Independent Auditors' Report

Financial Fiduciary Committee
Darden Restaurants, Inc.

We have audited the accompanying statements of net assets available for benefits with fund information of the Darden Savings Plan (the Plan) as of April 30, 2003 and 2002, and the related statements of changes in net assets available for benefits with fund information for the years ended April 30, 2003 and 2002. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of April 30, 2002 and 2003, and the changes in net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules - Schedule H, line 4i - Schedule of Assets (Held at End of Year) and Schedule H, line 4j - Schedule of Reportable Transactions are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These schedules are the responsibility of the Plan's management. The fund information in the statements of net assets available for benefits and the statement of changes in net assets available for benefits is presented for purposes of additional analysis rather than to present the net assets available for plan benefits and changes in net assets available for plan benefits of each fund. The supplemental schedules and fund information have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

April 30, 2003 and 2002

(1) Description of the Plan

The following description of the Darden Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan, as amended, was originally established in June 1973. The Plan covers certain employees of Darden Restaurants, Inc.'s operating and administrative subsidiaries, and their divisions and affiliates (collectively, the Company) who are 21 or over, regardless of their length of service. Effective May 1999, the Plan was amended to allow allocation of Company shares in the ESOP Fund (an employee stock ownership plan which is a component of the Plan) for payment of quarterly incentive bonuses earned by certain restaurant management employees that have five years of service with the Company. Effective January 2000, the Plan was also amended to allow allocation of Company shares in the ESOP Fund for payment of annual incentive bonuses earned by certain Restaurant Support Center administrative employees that have five years of service with the Company. Effective June 2002, the Plan was amended to allow participants to immediately transfer ESOP funds credited to their accounts to any of the Plan's other investment funds. The Plan was also amended to change the maximum Company variable contribution from 100% to 120% effective July 2002.

Under the Plan, eligible employees may elect to make primary contributions to the Plan ranging from 1% to 6% of their eligible compensation for each year on an after-tax or before-tax basis. Participants electing to contribute 6% may also elect to make unmatched contributions equal to between 1% and 9% of their eligible compensation for the year. The Company makes quarterly variable contributions to the Plan ranging from 25% to 120% of the primary contribution percentages made by the participants. The Company contribution varies depending on the Company's operating results. Plan matching provisions become effective for participants upon completion of 12 months of service and accumulation of 1,000 hours of service in an anniversary year. Income earned by the Plan is allocated to participants' accounts based on their relative account balances.

Participants may borrow from their vested account as follows: a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, minus the highest outstanding loan balance in the preceding 12 months, 50% of their vested account balance, an amount which would result in loan repayments not to exceed 50% of the participant's 13 week average net take-home pay, or the vested balance in the participant's account excluding amounts in the ESOP Fund. Loan transactions are accounted for as a transfer to (from) the investment fund from (to) the Participant Loan Fund. Loan repayment terms generally may not exceed 5 years. The loans are secured by the balance in the participant's account and bear market rates of interest. Principal and interest is paid through payroll deductions and may be repaid in full at any time without penalty.

On termination of service due to death, disability, retirement, induction into the Armed Forces of, or service with, the United States Government, or involuntary separation or elimination of position due to a sale, destruction, shut-down, or closing out of an activity or facility, a participant shall be entitled to a distribution of the total value of his or her account. If that participant had a vested account balance as of June 1, 1990, he or she may elect monthly installments not to exceed 120 months. All other terminating participants, including those who terminate service

Edgar Filing: DARDEN RESTAURANTS INC - Form 11-K

due to other reasons, will receive a lump sum distribution of their vested account balance if such balance is \$5,000 or less. Terminating participants having vested account balances greater than \$5,000 may elect either a lump sum distribution or to leave their accounts in the Plan until attainment of age 65. All benefits are recorded when paid.

Trustee and administrative duties of the Plan are being performed by American Express Trust Company.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The financial statements of the Plan are prepared under the accrual method of accounting.

The Plan accounts for certain changes in net assets as follows:

- o Dividends and interest, net realized and unrealized gains or losses and administrative expenses of the American Express Trust Stable Capital Fund II, Pimco Total Return Fund, American Express Trust Equity Index Fund I, T. Rowe Price Small Cap Stock Fund, EuroPacific Growth Fund, MSIF Trust U.S. Mid Cap Core Portfolio Fund, Harbor Capital Appreciation Fund, and the Davis New York Venture Fund are recognized by the Plan only as they are reflected in the Plan's proportionate share of net increases (decreases) in the fair value of the respective funds; and
- o Net realized gains or losses are recognized by the Plan upon the sale of investment securities on the basis of weighted average cost.

(b) Investments

Plan investments are recorded at fair value. Fair value is determined by quoted market prices. Short-term investments are stated at cost, which approximates fair value. Participant loans are valued at amortized cost which approximates fair value.

Purchases and sales of securities are recorded on a trade date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

The Plan's investments include funds which invest in various types of investment securities and in various companies within various markets. Investment securities are exposed to several risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Plan's financial statements and schedules.

On March 21, 2002, the Company's Board of Directors declared a three-for-two stock split of the Company's common stock. The stock split was accomplished through a 50% stock dividend, which was

Edgar Filing: DARDEN RESTAURANTS INC - Form 11-K

distributed on May 1, 2002, to stockholders of record as of the close of business on April 10, 2002. All applicable references to number of Company shares of common stock have been adjusted to reflect the stock split.

(c) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of additions to and deductions from those net assets during the reporting period. Actual results could differ from those estimates.

Notes to Financial Statements

(3) Forfeitures and Vesting

Vested rights to Company contribution amounts accrue at a rate of 5% per quarter beginning with the participant's fifth quarter of service. Forfeitures of nonvested Company contributions to the Plan can be used to cover future Company contributions, reinstate previously forfeited amounts to rehired employees, and cover administrative expenses incurred by the Plan.
