HOW TO READ THIS REPORT

This report contains information that can help you evaluate your investment. It includes details about the First Trust Value Line(R) Dividend Fund (the "Fund") and presents data and analysis that provide insight into the Fund's performance and investment approach.

By reading the letter from the Fund's President, James A. Bowen, you will obtain an understanding of how the market environment affected the Fund's performance. The statistical information that follows can help you understand the Fund's performance and characteristics compared to that of relevant benchmarks.

It is important to keep in mind that the opinions expressed by Mr. Bowen are just that: informed opinions. They should not be considered to be promises or advice. The opinions, like the statistics, cover the period through the date on the cover of this report. Of course, the risks of investing in the Fund are spelled out in the prospectus.

FIRST TRUST VALUE LINE (R) DIVIDEND FUND
SEMI-ANNUAL REPORT
NOVEMBER 30, 2004

Dear Shareholders:

The First Trust Value Line(R) Dividend Fund (the "Fund") commenced trading on the American Stock Exchange on August 29, 2003, under the ticker symbol FVD, which means our first anniversary has come and gone. Though we are disappointed that the Fund's market share price has traded at a 10% to 15% discount to its net asset value (NAV) for some time, and the discount as of January 11, 2005 was 12.7%, we are pleased with the performance of the strategy itself. The Fund's year-end distribution of \$1.01 per share, in our opinion, is a testament to its initial success.

From a performance standpoint, the Fund posted a market share price total return of 12.5% from May 31, 2004, through November 30, 2004, which marked the midway point of the Fund's fiscal year. The Fund's NAV total return was up 11.1% over the same period. Both returns outpaced the 5.7% gain posted by the S&P 500 Index.

Corporate America looks to be on solid footing heading into 2005. According to Standard & Poor's, the non-financial companies in the S&P 500 Index are currently sitting on \$590 billion in cash and equivalents. If that amount sounds unusually high it's because it is, especially when compared to 1999 (\$260 billion), 1994 (\$125 billion) and 1989 (\$98 billion) levels. In fact, cash at non-financial companies in the U.S. equaled nearly 24% of these companies' outstanding debt for the 12-month period ended in March 2004 (when cash levels were lower than today) - the highest ratio of cash to debt for public companies since 1969, according to Moody's Investor Services.

Corporate coffers could grow even fatter over the next year thanks to a new corporate tax law provision that took effect in October. It essentially provides a one-year tax break window to those multinational corporations parking billions in profits overseas. It is estimated, according to J.P. Morgan, that U.S. companies currently have \$650 billion parked abroad due to the hefty 35% tax rate currently levied on foreign profits brought back into the U.S. That tax rate would drop to 5.25% for one year. J.P. Morgan estimates that \$300 billion could flow back into the U.S. economy as a result of this tax break.

One possible use for these repatriated profits could come in the form of a dividend distribution. Why do we believe this? Despite the high cash positions in Corporate America today, the payout ratio, or dividends divided by earnings-per-share, was only 35% as of the end of the third quarter. Historically, the average is closer to 55%, according to Standard & Poor's. That suggests that there is room for companies to either initiate a dividend or increase their existing dividend distributions.

The performance of dividend-paying stocks has been encouraging this year. Year-to-date through December 9, the 376 stocks in the S&P 500 Index that pay a dividend were up 14.8%, vs. a 9.7% gain for 124 stocks that do not pay a dividend, according to Standard & Poor's.

Please see the following page for a graphical depiction of the Fund's portfolio. The detailed holdings are shown on the Portfolio of Investments schedule.

Edgar Filing: FIRST TRUST VALUE LINE DIVIDEND FUND - Form N-CSRS

We appreciate your continued confidence in our Fund.

Sincerely,

/S/ JAMES A. BOWEN

FIRST TRUST VALUE LINE(R) DIVIDEND FUND
NOVEMBER 30, 2004 (UNAUDITED)

1. FUND DESCRIPTION

First Trust Value Line(R) Dividend Fund (the "Fund") is a diversified closed-end management investment company organized as a Massachusetts business trust on June 11, 2003 and is registered with the Securities and Exchange Commission ("SEC") under the Investment Company Act of 1940, as amended (the "1940 Act").

The Fund's investment objective is to provide total return through a combination of current income and capital appreciation. The Fund seeks to accomplish its objective by investing in common stocks that pay above-average dividends and have the potential for capital appreciation. Such common stocks will be selected through the application of a disciplined investment strategy implemented by the Fund's investment advisor First Trust Advisors L.P. ("First Trust"). There can be no assurance that the Fund's investment objective will be achieved.

2. SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies consistently followed by the Fund in the preparation of its financial statements. The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Edgar Filing: FIRST TRUST VALUE LINE DIVIDEND FUND - Form N-CSRS

PORTFOLIO VALUATION:

The Fund determines the net asset value ("NAV") of its shares daily, as of the close of regular session trading on the New York Stock Exchange ("NYSE"), normally 4:00 p.m. Eastern time, on each day the NYSE is open for trading. The NAV is computed by dividing the value of all assets of the Fund (including accrued interest and dividends), less all liabilities (including accrued expenses and dividends declared but unpaid), by the total number of shares outstanding.

The Fund's investments are valued at market value or, in the absence of market value with respect to any portfolio securities, at fair value as determined by, or under the direction of the Fund's Board of Trustees. Portfolio securities listed on any exchange other than the NASDAQ National Market ("NASDAQ") are valued at the last sale price on the business day of which such value is being determined. If there has been no sale on such day, the securities are valued at the mean of the most recent bid and asked prices on such day. Securities trading on the NASDAQ are valued at the NASDAQ Official Closing Price as determined by NASDAQ. Portfolio securities traded on more than one securities exchange are valued at the last sale price on the business day as of which such value is being determined at the close of the exchange representing the principal market for such securities. Portfolio securities traded in the over-the-counter market, but excluding securities trading on the NASDAQ, are valued at the closing bid prices. Short-term investments that mature in 60 days or less are valued at amortized cost.

Foreign securities traded outside the United States are generally valued as of the time their trading is complete, which is usually different from the close of the NYSE. Occasionally, events affecting the value of such securities may occur between such times and the close of the NYSE that will not be reflected in the computation of a Fund's NAV. If events materially affecting the value of such securities occur during such period, these securities will be valued at their fair value according to procedures decided upon in good faith by the Fund's Board of Trustees. All securities and other assets of the Fund initially expressed in foreign currencies will be converted to U.S. dollars using exchange rates in effect at the time of valuation.

SECURITIES TRANSACTIONS AND INVESTMENT INCOME:

Securities transactions are recorded as of the trade date. Realized gains and losses from securities transactions are recorded on the identified cost basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Securities purchased or sold on a when-issued or delayed-delivery basis may be settled a month or more after the trade date; interest income is not accrued until settlement date. The Fund instructs the custodian to segregate assets of

Edgar Filing: FIRST TRUST VALUE LINE DIVIDEND FUND - Form N-CSRS

the Fund with a current value at least equal to the amount of its when-issued purchase commitments.

DIVIDENDS AND DISTRIBUTIONS TO SHAREHOLDERS:

Dividends from net investment income of the Fund are declared and paid quarterly or as the Board of Trustees may determine from time to time. Distributions of any net capital gains earned by the Fund are distributed at least annually. Distributions will automatically be reinvested into additional Common Shares pursuant to the Fund's Dividend Reinvestment Plan unless cash distributions are elected by the shareholder.

Distributions from income and capital gains are determined in accordance with income tax regulations, which may differ from accounting principles generally accepted in the United States of America. These differences are primarily due to differing treatments of income and gains on various investment securities held by the Fund, timing differences and differing characterization of distributions made by the Fund.

INCOME TAXES:

The Fund intends to qualify as a regulated investment company by complying with the requirements under Subchapter M of the Internal Revenue Code of 1986, as amended, and by distributing substantially all of its net investment income and net realized gains to shareholders. Accordingly, no provision has been made for federal or state income taxes.

EXPENSES:

The Fund will pay all expenses directly related to its operations. First Trust has entered into a non-exclusive license agreement with Value Line(R) Publishing, Inc. which allows for the use by First Trust of the Value Line(R) Safety(TM) Ranking System and certain trademarks and trade names of Value Line(R) Publishing, Inc. The Fund is a sub-licensee to this license agreement. In exchange, Value Line(R) Publishing, Inc. receives an annual fee, payable on a quarterly basis, equal to 10 basis points of the Fund's gross daily assets during such calendar quarter. This license fee is paid by the Fund to First Trust, who pays Value Line(R) Publishing, Inc. The terms of the license agreement provide that it shall continue in effect for a term of one year and will be automatically renewed for successive one-year terms unless either party elects not to renew the agreement.

ORGANIZATIONAL AND OFFERING COSTS:

Organization costs consist of costs incurred to establish the Fund and enable it to legally do business. These costs include incorporation fees, legal services pertaining to the organization of the business and audit fees relating to the initial registration and auditing the initial statement of assets and liabilities, among other fees. Offering costs consist of legal fees pertaining to the Fund's shares offered for sale, registration fees, underwriting fees, and printing of the initial prospectus, among other fees. First Trust has paid all organizational expenses and will pay all offering costs of the Fund (other than sales load) that exceed \$0.03 per Common Share. The Fund's share of Common Share offering costs, \$577,705 were recorded as a reduction of the proceeds from the sale of Common Shares at May 31, 2004.

3. INVESTMENT ADVISORY FEE AND OTHER AFFILIATED TRANSACTIONS

Edgar Filing: FIRST TRUST VALUE LINE DIVIDEND FUND - Form N-CSRS

First Trust is a limited partnership with one limited partner, Grace Partners of DuPage L.P., and one general partner, The Charger Corporation. First Trust serves as investment adviser to the Fund pursuant to an Investment Management Agreement. First Trust is responsible for implementing the Fund's overall investment strategy, including the allocation and periodic reallocation of the portion of the Fund's assets to be invested in common stocks, and certain administrative services necessary for the management of the Fund. For its investment management services, First Trust is entitled to a monthly fee calculated at an annual rate of 0.65% of the Fund's average daily net assets.

PFPC Inc. ("PFPC"), an indirect, majority-owned subsidiary of The PNC Financial Services Group Inc., serves as the Fund's Administrator and Transfer Agent in accordance with certain fee arrangements. PFPC Trust Company, an indirect, majority-owned subsidiary of The PNC Financial Services Group Inc., serves as the Fund's Custodian in accordance with certain fee arrangements.

FIRST TRUST VALUE LINE(R) DIVIDEND FUND NOVEMBER 30, 2004 (UNAUDITED)

Effective June 7, 2004, the Trustees of the Fund approved a revised compensation plan. Under the revised plan, the Fund pays each Trustee who is not an officer or employee of First Trust or any of their affiliates an annual retainer of \$10,000 which includes compensation for all regular quarterly board meetings and regular committee meetings. No additional meeting fees are paid in connection with regular quarterly board meetings or regular committee meetings. Additional fees of \$1,000 and \$500 are paid to non-interested Trustees for special board meetings and non-regular committee meetings, respectively. These additional fees are shared by the funds in the First Trust fund complex that participate in the particular meeting and are not per fund fees. Trustees are also reimbursed for travel and out-of-pocket expenses in connection with all meetings. The Trustees adopted the revised plan because the increase in the number of funds in the First Trust complex had the effect of rapidly increasing their compensation under the previous arrangements. Prior to June 7, 2004, the Fund paid each Trustee who was not an officer or employee of First Trust or any of their affiliates \$10,000 per annum plus \$1,000 per regularly scheduled meeting attended, \$500 per committee meeting attended and reimbursement for travel and out-of-pocket expenses.

4. PURCHASES AND SALES OF SECURITIES

Cost of purchases and proceeds from sales of investment securities, excluding short-term investments, for the period ended November 30, 2004, aggregated amounts were \$159,207,749 and \$160,756,073, respectively.

As of November 30, 2004, the aggregate gross unrealized appreciation for all securities, in which there was an excess of value over tax cost, was \$77,806,643 and the aggregate gross unrealized depreciation for all securities, in which there was an excess of tax cost over value, was \$4,192,603.

5. COMMON STOCK

As of November 30, 2004, 32,400,000 of \$0.01 par value Common Shares were issued

Edgar Filing: FIRST TRUST VALUE LINE DIVIDEND FUND - Form N-CSRS

and outstanding. An unlimited number of Common Shares has been authorized under the Fund's Dividend Reinvestment Plan.

During the six months ended November 30, 2004, it was determined that actual offering costs from the initial public offering of the Fund's Common Shares in August 2003 were more than the estimated 2003 offering costs by \$50,000. Therefore, paid-in-capital in excess of par value of Common Shares has been decreased by this amount.

6. SUBMISSION OF MATTERS TO A VOTE OF SHAREHOLDERS

The Joint Annual Meeting of Shareholders of First Trust Value Line(R) Dividend Fund, First Trust/Four Corners Senior Floating Rate Income Fund, Macquarie/First Trust Global Infrastructure/Utilities Dividend & Income Fund, First Trust/Value Line(R) & Ibbotson Equity Allocation Fund, and First Trust/Four Corners Senior Floating Rate Income Fund II was held on September 13, 2004. At the Annual Meeting the Fund's Board of Trustees, consisting of James A. Bowen, Niel B. Nielson, Thomas R. Kadlec, Richard E. Erickson and David M. Oster, was elected to serve an additional one year term. The number of votes cast for James A. Bowen was 23,162,710, the number of votes withheld was 247,169 and the number of abstentions was 8,990,121. The number of votes cast for Niel B. Nielson was 23,142,879, the number of votes withheld was 267,000 and the number of abstentions was 8,990,121. The number of votes cast for Richard E. Erickson was 23,135,292, the number of votes withheld was 274,587 and the number of abstentions was 8,990,121. The number of votes cast for Thomas R. Kadlec was 23,161,913, the number of votes withheld was 247,966 and the number of abstentions was 8,990,121. The number of votes cast for David M. Oster was 23,084,272, the number of votes withheld was 196,677 and the number of abstentions was 9,119,051.

7. SUBSEQUENT EVENT

On December 6, 2004, the Fund declared a dividend of \$1.01 per share which represents a dividend from net investment income of \$0.09, short-term capital gain of \$0.81 and long-term capital gain of \$0.11 to Common Stock Shareholders of record December 22, 2004, payable December 30, 2004.

DIVIDEND REINVESTMENT PLAN

If your Common Shares are registered directly with the Fund or if you hold your Common Shares with a brokerage firm that participates in the Fund's Dividend Reinvestment Plan (the "Plan"), unless you elect to receive cash distributions, all dividends, including any capital gain distributions, on your Common Shares will be automatically reinvested by PFPC (the "Plan Agent") in additional Common Shares under the Plan. If you elect to receive cash distributions, you will receive all distributions in cash paid by check mailed directly to you by PFPC, as dividend paying agent.

If you decide to participate in the Plan, the number of Common Shares you will

Edgar Filing: FIRST TRUST VALUE LINE DIVIDEND FUND - Form N-CSRS

receive will be determined as follows:

- (1) If the Common Shares are trading at or above net asset value at the time of valuation, the Fund will issue new shares at a price equal to the greater of (i) net asset value per Common Share on that date or (ii) 95% of the market price on that date.
- (2) If the Common Shares are trading below net asset value at the time of valuation, the Plan Agent will receive the dividend or distribution in cash and will purchase Common Shares in the open market, on the American Stock Exchange or elsewhere, for the participants' accounts. It is possible that the market price for the Common Shares may increase before the Plan Agent has completed its purchases. Therefore, the average purchase price per share paid by the Plan Agent may exceed the market price at the time of valuation, resulting in the purchase of fewer shares than if the dividend or distribution had been paid in Common Shares issued by the Fund. The Plan Agent will use all dividends and distributions received in cash to purchase Common Shares in the open market within 30 days of the valuation date except where temporary curtailment or suspension of purchases is necessary to comply with federal securities laws. Interest will not be paid on any uninvested cash payments.

You may withdraw from the Plan at any time by giving written notice to the Plan Agent, or by telephone in accordance with such reasonable requirements as the Plan Agent and Fund may agree upon. If you withdraw or the Plan is terminated, you will receive a certificate for each whole share in your account under the Plan and you will receive a cash payment for any fraction of a share in your account. If you wish, the Plan Agent will sell your shares and send you the proceeds, minus brokerage commissions.

The Plan Agent maintains all shareholders' accounts in the Plan and gives written confirmation of all transactions in the accounts, including information you may need for tax records. Common Shares in your account will be held by the Plan Agent in non-certificated form. The Plan Agent will forward to each participant any proxy solicitation material and will vote any shares so held only in accordance with proxies returned to the Fund. Any proxy you receive will include all Common Shares you have received under the Plan.

There is no brokerage charge for reinvestment of your dividends or distributions in Common Shares. However, all participants will pay a pro rata share of brokerage commissions incurred by the Plan Agent when it makes open market purchases.

Automatically reinvesting dividends and distributions does not mean that you do not have to pay income taxes due upon receiving dividends and distributions. Capital gains and income are realized, although cash is not received by you.

If you hold your Common Shares with a brokerage firm that does not participate in the Plan, you will not be able to participate in the Plan and any dividend reinvestment may be effected on different terms than those described above. Consult your financial advisor for more information.

The Fund reserves the right to amend or terminate the Plan if in the judgment of the Board of Trustees the change is warranted. There is no direct service charge to participants in the Plan; however, the Fund reserves the right to amend the Plan to include a service charge payable by the participants. Additional information about the Plan may be obtained by writing PFPC Inc., 301 Bellevue Parkway, Wilmington, Delaware 19809.
