Item 8.01. Other events  
-----

During the 4th fiscal quarter of 2004 (period ending September 30, 2004) Washington Federal, Inc. (the "Company") prepaid a total of \$200 million of Federal Home Loan Bank advances that carried an interest rate of 5.49%. The effect of this prepayment will be a loss on the extinguishment of debt of approximately \$5.2 million (pretax) that will be reported as a part of the Company's 4th fiscal quarter's statement of operations. It is anticipated that the prepayment of this advance will improve the Company's net interest margin going forward.

This Current Report on Form 8-K contains forward-looking statements as referenced in the Private Securities Litigation Reform Act of 1995. Forward-looking statements are inherently unreliable and actual results may vary. Factors which could cause actual results to differ from these forward-looking statements include changes in the competitive marketplace, changes in the interest rate environment, economic conditions, outcome of pending litigation, risks associated with credit quality and other factors discussed in the Company's filings with the Securities and Exchange Commission.
