foreign exchange rate system (known as the convertibility regime), the country's excessive reliance on foreign capital and its mounting external debt resulted in a deep contraction of the economy and in a banking and fiscal crisis when capital started to leave the country. Between December 2001 and January 2002, Argentina abolished the fixed parity between the Peso and the U.S. dollar, rescheduled bank deposits, converted dollar denominated debts into pesos, and suspended payment on a significant portion of its public debt. In April 2002, the economy started its path to stabilization and realized a clear improvement during the second half of the year, mainly as a result of expanding exports and decreasing imports.

In May 2003, Argentina's political environment was reorganized when Néstor Kirchner took office as president. Argentina moved towards normalizing its relationship with the IMF, withdrew all the national and provincial governments' quasi-money securities from circulation and eliminated all deposit restrictions. The trade balance experienced a sustained surplus, aided by the rise in commodity prices and export volumes. Social indicators also improved. During 2004 and 2005, the Argentine economy continued to grow. In June 2005, the Argentine government completed a restructuring of a substantial portion of the federal government's public debt, which had been in default since December 2001. Argentina reduced the outstanding principal amount of its public debt from US\$ 191.3 billion to US\$ 126.6 billion and negotiated lower interest rates and extended payment terms.

In 2008, the global economy deteriorated significantly as a consequence of the subprime mortgage crisis. Thus, Argentina was faced with a global economic downturn and a drop in the level of activity that delayed the pace of growth. In 2008, inflation measured by the Wholesale Price Index ("IPIM") was 12.85%, the Peso depreciated against the U.S. dollar by 8.97% and GDP increased by 4.05%.

The years 2009 and 2010 saw signs of an economic recovery on a global level, including increases in the level of activity in certain advanced economies, a reduction in unemployment and improvements in housing prices in the United States. Many currencies during this period appreciated against the U.S. dollar, particularly those of Argentina's commercial partners, and the flow of capital to developing countries increased, improving Argentina's ability to pay the balance of its debt. In addition, local consumption grew during this period, driven by an increase in consumer financing.

In 2009 and 2010, inflation measured by IPIM was 7.06% and 14.57%, respectively, and, the Peso depreciated against the U.S. dollar by 9.5% and 4.5%, respectively. In 2009 and 2010, GDP increased by 2.61% and 9.2%, respectively.

For the fiscal years 2011, 2012 and 2013, the EMAE, which predicts the GDP was 9.7%, 0.89% and 5.7%, respectively. With respect to inflation, INDEC's measurements indicate that accumulated inflation for the fiscal year 2011 was approximately 9.67%, for fiscal year 2012 was approximately 9.90% and for the fiscal year 2013 was approximately 10.5%.

The table below shows Argentina's GDP growth, inflation, dollar exchange rates and the appreciation (depreciation) of the Peso against the U.S. dollar for the indicated periods.

| | Fiscal year ended June 30, | | | | | |
|---|----------------------------|----|-----------|----|-----------|----|
| | 2011 | | 2012 | | 2013 | |
| Real GDP growth | 9.14 | % | 0.00 | % | 8.26 | % |
| Inflation (IPIM)(1) | 12.5 | % | 12.8 | % | 13.5 | % |
| Inflation (CPI)(2) | 9.67 | % | 9.90 | % | 10.5 | % |
| Appreciation (depreciation) of the Peso against the U.S. dollar | (4.33 | %) | (10.2 | %) | (19.1 | %) |
| Exchange rate per US\$ 1.00 as of the end of the year | Ps.4.0900 | | Ps.4,5070 | | Ps.5.3680 | |
| Average exchange rate per US\$1.00(3) | Ps.3.9805 | | Ps.4.3016 | | Ps.4.9187 | |

- (1) IPIM is the wholesale price index as measured by the Argentine Ministry of Economy and Production.
- (2) CPI is the consumer price index as measured by the Argentine Ministry of Economy and Production.
- (3) Represents average of the selling and buying exchange rate.
- (4) Represents average month-end closing exchange rates.

Sources: INDEC, Argentine Ministry of Economy and Production, Banco de la Nación Argentina.

Although Argentina's economy has recovered significantly from the crisis of 2002, the effects of the global economic slow-down on Argentina cannot be predicted. We cannot assure you that the favorable economic conditions that Argentina has experienced in recent years will continue. See Item 3 (d) "Risk Factors—Risks Related to Argentina."

Factors that Affect our Results

Effects of the Argentine macroeconomic environment

Most of our assets are located in Argentina, where we conduct our operations. Therefore, our financial condition and the results of our operations are significantly dependent upon the economic conditions prevailing in Argentina.

Changes in short- and long-term interest rates, unemployment and inflation may reduce the availability of consumer credit and the purchasing power of individuals who frequent shopping centers, as well as reducing economic activity and increase vacancy in our buildings and hotels.

Over the past three fiscal years, there has been a considerable improvement in private consumption and in the grant of loans to consumers, mainly due to a environment of relative stability, which has led to increased revenues in our three business segments.

Effects of inflation

From 1997 until the end of year 2001, the Argentine government's policies substantially reduced the level of inflation. Therefore, during that period, inflation did not significantly affect our financial condition and results of operations. The following are annual inflation rates since 2002, published by the Argentine Ministry of Economy and Production:

| Year ended June 30, | Consumer Price Index | Wholesale Price Index |
|---------------------|----------------------|-----------------------|
| 2002 | 28.4% | 88.2% |
| 2003 | 10.2% | 8.1% |
| 2004 | 4.9% | 8.6% |
| 2005 | 9.0% | 7.7% |
| 2006 | 11.0% | 12.1% |
| 2007 | 8.8% | 9.4% |
| 2008 | 9.3% | 13.8% |
| 2009 | 5.3% | 5.4% |
| 2010 | 11.0% | 15.2% |
| 2011 | 9.7% | 12.5% |
| 2012 | 9.9% | 12.8% |
| 2013 | 10.5% | 13.4% |

An increase in inflationary risk may erode our present macroeconomic stability, causing a negative impact on our operations. The IPIM increased by 13.4% in the Fiscal Year 2013, and the Consumer Price Index increased 10.5% in the same period.

Additionally, the minimum lease amounts paid by tenants in our shopping centers are generally adjusted in accordance with the coeficiente de estabilización de referencia (stabilization index, or "CER"), an inflation index published by the Central Bank. Although higher inflation rates in Argentina may increase the minimum lease amount, given that tenants tend to pass on any increases in their own expenses to consumers, higher inflation may lead to increased sale prices charged by tenants for their products, which will ultimately reduce their sales volumes and consequently the portion of rent we receive based on their total sales.

Effects of interest rate fluctuations

Most of our U.S. Dollar denominated debt accrues interest at a fixed rate. An increase in interest rates will not necessarily result in a significant increase in our financial costs and may not materially affect our financial condition or our results of operations.

Effects of foreign currency fluctuations

A significant portion of our financial debt is denominated in U.S. dollars. Therefore, a devaluation of the Argentine Peso against the U.S. dollar would increase our indebtedness measured in Pesos and materially affect our results of operations. Foreign currency exchange rate fluctuations significantly increase the risk of default on our mortgages and lease receivables. Since many of our customers have their cash flows in Pesos, a fluctuation in the exchange rate may increase their U.S. Dollar-denominated liabilities. Foreign currency exchange restrictions that may be imposed by the Argentine Government could prevent or restrict our access to U.S. Dollars, affecting our ability to service our U.S. Dollar denominated liabilities.

Factors Affecting Comparability of our Results

Our results of operations for the year ended June 30, 2013 were affected by the consolidation of the results of operations of Rigby 183 LLC, which was acquired in November 27, 2012, when we obtained control of this company. Prior to this additional acquisition, our investment in Rigby 183 LLC was accounted for under the equity method of accounting. Thus, our results of operations for the year ended June 30, 2012 are not fully comparable to the results of operations for the year ended June 30, 2013.

Business Segment Reporting

We are required to disclose segment information in accordance with IFRS 8, which establishes that an entity to report financial and descriptive information about its reportable segments, which are operating segments or aggregations of operating segments that meet specified criteria. Operating segments are components of an entity about which separate financial information is available that is evaluated regularly by the chief operating decision maker (“CODM”). Such function is carried out by the Group’s Executive Committee in deciding how to allocate resources and in assessing performance, without prejudice of the powers and responsibilities of the management body, that is to say, the Board of Directors. Our current members of the Executive Committee are Mrs. Eduardo S. Elsztain, Saúl Zang, Alejandro G. Elsztain, and Fernando Elsztain. CODM evaluates the business based on the differences in the nature of its products, operations and risks. The amount reported for each segment item is the measure reported to the CODM for these purposes. In turn, the Board of Directors’ management is assessed by the Shareholders’ Meeting, which is the governance body.

We operate our Investment and Development Properties business through six reportable segments, namely “Shopping Centers”, “Office and Other Rentals”, “Development and Sale of Properties”, “Hotels”, “International” and “Financial Operations and Others” as further described below:

• Our Shopping Centers segment includes the operating results from our portfolio of shopping centers principally comprised of lease and service revenue from tenants.

• Our “Offices and Other Rentals” segment includes the operating results of our lease and service revenues of office space and other non-retail building properties principally comprised of lease and service revenue from tenants.

•

Our “Development and Sales of Properties” segment includes the operating results of our acquisition and/or construction of housing and other properties for sale in the ordinary course of business.

Our “Hotels” segment includes the operating results of our hotels mainly comprised of room, catering and restaurant revenues.

Our “International” segment includes mainly the consolidated results of operations of our office building property located at Madison Avenue 183 in New York, United States of America as from the date we obtained control of this operation plus our share of profit or loss of our associate New Lipstick which owns the Lipstick Building at Manhattan also in New York.

Our “Financial Operations and Others” segment includes the income or loss generated by our associates Banco Hipotecario and Tarshop S.A. and the residual financial operations from our subsidiary Apsamedia. BHSA is a commercial bank offering a wide variety of banking activities and related financial services to individuals, small and medium-sized companies and large corporations, including the provision of mortgaged loans. BHSA’s shares are listed on the Buenos Aires Stock Exchange. Both Tarshop’s and Apsamedia’s operations consist primarily of lending and servicing activities related to the credit card and personal loan products offered to consumers at retail venues.

For summarized analysis of the lines of business for the year ended June 30, 2013 and 2012. Please see the section Revenues by Business Segment for details.

Our shopping center properties are all located in Argentina. Substantially all of our office and other rental properties are located in Argentina, except for two office building properties located in the United States of America which are owned by our associates. Our hotel properties are also located in Argentina. Our development properties are also located in Argentina. The operating results of the Cyrsa, Nuevo Puerto Santa Fe, Canteras Natal Crespo, Baicom Networks and Quality Invest joint venture operations have been presented on a proportionate format.

The proportionate format presents the net income from the equity-accounted joint venture on a line-by-line basis rather than as a single line item as IFRS requires to be shown in the consolidated statement of income. Management considers that given that the assets underlying both the consolidated and equity-accounted operations are similar and the drivers of their results are similar, that the proportionate consolidation format is a more useful way to understand the performance of the trading property business. This is because the proportionate format aggregates both revenue and expense items rather than netting them for equity accounted ventures and only reflecting their performance as a single line item of profit or loss. As a result, the proportionate format is what the CODM considers in assessing and understanding the performance and results of operations of the development property business as a whole.

The CODM evaluates performance of business segments based on segment profit. The measurement principles for our segment reporting structure are based on the IFRS principles adopted in the consolidated financial statements, except for our share of profit or loss of joint ventures as discussed in the segment tables above. Revenue generated and goods and services exchanged between segments are calculated on the basis of market prices. Intercompany transactions between segments, if any, are eliminated.

The following tables present a reconciliation between the total results of operations as shown in the section Revenues by Business Segment and the results of operations as per the statement of income for the fiscal years ended June 30, 2013 and 2012. The adjustments relate to the presentation of the results of operations of the joint ventures on an equity-accounted basis for IFRS income statement purposes.

| | As per Total Segment Information | June 30, 2013 Adjustment for share of profit/ (loss) of joint ventures | As per Statement of Income |
|---|---|--|----------------------------------|
| Group revenue | 2,323,409 | (136,229) | 2,187,180 |
| Group costs | (1,193,493) | 105,882 | (1,087,611) |

(i) The Group's revenues are entirely originated in Argentina.

(ii) From all of the Group's assets included in the segment, Ps. 5,080 million is located in Argentina and Ps. 180 million in other countries, principally in United States for Ps. 118 and Uruguay for Ps. 62 million, respectively.

Results of our Operations for the Fiscal Years ended June 30, 2013 and 2012

Revenues

In the following discussion of our revenues, we may refer to “same store revenues” or “comparable revenues”. These terms refer to our properties open and operating throughout both years in the year-to-year comparisons.

Consolidated revenues increased 21.4% from Ps. 1,913.2 million generated during the fiscal year 2012 to Ps. 2,323.4 million generated during the fiscal year 2013 as a result of higher revenues from our Shopping Centers, Hotels, International and Offices and Other segments, except for the Financial Transactions and Other and Development and Sale segments, as described in further detail below.

Shopping centers

Revenues from our Shopping Centers segment increased by 22.8% from Ps. 1,321.6 million generated during the fiscal year 2012 to Ps. 1,622.3 million generated during the fiscal year 2013. This change resulted mainly from: (i) an increase of Ps. 167.7 million in revenues from base and percentage rent as a result of a 24.6% increase in our tenants' total sales, up from Ps. 9,898.8 million during the fiscal year 2012 to Ps. 12,336.6 million during the fiscal year 2013; and (ii) an increase of Ps. 98.5 million in revenues from common maintenance expenses and common advertising fund.

During the years ended June 30, 2013 and 2012, we have the same portfolio of shopping centers open and operating with the only exception of the acquisition of a 50% interest in a joint venture (La Ribera Shopping) in August 2012. The proportional consolidation of this joint venture revenues was not significant for the 2013 results.

Offices and Other

Revenues from our Offices and Other segment increased 14.6%, from Ps. 254.0 million generated during the fiscal year 2012 to Ps. 291.1 million generated during the fiscal year 2013, mainly due to higher lease prices of Ps. 21.3 million and Ps. 13.6 million in income from common maintenance expenses. As of the closing of the fiscal year 2013, the occupancy rate of the premium office portfolio was 97.1% and the total portfolio's rental price stood at 25.6 (US\$/leased sqm).

During fiscal year 2013 we sold 5 floors of Bouchard 557, 3 floors of Libertador 498, 2 floors of Maipú 1300 and 2 commercial stores of Costero Dique IV. Same store revenues from our segment Office and other non-shopping center rental properties increased by 17% from Ps. 248.8 million for fiscal year 2012 to Ps. 291.1 million for fiscal year 2013 (without considering the impact of scalation and expenses).

Development and Sale

These segments' revenues often exhibit major variations between periods by reason of (i) the non-recurrent nature of real estate sale transactions and the price obtained from them, (ii) the quantity of construction works in progress and (iii) the date of completion of these construction works projects. The revenues of our Development and Sale of Properties segment decreased by 12.8% from Ps. 162.8 million during the fiscal year 2012 to Ps. 142.0 million during the fiscal year 2013.

The revenues of our Development and Sale of Properties segment for the fiscal year 2013 included, mainly:

- Ps. 117.1 million in revenues from the sale of completed units in Horizons;
- Ps. 11.7 million in revenues from the sale of lots in "El Encuentro"; and
- Ps. 7.0 million in revenues from the sale of Caballito Nuevo.

The revenues of our Development and Sale of Properties segment for the fiscal year 2012 included, mainly:

- Ps. 110.6 million in revenues from the sale of completed units in Horizons;
- Ps. 27.3 million in revenues from the sale of parcels in Terrenos Rosario;
- Ps. 10.3 million in revenues from the sale of lots in "El Encuentro"; and
 - Ps. 9.2 million in revenues from the sale of Caballito Nuevo.

Hotels

Revenues from our Hotels segment increased 32.8% from Ps. 170.0 million during the fiscal year 2012 to Ps. 225.8 million during the fiscal year 2013, mainly due to the recovery of the revenues from our Llao Llao hotel, which had been affected by the eruption of a volcano in Chile that adversely impacted on the arrival of tourists to the City of Bariloche due to the closure of the airport during the fiscal year 2011. In fiscal the year 2013, Llao Llao recovered from a bad performance during 2012 and revised its rates.

International

Our International segment recorded revenues of Ps. 40.9 million during the fiscal year 2013 due to the consolidation, effective October 1, 2012, of the results from Rigby 183 LLC, the company that owns the rental office building located at 183 Madison Avenue, New York, USA. As of the closing of the fiscal year 2013, the occupancy rate of this building was 98.5%. This segment had recorded no revenues during the fiscal year 2012 because our investment in Rigby 183 LLC, wasn't consolidated in our Financial Results.

Financial Transactions and Other

Revenues from our Financial Transactions and Other segment decreased 75.1%, from Ps. 4.8 million during the fiscal year 2012 to Ps. 1.2 million during the fiscal year 2013, due to the discontinuance of the Consumer Finance activities carried out by our subsidiary Apsamedia S.A. (successor of Metroshop S.A.).

Costs

Consolidated costs increased 24.7%, from Ps. 956.9 million during the fiscal year 2012 to Ps. 1,193.5 million during the fiscal year 2013, due to the increase of costs of our Shopping Centers, Hotels, International and Offices and Other segments, partially offset by lower costs of our Financial Transactions and Other and Development and Sales of Properties segments. Our consolidated costs as a percentage of our consolidated revenues increased from 50.0% in fiscal year 2012 to 51.4% in fiscal year 2013.

Shopping Centers

Costs of our Shopping Centers segment increased 21.9%, from Ps. 628.5 million during the fiscal year 2012 to Ps. 765.8 million during the fiscal year 2013. This increase was mainly attributable to: (i) an increase in salaries, social security contributions and other personnel expenses of Ps. 53.8 million; (ii) an increase in maintenance, security, cleaning and repairs and related expenses of Ps. 27.7 million; (iii) an increase in amortization and depreciation of Ps. 15.7 million; (iv) an increase in advertising expenses and other selling expenses of Ps. 13.8 million; (v) an increase in taxes, rates and contributions of Ps. 11.3 million; and (vi) an increase in fees and compensation from services of Ps. 7.0 million.

Costs associated with our Shopping Centers segment as a percentage of this segment's revenues declined from 47.6% for the fiscal year 2012 to 47.2% for the fiscal year 2013.

Offices and Other

Depreciation accounts for the largest portion of this segment's costs. The costs of our Offices and Other segment increased by 24.8% from Ps. 95.0 million during the fiscal year 2012 to Ps. 118.6 million during the fiscal year 2013, mainly due to the increases of Ps. 10.6 million in amortization and depreciation of the office portfolio and of Ps. 3.9 million in maintenance, security, cleaning and repairs and related expenses. The costs associated with our Offices and Other segment as a percentage of this segment's revenues increased from 37.4% for the fiscal year 2012 to 40.7% for the fiscal year 2013.

Sales and Developments

This segment's costs often exhibit major variations between periods by reason of (i) the non-recurrent nature of real estate sale transactions and the price obtained from them, (ii) the quantity of construction works in progress, and (iii) the date of completion of these construction works projects. The costs associated with our Development and Sales of Properties segment decreased by 6.8% from Ps. 114.2 million during the fiscal year 2012 to Ps. 106.4 million during the fiscal year 2013.

The costs incurred by our Development and Sales of Properties segment for the fiscal year 2012 included mainly:

- Ps. 91.3 million of costs related to the sale of completed units in Horizons;
- Ps. 7.6 million of costs related to the sale of parcels in Terrenos Rosario; and
 - Ps. 3.0 million of costs related to the sale of Caballito Nuevo.

The costs incurred by our Development and Sales of Properties segment for the fiscal year 2013 included mainly:

- Ps. 91.1 million of costs related to the sale of completed units in Horizons;
- Ps. 1.8 million of costs related to the sale of Caballito Nuevo; and
- Ps. 1.8 million of costs related to the sale of lots in “El Encuentro”.

The costs associated with our Development and Sales of Properties segment as a percentage of revenues of this segment increased from 70.2% for the fiscal year 2012 to 74.9% for the fiscal year 2013.

Hotels

The costs of our Hotels segment increased by 43.1%. from Ps. 117.6 million during the fiscal year 2012 to Ps. 168.3 million during the fiscal year 2013, mainly due to an increase in the costs of the Llao Llao hotel of Ps. 26.4 million in salaries, social security contributions and other personnel expenses, basically because of the expiration of the crisis agreement entered into as a result of the eruption of the Puyehue volcano and the recovery of average occupancy levels. Our hotels in Buenos Aires also increased their salaries, social security contributions and other personnel expenses by Ps. 8.7 million, mainly due to agreed salary rises. The costs associated with our Hotels segment as a percentage of this segment's revenues increased from 69.2% for the fiscal year 2012 to 74.5% for the fiscal year 2013.

International

Our International segment recorded costs of Ps. 33.5 million during the fiscal year 2013 due to the consolidation of the results of Rigby 183 LLC, effective October 1, 2012. This segment had not recorded costs during the fiscal year 2012, because our investment in Rigby 183 LLC, wasn't consolidated in our Financial Results.

Financial Transactions and Other

The costs of our Financial Transactions and Other segment decreased Ps. 0.8 million from Ps. 1.7 million during the fiscal year 2012 to Ps. 0.9 million during the fiscal year 2013 as a result of the above mentioned discontinuation of the consumer finance business.

Gross profit

As a result of the factors described in the preceding paragraphs, gross profit increased by 18.2%. from Ps. 956.2 million during the fiscal year 2012 to Ps. 1,129.9 million during the fiscal year 2013, mainly due to an increase in gross profit of our Shopping Centers, Offices and Other, International and Hotels segments, partially offset by a reduction in gross profit of our Financial Transactions and Other and Development and Sales of Properties segments. Consolidated gross profit as a percentage of our consolidated revenues decreased from 50.0% for the fiscal year 2012 to 48.6% for the fiscal year 2013.

Shopping Centers

Gross profit of our Shopping Centers segment increased 23.6%, from Ps. 693.1 million during the fiscal year 2012 to Ps. 856.5 million during the fiscal year 2013.

Offices and Other

Gross profit of our Offices and Other segment increased 8.6%, from Ps. 159.0 million during the fiscal year 2012 to Ps. 172.6 million during the fiscal year 2013.

Development and Sales of Properties

Gross profit of our Development and Sales of Properties segment decreased 26.7%, from Ps. 48.6 million during the fiscal year 2012 to Ps. 35.6 million during the fiscal year 2013.

Hotels

Gross profit of our Hotels segment increased 9.8%. from Ps. 52.4 million in fiscal year 2012 to Ps. 57.6 million in fiscal year 2013.

International

Gross profit of our International segment was Ps. 7.4 million in fiscal year 2013 due to the consolidation of the results of Rigby 183 LLC. This segment had recorded no gross profit in fiscal year 2012.

Financial Transactions and Other

Gross profit of our Financial Transactions and Other segment decreased Ps. 2.8 million, from Ps. 3.1 million during the fiscal year 2012 to Ps. 0.3 million during the fiscal year 2013.

Income / (Loss) from the Sale of Investment Properties

Income / (Loss) from the sale of investment properties was Ps. 183.8 million during the fiscal year 2013, an increase of 57.5% from the Ps. 116.7 million income recorded during the fiscal year 2012, mainly due to the sales of functional units in: Bouchard 551 (Ps. 126.3 million gross profit), Libertador 498 (Ps. 38.3 million gross profit) and Maipú 1300 (Ps. 11.2 million gross profit). During the fiscal year 2012, sales of functional units in the following properties had been recorded: Costeros Dique IV (Ps. 53.7 million gross profit), Museo Renault (Ps. 40.4 million gross profit) and Thames (Ps. 14.7 million gross profit).

General and Administrative Expenses

The main components of general and administrative expenses are: wages, social security contributions and other personnel expenses, Directors' fees, fees and compensation from services and taxes, rates and contributions. General and administrative expenses increased by 11.5% from Ps. 176.7 million during the fiscal year 2012 to Ps. 197.0 million during the fiscal year 2013, mainly due to increases in our Hotels, Shopping Centers and International segments, partially offset by decreases in the Financial Transactions and Other, Offices and Other and Development and Sales of Properties segments. Consolidated general and administrative expenses as a percentage of consolidated revenues decreased from 9.2% in fiscal year 2012 to 8.5% in fiscal year 2013.

Shopping Centers

General and administrative expenses associated with our Shopping Centers segment increased by 16.9%, from Ps. 56.9 million during the fiscal year 2012 to Ps. 66.5 million during the fiscal year 2013, due to: (i) an increase in Directors' fees of Ps. 7.0 million; (ii) an increase in salaries, social security contributions and other personnel expenses of Ps. 1.5 million; and (iii) an increase of Ps. 0.3 million in fees and compensation from services. General and administrative expenses associated with our Shopping Centers segment as a percentage of this segment's revenues decreased from 4.3% for the fiscal year 2012 to 4.1% for the fiscal year 2013.

Offices and Other

General and administrative expenses of our Offices and Other segment decreased 5.5%, from Ps. 36.9 million during the fiscal year 2012 to Ps. 34.9 million during the fiscal year 2013, mainly as a result of a reduction of Ps. 1.5 million in Directors' fees. General and administrative expenses associated with our Offices and Other segment as a percentage of this segment's revenues decreased from 14.5% in fiscal year 2012 to 12.0% in fiscal year 2013.

Development and Sales of Properties

General and administrative expenses associated with our Development and Sales of Properties segment decreased by 9.8%, from Ps. 36.5 million during the fiscal year 2012 to Ps. 32.9 million during the fiscal year 2013, mainly due to a reduction of Ps. 1.9 million in Directors' fees. General and administrative expenses associated with our Development and Sales of Properties segment as a percentage of this segment's revenues increased from 22.4% in fiscal year 2012 to 23.2% in fiscal year 2013.

Hotels

General and administrative expenses associated with our Hotels segment increased 32.0% from Ps. 37.4 million during the fiscal year 2012 to Ps. 49.3 million during the fiscal year 2013, mainly as a result of an increase of Ps. 6.7 million in salaries, social security contributions and other personnel expenses. General and administrative expenses associated with our Hotels segment as a percentage of this segment's revenues decreased from 22.0% in fiscal year

2012 to 21.8% in fiscal year 2013.

International

General and administrative expenses associated with our International segment increased by 48.9%, from Ps. 8.8 million during the fiscal year 2012 to Ps. 13.2 million during the fiscal year 2013, due to the consolidation of the results of Rigby 183 LLC.

Selling Expenses

Selling expenses increased 22.0% from Ps. 96.0 million during the fiscal year 2012 to Ps. 117.1 million during the fiscal year 2013, mainly as a result of an increase in selling expenses of our Shopping Centers, Hotels, Financial Transactions and Other and Offices and Other segments, partially offset by reductions in selling expenses from our Development and Sales of Properties segment. Consolidated selling expenses as a percentage of consolidated revenues remained stable, at 5.0%.

Shopping Centers

Selling expenses associated with our Shopping Centers segment increased by 33.4% from Ps. 44.2 million during the fiscal year 2012 to Ps. 58.9 million during the fiscal year 2013, as a result of: (i) an increase in taxes, rates and contributions of Ps. 9.2 million; (ii) an increase in the loan loss charges, net of recoveries, of Ps. 4.4 million; and (iii) an increase of Ps. 2.0 million in advertising and other selling expenses. Selling expenses associated with our Shopping Centers segment as a percentage of this segment's revenues increased from 3.3% in fiscal year 2012 to 3.6% in fiscal year 2013.

Offices and Other

Selling expenses associated with our Offices and Other segment increased by 13.0% from Ps. 10.0 million during the fiscal year 2012 to Ps. 11.4 million during the fiscal year 2013, mainly due to an increase of Ps. 1.3 million in taxes, rates and contributions, principally as a result of higher revenues. Selling expenses associated with our Offices and Other segment as a percentage of this segment's revenues decreased from 4.0% in fiscal year 2012 to 3.9% in fiscal year 2013.

Development and Sales of Properties

Selling expenses from our Development and Sales of Properties segment consist in taxes, rates and contributions, fees and compensation from services and advertising and other selling expenses. Selling expenses of this segment decreased by 22.1% from Ps. 21.1 million during the fiscal year 2012 to Ps. 16.5 million during the fiscal year 2013, mainly due to a decrease of Ps. 3.2 million in taxes, rates and contributions and Ps. 1.2 million in advertising and other selling expenses. Selling expenses associated with our Development and Sales of Properties segment as a percentage of this segment's revenues decreased from 13.0% in fiscal year 2012 to 11.6% in fiscal year 2013.

Hotels

Selling expenses associated with our Hotels segment increased by 26.4% from Ps. 22.8 million during the fiscal year 2012 to Ps. 28.8 million during the fiscal year 2013, as a direct consequence of the recovery in the level of revenues and occupancy in our Llao Llao hotel. Selling expenses associated with our Hotels segment as a percentage of this segment's revenues decreased from 13.4% in fiscal year 2012 to 12.8% in fiscal year 2013.

Financial Transactions and Other

Selling expenses associated with our Financial Transactions and Other segment increased by Ps. 3.8 million, from an income of Ps. 2.2 million during the fiscal year 2012 to a loss of Ps. 1.6 million during the fiscal year 2013, mainly due to the non-recurrence of recoveries of loan losses of Apsamedia S.A.'s portfolio in 2013.

Other Operating Results, Net

Other operating results, net increased Ps. 128.8 million, from a loss of Ps. 37.0 million during the fiscal year 2012 to an income of Ps. 91.8 million during the fiscal year 2013, mainly due to increases in other operating results, net of our International, Development and Sales of Properties, Offices and Other and Hotels segments, partially offset by decreases in other operating income in our Financial Transactions and Other and Shopping Centers segments.

Shopping Centers

Other operating results, net of our Shopping Centers segment increased 94.7% from a loss of Ps. 23.1 million during the fiscal year 2012 to a loss of Ps. 45.0 million during the fiscal year 2013, mainly due to: (i) an increase in donations made of Ps. 16.4 million; and (ii) an increase in the charges for lawsuits and other contingencies of Ps. 8.2 million, partially offset by (iii) capital issuance expenses of Ps. 4.8 million incurred in the previous fiscal year. Other operating results, net associated with our Shopping Centers segment as a percentage of this segment's revenues increased from 1.7% in fiscal year 2012 to 2.8% in fiscal year 2013.

Offices and Other

Other operating results, net associated with our Offices and Other segment decreased 85.7%, from a loss of Ps. 6.3 million during the fiscal year 2012 to a loss of Ps. 0.9 million during the fiscal year 2013, mainly due to a reduction of Ps. 2.6 million in charges for lawsuits and other contingencies and of Ps. 1.6 million in donations. Other operating results, net associated with our Offices and Other segment as a percentage of this segment's revenues decreased from 2.5% in fiscal year 2012 to 0.3% in fiscal year 2013.

Development and Sales of Properties

Other operating results, net of this segment increased by Ps. 13.2 million from a loss of Ps. 6.8 million during the fiscal year 2012 to an income of Ps. 6.3 million during the fiscal year 2013, mainly as a result of the sale of our entire equity interest in Canteras Natal Crespo S.A. representing 50% of the company's stock capital.

Hotels

Other operating results, net associated with our Hotels segment decreased by 75.8% from Ps. 1.5 million during the fiscal year 2012 to Ps. 0.4 million during the fiscal year 2013. Other operating results, net associated with our Hotels segment as a percentage of this segment's revenues decreased from 0.9% in fiscal year 2012 to 0.2% in fiscal year 2013.

International

Other operating results, net associated with our International increased by Ps. 135.0 million, from Ps. 0.04 million during the fiscal year 2012 to Ps. 135.1 million during the fiscal year 2013, mainly due to the income generated by the acquisition of the additional interest in Rigby 183 LLC: (i) Ps. 124.1 million due to the change in the valuation of the former interest from equity value to fair value at the time of purchase; and (ii) Ps. 12.9 million for realization of the conversion's temporary exchange difference recognized until such time as a reserve in the shareholders' equity.

Financial Transactions and Other

Other operating results, net associated with our Financial Transactions and Other segment increased by Ps. 4.1 million, from an income of Ps. 0.7 million during the fiscal year 2012 to a loss of Ps. 3.4 million during the fiscal year 2013, due to the tax deducted by BHSA from the dividends paid to our subsidiaries Ritelco and Tyrus and a higher charge for lawsuits.

Operating income / (loss)

Operating income / (loss) increased 43.0% from an income of Ps. 763.2 million during fiscal year 2012 to an income of Ps. 1,091.3 million during fiscal year 2013, mainly due to an increase in the operating income / (loss) of our International, Shopping Centers, Development and Sales of Properties and Offices and Other segments, partially offset by operating losses of our Financial Transactions and Other and Hotels segments. Consolidated operating income / (loss) as a percentage of consolidated revenues increased from 39.9% in fiscal year 2012 to 47.0% in fiscal year 2013.

Shopping Centers

Operating income / (loss) of our Shopping Centers segment increased by 20.6%, from an income of Ps. 569.0 million during the fiscal year 2012 to an income of Ps. 686.1 million during the fiscal year 2013, mainly due to higher revenues, partially offset by increases in costs, general and administrative expenses, selling expenses and a higher loss recorded under other operating income, net. Operating income / (loss) of our Shopping Centers segment as a percentage of this segment's revenues decreased from 43.1% in fiscal year 2012 to 42.3% in fiscal year 2013.

Offices and Other

Operating income / (loss) of our Offices and Other segment increased by 18.6%, from an income of Ps. 105.7 million during the fiscal year 2012 to an income of Ps. 125.4 million during the fiscal year 2013, largely due to higher revenues, lower general and administrative expenses and a lower loss recorded under other operating income, net, partially offset by higher costs and selling expenses. Operating income / (loss) of our Offices and Other segment as a percentage of this segment's revenues increased from 41.6% in fiscal year 2012 to 43.1% in fiscal year 2013.

Development and Sales of Properties

Operating income / (loss) of our Development and Sales of Properties segment increased by 74.9%, from an income of Ps. 100.8 million during the fiscal year 2012 to an income of Ps. 176.4 million during the fiscal year 2013, mainly due to higher income from the sale of investment properties, lower costs, general and administrative expenses and selling expenses and income recorded under other operating income, net, partially offset by lower revenues. Operating income / (loss) of our Development and Sales of Properties segment as a percentage of this segment's revenues increased from 61.9% in fiscal year 2012 to 124.2% in fiscal year 2013.

Hotels

Operating income / (loss) of our Hotels segment rose 126.4%, from a loss of Ps. 9.3 million during the fiscal year 2012 to a loss of Ps. 21.0 million during the fiscal year 2013, mainly due to higher costs, general and administrative expenses and selling expenses, partially offset by higher revenues and lower losses recorded under other operating income, net.

International

Operating income / (loss) of our International segment increased by Ps. 138.1 million, from a loss of Ps. 8.8 million during the fiscal year 2012 to an income of Ps. 129.3 million during the fiscal year 2013, due to the consolidation of the results of Rigby 183 LLC, effective October 1, 2012.

Financial Transactions and Other

Operating income / (loss) of our Financial Transactions and Other segment decreased by Ps. 10.6 million, from an income of Ps. 5.7 million during the fiscal year 2012 to a loss of Ps. 4.9 million during the fiscal year 2013, due to higher revenues, higher selling expenses and higher losses recorded under other operating income, net, partially offset by lower costs and general and administrative expenses.

Income / (loss) from interests in equity investees and joint businesses

Income / (loss) from interests in equity investees and joint businesses decreased by Ps. 34.9 million, from an income of Ps. 14.8 million during the fiscal year 2012 to a loss of Ps. 20.1 million during the fiscal year 2013. The decrease was generated mainly by a lower income of Ps. 22.5 million resulting from our investment in Banco Hipotecario S.A. and a higher loss of Ps. 14.0 million resulting from our interest in New Lipstick LLC.

Financial results, net

Our financial loss increased by Ps. 211.4 million, from a loss of Ps. 426.8 million during the fiscal year 2012 to a loss of Ps. 638.2 million during the fiscal year 2013, mainly as a result of:

- a net loss of Ps. 189.1 million due to foreign exchange differences in fiscal year 2013 compared to the previous fiscal year, as a result of a higher variation of 19% in the U.S. dollar seller exchange rate during the fiscal year 2013 (it increased from Ps. 4.527 as of June 30, 2012 to Ps. 5.388 as of June 30, 2013) compared to the previous fiscal year, when the U.S. dollar exchange rate had experienced a smaller variation, of 10% (from Ps. 4.110 as of June 30, 2011 to Ps. 4.527 as of June 30, 2012);
- a loss of Ps. 51.2 million resulting from the increase in financing expenses due to payments of interest on financial debts, mainly consisting of our negotiable obligations; and
 - an income of Ps. 22.4 million due to higher interest income.

Income Tax

Income tax increased Ps. 15.9 million, from a loss of Ps. 116.9 million during the fiscal year 2012 to a loss of Ps. 132.8 million during the fiscal year 2013. We applied the deferred tax method upon assessing income tax for the two fiscal years, thus recognizing temporary differences as tax assets and liabilities.

Net Income

As a result of the factors described in the preceding paragraphs, net income increased by Ps. 72.5 million, from Ps. 224.7 million during the fiscal year 2012 to Ps. 297.2 million during the fiscal year 2013. Income attributable to the controlling company's shareholders increased by Ps. 34.8 million, from Ps. 203.9 million during the fiscal year 2012 to Ps. 238.7 million during the fiscal year 2013. Income attributable to the non-controlling interest increased by Ps. 37.7 million, from Ps. 20.8 million during the fiscal year 2012 to Ps. 58.5 million during the fiscal year 2013, mainly due to higher income obtained by the companies in which we have a controlling majority interest.

Banco Hipotecario's Results of Operations

Overview

We do not consolidate the consolidated financial statements of our investee Banco Hipotecario. However, according to Rule 3-09 of Regulation S-X, we are required to file separate financial statements of significant investees. This Management's Discussion and Analysis of Financial Condition and Results of Operations should be read together with Banco Hipotecario's consolidated financial statements contained elsewhere in this annual report. This discussion contains forward-looking statements that involve risks, uncertainties and assumptions. These forward-looking statements include, among others, those statements including the words "expects," "anticipates," "intends," "believes" and similar language. The actual results may differ materially and adversely from those anticipated in these forward-looking statements as a result of many factors, including those set forth elsewhere in this annual report.

Banco Hipotecario maintains its financial books and records in Pesos and prepares its financial statements in conformity with the policies of the Argentine Central Bank which prescribes the reporting and disclosure requirements for banks and financial institutions in Argentina ("Central Bank accounting rules"). These rules differ in certain respects from generally accepted accounting principles in Argentina ("Argentine GAAP"). A description of significant differences between Central Bank accounting rules and Argentine GAAP are set forth in Note 6 to Banco Hipotecario's consolidated financial statements. Central Bank accounting rules and Argentine GAAP also differ in certain significant respects from U.S. GAAP. Such differences involve methods of measuring the amounts shown in the consolidated financial statements, as well as additional disclosures required by U.S. GAAP and regulations of the SEC. See Note 34 to the consolidated financial statements of Banco Hipotecario included elsewhere in this annual report for a description of the principal differences between Central Bank accounting rules and U.S. GAAP, as they relate to Banco Hipotecario, and a reconciliation to U.S. GAAP of Banco Hipotecario's net income (loss) and shareholders' equity.

Critical Accounting Policies

Banco Hipotecario SA believes that the following are the critical accounting policies under Argentine Banking GAAP and U.S. GAAP, as they are important to the portrayal of its financial condition and results of operations and require its most difficult, subjective and complex judgment and the need to make estimates about the effect of matters that are inherently uncertain.

Allowance for loan losses

Banco Hipotecario SA allowance for loan losses are maintained in accordance with Argentine Banking GAAP. Under such regulations, a minimum allowance for loan losses is calculated primarily based upon the classification of Banco Hipotecario's commercial loan borrowers and the past due status of Banco Hipotecario's individual loan borrowers, in both cases considering the guarantee of the loans. Although the Bank is required to follow the methodology and guidelines for determining its allowance for loan loss as set forth by the Central Bank, is allowed to provide additional allowances for loan loss.

Banco Hipotecario classifies individual loans based upon their past due status consistently with the requirements of the Central Bank. Minimum loss percentages required by the Central Bank are also applied to the totals in each loan classification. Balances of loans and reserves are charged-off and reflected on its balance sheet three months since the date on which the loans were fully covered by its loan loss allowance.

For commercial loans, the Central Bank required to classify all of Banco Hipotecario's commercial loan borrowers. In order to perform the classification, the Bank must consider the management and operating history of the borrower, the

present and projected financial situation of the borrower, the borrower's payment history and ability to service the debt, the capability of the borrower's internal information and control systems and the risk in the sector in which the borrower operates. The Bank applies the minimum loss percentages required by the Central Bank to Banco Hipotecario's commercial loan borrowers based on the loan classification and the nature of the collateral, or guarantees, of the loan. In addition, based on the overall risk of the portfolio, the Bank considers whether or not additional loan loss allowance in excess of the minimum required are warranted. The Credit Committee evaluates several factors in order to determine the additional reserves like the factors mentioned above.

Under U.S. GAAP the allowance for loan losses represent the estimate of probable losses in the loan portfolio. Determining the allowance for loan losses requires significant management judgments and estimates including, among others, identifying impaired loans, determining customers' ability to pay and estimating the fair value of underlying collateral or the expected future cash flows to be received. Actual events are likely to differ from the estimates and assumptions used in determining the allowance for loan losses. Additional provisions for loan losses could be required in the future.

Fair Value Estimates

The Bank prepares its financial statements in accordance with the rules of the Argentine Central Bank related thereto, which differ from U.S. GAAP in valuing financial instruments.

Argentina Banking GAAP allows companies to record their financial instruments at fair value. Nevertheless, give specifics valuations rules for some securities and derivatives instruments.

U.S. GAAP requires financial instruments to be valued at fair value. The Bank estimated the fair value, for AFS and trading securities and other financial instruments, as the amount at which a financial instrument could be exchanged in a current transaction between willing parties, other than in a forced sale or liquidation, and such value was best evidenced by a quoted market price, if one existed. In cases where quoted market prices were not available, fair value estimation was based on the quoted market price of a financial instrument with similar characteristics, the present value of expected future cash flows, or other valuation techniques, all of which were significantly affected by the assumptions used.

Minimum Presumed Income Tax

The Bank has recognized the minimum presumed income tax accrued as of June 30, 2013 and paid in prior years as an asset as of June 30, 2013, because the Bank started to generate taxable income and expects to be able to compute it as a payment on account of income tax in future years. Recognition of this asset arises from the ability to generate sufficient taxable income in future years to absorb the asset before it expires. Management's determination of the likelihood that deferred tax assets can be realized is subjective, and involves estimates and assumptions about matters that are inherently uncertain. The realization of deferred tax assets arises from levels of future taxable income and the achievement of tax planning strategies.

Underlying estimates and assumptions can change over time, influencing its overall tax positions, as a result of unanticipated events or circumstances.

Deferred Income Tax

Argentine Banking GAAP requires income taxes to be recognized on the basis of amounts due in accordance with Argentine tax regulations. Temporary differences between the financial reporting and income tax bases of accounting are therefore not considered in recognizing income taxes.

In accordance with ASC 740-10, under U.S. GAAP income taxes are recognized on the liability method whereby deferred tax assets and liabilities are established for temporary differences between the financial reporting and tax bases of our assets and liabilities. Deferred tax assets are also recognized for tax loss carryforwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recorded or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. A valuation allowance is recognized for that component of net deferred tax assets which is “more likely than not” that it will not be recoverable.

Twelve month periods ended June 30, 2013 and 2012

General

The following table sets forth the principal components of its net income for the periods ended June 30, 2013 and 2012.

| | | Period ended June 30, | | % Change | |
|--|-----|--|------|------------|--------|
| | | 2013 | 2012 | 2013/2012 | |
| | | (in millions of pesos, except for percentages) | | | |
| Financial income | Ps. | 2,424.2 | Ps. | 1,881.7 | 28.8 % |
| Financial expenses | | (1,284.3) | | (983.2) | 30.6 % |
| Net financial income | Ps. | 1,139.9 | Ps. | 898.5 | 26.9 % |
| Provision for loan losses | | (233.4) | | (154.5) | 51.0 % |
| Net contribution from insurance (1) | | 359.8 | | 256.9 | 40.0 % |
| Other income from services | | 977.6 | | 796.2 | 22.8 % |
| Other expenses for services | | (233.3) | | (191.3) | 22.0 % |
| Administrative expenses | | (1,612.2) | | (1,276.9) | 26.3 % |
| Net income from financial transactions | Ps. | 398.4 | Ps. | 328.9 | 21.1 % |
| Miscellaneous income, net (2) | | 31.4 | | 23.1 | 35.7 % |
| Non-Controlling interest | | (14.1) | | (0.6) | NM |
| Income tax | | (76.5) | | (50.3) | 52.2 % |
| Net income | Ps. | 339.1 | Ps. | 301.1 | 12.6 % |

(1) Insurance premiums minus insurance claims.

(2) Miscellaneous income minus miscellaneous expenses.

Net Income

Banco Hipotecario SA's net income for the period ended June 30, 2013 of Ps. 339.1 million was higher than its net income Ps. 301.1 for the period ended June 30, 2012, of Ps. 301.1, principally due to:

- higher financial income principally as a result of an increase from consumer products partially offset by lower income from government and private securities;

- higher income from services mainly due to an increase in credit card commissions, and an increase in the activity developed by BHN Sociedad de Inversión S.A.

These factors were partially offset by:

- higher administrative expenses mainly related to salaries, social security contributions, and fees related to actions adopted by the Bank in developing its retail banking business.
- higher financial expenditures principally as a result of higher interest liabilities resulting from increased average balances of time deposits, bonds and similar obligations.

Financial Income

The following table sets forth the principal components of its financial income for the periods ended June 30, 2013 and 2012.

| | Periods ended June 30, | | % Change | |
|---|--|--------------------|-------------|----------|
| | 2013 | 2012 | 2013/2012 | |
| | (in millions of pesos, except for percentages) | | | |
| Interests from: | Ps. | Ps. | | |
| Mortgage loans and other financial transactions | 264.3 | 239.7 | 10.3 | % |
| Financial trusts | 134.2 | 105.7 | 27.0 | % |
| Cash and due from banks | 6.9 | 5.1 | 35.2 | % |
| Interbank Loans | 49.8 | 23.3 | 114.1 | % |
| Other Loans | 321.3 | 245.6 | 30.8 | % |
| Credit card Loans | 649.3 | 454.6 | 42.8 | % |
| Personal Loans | 371.1 | 217.1 | 70.8 | % |
| Overdraft facilities | 168.8 | 115.0 | 46.7 | % |
| Buyback of restructured debt | - | 11.9 | | NM |
| Government and Corporate Securities | 285.9 | 353.5 | -19.1 | % |
| Adjustment from application of CER clause | 8.3 | 8.7 | -5.0 | % |
| Hedges | 95.3 | 51.6 | 84.8 | % |
| Others | 69.0 | 49.9 | 38.3 | % |
| Total Financial Income | Ps. 2,424.2 | Ps. 1,881.7 | 28.8 | % |

Banco Hipotecario's financial income increase of 28.8% to Ps. 2,424.2 million for the period ended June 30, 2013 from Ps. 1,881.7 million for the period ended June 30, 2012 primarily resulted from:

- higher income from credit cards and personal loans as a result of higher loans originations. The balances of credit card loans and personal loans have increased 31.4% and 41.5%, respectively, during the twelve-month period ended June 30, 2013;
 - higher income from other loans and overdraft facilities as a result of higher average balances;
 - higher income from hedge operations, mainly due to higher market prices.

These factors were partially offset by:

- lower income from government and private securities as a result of lower average balances.

Financial Expenses

The following table sets forth information regarding its financial expenses for the periods ended June 30, 2013 and 2012.

| | Periods ended June 30, | | % Change | |
|--|--|------|-----------|--|
| | 2013 | 2012 | 2013/2012 | |
| | (in millions of pesos, except for percentages) | | | |

| | | | | |
|---|-------------|-----------|-------|---|
| Bonds and similar obligations | Ps. 267.2 | Ps. 186.5 | 43.3 | % |
| Borrowings from banks | 50.0 | 42.5 | 17.6 | % |
| Borrowings from Central Bank | 0.1 | 2.9 | -96.6 | % |
| Other(1) | 1.8 | 1.1 | 61.7 | % |
| Time deposits | 677.6 | 518.4 | 30.7 | % |
| Effects of changes in exchange rates | 93.2 | 97.8 | -4.7 | % |
| Forward transactions | 30.6 | 23.0 | 32.8 | % |
| Contributions and taxes on financial income | 163.8 | 111.0 | 47.6 | % |
| Total Financial Expenses | Ps. 1,284.3 | Ps. 983.2 | 30.6 | % |

(1) Includes interest and other amounts payable on savings accounts, checking accounts, and other deposits.

Banco Hipotecario's financial expenses for the period ended June 30, 2013 increased 30.6% to Ps. 1,284.3 million from Ps. 983.2 million for the period ended June 30, 2012 primarily as a result of:

- i) higher interest liabilities as a result of increased average balances on time deposits;
- ii) higher liabilities related to contributions and taxes on financial income;
- iii) higher interest liabilities resulting from increased average balances of bonds and similar obligations.

Provision for Loan Losses

The following table sets forth Banco Hipotecario's provision for loan losses for the periods ended June 30, 2013 and 2012.

| | Periods ended June 30, | | % Change | |
|---------------------------|--|-----------|-----------|---|
| | 2013 | 2012 | 2013/2012 | |
| | (in millions of pesos, except for percentages) | | | |
| Provision for loan losses | Ps. 233.4 | Ps. 154.5 | 111.9 | % |
| Charge-offs | Ps. 74.2 | Ps. 52.3 | 41.9 | % |

Banco Hipotecario's provision for loan losses for the period ended June 30, 2013 increased to Ps. 233.4 million from Ps. 154.5 million in the period ended June 30, 2012. This represents an increase of 111.9% related to an increase in the average balances of loans. As mentioned before, the increase in the portfolio of loans, principally credit cards and personal loans, increase the amount of allowances during the year.

The Risk and Credit Committee decided to maintain a maximum 100% coverage of the loan loss reserve, relative to the total amount of those loans classified as non-performing, Reserves and funds created by Risk and Credit Committee dated June 2, 2008, (Ex - Section 13 of Law 24,143) and the Special fund created by a resolution of the board of Directors of the Bank dated December 12, 2001, shall not be included in the total amount used for calculating such coverage.

Net Contribution from Insurance

The following table sets forth the principal components of its net contribution from insurance for the periods ended June 30, 2013 and 2012.

| | Periods ended June 30 | | % Change | |
|--|--|-----------|-----------|----|
| | 2013 | 2012 | 2013/2012 | |
| | (in millions of pesos, except for percentages) | | | |
| Insurance premiums earned | | | | |
| Life | Ps. 43.9 | Ps. 50.6 | -13.3 | % |
| Property damage | 18.4 | 17.3 | 6.5 | % |
| Unemployment | 0.4 | 0.5 | -25.3 | % |
| Others | 354.7 | 229.3 | 54.7 | % |
| Total Premiums earned | Ps. 417.4 | Ps. 297.7 | 40.2 | % |
| Insurance claims | | | | |
| Life | Ps. 4.7 | Ps. 26.4 | -82.1 | % |
| Property damage | 0.3 | 0.7 | -51.1 | % |
| Unemployment | - | - | | NM |
| Others | 52.6 | 13.7 | | NM |
| Total claims | Ps. 57.6 | Ps. 40.8 | 41.0 | % |
| Net contribution from insurance activity | Ps. 359.8 | Ps. 256.9 | 40.0 | % |

- (a) As of June 30, 2013 and 2012 contains Ps. 316.2 million and Ps. 199.1 million, respectively, related to the activity of its subsidiary BHN Sociedad de Inversión S.A.
- (b) As of June 30, 2013 and 2012 contains Ps. 51.2 million and Ps. 13.6 million, respectively, related to the activity of its subsidiary BHN Sociedad de Inversión S.A. As mentioned before, BHN Sociedad Inversion has increase their activity regarding the increase in the origination of loans granted by Banco Hipotecario and the increase in the origination of Mortgage loans granted by Pro.cre.ar..

Banco Hipotecario SA's net contribution from insurance activities of Ps. 359.8 million during the period ended June 30, 2013 increased 40.0% from Ps. 256.9 million, compared to the period ended June 30, 2012. This increase was primarily a consequence of higher activity level of our subsidiary BHN Sociedad de Inversión S.A. The quantity of the insurance policies, issued by BHN Sociedad de Inversión S.A.' subsidiaries, relate to the loan originated by Banco Hipotecario, consequently, the premiums earned and the claims paid increase when the loan origination of the Bank increases.

Other Income from Services

The following table includes the principal components of its other income from services for the periods ended June 30, 2013 and 2012.

| | Periods ended June 30, | | % Change | |
|--|------------------------|-----------|-----------|---|
| | 2013 | 2012 | 2013/2012 | |
| (in millions of pesos, except for percentages) | | | | |
| Loan servicing fees from third parties | Ps. 26.5 | Ps. 16.1 | 64.9 | % |
| FONAVI commissions | 11.4 | 17.2 | -34.0 | % |
| Credit Card Commissions | 555.1 | 453.4 | 22.4 | % |
| Other Commissions | 77.2 | 60.7 | 27.1 | % |
| Total Commissions | Ps. 670.2 | Ps. 547.5 | 22.4 | % |
| Commissions earned by subsidiaries | 226.9 | 184.1 | 23.2 | % |
| Recovery of loan expenses | 68.7 | 63.3 | 8.6 | % |
| Others | 11.8 | 1.3 | NM | |
| Total Others | Ps. 307.4 | Ps. 248.7 | 23.6 | % |
| Total Other Income from Services | Ps. 977.6 | Ps. 796.2 | 22.8 | % |

Banco Hipotecario SA's income from services increased to Ps. 977.6 million for the period ended June 30, 2013 from Ps. 796.2 million for the same period of 2012, as a result of higher commissions derived from the increase in credit card origination and the increase in commissions derived from the insurance's activity developed since July 2007 by BHSA's subsidiary BHN Sociedad de Inversión S.A.

Other Expenses for Services

The following table includes the principal components of the Bank's other expenses for services for the periods ended June 30, 2013 and 2012:

| | Periods ended June 30, | | % Change | |
|---|------------------------|-----------|-----------|---|
| | 2013 | 2012 | 2013/2012 | |
| (in millions of pesos, except for percentages) | | | | |
| Structuring and underwriting fees | Ps. 8.2 | Ps. 6.1 | 35.4 | % |
| Retail bank originations | 2.0 | 0.9 | 120.5 | % |
| Collections | 0.2 | 0.4 | -61.7 | % |
| Banking services | 155.4 | 137.8 | 12.8 | % |
| Commissions paid to real estate agents | 28.3 | 20.5 | 38.0 | % |
| Total Commissions | 194.1 | 165.6 | 17.2 | % |
| Contributions and taxes on income from services | 39.2 | 25.7 | 52.5 | % |
| Total Other Expenses for Services | Ps. 233.3 | Ps. 191.3 | 22.0 | % |

Banco Hipotecario's other expenses for services increased 22.0% to Ps. 233.3 million for the period ended June 30, 2013 from Ps. 191.3 million for the period ended June 30, 2012. This increase was mainly due to higher banking services and contributions and taxes on income from services, partially offset by lower collections.

Administrative Expenses

The following table sets forth the principal components of its administrative expenses for the periods ended June 30, 2013 and 2012.

| | Periods ended June 30, | | % Change | |
|---|--|-------------|-----------|---|
| | 2013 | 2012 | 2013/2012 | |
| | (in millions of pesos, except for percentages) | | | |
| Salaries and social security contributions | Ps. 845.0 | Ps. 655.5 | 28.9 | % |
| Fees and external administrative services | 221.2 | 189.4 | 16.8 | % |
| Advertising and publicity | 88.5 | 85.3 | 3.8 | % |
| Value added tax and other taxes | 115.4 | 80.2 | 43.8 | % |
| Electricity and communications | 56.5 | 38.8 | 45.8 | % |
| Maintenance and repair | 37.2 | 31.2 | 19.2 | % |
| Depreciation of bank premises and equipment | 15.8 | 14.6 | 8.6 | % |
| Amortization of organizational expenses | 19.5 | 20.9 | -6.3 | % |
| Corporate personnel benefits | 43.8 | 45.3 | -3.3 | % |
| Rent | 49.9 | 38.0 | 31.2 | % |
| Others | 119.4 | 77.7 | 53.6 | % |
| Total | Ps. 1,612.2 | Ps. 1,276.9 | 26.3 | % |

Administrative expenses for the period ended June 30, 2013 increased 26.3% to Ps. 1,612.2 million from Ps. 1,276.9 million for the period ended June 30, 2012. The main reasons for this increase were higher salaries and social security contributions required under applicable regulations in Argentina, higher fees and external administrative services related to actions adopted by the Bank in developing its retail banking business and higher expenses related to taxes.

Miscellaneous Income

The following table sets forth its miscellaneous income for the periods ended June 30, 2013 and 2012.

| | Periods ended June 30, | | % Change | |
|---|--|-----------|-----------|---|
| | 2013 | 2012 | 2013/2012 | |
| | (in millions of pesos, except for percentages) | | | |
| Penalty interest | Ps. 54.8 | Ps. 49.5 | 10.7 | % |
| Reversal of provision for contingencies | 9.7 | 12.3 | -20.9 | % |
| Loan loss recoveries | 91.1 | 130.1 | -29.9 | % |
| Others | 37.7 | 78.4 | -51.8 | % |
| Total Miscellaneous Income | Ps. 193.3 | Ps. 270.2 | -28.4 | % |

Banco Hipotecario SA's miscellaneous income decreased 28.4% to Ps. 193.3 million for the period ended June 30, 2013 from Ps. 270.2 million for the fiscal year ended June 30, 2012 primarily as a result of higher penalty interest, partially offset by lower loan loss recoveries.

Miscellaneous Expenses

The following table sets forth the principal components of its miscellaneous expenses for the periods ended June 30, 2013 and 2012:

| | Periods ended June 30, | | % Change | |
|---|--|-----------|-----------|---|
| | 2013 | 2012 | 2013/2012 | |
| | (in millions of pesos, except for percentages) | | | |
| Provision for lawsuits contingencies | Ps. 18.9 | Ps. 68.6 | -72.4 | % |
| Provision for other contingencies and miscellaneous receivables | 0.9 | 5.5 | -83.8 | % |
| Provision for administrative organization | -1.7 | 30.3 | NM | |
| Other taxes | 26.3 | 16.6 | 58.1 | % |
| Benefits prepayments | 71.3 | 61.2 | 16.5 | % |
| Others | 46.3 | 64.8 | -28.6 | % |
| Total Miscellaneous Expenses | Ps. 162.0 | Ps. 247.1 | -34.4 | % |

Banco Hipotecario SA's miscellaneous expenses decreased 34.4% to Ps. 162.0 million for the period ended June 30, 2013 from Ps. 247.1 million for 2012 primarily as a result of lower provisions for lawsuits contingencies and lower provisions for administrative organizations.

Government and Corporate securities

Government and Corporate Securities held by the Bank consist of the following balances:

| | June 30, 2013 in millions of pesos |
|--|---------------------------------------|
| Holding booked at fair value | |
| Government securities denominated in pesos | 232,5 |
| Government securities denominated in US\$ | 686,8 |
| | Ps. 919,3 |
| Holding booked at cost plus return | |
| Bonar 2017 Bonds | 55.5 |
| PAR US Dollar Bonds | 5.2 |
| Other Bonds | 232.2 |
| | Ps. 295.9 |
| Investment in listed corporate securities | |
| Corporate securities denominated in pesos | 150.1 |
| Corporate securities denominated in US\$ | - |
| | Ps. 150.1 |

The Bank's Market Risk Management Policy addresses the guidelines and methodologies for monitoring and controlling the Bank's price, interest rate and foreign exchange rate risks; this policy also deals with reporting mechanisms, limits and early alert systems to keep the Finance Committee and Senior Management abreast of new developments in the risk profile. Furthermore, this policy defines the roles and responsibilities of the various parties involved.

- The Bank's portfolios of securities are monitored on a daily basis and risk is quantified through globally accepted methodologies and practices (above all, "value at risk") whose limits are fixed by the Finance Committee. The robustness of the models used is verified through back-testing procedures and the portfolio exposed to price risks is subject to stress testing.
- As regards the foreign exchange rate risk, exposure to foreign exchange and its associated risk is described in a weekly report that details the different products and securities exposed.
- As regards interest rate risk, the amounts and contractual conditions of new originations and of the current portfolio (i.e., loans, deposits, swaps, hedges, securities and other) are monitored to ensure that the Bank is permanently within the limits of its pre-defined risk appetite. This follow up is accompanied by an ongoing analysis of the various hedging alternatives in order to reduce interest rate imbalances.

Interest rate risk is quantified through two statistical methodological approaches: "Net financial revenues at risk" and "Economic Value at Risk". Net financial revenues at risk assesses deviations in interest income caused by changes in interest rates whilst Economic Value at Risk analyzes the potential impairment of the portfolio's present value as a result of potential ups and downs in the time structure of interest rates. These two approaches also include the "base risk" that arises from imperfect correlations in the adjustment of lending and borrowing rates for securities with similar revaluation features. To supplement these two approaches, mismatch analyses are conducted (gap by interval and accumulated gap) both in Pesos and in U.S. dollars to quantify exposure to interest rate in different future dates and various sensitivity analyses.

Funding

Historically, Banco Hipotecario SA financed its lending operations mainly through:

- deposits, principally Time Deposits;
- the issuance of fixed and floating rate securities in the international capital markets;
- securitizations of mortgage loans; and
- cash flow from existing loans.

Edgar Filing: IRSA INVESTMENTS & REPRESENTATIONS INC - Form 20-F

As of June 30, 2013 and 2012, Banco Hipotecario SA had three principal funding sources: bonds, securitizations programs and time deposits. The table below sets forth its liabilities outstanding with respect to each of its sources of funding as of the dates indicated.

| | As of June 30, | | % Change | |
|--|--|-------------|-----------|----|
| | 2013 | 2012 | 2013/2012 | |
| | (in millions of pesos, except for percentages) | | | |
| Bonds (1) | Ps. 2,291.7 | Ps. 1,984.0 | 15.5 | % |
| Borrowings from Central Bank. | - | 6.9 | | NM |
| Borrowings from banks and international entities | 393.0 | 550.9 | -28.7 | % |
| Deposits (1) | 8,899.2 | 6,806.1 | 30.8 | % |
| Total | Ps. 11,583.9 | Ps. 9,347.9 | 61.6 | % |

(1) Excludes accrued interest.

Bonds

The outstanding principal amount values of the different series of notes Banco Hipotecario SA has issued as of June 30, 2013 were as follows:

| | Outstanding principal amount (millions of pesos) | Date of issue | Maturity Date | Annual Interest rate (%) |
|---|--|---------------|---------------|--------------------------|
| Notes Issued in Restructuring: | | | | |
| Long term bond (US\$ 449,880 thousand) | 113.2 | Sep 15, 2003 | Dec. 1, 2013 | 3.0 – 6.0 % |
| Long term bond (EUR 278,367 thousand) | 202.4 | Sep 15, 2003 | Dec. 1, 2013 | 3.0 – 6.0 % |
| Series 5 (US\$ 250,000 thousand) | 1,129.7 | Apr. 27, 2006 | Apr. 27, 2016 | 9.750 % |

| | Ps. 2,291.7 | | | |

Loan Securitization Program

The Bank, BACS Banco de Crédito y Securitización S.A. and Tarshop S.A. have executed various financial trust agreements under which, as trustor, it has transferred the fiduciary ownership of mortgage and consumer loans to the loan portfolio of different financial institutions as trustee. Once the loans have been transferred to the trust fund it proceeds to issue the corresponding debt securities and participation certificates and to use the proceeds of the placement thereof for setting the amount of the loans ceded by the Bank.

The trustee is responsible for the management of the trust funds previously set up in accordance with the specifications contained in the trust agreement.

Deposits

Banco Hipotecario SA did not historically rely upon deposits as a principal source of funding, as it was engaged in limited deposit taking activities. Its other deposits consisted of checking accounts maintained by different provincial housing funds and agencies representing Argentine government contributions from the collection of federal taxes which have been set aside for use by the provinces for special purposes and transferred to these accounts.

In December 2001 Banco Hipotecario SA received authorization from the Central Bank to accept time deposits for individuals as well as institutions and amended its bylaws accordingly, with approval of a majority of its shareholders as required by Argentine Corporate Law. As of June 30, 2013 and 2012 its total deposits consisted of the following:

| | As of June 30, | | %Change | |
|--------------------------|--|-------------|-----------|----|
| | 2013 | 2012 | 2013/2012 | |
| | (in millions of pesos, except for percentages) | | | |
| Checking accounts | Ps. 1,689.8 | Ps. 2,029.4 | -16.7 | % |
| Saving accounts | 1,225.6 | 524.1 | | NM |
| Time deposits | 5,870. | 4,172.9 | 40.7 | % |
| Other deposits accounts | 113.6 | 79.8 | 42.5 | % |
| Accrued interest payable | 78.9 | 137.1 | -42.4 | % |
| Total | Ps. 8,978.1 | Ps. 6,943.2 | 29.3 | % |

Its current strategy is to increase deposits significantly over time in order to achieve significant liquidity to maintain and further develop its financing activities.

Twelve month periods ended June 30, 2012 and 2011

General

The following table sets forth the principal components of its net income for the periods ended June 30, 2012 and 2011.

| | Period ended June 30, | | | | % Change | |
|--|--|------------|-----|----------|-----------|---|
| | 2012 | 2011 | | | 2012/2011 | |
| | (in millions of pesos, except for percentages) | | | | | |
| Financial income | Ps. | 1,881.7 | Ps. | 1,420.5 | 32.5 | % |
| Financial expenses | | (983.2) | | (748.1) | 31.4 | % |
| Net financial income | Ps. | 898.5 | Ps. | 672.4 | 33.6 | % |
| Provision for loan losses | | (154.5) | | (110.1) | 40.3 | % |
| Net contribution from insurance (1) | | 256.9 | | 211.7 | 21.4 | % |
| Other income from services | | 796.2 | | 568.2 | 40.1 | % |
| Other expenses for services | | (191.3) | | (139.4) | 37.2 | % |
| Administrative expenses | | (1,276.9) | | (919.2) | 38.9 | % |
| Net income from financial transactions | Ps. | 328.9 | Ps. | 283.6 | 16.0 | % |
| Miscellaneous income, net (2) | | 23.1 | | (23.7) | NM | |
| Non-Controlling interest | | (0.6) | | (13.4) | NM | |
| Income tax | | (50.3) | | (28.0) | 79.5 | % |
| Net income | Ps. | 301.1 | Ps. | 218.4 | 37.9 | % |

(1) Insurance premiums minus insurance claims.

(2) Miscellaneous income minus miscellaneous expenses.

Net Income

Banco Hipotecario SA's net income increased to Ps. 301.1 million for the period ended June 30, 2012 from Ps. 218.4 for the period ended June 30, 2011, principally due to:

- higher financial income principally as a result of an increase from consumer products partially offset by lower income from government and private securities;
- higher income from services mainly due to an increase in credit card commissions, and an increase in the activity developed by BHN Sociedad de Inversión S.A.

These factors were partially offset by:

- higher administrative expenses mainly related to salaries, social security contributions, and fees related to actions adopted by the Bank in developing its retail banking business;
- higher financial expenditures principally as a result of higher interest liabilities resulting from increased average balances of time deposits, bonds and similar obligations.

Financial Income

Edgar Filing: IRSA INVESTMENTS & REPRESENTATIONS INC - Form 20-F

The following table sets forth the principal components of its financial income for the periods ended June 30, 2012 and 2011.

| | Periods ended June 30, | | %Change | |
|---|--|-------------|-----------|----|
| | 2012 | 2011 | 2012/2011 | |
| | (in millions of pesos, except for percentages) | | | |
| Interests from: | Ps. | Ps. | | |
| Mortgage loans and other financial transactions | 239.7 | 246.2 | -2.6 | % |
| Financial trusts | 105.7 | 65.1 | 62.4 | % |
| Cash and due from banks | 5.1 | 2.8 | 83.3 | % |
| Interbank loans | 23.3 | 8.3 | | NM |
| Other loans | 245.6 | 167.3 | 46.8 | % |
| Credit card loans | 454.6 | 297.6 | 52.8 | % |
| Personal loans | 217.1 | 105.2 | | NM |
| Overdraft facilities | 115.0 | 42.4 | | NM |
| Buyback of restructured debt | 11.9 | - | | NA |
| Government and corporate securities | 353.5 | 447.4 | -21.0 | % |
| Adjustment from application of CER clause | 8.7 | 9.0 | -2.9 | % |
| Hedges | 51.6 | 6.1 | | NM |
| Others | 49.9 | 23.1 | | NM |
| Total Financial Income | Ps. 1,881.7 | Ps. 1,420.5 | 32.5 | % |

Banco Hipotecario SA's financial income increase of 32.5% to Ps. 1,881.7 million for the period ended June 30, 2012 as compared to Ps. 1,420.5 million for the period ended June 30, 2011 primarily as a result of:

- higher income from credit cards and personal loans as a result of higher loans originations;
- higher income from other loans and overdraft facilities as a result of higher average balances;
- higher income from financial trusts securities as a result of more securitizations programs.

These factors were partially offset by:

- lower income from government and private securities as a result of lower average balances;
- higher income from hedge operations, mainly due to higher market prices.

Financial Expenses

The following table sets forth information regarding its financial expenses for the periods ended June 30, 2012 and 2011.

| | 2012 | Periods ended June 30, 2011 | % Change 2012/2011 | |
|---|--|--------------------------------|-----------------------|----|
| | (in millions of pesos, except for percentages) | | | |
| Bonds and similar obligations | Ps. 186.5 | Ps. 174.3 | 7.0 | % |
| Borrowings from banks | 42.5 | 17.7 | | NM |
| Borrowings from Central Bank | 2.9 | 1.4 | | NM |
| Other (1) | 1.1 | 1.4 | -19.2 | % |
| Time deposits | 518.4 | 420.4 | 23.3 | % |
| Effects of changes in exchange rates | 97.8 | 15.7 | | NM |
| Forward transactions | 23.0 | 36.9 | -37.6 | % |
| Contributions and taxes on financial income | 111.0 | 80.3 | 38.3 | % |
| Total Financial Expenses | Ps. 983.2 | Ps. 748.1 | 31.4 | % |

(1) Includes interest and other amounts payable on savings accounts, checking accounts, and other deposits.

Banco Hipotecario SA's financial expenses for the period ended June 30, 2012 increased 31.4% to Ps.983.2 million from Ps.748.1 million for the period ended June 30, 2011 primarily as a result of:

- higher interest liabilities as a result of increased average balances on time deposits;
- higher liabilities related to contributions and taxes on financial income;
- higher financial expenses related to the effect of changes in the exchange rate;
- higher interest liabilities resulting from increased average balances of bonds and similar obligations.

This effect was partially offset by:

- lower financial expenses in forward transactions.

Provision for Loan Losses

The following table sets forth Banco Hipotecario SA's provision for loan losses for the periods ended June 30, 2012 and 2011.

| | Periods ended June 30, | | | | % Change | |
|---------------------------|--|-------|-----|-------|-----------|---|
| | 2012 | 2011 | | | 2012/2011 | |
| | (in millions of pesos, except for percentages) | | | | | |
| Provision for loan losses | Ps. | 154.5 | Ps. | 110.1 | 40.3 | % |
| Charge-offs | Ps. | 52.3 | Ps. | 74.1 | -29.4 | % |

Banco Hipotecario SA's provision for loan losses for the period ended June 30, 2012 increased to Ps. 154.1 million from Ps. 110.1 million in the period ended June 30, 2011. This represents an increase of 40.3% related to an improvement of performing loans portfolio partially offset by an increase in the average balances of loans.

The Risk and Credit Committee decided to maintain a maximum 100% coverage of the loan loss reserve, relative to the total amount of those loans classified as non-performing, Reserves and funds created by Risk and Credit Committee dated June 2, 2008, (Ex - Section 13 of Law 24,143) and the Special fund created by a resolution of the board of Directors of the Bank dated December 12, 2001, shall not be included in the total amount used for calculating such coverage.

Net Contribution from Insurance

The following table sets forth the principal components of its net contribution from insurance for the periods ended June 30, 2012 and 2011.

| | Periods ended June 30 | | | | % Change | |
|--|-----------------------|-------|------|-------|-----------|---|
| | 2012 | | 2011 | | 2012/2011 | |
| (in millions of pesos, except for percentages) | | | | | | |
| Insurance premiums earned | | | | | | |
| Life | Ps. | 50.6 | Ps. | 53.2 | -4.8 | % |
| Property damage | | 17.3 | | 17.5 | -1.4 | % |
| Unemployment | | 0.5 | | 0.7 | -25.7 | % |
| Others (a) | | 229.3 | | 183.6 | -24.9 | % |
| Total Premiums earned | Ps. | 297.7 | Ps. | 255.0 | 16.8 | % |
| Insurance claims | | | | | | |
| Life | Ps. | 26.4 | Ps. | 4.6 | NM | |
| Property damage | | 0.7 | | 0.5 | 51.6 | % |
| Unemployment | | - | | - | - | |
| Others (b) | | 13.7 | | 38.2 | -64.1 | % |
| Total claims | Ps. | 40.8 | Ps. | 43.3 | -5.7 | % |
| Net contribution from insurance activity | Ps. | 256.9 | Ps. | 211.7 | 21.4 | % |

As of June 30, 2012 and 2011 contains Ps. 13.6 million and Ps. 35.6 million, respectively related to the activity of its subsidiary BHN Sociedad de Inversión S.A.

Banco Hipotecario SA's net contribution from insurance activities of Ps. 256.9 million during the period ended June 30, 2012 increased 21.4% from Ps. 211.7 million, compared to the period ended June 30, 2011. This increase was primarily a consequence of a higher activity level of our subsidiary BHN Sociedad de Inversión S.A.

Other Income from Services

The following table includes the principal components of Banco Hipotecario SA's other income from services for the periods ended June 30, 2012 and 2011.

| | Periods ended June 30, | | | | % Change | |
|--|------------------------|-------|------|-------|-----------|---|
| | 2012 | | 2011 | | 2012/2011 | |
| (in millions of pesos, except for percentages) | | | | | | |
| Loan servicing fees from third parties | Ps. | 16.1 | Ps. | 14.9 | 8.4 | % |
| FONAVI commissions | | 17.2 | | 12.8 | 34.5 | % |
| Credit card commissions | | 453.4 | | 323.0 | 40.4 | % |
| Other commissions | | 60.7 | | 47.7 | 27.2 | % |
| Total commissions | Ps. | 547.5 | Ps. | 398.4 | 37.4 | % |

Edgar Filing: IRSA INVESTMENTS & REPRESENTATIONS INC - Form 20-F

| | | | | | | |
|------------------------------------|-----|-------|-----|-------|------|---|
| Commissions earned by subsidiaries | | 184.1 | | 121.1 | 52.1 | % |
| Recovery of loan expenses | | 63.3 | | 47.7 | 32.6 | % |
| Others | | 1.3 | | 1.0 | 23.5 | % |
| Total Others | Ps. | 248.7 | Ps. | 169.8 | 46.4 | % |
| Total Other Income from Services | Ps. | 796.2 | Ps. | 568.2 | 40.1 | % |

Banco Hipotecario SA's income from services increased to Ps. 796.2 million for the period ended June 30, 2012 from Ps. 568.2 million for the same period of 2011, as a result of higher commissions derived from credit cards and FONAVI and the increase in commissions derived from the insurance's activity developed since July 2007 by BHSA's subsidiary BHN Sociedad de Inversión S.A.

Other Expenses for Services

The following table includes the principal components of the Bank's other expenses for services for the periods ended June 30, 2012 and 2011:

| | Periods ended June 30, | | | | % Change | |
|---|--|-------|-----|-------|-----------|---|
| | 2012 | 2011 | | | 2012/2011 | |
| | (in millions of pesos, except for percentages) | | | | | |
| Structuring and underwriting fees | Ps. | 6.1 | Ps. | 5.6 | 8.1 | % |
| Retail bank originations | | 0.9 | | 3.6 | -75.5 | % |
| Collections | | 0.4 | | 12.9 | -96.8 | % |
| Banking services | | 137.8 | | 81.4 | 69.1 | % |
| Commissions paid to real estate agents | | 20.5 | | 18.0 | 14.4 | % |
| Total Commissions | | 165.6 | | 121.5 | 36.3 | % |
| Contributions and taxes on income from services | | 25.7 | | 17.9 | 43.8 | % |
| Total Other Expenses for Services | Ps. | 191.3 | Ps. | 139.4 | 37.2 | % |

Banco Hipotecario SA's other expenses for services increased 37.2% to Ps. 191.3 million for the period ended June 30, 2012 from Ps. 139.4 million in the period ended June 30, 2011. This increase was mainly due to higher banking services and contributions and taxes on income from services, partially offset by lower collections.

Administrative Expenses

The following table sets forth the principal components of its administrative expenses for the periods ended June 30, 2012 and 2011.

| | Periods ended June 30, | | | | % Change | |
|---|--|---------|-----|-------|-----------|---|
| | 2012 | 2011 | | | 2012/2011 | |
| | (in millions of pesos, except for percentages) | | | | | |
| Salaries and social security contributions | Ps. | 655.5 | Ps. | 485.5 | 35.0 | % |
| Fees and external administrative services | | 189.4 | | 128.4 | 47.6 | % |
| Advertising and publicity | | 85.3 | | 63.0 | 35.2 | % |
| Value added tax and other taxes | | 80.2 | | 42.0 | 90.9 | % |
| Electricity and communications | | 38.8 | | 26.9 | 44.3 | % |
| Maintenance and repair | | 31.2 | | 18.6 | 67.7 | % |
| Depreciation of bank premises and equipment | | 14.6 | | 14.1 | 3.6 | % |
| Amortization of organizational expenses | | 20.9 | | 20.5 | 1.6 | % |
| Corporate personnel benefits | | 45.3 | | 27.5 | 64.8 | % |
| Rent | | 38.0 | | 17.7 | 115.3 | % |
| Others | | 77.7 | | 75.0 | 3.6 | % |
| Total | Ps. | 1,276.9 | Ps. | 919.2 | 38.9 | % |

Administrative expenses for the period ended June 30, 2012 increased 38.9% to Ps. 1,276.9 million from Ps. 919.2 million for the period ended June 30, 2011. The main reasons for this increase were higher salaries and social security contributions required under applicable regulations in Argentina, higher expenses on advertising and publicity, higher fees and external administrative services related to actions adopted by the Bank in developing its retail banking business and higher expenses related to taxes.

Miscellaneous Income

The following table sets forth its miscellaneous income for the periods ended June 30, 2012 and 2011.

| | Periods ended June 30, | | | | % Change | |
|--|------------------------|-------|-----|-------|-----------|----|
| | 2012 | 2011 | | | 2012/2011 | |
| (in millions of pesos, except for percentages) | | | | | | |
| Penalty interest | Ps. | 49.5 | Ps. | 31.0 | 60.0 | % |
| Reversal of provision for contingencies | | 12.3 | | 0.8 | | NM |
| Loan loss recoveries | | 130.1 | | 141.2 | -7.9 | % |
| Others | | 78.4 | | 21.5 | | NM |
| Total Miscellaneous Income | Ps. | 270.2 | Ps. | 194.4 | 39.0 | % |

Banco Hipotecario SA's miscellaneous income increased 39.0% to Ps. 270.2 million for the period ended June 30, 2012 from Ps. 194.4 million for the fiscal year ended June 30, 2011 primarily as a result of higher penalty interest and reversal of provision for contingencies, partially offset by lower loan loss recoveries.

Miscellaneous Expenses

The following table sets forth the principal components of its miscellaneous expenses for the periods ended June 30, 2012 and 2011:

| | Periods ended June 30, | | % Change | |
|---|--|-----------|-----------|----|
| | 2012 | 2011 | 2012/2011 | |
| | (in millions of pesos, except for percentages) | | | |
| Provision for lawsuits contingencies | Ps. 68.6 | Ps. 27.5 | | NM |
| Provision for other contingencies and miscellaneous receivables | 5.5 | 6.6 | -15.4 | % |
| Provision for administrative organization | 30.3 | 32.8 | -7.6 | % |
| Other taxes | 16.6 | 14.6 | 14.0 | % |
| Benefits prepayments | 61.2 | 66.9 | -8.6 | % |
| Others | 64.8 | 69.8 | 36.8 | % |
| Total Miscellaneous Expenses | Ps. 247.1 | Ps. 218.1 | 26.2 | % |

Banco Hipotecario SA's miscellaneous expenses increased 26.2% to Ps. 247.1 million for the period ended June 30, 2012 from Ps. 218.1 million for 2011 primarily as a result of higher provisions for lawsuits contingencies.

Government and Corporate securities

Government and Corporate Securities held by the Bank consist of the following balances:

| | June 30, 2012 |
|---|----------------------|
| | in millions of pesos |
| Holding booked at fair value | |
| Government securities denominated in pesos | 115.7 |
| Government securities denominated in US\$ | 77.3 |
| | Ps. 193.0 |
| Holding booked at cost plus return | |
| Discount Bonds | 27.8 |
| Bogar 2018 Bonds | 7.1 |

| | Ps. 2,071.7 |

The Bank's Market Risk Management Policy addresses the guidelines and methodologies for monitoring and controlling the Bank's price, interest rate and foreign exchange rate risks; this policy also deals with reporting mechanisms, limits and early alert systems to keep the Finance Committee and Senior Management abreast of new developments in the risk profile. Furthermore, this policy defines the roles and responsibilities of the various parties involved.

- the Bank's portfolios of securities are monitored on a daily basis and risk is quantified through globally accepted methodologies and practices (above all, "value at risk") whose limits are fixed by the Finance Committee. The robustness of the models used is verified through back-testing procedures and the portfolio exposed to price risks is subject to stress testing.
- As regards the foreign exchange rate risk, exposure to foreign exchange and its associated risk is described in a weekly report that details the different products and securities exposed.
- As regards interest rate risk, the amounts and contractual conditions of new originations and of the current portfolio (i.e., loans, deposits, swaps, hedges, securities and other) are monitored to ensure that the Bank is permanently within the limits of its pre-defined risk appetite. This follow up is accompanied by an ongoing analysis of the various hedging alternatives in order to reduce interest rate imbalances.

Interest rate risk is quantified through two statistical methodological approaches: "Net financial revenues at risk" and "Economic Value at Risk". Net financial revenues at risk assesses deviations in interest income caused by changes in interest rates whilst Economic Value at Risk analyzes the potential impairment of the portfolio's present value as a result of potential ups and downs in the time structure of interest rates. These two approaches also include the "base risk" that arises from imperfect correlations in the adjustment of lending and borrowing rates for securities with similar revaluation features. To supplement these two approaches, mismatch analyses are conducted (gap by interval and accumulated gap) both in Pesos and in dollars.

Funding

Historically, Banco Hipotecario SA financed its lending operations mainly through:

- deposits, principally Time Deposits,
- the issuance of fixed and floating rate securities in the international capital markets,
- securitizations of mortgage loans, and
- cash flow from existing loans.

As of June 30, 2012 and 2011, Banco Hipotecario SA had three principal funding sources: bonds, securitizations programs and time deposits. The table below sets forth its liabilities outstanding with respect to each of its sources of funding as of the dates indicated.

| | As of June 30, | | | | % Change | |
|--|--|---------|------|---------|-----------|---|
| | 2012 | | 2011 | | 2012/2011 | |
| | (in millions of pesos, except for percentages) | | | | | |
| Bonds (1) | Ps. | 1,984.0 | Ps. | 1,847.2 | 7.4 | % |
| Borrowings from Central Bank. | | 6.9 | | 12.5 | -44.8 | % |
| Borrowings from banks and international entities | | 550.9 | | 200.0 | NM | |
| Deposits (1) | | 6,806.1 | | 5,109.4 | 34.0 | % |
| Total | Ps. | 9,347.9 | Ps. | 7,169.1 | 30.4 | % |
| Excludes accrued interest. | | | | | | |

Bonds

The outstanding principal amount values of the different series of notes Banco Hipotecario SA has issued as of June 30, 2012 were as follows:

| | Outstanding principal amount (millions of pesos) | Date of issue | Maturity Date | Annual Interest rate (%) |
|--|--|---------------|---------------|------------------------------------|
| Notes Issued in Restructuring: | | | | |
| Long term bond (US\$ 449,880 thousand) | 193.8 | Sep 15, 2003 | Dec. 1, 2013 | 3.0 – 6.0 % |
| Long term bond (EURO 278,367 thousand) | 331.7 | Sep 15, 2003 | Dec. 1, 2013 | 3.0 – 6.0 % |
| Series 5 (US\$ 250,000 thousand) | 951.8 | Apr. 27, 2006 | Apr. 27, 2016 | 9.750 % |
| Series I (Ps. 90,143) | 90.1 | Oct. 17, 2012 | Apr. 17, 2013 | Badlar +350bp |
| Series II (Ps. 120,101) | 120.1 | May. 11, 2012 | Nov 11, 2013 | Badlar +195bp |
| Series III (US\$ 10,541 thousand) | 47.7 | May. 11, 2012 | Nov 11, 2013 | 4.5 % |
| Long term bond Series I (Ps. 75,020) | 50.0 | May 24, 2011 | Nov. 30, 2012 | Badlar+375bp |
| Long term bond Series II (US\$ 6,114 thousand) | 18.4 | May 24, 2011 | Nov. 30, 2012 | 5.25 % |
| Long term bond Series III (Ps. 100,000) | 100.0 | Sep. 30, 2011 | Mar 20, 2013 | Badlar+400bp |
| Long term bond Series IV (Ps. 74,823) | 74.8 | Feb. 5, 2012 | Sep. 2, 2013 | Badlar+298bp |
| Long term bond Series V (US\$ 1,237 thousand) | 5.6 | Feb. 5, 2012 | Sep. 2, 2013 | 6.00 % |
| | Ps 1,984.0 | | | |

Loan Securitization Program

The Bank, BACS Banco de Crédito y Securitización S.A. and Tarshop S.A. have executed various financial trust agreements under which, as trustor, it has transferred the fiduciary ownership of mortgage and consumer loans to the loan portfolio of different financial institutions as trustee. Once the loans have been transferred to the trust fund it proceeds to issue the corresponding debt securities and participation certificates and to use the proceeds of the placement thereof for setting the amount of the loans ceded by the Bank.

The trustee is responsible for the management of the trust funds previously set up in accordance with the specifications contained in the trust agreement.

Deposits

Banco Hipotecario SA did not historically rely upon deposits as a principal source of funding, as it was engaged in limited deposit taking activities. Its other deposits consisted of checking accounts maintained by different provincial housing funds and agencies representing Argentine government contributions from the collection of federal taxes which have been set aside for use by the provinces for special purposes and transferred to these accounts.

In December 2001, Banco Hipotecario SA received authorization from the Central Bank to accept time deposits for individuals as well as institutions and amended its bylaws accordingly, with approval of a majority of its shareholders as required by Argentine Corporate Law. As of June 30, 2012 and 2011 its total deposits consisted of the following:

| | As of June 30, | | | | %Change | |
|--------------------------|--|---------|------|---------|-----------|---|
| | 2012 | | 2011 | | 2012/2011 | |
| | (in millions of pesos, except for percentages) | | | | | |
| Checking accounts | Ps. | 2,029.4 | Ps. | 116.1 | NM | |
| Saving accounts | | 524.1 | | 433.4 | 21.0 | % |
| Time deposits | | 4,172.9 | | 4,479.5 | -6.8 | % |
| Other deposits accounts | | 79.8 | | 80.3 | -0.7 | % |
| Accrued interest payable | | 137.1 | | 113.4 | 20.9 | % |
| Total | Ps. | 6,943.2 | Ps. | 5,222.8 | 32.9 | % |

Its current strategy is to increase deposits significantly over time in order to achieve significant liquidity to maintain and further develop its financing activities.

B. Liquidity and Capital Resources

Our principal sources of liquidity have historically been:

- cash generated by operations;
- cash generated by issuance of debt securities;
- cash from borrowing (including cash from bank loans and overdraft facilities, which are a customary source of financing in the Argentine banking system) and financing arrangements; and
- cash proceeds from the sale of real estate.

Our principal cash requirements or uses (other than in connection with our operating activities) have historically been:

- capital expenditures for acquisition or construction of investment properties and property, plant and equipment;
- interest payments and repayments of debt;
- acquisition of shares in companies;
- payments of dividends; and
- working capital needs.

Our liquidity and capital resources include our cash and cash equivalents, proceeds from bank borrowings and long-term debt, capital financing and sales of real estate investments.

As of June 30, 2013, we had working capital of Ps.234.1 million. At the same date, we had cash and cash equivalents totaling Ps. 796.9 million, an increase of 207.5%, from Ps.259.2 million of cash and cash equivalents held as of June 30, 2012.

As of June 30, 2012, we had negative working capital of Ps. 366.4 million. At the same date, we had cash and cash equivalents totaling Ps. 259.2 million, a decrease of 14.1%, from Ps.301.6 million of cash and cash equivalents held as of June 30, 2011.

We believe our working capital (calculated by subtracting current liabilities from current assets) and our cash from operating activities are adequate for our present and future requirements. In the event that cash generated from our operations is at any time insufficient to finance our working capital, we would seek to finance such working capital needs through debt or equity financing or selective asset sales. For more information about liquidity please see Item 3 “Key Information - (d) Risk Factors” and Item 4 “Information on the Company – (a) History and Development of the Company - Recent Developments”.

Cash Flow Information

Operating Activities

Fiscal Year 2013

Our operating activities resulted in net cash inflows of Ps.863.4 million for the fiscal year 2013, primarily as a result of operating gains of Ps.1,000.9 million, an increase in trade and other payables of Ps.189.9 million, an increase in salaries and social security liabilities of Ps. 12.6 and a decrease in trading properties of Ps.4.5 million. These were partially offset by an increase in trade and other receivables, net of Ps.63.2 million, an increase in restricted funds of Ps.0.1 million, a decrease in provisions of Ps.2.9 and an income tax paid of Ps.277.6 million.

Fiscal Year 2012

Our operating activities resulted in net cash inflows of Ps. 691.9 million for the fiscal year 2012, primarily as a result of operating gains of Ps.905.6 million, an increase in trade and other payables of Ps.3.9 million, an increase in salaries and social security liabilities of Ps. 5.5 and a decrease in trading properties of Ps.10.6 million. These were partially offset by an increase in trade and other receivables, net of Ps.37.4 million, a decrease in provisions of Ps.2.6 and an income tax paid of Ps.184.9 million.

Investment Activities

Fiscal Year 2013

Our investing activities resulted in net cash outflows of Ps.45.9 million for the fiscal year 2013, of which (i) Ps. 117.9 million were related to the purchase of additional 25.5% equity interest in Rigby 183 LLC 's capital stock, (ii) Ps. 25.9 million were related to the acquisition of a 50% equity interest in the capital stock of Entertainment Holdings S.A. , (iii) Ps. 239.7 million were related to the acquisition of fixed assets and undeveloped parcels of land (see "Capital Expenditures"), (iv) Ps.282.0 million were related to the increase of investments in financial assets, (v) Ps.41.6 million were related to loans granted, (vi) Ps. 67.4 million were related to capital contributions in associates and joint ventures and (vii) Ps. 6.2 million were related to interest received ; partly offset by (i) Ps. 54.2 million which were related to collection of dividends, (ii) Ps. 540.5 million which were related to proceeds from sale of investments in financial assets and (iii) Ps. 127.7 million which were related to the collection of gains from the sale of investment properties.

Fiscal Year 2012

Our investing activities resulted in net cash outflows of Ps.246.8 million for the fiscal year 2012, of which (i) Ps. 46.7 million were related to investments in shares, mainly in the acquisition of Bitania 26 S.A's shares, representative of 49% of its capital stock and in the acquisition of Nuevo Puerto Santa Fe's shares, representative of 50% of its capital stock ,(ii) Ps. 133.9 million were related to the acquisition of fixed assets and undeveloped parcels of land (see "Capital Expenditures), (iii) Ps.180.8 million were related to the increase of investments in financial assets, mainly in the acquisition of 262,927 additional shares of TGLT and the acquisition of 3,000,000 Series C convertible preferred shares issued by Supertel Hospitality Inc. ("SHI"), (iv) Ps.125.7 million were related to loans granted, (v) Ps.17.1 million were related to capital contributions in associates and joint ventures and (vi) Ps. 2.4 million were related to the acquisition of intangible assets, net; partly offset by (i) Ps. 12.3 million to the collection of dividends, (ii) Ps. 103.7 million related to loans repayments received from associates and joint ventures and (iii) Ps. 143.8 million related to the collection of gains from sale of investment properties.

Financing Activities

Fiscal Year 2013

Our financing activities resulted in net cash outflows of Ps.306.3 million for the fiscal year 2013 of which (i) Ps. 353.7 million were related to payment of short-term and long-term debt, (ii) Ps. 239.7 were related in dividends payment, (iii) Ps. 269.8 million were related to interest payments, (iv) Ps.10.9 million were related to payment of financed purchases, and (v) Ps. 152.1 million were related to distribution of shareholders and (vi) Ps.4.1 million were related to the acquisition of non-controlling interest in subsidiaries ; partially offset by (i) an increase in financial loans of Ps.646.8 million, (ii) Ps. 6.5 million related to capital contributions, by non-controlling interest and (iii) Ps. 70.7 million related to associates and joint ventures loans.

Fiscal Year 2012

Our financing activities resulted in net cash outflows of Ps.492.9 million for the fiscal year 2012, of which (i) Ps. 419.9 million were related to payment of short-term and long-term debt, (ii) Ps. 262.7 were related in dividends payment, (iii) Ps. 248.3 million were related to interest payments, (iv) Ps.23.3 million were related to payment of financed purchases, and (v) Ps.8.1 million related to the acquisition of non-controlling interest in subsidiaries ; partially offset by (i) an increase in financial loans of Ps.116.9 million, (ii) our issuance of notes for Ps.295.0 million, net and (iii) Ps. 58.3 million related to capital contributions, by non-controlling interest.

Indebtedness

The following table sets forth the scheduled maturities of our outstanding debt as of June 30, 2013:

| | Currency | Less than 1 year | From 1 to 2 years | From 2 to 3 years | From 3 to 4 years | More than 4 years | Total (1) | Annual Average Interest Rate % |

(2) Exchange rate as of June 30, 2013 US\$1.00 = Ps. 5.388.

(3) Includes bank overdrafts.

Notes issued by IRSA, due 2013 and 2014

On February 10, 2012, the Company placed, through public offer, Notes for a total amount of Ps. 300 million. These issuances were part of a global issuance program of notes approved by the Ordinary Meeting of Shareholders on October 31, 2011, and two Series due 2013 (Series III) and 2014 (Series IV) were issued, as described:

- Class III Corporate Notes at Badlar rate plus 249 basis points for a face value of Ps. 153.2 million, to be matured 18 months after the issuing date and to be amortized in 3 consecutive payments within 12, 15 and 18 months, and interests to be paid in 6 installments, on a quarterly basis, from May 14, 2012. The Series III were dully cancelled on its maturity date.
- Class IV Corporate Notes at a fixed rate of 7.45% for a face value of US\$ 33.8 million (equal to Ps. 146.9 million), to be matured 24 months after the issuing date, to be subscribed and paid in Argentine Pesos at the applicable exchange rate, to be amortized in 4 equal and consecutive payments within 15, 18, 21 and 24 months, to be paid in 8 installments, on a quarterly basis, from May 14, 2012.

APSA Convertible Notes due 2014

On July 19, 2002, APSA issued US\$50.0 million unsecured Convertible Notes into APSA's capital stock. The proceeds from the Convertible Notes were used to settle short-term bank loans for the sum of Ps.27.3 million, and to redeem secured corporate notes issued by us for a principal amount of Ps.52.8 million. The Convertible Notes accrue interest (payable semi-annually) at a 10.0% fixed annual rate, and are convertible, at any time, at the holder's option into common shares at a par value of Ps.0.10 per share. The exchange rate per U.S. Dollar is Ps.3.08642 or the result obtained from dividing the exchange rate effective at the exchange date by the par value of APSA's common shares, whichever is lower. The original maturity date was stated for July 19, 2006, but at a special noteholders' meeting held on May 2, 2006, approved the extension of the maturity date to July 19, 2014, the other terms and conditions of the Convertible Notes remained unchanged. On January 14, 2013, we accepted the repurchase offer submitted by APSA for an amount face value of US\$ 31.7 million, for a total price of US\$ 35.4 million. On January 15, 2013, APSA paid us the amount of Ps. 175.2 million. As of June 30, 2013, APSA has repurchased the total Convertible Notes.

APSA Notes Series I due 2017 and Series II due 2012

On May 11, 2007, APSA issued an aggregate of US\$ 170 million in two parts. Series I consists of US\$ 120 million 7.87% rate notes due May 2017 while Series II comprised Ps. 154.0 million (equal to US\$ 50 million) 11.0% rate notes were due in June 2012. Interest on the Series I is payable on May 11 and November 11 of each year as from November 11, 2007 with principal due on May, 2017. Interest on the Series II was payable on June 11 and December 11 of each year as from December 11, 2007, with principal due in seven equal and consecutive semi-annual installments as from June 11, 2009. The Series II were dully cancelled on its maturity date. These issuances were part of APSA's Global Note Programe for a nominal value of up to US\$ 200 million, authorized by Resolution No. 15,614 of the CNV dated April 19, 2007. On October 29, 2009, the Ordinary and Extraordinary Meeting of Shareholders increased the amount to up to US\$ 400 million.

APSA Notes Series I due 2017 contain certain covenants, events of default and restrictions, as well as limitations on additional indebtedness, transactions with affiliates, mergers and disposal of assets. For additional indebtedness, APSA is required to comply with the financial ratio "coverage of consolidated interest", which should be higher than 1.75. The coverage of consolidated interest ratio is defined as consolidated EBITDA divided by consolidated interest expense, subject to certain adjustments. EBITDA is defined as operating income plus, depreciation and amortization and considering other consolidated non-cash charges. As of June 30, 2013 and 2012, APSA was compliant with these clauses.

Notes issued by IRSA, due 2017 and 2020

On February 2, 2007, we issued US\$ 150 million nominal 8.5%. The notes are due February 2017 and principal is paid at maturity. Interest is payable on February and August of each year as from August 2007. This issue was part of our global issuance program of notes for a nominal value of up to US\$ 200 million authorized by Resolution No. 15,529 and 15,537 of the CNV dated December 7 and December 21, 2007. On February 25, 2010, the Board of Directors of IRSA increased the amount to up to US\$ 400 million as mandated by the Ordinary and Extraordinary Meeting of Shareholders held on October 29, 2009. As part of the increase in the amount of our program, on July 20, 2010, we issued US\$ 150 million nominal 11.5% Notes raising US\$ 142.9 million after costs. The notes are due July 2020 and principal is paid at maturity. Interest is payable on January 20 and June 20 of each year as from January 20, 2011. On November 2, 2010, the Ordinary Meeting of Shareholders approved an additional expansion of the global program of up to US\$ 450 million. Our Notes due 2017 and our Notes due 2020 both contain certain customary covenants and restrictions, including among others, limitations for the incurrence of additional indebtedness, restricted payments, disposal of assets, and entering into certain transactions with related companies. Under the Notes indentures, we are permitted to incur additional indebtedness provided its coverage of consolidated interest ratio is higher than 1.75. The coverage of consolidated interest ratio is defined as consolidated EBITDA divided by consolidated interest expense, subject to certain adjustments. EBITDA is defined as operating income plus, depreciation and amortization and certain other consolidated non-cash charges. The Group was in compliance with these covenants as of June 30, 2013 and 2012.

Restricted payments include restrictions for payment of dividends and other outflows relating to prepayments of indebtedness or to acquisition of certain investments. These restricted payments could not be made in excess of the sum of:

- (i) 50% of our cumulative consolidated net income; or 75% of our cumulative consolidated net income if the coverage of consolidated interest ratio is at least 3.0 to 1; or 100% of our cumulative consolidated net income if the coverage of consolidated interest ratio is at least 4.0 to 1;
 - (ii) net cash proceeds from new capital contributions;
 - (iii) reduction of the indebtedness of us or our restricted subsidiaries;
- (iv) reduction in investments in debt certificates (other than permitted investments);
 - (v) distributions received from unrestricted subsidiaries.

Capital Expenditures

Fiscal Year 2013. During the fiscal year ended June 30, 2013, we invested Ps. 920.9 million, mainly due to (a) improvements in our hotels Sheraton Libertador, Intercontinental and Llao Llao for Ps. 0.9 million, Ps. 2.6 million and Ps.0.4 million, respectively, (b) acquisition of furniture and fixtures, machinery, equipment, and facilities for Ps. 11.6, (c) improvements made at our shopping centers for Ps. 56.9 million, (d) development of properties for Ps. 144.2 million, with Ps. 117.9 million for “Arcos” project and Ps. 26.3 million for Shopping Neuquén project, (e) improvements in our office buildings and other rental properties for Ps. 7.6 million, (f) Ps. 679.2 million were related to the purchase of an additional 25.5% equity interest in Rigby 183 LLC’s capital stock, (g) Ps.15.8 million were related to suppliers advances and (h) Ps. 1.8 million were related to the acquisition of plots of lands.

Fiscal Year 2012. During the fiscal year ended June 30, 2012, we invested Ps. 133.9 million, mainly due to (a) improvements in our hotels Sheraton Libertador, Intercontinental and Llao Llao for Ps. 0.9 million, Ps. 3.5 million and Ps.0.4 million, respectively, (b) acquisition of furniture and fixtures, machinery, equipment, and facilities for Ps. 8.2, (c) improvements made at our shopping centers for Ps. 31.3 million, (d) development of properties for Ps. 23.9 million, with Ps. 18.4 million for “Arcos” project and Ps. 5.5 million for Shopping Neuquén project, (e) improvements in our office buildings and other rental properties for Ps. 8.8 million, (f) Ps.9.9 million were related to suppliers advances and (g) Ps. 47.0 million for the acquisition of plots of land, mainly the Lujan plots of land (Ps. 41.9 million).

C. Research and Development, Patents and Licenses, etc.

We do not have any research, development, patents or licenses that are material for the conduct of our business.

D. Trend Information

International Outlook

As reported by the International Monetary Fund (“IMF”) in its “World Economic Outlook” (“WEO”), the world’s recovery, which until now had been a two-speed trend, is now a three-speed trend: whilst the developing economies grow at a pace expected to attain an annualized 6%, developed economies will grow at values a bit in excess of 2% though showing a bifurcation between growth in the US, which has been at an annualized 2% pace, and growth in the Euro Zone, which has reached the end of the year with virtually nil growth rates.

According to forecasts, it will not be until 2014 that such region will grow by less than 1% as slow progress is being made in the reforms required to resume the road to growth.

Growth trends in emerging markets have been similar to those posted last year, with India and Brazil having returned to the growth path offset by lesser growth in Russia and China and showing stabilization in growth at a bit less than 8%. The expectation is that this will have a slightly adverse impact on the price of commodities.

During 2011, financial markets exhibited a somber outlook that seemed to recover a little in 2012. The MSCI World index (representative of developed markets) fell during 2011 and showed strong recovery in 2012 and in the year 2013 to date, the earnings heard of are in the region of 12.8%. The yields in the MSCI Emerging Markets index were negative during 2011 and last year they showed a slight offset. In the year 2013 to date, however, yields were far from encouraging. In line with this, the indices in the world’s largest stock exchanges performed poorly during 2011, except for the S&P500, which followed through the year almost without movement. A recovery was seen during 2012 and it was maintained at different speeds. These trends continued in 2013.

The Argentine Economy:

Argentina is expected to grow by 3% on average in 2013-14 mainly thanks to the growth projected for Brazil for this period.

Private consumption continues to be the driver of economic activity. Household expenditure increases in tandem with household nominal income. According to data from INDEC, the salary variation ratio increased by 24.3% in May 2013 compared to the figure recorded in May 2012.

The Shopping Centers sector behaved in a similar way. Based on the information released by INDEC, sales recorded a cumulative increase of 23.8% for the 12 months to June 2013 compared to the same period of 2012, boosted by the improvements in household nominal income.

Although forecasts for 2013 predict a contraction in the growth of activity due to the international context, employment and salary evolution levels are expected to remain firm, which augurs well for the Company’s business in so far as consumption and the purchasing power of the population are the main propellers of our Shopping Centers’ sales.

As concerns the office market, Cushman & Wakefield’s latest market report shows that by the end of June the general vacancy rate of class A buildings in Buenos Aires was 7.5% (3.3 percentage points under last year’s figures) while rental prices per square meter per month reached US\$ 28.8.

In terms of the office rental market, even though a number of submarkets have been more active, the demand has become more selective while lease prices have started to moderately go down, and the vacancy rate has been showing

a slight growth. Today there are approximately 50,700 m2 of leasable space under construction, which will be incorporated to the market throughout 2013. 88% of such space is located in the GBA Libertador submarket.

According to ISAC, the surface area covered by the permits granted for private construction works decreased 13.3% in June 2013 compared to the previous month. Moreover, as compared to the same month of the previous year, this figure decreased by 4.5%. However, in the aggregate, the cumulative value for the first half of 2013 records a fall of 0.8% as compared to the same period of 2012.

In connection with the Hotel sector, the Argentine Ministry of Tourism reported that 5,598,646 tourists visited Argentina in 2012, a decrease of 1.9% as compared to 2011. In connection with the Hotel sector, the hotel occupancy survey carried out by INDEC shows that the average hotel occupancy rate as of May 2013 was 52.9%, falling by approximately 6%, compared to the same period of 2012. This is mainly due to the smaller inflow of travelers from Brazil and Europe.

E. Off-Balance Sheet Arrangements

At June 30, 2013, we did not have any off-balance sheet transactions, arrangements or obligations with unconsolidated entities or others that are reasonably likely to have a material effect on our financial condition, results of operations or liquidity.

F. Tabular Disclosure of Contractual Obligations

The following table sets forth our contractual obligations as of June 30, 2013:

| At June 30, 2013 | Payments due by period (in thousands of Pesos) | | | | | Total |
|---|---|--------------------------|--------------------------|--------------------------|----------------------|-----------|
| | Less than 1 year | Between 1 and 2 years | Between 2 and 3 years | Between 3 and 4 years | More than 4 years | |
| Trade and other payables | 586,630 | 66,992 | 30,354 | 32,429 | 19,306 | 735,711 |
| Borrowings (excluding finance lease liabilities) (1) | 1,389,125 | 334,475 | 278,468 | 1,534,523 | 1,466,875 | 5,003,466 |
| Finance leases | 1,243 | 1,270 | - | - | - | 2,513 |
| Total year | 1,976,998 | 402,737 | 308,822 | 1,566,952 | 1,486,181 | 5,741,690 |

(1) Net of repurchased Notes.

G. Safe Harbor

See the discussion at the beginning of this Item 5 and “Forward Looking Statements” in the introduction of this annual report for the forward looking safe harbor provisions.

ITEM 6. Directors, Senior Management and Employees

A. Directors and Senior Management

Composition of the Board of Directors

We are managed by a board of directors. Our by-laws provide that our board of directors will consist of a minimum of eight and a maximum of fourteen full directors and eight to fourteen alternate directors. Our directors and alternate directors are elected for three-year terms by a majority vote of our shareholders at a general ordinary shareholders’ meeting. Our directors and alternate directors may be reelected indefinitely.

Currently our board of directors is composed of fourteen directors and two alternate directors. Alternate directors will be summoned to exercise their functions in case of absence, vacancy or death of a full director or until a new director is designated.

The table below shows information about our directors and alternate directors:

| Name | Date of Birth | Position in IRSA | Date of current appointment | Term expiration | Current position held since |
|-----------------------|---------------|----------------------|-----------------------------|-----------------|-----------------------------|
| Eduardo S. Elsztain | 01/26/1960 | Chairman | 2012 | 2015 | 1991 |
| | | First | 2012 | 2015 | 1994 |
| Saúl Zang | 12/30/1945 | Vice-Chairman | | | |
| Alejandro G. Elsztain | 03/31/1966 | Second Vice-Chairman | 2007 | 2013 | 2001 |
| Fernando A. Elsztain | 01/04/1961 | Regular Director | 2008 | 2014 | 1999 |
| | 05/25/1949 | Regular Director | 2008 | 2014 | 2005 |

| | | | | | | |
|-------------------------|------------|--------------------|------|------|------|--|
| Carlos Ricardo Esteves | | | | | | |
| Cedric D. Bridger | 11/09/1935 | Regular Director | 2012 | 2015 | 2003 | |
| Marcos Fischman | 04/09/1960 | Regular Director | 2012 | 2015 | 2003 | |
| Fernando Rubín | 06/20/1966 | Regular Director | 2007 | 2013 | 2004 | |
| Gary S. Gladstein | 07/07/1944 | Regular Director | 2007 | 2013 | 2004 | |
| Mario Blejer | 06/11/1948 | Regular Director | 2008 | 2014 | 2005 | |
| Mauricio Wior | 10/23/1956 | Regular Director | 2012 | 2015 | 2006 | |
| Gabriel A. G. Reznik | 11/18/1958 | Regular Director | 2008 | 2014 | 2008 | |
| Ricardo H. Liberman | 12/18/1959 | Regular Director | 2008 | 2014 | 2008 | |
| Daniel Ricardo Elsztain | 12/22/1972 | Regular Director | 2007 | 2013 | 2007 | |
| Salvador D. Bergel | 04/17/1932 | Alternate Director | 2008 | 2014 | 1996 | |
| Enrique Antonini | 03/16/1950 | Alternate Director | 2007 | 2013 | 2007 | |

Ricardo Esteves, Cedric Bridger, Mario Blejer, Ricardo H. Liberman and Enrique Antonini are independent directors, pursuant to the CNV Rules.

The following is a brief biographical description of each member of our Board of Directors:

Eduardo S. Elsztain Mr. Elsztain studied Economic Sciences at Universidad de Buenos Aires. He has been engaged in the real estate business for more than twenty years. Cedric D. Bridger Mr. Bridger is qualified as a certified public accountant in the United Kingdom. From 1992 through 1998, he served as chief financial officer of YPF S.A. Mr. Bridger was also financial director of Hughes Tool Argentina, chief executive officer of Hughes Tool in Brazil and Hughes' corporate vice-president for South American operations. He is also a director of Banco Hipotecario.

Marcos Fischman Mr. Fischman a pioneer in corporate coaching in Argentina. He studied at the Hebrew University of Jerusalem. He provides consulting services to executives, students and artists. In 1993 he joined our company and provides us with consulting services in communication and development.

Fernando Rubín Mr. Rubin has a degree in psychology from Universidad de Buenos Aires and attended a post-graduate course in Human Resources and Organizational Analysis at E.P.S.O. Since July 2001, he has been the manager of organizational development at Banco Hipotecario. He served as corporate manager of human resources for IRSA, director of human resources for Moët Hennessy Louis Vuitton ("LVMH") in Argentina and Bodegas Chandon in Argentina and Brazil. He also served as manager of the human resources division for the international consulting firm Roland Berger & Partner-International Management Consultants. He currently serves as CEO of Banco Hipotecario.

Gary S. Gladstein Mr. Gladstein has a degree in economics from the University of Connecticut and a master's degree in business administration from Columbia University. He was operations manager in Soros Fund Management LLC and is currently a senior consultant of Soros Fund Management LLC.

Mario Blejer Dr. Blejer obtained a degree from Hebrew University and a Ph.D. from the University of Chicago. He lectured courses at Hebrew University, Boston University and New York University. He has published several articles on macroeconomic and financial stability subjects. He served for twenty years in different departments of the IMF. In 2002, he was appointed Chairman of the Central Bank and during 2003 he was appointed director of the Center for Studies of Central Banks of the Bank of England.

Mauricio Wior Mr. Wior obtained a masters degree in finance, as well as a bachelors degree in economics and accounting from Tel Aviv University in Israel. Mr. Wior is currently a director of Ertach S.A. and Banco Hipotecario. He has held positions at Bellsouth where he was Vice President for Latin America from 1995 to 2004. Mr. Wior was also CEO of Movicom Bellsouth from 1991 to 2004. In addition, he led the operations of various cellular phone companies in Uruguay, Chile, Peru, Ecuador and Venezuela. He was president of Asociación Latinoamericana de

Celulares (ALCACEL); the U.S. Chamber of Commerce in Argentina and the Israeli-Argentine Chamber of Commerce. He was a director of Instituto para el Desarrollo Empresarial de la Argentina (IDEA), Fundación de Investigaciones Económicas Latinoamericanas (FIEL) and Tzedaka.

Gabriel A. G. Reznik Mr. Reznik obtained a degree in Civil Engineering from Universidad de Buenos Aires. He worked for IRSA from 1992 until May 2005, when he resigned. He previously worked for an independent construction company in Argentina. He is a director of Cresud S.A.C.I.F. y A., and an alternate director of Alto Palermo S.A. (APSA), as well as member of the board of directors of Banco Hipotecario, among others.

Ricardo Liberman Mr. Liberman graduated as a Public Accountant from Universidad de Buenos Aires. He is also an independent consultant in audit and tax matters.

Daniel Ricardo Elsztain Mr. Elsztain obtained a degree in economic sciences at Torcuato Di Tella University and has a master's degree in business administration. He is also Chairman of Emprendimiento Recoleta S.A., and director of Alto Palermo S.A. (APSA), Cresud S.A.C.I.F. y A., Supertel Hospitality Inc., and Arcos del Gourmet S.A., among other companies. He has been our commercial director since 1998. Mr. Elsztain is Mr. Eduardo Sergio Elsztain's and Mr. Alejandro Gustavo Elsztain's brother and Fernando Adrian Elsztain's cousin.

Salvador D. Bergel Mr. Bergel obtained a law degree and a PhD. from Universidad Nacional del Litoral. He is a founding partner of Zang, Bergel & Viñes Abogados law firm and a consultant at Repsol YPF S.A. He is also an alternate director of Cresud and APSA.

Enrique Antonini Mr. Antonini holds a degree in law from the School of Law of Universidad de Buenos Aires. He has been director of Banco Mariva S.A. since 1992 until today, and of Mariva Bursátil S.A. since 1997 until today. He is a member of the Banking Lawyers Committee and the International Bar Association. At present, he is Alternate Director of Cresud.

Employment contracts with our directors

We do not have written contracts with our directors. However, Messrs. Eduardo Sergio Elsztain, Saúl Zang, Alejandro Elsztain, Fernando Elsztain, Daniel Elsztain and Fernando Rubín are employed by our Company under the Labor Contract Law No. 20,744.

Law No. 20,744 governs certain conditions of the labor relationship, including remuneration, protection of wages, hours of work, holidays, paid leave, maternity protection, minimum age requirements, protection of young workers and suspension and termination of the contract.

Executive Committee

Pursuant to our by-laws, our day-to-day business is managed by an Executive Committee consisting of five regular directors and one alternate director, among which there should be the chairman, first vice-chairman and second vice-chairman of the board of directors. The current members of the Executive Committee are Messrs. Eduardo S. Elsztain, Saúl Zang, Alejandro Elsztain, Daniel Elsztain and Fernando Elsztain as members. The executive committee meets as needed by our business, or at the request of one or more of its members.

The executive committee is responsible for the management of the daily business pursuant to the authority delegated by the Board of Directors in accordance with applicable law and our by-laws. Pursuant to Section 269 of the Argentine Corporations Law, the Executive Committee is only responsible for the management of the day-to-day business. Our by-laws authorize the executive committee to:

- designate the managers of our Company and establish the duties and compensation of such managers;
- grant and revoke powers of attorney on behalf of our Company;
- hire, discipline and fire personnel and determine wages, salaries and compensation of personnel;
- enter into contracts related to our business;
- manage our assets;
- enter into loan agreements for our business and set up liens to secure our obligations; and
- perform any other acts necessary to manage our day-to-day business.

Senior Management

Appointment of Senior Management

Our board of directors appoints and removes senior management.

Senior Management Information

The following table shows information about our current senior management appointed by the Board of Directors:

| Name | Date of birth | Position | Current position held since |
|-------------------------|---------------|------------------------------|-----------------------------|
| Eduardo S. Elsztain | 01/26/1960 | Chief Executive Officer | 1991 |
| Daniel Ricardo Elsztain | 12/22/1972 | Chief Operating Officer | 2012 |
| David A. Perednik | 11/15/1957 | Chief Administrative Officer | 2002 |
| Jorge Cruces | 12/22/1972 | Chief Real Estate Officer | 2007 |
| Matias Ivan Gaivironsky | 02/23/1976 | Chief Financial Officer | 2011 |

The following is a description of each of our senior managers who are not directors:

David A. Perednik Mr. Perednik obtained a degree in accounting from Universidad de Buenos Aires. He has worked for several companies such as Marifran Internacional S.A., a subsidiary of Louis Dreyfus Amateurs where he worked as chief financial officer from 1986 to 1997. He also worked as a senior consultant in the Administration and Systems

Department of Deloitte & Touche from 1983 to 1986. He also serves as chief administrative officer of Cresud and Alto Palermo.

Matías Iván Gaivironsky Mr. Matías Gaivironsky obtained a degree in business administration at Universidad de Buenos Aires. He has a Master in Finance from Universidad del CEMA. Since 1997 he has served in various positions at Cresud, IRSA and APSA, and he has served as Chief Financial Officer since December 2011. In 2008 he served as Chief Financial Officer in Tarshop and was later appointed Manager of the Capital Markets and Investor Relations of Cresud, IRSA and APSA.

Jorge Cruces Mr. Cruces obtained the degree of Architect and a Master in Business Administration, Finance Mention and Strategic Management Mention, at Universidad de Belgrano. Before joining the group, he worked as Business Development – Real Estate Manager at Diveo, Dignet and as Real Estate Projects Manager of Giménez Zapiola Binswagner. At present he serves as Chief Real Estate Officer at IRSA and Alto Palermo. He is also Academic coordinator and Professor of the Cluster Portfolio and Asset Management of the Executive program of Real Estate Management at Universidad Torcuato Di Tella.

Supervisory Committee

Our supervisory committee is responsible for reviewing and supervising our administration and affairs and verifying compliance with our by-laws and resolutions adopted at the shareholders' meetings. The members of the supervisory committee are appointed at our annual general ordinary shareholders' meeting for a one-year term. The supervisory committee is composed of three members and three alternate members and pursuant to Section 294 of the Argentine Corporations Law No. 19,550, as amended, must meet at least every three months.

The following table shows information about the members of our supervisory committee, who were elected at the annual ordinary shareholders' meeting, held on October 31, 2012:

| Name | Date of Birth | Position | Expiration Date | Current position held since |
|--------------------------|---------------|------------------|-----------------|-----------------------------|
| José Daniel Abelovich | 07/20/1956 | Regular Member | 2013 | 1992 |
| Marcelo Héctor Fuxman | 11/30/1955 | Regular Member | 2013 | 1992 |
| Noemí Ivonne Cohn | 05/20/1959 | Regular Member | 2013 | 2010 |
| Sergio Leonardo Kolaczyk | 11/28/1964 | Alternate Member | 2013 | 2011 |
| Roberto Daniel Murmis | 04/07/1959 | Alternate Member | 2013 | 2005 |
| Alicia Graciela Rigueira | 12/02/1951 | Alternate Member | 2013 | 2006 |

Set forth below is a brief biographical description of each member of our supervisory committee:

José D. Abelovich. Mr. Abelovich obtained a degree in accounting from Universidad de Buenos Aires. He is a founding member and partner of Abelovich, Polano & Asociados S.R.L., a law firm member of Nexia International, a public accounting firm in Argentina. Formerly, he had been a manager of Harteneck, López y Cía/Coopers & Lybrand and has served as a senior advisor in Argentina for the United Nations and the World Bank. He is a member of the supervisory committees of Cresud, Alto Palermo, Alto Palermo Shopping, Hoteles Argentinos, Inversora Bolívar and Banco Hipotecario.

Marcelo H. Fuxman. Mr. Fuxman obtained a degree in accounting from Universidad de Buenos Aires. He is a partner of Abelovich, Polano y Asociados S.R.L., a law firm member of Nexia International, a public accounting firm in Argentina. He is also a member of the supervisory committee of Cresud, Alto Palermo, Alto Palermo Shopping, Inversora Bolívar and Banco Hipotecario.

Noemí Cohn. Mrs. Cohn obtained a degree in accounting from Universidad de Buenos Aires. She is a partner of Abelovich, Polano y Asociados S.R.L. / Nexia International, an accounting firm in Argentina, and she works in the Audit sector. Mrs. Cohn worked in the audit area of Harteneck, López and Company, Coopers & Lybrand in Argentina and in Los Angeles, California. Mrs. Cohn is a member of the Supervisory Committees of Cresud and APSA, among others.

Sergio Kolaczyk. Mr. Kolaczyk obtained a degree in accounting from Universidad de Buenos Aires. He is a professional from Abelovich, Polano & Asociados S.R.L./Nexia International. Mr. Kolaczyk is also alternate member of the Supervisory Committee of Cresud and IRSA, among other companies.

Roberto Murmis. Mr. Murmis holds a degree in accounting from Universidad de Buenos Aires. Mr. Murmis is a partner at Abelovich, Polano & Asociados S.R.L., a law firm member of Nexia International. Mr. Murmis worked as an advisor to Secretaría de Ingresos Públicos del Ministerio de Economía of Argentina. Furthermore, he is a member of the supervisory committee of Cresud, Alto Palermo Shopping, Futuros y Opciones S.A. and Llao Llao Resorts S.A.

Alicia Rigueira. Mrs. Rigueira holds a degree in accounting from Universidad de Buenos Aires. Since 1998 she has been a manager at Estudio Abelovich, Polano & Asociados SRL, a law firm member of Nexia International. From 1974 to 1998, Mrs. Rigueira performed several functions at Harteneck, Lopez y Cía., affiliated with Coopers & Lybrand. Mrs. Rigueira was professor at the School of Economic Sciences at Universidad de Lomas de Zamora.

B. Compensation

Directors

Under Argentine law, if the compensation of the members of the board of directors is not established in the by-laws of the company, it should be determined by the shareholders' meeting. The maximum amount of total compensation to the members of the board of directors, including compensation for technical or administrative permanent activities, cannot exceed 25% of the earnings of the company. That amount should be limited to 5% when there is no distribution of dividends to shareholders and will be increased proportionally to the distribution.

When one or more directors perform special commissions or technical or administrative activities, and there are no earnings to distribute, or they are reduced, the shareholders meeting may approve compensation in excess of the above mentioned limits. The compensation of our directors for each fiscal year is determined pursuant to Argentine Law and taking into consideration whether the directors performed technical or administrative activities and our fiscal year's results. Once the amount is determined, they are considered at the shareholders' meeting.

At our shareholders' meeting held on October 31, 2012, the shareholders approved an aggregate compensation of Ps. 23.3 million for all of our directors for the fiscal year ended June 30, 2012.

We do not have written contracts with our directors. However, Mr. Eduardo Elsztain, Saúl Zang, Alejandro Elsztain, Fernando Elsztain, Daniel Elsztain and Fernando Rubín are employed by us under the Labor Contract Law No. 20.744. This law governs certain conditions of the labor relationship, including remuneration, protection of wages, hours of work, holidays, paid leave, maternity protection, and minimum age requirements, protection of young workers and suspension and termination of the contract.

Senior Management

We pay our senior management pursuant to a fixed amount, established by taking into consideration their background, capacity and experience and an annual bonus which varies according to their individual performance and our overall results. The total and aggregate compensation paid to our Senior Management and Directors for the fiscal year ended June 30, 2013 was Ps. 17.9 million.

Supervisory Committee

The shareholders meeting held on October 31, 2012, approved by majority vote the decision not to pay any compensation to our Supervisory Committee.

Capitalization Plan

Since 2006 we develop a special compensation plan for key managers by means of contributions to be made by the employees and by the Company.

Such Plan is directed to key managers selected by us and aims to retain them by increasing their total compensation package through an extraordinary reward, granted to those who have met certain conditions.

Participation and contributions under the Plan are voluntary. Once the invitation to participate has been accepted by the employee, he or she may make two kinds of contributions: monthly contributions (salary based) and extraordinary contribution (annual bonus based). The suggested contribution to be made by Participants is: up to 2.5% of their monthly salary and up to 7.5% of their annual bonus. Our contribution will be 200% of the employees' monthly contributions and 300% of the extraordinary employees' contributions.

The funds collected because of the Participants' contributions are transferred to a special independent vehicle created in Argentina as an Investment Fund.

The funds collected because of our contributions are transferred to another independent vehicle separate from the previous one. In the future, participants will have access to 100% of the benefits of the Plan (that is, including our contributions made on the participants' behalf to the specially created vehicle) under the following circumstances:

- ordinary retirement in accordance with applicable labor regulations;
- total or permanent incapacity or disability; and
- death.

In case of resignation or unjustified termination, the manager may redeem the amounts contributed by us only if he or she has participated in the Plan for at least 5 years.

Incentive Plan for Managers

The Company has developed a mid and long-term incentive and retention stock program for its management team and key employees under which contributions are made by both the program participants and the Company.

The beneficiaries under the Plan are invited to participate by the Board of Directors and their decision to access the Plan is voluntary. Once an officer agrees to participate, he or she may make a single annual contribution (based on their annual bonus). The suggested contribution is up to 7.5% of their bonus, and in the first year the contribution fix by the Company is ten times the amount of the employee's contribution and 8% for the second and third year. The plans estipulate the possibility of providing an extraordinary reward consisting of freely available shares payable on a single opportunity in September 2014.

The contributions for the next fiscal years will be defined after the closing of each fiscal year.

In the future, the Participants or their successors in interest will have access to 100% of the benefit (the Company's contributions made in their name) in the following cases:

- if an employee resigns or is dismissed for no cause, he or she will be entitled to the benefit only if 5 years have elapsed from the moment of each contribution,
- retirement,
- total or permanent disability,
- death.

In accordance with the new Capital Markets law (as define below), is required that all of the incentive plans for managers related to shares should be approved by the Comisión Nacional de Valores.

C. Board Practices

For information about the date of expiration of the current term of office and the period during which each director has served in such office see Item 6 "Directors, Senior Management and employees – A. Directors and Senior Management."

Benefits upon Termination of Employment

There are no contracts providing for benefits to Directors upon termination of employment., other than those described under the following sections: (i) Item 6 "Directors, Senior Management and Employees – B. Compensation –

Capitalization Plan” and (ii) Item 6 “Directors, Senior Management and Employees – B. Compensation – Incentive Plan for Managers”.

Audit Committee

In accordance with the Capital Markets Law and the rules of the CNV, our board of directors has established an Audit Committee.

The Audit Committee is a committee of the board of directors, the main function of which is to assist the board of directors in (i) exercising its duty of care, diligence and competence in issues relating to us, specifically as concerns the enforcement of accounting policies, and disclosure of accounting and financial information, (ii) management of our business risk, the management of our internal control systems, (iii) behavior and ethical conduct of the Company’s businesses, (iv) monitoring the sufficiency of our financial statements, (v) our compliance with the laws, (vi) independence and competence of independent auditors, (vii) performance of our internal audit duties both by our company and the external auditors and (viii) it may render, upon request of the Board of Directors, its opinion on whether the conditions of the related parties’ transactions for relevant amounts may be considered reasonably sufficient under normal and habitual market conditions. Our Audit Committee must hold sessions at least once per quarter according to the applicable laws.

In accordance with Capital Markets Law and the rules of CNV, our Audit Committee is made up by three independent directors. The NYSE Regulations establish that as of July 31, 2005, foreign companies listing securities in the United States must have an Audit Committee fully formed by independent directors.

Currently, we have a fully independent Audit Committee composed of Messrs. Cedric Bridger, Ricardo Liberman and Mario Blejer.

Compensation of Audit Committee

The members of our Audit Committee do not receive compensation in addition to that received for their service as members of our board of directors.

D. Employees

As of June 30, 2013, we had 1,540 employees on a consolidated basis. Our Development and Sale of Properties and Office and Other Non-Shopping Center Rental Properties segments had 91 employees, of which 33 were represented by the Commerce Union (Sindicato de Empleados de Comercio, or SEC) and 5 were represented by the Horizontal Property Union (SUTERH). Our Shopping Centers had 787 employees, of which 443 were under commerce collective labor agreements. Our Hotels segment had 662 employees, with 531 are represented by the Tourism, Hotel and Gastronomy Workers Union (Unión de Trabajadores del Turismo, Hoteleros y Gastronómicos de la República Argentina, or UTHGRA).

The following table sets forth the number of employees by business segment as of the dates indicated:

| | Development and sale of properties and Office and other non-shopping center retail properties (1) | Shopping centers | Hotels(2) | Total |
|---------------------|---|------------------|-----------|-------|
| As of June 30, 2011 | 82 | 811 | 678 | 1,571 |
| As of June 30, 2012 | 92 | 833 | 662 | 1,587 |
| As of June 30, 2013 | 91 | 787 | 662 | 1,540 |

(1) Includes us, Inversora Bolívar, Baldovinos, Madero, Libertador 498.

(2) Hotels include Intercontinental, Sheraton Libertador and Llao Llao.

E. Share Ownership

The following table sets forth the amount and percentage of our shares beneficially owned by our directors, members of the executive committee, supervisory committee and senior management as of June 30, 2013:

| Name | Position | Number of Shares | Percentage | |
|--------------------------------|--|------------------|------------|---|
| Directors | | | | |
| Eduardo Sergio Elsztain (1) | Chairman and Chief Executive Officer | 382,222,224 | 66.1 | % |
| Saúl Zang | Vice-Chairman I | 8 | 0.0 | % |
| Alejandro Gustavo Elsztain | Vice- Chairman II | 1,005,400 | 0.2 | % |
| Fernando Adrián Elsztain | Regular Director | - | - | |
| Carlos Ricardo Esteves | Regular Director | - | - | |
| Cedric D. Bridger | Regular Director | - | - | |
| Marcos Fischman | Regular Director | - | - | |
| Fernando Rubín | Regular Director | 85,476 | 0.0 | % |
| Gary S. Gladstein | Regular Director | 210,030 | 0.0 | % |
| Mario Blejer | Regular Director | - | - | |
| Mauricio Wior | Regular Director | - | - | |
| Gabriel Adolfo Gregorio Reznik | Regular Director | - | - | |
| Ricardo Liberman | Regular Director | - | - | |
| | Regular director and Chief Operating Officer | | | |
| Daniel Ricardo Elsztain | Officer | 302,600 | 0.1 | % |
| Salvador Darío Bergel | Alternate director | - | - | |
| Enrique Antonini | Alternate director | - | - | |
| Senior Management | | | | |
| Matias Gaivironsky | Chief Financial Officer | 84,458 | 0.0 | % |
| Jorge Cruces | Chief Real Estate Officer | 77,379 | 0.0 | % |
| David Alberto Perednik | Chief Administrative Officer | 121,027 | 0.0 | % |
| Supervisory Committee | | | | |
| José Daniel Abelovich | Member | - | - | |
| Marcelo Héctor Fuxman | Member | - | - | |
| Noemí Ivonne Cohn | Member | - | - | |
| Sergio Leonardo Kolaczyk | Alternate member | - | - | |
| Roberto Daniel Murmis | Alternate member | - | - | |
| Alicia Graciela Rigueira | Alternate member | - | - | |

(1) Includes (i) 378,753,404 common shares beneficially owned by Cresud, (ii) 3,467,920 common shares beneficially owned by Inversiones Financieras del Sur S.A., and (iii) 900 common shares owned directly by Mr. Elsztain

Option Ownership

No options to purchase shares have been granted to our Directors, Senior Managers, members of the Supervisory Committee, or Audit Committee.

Employees' Participation in our Capital Stock

There are no arrangements for involving our employees in our capital stock or related to the issuance of options, shares or securities, other than those described under the following sections: (i) ITEM 6: Directors, Senior Management and Employees – B. Compensation – Capitalization Plan and (ii) ITEM 6: Directors, Senior Management and Employees – B. Compensation – Incentive Plan for Managers.

ITEM 7. Major Shareholders and Related Party Transactions

A. Major Shareholders

Information about Major Shareholders

Share Ownership

The following table sets forth information regarding ownership of our capital stock by each person known to us to own beneficially at least 5% of our common shares, ANSES and all our directors and officers as a group. Percentages are expressed on a fully diluted basis.

| Shareholder | Share Ownership as of June 30, 2013 | | |
|---|--|-------------------|---|
| | Number of Shares | Percentage (3) | |
| Cresud (1) (2) | 382,222,224 | 66.1 | % |
| Directors and officers (excluding Eduardo Elsztain) | 1,886,378 | 0.3 | % |
| National Social Security Agency (“ANSES”) | 25,914,834 | 4.5 | % |
| Total | 410,023,436 | 70.9 | % |

(1) Eduardo S. Elsztain is the beneficial owner of 191,903,527 shares and 84,591,744 warrants of Cresud, representing 39.30% (on a fully diluted basis) of its total share capital. Although Mr. Elsztain does not own a majority of the shares of Cresud, he is its largest shareholder and exercises substantial influence over Cresud. If Mr. Elsztain were considered the beneficial owner of Cresud due to his substantial influence over it, he would be the beneficial owner of 66.1% of our shares by virtue of his investment in Cresud.

(2) Includes (i) 378,753,404 common shares beneficially owned by Cresud, (ii) 3,467,920 common shares beneficially owned by Inversiones Financieras del Sur S.A., and (iii) 900 common shares owned directly by Mr. Elsztain. As a result, Mr. Elsztain’s aggregate beneficial ownership of our outstanding shares may be as high as 382,222,224 common shares, representing 66.1% of our outstanding shares.

(3) As of June 30, 2013, the number of outstanding shares was 578,676,460.

Cresud is a leading Argentine producer of basic agricultural products. Cresud’s shares began trading on the Bolsa de Comercio de Buenos Aires on December 12, 1960, under the trading symbol “CRES” and on March 1997 its ADSs began trading on the Nasdaq Stock Market under the trading symbol “CRESY.”

| Changes in Share Ownership as of June 30, Shareholder | 2013 (%) | 2012 (%) | 2011 (%) | 2010 (%) | 2009 (%) |
|--|----------|----------|----------|----------|----------|
| Cresud (1) | 65.5 | 64.2 | 57.7 | 57.6 | 50.2 |
| IFISA (2) (3) | 0.6 | 1.7 | - | - | 0.4 |
| D.E. Shaw & Co. Inc. | - | - | 7.7 | 7.7 | 7.7 |
| Directors and officers (4) | 0.3 | 0.8 | 1.4 | 1.7 | 0.9 |
| National Social Security Agency (“ANSES”) | 4.5 | 4.5 | 4.5 | 4.5 | 4.3 |
| Total | 71.1 | 71.2 | 71.3 | 71.5 | 63.5 |

(1) Eduardo S. Elsztain is the beneficial owner of 191,903,527 shares and 84,591,744 warrants of Cresud, representing 39.30% (on a fully diluted basis) of its total share capital. Although Mr. Elsztain does not own a majority of the shares of Cresud, he is its largest shareholder and exercises substantial influence over Cresud. If Mr. Elsztain were

considered the beneficial owner of Cresud due to his substantial influence over it, he would be the beneficial owner of 66.1% of our shares by virtue of his investment in Cresud.

- (2) Eduardo S. Elsztain is the Chairman of the board of directors of IFIS, a corporation organized under the laws of Bermuda and IFISA, a corporation organized under the laws of Uruguay. Mr. Elsztain, is the beneficial owner of 37.02% of IFIS capital stock, which owns 100% of IFISA. As a result, Mr. Elsztain may be deemed to be the beneficial owner of an additional 0.6% of our shares due to IFISA's 0.6% interest in us, without taking into account his indirect interest in us through Cresud.
- (3) Includes (i) 3,467,920 common shares beneficially owned by Inversiones Financieras del Sur S.A., and (ii) 900 common shares owned directly by Mr. Elsztain. As a result, Mr. Elsztain's aggregate beneficial ownership of our outstanding shares may be as high as 382,222,224 common shares, representing 66.1% of our outstanding shares.
- (4) Includes only direct ownership of our Directors and Senior Management.
- (5) As of June 30, 2013, the number of outstanding shares was 578,676,460.

Differences in Voting Rights

Our major shareholders do not have different voting rights.

Arrangements for change in control

We are not aware of any arrangements that may, when in force, result in a change in control.

Securities held in the host country

As of June 30, 2013, our total issued capital stock outstanding consisted of 578,676,460 common shares. As of June 30, 2013, there were approximately 35,105,231 Global Depositary Shares (representing 351,052,310 of our common shares, or 60.7% of all of our outstanding shares).

B. Related Party Transactions

Buy and sell of Quality Invest Shares

In June, 2012, APSA acquired 50% of Quality Invest shares from us, for a total purchase price of US\$ 9,7 million. The main asset of Quality Invest S.A. is the Nobleza Picardo's industrial plant located at Partido de San Martín, Province of Buenos Aires, which represent a total of 160,000 square meters, with 80,000 square meters covered area occupied by high quality storehouse that are currently being used industrially. Quality Invest S.A. has recently obtained the extension of the categories the plant was subjected to from the City Hall of San Martín. The new categories are Shopping Mall, Entertaining, Events, Commercial Offices, Parking Lots and complementary uses. Taking into consideration aforementioned and the strategic location, we are evaluating the future development of a Shopping Mall. Our Audit Committee had no objections with the transaction.

Line of Credit with CYRSA

On August 27 2012, CYRSA granted us and CYRELA, its shareholders, a credit line for a maximum amount of Ps. 190 million, each, for a term no to exceed one year. Daily interest accrued on each disbursed amount will be based on the Private Sector Badlar Rate.

Space for Fundación IRSA and Fundación Museo de los Niños at No Cost

In October 1997, our subsidiary Alto Palermo granted Fundación IRSA the right to use 3,800 square meters of constructed area in the Abasto Shopping Center free of charge for a 30-year period. In November 2005, Alto Palermo granted Fundación Museo de los Niños the right to use approximately 2,670 square meters of constructed area in the Shopping Rosario free of charge for a 30-year period.

Fundación IRSA is a charitable, non-profit organization whose Chairman is Eduardo S. Elsztain and whose Secretary is Mariana Carmona de Elsztain, Mr. Elsztain's wife. Fundación IRSA has used the available area to house a museum called "Museo de los Niños, Abasto," an interactive learning center for children and adults, which opened to the public in April 1999. On September 27, 1999, Fundación IRSA assigned and transferred at no cost, the entirety of Museo de los Niños, as well as Abasto's rights and obligations to Fundación Museo de los Niños.

Fundación Museo de los Niños is a charitable non-profit organization established by the same founders of Fundación IRSA and run by the same members of the administration committee as Fundación IRSA. Fundación Museo de los Niños acts as special vehicle for the development of Museo de los Niños, Abasto and Museo de los Niños, Rosario. In October 1999, Alto Palermo approved the assignment of Museo de los Niños, Abasto's agreement to Fundación Museo de los Niños. In addition, on December 12, 2005, an agreement granting the right to use of the space designated for Museo de los Niños, Rosario, at no cost, was signed.

Donations for Fundación IRSA and Fundacion Museo de los Niños

During the fiscal years ended June 30, 2011, 2012 and 2013, we made donations to Fundación IRSA and Fundación Museo de los Niños for a total amount of Ps.3.1 million, Ps. 2.6 million and Ps. 1.4 million respectively. Eduardo S. Elsztain is the chairman of Fundación IRSA and Fundación Museo de los Niños.

Headquarters Lease

Our headquarters are located at Bolívar 108, 1st floor, City of Buenos Aires. We lease this property from Elsztain e Hijos S.C.A., a company controlled by relatives of Eduardo S. Elsztain, and from Hamonet S.A., a company

controlled by Fernando A. Elsztain, one of our directors, and several of his relatives. A lease agreement was signed among us, Alto Palermo, Cresud and Isaac Elsztain e Hijos S.C.A., in March 2004. This lease establishes a term of 120 months and monthly rental payments of US\$ 9,500. We, Alto Palermo and Cresud each pay one-third, or US\$ 3,167, of such rent.

In June 2009, we entered into a lease of the 24th floor of the Intercontinental Plaza Tower from Inversora Bolivar pursuant to a lease agreement related to such floor and eight parking spaces. We pay a monthly rent of US\$7,745. In November 2009 the 24th floor was transferred to us as a result of the final subscription contract.

Legal Services

During the fiscal years ended June 30, 2013 and 2012 we paid the law firm Zang, Bergel & Viñes an aggregate amount of approximately Ps.2.8 million and Ps.5.3 million, respectively, as payments for legal services. Our director, Saúl Zang, and our alternate director, Salvador D. Bergel, are partners of this law firm. Ernesto Manuel Viñes, a partner of the firm, is a member of the board of directors of our equity investee Banco Hipotecario.

Loan agreements with Banco Hipotecario

As of June 30, 2013 we have loans from Banco Hipotecario for a total amount of approximately Ps. 32.3 million with an average interest rate of 16.0%. We believe that each of these loans was made by Banco Hipotecario in the ordinary course of its consumer credit business, is of a type generally made available by Banco Hipotecario to the public and was made on market terms.

Line of Credit

In November 2012, we and APSA entered into an agreement by which APSA granted a line of credit for up to US\$ 14.5 million for a period of one year at a rate of 5.5% to us. Our Audit Committee had no objections in connection with the transaction. As of June 30, 2013, there is an amount outstanding of US\$ 10.8 million.

Agreement for the Exchange of Corporate Services between Alto Palermo and Cresud

Considering that each of our Company, APSA and Cresud have operating areas which are somewhat similar, the Board of Directors deemed it advisable to implement alternatives aimed at reducing certain fixed costs of its activities and to lessen their impact on operating results while seizing and optimizing the individual efficiencies of each of them in the different areas comprising the management of operations.

In this regard, on June 30, 2004, we, APSA and Cresud entered into an agreement for the exchange of corporate services, which was amended on August 23, 2007, August 14, 2008, November 27, 2009, July 11, 2011, and October 15, 2012.

The agreement for the exchange of corporate services among APSA, Cresud and us, currently provides for the exchange of services among the following areas: human resources, finance, institutional relationships, administration and control, insurance, errands, running service, safety contracts, technical, infrastructure and services, purchases, architecture and design and development and works department, audit and control, Board of Directors, General Management department, public affairs, real estate, hotels and tourism and risks and processes.

The exchange of services consists in the provision of services for value in relation to any of the aforementioned areas by one or more of the parties to the agreement for the benefit of the other party or parties, which are invoiced and paid primarily by an offset against the services provided by any of the areas and, secondarily, in case of a difference between the value of the services rendered, in cash.

Under said agreement the companies have entrusted to an external consultant the review and evaluation, on a semiannual basis, of the criteria applied in the corporate service settlement process and of the distribution bases and supporting documentation used in such process, through the issuance of a semiannual report.

On March 12, 2010, an amendment to the agreement for the exchange of corporate services was entered into to simplify issues originating from the consolidation of financial statements as a result of the increase in Cresud's equity interest in us. Cresud's board of directors has deemed it convenient and advisable for this simplification to transfer the employment agreements of our and APSA's corporate employees to Cresud. Effective January 1, 2010, the labor costs of those employees will be transferred to Cresud's payroll, and they will render services to us and APSA, which services will continue to be distributed in accordance with the terms of the agreement for the exchange of corporate services, as amended.

In the future and in order to continue with the policy of generating the most efficient distribution of corporate resources among the different areas, this agreement may be extended to other areas shared by us with APSA and Cresud.

In spite of the above, we, APSA and IRSA continue to be independent as regards the execution of their business and strategic decisions. Costs and benefits are allocated on the basis of operating efficiency and fairness without pursuing economic benefits for the companies. The implementation of this project does not impair the identification of the economic transactions or services involved, nor does it affect the efficiency of the internal control systems or the internal and external auditors' tasks of each of the companies or the possibility of presenting the transactions related to the agreement in the manner provided in FACPCE Technical Resolution No. 12. Mr. Alejandro Gustavo Elsztain is acting as General Coordinator while Mr. Abraham Perelman has been appointed as individual responsible person on our behalf, a member of the Audit Committee.

The implementation of this project does not impair the identification of the economic transactions or services involved, or the effectiveness of internal control systems or internal and external audit work of each company, or the

disclosure of the transactions subject to the Agreement in accordance with Technical Resolution No. 21 of the FACPCE. Furthermore, Mr. Alejandro Gustavo Elsztain has been appointed to the position of General Coordinator, whereas Cedric Bridger has been charged with the operation and implementation of the agreement on behalf of IRSA, Daniel E. Mellicovsky shall represent Cresud and Abraham Perelman shall represent APSA. All these individuals are members of the Audit Committees of their respective companies.

Convertible Notes of Alto Palermo

At a noteholders' meeting held on May 2, 2006, the holders of Alto Palermo's Series I convertible notes unanimously approved an extension of the maturity date thereof to July 19, 2014, which had initially been scheduled to mature in July 2006.

On December 31, 2009, the outstanding principal amount of such convertible notes was US\$47.2 million, and we owned US\$31.7 million principal amount of such convertible notes on such date.

On January 14, 2013, we accepted the repurchase offer submitted by APSA for an amount face value of US\$ 31.7 million, for a total price of US\$ 35.4 million. On January 15, 2013, APSA paid us the amount of Ps. 175.2 million.

As of June 30, 2013 Alto Palermo had repurchased the total of their Convertible Notes US\$31.7 million.

Purchase of Alto Palermo's Series I Notes

During the fiscal year ended June 30, 2009, we purchased US\$39.6 million nominal value of Alto Palermo's Series I Notes for an aggregate amount of US\$19.3 million.

Additionally, our subsidiary Alto Palermo, during the fiscal year ended June 30, 2009, repurchased US\$5.0 million nominal value of its Series I Notes. The average price was US\$0.3978 for an aggregate amount of US\$2.0 million.

During the fiscal year ended June 30, 2011, we sold US\$39.6 million nominal value of these notes at an average price of US\$0.9605 totalling US\$38.1 million. Furthermore, during this fiscal year, APSA repurchased US\$5.0 million nominal value of its Series I Notes. The average price was US\$1.0201 for an aggregate amount of US\$5.1 million.

Consequently, as of June 30, 2013, our consolidated holding of Alto Palermo's Series I Notes was US\$10.0 million nominal value (all of which are held by APSA).

Subscription to Dolphin Fund

Since 1996, we have invested in Dolphin Fund Plc (currently Dolphin Fund Ltd.), an open-ended investment fund which is related to our chairman and principal shareholder Eduardo Elsztain. These investments are carried at market value as of year-end. Unrealized gains and losses relating to investment funds are included in financial results, net, in the consolidated statements of income.

During the Fiscal Year 2013, we made an investment of US\$ 25.0 million. After the closing of the fiscal year, the Company, acting through subsidiaries, subscribed shares of Dolphin Fund Ltd. ("Dolphin") for the amount of US\$ 84 million. Dolphin's investment objective is to achieve capital appreciation in the long term. In that sense, Dolphin focuses its investments on opportunities that promise a substantial potential for a capital gain. Dolphin's investment philosophy is based on the identification of value and growth that have not been detected yet, and consequently on anticipating market trends, in both emerging and developed markets.

C. Interests of Experts and Counsel

ITEM 8. Financial information

A. Consolidated Statements and Other Financial Information

See Item 18 for our audit consolidated financial statements.

Legal or Arbitration Proceedings

Legal Proceedings

Set forth below is a description of certain material legal proceedings to which we are a party. We are not engaged in any other material litigation or arbitration and no other material litigation or claim is known to us to be pending or threatened against us or our subsidiaries. Nevertheless, we may be involved in other litigation from time to time in the ordinary course of business.

Puerto Retiro

On November 18, 1997, in connection with our acquisition of our subsidiary Inversora Bolívar, we indirectly acquired 35.2% of the capital stock of Puerto Retiro. Inversora Bolívar had purchased such shares of Puerto Retiro from Redona Investments Ltd. N.V. in 1996. In 1999, we, through Inversora Bolívar, increased our interest in Puerto Retiro to 50.0% of its capital stock. On April 18, 2000, Puerto Retiro received notice of a complaint filed by the Argentine government, through the Ministry of Defense, seeking to extend the bankruptcy of Indarsa. Upon filing of the complaint, the bankruptcy court issued an order restraining the ability of Puerto Retiro to dispose of, in any manner, the real property it had purchased in 1993 from Tandanor. Puerto Retiro appealed the restraining order which was confirmed by the Court on December 14, 2000.

In 1991, Indarsa had purchased 90% of Tandanor, a former government-owned company, which owned a piece of land near Puerto Madero of approximately 8 hectares, divided into two parcels: Planta 1 and 2. After the purchase of Tandanor by Indarsa, in June 1993, Tandanor sold "Planta 1" to Puerto Retiro, for a sum of US\$18 million pursuant to a valuation performed by J.L. Ramos, a well-known real estate brokerage firm in Argentina. Indarsa failed to pay to the Argentine government the price for its purchase of the stock of Tandanor, and as a result the Ministry of Defense requested the bankruptcy of Indarsa. Since the only asset of Indarsa was its holding in Tandanor, the Argentine government is seeking to extend Indarsa's bankruptcy to other companies or individuals which, according to its view, acted as a single economic group. In particular, the Argentine government has requested the extension of Indarsa's bankruptcy to Puerto Retiro which acquired Planta 1 from Tandanor.

The deadline for producing evidence in relation to these legal proceedings has expired. The parties have submitted their closing arguments and are awaiting a final judgment. However, the judge has delayed his decision until a final judgment in the criminal proceedings against the former Defense Minister and former directors of Indarsa has been delivered. It should be noticed, regarding the abovementioned criminal procedure, that on February 23, 2011 it was resolved to declare its expiration, and to dismiss certain defendants. However, this resolution is not final because it was appealed. We cannot give you any assurance that we will prevail in this proceeding, and if the plaintiff's claim is upheld by the courts, all of the assets of Puerto Retiro would likely be used to pay Indarsa's debts and our investment in Puerto Retiro, valued at Ps. 44.9 million, as of June 30, 2013, would be lost. As of June 30, 2013, we had not established any reserve with respect of this contingency.

Llao Llao Holding

Llao Llao Holding S.A. purchased Hotel Llao Llao in November 1997, from the Argentine National Parks Administration. Llao Llao Holding S.A., the predecessor of Llao Llao Resorts S.A., was sued in 1997 by the National Parks Administration to collect the unpaid balance of the purchase price in Argentine sovereign debt securities amounting to US\$2.9 million. The trial court ruled in favor of the plaintiff. The ruling was appealed, and the court of appeals confirmed the judgment ordering the payment of US\$2.9 million in Argentine sovereign debt securities available at the date of the ruling, plus compensatory and punitive interest and attorneys' fees. On March, 2004, Llao Llao Resorts S.A. paid Ps.9.2 million.

On June 30, 2004, the plaintiff filed a brief rejecting Llao Llao Resorts S. A. payment on the grounds that it was a partial payment and requesting the court to determine the term for the deposit of funds amounting to final payment of the total debt. The trial court pesified the outstanding amount of plaintiff's ruling against Llao Llao Resorts S.A., as well as the unpaid fee of the plaintiff's attorneys. The plaintiff appealed this decision. The court of appeals ruled in favor of the plaintiff maintaining the unpaid amounts were payable in U.S. dollars. Llao Llao Resorts S.A. filed an appeal, which was rejected. Llao Llao Resorts S.A. subsequently filed with the National Supreme Court an additional appeal in response to the refusal to allow the appeal.

The plaintiff requested the court of original jurisdiction to initiate an incidental proceeding for the execution of the judgment. Llao Llao Resorts S.A. contested this settlement and requested to the plaintiff to provide additional information in order to evaluate the amount of the settlement. Also Llao Llao Resorts S.A. requested that the execution be suspended until there is a final judgement in the appeal filed with the Supreme Court.

Llao Llao Resorts S.A.'s request was denied and on July 14, 2008, the court of appeals announced by means of a Executive Branch Decree dated June 18, 2008, that it had confirmed the settlement approved by the court of original jurisdiction. On March 17, 2009, the National Supreme Court admitted the appeal against the Executive Branch Decree and decided to suspend the enforcement of the judgment. On March 9, 2010, by means of an order dated February 28, 2010, the National Supreme Court announced the rejection of the extraordinary appeal.

In accordance with a final liquidation agreed by the parties, Llao Llao Resorts S.A. paid Ps. 10.2 million to the Argentine National Parks Administration.

On September 22, 2010, the judge calculated that the fees payable to the auctioneer who took part on the proceedings amount to Ps.1.8 million. Llao Llao Resorts S.A. filed for an appeal against the award for considering the amount excessively high. In turn the auctioneer filed for an appeal against the award for considering the amount excessively low. After various judicial instances, the courts render favorable decision to Llao Llao Resorts S.A. and considered Llao Llao Resorts S.A. debt was settled as it related to the liquidation approved in the record of proceedings. Furthermore, the appeal remedy regarding fees awarded to the auctioneer reduced them from Ps.1.8 million to Ps.1.1 million, plus VAT. As of the date of this annual report such fees have been made available for collection. Additionally, as of the date of this annual report Llao Llao Resorts S.A. has paid the fees of the attorneys of the Argentine National Parks Administration which amounts to Ps.1.4 million.

Legal issues with the City Hall of Neuquén

In June 2001, Shopping Neuquén requested to the City of Neuquén to allow it to transfer certain parcels of land to third parties so that each buyer in the commercial development to be constructed could be able to build on its own land. The City rejected this request under Executive Branch Decree No. 1437/2002 through which it also decreed the expiration of Shopping Neuquén rights arising from Ordinance 5178, including the loss of any improvement and expenses incurred. As a result, Shopping Neuquén should return the land, annulling the purchase of it, and had no right to claim any indemnification for such measure.

Shopping Neuquén filed a written appeal to this decision on January 21, 2003. It also sought approval for a revised schedule for the project, taking account of the current situation and including reasonable short and medium term projections. The City Executive Branch rejected this request through Executive Branch Decree 585/2003. On June 25, 2003, Shopping Neuquén filed an “Administrative Procedural Action” with the High Court of Neuquén requesting, among other things, the annulment of Executive Branch Decrees 1,437/2002 and 585/2003 issued by the City Executive Branch. On December 21, 2004, the High Court of Neuquén communicated its decision that the administrative procedural action that Shopping Neuquén had filed against the City Hall of Neuquén had expired. Shopping Neuquén filed an extraordinary appeal for the case to be reviewed by the Argentine Supreme Court.

On December 13, 2006, Shopping Neuquén signed an agreement with both the City and the Province of Neuquén stipulating a new timetable for construction of the commercial and housing project (the “Agreement”) and putting an end to the Administrative Procedural Action. The only pending issue with regards to the lawsuit is the fees and costs of the professionals that intervened in the procedure, which should be borne by Shopping Neuquén.

On November 8, 2010, Shopping Neuquén was served notice of a resolution issued by the High Court of Neuquén, by which certain pending fees to be borne by Shopping Neuquén were established. Such decision is not final and it is currently being challenged by the company. As of June 30, 2013, an agreement was reached with some of the professionals that intervened in the legal process for the payments of their fees.

Other Litigation

As of July 5, 2006, the Administración Federal de Ingresos Públicos or AFIP filed a preliminary injunction with the Federal Court for Administrative Proceedings against Alto Palermo for an aggregate amount of Ps.3.7 million, plus an added amount, provisionally estimated, of Ps.0.9 million for legal fees and interest. The main dispute is about the income tax due for admission rights. In the first instance, AFIP pleaded for a general restraining order. On November 29, 2006, the Federal Court issued an order substituting such restraining order for an attachment on the parcel of land located in Caballito neighborhood, City of Buenos Aires, where Alto Palermo is planning to develop a shopping center.

After we sold the Edificio Costeros, dique II, on November 20, 2009, we requested an opinion to the Antitrust Authority as to whether it was necessary to report this transaction. The Antitrust Authority advise us that it was required to notify the transaction. We challenged that decision, but it was confirmed. On December 5, 2011, we notified the transaction, which decision is still pending.

On May 6, 2008, we filed with the Antitrust Authority a request for its opinion as to the need to notify the Antitrust Authority the acquisition of Edificio República. The Antitrust Authority advised us that we were in fact required to report the transaction and the competent court ratified such decision. On November 3, 2010 the Antitrust Authority authorized the acquisition of Edificio Republica.

On January 15, 2007 we were notified of two claims filed against us before the Antitrust Authority, one by a private individual and the other one by the licensee of the shopping center, both opposing the acquisition from the province of Córdoba of a property known as Ex-Escuela Gobernador Vicente de Olmos. On February 1, 2007 we responded the claims. On June 26, 2007, the Antitrust Authority notified us that it has initiated a summary proceeding to determine whether the completion of the transaction breaches the Antitrust Law. As of the date of this filing the result of this proceeding has not been determined.

On December 3, 2009, Alto Palermo filed a request for the Antitrust Authority's opinion regarding Alto Palermo's acquisition of shares of Arcos del Gourmet S.A. The Antitrust Authority advised the parties that the transaction has to be notified. On December, 2010 the transaction was filed with the Antitrust Authority. As of the date of this annual report, the decision of the Antitrust Authority is still pending.

On September 21, 2010, after Alto Palermo sold 80% of its shares of Tarshop, Alto Palermo requested the Antitrust Authority's clearance for such transfer. On November 28, 2012, we were notified of the authorization of such transaction.

On April 11, 2011, Quality requested the Antitrust Authority opinion regarding Quality's acquisition Property of an industrial plant owned by Nobleza Piccardo S.A.I.C. y F. located in San Martín, Province of Buenos Aires. The Antitrust Authority stated that there was an obligation to notify the situation, but Quality filed an appeal against this decision. Subsequently, the Court of Appeals confirmed the Antitrust Authorities' decision regarding the obligation to notify and, therefore, on February 23, 2012, the transaction was filed. As of the date of this annual report, the Antitrust Authority is analyzing this decision.

On August 23, 2011, Alto Palermo notified the Antitrust Authority of the direct and indirect acquisition of shares of Nuevo Puerto Santa Fé S.A., the transaction involved the direct acquisition of 33.33% of Nuevo Puerto Santa Fé S.A. and 16.66% through our controlled vehicle Torodur S.A. As of the date of this annual report the transaction is being analyzed by the Antitrust Authority.

On June 16, 2012, we sold to Cabaña Don Francisco S.A. certain Costeros Dique IV's functional units, to be used for office space, and complementary units to be used for parking. In addition, we assigned upon the purchaser all rights and interests arising from lease agreements involving the conveyed units. As a result, an advisory opinion was requested from the Antitrust Authority as to the need to report such transaction. As of the date of this Annual Report, the Antitrust Authority is analyzing the transaction.

On December 7, 2012, Alto Palermo notified the Antitrust Authority of the acquisition of 50% of the shares of Entertainment Holdings S.A., a company which holds 50% of the shares of "La Rural S.A.", which operates a convention center ("Predio Ferial de Palermo"), as of the date of this Annual Report, the transaction is being analyzed by the Antitrust Authority.

For more information see “Risk Factors—Risk related to our Business—Our business is subject to extensive regulation and additional regulations may be imposed in the future”.

Through the issuance of Resolution No. 16,521 dated February 17, 2011 the Comisión Nacional de Valores has commenced a summary proceeding to the members of our Board of Directors, our audit committee and our supervisory committee, all of them at that time, which is charged against alleged violations of the Sections 53 and 54 paragraphs 2 and 3 of the Argentine Commercial Code, Sections 59 and 73 in connection with Section 299 of the Argentine Companies Law, Section 22 of our Bye-Laws, and 8 subsection a) section IV) of the Annex to Decree 677/2001 and Article 294 subsection 1 and 9 of the Argentine Companies Law, arising from an investigation carried out by the Comisión Nacional de Valores on our corporate books, dated October 19, 2010 . Our discharge was filed on March 17, 2011, and the first hearing was held on May 18, 2011. On October 7, 2011 we filed a new presentation. Furthermore, on April 11, 2013 by Resolution No. 17,051, the Comisión Nacional de Valores has decided to apply to a penalty fine to us, our members of the Board, our audit committee members, and our supervisory committee members, all of them at that time, in the amount of Ps. 270,000. In the same resolution was decided to apply to Mr. Oscar Pedro Bergotto, Barenboim and Andres Suarez a penalty of a fine in the amount of Ps. 30,000. On April 23, 2013 we have appealed the resolution. On July 17, 2013 the fine was paid despite the appeal is ongoing, with the record filed in Room 4 of the National Chamber of Appeals in Federal Administrative Procedures (Cámara Nacional de Apelaciones en lo Contencioso Administrativo Federal).

We are involved in other litigation which derives from the ordinary course of our business. We accrue liabilities when it is probable that future costs will be incurred and such costs can be reasonably estimated. Such accruals are based on developments to date, we estimate the outcomes of these matters and the lawyers’ experience in contesting, litigating and settling similar matters. As the scope of the liabilities becomes better defined, there will be changes in the estimates of future costs, which could have a material effect on our future results of operations and financial condition or liquidity.

Dividend Policy

Pursuant to Argentine law, the distribution and payment of dividends to shareholders is allowed only if they result from realized and net earnings of the company pursuant to annual financial statements approved by our shareholders. The approval, amount and payment of dividends are subject to the approval by our shareholders at our annual ordinary shareholders meeting. The approval of dividends requires the affirmative vote of a majority of the shares entitled to vote at the meeting.

In accordance with Argentine law and our by-laws, net and realized profits for each fiscal year are allocated as follows:

- 5% of such net profits is allocated to our legal reserve, until such reserve amounts to 20% of our capital stock;
- a certain amount determined at a shareholders’ meeting is allocated to compensation of our directors and the members of our Supervisory Committee;
- additional amounts may be allocated for the payment of optional reserve funds, or to establish contingency reserves or for whatever other purpose our shareholders determine.

According to CNV Rules, cash dividends must be paid to shareholders within 30 days of the resolution approving their distribution. In the case of stock dividends, the shares must be delivered to shareholders within three months of the annual ordinary shareholders’ meeting that approved them.

On February 2, 2007, we issued our fixed-rate notes due 2017 in an aggregate principal amount of US\$150.0 million, which accrue interest at an annual interest rate of 8.5% payable semiannually and mature on February 2, 2017.

On July 20, 2010, we issued fixed-rate notes due in 2020 in an aggregate principal amount of US\$ 150.0 million, which accrue interest at an annual interest rate of 11.5% payable semiannually and mature on July 20, 2020.

Additionally, on February 14, 2012, we issued our Badlar notes due in 2013, in an aggregate principal amount of Ps 153.2 million which accrue interest at an annual rate of Badlar rate plus 249 basis points (as of the date of this annual report, the note was fully paid), and our fixed rate notes due in 2014 for a total amount of US\$ 33.8 million, which accrue interest at an annual interest rate of 7.45%.

These notes contain a covenant limiting our ability to pay dividends which may not exceed the sum of:

- 50% of our cumulative consolidated net income; or
- 75% of our cumulative consolidated net income if our consolidated interest coverage ratio for our most recent four consecutive fiscal quarters is at least 3.0 to 1; or
- 100% of cumulative consolidated net income if our consolidated interest coverage ratio for our most recent four consecutive fiscal quarters is at least 4.0 to 1; or
- 100% of the aggregate net cash proceeds (with certain exceptions) and the fair market value of property other than cash received by us or by our restricted subsidiaries from (a) any contribution to our capital stock or the capital stock of our restricted subsidiaries or issuance and sale of our qualified capital stock or the qualified capital stock of our restricted subsidiaries subsequent to the issue of our notes due, (b) issuance and sale subsequent to the issuance of our notes due 2017 or our indebtedness or the indebtedness of our restricted subsidiaries that has been converted into or exchanged for our qualified capital stock, or (c) any reduction in our indebtedness or any restricted subsidiary, (d) any reduction in debt investment (other than permitted investments) and return on assets, or (e) any distribution received from non-restricted subsidiaries.

Our dividend policy consists in the distribution of an amount up to the highest of a) twenty per cent (20%) of the Sales, leases and services of “Office and other Non-Shopping Center Rental Properties” segment, defined in Segment information, as of June 30 of each year, or b) twenty per cent (20%) of Net income defined in the Consolidated Statements of Income as of June 30 of each year. This policy requires that we must at all times comply with the covenants imposed by our financial obligations.

The table below presents the dividend payment ratio and the total amount of dividends paid for, each paid entirely in common shares, for the mentioned years. Figures in Pesos are stated in historical Pesos of their respective payment date.

| Year declared | Cash dividends (in millions of Ps.) | Cash dividends(1) (Ps.) | Stock dividends(1) (Ps.) | Total per common share (Ps.) |
|---------------|--|----------------------------|-----------------------------|---------------------------------|
| 1997 | 15.0 | 0.110 | — | 0.110 |
| 1998 | 13.0 | 0.060 | 0.05 | 0.110 |
| 1999 | 18.0 | 0.076 | 0.04 | 0.116 |

(1) Corresponds to payments per common share.

Our 2013 annual meeting of shareholders, will consider among other items the payment of a dividend in cash or in kind for up to Ps. 250.0 million for Fiscal Year 2013.

B. Significant Changes.

Repurchase of shares

Our Board of Directors has resolved to approve a stock repurchase plan under the terms of Section 64 of the Capital Markets Law (as defined herein below) and the CNV Rules (as defined herein below); the aforementioned stock repurchase plan will be enforce until June 30, 2014; and shall be performed with liquid and realized profits and freely available reserves, for total amount of up to Ps. 200,000,000 or up to 5% of our capital stock, for more information, please see Item 16 E “Purchase of Equity Securities by the Issuer and its Affiliates”.

Banco Hipotecario’s Dividends

The Shareholders’ Meeting of Banco Hipotecario S.A. has approved a dividend distribution for the amount of Ps. 30.0 million charged to the fiscal year ended December 31, 2012. In accordance with its shareholding, we will receive Ps. 9.2 million.

Shareholders Meeting:

Our 2013 annual meeting of shareholders will be held on October 31, 2013, in order to consider and approve, among others, (i) Consideration of the rules contained in Resolution 609/2012 issued by the Argentine Securities Commission and the creation of a special reserve in the Shareholders' Equity, (ii) Consideration of the documents contemplated in Section 234, paragraph 1, of Law No. 19,550 for the fiscal year ended June 30th, 2013, (iii) Consideration of the Board of Directors' performance, (iv) Consideration of the Supervisory Committee's performance, (v) Treatment of "Retained Earnings" account and consideration of the reversal of the "Reserve for New Projects" account. Delegation of its implementation, (vi) Treatment and allocation of net income for the fiscal year ended June 30th, 2013, amounting to PS. 238,737,000. Consideration of payment of a dividend in cash and/or in kind, for up to Ps. 250,000,000, (vii) Consideration of compensation payable to the Board of Directors for the fiscal year 2013, (viii) Consideration of compensation payable to the Supervisory Committee for the fiscal year 2013, (ix) Determination of the number and election of Regular Directors and Alternate Directors, as applicable, (x) Appointment of Regular and Alternate Members of the Supervisory Committee, (xi) Appointment of Certifying Accountant for the next fiscal year and determination of its compensation, (xii) Updating of Shared Services Agreement report, (xiii) Treatment of amounts paid as personal asset tax levied on the shareholders, (xiv) Consideration of the Plan for repurchase of shares and GDSs issued by us, (xv) Updating of information on the implementation of payment of the bonus under the Incentive Plan for the Company's officers as resolved upon by the shareholders' meetings dated October 29th, 2009, October 29th, 2010, October 31st, 2011, and October 31st, 2012. Approval of actions taken, (xvi) Consideration of launching a Voluntary Public Tender Offer for the Shares of our controlled company Alto Palermo, (xvii) Consideration of renewing the delegation on the Board of Directors of the powers to determine the time and currency of issuance and further terms and conditions for the issue of negotiable obligations under the Global Program for the Issue of Simple Negotiable Obligations for up to US\$ 300,000,000, (xviii) Consideration of renewing the delegation on the Board of Directors of the powers to determine the time and currency of issuance for the issuance of short-term debt securities ("Valores Representativos de Deuda de Corto Plazo", or "VCP") for a maximum outstanding amount which shall not exceed at any time the peso equivalent of US\$ 50,000,000.

Acquisition of Shares of Avenida.com

Through our subsidiary APSA, we have subscribed for 3,703,794 shares of Avenida Inc., representing 26.09% of its stock capital. Avenida Inc. will be engaged in the e-commerce business. The transaction price was Ps. 13.0 million, which have already been fully paid. APSA has the option to increase its interest up to 37.04% of the company.

ITEM 9. The Offer and Listing

A. Offer and Listing Details

The following summary provides information concerning our share capital.

Stock Exchanges in which our securities are listed

Our common shares are listed on the Buenos Aires Stock Exchange and our Global Depository Shares on the NYSE.

The following description of the material terms of our capital stock is subject to our certificate of incorporation and bylaws, which are included as exhibits to this Form 20-F, and the provisions of applicable Argentine Law.

Price history of our stock on the Bolsa de Comercio de Buenos Aires and NYSE

Our common shares are traded in Argentina on the Buenos Aires Stock Exchange, under the trading symbol “IRSA.” Since 1994, our GDSs, each presenting 10 common shares, have been listed on the NYSE under the trading symbol “IRS.” The Bank of New York Mellon is the depository with respect to the GDSs.

The table below shows the high and low daily closing prices of our common shares in Pesos and the quarterly trading volume of our common shares on the Buenos Aires Stock Exchange for the first quarter of 2009 through October 24, 2013. The table also shows the high and low daily closing prices of our GDSs in U.S. dollars and the quarterly trading volume of our GDSs on the NYSE for the first quarter of 2009 through October 24, 2013. Each GDS represents ten common shares.

B. Plan of Distribution

This item is not applicable.

C. Markets

Recently the Argentine government has enacted a new Capital Markets Law No. 26,831 (the “Capital Market Law”), which sets out the rules to govern capital markets, its players, and the securities traded therein subject to the Comisión Nacional de Valores (the “CNV” or the “Argentine Securities Commission”) regulation and monitoring.

Almost all the provisions of the former Executive branch Decree No. 677/2011 (the “Transparency Decree”) have been incorporated in the Capital Market Law. The Capital Market Law provides rules and provisions guided by the following goals and principles:

- Promoting the participation of small investors, union associations, industry groups and trade associations, professional associations and all public savings entities in the capital market, particularly encouraging mechanisms designed to promote domestic savings and channel such funds towards the development of production;
- Strengthening mechanisms for the protection of and prevention of abuses against small investors for the protection of consumers’ rights;
 - Promoting access of small and medium-sized companies to the capital market;
- Fostering the creation of a federally integrated capital market through mechanisms designed to achieve an interconnection of computer systems from different trading markets, with the use of state-of-the-art technology;
- Encouraging simpler trading procedures available to users to attain greater liquidity and competitiveness in order to provide the most favorable conditions for the implementation of transactions.

The CNV is a self-administered agency of the Argentine Government with jurisdiction covering the territory of Argentina, governed by the provisions contained in Capital Market Law, and the CNV Regulations among other related statutory regulations. The relationship of the CNV and the Argentine Executive is maintained through the Ministerio de Economía y Finanzas Públicas (Ministry of Economy and Public Finance), which shall hear any appeals filed against decisions made by the CNV, notwithstanding any other legal actions and remedies contemplated in the Capital Market Law.

The CNV supervises and regulates the authorized markets in which the securities and the collective investment products are traded, the corporations authorized in the public offer regime, and all the other players authorized to operate in the public offer regime, as the registered agents, the trading agents, the financial advisors, the underwriters and distributors, the brokers, the settlement and clearing agents, the managers of collective investment products, the custodians of collective investment products, the collective depositories, and the risk rating agencies, among others. Argentine institutional investors and insurance companies are regulated by separate government agencies, whereas financial institutions are regulated mainly by the Central Bank.

In order to offer securities to the public in Argentina, an issuer must meet certain requirements of the CNV regarding assets, operating history, management and other matters, and only securities for which an application for a public offering has been approved by the CNV may be listed on the Bolsa de Comercio de Buenos Aires (the “Buenos Aires Stock Exchange” or “BASE”). This approval does not imply any kind of certification or assurance related to the merits or the quality of the securities, or the issuer’s solvency. Issuers of listed securities are required to file unaudited quarterly

financial statements and audited annual financial statements, as well as various other periodic reports, with the CNV and the BASE.

In Argentina, debt and equity securities traded on an exchange or the over-the-counter market must, unless otherwise instructed by their shareholders, be deposited with Caja de Valores S.A., a corporation owned by the BASE, the Mercado de Valores de Buenos Aires (the “MERVAL”) and certain provincial exchange, which is the central securities depository of Argentina and provides central depository facilities, as well as acting as a clearinghouse for securities trading and as a transfer and paying agent for securities transactions.

Before offering securities to the public in Argentina, an issuer must meet certain requirements established by the CNV with regard to the issuer’s assets, operating history and management. Only securities approved for a public offering by the CNV may be listed on a stock exchange. However, CNV approval does not imply any kind of certification as to the quality of the securities or the solvency of the issuer, even though issuers of listed securities are required to file unaudited quarterly financial statements and audited annual financial statements in accordance with (IFRS and various other periodic reports with the CNV and the stock exchange on which their securities are listed, as well as to report to the CNV and the relevant stock exchange any event related to the issuer and its shareholders that may affect materially the value of the securities traded.

Securities Exchanges in Argentina

There are 11 securities exchanges in Argentina. The principal exchange for the Argentine securities market is the BASE, which handles approximately 99% of all equity trading in the country.

Buenos Aires Stock Exchange

The BASE is the principal Argentine market for trading the ordinary shares. The MERVAL currently the largest stock market in Argentina and is affiliated with the BASE. MERVAL is a corporation consisting of 134 shareholders who are the sole individuals or entities authorized to trade, either as principals or agents, in the securities listed on the BASE. Trading on the BASE is conducted either through the traditional auction system from 11 a.m. to 5 p.m. on trading days, or through the Computer-Assisted Integrated Negotiation System (“Sistema Integrado de Negociación Asistida por Computación” or “SINAC”). SINAC is a computer trading system that permits trading in both debt and equity securities and is accessed by brokers directly from workstations located in their offices. Currently, all transactions relating to listed negotiable obligations and listed government securities can be effectuated through SINAC. In order to control price volatility, MERVAL imposes a 15-minute suspension on trading when the price of a security registers a variation in price between 10% and 15% and between 15% and 20%. Any additional 5% variation in the price of a security will result in an additional 10-minute successive suspension period.

Investors in the Argentine securities market are mostly individuals and companies. Institutional investors, which are responsible for a growing percentage of trading activity, consist mainly of insurance companies and mutual funds.

The securities that may be listed on the BASE are: Stocks, Corporate Bonds, Convertible Corporate Bonds, Close-ended Investment Funds, Financial Trust, Indexes, Derivatives and Public Bonds. The Buenos Aires Stock Exchange is legally qualified for admission, suspension, and delisting of securities according to its own rules approved by the CNV. Furthermore, the Buenos Aires Stock Exchange works very closely with the CNV in surveillance activities. Also under a special agreement, registration and listing applications are directly filed with the Buenos Aires Stock Exchange for simultaneous processing.

Over the Counter Market

The Electronic Open Market (“Mercado Abierto Electrónico” or “MAE”) is an exchange organized under the laws of Argentina, which operates under the supervision of the CNV. The MAE works as an electronic platform to process Over the Counter transactions. It is an electronic exchange where both government securities and corporate bonds are traded through spot and forward contracts.

MAE brokers/dealers members, include national banks, provincial banks, municipal banks, private national banks, foreign banks, cooperative banks, financial institutions, foreign exchange entities and pure brokers/dealers (exclusively engaged in brokerage activities). Both Argentine or foreign capital banks and financial institutions may be the MAE’s brokers/dealers. Securities to be traded must be registered with the pertinent supervising authorities and may be traded in the MAE, in other exchanges or in both of them concurrently.

Securities Central Depository

Caja de Valores S.A. is a corporation organized under the laws of Argentina, totally private, which acts as central depository of public bonds and private securities. It was established in 1974 by Act 20,643, and it is supervised by the CNV.

Those authorized to make deposits of securities with the Caja de Valores are stockbrokers, banking financial institutions, and mutual funds.

Information regarding the Buenos Aires Stock Exchange

| | As of June 30, | |
|--|----------------|-------|
| | 2012 | 2013 |
| Market capitalization (Ps. billion) | 1,979 | 2,464 |
| Average daily trading volume (Ps. million) | 41.8 | 43.9 |
| Number of listed companies | 105 | 106 |

Although companies may list all of their capital stock on the Buenos Aires Stock Exchange, in many cases a controlling block is retained by the principal shareholders resulting in only a relatively small percentage of many companies’ stock being available for active trading by the public on the Buenos Aires Stock Exchange.

As of June 30, 2013, approximately 106 companies had equity securities listed on the Buenos Aires Stock Exchange.

The Argentine securities markets are substantially more volatile than the securities markets in the United States and certain other developed countries. The Merval experienced a 102.98 % increase in 2009, a 47.77 % increase in 2010, a 29.22% decrease in 2011, a 15.9% increase in 2012 and a 4.27% increase in the first six months of 2013. In order to control price volatility, the Merval operates a system pursuant to which the negotiation of a particular stock or debt security is suspended for a 15 minute period when the price of the security registers a variation on its price between 10% and 15% and between 15% and 20%. Any additional 5% variation on the price of the security after

that results in additional 10 minute successive suspension periods.

The New York Stock Exchange

Our Global Depositary Shares are listed on the New York Stock Exchange under the trading symbol "IRS".

B. Memorandum and Articles of Association

Our corporate purpose

Our legal name is IRSA Inversiones y Representaciones Sociedad Anónima. We were incorporated under the laws of Argentina on April 30, 1943 as a sociedad anónima (stock corporation) and were registered with the Public Registry of Commerce of the City of Buenos Aires (Inspección General de Justicia or “IGJ”) on June 23, 1943 under number 284, on page 291, book 46 of volume A. Pursuant to our by-laws, our term of duration expires on April 5, 2043.

Pursuant to article 4 of our by-laws our purpose is to perform the following activities:

- invest, develop and operate real estate developments;
- invest, develop and operate personal property, including securities;
- construct and operate works, services and public property;
- manage real or personal property, whether owned by us or by third parties;
- build, recycle, or repair real property whether owned by us or by third parties;
- advise third parties with respect to the aforementioned activities;
- finance projects, undertakings, works and/or real estate transactions of third parties;
- finance, create, develop and operate projects related to Internet.

Board of Directors

Voting on proposals in which directors have material interest

- shall not be allowed to make use of any corporate assets or confidential information for his/her own private purposes;
- shall not be allowed to profit or permit a third party to profit, whether by an action or an omission to act, from any business opportunities available to the company;
- shall be required to exercise any powers conferred to them solely for the purposes for which they were conferred under the law or the corporate bylaws or by a shareholders’ meeting or the board of directors;
- shall be required to meticulously ensure that no conflict of interest, whether direct or indirect, shall under any circumstances arise between his/her actions and the company’s interests.

In case of doubt as to a director’s compliance with his/her duty of loyalty, the burden of proof shall be borne by such person.

The Argentine Corporations Law No. 19,550 establishes in Section 271 that directors may enter into agreements with the company, that concern the business in which the company engages, always provided that they are entered into under market conditions. The agreements that do not fulfill the requirements mentioned above may only be executed

with the prior approval of the board of directors.

Furthermore, the Capital Markets Law (as defined below) in Section 72 states for companies authorized in the public offer regime, that any acts performed or contracts executed between the company and a related party and involving a significant amount shall be performed or executed pursuant to the procedure set forth below:

- a) A “related party” shall mean any of the following persons with respect to the issuer:
- i) Directors, members of the supervisory body or surveillance committee, as well as chief executive officers or special managers of the issuing company appointed under section 270 of Argentine Companies Law 19,550;
 - ii) Natural persons or legal entities controlling or holding a substantial interest, as determined by the CNV, in the capital stock of the issuer or the issuer’s controlling entity;
 - iii) Any other company under the common control of the same controlling entity;
 - iv) The ascendants, descendants, spouses or siblings of any of the natural persons referred to in paragraphs i) and ii) above;
 - v) Companies in which any of the persons referred to in paragraphs i) to iv) above hold a significant direct or indirect interest. Provided none of the circumstances described above is present, a subsidiary of the issuer shall not be deemed a “related party”.
- b) A “significant amount” shall be deemed involved in an act or contract when such amount exceeds 1% of the company’s shareholders’ equity as shown in the most recently approved balance sheet.

The board of directors or any members thereof shall request the audit committee to state whether in its opinion the terms of a transaction may be reasonably deemed adapted to regular and usual market conditions. The audit committee shall issue its pronouncement within 5 business days.

Notwithstanding the above inquiry from the audit committee, a resolution may be adopted by the company on the basis of a report from 2 independent evaluation companies, which shall express their opinion on the same matter and other terms of the transaction.

Nevertheless that, Section 272 of the Corporations Law provides that when a director has an opposite interest to the one of the company, he or she should notify that situation to the board of directors and the supervisory committee and abstain to vote in that respect. The violation of this provision results in the director being jointly and severally unlimitedly liable.

Approval of compensation of the members of the Board of Directors, Senior Management and Supervisory Committee

Our bylaws do not establish the compensation to be paid to members of the board of directors and the supervisory committee, and therefore pursuant to Section 261 of the Corporations Law No.19,550, it should be approved by the shareholders. The maximum amount that may be paid as compensation to members of the board of directors and the supervisory committee should not exceed 25% of the realized and net earnings of the company and 5% when there is no distribution of dividends. If the company does not distribute the total earnings, the amount of the compensation should be proportional to that distribution and within the mentioned limits. These limits may only be surpassed by express approval of the shareholders.

The total and aggregate compensation paid to our Senior Management and Directors for the fiscal year ended June 30, 2013 was Ps. 17.9 million.

The shareholders meeting held on October 31, 2012, approved by majority vote the decision not to pay any compensation to our Supervisory Committee.

Powers of directors

Our bylaws establish, in Section 18, that the board of directors has full and broad powers to organize, manage and direct us to fulfilling the corporate purpose.

Retirement of directors

Our bylaws do not establish any requirements or provisions regarding age limits for director's retirement, nor do they require a number of shares a director must own to qualify for the position.

Rights, preferences and restrictions attaching to the common shares

Dividend rights

The Corporations Law establishes that the distribution and payment of dividends to shareholders is valid only if they result from realized and net earnings of the company pursuant to an annual financial statements approved by the shareholders. The approval, amount and payment of dividends is subject to the approval of our annual ordinary shareholders meeting of the company. That approval requires the affirmative vote of the majority of the present votes with right to vote at the meeting.

Pursuant to the Corporations Law and Section 28 of our bylaws, liquid and realized profits of each fiscal year shall be distributed as follows:

- allocate 5% of such net profits to legal reserve, until the amount of such reserve equals 20% of the capital stock;
- the sum established by the shareholders' meeting as remuneration of the of Directors and the supervisory committee;

- dividends, additional dividends to preferred shares if any, or to optional reserve funds or contingency reserves or to a new account, or for whatever purpose the shareholders' meeting determines.

Dividends are paid pro rata according to the interests held by shareholders within thirty days after approval and the right to collection expires upon the expiration of a term of three years since they were made available to shareholders.

The shareholders' meeting may authorize payment of dividends on a quarterly basis provided no applicable regulations are violated. In that case, all and each of the members of the Board of Directors and the supervisory committee will be jointly and severally liable for the refund of those dividends if, as of the end of the respective fiscal year, the realized and net earnings of the company are not sufficient to allow the payment of dividends.

Voting rights and staggered elections

Our stock capital is composed by book-entry common shares with face value of Ps. 1 per share and entitled to one vote each.

All directors and alternate directors are elected for a three-year term.

Our by laws do not consider staggered elections.

Rights to share in IRSA's profits

The holders of our common shares have the right to participate in our net and realized profits on a pro rata basis of their respective interests.

Pursuant to the Corporations Law and Section 29 of our bylaws, liquidated and realized profits of each fiscal year shall be distributed as follows:

- allocate 5% of such net profits to legal reserve, until the amount of such reserve equals 20% of our capital stock;
- the sum established by the shareholders' meeting as remuneration of the board of Directors and the supervisory committee; and
- dividends, additional dividends to preferred shares if any, or to optional reserve funds or contingency reserves or to a new account, or for whatever purpose the shareholders determine at the shareholders' meeting.

Rights to share in any surplus in the event of liquidation

In the event of liquidation, dissolution or winding-up of our company, our assets are:

- to be applied to satisfy our liabilities; and
- to be proportionally distributed among holders of preferred stock in accordance with the terms of the preferred stock. If any surplus remains, our shareholders are entitled to receive and share proportionally in all net assets available for distribution to our shareholders, subject to the order of preference established by our by-laws.

Provisions related to a shareholder's ownership of certain amount of shares

Public Offering Acquisition

Section 9 of our by-laws provides that the acquisition by any person or group, directly or indirectly of our shares, convertible securities, rights to receive any of those securities that may grant that person the control of our company or 35% or more of our capital stock may only be done by complying with certain tender offer rules for all of our shares, except for:

- acquisitions by persons holding or controlling shares or convertible securities, notwithstanding the provisions of the Comisión Nacional de Valores; and
- holdings of more than 35%, which derive from the distribution of shares or dividends paid in shares approved by the shareholders, or the issuance of shares as a result of a merger approved by the shareholders; in both cases, the excess holding shall be disposed of within 180 days of its registration in the relevant shareholder's account, or prior to the holding of our shareholders meeting, whatever occurs first.

Our shareholders modified the first of the above exceptions in their shareholder meeting on October 10, 2007, to include the concept of effective control regularly held in addition to the legal control.

On October 31, 2003 in the ordinary and extraordinary annual shareholders meeting, shareholders decided not to adhere to the "Régimen Estatutario Optativo de Oferta Pública de Adquisición Obligatoria" (Optional Statutory Body of Public Offering of Compulsory Acquisition) provided under Decree No. 677/2001, consequently, shareholders decided to incorporate that provision under Section 1 of the by-laws. In 2012, Decree No. 677/2001 was abrogated by the Capital Markets Law, in that sense, the accession to such regime is no longer optional. As a result, since the enactment of the Capital Markets Law, we are subject to the public offering compulsory acquisition regime.

Procedure to change the rights of stockholders

The rights of holders of stock are established in the Corporations Law and in the bylaws. The rights of shareholders provided for by the Corporations Law may not be diminished by the bylaws. Section 235 of the Corporations Law establishes that the amendment of the bylaws should be approved by the absolute majority of our shareholders at an extraordinary shareholders meeting.

Ordinary and extraordinary shareholders' meetings

Our by-laws provide that shareholders' meetings may be called by our board of directors or by our Supervisory Committee or at the request of the holders of shares representing no less than 5% of the common shares. Any meetings called at the request of shareholders must be held within 30 days after the request is made. Any shareholder may appoint any person as its duly authorized representative at a shareholders meeting, by granting a proxy. Co-owners of shares must have single representation.

In general, the following matters can be considered only at a special shareholders' meeting (asamblea extraordinaria):

- matters that may not be approved at an ordinary shareholders' meeting;
- the amendment of our by-laws;
- reductions in our share capital;
- redemption, reimbursement and amortization of our shares;

- mergers, and other corporate changes, including dissolution and winding-up;
- limitations or suspensions to preemptive rights to the subscription of the new shares; and
- issuance of debentures, convertible negotiable obligations and bonds that not qualify as notes (obligaciones negociables).

In addition, pursuant to Capital Markets Law, at an ordinary shareholders' meeting, our shareholders must consider (i) the disposition of, or creation of any lien over, our assets as long as such decision has not been performed under the ordinary course of business; (ii) the execution of administration or management agreements; and (iii) whether to approve the payment of any agreement providing assets or services to us as long as such payment is material when measured against the volume of the ordinary course of business and our shareholders' equity.

In accordance with our by-laws, ordinary and special shareholders' meetings (asamblea extraordinaria) are subject to a first and second quorum call, the second to occur upon the failure of the first. The first and second notice of ordinary shareholders' meetings may be made simultaneously. In the event that both are made on the same day, the second must occur at least one hour after the first. If simultaneous notice was not given, the second notice must be given within 30 days after the failure to reach quorum at the first. Such notices must be given in compliance with applicable regulations.

A quorum for an ordinary shareholders' meeting on the first call requires the presence of a number of shareholders holding a majority of the shares entitled to vote and, on the second call, the quorum consists of the number of shareholders present, whatever that number. Decisions at ordinary shareholders' meetings must be approved by a majority of the votes validly exercised by the shareholders.

A quorum for a special shareholders' meeting (asamblea extraordinaria) on the first call requires the presence of persons holding 60% of the shares entitled to vote and, on the second call, the quorum consists of the number of shareholders present, whatever that number. Decisions at special shareholders' meeting (asamblea extraordinaria) generally must be approved by a majority of the votes validly exercised.

However, pursuant to the Argentine Corporations Law No. 19,550, all shareholders' meetings, whether convened on a first or second quorum call, require the affirmative vote of the majority of shares with right to vote in order to approve the following decisions:

- advanced winding-up of the company;
- transfer of the domicile of the company outside of Argentina;
- fundamental change in the purpose of the company;
- total or partial mandatory repayment by the shareholders of the paid-in capital; and
- a merger or a spin-off, when our company will not be the surviving company.

Holders of common shares are entitled to one vote per share. Owners of common shares represented by GDRs exercise their voting rights through the GDR Depositary, who acts upon instructions received from such shareholders and, in the absence of instructions, votes in accordance with the instructions given to the GDR Depositary by the board of directors as set forth in a written notice delivered to the GDR Depositary prior to the meeting.

The holders of preferred stock are not entitled to voting rights. However, in the event that no dividends are paid to such holders for their preferred stock, the holders of preferred stock are entitled to voting rights. Holders of preferred stock are also entitled to vote on certain special matters, such as a transformation of the corporate type, early dissolution, change to a foreign domicile, fundamental change in the corporate purposes, total or partial replacement of capital losses, mergers in which our company is not the surviving entity, and spin-offs. The same exemption will apply in the event the preferred stock is traded on any stock exchange and such trading is suspended or canceled.

Limitations to own securities by non-resident or foreign shareholders

There are no legal limitations on ownership of securities or exercise of voting rights, by non-resident or foreign shareholders. However, foreign shareholders must fulfill certain requirements with the IGJ ("Inspección General de Justicia") in order to assure that they will be able to properly exercise their voting rights. General Resolution No. 7 passed in September 2003 by the Inspección General de Justicia, and other related regulations set forth certain requirements for foreign entities registered with the Inspección General de Justicia. It provides, among other requirements, disclosure of information related to their proprietary interests in assets located outside Argentina to be at least equivalent in value to those located inside Argentina. The entities must comply with these requirements in order to (1) perform activities on a regular basis through their Argentine branches (Section 118 Argentine Corporate Law), or (2) exercise their ownership rights in Argentine Companies (Section 123 Argentine Corporate Law). In cases where the Inspección General de Justicia has concluded that the entities (a) do not have assets outside Argentina; or (b) have non-current assets that are not materially significant compared to those non-current assets which are owned by them and located in Argentina; or (c) the entity's address in Argentina becomes the place where this entity makes a majority of its decisions, corporate or otherwise, the entities may be required to amend and register their by-laws to comply with Argentine law, thereby becoming an Argentine entity subject to Argentine law according to Section 124 of Argentine Corporate Law. In addition, Argentine companies with shareholders consisting of such entities that fail to comply with these requirements may be subject to the following sanctions: (1) the Inspección General de Justicia may not register corporate decisions adopted by the Argentine Company when its off-shore shareholder votes as a shareholder and when that vote is essential in attaining a majority. Any decisions made pursuant to such vote related to the approval of its annual balance sheet may be declared null and void for administrative purposes; (2) whether or not the vote of the off-shore entity is necessary for purposes of determining quorum or majority, the Inspección General de Justicia may register the decision without considering that vote; and (3) the directors of the Argentine Company may be held personally liable for actions taken by the Argentine Company.

Ownership threshold above which ownership should be disclosed

The CNV Rules require that transactions, which cause a person's holdings of capital stock of a registered Argentine company, to equal or exceed 5% of the voting power, should be immediately notified to the Comisión Nacional de Valores. Thereafter, every change in the holdings that represents a multiple of 5% of the voting power should also be notified.

Directors, senior managers, executive officers, members of the supervisory committee, and controlling shareholders of an Argentine company whose securities are publicly offered, should notify the Comisión Nacional de Valores on a monthly basis, of their beneficial ownership of shares, debt securities, and call and put options related to securities of such companies and their controlling, controlled or affiliated companies.

Furthermore, the Comisión Nacional de Valores must be immediately notified of transactions which cause a person's holdings of capital stock of an Argentine company whose securities are publicly offered to equal or exceed 5% of the voting power and every change in the holdings that represents a multiple of 5% of the voting power. Holders of more than 50% of the common shares or who otherwise control decision making in shareholders' meetings, as well as directors, officers and members of the supervisory committee must provide the Comisión Nacional de Valores with annual reports of their holdings in the capital stock of such companies and monthly reports of any change in their holdings.

Amendment to the by-laws

On the shareholders' meeting held on October 25, 2007, our shareholders decided to amend the following sections of the by-laws: (i) Section Twelve in order to adapt the performance bonds granted by directors to current rules and regulations, and (ii) Section Fifteen in order to incorporate the possibility of holding remote board meetings pursuant to the provisions of section 65 of Decree 677/01. Such amendment is attached here to as Exhibit 1.2.

C. Material Contracts

We do not have any material contract entered into outside the ordinary course of business.

D. Exchange Controls

Foreign Currency Regulation

All transactions involving the purchase of foreign currency must be settled through the single free exchange market (Mercado Único Libre de Cambios, or "MULC") where the Central Bank supervises the purchase and sale of foreign currency. Under Executive Branch Decree No. 260/2002, the Argentine government set up an exchange market through which all foreign currency exchange transactions are made. Such transactions are subject to the regulations and requirements imposed by the Central Bank. Under Communication "A" 3471, as amended, the Central Bank established certain restrictions and requirements applicable to foreign currency exchange transactions. If such restrictions and requirements are not met, criminal penalties shall be applied.

Outflow and Inflow of Capital

Inflow of capital

Under Argentine Foreign Investment Law No. 21,382, as amended, and the wording restated under Executive Branch Decree No. 1853/1993, the purchase of stock of an Argentine company by an individual or legal entity domiciled abroad or by an Argentine "foreign capital" company (as defined under the Foreign Investment Law) represents a foreign investment.

Under Executive Branch Decree No. 616/2005, as amended, the Argentine government imposed certain restrictions on the inflow and outflow of foreign currency into and from the Argentine exchange market, including that inflowing new indebtedness and debt renewals by persons domiciled abroad must be agreed and cancelled within periods not shorter than 365 calendar days, irrespective of the method of payment. Additionally, such debt may not be prepaid before the lapse of such period. Such restrictions do not apply to (i) foreign trade financing, or (ii) primary public offering of equity or debt instruments issued under the public offering procedure and listed on self-regulated markets.

Pursuant to Communication "A" 4359, as amended, which regulated the Executive Branch Decree N° 616/2005, a registered, non-transferable and non-interest bearing deposit must be kept in Argentina for a period of 365 calendar days, in an amount equal to 30% of any inflow of funds into the domestic exchange market arising from (i) foreign debt (excluding foreign trade); and (ii) purchase of interests in Argentine companies that are not listed on self-regulated markets, except for direct investments and other transactions that may result in the inflow of foreign currency, or in indebtedness of a resident towards a nonresident. However, primary debt offerings by means of public offerings which are listed on a self-regulated market are exempted from such requirements. The mandatory deposit must be made in US dollars and held in Argentine financial institutions and it may not be used to guarantee or as collateral of any type of credit transactions.

Communication "A" 4377, amended by Communication "A" 4762 and 4933, exempted from keeping the 30% mandatory deposit the following transactions:

- i) Inflows of funds made by Multilateral and Bilateral Credit Agencies, either directly or through their related agencies.
- ii) Financial indebtedness with non-resident financial or private sector, to the extent the funds, net of taxes and expenses, are applied to the purchase of foreign currency for the payment of external debt services or the formation of long-term assets.

iii) Any other financial indebtedness with non-resident financial or private sector, to the extent the inflows had been incurred and repaid in an average term no less than two years, including principal and interests and, to the extent, the funds are applied to investment in non-financial assets by the private sector.

iv) Foreign currency settlements by Argentine residents derived from foreign currency loans granted by local financial institutions.

v) Direct investment contributions in local companies (pursuant to Communication "A" 4237 which defines "direct investment" as the participation in the capital stock which must be no less than 10%) and sale of interests in the capital stock of local companies to direct investors.

With respect to item v), there are some requirements aiming to comply with the accurate capitalization of the direct investment contribution regarding the actual capitalization and registration of the contribution with the Public Registry of Commerce in a term of 250 calendar days, otherwise, the mandatory deposit shall be made within 10 calendar days. An additional term of 180 calendar days could be granted by the financial entity if the delay in the registration of the contribution is due to reasons by which the client is not responsible.

Additionally, Communication "A" 4901, dated February 5, 2009, exempts from the obligation to keep such mandatory deposit in the case of inflows into the exchange market made by nonresidents, when the Pesos resulting from the settlement of the foreign currency are applied within the following ten business days to any of the purposes set forth by the classification of current transactions in international accounts, namely: a) discharge of advance payments or liabilities for income and personal asset taxes payable by individuals who are regarded as residents from a tax standpoint; b) payment by nonresidents of contributions to the social security system or payments to employee-owned or prepaid healthcare systems; c) payment of other taxes which, given their nature, are borne by nonresidents in their capacity as taxpayers, and always provided that such payment does not entitle the nonresident to claims vis-à-vis the tax authorities or third parties; and d) other rates and services supplied by residents. In addition, such exemption on mandatory deposits, subject to certain additional requirements, is also applicable to funds remitted from abroad by nonresident companies on behalf of employees from international corporate groups who are temporarily abroad, to local companies responsible for the settlement of taxes and for making the relevant payments.

Outflow of capital, including the availability of cash or cash equivalents

Exchange Transactions Inquiry Program

On October 28th, 2011, the Federal Administration of Public Revenues (Administración Federal de Ingresos Públicos, “AFIP”) established an Exchange Transactions Inquiry Program (“Inquiry Program”) through which the entities authorized by the Central Bank to deal in foreign exchange must inquire and register through an IT system the total peso amount of each exchange transaction at the moment it is closed.

All foreign exchange sale transactions, whether involving foreign currency or banknotes, irrespective of their purpose or allocation, are subject to this inquiry and registration system, which determines whether transactions are “Validated” or “Inconsistent”.

Pursuant to Communication “A” 5239, later replaced by Communication “A” 5245, in the case of sales of foreign exchange (foreign currency or banknotes) for the formation of off-shore assets by residents without the obligation of subsequently allocating it to specific purpose, entities authorized to deal in foreign exchange may only allow transactions through the MULC by those clients who have obtained the validation and who comply with the rest of the requirements set forth in the applicable foreign exchange regulations. The following are exempted from the Inquiry Program, among others: a) international agencies and institutions that act as official export credit agencies, diplomatic and consular offices, bilateral agencies established under International Treaties; and b) local governments.

Sales of foreign exchange other than for the formation of off-shore assets by residents without a specific purpose are also exempted from the Inquiry Program, although, the financial entities must verify that the other requirements established by the MULC are accomplished.

On December 20th, 2012, Resolution #3421 replaced Resolution #3356, both enacted by AFIP. The latest one sets forth an unified registration system to be fulfilled for the access to the foreign exchange market, in particular for the outflow of funds made by residents or nonresidents, in whichever purpose or destiny. Such resolution is related with Communications “A” 5245.

Financial Indebtedness

In accordance with Communication “A” 5265, the transactions arising from financial indebtedness of the financial sector, private non-financial sector and local governments must be settled in the foreign exchange market.

The provisions reach indebtedness with bonds, financial loans and any other transaction by which a disbursement of funds from a non-resident had been carried out. The obligation of settlement through the MULC shall be conducted within 30 calendar days as from the date of the disbursement abroad and the transfer shall be deposited in a local bank account.

Any new financial indebtedness paid through the MULC and any debt renewal with financial non-residents and private non-residents shall be settled, maintained and renewed for at least 365 calendar days as from the date of the disbursement, and they may not be prepaid before such term, whatever the manner of the cancellation of the obligation with the creditor had been agreed and independently of whether said cancellation is channeled through the MULC or not.

The primary issuance of publicly securities traded in self-regulated markets is exempted of the foregoing provisions.

Formation of off-shore assets by residents with and without subsequent allocation to specific purposes

On October 27, 2011, the Central Bank issued Communication "A" 5236 which rearranged all the regulations related to the purchase of foreign currency for the formation of off-shore assets by residents in the same text (i.e. Communication "A" 5198 and 5220). Notwithstanding, as a result of several amendments of the restrictions to the foreign exchange market to residents, certain provisions which allowed individual and legal entities to purchase foreign currency without specific allocation, have been suspended. In particular, the transactions described below have been affected by the new regulations (Communication "A" 5318 as of July, 5, 2012), preventing individuals who are Argentine residents, legal entities organized in Argentina and trusts set up with contributions from the national public sector, to perform the following transactions and, consequently, to transfer funds abroad:

- purchase up to US\$ 2,000,000 per month for the following purposes: real estate investments abroad, loans to nonresidents, contributions by residents of direct investments abroad, off-shore portfolio investments by individuals, other off-shore investments by residents, off-shore portfolio investments by legal entities, purchase of foreign banknotes to be held in Argentina and purchases of traveler checks, and donations.

As it was mentioned, Communication "A" 5236, item 4.2. which regulated the outflow of fund allowing residents to access to the MULC for the formation of off-shore assets without a specific allocation by residents has been suspended and, up to now, the Central Bank has not issued any other measure or provisions in this regard.

Regardless of the suspension stated by Communication "A" 5318, it is important to summarize the most relevant aspects related to the formation of off-shore assets with specific and no specific allocation which were ruled by Communication "A" 5236, items 4.1. and 4.2:

- Formation of off- shore assets for subsequent allocation for specific purposes: Up to January 27, 2012, individuals and legal entities domiciled in Argentina were authorized to purchase foreign currency without any limitation for the purpose of making direct investments abroad involving the production of non-financial goods and services, always provided that certain conditions are met (Communication "A" 5236, item 4.1).

- Formation of off-shore assets for subsequent allocation without specific purposes: individuals who were Argentine residents, legal entities organized in Argentina and trust set up with contributions from the national public sector were authorized to purchase up to US\$2,000,000 per month for the following purposes: real estate investments abroad, loans to nonresidents, contributions by residents of direct investments abroad, off-shore portfolio investments by individuals, other off-shore investments by residents, off-shore portfolio investments by legal entities, purchase of foreign banknotes to be held in Argentina and purchases of traveler checks, and donations (Communication “A” 5236, item 4.2).

However, it required the fulfillment of the following conditions:

A. The entities authorized to deal in foreign exchange previously inquire and register the transaction through the Inquiry program and the transaction is “Validated”.

B. The foreign currency purchased is not allocated to the purchase in the over-the-counter market of securities issued by residents or representing them, or issued by nonresidents and traded in Argentina. The previous consent is required when such allocation is effected by settling the purchase within twenty (20) business days following the date of access to the MULC.

C. Annual purchases in excess of US\$ 250,000:

a. Individuals: the broker entity must verify that the funds applied to the amounts purchased do not exceed the sum of:

i. the assets reported as investments in local financial assets and cash holdings in local currency as reflected in the most recent personal asset return that has become due;

ii. the proceeds from the realization in Argentina, in local currency, of the actual recordable assets and foreign banknotes consistent with the tax return and income for the period;

iii. income accrued during the calendar year that has been subject to income tax withholdings,

iv. gains accrued during the year from financial assets not subject to income tax; and

v. inheritance amounts received during the year.

b. Legal Entities: the broker entity must verify that the sum of the funds allocated to foreign currency purchases for these purposes does not exceed:

i. The amount of the accounting shareholders’ equity as of the closing of the last fiscal year previously ended,

ii. less investments made as of such date in off-shore assets, local deposits in foreign currency, interests in other local companies, distributions of profits and dividends approved before the balance sheet’s closing date,

iii. plus income accrued after the fiscal year’s closing date and sales in the local market of foreign banknotes.

Outflow of funds for payment to non-residents

According to Communication “A” 5264, amended by Communication “A” 5377 (issued on December 14th, 2012), there are no limits or restrictions applicable for residents who access the foreign exchange market to pay services, debts and profits to non-residents.. The access to the MULC requires the filing of certain documentation by residents

demonstrating the validity of transactions in which the funds are purchased for its remittance abroad.

Payment of services

As it was mentioned above, there is no restriction applicable for payments to be made to non-residents for performed services. The regulation covers all types of services without making any specifications. The financial entity shall require the filing of documentation supporting the authenticity of the transaction, the service rendered by the non-resident to the resident and the amount to be transferred abroad.

Should performed services are not related to the activities actually developed by the resident; the financial entity shall require a copy of the contract by which the payment obligation arises from and an auditor report. Such requirements intend to demonstrate the actual rendering of services to the non-resident and the existence of the debt.

The access to the MULC for the payment of: information services and technology, business professional and technical services, royalties, patents and trademarks, premium for loan's players, author's rights, personal, cultural and recreational services, commercial guarantee payments for export of goods and services, commercial commissions, exploitation of foreign films, audio and video rights, transfer of technology services pursuant to Law No. 22,426, shall be subject to the prior approval of BCRA when the foreign beneficiary of the payment is an individual or company related to the local debtor pursuant to the provisions establish in Communication "C" 40,209. Such regulation set forth the definition of "related companies or individual" as follows:

- One has directly or indirectly control over the other or is controlled by the one who exercise control over the other.
- When there are common directors and such authorities exercise a simple majority in the board of each other.

The existence of control by a company or an individual over the other, may be demonstrated when such company or individual, directly or indirectly (i) participate or control at least 25% of the votes in any instrument with voting rights in the other company or (ii) has at least a 50% or more of the voting rights in any instrument issued by the company in any shareholders meeting or meeting in which the directors or any other person with similar duties has been appointed or (iii) participate in the other company for any other rights and has the necessary voting rights to form the corporate will in any shareholders meeting or to resolve in any other corporate body.

The same BCRA's prior approval shall require should the individual or company is formed or registered in a tax heaven or the payment is made in a bank account opened in a tax heaven.

The BCRA's prior approval shall not be applicable in any of the above items should the contracts or agreements undertake an annual payment price and/or new indebtedness less than one hundred thousand dollars. Nevertheless, the prior approval shall be required if the actual payments in a year basis exceeds the aforesaid amount, regardless the value of each single contract. At the time of the payment and the access to the MULC, the transactions that do not exceed for such given year the fixed amount, may be settle without the prior approval of the BCRA. In all cases, the access to the MULC shall require the registration of the contracts and agreements at the time of the access to the foreign exchange market.

Likewise, foreign real estate's owners shall be subject to the same foregoing limitations to receive payments abroad.

Payment of rents (interest, profits and dividends)

As of January 8, 2003, Communication "A" 3859, item 3, allowed Argentine companies to transfer abroad profits and dividends related to closed financial statements certified by independent accountants without being required to obtain the prior authorization of the Central Bank. Such Communication was replaced by Communication "A" 5264.

The payments of profits and dividends to non-residents or ADR's is authorized, insofar such payments are made according to financial statements duly closed, audited and approved by shareholders' meeting.

The financial entity shall verify the accomplishment of the formalities established by Communication "A" 3602, as amended, and the fulfillment of the report of direct investment ruled by Communication "A" 4237 (please see below the Reporting System).

Payment of foreign financial indebtedness

Access to the exchange market is allowed for payments of principal amounts due, with the exception of the financial institutions subject to rediscounts granted by the Central Bank and which have restructured their debt with foreign creditors (Executive Branch Decree No. 739/2003 and Communication "A" 3940 of the Central Bank).

In general terms, access to MULC for payment of principal, interest and prepayment of financial indebtedness incurred by Argentine residents in the private non-financial sector and financial sector are subject to regulations set forth by Communications "A" 5265 as of January 3, 2012.

The sale of foreign currency for the payment of financial indebtedness must be made through check issued by the resident or debit to the resident local bank account. The financial entity must verify that the reporting system has been complied with in accordance with Communication "A" 3602. Additionally, the payment may only proceed if the funds disbursed remain in Argentina for at least 365 calendar days, in accordance with Executive Branch Decree N°

615/2005.

Interest payments: Pursuant to Communication “A” 5264, item 3.7., modified by Communication “A” 5397 on February 8th, 2013, the access to the MULC for the purchase of foreign currency to pay interests for financial indebtedness may be made:

- a. Up to 5 business day prior to the due date of each interest installment and to pay interest accrued within such interest period;
- b. To pay interest accrued as from the date of the settlement of the disbursement through the local foreign exchange market; or
- c. To pay interest accrued as from the date of the actual disbursement; provided that the funds disbursed abroad were credited in correspondent accounts of entities authorized to settle such funds through the local exchange market, within 48 hours from the date of their disbursement.

In all cases, the financial entity must verify the filing of the documents required by Communication “A” 3602 (affidavit related to the financial indebtedness) and Communication “A” 4237 (reporting of direct investment owned by non-residents) in case the creditor is part of the debtor’s economic group.

Principal Repayments and Prepayments: Pursuant to Communication “A” 5265, amended by Communication “A” 5397 (enacted on February 8th, 2013) foreign currency necessary to pay principal on foreign indebtedness owed by the private non-financial sector may be acquired:

- a. within 10 business days prior to the stated maturity of the applicable obligation; provided that the funds disbursed under such obligation have remained in Argentina for at least 365 days; or
- One has directly or indirectly control over the other or is controlled by the one who exercise control over the other.
 - When there are common directors and such authorities exercise a simple majority in the board of each other.

Direct Investment Reporting System

Direct Investments made in Argentina by nonresidents

Under Communication “A” 4237, the Central Bank established a reporting system in connection with direct investments and real estate investments made by nonresidents in Argentina and by residents abroad.

Nonresidents must comply every semester with the above mentioned reporting system if the amount of the investment in Argentina reaches or exceeds US\$ 500,000. If such amount is not reached, the reporting system is optional.

Direct investments made outside Argentina by Argentine residents

Argentine residents are required to meet the reporting system set forth in Communication “A” 4237 every year if the value of their investments abroad reaches or exceeds US\$1.0 million and its under US\$5.0 million, and every semester if it reaches or exceeds US\$ 5.0 million. If the value of such investments abroad does not reach US\$1.0 million, compliance with the reporting system is optional.

Sales of foreign exchange to nonresidents

The consent of the Central Bank is not required, unless the following conditions are met:

A. evidence is given that a smaller amount of foreign currency than the one intended to be purchased previously entered through the MULC during the nonresident's period of stay in Argentina;

B. the original foreign exchange certificate through which the foreign currency entered is produced;

C. an equivalent to US\$ 5,000 per client and per period of stay in Argentina is not exceeded.

For further details regarding the exchange regulations applicable in Argentina, investors should consult their professional advisers and read the full text of Executive Branch Decree 616/2005, Resolution No. 365/2005 of the Ministry of Economy and Production and Criminal Exchange Law No. 19,359, as well as the relevant regulations and supplementary provisions. Interested parties may consult such regulations through the website of the Ministry of Economy and Public Finance (<http://www.infoleg.gob.ar>) or the Central Bank (<http://www.bcra.gob.ar>).

Money Laundering

Argentine Law No. 25,246, as amended by Laws N° 26,118, 26,268, 26,683, and 26,734 categorizes money laundering as a crime, which is defined as the exchange, transfer, management, sale or any other use of money or other assets obtained through a crime, by a person who did not take part in such original crime, with the potential result that such original assets (or new assets resulting from such original assets) have the appearance of having been obtained through legitimate means. In spite of the fact that there is a specific amount for the money laundering category (AR\$300,000), the crimes committed for a lower amount are also punished, but the prison sentence is reduced.

After the enactment of Law 26,683, money laundering was included in the Penal Code as an independent crime against economic and financial order and it was split from the title “Concealment” as originally disposed. Therefore, money laundering is a crime which may be prosecuted independently.

The money laundering law created the Financial Information Unit (UIF). UIF is in charge of the analysis, treatment and transmission of information to prevent and impede the money laundering originating from, among others:

- a) Crimes related to the traffic and illegal commercialization of drugs (Law N° 23,737)
- b) Crimes related to arms traffic (Law N° 22,415);
- c) Crimes related to illegal association o terrorist association
- d) Crimes committed by illegal associations organized to commit crimes for political or racial purposes;
- e) Crimes against Public Administration
- f) Crimes of minor’s prostitution and child pornography
- g) Crimes related to terrorism financing

The UIF analyzes the information received by entities that have the obligation to report suspicious activities or operations and, as the case may be, inform the Public Ministry to carry out the investigations that may be considered relevant or necessary.

The money laundering legal framework in Argentina also assigns information and control duties to certain private sector entities, such as banks, agents, non-profits organizations, stock exchanges, insurance companies, according to the regulations of the Financial Information Unit, and for financial entities, the Central Bank. These regulations apply to many Argentine companies, including us. These obligations consist mainly of : (i) maintaining internal policies and procedures aimed at money laundering prevention and financing of terrorism, especially through the application of the policy “know your client”; (ii) reporting any suspicious activity or operation and (iii) acting according the Money Laundering Law with respect to the confidentiality of the information obtained from the clients. For that purpose, each entity involved must appoint a officer responsible for the monitoring and control under the Money Laundering Law.

As part of a more comprehensive modification of the rules that govern the scope of supervision of CNV, derive from the enactment of Capital Markets Law, which approved a new regulatory regime for the public offer of securities, CNV issued a new re-arranged text of its rules. By Resolution No. 622/2013, CNV incorporates a new chapter of Money Laundering and Terrorist Financing including dispositions related to the fulfillment of duties to be complied by the “Agentes de Negociación”, “Agentes de Liquidación y Compensación”, “Agentes de Distribución y Colocación” and

“Agentes de Administración de Productos de Inversión Colectiva”. Such agents are obliged to comply with any provision arising from Law 25,246 enacted by UIF. Furthermore, such duties will also be accomplished by the “Agentes de custodia de productos de inversión colectiva (Sociedades Depositarias de Fondos Comunes de Inversión”; “Agentes de corretaje”, “Agentes de depósito colectivo” and listed companies with respect to contribution, irrevocable contributions or indebtedness made by a shareholder or a third person to become a shareholder in the future, are also reached by the resolution.

Those subjects must send by internet (through the online application of CNV) their tax identification number. Additionally, in case of companies, it must be informed the personal data of the “Compliance Officer” (both regular and alternate).

With the purpose of strengthen the requirements in order to grant the authorization to operate in the exchange market, some new requisites were established in connection with: (i) competence and capacity; (ii) moral integrity and honesty and (iii) solvency. Such requisites are subject to the appraisal of CNV and must be fulfilled by managers, directors, auditors and any other individual who perform duties or activities within the company.

Some other measures are set forth related to listed companies or their shareholders or beneficial owners who had been convicted or condemned in connection with money laundering and/or terrorist financing activities or appeared in the list published by the United Nation Security Council.

E. Taxation

United States Taxation

The following summary describes certain United States federal income tax consequences of the ownership of common shares and GDSs by U.S. Holders (as defined below) as of the date hereof. Except where noted, it deals only with U.S. Holders that hold common shares or GDSs as capital assets. This summary does not represent a detailed description of the United States federal income tax consequences applicable to U.S. Holders that are subject to special treatment under the United States federal income tax laws, such as dealers in securities or currencies, financial institutions, regulated investment companies, real estate investment trusts, tax-exempt entities, insurance companies, traders in securities that elect to use the mark-to-market method of accounting for their securities, persons holding common shares or GDSs as part of a hedging, integrated, conversion or constructive sale transaction or a straddle, persons owning (or being deemed to own) 10% or more of our voting stock, persons liable for alternative minimum tax, investors in pass-through entities or persons whose “functional currency” is not the U.S. dollar.

- As used herein, the term “U.S. Holder” means a beneficial owner of common shares or GDSs that is for United States federal income tax purposes:
 - an individual citizen or resident of the United States;
- a corporation (or other entity treated as a corporation for United States federal income tax purposes) created or organized in or under the laws of the United States, any state thereof or the District of Columbia;
- an estate the income of which is subject to United States federal income taxation regardless of its source; or
- a trust if it (1) is subject to the primary supervision of a court within the United States and one or more United States persons have the authority to control all substantial decisions of the trust or (2) has a valid election in effect under applicable United States Treasury regulations to be treated as a United States person.

The discussion below is based upon the provisions of the Internal Revenue Code of 1986, as amended (the “Code”), and regulations, rulings and judicial decisions thereunder as of the date hereof, and such authorities may be repealed, revoked or modified so as to result in United States federal income tax consequences different from those discussed below. In addition, this summary is based, in part, upon representations made by the GDS depository to us and assumes that the deposit agreement, and all other related agreements, will be performed in accordance with their terms.

PERSONS CONSIDERING THE PURCHASE, OWNERSHIP OR DISPOSITION OF OUR COMMON SHARES OR GDSS SHOULD CONSULT THEIR OWN TAX ADVISORS CONCERNING THE UNITED STATES FEDERAL INCOME TAX CONSEQUENCES IN LIGHT OF THEIR PARTICULAR SITUATIONS AS WELL AS ANY CONSEQUENCES ARISING UNDER THE LAWS OF ANY OTHER TAXING JURISDICTION.

If a partnership holds common shares or GDSs, the tax treatment of a partner will generally depend upon the status of the partner and the activities of the partnership. U.S. Holders that are partners of a partnership holding common shares or GDSs should consult their own tax advisors.

GDSs

If you hold GDSs, for United States federal income tax purposes, you generally will be treated as the owner of the underlying common shares that are represented by such GDSs. Accordingly, deposits or withdrawals of common

shares for GDSs by U.S. Holders will not be subject to United States federal income tax.

Distributions on Common Shares or GDSs

Subject to the discussion under “—Passive Foreign Investment Company” below, the gross amount of distributions on our common shares or GDSs (including amounts withheld to reflect Argentinean withholding taxes, if any) will be taxable as dividends to the extent paid out of our current or accumulated earnings and profits, as determined under United States federal income tax principles. Such dividends will be includable in your gross income as ordinary income on the day actually or constructively received by you, in the case of our common shares, or by the GDS depository, in the case of our GDSs. Such dividends will not be eligible for the dividends received deduction allowed to corporations.

With respect to United States non-corporate investors, certain dividends received from a qualified foreign corporation may be subject to reduced rates of taxation. A foreign corporation is treated as a qualified foreign corporation with respect to dividends received from that corporation on common shares (or GDSs backed by such common shares) that are readily tradable on an established securities market in the United States. United States Treasury Department guidance indicates that our GDSs (which are listed on the NYSE), but not our common shares, are readily tradable on an established securities market in the United States. Thus, we do not believe that dividends that we pay on our common shares that do not underlie GDSs currently meet the conditions required for these reduced tax rates. Non-corporate holders that do not meet a minimum holding period requirement during which they are not protected from the risk of loss or that elect to treat the dividend income as “investment income” pursuant to Section 163(d)(4) of the Code will not be eligible for the reduced rates of taxation regardless of our status as a qualified foreign corporation. In addition, the rate reduction will not apply to dividends if the recipient of a dividend is obligated to make related payments with respect to positions in substantially similar or related property. This disallowance applies even if the minimum holding period has been met. Non-corporate U.S. Holders should consult their own tax advisors regarding the application of these rules given their particular circumstances.

The amount of any dividend paid in Pesos will equal the U.S. dollar value of the Pesos received calculated by reference to the exchange rate in effect on the date the dividend is actually or constructively received by you, in the case of our common shares, or by the GDS depository, in the case of our GDSs, regardless of whether the Pesos are converted into U.S. dollars. If the Pesos received as a dividend are not converted into U.S. dollars on the date of receipt, you will have a tax basis in the Pesos equal to their U.S. dollar value on the date of receipt. Any gain or loss realized on a subsequent conversion or other disposition of the Pesos will be treated as United States source ordinary income or loss.

Subject to certain complex conditions and limitations, Argentinean withholding taxes on dividends, if any, may be treated as foreign taxes eligible for credit against your United States federal income tax liability. For purposes of calculating the foreign tax credit, dividends paid on our common shares or GDSs will be treated as income from sources outside the United States and will generally constitute passive category income. If you do not elect to claim a credit for any foreign taxes paid during a taxable year, you may instead claim a deduction in respect of such foreign taxes. Further, in certain circumstances, if you have held our common shares or GDSs for less than a specified minimum period during which you are not protected from risk of loss, or are obligated to make payments related to the dividends, you will not be allowed a foreign tax credit for foreign taxes imposed on dividends paid on our common shares or GDSs. The rules governing the foreign tax credit are complex. You are urged to consult your tax advisors regarding the availability of the foreign tax credit under your particular circumstances.

To the extent that the amount of any distribution (including amounts withheld to reflect Argentinean withholding taxes, if any) exceeds our current and accumulated earnings and profits for a taxable year, as determined under United States federal income tax principles, the distribution will first be treated as a tax-free return of capital, causing a reduction in the adjusted basis of our common shares or GDSs, and thereafter as capital gain recognized on a sale or exchange (as discussed below under “—Taxation of Capital Gains”). However, we do not expect to keep earnings and profits in accordance with United States federal income tax principles. Therefore, you should expect that a distribution will generally be treated as a dividend (as discussed above).

Distributions of our common shares that are received as part of a pro rata distribution to all of our shareholders generally will not be subject to United States federal income taxes.

Passive Foreign Investment Company

Based on the current and projected composition of our income and the valuation of our assets, including goodwill, we do not believe we were a passive foreign investment company (“PFIC”) for United States federal income tax purposes for the taxable year ending June 30, 2013, and we do not currently expect to become a PFIC, although there can be no assurance in this regard. The determination of whether we are a PFIC is made annually. Accordingly, it is possible that we may be a PFIC in the current or any future taxable year due to changes in our asset or income composition or if our projections are not accurate. The volatility and instability of Argentina’s economic and financial system may substantially affect the composition of our income and assets and the accuracy of our projections. In addition, this determination is based on the interpretation of certain U.S. Treasury regulations relating to rental income, which regulations are potentially subject to differing interpretation.

In general, we will be a PFIC for any taxable year in which:

- at least 75% of our gross income is passive income; or
- at least 50% of the value (determined based on a quarterly average) of our assets is attributable to assets that produce or are held for the production of passive income.

For this purpose, cash is a passive asset and passive income generally includes dividends, interest, royalties, and rents (other than royalties and rents derived in the active conduct of a trade or business and not derived from a related person). If we own at least 25% by value of the stock of another corporation, we will be treated, for purposes of the PFIC tests, as owning our proportionate share of that other corporation’s assets and receiving our proportionate share of its income. If we are a PFIC for any taxable year during which you hold our common shares or GDSs, you will be subject to special tax rules discussed below.

If we are a PFIC for any taxable year during which you hold our common shares or GDSs, you will be subject to special tax rules with respect to any “excess distributions” received and any gain realized from a sale or other disposition, including a pledge, of such common shares or GDSs. Distributions received in a taxable year that are greater than 125% of the average annual distributions received during the shorter of the three preceding taxable years or your holding period for the common shares or GDSs will be treated as excess distributions. Under these special tax rules:

- the excess distribution or gain will be allocated ratably over your holding period for the common shares or GDSs;
- the amount allocated to the current taxable year, and any taxable year prior to the first taxable year in which we become a PFIC, will be treated as ordinary income; and

- the amount allocated to each other year will be subject to tax at the highest tax rate in effect for that year and the interest charge generally applicable to underpayments of tax will be imposed on the resulting tax attributable to each such year.

If we are a PFIC for any taxable year during which you hold our common shares or GDSs and any of our non- United States subsidiaries is also a PFIC, a U.S. Holder would be treated as owning a proportionate amount (by value) of the common shares of the lower tier PFIC for purposes of the application of these rules. You are urged to consult your tax advisors about the application of the PFIC rules to any of our subsidiaries.

In addition, non-corporate U.S. Holders will not be eligible for reduced rates of taxation on any dividends received from us, if we are a PFIC in the taxable year in which such dividends are paid or in the preceding taxable year. You will be required to file Internal Revenue Service Form 8621 if you hold our common shares or GDSs in any year in which we are classified as a PFIC.

In certain circumstances, in lieu of being subject to the excess distribution rules discussed above, you may make an election to include gain on our common shares and GDSs as ordinary income under a mark-to-market method, provided that our common shares or GDSs are regularly traded on a qualified exchange. Under current law, the mark-to-market election is only available for stock traded on certain designated United States exchanges and foreign exchanges which meet certain trading, listing, financial disclosure and other requirements to be treated as a qualified exchange under applicable United States Treasury regulations. Our common shares are listed on the Buenos Aires Stock Exchange, which must meet the trading, listing, financial disclosure and other requirements under applicable United States Treasury regulations for purposes of the mark-to-market election, and no assurance can be given that the common shares are or will be “regularly traded” for purposes of the mark-to-market election. Our GDSs are currently listed on the NYSE, which constitutes a qualified exchange under the United States Treasury regulations, although there can be no assurance that the GDSs are or will be “regularly traded.”

If you make an effective mark-to-market election, you will include in ordinary income each year that we are a PFIC the excess of the fair market value of our common shares or GDSs at the end of the year over your adjusted tax basis in our common shares or GDSs. You will be entitled to deduct as an ordinary loss in each such year the excess of your adjusted tax basis in our common shares or GDSs over their fair market value at the end of the year, but only to the extent of the net amount previously included in income as a result of the mark-to-market election. Your basis in the common shares or GDSs will be adjusted to reflect any such income or loss amounts. Any gain or loss on the sale of the common shares or GDSs will be ordinary income or loss, except that such loss will be ordinary loss only to the extent of the previously included net mark-to-market gain.

Your adjusted tax basis in our common shares or GDSs will be increased by the amount of any income inclusion and decreased by the amount of any deductions under the mark-to-market rules. If you make a mark-to market election, it will be effective for the taxable year for which the election is made and all subsequent taxable years unless our common shares or GDSs are no longer regularly traded on a qualified exchange or the Internal Revenue Service consents to the revocation of the election. You are urged to consult your tax advisors about the availability of the mark-to-market election, and whether making the election would be advisable in your particular circumstances.

In some cases, holders of common shares or GDSs in a PFIC may be able to avoid the rules described above by electing to treat the PFIC as a “qualified electing fund” under Section 1295 of the Code. This option will not be available to you because we do not intend to comply with certain calculation and reporting requirements necessary to permit you to make this election.

You are urged to consult your tax advisors concerning the United States federal income tax consequences of holding our common shares or GDSs if we are considered a PFIC in any taxable year.

Taxation of Capital Gains

Subject to the discussion under “—Passive Foreign Investment Company” above, for United States federal income tax purposes, you will generally recognize capital gain or loss on any sale, exchange, redemption or other taxable disposition of our common shares or GDSs in an amount equal to the difference between the U.S. dollar value of the amount realized for the common shares or GDSs and your tax basis in the common shares or GDSs determined in U.S. dollars. Capital gains of non-corporate U.S. Holders derived with respect to capital assets held for more than one year are eligible for reduced rates of taxation. The deductibility of capital losses is subject to limitations under the Code. Any gain or loss recognized by you will generally be treated as United States source gain or loss for United States foreign tax credit purposes. Consequently, you may not be able to use the foreign tax credit arising from any Argentinean tax imposed on the disposition of our common shares or GDSs unless such credit can be applied (subject to applicable limitations) against tax due on other income treated as derived from foreign sources.

Argentine Personal Assets Tax

Amounts paid on account of the Argentine Personal Assets Tax, if any, will not be eligible as a credit against your United States federal income tax liability, but may be deductible subject to applicable limitations in the Code.

Information Reporting and Backup Withholding

In general, information reporting will apply to dividends in respect of our common shares or GDSs and the proceeds from the sale, exchange or redemption of our common shares or GDSs that are paid to you within the United States (and in certain cases, outside the United States), unless you are an exempt recipient. A backup withholding tax may apply to such payments if you fail to provide a correct taxpayer identification number or certification of other exempt status or fail to report in full dividend and interest income.

Backup withholding is not an additional tax. Any amounts withheld under the backup withholding rules will be allowed as a refund or a credit against your United States federal income tax liability provided the required information is timely furnished to the Internal Revenue Service.

Argentine Taxation

The following discussion is a summary of certain Argentine tax considerations associated with an investment in, ownership or disposition of, the shares or the GDSs by (i) an individual holder that is resident in Argentina, (ii) an individual holder that is neither domiciled nor resident in Argentina, (iii) a legal entity organized under the laws of Argentina (iv) a permanent business establishment in Argentina owned by a foreign entity and (v) a legal entity that is not organized under the laws of Argentina, that does not have a permanent establishment in Argentina and is not otherwise doing business in Argentina on a regular basis. The discussion is for general information only and is based on current Argentine tax laws. Moreover, while this summary is considered to be a correct interpretation of existing laws in force as of the date of this 20-F Form, no assurance can be given that the courts or administrative authorities responsible for the administration of such laws will agree with this interpretation or that changes in such laws or interpretations will not occur.

PROSPECTIVE INVESTORS ARE URGED TO CONSULT THEIR OWN TAX ADVISOR REGARDING THE PARTICULAR TAX CONSEQUENCES ARISING UNDER ANY TAXING JURISDICTION .

Income tax

Law No. 26,893, enacted on September 12, 2013 and published in the Official Gazette on September 23, 2013, introduced several changes to Income Tax Law No. 20,628, including the derogation of Section 78 of Decree No. 2,284/1991, which provided that foreign holders with no permanent establishment in Argentina were exempt from paying income tax on the capital gains arising from the sale or other disposition of shares or GDSs.

Law No. 26,893 contains various unclear provisions and to date, it has not been regulated by the Argentine Executive Branch or interpreted by the competent courts.

The changes introduced by Law No. 26,893 are effective as from the date of publication of such law in the Official Gazette and are applicable to taxable events consummated from such date onwards.

Taxation of Dividends

Until Law No. 26,893 became effective, dividends, whether in cash, in shares or in kind, approved by our shareholders were not subject to income tax. As from the effectiveness of Law No. 26,893, dividends (other than stock dividends) are subject to tax at a rate of 10%. Dividends received by Argentine entities (generally entities organized or incorporated under Argentine law, certain traders and intermediaries, local branches of non-Argentine entities, sole proprietorships and individuals carrying on certain commercial activities in Argentina) are not subject to the 10% tax .

Notwithstanding the foregoing, according to Argentine law, and irrespective of the 10% tax mentioned in the previous paragraph, income tax will be applied to the amount of dividends distributed in excess of a company's net taxable income determined in accordance with general income tax regulations for the fiscal years preceding the date of the distribution of such dividends. The legislation requires that companies withhold 35% of the amount of distributed dividends in excess of the net taxable income of such distribution, as determined in accordance with the income tax law. The withholding would not be applied to the payment of future dividends derived out of retained earnings obtained in the fiscal years ended prior to December 30, 1998. Dividends distributed by an Argentine company are not subject to this tax to the extent that those dividends arise from dividend income or other distributions received by such company from other Argentine companies.

Taxation of Capital Gains

As from the effectiveness of Law No. 26,893 income from sale, exchange, disposition or transfer of shares or GDSs is subject to tax, irrespective of the person that obtains such income, exception made of transactions made by resident individuals involving shares or ADS that are listed on securities exchanges or markets and/or authorized to be offered to the public.

Resident individuals

Capital gains obtained by resident individuals from the sale of shares not listed on securities exchanges or markets are subject to tax at a rate of 15%.

Losses arising from the sale, exchange or other disposition of shares or GDSs can be applied only to offset such capital gains arising from the sale, exchange or other disposition of these securities.

Foreign beneficiaries

Capital gains obtained by non resident individuals or foreign entities from the sale, exchange or other disposition of shares or GDSs are subject to tax at a rate of 35% or 15%, respectively, applicable on 90% of the sales or disposition value. Notwithstanding, foreign entities may choose to pay 15% on the difference between the gross profit of the transaction less the costs incurred in the country in order to obtain and maintain it and the deductions allowed by the income tax law.

When the purchaser of the shares or GDS is also a non-resident, the purchaser of the shares or GDSs is liable for the payment of this tax.

Local entities

Capital gains obtained by Argentine entities (generally entities organized or incorporated under Argentine law, certain traders and intermediaries, local branches of non-Argentine entities, sole proprietorships and individuals carrying on certain commercial activities in Argentina) derived from the sale, exchange or other disposition of shares or GDSs are subject to income tax at the rate of 35%.

Losses arising from the sale, exchange or other disposition of shares or GDSs can be applied only to offset such capital gains arising from the sale, exchange or other disposition of these securities.

WE RECOMMEND PROSPECTIVE INVESTORS TO CONSULT THEIR OWN TAX ADVISOR REGARDING THE PARTICULAR TAX CONSEQUENCES CONCERNING THE SALE OR OTHER DISPOSITIONS OF SHARES AND GDSs.

Value Added Tax

The sale, exchange, disposition, or transfer of shares or GDSs is not subject to Value Added Tax.

Personal Assets Tax

Law No. 25,585 issued on April 24, 2002 and published in the Official Gazette on May 15, 2002 (and applicable to personal assets held as of December 31, 2002) introduces amendments to Law No. 23,966 and imposes the personal assets tax on shares and GDSs held by individuals and undivided estates domiciled or located in Argentina or abroad and legal entities not domiciled in Argentina, separately from other assets.

This amendment imposes the obligation to pay the personal assets tax on the Argentine private issuer of the shares and GDSs, and authorizes it to seek recovery of the amount so paid, without limitation, by way of withholding or by foreclosing on the assets that gave rise to such payment. The tax is levied on the proportional equity value of the shares as reflected in the most recent balance sheet closed as of December 31 of the taxable year, at the rate of 0.5% without any non-taxable minimum being applicable.

Our shareholders approved the absorption of personal asset tax by us for the years 2002 to 2012. There can be no assurance that in the future this tax will be absorbed by us.

Tax on Minimum Notional Income (Impuesto a la Ganancia Mínima Presunta, IGMP)

Companies domiciled in Argentina, partnerships, foundations, sole proprietorships, trusts, certain mutual funds organized in Argentina, and permanent business establishments owned by foreign persons, among other taxpayers,

shall apply a 1% rate to the total value of assets held by such persons, above an aggregate nominal amount of Ps. 200,000. Nevertheless, shares and GDSs issued by entities subject to such tax are exempt from paying the IGMP.

Gross Income Tax

The gross income tax is a local tax; therefore, the rules of the relevant provincial jurisdiction should be considered, which may levy this tax on the customary purchase and sale, exchange or other disposition of shares and GDSs, and/or the collection of dividends at an average rate of 6%, unless an exemption is applicable. In the particular case of the City of Buenos Aires, any transaction involving shares and/or the collection of dividends and revaluations is exempt from this tax.

There is no gross income tax withholding system applicable to the payments made to foreign beneficiaries.

Stamp Tax

The stamp tax is a local tax that is generally levied on the instrumentation of onerous acts executed within a certain provincial jurisdiction or outside a certain provincial jurisdiction but with effects in such jurisdiction; therefore, the rules of the relevant provincial jurisdiction should be considered for the issuance of instruments which implement onerous transactions (including issuance, subscription, placement and transfer) involving the shares or GDSs, executed in those jurisdictions, or with effects in those jurisdictions, could be deemed to be subject to this tax.

Notwithstanding, for the City of Buenos Aires, any instrument related to the transfer of shares which public offering is authorized by Comisión Nacional de Valores is exempt from this tax.

Tax on Credits and Debits in Bank Accounts

This tax is levied upon debits and credits in bank accounts and upon other transactions which, due to their special nature and characteristics, are similar or could be used in substitution for a checking account, such as payments on behalf of or in the name of third parties, procedures for the collection of securities or documents, drafts and transfers of funds made by any means, when these transactions are performed by local banks.

The tax law and its regulations provide several exemptions to this tax. For example, it does not apply to entities recognized as exempt from income tax, to debits and credits relating to salaries, to retirement and pension emoluments credited directly by banking means and withdrawals made in connection with such credits, to credits in checking accounts originated from bank loans, and to transfers of checks by endorsement.

The general rate of the tax is 0.6%. An increased rate of 1.2% applies in cases in which there has been a substitution for the use of a checking account.

Pursuant to Argentine Regulatory Decree 380/2001, as amended, 34% of the tax paid on credits levied at the 0.6% rate and 17% of the tax paid on transactions levied at the 1.2% tax rate can be used, to its exhaustion, as a credit against income tax, tax on minimum notional income and/or the special contribution on cooperatives capital.

Transfer Taxes

There are no taxes levied on the sales and/or transfers of shares or GDSs. Argentina imposes neither an estate nor gift tax on a decedent, donor, legatee or donee.

Notwithstanding the foregoing, at the provincial level, the Province of Buenos Aires passed Law No. 14,044 whereby it imposed a tax on the gratuitous transmission of property, effective as from January 1, 2011, whose basic features are as follows:

- The tax on gratuitous transmission of property is applicable to any enrichment resulting from transmissions made for no consideration, including: inheritances, legacies, donations, inheritance advance payments or any other event that implies a gratuitous monetary enrichment.
- The tax on gratuitous transmission of property is payable by individuals and legal entities that are beneficiaries of a gratuitous transmission of property.
- For taxpayers domiciled in the Province of Buenos Aires, the tax on gratuitous transmission of property is levied on the total amount of the gratuitous enrichment, in respect of property situated both in and outside of the Province of Buenos Aires. Instead, for taxpayers domiciled outside of the Province of Buenos Aires, the tax on gratuitous transmission of property is levied only on the gratuitous enrichment resulting from the transmission of such property as is situated within the Province of Buenos Aires.
- The following property, among others, is deemed situated in the Province of Buenos Aires (i) securities and shares of stock, membership or equity interests and other negotiable instruments representing capital stock, issued by governmental or private entities and companies domiciled in the Province of Buenos Aires; (ii) securities, shares of stock and other negotiable instruments issued by private entities or companies domiciled in a different jurisdiction that were physically situated in the Province of Buenos Aires at the time of their transmission; and (iii) securities, shares of stock and other negotiable instruments representing capital stock or its equivalent issued by entities or companies domiciled in another jurisdiction which are also physically situated in another jurisdiction, in proportion to the issuer's assets situated in the Province of Buenos Aires.
- Gratuitous transmissions of property are exempt from tax when their aggregate value, excluding deductions, exemptions and exclusions, is equal to or lower than \$ 60,000 and it rises to \$250,000 in the case of parents, children and spouse.
- Step-up rates from 4% to 21.925% have been established, based on the degree of kinship and taxable base involved.

The gratuitous transmission of common shares or GDSs could be subject to the tax on gratuitous transmission of property to the extent that it forms part of gratuitous transmissions of property made for an aggregate amount in excess of \$ 60,000, excluding deductions, exemptions and exclusions.

As regards the existence of taxes on conveyances of property without valuable consideration in the remaining provincial jurisdictions, an analysis must be conducted based on the legislation of each province in particular.

Court and Other Taxes

In the event that it becomes necessary to institute legal actions in relation to the shares or GDS's in Argentina, a court tax (currently at a rate of 3.0%) will be imposed on the amount of any claim brought before the Argentine courts sitting in the City of Buenos Aires.

No Argentine tax is imposed on the deposit or withdrawal of shares in exchange for GDSs. Other than the taxes discussed above, no other Argentine taxes are applicable to an investment in shares or GDSs. At present, there is no national tax specifically applicable to the transfer of securities.

Tax Treaties

Argentina has entered into tax treaties with several countries. There is currently no tax treaty or convention in effect between Argentina and the United States.

F. Dividends and Paying Agents

This Section is not applicable.

G. Statement by Experts

This section is not applicable.

H. Documents on display

We file annual, quarterly and other information with the SEC. You may read and copy any document that we file at the public reference rooms of the SEC at 450 Fifth Street, N.W., Washington, D.C. 20549; and 500 West Madison Street, Suite 1400, Chicago, Illinois 60661. You may obtain information on the operation of the Public Reference Rooms by calling the SEC at 1-800-SEC-0330. Our Internet address is <http://www.irsa.com.ar> . It should be noted that nothing on our website should be considered part of this Annual Report. You may request a copy of these filings at no cost, by writing or calling the offices of IRSA, Moreno 877, (C1091AAQ) Buenos Aires, Argentina. Our telephone number is +54-11-4323-7400.

I. Subsidiary Information

This section is not applicable.

ITEM 11. Quantitative and qualitative disclosures about market risk

In the normal course of business, we are exposed to foreign exchange risk, interest rate risks and other price risk, primarily related to changes in exchange rates and interest rates. We manage our exposure to these risks through the use of various financial instruments, none of which are entered into for trading purposes. We have established policies and procedures governing the use of financial instruments, specifically as they relate to the type and volume of such financial instruments. For further information on our market risks, please see Note 5 to our audited consolidated financial statements.

ITEM 12. Description of Other than Equity Securities

A. Debt Securities

This item is not applicable

B. Warrants and Rights

This item is not applicable

C. Other Securities

This item is not applicable

D. American Depositary Shares

The Bank of New York Mellon, as depositary for the GDSs (the "Depositary") collects its fees for delivery directly from investors depositing shares or surrendering GDSs for the purpose of withdrawal. The depositary also collects taxes and governmental charges from the holders of GDSs. The depositary collects these fees and charges by deducting those fees from the amounts distributed or by selling a portion of distributable property to pay the fees (after attempting by reasonable means to notify the holder prior to such sale).

The Depositary has agreed to reimburse or pay on our behalf, certain reasonable expenses related to our GDS program and incurred by us in connection with the program (such as NYSE listing fees, legal and accounting fees incurred with preparation of Form 20-F and ongoing SEC compliance and listing requirements, distribution of proxy materials, investor relations expenses, etc). The Depositary has covered all such expenses incurred by us during 2012 for an amount of US\$ 131,918. The Company is currently negotiating with the Depositary the reimbursements for the year 2013.

The amounts the Depositary reimbursed or paid are not perforce related to the fees collected by the depositary from GDSs holders.

We agree to pay the fees, reasonable expenses and out-of-pocket charges of the Depositary and those of any registrar only in accordance with agreements in writing entered into between the Depositary and the Company from time to time. The Depositary shall present its statement for such charges and expenses to the Company once every three months. The charges and expenses of the custodian are for the sole account of the Depositary.

The following charges shall be incurred by any party depositing or withdrawing shares or by any party surrendering receipts or to whom receipts are issued (including, without limitation, issuance pursuant to a stock dividend or stock

split declared by the Issuer or an exchange regarding the receipts or deposited securities or a distribution of receipts), whichever applicable: (1) taxes and other governmental charges, (2) such registration fees as may from time to time be in effect for the registration of transfers of shares generally on our share register or foreign registrar and applicable to transfers of shares to the name of the Depositary or its nominee or the custodian or its nominee on the making of deposits or withdrawals hereunder, (3) such cable, telex and fax transmission expenses as are expressly provided in this deposit agreement, (4) such expenses as are incurred by the Depositary in the conversion of foreign currency (5) a fee of US\$5.00 or less per 100 Global Depositary Shares (or portion), (6) a fee of US\$0.02 or less per Global Depositary Share (or portion) for any cash distribution made pursuant to the deposit agreement including, but not limited to, and (7) a fee not in excess of US\$1.50 per certificate for receipt for transfers made pursuant to the deposit agreement.

PART II

ITEM 13. Defaults, Dividend Arrearages and Delinquencies

This item is not applicable.

ITEM 14. Material Modifications to the Rights of Security Holders and Use of Proceeds

A. Full Price Provision

This section is not applicable

122

- the highest price resulting from the calculations made according to the provisions of (i) and (ii) above multiplied by a fraction the numerator of which is such highest price and the denominator of which is the lowest closing price of a share of our common stock on the Bolsa de Comercio de Buenos Aires during the two-year period prior to the period referred to in sub-sections (i) or (ii), as applicable;
- our aggregate net earnings per share during our preceding four completed fiscal quarters prior to the commencement of the tender offer, multiplied by our highest price to earnings ratio during the two-year period immediately preceding the commencement of the tender offer. Such multiples shall be determined considering the average closing selling price of our common stock on the Bolsa de Comercio de Buenos Aires, and our aggregate net income from our preceding four completed fiscal quarters; and,
- the book value per share of our common stock at the time the tender offer is commenced, multiplied by the highest ratio determined by a fraction the numerator of which is the closing selling price of a share of our common stock on the Bolsa de Comercio de Buenos Aires on each day during the two year period prior to the commencement of the tender offer and the denominator of which is the latest known book value per share of our common stock on each such date.

B. Limitations on the payment of dividends.

On February 2, 2007, we issued our fixed-rate notes due in 2017 for an aggregate principal amount of US\$150.0 million, which accrue interest at an annual interest rate of 8.5% payable semiannually and mature on February 2, 2017.

On July 20, 2010, we issued fixed-rate notes due in 2020 for an aggregate principal amount of US\$ 150.0 million, which accrue interest at an annual interest rate of 11.5% payable semiannually and mature on July 20, 2020.

Additionally, on February 14, 2012, we issued our Badlar notes due in 2013, for an aggregate principal amount of Ps 153.2 million which accrue interest at an annual rate of Badlar rate plus 249 basis points, and our fixed rate notes due in 2014 for a total amount of US\$ 33.8 million, which accrue interest at an annual interest rate of 7.45%.

As a result, we cannot give you any assurance that we will pay any dividends with respect to our common shares in the future.

These notes contain a covenant limiting our ability to pay dividends which may not exceed the sum of:

- 50% of our cumulative consolidated net income; or
- 75% of our cumulative consolidated net income if our consolidated interest coverage ratio for our most recent four consecutive fiscal quarters is at least 3.0 to 1; or
- 100% of cumulative consolidated net income if our consolidated interest coverage ratio for our most recent four consecutive fiscal quarters is at least 4.0 to 1; or
- 100% of the aggregate net cash proceeds (with certain exceptions) and the fair market value of property other than cash received by us or by our restricted subsidiaries from (a) any contribution to our capital stock or the capital stock of our restricted subsidiaries or issuance and sale of our qualified capital stock or the qualified capital stock of our restricted subsidiaries subsequent to the issue of our notes due, (b) issuance and sale subsequent to the issuance of our notes due 2017 or our indebtedness or the indebtedness of our restricted subsidiaries that has been converted into or exchanged for our qualified capital stock, or (c) any reduction in our indebtedness or any restricted subsidiary, (d) any reduction in debt investment (other than permitted investments) and return on assets, or (e) any distribution received

from non-restricted subsidiaries.

123

ITEM 15. Controls and Procedures

A. Disclosure Controls and Procedures.

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed in the reports we file or submit under the Securities and Exchange Act of 1934, as amended (the “Exchange Act”), is recorded, processed, summarized and reported within the time periods specified in the SEC’s rules and forms, and that such information is accumulated and communicated to management, including our Chief Executive Officer, Chief Financial Officer and Chief Administrative Officer, as appropriate, to allow timely decisions regarding required disclosure. In connection with the preparation of this Annual Report on Form 20-F, we carried out an evaluation under the supervision and with the participation of our management, including our Chief Executive Officer, Chief Financial Officer and Chief Administrative Officer of the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rule 13a-15(e) and 15d-15(e) under the Exchange Act) as of June 30, 2013. Based upon this evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures were effective as of the end of the fiscal year 2013.

B. Management’s Annual Report on Internal Control Over Financial Reporting

Our management is responsible for establishing and maintaining adequate Internal Control over Financial Reporting as defined in Rules 13a–15(f) and 15d-15(f) under the Exchange Act. Our Internal Control over Financial Reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with applicable generally accepted accounting principles.

Management assessed the effectiveness of our Internal Control over Financial Reporting as of June 30, 2013. In making this assessment, management used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) in Internal Control–Integrated Framework (1992), and concluded that, as of the end of the fiscal year 2013, our internal control over the financial reporting was effective. However, the management has excluded Rigby 183 LLC from its assessment of Internal Control over Financial Reporting as of June 30, 2013 because it was acquired by us in purchase business combinations during the fiscal year 2013. Rigby 183 LLC is an indirect subsidiary (through Tyrus S.A.) whose total assets and total revenues represent 9.37% and 1.87%, respectively, of our Audited Consolidated Financial Statement amounts as of and for the year ended June 30, 2013.

C. Attestation Report of the Registered Public Accounting Firm

Our independent registered public accounting firm, Price Waterhouse & Co. S.R.L., Buenos Aires, Argentina (PwC Argentina) -member firm of PricewaterhouseCoopers-, has issued an attestation report on the effectiveness of our Internal Control over Financial Reporting, as stated in their report included herein. See “Report of Independent Registered Public Accounting Firm”.

D. Changes in Internal Control Over Financial Reporting

During the period covered by this report, there were no changes in our Internal Control over Financial Reporting that have materially affected, or are reasonably likely to materially affect, our Internal Control over Financial Reporting.

ITEM 16. Reserved

ITEM 16 A. Audit Committee Financial Expert

Pursuant to the former applicable rules regarding the capital market (former Executive Branch Decree No. 677/2001) and the applicable CNV rules at such moment, our board of directors has established an Audit Committee. The main functions of the Audit Committee are to assist the board of directors in performing their duty of exercising due care, diligence and competence in issues relating to us, specifically in the enforcement of the accounting policy and in the issue of accounting and financial information, the management of business risk and of internal control systems, the conduct and ethical soundness of the company's business, the supervision of the integrity of our financial statements, the compliance by our company with the legal provisions, the independence and capability of the independent auditor and the performance of the internal audit function of our company and of the external auditors. Also, according to the applicable regulations, we may request to our audit committee to render its opinion in certain transactions, and its conditions, as is the case of related party transactions, as may be reasonably considered adequate according to normal market conditions. Our Audit Committee must hold sessions at least once per quarter according to the applicable laws.

Since November 3, 2008 the member of the Audit Committee are Cedric Bridger, Ricardo Liberman and Mario Blejer, all of them as independent members. Cedric Bridger is the financial expert in accordance with the relevant SEC rules. We have a fully independent audit committee as per the standard provided in Rule 10 (A) -3(B) (1).

For further information on our Audit Committee please see ITEM 6 "Directors, Senior Management and Employees - A. Directors and Senior Management".

ITEM 16 B. Code of Ethics

We have adopted a code of ethics that applies to our directors, officers and employees. Our code of ethics is posted in our website www.irsa.com.ar. On July 25 2005, our Code of Ethics was amended by our board of directors. The amendment was reported in a report on Form 6-K on August 1, 2005.

If we make any substantive amendment to the code of ethics or grant any waivers, including any implicit waiver to any of its provision we will disclose the nature of such amendment or waiver in a report on Form 6-K or in our next annual report and we will post it in our website.

ITEM 16 C. Principal Accountant Fees and Services

Audit Fees

During the fiscal years ended June 30, 2013 and June 30, 2012, we were billed a total amount of Ps. 3.8 million and Ps. 2.9 million respectively, for professional services rendered by our principal accountants for the audit of our annual audited consolidated financial statements, performance of the audit of internal controls over financial reporting of the company and other services normally provided in connection with regulatory filings or engagements.

Audit-Related Fees

During the fiscal years ended June 30, 2013 and June 30, 2012, no audit-related services were provided.

Tax Fees

During the fiscal year ended June 30, 2013 no tax fees were provided. During the Fiscal Year 2012, respectively, for professional services rendered by our principal accountants for tax compliance, tax advice, and tax planning.

All Other Fees

During the fiscal year ended June 30, 2013 and June 30, 2012 we were billed for professional services rendered by our principal accountants, including fees mainly related to special assignments and courses, a total amount of Ps.0.80 million and Ps. 0.86 million, respectively.

Audit Committee Pre-Approval Policies and Procedures

Audit Committee pre-approves all services, fees and services provided by the external auditors to ensure auditors' independence. One of the main tasks of the Audit Committee is to give it opinion in relation to the appointment of the external auditors, proposed by the Board of Directors to the General Shareholder's Meeting. In order to accomplish such task, the Audit Committee shall:

Require any additional and complementary documentation related to this analysis.

- Verify the independence of the external auditors;
- Analyze different kinds of services that the external auditor would provide to the company. This description must also include an estimate of the fees payable for such services, specifically in order to maintain the principle of independence;
- Inform the fees billed by the external auditor, separating the services related to the Audit Committee and other special services that could be not included as fees related to the Audit Committee;
- Take notice of any strategy proposed by of the external auditors and review it in accordance with the reality other business and the risks involved;
- Analyze and supervise the working plan of the external auditors considering the business' reality and the estimated risks;
- Propose adjustments (if necessary) to such working plan;

- Hold meetings with the external auditors in order to: (a) analyze the difficulties, results and conclusions of the proposed working plan; (b) analyze eventual northpossible conflicts of interests, related party transactions, compliance with the legal framework and information transparency; and
 - Evaluate the performance of external auditors and their opinion regarding the Financial Statements.

ITEM 16 D. Exemption from the Listing Standards for Audit Committees

This section is not applicable.

125

ITEM 16 E. Purchase of Equity Securities by the Issuer and its Affiliates

Issuer Purchases of Equity Securities

On July 25, 2013, our Board of Directors decided to establish the terms of the share repurchase plan under the provisions of Section 64 of the Capital Markets Law and the Rules of the Comisión Nacional de Valores, in order to mitigate the material impact on the price of domestic shares, including the reduction in the price of the shares of the Company and the distortion of such prices when considering the financial strength of the Company, as evidenced by the quality of its assets and the productive business that the Company develops in Argentina and abroad, mainly due to price/income ratio resulting from the profits evidenced by the quarterly financial statements ended March 31th, 2013.

Therefore, given the above stated reasons and in line with the commitments of the Board of Directors with the Company and its shareholders, and taking into account the favorable opinion of the Audit Committee and the Supervisory Committee, the Board of Directors has decided that the Company may start to repurchase its Shares minimizing any possible temporary imbalances between supply and demand within the market, and due to the excessive cost of capital resulting from the current quotation prices, and has decided to establish the following terms and conditions for Shares repurchase:

During the fiscal year 2014, purchases of own shares amounted to 1,018,326 common shares, thus fulfilling the terms and conditions of the share repurchase plan. As a result, the Company's investment in own shares amounts to 0.18% of total capital stock.

| Period (1) | Number of Common Shares Purchased | Average Price Paid per Common Share (Ps.) | Number of GDS Purchased | Average Price Paid per GDS (US\$) | Total Number of Shares Purchased as Part of the Publicly Announced Plan (3) | Maximum Number of Shares that may yet be purchased under the plan (2) |
|------------------------|-----------------------------------|---|-------------------------|-----------------------------------|---|---|
| July 2013 | 9,300 | 6.63 | - | - | 9,300 | 28,924,523 |
| August 2013 | 51,584 | 7.21 | - | - | 60,884 | 28,872,939 |
| September 2013 | 78,298 | 7.81 | 8,815 | 8.68 | 227,332 | 28,706,491 |
| As of October 25, 2013 | 120,204 | 9.63 | 67,079 | 10.38 | 1,018,326 | 27,915,497 |
| Total | 259,386 | | 75,894 | | | |

(1) Corresponds to trading date

(2) Up to 5% of the company's outstanding capital

(3) In common shares (10 common shares = 1 GDS).

F. Change in Registrant's Certifying Accountant

This section is not applicable.

G. Corporate Governance

Compliance with NYSE listing standards on corporate governance

New York Stock Exchange and Argentine Corporate Governance Requirements

Our corporate governance practices are governed by the applicable Argentine law; particularly, the Corporations Law, Decree N 677/01 and the Standards of the Comisión Nacional de Valores , as well as by our corporate by-laws. We have securities that are registered with the Securities and Exchange Commission and are listed on the New York Stock Exchange (the “NYSE”), and is therefore subject to corporate governance requirements applicable to NYSE-listed non-US companies (a “NYSE-listed” company).

NYSE-listed non-US companies that are categorized as “Foreign Private Issuers” may, in general, follow their home country corporate governance practices in lieu of most of the new NYSE corporate governance requirements (the “NYSE Sections”) codified in Section 303A of the NYSE’s Listed Company Manual. However, Foreign Private Issuers must comply with NYSE Sections 303A.06, 303A.11 and 303A.12(b) and 303A.12(c). Foreign Private Issuers must comply with Section 303A.06 prior to July 31, 2005 and with Sections 303A.11 and 303A.12(b) prior to the first annual meeting of shareholders held after January 15, 2004, or by October 31, 2004.

NYSE Section 303A.11 requires that Foreign Private Issuers disclose any significant ways in which their corporate governance practices differ from US companies under NYSE standards. A Foreign Private Issuer is simply required to provide a brief, general summary of such significant differences to its US investors either 1) on the company’s website (in English) or 2) in Form 20-F as distributed to their U.S. investors. In order to comply with Section 303A.11, we have prepared and have updated the comparison in the table below.

The most relevant differences between our corporate governance practices and NYSE standards for listed companies are as follows:

NYSE Standards for US companies Listed
Companies Manual Section 303.A

Section 303A.01 A NYSE-listed company must have a majority of independent directors on its board of directors.

Section 303A.02 This section establishes general standards to evaluate directors’ independence (no director qualifies as “independent” unless the board of directors affirmatively determines that the director has no material relationship with the listed company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the company)), and emphasizes that the concern is independence from management. The board is also required to express an opinion with regard to the independence or lack of independence, on a case by case basis, of each individual director.

IRSA’s Corporate Practices

We follow Argentine law which does not require that a majority of the board of directors be comprised of independent directors. Argentine law instead requires that public companies in Argentina have a sufficient number of independent directors to be able to form an audit committee of at least three members, the majority of which must be independent pursuant to the criteria established by the Comisión Nacional de Valores .

Comisión Nacional de Valores’ standards (General Resolution No. 622) for purposes of identifying an independent director are substantially similar to NYSE’s standards. Comisión Nacional de Valores standards provide that independence is required with respect to the company itself and to its shareholders with direct or indirect material holdings (15% or more). To qualify as an independent director, such person must not perform executive functions within the company. Close relatives of any persons who would not qualify as “independent directors”

Section 303A.03 Non-management directors must meet at regularly scheduled executive meetings not attended by management.

Section 303A.04 Listed companies must organize an Appointment and corporate governance Committee entirely of independent directors.

Section 303A.05(a) Listed companies shall have a "Compensation Committee" comprised entirely of independent directors.

Section 303A.05(b). The "Compensation Committee" shall have a written charter addressing the committee's purpose and certain minimum responsibilities as set forth in Section 303A.05(b)(i) and (ii).

Section 303A.06 Listed companies must have an "Audit Committee" that satisfies the requirements of Rule 10 A-3 under the 1934 Exchange Act (the "Exchange Act"). Foreign private issuers must satisfy the requirements of Rule 10 A-3 under the Exchange Act as of July 31, 2005.

shall also not be considered "independent." When directors are appointed, each shareholder that nominates a director is required to report at the meeting whether or not such director is independent.

Neither Argentine law nor our by-laws require that any such meetings be held.

Our board of directors as a whole is responsible for monitoring the company's affairs. In addition, under Argentine law, the board of directors may approve the delegation of specific responsibilities to designated directors or non-director managers of a company. Also, it is mandatory for public companies to form a supervisory committee which is responsible for monitoring legal compliance by a company under Argentine law and compliance with its by-laws.

The organization of an Appointment and Corporate Governance Committee is not mandatory. In most cases, the functions of such committee are functions that the Audit Committee is already required to perform.

Neither Argentine law nor our by-laws require the formation of a "Compensation Committee." Under Argentine law, if the compensation of the members of the board of directors and the supervisory committee is not established in the by-laws of a company, it should be determined at the shareholders meeting.

Neither Argentine law nor our by-laws require the formation of a "Compensation Committee."

Pursuant to the Capital Markets Law and Comisión Nacional de Valores Standards, as from May 27, 2004 we have appointed an "Audit Committee" composed of three of the members of the Board of Directors. Since December 21, 2005 all of its members are independent as per the criteria of Rule 10 A-3 under the Exchange Act.

Section 303A.07(a) The Audit Committee shall consist of at least three members. All of its members shall be financially literate or must acquire such financial knowledge within a reasonable period and at least one of its members shall have experience in accounting or financial administration.

In accordance with Argentine law, a public Company must have an Audit Committee with a minimum of three members of the board of directors, the majority of which shall be independent pursuant to the criteria established by the Comisión Nacional de Valores . There is no requirement related to the financial expertise of the members of the Audit Committee. However, our Audit Committee has a financial expert. The committee creates its own written internal code that addresses among others: (i) its purpose; (ii) an annual performance evaluation of the committee; and (iii) its duties and responsibilities.

Report of Independent Registered Public Accounting Firm

To the Board of Directors and Shareholders of

IRSA Inversiones y Representaciones Sociedad Anónima

In our opinion, the accompanying consolidated statements of financial position and the related consolidated statements of income, comprehensive income, changes in shareholders' equity and cash flows present fairly, in all material respects, the financial position of IRSA Inversiones y Representaciones Sociedad Anónima and its subsidiaries at June 30, 2013, June 30, 2012, and July 1, 2011, and the results of their operations and their cash flows for each of the two years in the period ended June 30, 2013 in conformity with International Financial Reporting Standards as issued by the International Accounting Standards Board. Also in our opinion, the Company maintained, in all material respects, effective internal control over financial reporting as of June 30, 2013, based on criteria established in Internal Control - Integrated Framework (1992) issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). The Company's management is responsible for these financial statements, for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting, included in the accompanying included in the accompanying "Management's Report on Internal Control over Financial Reporting". Our responsibility is to express opinions on these financial statements and on the Company's internal control over financial reporting based on our integrated audits. We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement and whether effective internal control over financial reporting was maintained in all material respects. Our audits of the financial statements included examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. Our audit of internal control over financial reporting included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. Our audits also included performing such other procedures as we considered necessary in the circumstances. We believe that our audits provide a reasonable basis for our opinions.

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

F-2

As described in “Management’s Annual Report on Internal Control over Financial Reporting”, management has excluded Rigby 183 LLC from its assessment of internal control over financial reporting as of June 30, 2013 because it was acquired by the Company in a purchase business combination during 2013. We have also excluded Rigby 183 LLC from our audit of internal control over financial reporting. Rigby 183 LLC is an indirect subsidiary (through Tyrus S.A.) whose total assets and total revenues represent 9.37% and 1.87%, respectively, of the related consolidated financial statement amounts as of and for the year ended June 30, 2013.

- (1) Corresponds to CNV General Resolution No. 609/12. At the next shareholder's meeting held to review these financial statements, the shareholders shall decide whether to set up a special reserve and to ban its reversal to make distributions in cash or in kind among the company's shareholders or owners; stating that such reserve may only be reversed to be capitalized or to absorb potential negative balances from "Retained Earnings".
- (2) Corresponds to changes in ownership interests in subsidiaries without change of control. See details in note 4.

IRSA Inversiones y Representaciones Sociedad Anónima

Notes to Consolidated Financial Statements

(All amounts in thousands of Argentine Pesos, except shares and per share data and as otherwise indicated)

1. The Group's business and general information

IRSA Inversiones y Representaciones Sociedad Anónima ("IRSA", "the Company", "Us" or "the Society") was founded in 1943 and is engaged in a diversified range of real estate activities in Argentina since 1991.

IRSA and its subsidiaries are collectively referred to hereinafter as "the Group". See Note 2.3 and 7 for a description of the Group's companies and segments.

The Group's real estate business operations are conducted primarily through IRSA and IRSA's principal subsidiary, Alto Palermo S.A. ("APSA"). Through APSA, the Group primarily owns, manages and develops shopping centers across Argentina. The Group primarily owns, manages and develops a portfolio of office and other rental properties in the Autonomous City of Buenos Aires, and it entered the US real estate market in 2009, mainly through the acquisition of non-controlling interests in office buildings and hotels (see Note 4). Through IRSA or APSA, the Group also develops residential properties for sale. The Group, through IRSA, is also involved in the operation of branded hotels. The Group uses the term "real estate" indistinctively in these Consolidated Financial Statements to denote investment, development and/or trading properties activities.

The activities of the Group's segment "Financial operations and others" is carried out mainly through Banco Hipotecario S.A. ("BHSA"), where we have a 29.77% interest (without considering treasury shares of our own). BHSA is a commercial bank offering a wide variety of banking activities and related financial services to individuals, small and medium-sized companies and large corporations, including the provision of mortgaged loans. BHSA's shares are listed on the Buenos Aires Stock Exchange ("BASE"). Besides that, the Group has a 42.95% interest in Tarshop S.A ("Tarshop") which main activities are credit card and loan origination transactions.

IRSA's shares are listed and traded on both the BASE and the New York Stock Exchange ("NYSE"). APSA's shares are listed and traded on both the BASE and the NASDAQ.

Cresud S.A.C.I.F. y A. is our ultimate parent company and is a corporation incorporated and domiciled in Argentina. The address of its registered office is 877 Moreno St., Floor 23, Autonomous City of Buenos Aires, Argentina.

These Consolidated Financial Statements have been approved for issue by the Board of Directors on September 09, 2013.

IRSA Inversiones y Representaciones Sociedad Anónima

Notes to Consolidated Financial Statements (Continued)

(All amounts in thousands of Argentine Pesos, except shares and per share data and as otherwise indicated)

2. Summary of significant accounting policies

The principal accounting policies applied in the preparation of these consolidated financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

2.1. Basis of preparation

(a) Transition to IFRS

These Consolidated Financial Statements have been prepared in accordance with and in compliance with International Financial Reporting Standards (“IFRS”), issued by International Accounting Standards Board (“IASB”) and interpretations from International Financial Reporting Interpretation Committee (“CINIIF” as per its Spanish acronym) (“IFRIC” as per its English acronym and known before as the Standards Interpretation Committee “SIC” as per its English acronym). All IFRS applicable as of the date of these consolidated financial statements have been applied. Additionally, the Group has adopted certain IFRS that are not effective as of June 30, 2013, but for which early adoption is accepted. The Group adopted IFRS in the fiscal year beginning on July 1st, 2012, being its transition date July 1st, 2011. Group’s adoption of IFRS is described in Note 3.

(b) Current and non-current classification

The Group presents current and non-current assets, and current and non-current liabilities, as separate classifications in its statement of financial position according with the operating cycle of each activity.

The operating cycle for activities related to the Group’s investment property and hotels is 12 months. Therefore, current assets and current liabilities include the assets and liabilities that are either realized or settled within 12 months from the end of the fiscal year. The operating cycle of the Group’s trading property activities depends on each specific project and a common cycle for all trading activities cannot be clearly defined. Generally, assets and liabilities related to the trading property activities are realized and settled in several years, ranging from 2 to 3 years or in some exceptional cases even longer. As a result and for purposes of classification, the Group has assumed the operating cycle of its trading property activities to be 12 months.

All other assets and liabilities are classified as non-current. Current and deferred tax assets and liabilities (income tax liabilities) are presented separately from each other and from other assets and liabilities as current and non-current, respectively.

IRSA Inversiones y Representaciones Sociedad Anónima

Notes to Consolidated Financial Statements (Continued)

(All amounts in thousands of Argentine Pesos, except shares and per share data and as otherwise indicated)

2. Summary of significant accounting policies (Continued)

(c) Presentation currency

The consolidated financial statements are presented in thousands of Argentine Pesos. Unless otherwise stated or the context otherwise requires, references to ‘Peso amounts’ or ‘Ps.’, are to Argentine Pesos, and references to ‘US\$’ or ‘US dollars’ are to United States dollars.

(d) Fiscal year-end

The fiscal year begins on July 1st and ends on June 30 of the following year. The financial results are presented on a fiscal year basis.

(e) Accounting conventions

The consolidated financial statements have been prepared under the historical cost convention, as modified by financial assets and financial liabilities (including derivative instruments) at fair value through profit or loss and share-based compensation at fair value.

(f) Reporting cash flows

The Group reports cash flows from operating activities using the indirect method. Interest paid is presented within financing cash flows. Interest received is presented within investing activities. The acquisitions and disposals of investment properties are disclosed as cash flows from investing activities because this most appropriately reflects the Group’s business activities. Cash flows in respect to trading properties are disclosed as cash flows from operating activities because these items are sold in the ordinary course of business.

(g) Use of estimates

The preparation of consolidated financial statements at a certain date requires making estimates and evaluations affecting the amount of assets and liabilities recorded and contingent assets and liabilities disclosed at such date, as well as income and expenses recorded during the period. Actual results might differ from the estimates and evaluations made at the date of preparation of these financial statements. The most significant judgments made by Management in applying the Group’s accounting policies and the major sources of uncertainty are described in Note 6.

IRSA Inversiones y Representaciones Sociedad Anónima

Notes to Consolidated Financial Statements (Continued)

(All amounts in thousands of Argentine Pesos, except shares and per share data and as otherwise indicated)

2. Summary of significant accounting policies (Continued)

2.2. New accounting standards

The following standards, amendments and interpretations have been issued by the IASB and IFRIC, and although they are not effective to the Group, earlier application is permitted.

Early adopted standards

IFRS 9 “Financial Instruments”

In November 2009, the IASB issued IFRS 9 “Financial Instruments”. The standard incorporates the first part of a three-phase project to replace IAS 39 “Financial Instruments: Recognition and Measurement”. IFRS 9 prescribes the classification and measurement of financial assets. IFRS 9 requires that financial assets are subsequently measured either ‘at amortized cost’ or ‘at fair value’, depending on whether certain conditions are met. In addition, IFRS 9 permits an entity to designate an instrument, that would otherwise have been classified in the ‘at amortized cost’ category, to be ‘at fair value’ if that designation eliminates or significantly reduces measurement or recognition inconsistencies.

The prescribed category for equity instruments is at fair value through profit or loss, however, an entity may irrevocably opt for presenting all fair value changes of equity instruments not held for trading in other comprehensive income. Only in those cases, dividends received from these investments are reported in profit or loss.

In October 2010, the IASB issued further additions to IFRS 9. These bring forth the guidance for derecognizing financial instruments and most of the requirements for the classification and measurement of financial liabilities currently included within IAS 39. The additions include amortized cost accounting for most financial liabilities, with bifurcation of embedded derivatives. The main change is that in cases where the fair value option is taken for financial liabilities, the part of a fair value change due to an entity's own credit risk is recorded in other comprehensive income rather than the statement of income, unless this creates an accounting mismatch. The remaining phases of the project, dealing with impairment of financial instruments and hedge accounting, have not yet been finalized.

IFRS 9, as well as its additions, shall be applied retrospectively for annual periods beginning on or after January 1, 2015. Earlier adoption is permitted. The Group has adopted IFRS 9 from July 1st, 2011, as well as the related consequential amendments to other IFRSs, because this new accounting policy provides reliable and more relevant information for users to assess the amounts, timing and uncertainty of future cash flows. The Group has presented all comparative figures in accordance with IFRS 9. Financial assets and liabilities held by the Group have been assessed at the date of transition (July 1st, 2011).

IRSA Inversiones y Representaciones Sociedad Anónima

Notes to Consolidated Financial Statements (Continued)

(All amounts in thousands of Argentine Pesos, except shares and per share data and as otherwise indicated)

2. Summary of significant accounting policies (Continued)

IFRS 10 “Consolidated Financial Statements”

On May 12, 2011 the IASB issued IFRS 10 “Consolidated Financial Statements” which establishes principles for the presentation and preparation of consolidated financial statements when an entity controls one or more other entities. IFRS 10 replaces the consolidation requirements in SIC-12 “Consolidation - Special Purpose Entities” and IAS 27 “Consolidated and Separate Financial Statements” and builds on existing principles by identifying the concept of control as the determining factor in whether an entity should be included within the consolidated financial statements of the parent company. The standard provides additional guidance to assist in the determination of control where this is difficult to assess. IFRS 10 is effective for annual periods beginning on or after January 1st, 2013. Earlier application is permitted. The Group has adopted the standard from July 1st, 2011.

IFRS 11 “Joint Arrangements”

On May 12, 2011 the IASB issued IFRS 11 “Joint Arrangements” which provides for a more realistic reflection of joint arrangements by focusing on the rights and obligations of the arrangement, rather than its legal form (as is currently the case). The standard addresses inconsistencies in the reporting of joint arrangements by requiring a single method to account for interests in jointly controlled entities. IFRS 11 is effective for annual periods beginning on or after January 1, 2013. Earlier application is permitted. The Group has adopted the standard from July 1st, 2011.

IFRS 12 "Disclosure of Interests in Other Entities"

On May 12, 2011 the IASB issued IFRS 12 “Disclosure of Interests in Other Entities”. IFRS 12 is a new and comprehensive standard on disclosure requirements for all forms of interests in other entities, including subsidiaries, joint arrangements, associates and unconsolidated structured entities. IFRS 12 is effective for annual periods beginning on or after January 1, 2013. Earlier application is permitted. The Group has adopted the standard from July 1st, 2011.

Amendments to IAS 1 “Presentation of Financial Statements” (Disclosure requirements for other comprehensive income items)

In June 2011, the IASB issued modifications to IFRS 1. Such changes require that the Company report other comprehensive income based on that which could later be reclassified in the Statement of Income. The changes also ratify existing provisions whereby other comprehensive income and comprehensive income should be reported as a single statement or in separate statements.

These amendments are applicable for fiscal years beginning on or after July 1st, 2012. The Group adopted the standard from that date.

IRSA Inversiones y Representaciones Sociedad Anónima

Notes to Consolidated Financial Statements (Continued)

(All amounts in thousands of Argentine Pesos, except shares and per share data and as otherwise indicated)

2. Summary of significant accounting policies (Continued)

Standards to be adopted

IFRS 13 "Fair Value Measurement"

On May 12, 2011 the IASB issued IFRS 13 "Fair Value Measurement" which establishes a definition of fair value and a framework for its measurement. IFRS 13 is effective for annual periods beginning on or after January 1, 2013. Earlier application is allowed. The group has not adopted this standard early. The adoption of this standard will neither have significant impacts in the financial situation nor in results from Group's operations.

IAS 27 (revised) "Separate financial statements"

On May 12, 2011, the IASB issued IAS 27 (revised). The revised standard includes the provisions on separate financial statements that are left after the control provisions of IAS 27 have been included in the new IFRS 10. The revisions are applicable for annual periods beginning on or after January 1, 2013. Earlier adoption is permitted. The Group has adopted the standard from July 1, 2011.

IAS 28 (revised) "Investments in Associates and Joint Ventures"

On May 12, 2011, the IASB issued IAS 28 (revised). The revised standard includes the requirements for joint ventures, as well as associates, to be equity accounted following the issue of IFRS 11. The revisions are applicable for annual periods beginning on or after January 1, 2013. Earlier adoption is permitted. The Group has adopted the standard from July 1, 2011.

Annual Improvements to IFRS (Cycle 2009-2011)

In May, 2012 the IASB published the annual improvements to IFRS (Cycle 2009-2011), that modify IAS 16 and IAS 32. These changes introduce in all cases clarifications that the IASB deemed necessary because there was diversity or confusion in the application of certain requirements, but do not substantially modify the respective rules. Amendments are applicable for fiscal years beginning on or after January 1st, 2013. Earlier application is permitted. The adoption of these amendments will neither have significant impacts in the financial situation nor in results from Group's operations.

IRSA Inversiones y Representaciones Sociedad Anónima

Notes to Consolidated Financial Statements (Continued)

(All amounts in thousands of Argentine Pesos, except shares and per share data and as otherwise indicated)

2. Summary of significant accounting policies (Continued)

2.3. Scope of consolidation

(a) Subsidiaries

Subsidiaries are all entities (including structured entities) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The Group also analyzes whether there is control when it does not hold more than 50% of the voting rights of an entity, but does have capacity to define its relevant activities because of de-facto control.

There may be de-facto control where the relative size of voting rights held by the Group in an entity in relation to the size and dilution of other shareholders gives the Group power to define the relevant activities of such entity.

Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

The Group uses the acquisition method of accounting to account for business combinations. The consideration transferred for the acquisition of a subsidiary is the fair value of the assets transferred, the liabilities incurred and the equity interests issued by the Group. The consideration transferred includes the fair value of any asset or liability resulting from a contingent consideration arrangement. Acquisition-related costs are expensed as incurred. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date.

IFRS 3 “Business combinations” allows up to 12 months finalizing the accounting for a business combination. Where the accounting for a business combination is not complete by the end of the reporting period in which the business combination occurred, the Group reports provisional amounts.

The Group recognizes any non-controlling interest in the acquire on an acquisition-by-acquisition basis either at fair value or at the non-controlling interest’s proportionate share of the acquiree’s net assets.

IRSA Inversiones y Representaciones Sociedad Anónima

Notes to Consolidated Financial Statements (Continued)

(All amounts in thousands of Argentine Pesos, except shares and per share data and as otherwise indicated)

2. Summary of significant accounting policies (Continued)

The excess of the sum of the consideration transferred, the amount of any non-controlling interest in the acquiree, and the acquisition-date fair value of any previous equity interest in the acquiree over the fair value of the identifiable net assets acquired is recorded as goodwill. If the total of consideration transferred, non-controlling interest recognized and previously held interest measured is less than the fair value of the net assets of the subsidiary acquired in the case of a bargain purchase, the difference is recognized directly in the statement of income as “Bargain purchase gains”.

Inter-company transactions, balances and unrealized gains on transactions between group companies are eliminated. Unrealized gains and/ or losses are also eliminated. Accounting policies of subsidiaries are changed where necessary to ensure consistency with the policies adopted by the Group. The majority of subsidiaries have the same year-end as the Group’s, however, a small number of subsidiaries have different year-ends. In these circumstances, special-purpose financial statements prepared as of June 30 of each year are used for purposes of the Group consolidation.

The Group conducts its business through several operating and holding subsidiaries. Unless otherwise stated, the subsidiaries listed below have share capital consisting solely of ordinary shares, which are held directly or indirectly by the Group and the proportion of ownership interests held equals to the voting rights held by the Group. The country of incorporation or registration is also their place of business. Subsidiaries are shown in alphabetical order.

(*) Substantially all holding companies do not have significant assets and liabilities other than their respective interest holdings in operating entities.

(**) Consumer financing is a residual business.

(1) The Group has consolidated the investment in Llao Llao Resorts S.A. considering its equity interest and a shareholder agreement that confers it majority of votes in the decision making process. See Note 4.

(2) See Note 4.

Ownership interest is shown considering ultimate percentage held by the Company. Subsidiaries are either controlled directly by the Company (i.e. APSA), or indirectly by controlling the direct subsidiary, which in turn controls a first-tier subsidiary (i.e. Panamerican Mall S.A. through APSA), or lower-tier subsidiaries (i.e. REIG over which Tyrus S.A. has a 64.01% direct controlling interest).

IRSA Inversiones y Representaciones Sociedad Anónima

Notes to Consolidated Financial Statements (Continued)

(All amounts in thousands of Argentine Pesos, except shares and per share data and as otherwise indicated)

2. Summary of significant accounting policies (Continued)

Non-controlling interest for the years ended June 30, 2013 and 2012 are Ps. 385,151 and Ps. 390,428, respectively. The Group takes into account both quantitative and qualitative aspects in order to determine which non-controlling interests in subsidiaries are considered significant. In quantitative terms, the Group considers significant the investments that individually represent at least 20% of the total equity attributable to non-controlling interest in subsidiaries at the each year end. Therefore, in qualitative terms, are considered, among other factors, the specific risks to which each company is exposed to, their returns and the importance that each of them has for the Group. In accordance with what we mentioned above, the following non-controlling interests are considered material to the Group:

| Subsidiary | Equity attributable to NCI (in million) | |
|-----------------------|---|------------------|
| | June 30, 2013 | June 30, 2012 |
| | Rigby 183 LLC | 85.3 |
| Panamerican Mall S.A. | 126.5 | 122.9 |

The non-controlling interests for the remaining subsidiaries with non-controlling interests aggregate Ps. 173.4 and Ps. 267.5 million as of June 30, 2013 and 2012, respectively. None of these subsidiaries have non-controlling interests which are individually considered material to the Group.

Summarized financial information on subsidiaries with material non-controlling interests and other information are included in Note 8.

(b) Changes in ownership interests in subsidiaries without change of control

Transactions with non-controlling interests that do not result in loss of control are accounted for as equity transactions – that is, as transactions with the owners in their capacity as owners. The difference between the fair value of any consideration paid and the relevant share acquired of the carrying value of net assets of the subsidiary is recorded in equity. Gain or loss on disposals to non-controlling interests are also recorded in equity.

(c) Disposal of subsidiaries

When the Group ceases to have control any retained interest in the entity is re-measured at its fair value at the date when control is lost, with changes in carrying amount recognized in profit or loss. The fair value is the initial carrying amount for the purposes of subsequently accounting for the retained interest as an associate, joint venture or financial asset. In addition, any amounts previously recognized in other comprehensive income in respect of that entity are accounted for as if the Group had directly disposed of the related assets or liabilities. This may mean that amounts previously recognized in other comprehensive income are reclassified to profit or loss.

IRSA Inversiones y Representaciones Sociedad Anónima

Notes to Consolidated Financial Statements (Continued)

(All amounts in thousands of Argentine Pesos, except shares and per share data and as otherwise indicated)

2. Summary of significant accounting policies (Continued)

(d) Associates

Associates are all entities over which the Group has significant influence but not control, representing an interest between 20% and 50% of the voting rights. Investments in associates are accounted for using the equity method of accounting. Under the equity method, the investment is initially recognized at cost, and the carrying amount is increased or decreased to recognize the investor's share of the profit or loss of the investee after the date of acquisition. The Group's investment in associates includes goodwill identified on acquisition.

If the ownership interest in an associate is reduced but significant influence is retained, only a proportionate share of the amounts previously recognized in other comprehensive income is reclassified to profit or loss where appropriate.

The Group's share of post-acquisition profit or loss is recognized in the statement of income, and its share of post-acquisition movements in other comprehensive income is recognized in other comprehensive income with a corresponding adjustment to the carrying amount of the investment. When the Group's share of losses in an associate equals or exceeds its interest in the associate, including any other unsecured receivable, the Group recognizes such losses until the carrying amount of the associate reduces to zero, unless it has incurred legal or constructive obligations or made payments on behalf of the associate.

The Group determines at each reporting date whether there is any objective evidence that the investment in the associate is impaired. If this is the case, the Group calculates the amount of impairment as the difference between the recoverable amount of the associate and its carrying value and recognizes the amount adjacent to 'Share of profit / (loss) of an associate and joint ventures' in the statement of income.

Profits and losses resulting from upstream and downstream transactions between the Group and its associate are recognized in the Group's financial statements only to the extent of unrelated investor's interests in the associates. Unrealized losses are eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of associates have been changed where necessary to ensure consistency with the policies adopted by the Group.

The Group takes into account both quantitative and qualitative aspects in order to determine which interests in associates are considered significant. In quantitative terms, the Group considers significant the entities that individually represent at least 20% of the total investment in associates in the statement of financial position at the each year end. Therefore, in qualitative terms, are considered, among other factors, the specific risks to which each company is exposed to, their returns and the importance that each of them has for the Group.

Summarized financial information and other information for associates are included in Note 10.

IRSA Inversiones y Representaciones Sociedad Anónima

Notes to Consolidated Financial Statements (Continued)

(All amounts in thousands of Argentine Pesos, except shares and per share data and as otherwise indicated)

2. Summary of significant accounting policies (Continued)

(e) Joint arrangements

Joint arrangements are arrangements of which the Group and other party or parties have joint control bound by a contractual arrangement. Under IFRS 11, investments in joint arrangements are classified as either joint ventures or joint operations depending on the contractual rights and obligations each investor has rather than the legal structure of the joint arrangement. A joint venture is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the arrangement. A joint operation is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the assets, and obligations for the liabilities, relating to the arrangement. The Group has assessed the nature of its joint arrangements and determined them to be joint ventures.

Under the equity method of accounting, interests in joint ventures are initially recognized in the consolidated statements of financial position at cost and adjusted thereafter to recognize the Group's share of the post-acquisition of profits or losses and movements in other comprehensive income in the income statements and in other comprehensive income respectively.

When the Group's share of losses in a joint venture equals or exceeds its interests in the joint ventures (which includes any long-term interests that, in substance, form part of the Group's net investment in the joint ventures), the Group does not recognize further losses, unless it has incurred obligations or made payments on behalf of the joint ventures.

The Group determines at each reporting date whether there is any objective evidence that the investment in the joint ventures is impaired. If this is the case, the Group calculates the amount of impairment as the difference between the recoverable amount of the joint venture and its carrying value and recognizes the amount adjacent to 'share of profit / (loss) of an associate and joint venture' in the statement of income.

Unrealized gains on transactions between the Group and its joint ventures are eliminated to the extent of the Group's interest in the joint ventures. Unrealized losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of the joint ventures have been changed where necessary to ensure consistency with the policies adopted by the Group.

IRSA Inversiones y Representaciones Sociedad Anónima

Notes to Consolidated Financial Statements (Continued)

(All amounts in thousands of Argentine Pesos, except shares and per share data and as otherwise indicated)

2. Summary of significant accounting policies (Continued)

The Group takes into account both quantitative and qualitative aspects in order to determine which interests in joint ventures are considered significant. In quantitative terms, the Group considers significant the entities that individually represent at least 20% of the total investment in joint ventures in the statement of financial position at the each year end. Therefore, in qualitative terms, are considered, among other factors, the specific risks to which each company is exposed to, their returns and the importance that each of them has for the Group.

Summarized financial information and other information for significant joint ventures are included in Note 9.

2.4. Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker (“CODM”). The CODM is responsible for allocating resources and assessing performance of the operating segments. The operating segments are included in Note 7.

2.5. Foreign currency translation

(a) Functional and presentation currency

Items included in the financial statements of each of the Group’s entities are measured using the currency of the primary economic environment in which the entity operates (‘the functional currency’). The consolidated financial statements are presented in Argentine Pesos, which is the Group’s presentation currency.

(b) Transactions and balances in foreign currency

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognized in the profit or loss for the year.

Foreign exchange gains and losses are presented in the statement of income within finance income and finance costs, as appropriate, unless they are capitalized as explained in Note 2.21..

IRSA Inversiones y Representaciones Sociedad Anónima

Notes to Consolidated Financial Statements (Continued)

(All amounts in thousands of Argentine Pesos, except shares and per share data and as otherwise indicated)

2. Summary of significant accounting policies (Continued)

(c) Group companies

The results and financial position of all the Group entities (none of which has the currency of a hyperinflationary economy) that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- (i) Assets and liabilities for each statement of financial position presented are translated at the closing rate at the date of that financial position;
- (ii) Income and expenses for each statement of comprehensive income are translated at average exchange rates (unless this average is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated at the rate on the dates of the transactions); and
- (iii) All resulting exchange differences are recognized in the statement of comprehensive income.

On the disposal of a foreign operation (that is, a disposal of the Group's entire interest in a foreign operation, or a disposal involving loss of control over a subsidiary that includes a foreign operation) all of the exchange differences accumulated in equity in respect of that operation attributable to the equity holders of the Company are reclassified to profit or loss.

In the case of a partial disposal that does not result in the Group losing control over a subsidiary that includes a foreign operation, the proportionate share of accumulated exchange differences are re-attributed to non-controlling interests and are not recognized in profit or loss.

Goodwill and fair value adjustments arising on the acquisition of a foreign entity are treated as assets and liabilities of the foreign entity and translated at the closing rate. Exchange differences arising are recognized in other comprehensive income.

2.6. Investment properties

Investment properties are those properties owned by the Group that are held either to earn long-term rental income or for capital appreciation, or both, and that is not occupied by the companies in the consolidated Group. Properties occupied by associates or joint ventures are accounted for as investment properties in the consolidated financial statements. Investment property also includes property that is being constructed or developed for future use as investment property. The Group also classifies land whose future use has not been determined yet as investment properties.

IRSA Inversiones y Representaciones Sociedad Anónima

Notes to Consolidated Financial Statements (Continued)

(All amounts in thousands of Argentine Pesos, except shares and per share data and as otherwise indicated)

2. Summary of significant accounting policies (Continued)

Where a property is partially occupied by the Group, with the rest being held for rental income or capital appreciation, the Group accounts for the portions separately. The portion that is occupied by the Group is accounted for as property, plant and equipment under IAS 16 “Property, Plant and Equipment” and the portion that is held for rental income or capital appreciation, or both, is treated as investment properties under IAS 40 “Investment Properties”.

The Group’s investment properties primarily comprise the Group’s portfolio of shopping centers and offices, certain property under development and undeveloped land.

Investment properties are measured initially at cost. Cost comprises the purchase price and directly attributable expenditures, such as legal fees, certain direct taxes, commissions and in the case of properties under construction, the capitalization of financial costs.

Where the Group makes payments to third-party agents for services in connection with negotiating lease contracts with the Group’s lessees, these letting fees are capitalized within the carrying amount of the related investment property and amortized over the lease term.

Borrowing costs associated with properties under development or undergoing major refurbishment are capitalized. The finance cost capitalized is calculated using the Group’s weighted average cost of borrowings after adjusting for borrowings associated with specific developments. Where borrowings are associated with specific developments, the amount capitalized is the gross interest incurred on those borrowings less any investment income arising on their temporary investment. Finance cost is capitalized as from the commencement of the development work until the date of practical completion. The capitalization of finance costs is suspended if there are prolonged periods when development activity is interrupted. Finance cost is also capitalized on the purchase cost of land or property acquired specifically for redevelopment in the short term but only where activities necessary to prepare the asset for redevelopment are in progress.

The Group has adopted the cost model for all of its investment properties. Therefore, at the date of each statement of financial position, investment properties are carried at amortized cost, less impairment losses, if any. Under the cost model, an investment property is impaired if its carrying amount exceeds its recoverable amount. Where individual components of an item of investment property have different useful lives, they are accounted for as separate items, which are depreciated separately. Subsequent costs are included in the asset’s carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably.

IRSA Inversiones y Representaciones Sociedad Anónima

Notes to Consolidated Financial Statements (Continued)

(All amounts in thousands of Argentine Pesos, except shares and per share data and as otherwise indicated)

2. Summary of significant accounting policies (Continued)

These costs may include the cost of improving or replacing parts that are eligible for capitalization. The carrying amount of the replaced part is derecognized. Repairs and maintenance are charged as incurred in the statement of income.

If an investment property becomes occupied by the Group, it is reclassified as property, plant and equipment at the commencement of such occupation. An item of property occupied by the Group is reclassified to investment property when its use has changed and occupation by the Company ceases. Where an investment property undergoes a change in use, evidenced by commencement of development with a view to sale, the property is transferred to trading properties.

Transfers in and out of the respective categories as described above do not change the carrying amount of the properties transferred, and they do not change the cost of the properties for measurement or disclosure purposes.

Land and property under constructions are not depreciated. Depreciation of the remaining investment properties is calculated, based on a component approach, using the straight-line method over the estimated useful life of each component, as follows:

| | |
|------------------------------------|-------------------------|
| Shopping center portfolio | Between 10 and 29 years |
| office and other rental properties | Between 9 and 25 years |

As of each year-end an impairment test is performed on the recoverable value and/or residual useful life of assets. Should there be any indication of impairment, the recoverable amount and/or residual useful life of impaired asset(s) is computed, and an impairment adjustment is made, if applicable. The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at least at each financial year-end.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount (See Note 2.10.).

IRSA Inversiones y Representaciones Sociedad Anónima

Notes to Consolidated Financial Statements (Continued)

(All amounts in thousands of Argentine Pesos, except shares and per share data and as otherwise indicated)

2. Summary of significant accounting policies (Continued)

Asset transfers, whether assets classified under investments properties are reclassified under other items or vice-versa, may only be carried out where there is a change of use evidenced by: a) commencement of occupation of real property by the owner, where investment property is transferred to property, plant and equipment; b) commencement of development activities for sale purposes, where investment property is transferred to property for sale; c) the end of owner occupation, where it is transferred from property, plant and equipment to investment property; or d) commencement of an operating lease transactions with a third party, where property for sale is transferred to investment property.

The Group may sell its investment property when it considers that such property no longer forms part of the lease business. Investment properties are derecognized when they are disposed of or when they are permanently withdrawn from use and no future economic benefits are expected to arise from their disposals. Gains or losses on disposals or retirements of investment properties are determined by comparing the net disposal proceeds and their carrying amounts at the date of disposal. The gains or losses are recognized in the statements of income and disclosed separately under the line item "Gain from disposal of investment property". Proceeds from the sale of such property are accounted for when the material risks and benefits have been transferred to the purchaser. As for unconditional agreements, proceeds are accounted for generally when title to property passes to the buyer and the buyer intends to make the respective payment therefor. In the case of conditional agreements, the sale is accounted for where such conditions have been met. Where consideration receivable for the sale of the properties is deferred, it is discounted to present. The difference between the discounted amount and the amount receivable is treated as interest income and recognized over the period using the effective interest method.

2.7. Property, plant and equipment

This category primarily comprises buildings or portions of a building used for administrative purposes, machines, computers, and other equipment, motor vehicles, furniture, fixtures and fittings and improvements to the Group's corporate offices.

The Group has also several hotel properties. Based on the respective contractual arrangements with hotel managers, the Group considers it retains significant exposure to the variations in the cash flows of the hotel operations, and accordingly, hotels are treated as owner-occupied properties and classified under property, plant and equipment.

IRSA Inversiones y Representaciones Sociedad Anónima

Notes to Consolidated Financial Statements (Continued)

(All amounts in thousands of Argentine Pesos, except shares and per share data and as otherwise indicated)

2. Summary of significant accounting policies (Continued)

All property, plant and equipment (“PPE”) are stated at historical cost less depreciation and accumulated impairment, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Borrowing costs incurred for the purpose of acquiring, constructing or producing a qualifying PPE are capitalized as part of its cost. A qualifying PPE is an asset that necessarily takes a substantial period of time to get ready for its intended use. Borrowing costs are capitalized during the period of construction or production of the eligible asset; such capitalization ceases once the necessary activities for the asset to have the intended use have been completed, or else capitalization is suspended while construction activity is suspended.

Subsequent costs are included in the asset’s carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. Such costs may include the cost of improvements and replacement of parts as they meet the conditions to be capitalized. The carrying amount of those parts that are replaced is derecognized. Repairs and maintenance are charged as incurred in the statement of income. Depreciation, based on a component approach, is calculated using the straight-line method to allocate the cost over the assets’ estimated useful lives, as follows:

| | |
|--------------------------------------|----------------------------------|
| Hotels buildings and facilities | Between 14 a n d 2 4 years |
| Other buildings and facilities | Between 20 a n d 5 0 years |
| F u r n i t u r e a n d fixtures | Between 3 a n d 1 0 years |
| M a c h i n e r y a n d equipment | 10 years |
| Vehicles | 5 years |
| Others | 3 years |

As of each year-end an impairment test is performed on the recoverable value and/or residual useful life of assets. Should there be any indication of impairment, the recoverable amount and/or residual useful life of impaired asset(s) is computed, and an impairment adjustment is made, if applicable. On the balance sheet date, the residual useful life of assets is estimated and adjusted, if necessary.

An asset’s carrying amount is written down immediately to its recoverable amount if its carrying amount is greater than its estimated recoverable amount (See Note 2.10.).

Gains from the sale of these assets are recognized when the significant risks and rewards have transferred to the buyer. This will normally take place on unconditional exchange, generally when legal title passes to the buyer and it is probable that the buyer will pay. For conditional exchanges, sales are recognized when these conditions are satisfied.

F-28

IRSA Inversiones y Representaciones Sociedad Anónima

Notes to Consolidated Financial Statements (Continued)

(All amounts in thousands of Argentine Pesos, except shares and per share data and as otherwise indicated)

2. Summary of significant accounting policies (Continued)

Gains and losses on disposals are determined by comparing the proceeds net of direct expenses related to such sales, with the carrying amount as of the date of each transaction. Gains and losses from the disposal of property, plant and equipment items are recognized within “Other operating results, net” in the income statement.

2.8. Leases

Leases are classified at their inception as either operating or finance leases based on the economic substance of the agreement.

A Group company is the lessor:

Properties leased out to tenants under operating leases are included in “Investment properties” in the statement of financial position. See Note 2.27 for the recognition of rental income. The Group does not have any assets leased out under finance leases.

A Group company is the lessee:

Operating lease – leases in which substantially all risks and rewards of ownership are retained by another party, the lessor, are classified as operating leases. Payments, including prepayments, made under operating leases (net of any incentives received from the lessor) are charged to the income statement on a straight-lines basis over the period of the lease.

Significant leases where the Group acts as lessee under operating leases mainly include principal offices.

Finance lease – leases of assets (especially computer equipment) where the Group has substantially all the risks and rewards of ownership are classified as finance leases. Finance leases are capitalized at the commencement of the lease at the lower of the fair value of the property and the present value of the minimum lease payments. Capitalized lease assets are depreciated over the shorter of the estimated useful life of the assets and the lease term. The finance charges are charged over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period. Liabilities corresponding to finance leases, measured at discounted value, are included in current and non-current borrowings.

IRSA Inversiones y Representaciones Sociedad Anónima

Notes to Consolidated Financial Statements (Continued)

(All amounts in thousands of Argentine Pesos, except shares and per share data and as otherwise indicated)

2. Summary of significant accounting policies (Continued)

2.9. Intangible assets

(a) Goodwill

Goodwill represents future economic benefits arising from assets that are not capable of being individually identified and separately recognized by the Group on an acquisition. Goodwill is initially measured as the difference between the fair value of the consideration transferred, plus the amount of non-controlling interest in the acquisition and, in business combinations achieved in stages, the acquisition-date fair value of the previously held equity interest in the acquisition and the net fair value of the identifiable assets and liabilities assumed on the acquisition date.

At acquisition goodwill is allocated to those cash generating units expected to benefit from the acquisition for the purpose of impairment testing (see Note 2.10.). Following initial recognition, goodwill is measured at cost less any accumulated impairment losses. Goodwill arising on the acquisition of subsidiaries is included within “Intangible assets” in the statement of financial position.

Goodwill may also arise upon investments in associates and joint ventures, being the surplus of the cost of investment over the Group’s share of the fair value of the net identifiable assets. Such goodwill is recorded within investments in associates or joint ventures.

Goodwill arising on the acquisition of foreign entities is treated as an asset of the foreign entity denominated in the local currency and translated at the closing rate.

Goodwill is not amortized but tested for impairment on an annual basis, or more frequently if there is an indication of impairment.

(b) Computer software

Acquired computer software licenses are capitalized on the basis of the costs incurred to acquire and bring to use the specific software. These costs are amortized over their estimated useful lives of 3 years.

Costs associated with maintaining computer software programs are recognized as an expense as incurred. Development costs that are directly attributable to the design and testing of identifiable and unique software products controlled by the Group are recognized as intangible assets when the following criteria are met: (i) it is technically feasible to complete the software product so that it will be available for use; (ii) management intends to complete the software product and use or sell it; (iii) there is an ability to use or sell the software product; (iv) it can be demonstrated how the software product will generate probable future economic benefits; (v) adequate technical, financial and other resources to complete the development and to use or sell the software product are available; and (vi) the expenditure attributable to the software product during its development can be reliably measured.

Directly attributable costs that are capitalized as part of the software product include the software development employee costs and an appropriate portion of relevant overheads.

F-30

IRSA Inversiones y Representaciones Sociedad Anónima

Notes to Consolidated Financial Statements (Continued)

(All amounts in thousands of Argentine Pesos, except shares and per share data and as otherwise indicated)

2. Summary of significant accounting policies (Continued)

Other development expenditures that do not meet these criteria are recognized as an expense as incurred. Development costs previously recognized as an expense are not recognized as an asset in a subsequent period.

Computer software development costs recognized as assets are amortized over their estimated useful lives, which does not exceed 3 years.

(c) Rights of use

The Group acquired certain rights to exploit land and facilities for a determined period. These rights primarily comprise the right to exploit the land and attached buildings and facilities known as Arcos del Gourmet (“Arcos”).

The Arcos land and attached facilities is owned by the Administration of Railway Infrastructure (“ADIF”), a governmental agency created for the management of certain state property, particularly assets pertaining to the railway system. The Arcos (or “Arches”) are the old warehouse and adjacent spaces below the tracks of the San Martin railway lines. The Group intends to develop an open air shopping project comprising shops, restaurants, cultural spaces and other facilities. The right was acquired as part of the Arcos acquisition and is carried at acquisition cost less accumulated amortization. Amortization is calculated using the straight-line method over the period in which the economic benefits from the use of the asset. The right of use of Arcos will start to accrue economic benefits once construction works are completed. The Group must pay ADIF a fee on a monthly basis.

2.10. Impairment of assets

(a) Goodwill

For the purpose of impairment testing, assets are grouped at the lowest levels for which there are separately identifiable cash flows, known as cash-generating units (“CGU”). In order to determine whether any impairment loss should be recognized, the book value of CGU or CGU groups is compared against its recoverable value. Net book value of CGU and CGU groups include goodwill and assets with limited useful life (such as, investment properties, property, plant and equipment, intangible assets and working capital net).

If the recoverable amount of the CGU is less than the carrying amount of the unit, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro-rata on the basis of the carrying amount of each asset in the unit. Impairment losses recognized for goodwill are not reversed in a subsequent period.

Recoverable amount of a CGU is the higher of fair value less costs-to-sell and value-in-use. The fair value is the amount at which a cash-generating unit may be sold in a current transaction between unrelated, willing and duly informed parties. Value-in-use is the present value of all estimated future cash flows expected to be derived from CGU or CGU groups.

IRSA Inversiones y Representaciones Sociedad Anónima

Notes to Consolidated Financial Statements (Continued)

(All amounts in thousands of Argentine Pesos, except shares and per share data and as otherwise indicated)

2. Summary of significant accounting policies (Continued)

(b) Property, plant and equipment, investment property and finite-life intangible assets

At the date of each statements of financial position, the Group reviews the carrying amounts of its property, plant and equipment, investment property and finite-life intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent, if any, of the impairment loss. Where the asset does not generate cash flows that are independent from other assets, the Group estimates the recoverable amount of the CGU to which the asset belongs.

If the recoverable amount of an asset or CGU is estimated to be less than its carrying amount, the carrying amount of the asset or CGU is reduced to its recoverable amount. An impairment loss is recognized immediately in the statements of income.

Assets or CGU that have suffered an impairment loss are revised as of each balance sheet date to assess a potential reversal of such impairment. The impairment loss recognized in prior fiscal years may only be reversed if there has been a change in the estimates used to assess the recoverable value of assets or the CGU since the recognition of the impairment loss.

Where an impairment loss subsequently reverses the carrying amount of the asset or CGU is increased to the revised estimate of its recoverable amount, not to exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset or CGU in prior years. A reversal of an impairment loss is recognized immediately in the statements of income.

2.11. Trading properties

Trading properties comprises those properties either intended for sale or in the process of construction for sale. Trading properties are carried at the lower of cost and net realizable value. Where there is a change in use of investment properties evidenced by the commencement of development with a view to sale, the properties are reclassified as trading properties at their cost, which is the carrying value at the date of change in use. They are subsequently carried at the lower of cost and net realizable value.

Cost comprises all costs of purchase, costs of conversion and other costs incurred in bringing the trading properties to their present location and condition.

IRSA Inversiones y Representaciones Sociedad Anónima

Notes to Consolidated Financial Statements (Continued)

(All amounts in thousands of Argentine Pesos, except shares and per share data and as otherwise indicated)

2. Summary of significant accounting policies (Continued)

Borrowing costs incurred for the purpose of acquiring, constructing or producing a qualifying trading property are capitalized as part of its cost. A qualifying trading property is an asset that necessarily takes a substantial period of time to get ready for its intended use. Borrowing costs are capitalized while acquisition, construction or production is actively underway and cease once the asset is substantially complete or suspended if the development of the asset is suspended.

Net realizable value is the estimated selling price in the ordinary course of business less costs to complete redevelopment and selling expenses. If the net realizable value is lower than the carrying amount, a write-down is recognized for the amount by which the carrying amount exceeds its net realizable value. Write-downs are reversed when circumstances that caused the write-down cease to exist, or when net realizable value increases.

2.12. Inventories

Inventories primarily comprise inventories from hotel properties and other supplies and materials required to offer different services.

Consumable supplies and inventories from hotel operations and the rest of materials and assets classified in this category are measured at the lower of cost or net realizable value. The cost of consumable supplies, materials and other assets is determined using the weighted average cost method, whereas the cost of the hotel inventories is determined using the first in, first out (FIFO) method.

Cost comprises all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition. Inventories and materials are initially recognized at cash price, and the difference being charged as finance cost.

2.13. Financial instruments

(a) Classification

The Group has adopted IFRS 9 in advance as well as the related consequential amendments to other IFRSs, because this new accounting policy provides reliable and more relevant information for users to assess the amounts, timing and uncertainty of future cash flows.

Accordingly, the Group classifies its financial assets in the following categories: those to be measured subsequently at fair value and those to be measured at amortized cost. This classification depends on whether the financial asset is an equity investment or a debt.

IRSA Inversiones y Representaciones Sociedad Anónima

Notes to Consolidated Financial Statements (Continued)

(All amounts in thousands of Argentine Pesos, except shares and per share data and as otherwise indicated)

2. Summary of significant accounting policies (Continued)

Debt investments

(i) Financial assets at amortized cost

A debt investment is classified as “amortized cost” only if both of the following criteria are met: (i) the objective of the Group’s business model is to hold the asset to collect the contractual cash flows; and (ii) the contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal outstanding. The nature of any derivatives embedded in the debt investment are considered in determining whether the cash flows of the investment are solely payment of principal and interest on the principal outstanding and are not accounted for separately.

As of June 30, 2013 and 2012, the Group’s financial assets at amortized cost comprise items of cash, trade and other receivables and investments in financial assets.

(ii) Financial assets at fair value through profit or loss

If either of the two criteria above is not met, the debt instrument is classified as “fair value through profit or loss”. The Group has not designated any debt investment as measured at fair value through profit or loss to eliminate or significantly reduce an accounting mismatch.

Changes in fair values and gains from disposal of financial assets at fair value through profit or loss (except for the derivative financial instruments mentioned in Note 2.14) are recorded within “Financial results, net” in the statements of income.

As of June 30, 2013 and 2012, the Group’s financial assets at fair value through profit or loss comprise derivative financial instruments, mutual funds, mortgage bonds, government bonds, public companies and interest in Reciprocal Guarantee Companies (“SGR”).

Equity investments

All equity investments, which are not subsidiaries associate companies and joint venture of the Group, are measured at fair value. Equity investments that are held for trading are measured at fair value through profit or loss. For all other equity investments, the Group can make an irrevocable election at initial recognition to recognize changes in fair value through other comprehensive income rather than profit or loss.

The Group decided to recognize changes in fair value of equity investments through changes in profit or loss.

IRSA Inversiones y Representaciones Sociedad Anónima

Notes to Consolidated Financial Statements (Continued)

(All amounts in thousands of Argentine Pesos, except shares and per share data and as otherwise indicated)

2. Summary of significant accounting policies (Continued)

Changes in fair values and gains from disposal of equity investments at fair value through profit or loss and dividends income are recorded within "Financial results, net" in the statements of income.

(b) Recognition and measurement

Regular purchases and sales of financial assets are recognized on the date on which the Group commits to purchase or sell the asset. Financial assets are derecognized when the rights to receive cash flows from the investments have expired or have been transferred and the Group has transferred substantially all risks and rewards of ownership.

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in the income statement.

In general, the Group uses the transaction price to ascertain the fair value of a financial instrument on initial recognition. In the other cases, the Group records a gain or loss on initial recognition only if the fair value of the financial instrument can be supported by other comparable transactions observable in the market for the same type of instrument or if based on a technical valuation that only inputs observable market data. Unrecognized gains or losses on initial recognition of a financial asset are recognized later on, only to the extent they arise from a change in factors (including time) that market participants would consider upon setting the price.

Gains/losses on debt instruments measured at amortized cost and not identified for hedging purposes are charged to income where the financial assets are derecognized or an impairment loss is recognized and during the amortization process under the effective interest method.

All equity investments, which are not subsidiaries, associate companies and joint venture of the Group, are measured at fair value.

The Group is required to reclassify all affected debt investments when and only when its business model for managing those assets changes.

IRSA Inversiones y Representaciones Sociedad Anónima

Notes to Consolidated Financial Statements (Continued)

(All amounts in thousands of Argentine Pesos, except shares and per share data and as otherwise indicated)

2. Summary of significant accounting policies (Continued)

(c) Impairment of financial assets

The Group assesses at the end of each reporting period whether there is objective evidence that a financial asset or group of financial assets measured at amortized cost is impaired. A financial asset or a group of financial assets is impaired and impairment losses are incurred only if there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the asset (a 'loss event') and that loss event (or events) can be reliably estimated.

Evidence of impairment may include indications that the debtors or a group of debtors is experiencing significant financial difficulty, default or delinquency in interest or principal payments, the probability that they will enter bankruptcy or other financial reorganization, and where observable data indicate that there is a measurable decrease in the estimated future cash flows.

The amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows (excluding future credit losses that have not been incurred) discounted at the financial asset's original effective interest rate. The carrying amount of the asset is reduced and the amount of the loss is recognized in the statements of income. As a practical expedient, the Group may measure impairment on the basis of an instrument's fair value using an observable market price. If, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognized, the reversal of the previously recognized impairment loss is recognized in the consolidated statements of income.

(d) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount reported in the statements of financial position when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis, or realize the asset and settle the liability simultaneously.

2.14. Derivative financial instruments and hedging activities

Derivatives are initially recognized at fair value. The method of recognizing the resulting gain or loss depends on whether the derivative is designated as a hedging instrument, and if so, the nature of the item being hedged.

The Group manages exposures to various risks using hedging instruments that provide the appropriate economic outcome. The Group does not use derivative financial instruments for speculative purposes. To date, the Group has used commodity future contracts, put and call options, foreign exchange contracts and interest rate swaps as deemed appropriate.

IRSA Inversiones y Representaciones Sociedad Anónima

Notes to Consolidated Financial Statements (Continued)

(All amounts in thousands of Argentine Pesos, except shares and per share data and as otherwise indicated)

2. Summary of significant accounting policies (Continued)

The Group's policy is to apply hedge accounting to hedging relationships where it is both permissible under IFRS 9, practical to do so and its application reduces volatility, but transactions that may be effective hedges in economic terms may not always qualify for hedge accounting under IFRS 9. To date the Group has not applied hedge accounting to any of its derivative financial instruments. Trading derivatives are classified as a current asset or liability on the statements of financial position. Gains and losses on other derivatives are classified within "Financial results, net", in the statement of income.

The fair values of financial instruments that are traded in active markets are computed by reference to market prices. The fair value of financial instruments that are not traded in an active market is determined by using valuation techniques. The Group uses its judgment to select a variety of methods and make assumptions that are mainly based on market conditions existing at the end of each reporting period.

2.15. Foreign-currency convertible debt

Foreign currency denominated convertible debt that is settled by delivering a fixed number of the issuing entity own equity instruments in exchange for a fixed amount of foreign currency fails the fixed-for-fixed requirement. Accordingly, the Group classifies the entire instrument as a financial liability in accordance with IAS 32 "Financial Instruments: Presentation" and subjects its recognition and measurement to the IFRS 9 "Financial instruments" provisions. The conversion option is an embedded derivative that is not clearly and closely related to the debt host instrument because the risks inherent in the derivative (equity risk) and the host are dissimilar. Therefore, the conversion option has been separated and classified as a derivative liability. The carrying value of the debt host contract at initial recognition is the difference between the consideration received and the fair value of the embedded derivative. The host foreign-currency debt is subsequently re-measured at amortized cost using the effective interest rate method and then translated at each reporting date using the closing exchange rate. Changes in the fair value of the embedded derivative are recognized in profit or loss for the period in which they arise under the line item "Financial results, net".

2.16. Restricted assets

This item is comprised by cash in escrow directly associated with the return of escrow accounts and tax payments related to the office building for rental located at Madison Ave. 183, New York, U.S. According to the IFRS 9, these escrow accounts are to be accounted for as financial assets, and are initially recognized at fair value and then, at amortized cost.

IRSA Inversiones y Representaciones Sociedad Anónima

Notes to Consolidated Financial Statements (Continued)

(All amounts in thousands of Argentine Pesos, except shares and per share data and as otherwise indicated)

2. Summary of significant accounting policies (Continued)

2.17. Trade and other receivables

Trade receivables are recognized initially at fair value and subsequently measured at amortized cost using the effective interest method.

An allowance for bad debts is recorded where there is objective evidence that the Group may not be able to collect all receivables within their original payment term. Indicators of bad debts include significant financial distress of the debtor, the debtor potentially filing a petition for reorganization or bankruptcy, or any event of default or past due account.

In the case of larger non-homogeneous receivables, the impairment provision is calculated on an individual basis. When assessed individually, the Group records an provision for impairment which amounts to the difference between the value of the discounted expected future cash flows of the receivable and its carrying amount, taking into account the existing collateral, if any. This provision takes into consideration the financial situation of the debtor, the resources, payment track-record and, if applicable, the value of collateral.

The Group collectively evaluates for impairment smaller-balance homogeneous receivables, which are grouped on the basis of similar risk characteristics, taking into account asset type, collateral type, past-due status and other relevant factors. The Group applies allowance factors, which in the judgment of management represent the expected losses over the life of the receivables. In determining those factors, the Group considers the following: (i) delinquencies and overall risk ratings, (ii) loss history and the general behavior of clients, (iii) trends in volume and terms of receivables, (iv) the experience and depth of the debtors' management, (v) national and local economic trends, (vi) concentrations of credit by individual credit size and by class of receivable, and (vii) the effect of other external factors.

The amount of the provision is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the original effective interest rate. The carrying amount of the asset is reduced through the use of a provision account, and the amount of the loss is recognized in the statements of income within "Selling expenses". Subsequent recoveries of amounts previously written off are credited against "Selling expenses" in the statements of income.

2.18. Trade and other payables

Trade payables are initially recognized at fair value and subsequently measured at amortized cost using the effective interest method.

IRSA Inversiones y Representaciones Sociedad Anónima

Notes to Consolidated Financial Statements (Continued)

(All amounts in thousands of Argentine Pesos, except shares and per share data and as otherwise indicated)

2. Summary of significant accounting policies (Continued)

2.19. Tenant deposits

The Group generally obtains deposits from tenants as a guarantee for returning the property at the end of the lease term in a specified good condition or for the lease payments for a period of generally 3 years. The deposits generally equivalent to one month of lease rentals. Such deposits are treated as both a financial assets and a financial liability in accordance with IFRS 9, and they are initially recognized at fair value. The difference between fair value and cash received is considered to be part of the minimum lease payments received for the operating lease (refer to Note 2.27 for the recognition of rental income). The deposits are subsequently measured at amortized cost.

2.20. Borrowings

Borrowings are recognized initially at fair value, net of transaction costs incurred. Borrowings are subsequently stated at amortized cost; any difference between the proceeds (net of transaction costs) and the redemption value is recognized as finance cost over the period of the borrowings using the effective interest method.

2.21. Borrowings costs

General and specific borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until the assets are substantially ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization. All other borrowing costs are recognized in profit or loss in the period in which they are incurred.

The Group capitalizes borrowing costs on qualifying investment properties, property, plant and equipment and trading properties.

2.22. Provisions

Provisions are recognized when: (i) the Group has a present legal or constructive obligation as a result of past events; (ii) it is probable that an outflow of resources will be required to settle the obligation; and (iii) a reliable estimate of the amount of the obligation can be made. Provisions are not recognized for future operating losses.

IRSA Inversiones y Representaciones Sociedad Anónima

Notes to Consolidated Financial Statements (Continued)

(All amounts in thousands of Argentine Pesos, except shares and per share data and as otherwise indicated)

2. Summary of significant accounting policies (Continued)

The Group bases its accruals on up-to-date developments, estimates of the outcomes of the matters and legal counsel experience in contesting, litigating and settling matters. As the scope of the liabilities becomes better defined or more information is available, the Group may be required to change its estimates of future costs, which could have a material effect on its results of operations and financial condition or liquidity.

Provisions are measured at the present value of the expenditures expected to be required to settle the obligation using a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the obligation. The increase in the provision due to passage of time is recognized in the statements of income.

2.23. Employee benefits

(a) Pension obligations

The Group operates a defined contribution plan. A defined contribution plan is a pension plan under which the Group pays fixed contributions into a separate entity. The Group has no legal or constructive obligations to pay further contributions if the fund does not hold sufficient assets to pay all employees the benefits relating to employee service in the current and prior periods. The contributions are recognized as employee benefit expense when they are incurred.

(b) Termination benefits

Termination benefits are payable when employment is terminated by the Group before the normal retirement date, or whenever an employee accepts voluntary redundancy in exchange for these benefits. The Group recognizes termination benefits when it is demonstrably committed to either terminating the employment of current employees according to a detailed formal plan without possibility of withdrawal; or providing termination benefits as a result of an offer made to encourage voluntary redundancy.

(c) Bonus plans

The Group recognizes a liability and an expense for bonuses based on a formula that takes into consideration the profit attributable to the Company's shareholders after certain adjustments. The Group recognizes a provision where contractually obliged or where there is a past practice that has created a constructive obligation.

IRSA Inversiones y Representaciones Sociedad Anónima

Notes to Consolidated Financial Statements (Continued)

(All amounts in thousands of Argentine Pesos, except shares and per share data and as otherwise indicated)

2. Summary of significant accounting policies (Continued)

2.24. Share-based payments

The Group operates an equity incentive plan, under which certain selected employees, directors and top management of the Company, APSA and CRESUD have a right to receive shares of their respective employer companies, although they must remain with the employer entity for a certain period of time.

The fair value of the equity settled awards is measured at the date of grant. Management measures the fair value using the valuation technique that it considers to be the most appropriate to value each class of award. Methods used may include Black-Scholes calculations or other models as appropriate. The valuations take into account factors such as non-transferability, exercise restrictions and behavioral considerations.

The fair value of the share-based payment is expensed and charged to income under the straight-line method over the vesting period in which the right to the equity instrument becomes irrevocable (“vesting period”); such value shall be based on the best available estimate of the number of equity instruments expected to vest. Such estimate shall be revised provided subsequent information available indicates that the number of equity instruments expected to vest differs from original estimates.

If a grant of an equity instrument is cancelled, it is accounted for as if it had vested on the cancellation date, and any expense not yet recognized for the grant is recognized immediately in the statement of income. Any payment made by a counterparty due to cancellation of share-based payment shall be accounted for as a repurchase of equity instruments (that is, it is deducted from shareholders’ equity) unless the payment exceeds the fair value of the repurchased equity instruments valued on the repurchase date. The excess, if any, shall be accounted for as an expense.

2.25. Current and deferred income tax

Tax expense for the year comprises the charge for tax currently payable and deferred income. Income tax is recognized in the statements of income, except to the extent that it relates to items recognized in other comprehensive income or directly in equity, in which case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

IRSA Inversiones y Representaciones Sociedad Anónima

Notes to Consolidated Financial Statements (Continued)

(All amounts in thousands of Argentine Pesos, except shares and per share data and as otherwise indicated)

2. Summary of significant accounting policies (Continued)

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the date of the statements of financial position in the countries where the Company and its subsidiaries operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. The Group establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is recognized, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. However, deferred tax liabilities are not recognized if they arise from the initial recognition of goodwill; deferred income tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the date of the statements of financial position and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled.

Deferred income tax assets are recognized only to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilized.

Deferred income tax is provided on temporary differences arising on investments in subsidiaries, associates and joint ventures, except for deferred income tax liabilities where the timing of the reversal of the temporary difference is controlled by the Group and it is probable that the temporary difference will not reverse in the foreseeable future.

Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and when the deferred income taxes assets and liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities where there is an intention to settle the balances on a net basis.

The Group is able to control the timing of dividends from its subsidiaries and hence does not expect taxable profit. Hence deferred tax is recognized in respect of the retained earnings of overseas subsidiaries only if at the date of the statements of financial position, dividends have been accrued as receivable or a binding agreement to distribute past earnings in future has been entered into by the subsidiary.

Notes to Consolidated Financial Statements (Continued)

(All amounts in thousands of Argentine Pesos, except shares and per share data and as otherwise indicated)

2. Summary of significant accounting policies (Continued)

Entities in Argentina are subject to the Minimum Presumed Income Tax (“MPIT”). Pursuant to this tax regime, an entity is required to pay the greater of the income tax or the MPIT. The MPIT provision is calculated on an individual entity basis at the statutory asset tax rate of 1% and is based upon the taxable assets of each company as of the end of the year, as defined by Argentine law. Any excess of the MPIT over the income tax may be carried forward and recognized as a tax credit against future income taxes payable over a 10-year period. When the Group assesses that it is probable that it will use the MPIT payment against future taxable income tax charges within the applicable 10-year period, recognizes the MPIT as a current or non-current receivable, as applicable, within “Trade and other receivables” in the statements of financial position.

2.26. Cash and cash equivalents

In the consolidated statements of cash flows, cash and cash equivalents includes cash in hand, deposits held at call with banks, and other short-term highly liquid investments with original maturities of three months or less. Do not include bank overdrafts.

2.27. Revenue recognition

The Group is engaged in diverse operations primarily including; investment and development properties and hotel operations. Revenue is measured at the fair value of the consideration received or receivable.

Revenue derived from the sale of property is recognized when: (a) material risks and benefits derived from title to property have been transferred; (b) the company does not retain any management function on the assets sold nor does it have any control whatsoever on such assets; (c) the amount of revenues and costs associated to the transaction may be measured on a reliable basis; and (d) the company is expected to accrue the economic benefits associated to the transaction.

Revenue derived from the provision of services is recognized when: (a) the amount of revenue and costs associated to services may be measured on a reliable basis; (b) the company is expected to accrue the economic benefits associated to the transaction, and (c) the level of completion of services may be measured on a reliable basis.

Notes to Consolidated Financial Statements (Continued)

(All amounts in thousands of Argentine Pesos, except shares and per share data and as otherwise indicated)

2. Summary of significant accounting policies (Continued)

Investment property activities:

- Shopping centers portfolio

Revenues derived from business activities developed in the Group's shopping centers mainly include rental income under operating leases, admission rights, commissions and revenue from several services provided to the Group's lessees.

All lease agreements in Argentina are cancelable pursuant to Argentine Law 23,091 "Law of Urban Real Estate" as amended by Law 24,808. Under the law, a lease is not cancelable within the first six months of the agreement, but provides that after that initial non-cancelable period, tenants may rescind agreements at any time upon giving prior written notice to lessors. The Law establishes that payments in connection with a rescission of the lease agreement to be made to the lessor are equivalent to one-and-a-half month's rent if rescinded during the first year of the lease and one month's rent if rescinded after the first year of the lease.

The Group analyzed the definition of the lease term in IAS 17, which provides that a non-cancelable lease is a lease that is cancelable only (a) upon the occurrence of some remote contingency, (b) with the permission of the lessor, (c) if the lessee enters into a new lease with the same lessor or (d) upon payment by the lessee of such an additional amount that, at inception of the lease, continuation of the lease is reasonably certain.

The Group has determined that, in all operating leases, the lease term for accounting purposes matches the term of the contract. The Group concluded that, even though a lease is cancelable under the law, tenants would incur significant "economic penalties" if the leases are terminated prior to expiry. The Group considered that these economic penalties are of such amount that continuation of the lease contracts by tenants appears to be reasonably certain at the inception of the respective agreements. The Group reached this conclusion based on factors such as: (i) the strategic geographical location and accessibility to customers of the Group's investment properties; (ii) the nature and tenure of tenants (mostly well-known local and international retail chains); (iii) limited availability of identical revenue-producing space in the areas where the Group's investment properties are located; (iv) the tenants' brand image and other competitive considerations; (v) tenants' significant expenses incurred in renovation, maintenance and improvements on the leased space to fit their own image; and (vi) the majority of the Group's tenants only have stores in shopping centers with a few or none street stores.

IRSA Inversiones y Representaciones Sociedad Anónima

Notes to Consolidated Financial Statements (Continued)

(All amounts in thousands of Argentine Pesos, except shares and per share data and as otherwise indicated)

2. Summary of significant accounting policies (Continued)

Lessees of shopping centers are generally required to pay the higher of: (i) a base monthly rent (the “Base Rent”) and (ii) a specific percentage of gross monthly sales recorded by the Lessee (the “Supplementary Rent”), which generally ranges between 4% and 10% of gross sales. Moreover, in accordance with agreements entered into for most locations, the Base Rent is subject to scheduled increases, typically between 7% and 24% per year over the term of the lease.

In addition, some lease contracts include provisions that set forth variable rent based on specific volumes of sales and other types of ratios.

Rental income from shopping center properties leased out under operating leases is recognized in the statements of income statement on a straight-line basis over the term of the leases. When lease incentives are granted, they are recognized as an integral part of the net consideration for the use of the property and are therefore recognized on the same straight-line basis.

Contingent rents, being lease payments that are not fixed at the inception of a lease, are recorded as income in the periods in which they are known and can be determined. Rent reviews are recognized when such reviews have been agreed with tenants.

Tenants in the Group’s shopping centers are also generally charged a non-refundable admission right upon entering a lease contract or renewing an existing one. Admission rights are treated as additional rental income and recognized in the statements of income under a straight-line basis over the term of the respective lease agreement.

The Group acts as its own leasing agent for arranging and closing lease agreements in its shopping center properties and consequently earns letting fees. Letting fees are paid by tenants upon the successful closing of an agreement. A transaction is considered successfully concluded when both parties have signed the related lease contract. Letting fees received by the Group are treated as additional rental income and are recognized in the statements of income on a straight-line basis over the term of the lease agreements.

Lease contracts also provide that common area maintenance charges of the Group’s shopping centers are borne by the corresponding lessees, generally on a proportionally basis. These common area maintenance charges include all such expenses convenient and necessary for various purposes including, but not limited to, the operation, maintenance, management, safety, preservation, repair, supervision, insurance and enhancement of the shopping centers. The lessor is responsible for determining the need and suitability of incurring a common area expense. The Group makes the original payment for such expenses, which are then reimbursed by the lessees. The Group has assessed the substance of the transactions and concluded that the Group is acting as a principal since it has exposure to the significant risks and rewards associated with the rendering of services.

IRSA Inversiones y Representaciones Sociedad Anónima

Notes to Consolidated Financial Statements (Continued)

(All amounts in thousands of Argentine Pesos, except shares and per share data and as otherwise indicated)

2. Summary of significant accounting policies (Continued)

Service charge income is presented separately from property operating expenses. Property operating expenses are expensed as incurred.

Under the lease contracts entered into, lessees also agree to participate in collective promotion funds (“FPC”) to be used in advertising and promoting the Group’s shopping centers. Each lessee’s participation is generally calculated as a percentage of the monthly rent accrued. Revenue so derived is also included under rental income and services segregated from advertising and promotion expenses. Such expenses are charged to income when incurred.

On the other hand, revenue includes income from managed operations and other services such as car parking lots. Those revenues are recognized on an accrual basis as services are provided.

•Office and other rental properties portfolio

Rental income from office and other rental properties include rental income from office leased out under operating leases, income for services and expenses recovery paid by tenant.

Rental income from office and other rental properties leased out under operating leases is recognized in the income statements on a straight-line basis over the term of the leases (‘rent averaging’). When lease incentives are granted, they are recognized as an integral part of the net consideration for the use of the property and are therefore recognized on the same straight-line basis.

Contingent rents, are recorded as income in the periods in which they are collected. Rent reviews are recognized when such reviews have been agreed with tenants.

A substantial portion of the Group’s leases require the tenant to reimburse the Group for a substantial porcion of operating expenses, usually a proportionate share of the allocable operating expenses. Such property operating expenses includes necessary expenses such as property operating, repairs and maintenance, security, janitorial, insurance, landscaping, leased properties and other administrative expenses, among others. The Group acts as the management of rent properties. The Group makes the original payment for these expenses, which are then reimbursed by the lessees. The Group considers that it acts as a principal in these cases. The Group accrues reimbursements from tenants as service charge revenue in the period the applicable expenditures are incurred and is presented separately from property operating expenses. Property operating expenses are expensed as incurred.

IRSA Inversiones y Representaciones Sociedad Anónima

Notes to Consolidated Financial Statements (Continued)

(All amounts in thousands of Argentine Pesos, except shares and per share data and as otherwise indicated)

2. Summary of significant accounting policies (Continued)

•Development property activities:

Revenue primarily comprises the proceeds from the sale of trading properties. Revenue from the sale of properties is recognized only when the significant risks and rewards have transferred to the buyer. This will normally take place on unconditional exchange of contracts (except where payment or completion is expected to occur significantly after exchange). For conditional exchanges, sales are recognized when these conditions are satisfied.

The Group applies IFRIC 15 “Agreements for the Construction of Real Estate”. IFRIC 15 gives guidance as to which standard applies when accounting for the construction of real estate; that is IAS 11 “Construction Contracts” or IAS 18 “Revenue”. IFRIC 15 interprets that an agreement meets the definition of a construction contract under IAS 11 when the buyer is able to specify the major structural elements of the design of the property either before or during construction. Furthermore, IFRIC 15 interprets that an agreement is for the sale of goods under IAS 18 when construction takes place independently of the agreement and the buyer has only a limited ability to influence the design. The Group has assessed the nature of its agreements and determined that they are within the scope of IAS 18. As a result, the Group recognizes revenue from the sale of open market private homes and commercial units entirely at the point of legal completion in accordance with IAS 18.

The Group also enters into barter transactions where the Group normally exchanges undeveloped parcels of land with third-party developers for future property to be constructed on the bartered land. Sometimes, the Group also receives monetary assets (i.e. cash) as part of the transactions. The legal title together with all risks and rewards of ownership to the land is transferred to the developer upon sale. The Group generally requires the developer to issue surety insurances or to mortgage the land in favor of the Group as performance guarantee. In the event the developer does not fulfill its obligations, the Group forecloses the land through the execution of the mortgage or the surety insurances, together with a cash penalty.

The Group determines that its barter transactions have commercial substance and that the conditions for revenue recognition on the transfer of land are met at the time the transaction takes place. Revenue is then recognized at the fair value of the goods delivered, adjusted by the amount of cash received, if any. In exchange for the land given up, the Group receives cash, if any, and an in-kind receivable. That in-kind receivable is initially recognized at fair value and is not subsequently remeasured. The in-kind receivable is classified as trading property in the statements of financial position.

Notes to Consolidated Financial Statements (Continued)

(All amounts in thousands of Argentine Pesos, except shares and per share data and as otherwise indicated)

2. Summary of significant accounting policies (Continued)

The Group may sell the residential apartments to third-party homebuyers once they are finalized and transferred from the developer. In these circumstances, revenue is recognized when the significant risks and rewards are transferred to the buyer. This will normally take place when the title deeds are transferred to the homebuyer.

On the other hand, the Group may market the residential apartments during construction or even before construction commences. In these situations, homebuyers generally surrenders a downpayment to the Group with the remaining amount being paid when the developer completes the property and transfers it to the Group, and the Group in turn transfers it to the buyer. In these cases, revenue is not recognized until the apartments are completed and the transaction is legally completed, that is when the apartments are transferred to the homebuyers and deeds of title are executed. This is because in the event the residential apartments are not completed by the developer and consequently not delivered to the homebuyer, the Group is contractually obligated to return to the homebuyer any down payment received plus a penalty amount. The Group may then seek legal remedy against the developer for non-performance of its obligations under the agreement. The Group exercised judgment and considers that the most significant risk associated with the asset the Group holds (i.e. the right to receive the apartments) consisting of the unfulfillment of the developer's obligations (i.e. to complete the construction of the apartments) has not been transferred to the homebuyers upon reception of the down payment.

- Hotel operations of the Group

Revenue from hotel operations primarily comprises room accommodation, catering and other services. Revenue from product sales are recognized when the product is delivered and the significant risks and rewards of ownership are transferred to the buyer. Revenues from sales of services are recognized when the service is rendered. All other revenues are recognized on an accruals basis.

2.28. Share capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new ordinary shares or options are shown in equity as a deduction, net of tax, from the proceeds.

When any Group company purchases the Company's equity share capital (treasury shares), the consideration paid, including any directly attributable incremental costs (net of income taxes) is deducted from equity attributable to the Company's equity holders until the shares are cancelled or reissued. When such ordinary shares are subsequently reissued, any consideration received, net of any directly attributable incremental transaction costs and the related income tax effects, is included in equity attributable to the Company's equity holders

IRSA Inversiones y Representaciones Sociedad Anónima

Notes to Consolidated Financial Statements (Continued)

(All amounts in thousands of Argentine Pesos, except shares and per share data and as otherwise indicated)

2. Summary of significant accounting policies (Continued)

Instruments issued by the Group that will be settled by the Company delivering a fixed number of its own equity instruments in exchange for a fixed amount of cash or another financial asset are classified as equity.

2.29. Earnings per share

Basic profit / (loss) per share is calculated by dividing the net profit / (loss) for the year attributable to equity holders of the parent by the weighted average number of common shares outstanding during the year. Diluted net profit / (loss) per share is computed by dividing the net profit / (loss) for the year by the weighted average number of common shares outstanding, and when dilutive, adjusted for the effect of all potentially dilutive shares, including share options, on an as-if converted basis.

In computing diluted profit / (loss) per share, income available to common shareholders used in the basic profit / (loss) per share calculation is adjusted to add back the after-tax amount of interest recognized in the year with respect to any debt convertible to common stock. The weighted-average number of common shares outstanding is adjusted to include the number of additional common shares that would have been outstanding if the dilutive potential common shares had been issued. Diluted profit / (loss) per share is based on the most advantageous conversion rate or exercise price over the entire term of the instrument from the standpoint of the security holder. The calculation of diluted profit / (loss) per share excludes potential common shares if their effect is anti-dilutive. See Note 37 for details.

2.30. Dividend distribution

Cash dividend distribution to the Group's shareholders is recognized as a liability in the Group's financial statements in the period in which the dividends are approved.

As indicated in Note 30, the Group has been refunded dividends deposited with the Caja de Valores. Such amounts have been recorded either under Retained Earnings, if already forfeited or under Trade and other payables, if not forfeited.

2.31. Dividends income

Dividends earned are recorded when declared.

Notes to Consolidated Financial Statements (Continued)

(All amounts in thousands of Argentine Pesos, except shares and per share data and as otherwise indicated)

3. Basis of preparation and adoption of international financial reporting standards (“IFRS”)

3.1. Basis of preparation

The National Securities Commission, (“CNV”, as per its Spanish acronym), through General Resolutions No. 562/9 and 576/10, has provided for the application of Technical Resolutions No. 26 and 29 of the Argentine Federation of Professional Councils of Economic Sciences (“FACPCE”, as per its Spanish acronym), which adopt the IFRS, issued by the IASB, for companies subject to the public offering regime ruled by Law 17,811, due to the listing of their shares or corporate notes, and for entities that have applied for authorization to be listed under the mentioned regime.

The Group is required to adopt IFRS as from the fiscal year beginning July 1, 2012, being these financial statements the first annual financial statements prepared under those standards.

Consequently, The Group’s transition date for the adoption of IFRS as defined by IFRS 1,” First time adoption of International Financial Reporting Standards”, is July 1, 2011.

These Consolidated Financial Statements for the fiscal year ended June 30, 2013, were prepared in accordance with IFRS, including the mentioned IFRS 1.

The consolidated financial statements of the Group were prepared in accordance with the Argentine accounting standards (“Argentine GAAP”) in force, which differ from IFRS in some significant aspects. To prepare these Consolidated Financial Statements, the Management of the Company has modified certain valuation and presentation accounting policies that were previously applied under Argentine GAAP in order to comply with the IFRS.

Comparative figures and figures as of the transition date (July 1st, 2011) have been modified to reflect such adjustments. The notes below include a reconciliation of shareholders’ equity figures of consolidated financial statements prepared in accordance with the Argentine GAAP on the transition date (July 1st, 2011) and on the adoption date (June 30, 2012) and the statements of income and other comprehensive income figures for the fiscal year ended June 30, 2012 and those presented in accordance with the IFRS in these consolidated financial statements, as well as the effects of the adjustments to cash flows.

IRSA Inversiones y Representaciones Sociedad Anónima

Notes to Consolidated Financial Statements (Continued)

(All amounts in thousands of Argentine Pesos, except shares and per share data and as otherwise indicated)

3. Basis of preparation and adoption of international financial reporting standards (“IFRS”) (Continued)

The format of the primary financial statements under Argentine GAAP is governed by Technical Resolutions No. 8 and 9 of the Argentine Federation of Professional Councils of Economic Science (as per its Spanish acronym, “FACPCE”), and Resolutions of the CNV. IAS 1 “Presentation of Financial Statements” requires certain disclosures to be made on the face of the primary statements and other required disclosures may be made in the notes or on the face of the financial statements, unless another standard specifies otherwise. The transition to IFRS has resulted in the Group changing the format of its statement of income, statement of financial position and statement of cash flows, as well as the disclosure of certain line items not prescribed by Argentine GAAP.

3.2. Initial elections upon adoption of IFRS

IFRS exemption options

As a general rule, the Group is required to establish its IFRS accounting policies for the year ended June 30, 2013 and apply these retrospectively. However, advantage has been taken of certain exemptions afforded by IFRS 1 “First-time adoption of International Financial Reporting Standards” as further described below:

Exemption for business combinations

IFRS 1 provides the option to apply IFRS 3, “Business combinations”, prospectively from the transition date or from a specific date prior to the transition date. This provides relief from full retrospective application that would require restatement of all business combinations prior to the transition date. The Group elected to apply IFRS 3 prospectively to business combinations occurring after its transition date. Business combinations occurring prior to the transition date have not been restated.

The business combination exemption applies equally to acquisitions of investments in associates or joint ventures. The Group elected not to restate the acquisitions of investments in associates or joint ventures prior to transition date.

Exemption for deemed cost

Under Argentine GAAP the Group’s financial statements were prepared in constant currency units recognizing the effects of inflation up to August 31, 1995. As from this date financial statements as of December 31, 2001 were no longer restated.

IRSA Inversiones y Representaciones Sociedad Anónima

Notes to Consolidated Financial Statements (Continued)

(All amounts in thousands of Argentine Pesos, except shares and per share data and as otherwise indicated)

3. Basis of preparation and adoption of international financial reporting standards (“IFRS”) (Continued)

As from January 1st, 2002 effects for inflation restarted to be recognized. In conformity with Resolution No. 441/03 issued by Argentine Securities Commission, the Group discontinued the restatement of financial statements as from March 1, 2003. IFRS 1 allows previous GAAP revaluations to be used as deemed cost under IFRS if those valuations were, at the time of the valuation, equivalent to fair value or depreciated cost adjusted to reflect changes in a price index. The inflation adjustment made by the Group under Argentine Accounting Standards in force meets the criteria set forth by IFRS 1 to be treated as a restatement as per prior applicable standard. As a result the Group elected to measure certain items of property, plant and equipment and investment properties at price-adjusted historical values as of July 1, 2011.

In addition, IFRS 1 allows the carrying values of the assets and liabilities immediately following a business combination to be deemed cost for any cost-based measurement going forward from the date of the combination. The Group adopted a cost-based policy for all of its assets. As such, the Group used the fair values recognized in past business combinations (not restated as per the business combination exemption above) for certain items of investment properties and property, plant and equipment (primarily shopping centers, office buildings and hotels) as deemed cost at the date of transition. All depreciation methods were already in compliance with those required by IAS 16 “Property, plant and equipment”.

Exemption for accumulated exchange differences

The IFRS 1 allows accumulated exchange differences to be reset to zero on the transition date, thus avoiding the determination of accumulated exchange differences pursuant to IAS 21 “Effects of changes in foreign exchange rates” from the moment a subsidiary or associate was created or acquired. The Group chose to reset all accumulated exchange differences to zero on the transition date.

Exemption for compound financial instruments

IFRS 1 provides that if the liability component of a financial instrument is no longer outstanding at the date of transition to IFRS, first-time adopters do not have to separate it from the equity component. The Group elected not to restate convertible debt instruments that were not outstanding at the date of transition.

Exemption for borrowing costs

IFRS 1 has been amended to permit first-time adopters not to restate borrowing costs capitalized at transition date under previous GAAP. The Group elected to apply the provisions of IAS 23 (revised) “Borrowing costs” prospectively from the date of transition.

IRSA Inversiones y Representaciones Sociedad Anónima

Notes to Consolidated Financial Statements (Continued)

(All amounts in thousands of Argentine Pesos, except shares and per share data and as otherwise indicated)

3. Basis of preparation and adoption of international financial reporting standards (“IFRS”) (Continued)

Exemption for assets and liabilities of subsidiaries

In accordance with IFRS 1, if a parent company adopts IFRS subsequent to its subsidiary, associate or joint venture adopting IFRS, the assets and liabilities of the subsidiary, associate or joint venture are to be included in the consolidated financial statements at the same carrying amounts as in the financial statements of the subsidiary, associate or joint venture, adjusted to reflect changes for the Group’s accounting policies upon consolidation, as applicable. The Group’s associates, Tarshop S.A. and Banco Hipotecario S.A., adopted IFRS in December 31, 2011

The group has not used other optional exemptions of IFRS 1.

IFRS mandatory exceptions

Set out below are the applicable mandatory exceptions in IFRS 1 applied in the conversion from Argentine GAAP to IFRS.

Exception for estimates

IFRS estimates as of July 1st, 2011 are consistent with the estimates as at the same date made in conformity with Argentine GAAP. Therefore the estimates made by the Group under previous GAAP were not revised for application of IFRS except where necessary to reflect any difference in accounting policies.

Exception for non-controlling interests

IFRS 1 establishes that an entity must apply the requirements IFRS 10 “Consolidated financial statements” for accounting for changes in a parent’s ownership interest in a subsidiary that do not result in a loss of control prospectively. Under Argentine GAAP, the Group accounted for acquisitions of non-controlling interests that did not result in change of control as business combinations. Furthermore, under Argentine GAAP, the Group accounted for disposals of non-controlling interests based on its cost at the date of disposal, recognizing any difference between the carrying value of the non-controlling interest and the consideration received in the statement of income. The Group did not restate these acquisitions prior to transition date.

IRSA Inversiones y Representaciones Sociedad Anónima

Notes to Consolidated Financial Statements (Continued)

(All amounts in thousands of Argentine Pesos, except shares and per share data and as otherwise indicated)

3. Basis of preparation and adoption of international financial reporting standards (“IFRS”) (Continued)

IFRS 1 establishes that an entity must apply the requirements of IFRS 10 for accounting for a loss of control over a subsidiary prospectively. Under Argentine GAAP, the Group recognized any non-controlling equity investment retained under the equity method at the date control was lost.

The other compulsory exceptions of IFRS 1 have not been applied, as these are not relevant to the Group.

3.3. Reconciliations of Argentine GAAP to IFRS

In accordance with the requirements of Technical Resolution No. 26 and 29 of the FACPCE, set out below are the reconciliations of shareholders’ equity from Argentine GAAP to IFRS at June 30, 2012 and July 1, 2011, and the reconciliations of income, other comprehensive income and cash flows for the year ended June 30, 2012. The reconciliations included below were prepared based on the IFRS standards that are applicable for the Group for these financial statements.

The first reconciliation provides the impact on equity of the transition as of July 1st, 2011 and June 30, 2012 (Note 3.3.1). The second reconciliation provides the impact on net income for the year ended June 30, 2012 (Note 3.3.1.). The third reconciliation provides the impact on other comprehensive income for the year ended June 30, 2012 (Note 3.3.1.). The following reconciliations provide details of the impact of the transition on:

- Statement of financial position as of July 1st, 2011 (Note 3.3.2.)
- Statement of financial position as of June 30, 2012 (Note 3.3.3.)
- Statement of income for the fiscal year ended June 30, 2012 (Note 3.3.4.)
- Statement of comprehensive income for the fiscal year ended June 30, 2012 (Note 3.3.5.)
- Statement of cash flow for the fiscal year ended June 30, 2012 (Note 3.3.6.)
