CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING INFORMATION

We have made various statements in this prospectus supplement and the accompanying prospectus that may constitute “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements may also be made in our documents incorporated by reference in this prospectus supplement and the accompanying prospectus. Forward-looking statements are subject to risks and uncertainties, including those identified in the documents that are or will be incorporated by reference into this prospectus supplement and the accompanying prospectus, which could cause actual results to differ materially from such statements. The words “believe,” “expect,” “anticipate,” “optimistic,” “intend,” “plan,” “aim,” “will,” “may,” “should,” “could” and similar expressions are intended to identify forward-looking statements. We caution you that any risk factors described or incorporated by reference in this prospectus supplement and the accompanying prospectus are not exclusive. There may also be other risks that we are unable to predict at this time that may cause actual results to differ materially from those in forward-looking statements. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date on which they are made. We undertake no obligation to update publicly or revise any forward-looking statements.

Information concerning important factors that could cause actual events or results to be materially different from the forward-looking statements can be found in the documents that are or will be incorporated by reference into this prospectus supplement and the accompanying prospectus. Although we believe the expectations reflected in our forward-looking statements are based upon reasonable assumptions, it is not possible to foresee or identify all factors that could have a material and negative impact on our future performance. The forward-looking statements included or incorporated by reference in this prospectus supplement and the accompanying prospectus are made on the basis of management's assumptions and analyses, as of the time the statements are made, in light of their experience and perception of historical conditions, expected future developments and other factors believed to be appropriate under the circumstances.

RECENT DEVELOPMENTS

Beginning in mid-July 2002, 12 putative class action lawsuits were filed in the United States District Court for the Southern District of New York. In October 2002, these cases were consolidated under the caption In re American Express Company Securities Litigation. These lawsuits allege violations of the federal securities laws and the common law in connection with alleged misstatements and omissions regarding certain investments in high-yield bonds and write-downs in the 2000-2001 timeframe. The purported class covers the period from July 18, 1999 to July 17, 2001. The actions seek unspecified compensatory damages as well as disgorgement, punitive damages, attorneys' fees and costs, and interest. On March 31, 2004, the District Court granted the Company's motion to dismiss the lawsuit. Plaintiffs appealed the dismissal to the United States Court of Appeals for the Second Circuit. On August 7, 2006, the Court of Appeals, without expressing any views whatsoever on the merits of the cases, vacated the District Court's judgment and remanded all claims to the District Court for further proceedings. More particularly, the Court of Appeals reversed the District Court's ruling that two of the plaintiffs' claims in an amended complaint did not "relate back" to the original complaint and were thus time-barred under the statute of limitations period. As a result, the Court of Appeals decided that it was prudent to remand all claims back to the District Court so that plaintiffs could file a new amended complaint. The Company continues to believe that it has meritorious defenses to the action and intends to file a new motion to dismiss the lawsuit once the amended complaint is filed.

USE OF PROCEEDS

We estimate that the net proceeds from the sale of the notes will be approximately \$992 million, after deducting the underwriters' discounts and commissions and estimated offering expenses. We intend to use the net proceeds from this offering for general corporate purposes, including, together with other available cash resources, for the repayment at maturity of our \$1 billion aggregate principal amount of 5½% notes due September 2006 and any related interim financing.

For purposes of the “earnings” computation, other adjustments include adding the amortization of capitalized interest, the net loss of affiliates accounted for under the equity method whose debt is not guaranteed by us, the minority interest in the earnings of majority-owned subsidiaries with fixed charges and the interest component of rental expense, and subtracting undistributed net income of affiliates accounted for under the equity method.

For purposes of the “fixed charges” computation, adjustments include adding capitalized interest costs and the interest component of rental expense.

DESCRIPTION OF NOTES

This description of the terms of the notes adds information to the description of the general terms and provisions of debt securities in the accompanying prospectus. If this description differs in any way from the description in the accompanying prospectus, you should rely on this description.

General

The notes of each series offered by this prospectus supplement are senior debt securities issued under our senior debt indenture dated as of May 1, 1997 as supplemented by the first supplemental indenture dated as of October 25, 2000. The 2011 notes are initially being offered in an aggregate principal amount of \$400,000,000 and will mature on September 12, 2011 at 100% of their principal amount. The 2016 notes are initially being offered in an aggregate principal amount of \$600,000,000 and will mature on September 12, 2016 at 100% of their principal amount. We may, without consent of the holders, increase the principal amount of the notes of either series in the future, on the same terms and conditions and with the same CUSIP number as the notes of the applicable series being offered hereby, as more fully described in “—Further Issues” below. The notes of each series will be our senior unsecured obligations and will rank prior to all present and future subordinated indebtedness of the Company and on an equal basis with all other present and future senior unsecured indebtedness of the Company.

We will pay interest on the notes of each series from September 12, 2006 at the respective rates per annum set forth on the cover page of this prospectus supplement, on March 12 and September 12 of each year, beginning March 12, 2007, to the persons who are registered as the owners of the notes at the close of business on the 15th day preceding the applicable interest payment date, subject to certain exceptions. Interest on the notes will be paid on the basis of a 360-day year comprised of twelve 30-day months. We will not redeem the notes of either series prior to maturity unless certain events occur involving United States taxation. In such event, we will redeem the notes at a redemption price of 100% of their principal amount plus accrued and unpaid interest to the date of redemption. See “—Redemption Upon a Tax Event.” If any day on which a payment is due is not a Business Day (as defined below), then the holder of the note shall not be entitled to payment of the amount due until the next Business Day and shall not be entitled to any additional principal, interest or other payment as a result of such delay except as otherwise provided under “—Payment of Additional Amounts.”

“Business Day” means any day which is not a Saturday or Sunday or any other day on which banks in New York City are authorized or obligated by law or regulation to close.

Book-entry, Delivery and Form

We will issue the notes of each series in the form of one or more fully registered global notes in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof. We will deposit the notes of each series with, or on behalf of, DTC and will register the notes of each series in the name of Cede & Co., DTC's nominee.

Your beneficial interests in the global notes will be represented through book-entry accounts of financial institutions acting on your behalf as direct and indirect participants in DTC, or DTC participants. You may elect to hold interests in the global notes either through DTC (inside the United States) or through Clearstream or Euroclear (outside of the United States) if they are participants in such systems, or indirectly through organizations which are participants in such systems. Clearstream and Euroclear will hold interests on behalf of their participants through customers' securities accounts in Clearstream's and Euroclear's names on the books of their respective depositaries, which in turn will hold such interests in customers' securities accounts in the depositaries' names on the books of DTC. Interests held through Clearstream and Euroclear will be recorded on DTC's books as being held by the U.S. depositary for each of Clearstream and Euroclear, which U.S. depositaries will in turn hold interests on behalf of their participants' customers' securities accounts. Except as set forth below, the global notes may be transferred, in whole and not in part, only to another nominee of DTC or to a successor of DTC or its nominee.

As long as the notes of a series are represented by the global notes, we will pay principal of and interest on the notes to or as directed by DTC as the registered holder of the global notes. Payments to DTC will be in immediately available funds by wire transfer. DTC, Euroclear or Clearstream, as applicable, will credit the relevant accounts of their participants on the applicable date. The Company, the

S-11

trustee and all of their agents will not be liable for the accuracy of, or responsible for maintaining, supervising or reviewing, DTC's records or any participant's records relating to book-entry notes. The Company, the trustee and all of their agents also will not be responsible or liable for payments made on account of the book-entry notes.

We have been advised by DTC, Clearstream and Euroclear, respectively, as follows:

As to DTC: DTC has advised us that it is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities and Exchange Act of 1934, as amended, or the Exchange Act. DTC holds securities deposited with it by its participants and facilitates the settlement of transactions among its participants in such securities through electronic computerized book-entry changes in accounts of the participants, thereby eliminating the need for physical movement of securities certificates. DTC's participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations, some of whom (and/or their representatives) own DTC. Access to DTC's book-entry system is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly.

As to Clearstream: Clearstream has advised us that it was incorporated as a limited liability company under Luxembourg law. Clearstream is owned by Cedel International, société anonyme, and Deutsche Börse AG. The shareholders of these two entities are banks, securities dealers and financial institutions.

Clearstream holds securities for its customers and facilitates the clearance and settlement of securities transactions between Clearstream customers through electronic book-entry changes in accounts of Clearstream customers, thus eliminating the need for physical movement of certificates. Transactions may be settled by Clearstream in many currencies, including United States dollars. Clearstream provides to its customers, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities, securities lending and borrowing. Clearstream also deals with domestic securities markets in over 30 countries through established depository and custodial relationships. Clearstream interfaces with domestic markets in a number of countries. Clearstream has established an electronic bridge with Euroclear Bank S.A./N.V., the operator of Euroclear, or the Euroclear operator, to facilitate settlement of trades between Clearstream and Euroclear.

As a registered bank in Luxembourg, Clearstream is subject to regulation by the Luxembourg Commission for the Supervision of the Financial Sector. Clearstream customers are recognized financial institutions around the world, including underwriters, securities brokers and dealers, banks, trust companies and clearing corporations. In the United States, Clearstream customers are limited to securities brokers and dealers and banks, and may include the underwriters for the notes. Other institutions that maintain a custodial relationship with a Clearstream customer may obtain indirect access to Clearstream. Clearstream is an indirect participant in DTC.

Distributions with respect to the notes held beneficially through Clearstream will be credited to cash accounts of Clearstream customers in accordance with its rules and procedures, to the extent received by Clearstream.

As to Euroclear: Euroclear has advised us that it was created in 1968 to hold securities for participants of Euroclear and to clear and settle transactions between Euroclear participants through simultaneous electronic book-entry delivery against payment, thus eliminating the need for physical movement of certificates and risk from lack of simultaneous transfers of securities and cash. Transactions may now be settled in many currencies, including United States dollars and Japanese Yen. Euroclear provides various other services, including securities lending and borrowing and interfaces with domestic markets in several countries generally similar to the arrangements for cross-market transfers with DTC described below.

Euroclear is operated by the Euroclear operator, under contract with Euroclear plc, a U.K. corporation. The Euroclear operator conducts all operations, and all Euroclear securities clearance accounts and Euroclear cash accounts are accounts with the Euroclear operator, not Euroclear plc. Euroclear plc establishes policy for Euroclear on behalf of Euroclear participants. Euroclear participants include banks (including central banks), securities brokers and dealers and other professional financial intermediaries and

S-12

may include the underwriters for the notes. Indirect access to Euroclear is also available to other firms that clear through or maintain a custodial relationship with a Euroclear participant, either directly or indirectly. Euroclear is an indirect participant in DTC.

The Euroclear operator is a Belgian bank. The Belgian Banking Commission and the National Bank of Belgium regulate and examine the Euroclear operator. The Terms and Conditions Governing Use of Euroclear and the related Operating Procedures of the Euroclear System, or the Euroclear Terms and Conditions, and applicable Belgian law govern securities clearance accounts and cash accounts with the Euroclear operator. Specifically, these terms and conditions govern:

- transfers of securities and cash within Euroclear;
- withdrawal of securities and cash from Euroclear; and
- receipt of payments with respect to securities in Euroclear.

All securities in Euroclear are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts. The Euroclear operator acts under the terms and conditions only on behalf of Euroclear participants and has no record of or relationship with persons holding securities through Euroclear participants.

Distributions with respect to notes held beneficially through Euroclear will be credited to the cash accounts of Euroclear participants in accordance with the Euroclear Terms and Conditions, to the extent received by the Euroclear operator.

The foregoing information with respect to DTC, Clearstream and Euroclear has been provided by each of them for informational purposes only and is not intended to serve as a representation, warranty or contract modification of any kind.

Global Clearance and Settlement Procedures

Investors will make initial payment for the notes in immediately available funds. Secondary market trading between DTC participants will occur in the ordinary way in accordance with DTC's rules and will be settled in immediately available funds using DTC's Same-Day Funds Settlement System. Secondary market trading between Clearstream participants and/or Euroclear participants will occur in the ordinary way in accordance with the applicable rules and operating procedures of Clearstream and Euroclear and will be settled using the procedures applicable to conventional eurobonds in immediately available funds.

Cross-market transfers between persons holding directly or indirectly through DTC, on the one hand, and directly or indirectly through Clearstream or Euroclear participants, on the other, will be effected through DTC in accordance with DTC's rules on behalf of the relevant European international clearing system by its U.S. depository. Such cross-market transactions will require delivery of instructions to the relevant European international clearing system by the counterparty in such system in accordance with its rules and procedures and within its established deadlines (based on European time). The relevant European international clearing system will, if the transaction meets its settlement requirements, deliver instructions to its U.S. depository to take action to effect final settlement on its behalf by delivering or receiving notes in DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Clearstream participants and Euroclear participants may not deliver instructions directly to their respective U.S. depositories.

Because of time-zone differences, credits of notes received in Clearstream or Euroclear as a result of a transaction with a DTC participant will be made during subsequent securities settlement processing and dated the business day following the DTC settlement date. Such credits or any transactions in such notes settled during such processing will be reported to the relevant Euroclear or Clearstream participants on such business day. Cash received in Clearstream

or Euroclear as a result of sales of notes by or through a Clearstream participant or a Euroclear participant to a DTC participant will be received with value on the DTC settlement date but will be available in the relevant Clearstream or Euroclear cash account only as of the business day following settlement in DTC.

Although DTC, Clearstream and Euroclear have agreed to the foregoing procedures in order to facilitate transfers of notes among participants of DTC, Clearstream and Euroclear, they are under no obligation to perform or continue to perform such procedures and such procedures may be discontinued at any time.

S-13

Definitive Notes

We will issue notes in definitive registered form in exchange for the global notes in the following instances. If DTC notifies us that it is unwilling or unable to continue as depository for the global notes or if DTC ceases to be a clearing agency registered under the Exchange Act and we do not appoint a successor depository within 90 days, we will issue notes in definitive form. We will also issue definitive notes in exchange for the global notes if an event of default with respect to the notes occurs and is continuing as described under “Description of Debt Securities—Events of Default, Notice and Waiver” in the accompanying prospectus. If we issue definitive notes, the notes may be presented for registration of transfer and exchange at the office of the trustee in New York, New York. In such circumstances, we will pay principal of, and interest on, the notes at the office of the trustee in New York, New York. We will make payments of principal on the notes only against surrender of such notes. Payment of interest on any interest payment date on any notes will be made to the person in whose name such note is registered at the close of business on the 15th day preceding the applicable interest payment date, subject to certain exceptions, except that interest payable at maturity will be payable to the person to whom the principal of the note is paid. All payments of principal and interest will be made by U.S. dollar check drawn on a bank in The City of New York and mailed to the person in whose name such notes are registered at such person's address as provided in the register. For holders of at least \$1,000,000 in aggregate principal amount of notes, we will make payment by wire transfer to a U.S. dollar account maintained by the payee with a bank in The City of New York or in Europe, provided that the trustee receives a written request from such holder to such effect designating such account no later than by the close of business on the 15th day preceding such interest payment date, subject to certain exceptions.

Payment of Additional Amounts

We will, subject to the exceptions and limitations set forth below, pay as additional interest on each series of notes, such additional amounts as are necessary in order that the net payment by us or a paying agent of the principal of and interest on the notes to a holder who is a Non-United States Holder (as defined under “Certain United States Federal Income Tax Considerations” below), after deduction for any present or future tax, assessment or governmental charge of the United States or a political subdivision or taxing authority thereof or therein, imposed by withholding with respect to the payment, will not be less than the amount that would have been payable had no such withholding or deduction been required.

However, our obligation to pay additional amounts shall not apply:

(1) to a tax, assessment or governmental charge that would not have been imposed but for the beneficial owner or the holder, or a fiduciary, settlor, beneficiary, member or shareholder of, or possessor of a power over, the holder if the holder is an estate, trust, partnership, limited liability company, corporation or other entity, or a person holding a power over an estate or trust administered by a fiduciary holder, being considered as:

(a) being or having been present or engaged in a trade or business in the United States or having or having had a permanent establishment in the United States:

(b) having a current or former relationship with the United States, including a relationship as a citizen or resident thereof;

(c) being or having been a foreign or domestic personal holding company, a passive foreign investment company or a controlled foreign corporation with respect to the United States, a corporation that has accumulated earnings to avoid United States federal income tax or a private foundation or other tax-exempt organization; or

(d) being or having been a “10-percent shareholder” of the Company as defined in section 871(h)(3) of the United States Internal Revenue Code of 1986, as amended, or the Code, or any successor provision or being or having been a bank whose receipt of interest on a note is described in section 881(c)(3)(A) of the Code or any successor provision;

(2) to any beneficial owner that is not the sole beneficial owner of a note, or a portion thereof, or that is a fiduciary, partnership, limited liability company or other fiscally transparent entity, but only to the extent that a beneficiary or settlor with respect to the fiduciary, or a beneficial owner or member of the partnership, limited liability company or other fiscally transparent entity, would not

S-14

have been entitled to the payment of an additional amount had the beneficiary, settlor, beneficial owner or member received directly its beneficial or distributive share of the payment;

(3) to a tax, assessment or governmental charge (including backup withholding) that would not have been imposed but for the failure of the holder or any other person to comply with certification, information, documentation, reporting or other similar requirements concerning the nationality, residence, identity or connection with the United States of the holder or beneficial owner of such note, if compliance is required by statute or by regulation of the United States Treasury Department, without regard to any tax treaty, or by an applicable income tax treaty to which the United States is a party as a precondition to partial or complete relief or exemption from such tax, assessment or other governmental charge (including, but not limited to, the failure to provide United States Internal Revenue Service, or IRS, Form W-8BEN, W-8ECI or any subsequent versions thereof), or any other certification, information, documentation, reporting or other similar requirement under United States income tax laws or regulations that would establish entitlement to otherwise applicable relief or exemption from any tax, assessment or governmental charge;

(4) to a tax, assessment or governmental charge that is imposed otherwise than by withholding by the Company or a paying agent from the payment;

(5) to a tax, assessment or governmental charge that would not have been imposed or withheld but for a change in law, regulation, or administrative or judicial interpretation that becomes effective more than 10 days after the payment becomes due or is duly provided for, whichever occurs later;

(6) to a tax, assessment or governmental charge that is imposed or withheld by reason of the presentation of a note for payment more than 30 days after the date on which such payment becomes due or is duly provided for, whichever occurs later;

(7) to an estate, inheritance, gift, sales, excise, transfer, wealth or personal property tax or a similar tax, assessment or governmental charge;

(8) to any tax, assessment or other governmental charge required to be withheld by any paying agent from any payment of principal of or interest on any note, if such payment can be made without such withholding by any other paying agent;

(9) to any withholding or deduction which is imposed on a payment to an individual and is required to be made pursuant to any European Union Directive on the taxation of savings implementing the conclusions of the European Union's Economic and Finance Ministers Council meeting of 26-27 November 2000, or any law implementing or complying with, or introduced in order to conform to, any such directive (including the Council Directive 2003/48/EC adopted on June 3, 2003); or

(10) in the case of any combination of items (1), (2), (3), (4), (5), (6), (7), (8) and (9).

The notes are subject in all cases to any tax, fiscal or other law or regulation or administrative or judicial interpretation applicable thereto. Except as specifically provided under this heading “—Payment of Additional Amounts” and under the heading “—Redemption Upon a Tax Event,” we shall not be required to make any payment with respect to any tax, assessment or governmental charge imposed by any government or a political subdivision or taxing authority thereof or therein.

Redemption Upon a Tax Event

If as a result of (a) any change in (including any announced prospective change), or amendment to, the laws (including any regulations or rulings promulgated thereunder) of the United States (or any political subdivision or taxing authority thereof or therein), or any change in (including any announced prospective change), or amendment to, any official position regarding the application or interpretation of such laws, which change or amendment is announced or becomes effective on or after the date of this prospectus supplement, or (b) a taxing authority of the United States taking any action, or such action becoming generally known, on or after the date of this prospectus supplement, whether or not such action is taken with respect to us or any of our affiliates, there is in either case a material increase in the probability that we will or may be required to pay additional amounts as described herein under the heading “—Payment of Additional Amounts” above, then we may in either case, at our option, redeem, in whole or in part, the notes of each series on at least 30 days' and no more than 60 days' prior written

S-15

notice, at a redemption price equal to the principal amount of the notes of such series being redeemed, together with any accrued and unpaid interest thereon to the date fixed for redemption.

In order to exercise this right, we must determine, in our business judgment, that the obligation to pay such additional amounts cannot be avoided by the use of reasonable measures available to us, not including substitution of the obligor under the notes of the relevant series. Prior to the publication of any notice of redemption, we will deliver to the trustee an officer's certificate stating that we are entitled to effect a redemption and setting forth a statement of facts showing that the conditions precedent to our right to so redeem have occurred and an opinion of counsel to that effect based on that statement of facts.

Further Issues

We may from time to time, without notice to or the consent of the registered holders of the notes of a series, create and issue further notes of such series ranking on an equal basis with the notes of such series being offered hereby in all respects (or in all respects except for the payment of interest accruing prior to the issue date of such further notes or except, in some circumstances, for the first payment of interest following the issue date of such further notes). Such further notes shall be consolidated and form a single series with the notes of such series being offered hereby and shall have the same terms as to status, redemption or otherwise as the notes of such series being offered hereby.

Notices

So long as the global notes are held on behalf of DTC or any other clearing system, notices to holders of notes represented by a beneficial interest in the global notes may be given by delivery of the relevant notice to DTC or the alternative clearing system, as the case may be.

Trustee

U.S. Bank, as the corporation succeeding to all or substantially all of the corporate trust business of Wachovia Bank, National Association, shall be the successor trustee under the first supplemental indenture dated as of October 25, 2000 with respect to the notes and will be the paying agent and registrar for the notes. We and our affiliates have entered, and from time to time may continue to enter, into banking or other relationships with U.S. Bank or its affiliates. For example, U.S. Bank provides custodial services to us and provides corporate trust services to our affiliates. We and our affiliates may have other customary banking relationships (including other trusteeships) with the trustee.

Within 90 days after a default, the trustee must give to the holders of the notes notice of all uncured and unwaived defaults by us known to it. However, except in the case of default in payment, the trustee may withhold such notice if it determines that such withholding is in the interest of such holders. The trustee may resign or be removed by the holders of a majority of the notes of one or more series (each voting as a class) in certain circumstances, and a successor trustee may be appointed by us to act with respect to the notes.

Unclaimed Funds

All funds deposited with the trustee or any paying agent for the payment of principal, interest or additional amounts in respect of the notes of a series that remain unclaimed for two years after the maturity date of such series will be returned to the Company upon its request. Thereafter, any right of any noteholder to such funds shall be enforceable only against the Company.

Governing Law

The notes, the senior debt indenture dated as of May 1, 1997 and the first supplemental indenture dated as of October 25, 2000 will be governed by and construed in accordance with the laws of the State of New York. Actions relating to the notes and indenture may be brought in the state or federal courts in New York.

S-16

CERTAIN UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS

The following is a summary of certain United States federal income tax considerations that may be relevant to persons considering the purchase of notes. This summary, which does not represent tax advice, is based on laws, regulations, rulings and decisions now in effect, all of which are subject to change (including changes in effective dates) or possible differing interpretations. This summary deals only with notes that will be held as capital assets and, except where otherwise specifically noted, is only addressed to persons who purchase notes in the initial offering. It does not address tax considerations applicable to investors that may be subject to special tax rules, such as banks, tax-exempt entities, insurance companies, dealers in securities or currencies, traders in securities electing to mark to market, persons that will hold notes as a position in a “straddle” or conversion transaction, or as part of a “synthetic security” or other integrated financial transaction, or persons that have a “functional currency” other than the U.S. dollar.

Persons considering the purchase of notes should consult their own tax advisors in determining the tax consequences to them of the purchase, ownership and disposition of notes, including the application to their particular situation of the United States federal income tax considerations discussed below, as well as the application of state, local, foreign or other tax laws.

As used under this heading “Certain United Federal Income Tax Considerations,” the term “United States Holder” means a beneficial owner of a note that is (i) a citizen or resident of the United States; (ii) a corporation, partnership or other entity organized in or under the laws of the United States or any political supervision thereof; (iii) an estate the income of which is subject to United States federal income taxation regardless of its source; or (iv) a trust if (A) a U.S. court is able to exercise primary supervision over the trust's administration and (B) one or more United States persons have the authority to control all of the trust's substantial decisions. As used under this heading “Certain United States Federal Income Tax Considerations” and the heading “Payment of Additional Amounts,” the term “Non-United States Holder” means a beneficial owner of a note that is not a United States Holder.

Tax Consequences to United States Holders

Payments of Interest

Payments of stated interest on a note will be taxable to a United States Holder as ordinary interest income at the time that such payments are accrued or are received (in accordance with the United States Holder's method of tax accounting).

Purchase, Sale, Exchange and Retirement

A United States Holder's tax basis in a note generally will equal the cost of such note to such holder. Upon the sale, exchange or retirement of a note, a United States Holder generally will recognize gain or loss equal to the difference between the amount realized on the sale, exchange or retirement (less any accrued interest, which will be taxable as such) and the United States Holder's tax basis in such note. Such gain or loss recognized by a United States Holder generally will be long-term capital gain or loss if the United States Holder has held the note for more than one year at the time of disposition. Long-term capital gains recognized by an individual holder generally are subject to tax at a reduced rate. The deductibility of capital losses is subject to limitations.

Information Reporting and Backup Withholding

Under current United States federal income tax law, information reporting requirements apply with respect to payments made to United States Holders of notes unless an exemption exists. In addition, United States Holders who are not exempt will be subject to backup withholding tax in respect of such payments if they do not provide their taxpayer identification numbers to the Company or its paying agent. All individuals are subject to these requirements. In general, corporations, tax-exempt organizations and individual retirement accounts are exempt from these

requirements.

S-17

Tax Consequences to Non-United States Holders

Under present United States federal income and estate tax law, and subject to the discussion below concerning backup withholding:

- No withholding of United States federal income tax generally will be required with respect to the payment by the Company or any issuing and paying agent of principal or interest on a note owned by a Non-United States Holder, provided (i) that the beneficial owner does not actually or constructively own 10% or more of the total combined voting power of all classes of stock of the Company entitled to vote within the meaning of section 871(h)(3) of the Code and the regulations thereunder, (ii) the beneficial owner is not a controlled foreign corporation that is related to the Company through stock ownership, (iii) the beneficial owner is not a bank whose receipt of interest on a note is described in section 881(c)(3)(A) of the Code and (iv) the beneficial owner provides a statement signed under penalties of perjury that includes its name and address and certifies that it is a Non-United States Holder in compliance with applicable requirements, generally made, under current procedures, on IRS Form W-8BEN (or satisfies certain documentary evidence requirements for establishing that it is a Non-United States Holder).
- A Non-United States Holder will generally not be subject to United States federal income tax on gain realized on the sale, exchange or redemption of a note, unless (i) such gain is effectively connected with the conduct by the holder of a trade or business in the United States or (ii) in the case of gain realized by an individual holder, the holder is present in the United States for 183 days or more in the taxable year of the retirement or disposition and certain other conditions are met.
- A note beneficially owned by an individual who at the time of death is a Non-United States Holder will generally not be subject to United States federal estate tax as a result of such individual's death, provided that such individual does not actually or constructively own 10% or more of the total combined voting power of all classes of stock of the Company entitled to vote within the meaning of section 871(h)(3) of the Code and provided that the interest payments with respect to such note would not have been, if received at the time of such individual's death, effectively connected with the conduct of a United States trade or business by such individual.

Notwithstanding the foregoing, a Non-United States Holder generally will be taxed in the same manner as a United States Holder with respect to interest income that is effectively connected with its U.S. trade or business. In addition, under certain circumstances, effectively connected interest income of a corporate Non-United States Holder may be subject to a "branch profits" tax imposed at a 30% rate. A Non-United States Holder with effectively connected income will, however, generally not be subject to withholding tax on interest income if, under current procedures, it delivers a properly completed IRS Form W-8ECI.

United States information reporting requirements and backup withholding tax will not apply to payments on a note if the beneficial owner (i) certifies its Non-United States Holder status under penalties of perjury, generally made, under current procedures, on IRS Form W-8BEN, or satisfies documentary evidence requirements for establishing that it is a Non-United States Holder, or (ii) otherwise establishes an exemption.

Information reporting requirements will generally not apply to any payment of the proceeds of the sale of a note effected outside the United States by a foreign office of a foreign broker, provided that such broker derives less than 50% of its gross income for particular periods from the conduct of a trade or business in the United States, is not a controlled foreign corporation for United States federal income tax purposes, and is not a foreign partnership that, at any time during its taxable year, is 50% or more, by income or capital interest, owned by United States Holders or is engaged in the conduct of a United States trade or business.

Backup withholding tax will generally not apply to the payment of the proceeds of the sale of a note effected outside the United States by a foreign office of any broker. However, information reporting requirements will be

applicable to such payment unless (i) such broker has documentary evidence in its records that the beneficial owner is a Non-United States Holder and other conditions are met or (ii) the beneficial owner otherwise establishes an exemption. Information reporting requirements and backup

S-18

withholding tax will apply to the payment of the proceeds of a sale of a note by the U.S. office of a broker, unless the beneficial owner certifies its Non-United States Holder status under penalties of perjury or otherwise establishes an exemption.

For purposes of applying the above rules for Non-United States Holders to an entity that is treated as a pass-through entity, such as a partnership or trust, the beneficial owner means each of the ultimate beneficial owners of the entity.

The rules regarding withholding, backup withholding and information reporting for Non-United States Holders are complex, may vary depending on a holder's particular situation, and are subject to change. In addition, special rules apply to certain types of Non-United States Holders including partnerships, trusts and other entities treated as pass-through entities for United States federal income tax purposes. Non-United States Holders should accordingly consult their own tax advisors as to the specific methods to use and forms to complete to satisfy these rules.

UNDERWRITING

Under the terms and subject to the conditions contained in a terms agreement dated September 8, 2006 incorporating by reference an underwriting agreement dated October 1, 1991, we have agreed to sell to the underwriters named below, for whom Credit Suisse Securities (USA) LLC and Banc of America Securities LLC are acting as representatives, the following respective principal amounts of the notes:

Name	Principal Amount of 2011 Notes	Principal Amount of 2016 Notes
Credit Suisse Securities (USA) LLC	\$ 140,000,000	\$ 210,000,000
Banc of America Securities LLC	140,000,000	210,000,000
BNP Paribas Securities Corp.	36,000,000	54,000,000
Greenwich Capital Markets, Inc.	36,000,000	54,000,000
Wachovia Capital Markets, LLC	36,000,000	54,000,000
Mitsubishi UFJ Securities International plc	6,000,000	9,000,000
The Williams Capital Group, L.P.	6,000,000	9,000,000
	<hr/>	<hr/>
Total	\$ 400,000,000	\$ 600,000,000

The underwriting agreement provides that the obligations of the several underwriters to pay for and accept delivery of the notes of each series are subject to the approval of certain legal matters by their counsel and to certain other conditions. The underwriters are obligated to take and pay for all of the notes of a series if any notes of that series are taken.

The underwriters initially propose to offer part of the notes directly to the public at the public offering prices set forth on the cover page of this prospectus supplement and part to certain dealers at a price that represents a concession not in excess of 0.15% of the principal amount of the 2011 notes and 0.25% of the principal amount of the 2016 notes. The underwriters may allow, and such dealers may reallow, concessions not in excess of 0.10% of the principal amount of the 2011 notes and 0.125% of the principal amount of the 2016 notes on sales to other dealers. After the initial offering of the notes, the offering prices and other selling terms may from time to time be varied by the representatives.

Each series of notes is a new issue of securities with no established trading market. We have been advised by the underwriters that they presently intend to make a market for the notes of each series, as permitted by applicable laws and regulations. The underwriters are not obligated, however, to make a market for the notes of either series and may discontinue any market making at any time at their sole discretion. Accordingly, we can provide no assurance as to the liquidity of, or trading markets for, the notes of either series.

In order to facilitate the offering of the notes, the underwriters may engage in transactions that stabilize, maintain or otherwise affect the price of the notes. Specifically, the underwriters may sell more notes than they are obligated to purchase in connection with the offering of the notes, creating a naked short position for their own account. The underwriters must close out any naked short position by purchasing notes in the open market. A naked short position is more likely to be created if the stabilizing manager is concerned that there may be downward pressure on the price of the notes in the open market after pricing that could adversely affect investors who purchase notes in the offering. As an additional means of facilitating the offering of notes, the underwriters may bid for, and purchase, these notes in the open market to stabilize the price of these notes. Finally, the underwriters may also reclaim selling concessions allowed to an underwriter or a dealer for distributing these notes in the offering, if the underwriters repurchase previously distributed notes to cover short positions or to stabilize the price of these notes. Any of these activities may raise or maintain the market price of these notes above independent market levels or prevent or retard a decline in the

market price of these notes. The underwriters are not required to engage in these activities, and may end any of these activities at any time.

Each of the underwriters has represented and agreed that it has not offered, sold or delivered and will not offer, sell or deliver any of the notes directly or indirectly, or distribute this prospectus supplement or the accompanying prospectus or any other offering material relating to the notes, in or from any jurisdiction except under circumstances that will result in compliance with the applicable laws and

S-20

regulations thereof and that will not impose any obligations on us except as set forth in the underwriting agreement.

Commonwealth of Australia

No prospectus supplement or accompanying prospectus or other disclosure document (as defined in the Corporations Act 2001 of Australia) in relation to the notes has been or will be lodged with the Australian Securities and Investments Commission (“ASIC”). Accordingly, each underwriter has represented and agreed that it:

(a) has not made or invited, and will not make or invite, an offer of the notes for issue or sale in Australia (including an offer or invitation which is received by a person in Australia); and

European Economic Area

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “Relevant Member State”), each Underwriter has represented and agreed that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “Relevant Implementation Date”) it has not made and will not make an offer of notes to the public in that Relevant Member State prior to the publication of a prospectus in relation to the notes which has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, all in accordance with the Prospectus Directive, except that it may, with effect from and including the Relevant Implementation Date, make an offer of notes to the public in that Relevant Member State at any time:

(a) to legal entities which are authorized or regulated to operate in the financial markets or, if not so authorized or regulated, whose corporate purpose is solely to invest in securities;

(b) to any legal entity which has two or more of (1) an average of at least 250 employees during the last financial year; (2) a total balance sheet of more than € 43,000,000; and (3) an annual net turnover of more than € 50,000,000, as shown in its last annual or consolidated accounts; or

(c) in any other circumstances which do not require the publication by the issuer of a prospectus pursuant to Article 3 of the Prospectus Directive.

For the purposes of this provision, the expression an “offer of notes to the public” in relation to any notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the notes to be offered so as to enable an investor to decide to purchase or subscribe the notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that

Member State and the expression Prospectus Directive means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State.

The European Economic Area selling restriction is in addition to any other selling restrictions set out above or below.

NOTICE TO CANADIAN RESIDENTS

Resale Restrictions

The distribution of the notes in Canada is being made only on a private placement basis exempt from the requirement that we prepare and file a prospectus with the securities regulatory authorities in each province where trades of notes are made. Any resale of the notes in Canada must be made under applicable securities laws which will vary depending on the relevant jurisdiction, and which may require resales to be made under available statutory exemptions or under a discretionary exemption granted by the applicable Canadian securities regulatory authority. Purchasers are advised to seek legal advice prior to any resale of the notes.

Representations of Purchasers

By purchasing the notes in Canada and accepting a purchase confirmation a purchaser is representing to us and the dealer from whom the purchase confirmation is received that:

- the purchaser is entitled under applicable provincial securities laws to purchase the notes without the benefit of a prospectus qualified under those securities laws;
- where required by law, that the purchaser is purchasing as principal and not as agent;
- the purchaser has reviewed the text above under “—Resale Restrictions”; and
- the purchaser acknowledges and consents to the provision of specified information concerning its purchase of the notes to the regulatory authority that by law is entitled to collect the information.

Further details concerning the legal authority for this information is available on request.

If a purchaser elects to exercise the right of action for rescission, the purchaser will have no right of action for damages against us. In no case will the amount recoverable in any action exceed the price at which the notes were offered to the purchaser and if the purchaser is shown to have purchased the securities with knowledge of the misrepresentation, we will have no liability. In the case of an action for damages, we will not be liable for all or any portion of the damages that are proven to not represent the depreciation in value of the notes as a result of the misrepresentation relied upon. These rights are in addition to, and without derogation from, any other rights or remedies available at law to an Ontario purchaser. The foregoing is a summary of the rights available to an Ontario purchaser. Ontario purchasers should refer to the complete text of the relevant statutory provisions.

Ratio of Earnings to Fixed Charges

The following table sets forth our historical ratios of earnings to fixed charges for the periods indicated:

	Year Ended December 31,					
	Six Months Ended June 30, 2004	2003	2002	2001	2000	1999
Ratio of Earnings to Fixed Charges	3.96	3.43	2.88	1.52	2.25	2.48

In computing the ratio of earnings to fixed charges, "earnings" consist of pretax income from continuing operations, interest expense and other adjustments. Interest expense includes interest expense related to the international banking operations of the Company and cardmember lending activities, which is netted against interest and dividends and cardmember lending net finance charge revenue, respectively, in our consolidated statement of income.

For purposes of computing "earnings", other adjustments included adding the amortization of capitalized interest, the net loss of affiliates accounted for under the equity method whose debt is not guaranteed by the Company, the minority interest in the earnings of majority-owned subsidiaries with fixed charges, and the interest component of rental expense and subtracting undistributed net income of affiliates accounted for under the equity method.

"Fixed charges" consist of interest and other adjustments, including capitalized interest costs and the interest component of rental expense.

USE OF PROCEEDS

Except as may be otherwise set forth in the prospectus supplement accompanying this prospectus, we will use the net proceeds we receive from sales of these securities for general corporate purposes.

DESCRIPTION OF DEBT SECURITIES

The debt securities covered by this prospectus will be our direct unsecured obligations. The debt securities will be either senior debt securities, that rank on an equal basis with all our other senior unsecured and unsubordinated debt, or they will be subordinated debt securities that will rank junior to all of our senior unsecured debt.

The following description briefly sets forth certain general terms and provisions of the debt securities. The prospectus supplement for a particular series of debt securities will describe the particular terms of the debt securities we offer and the extent to which these general provisions may apply to that particular series of debt securities.

Our senior debt securities will be issued under a senior debt indenture. Our subordinated debt securities will be issued under a subordinated debt indenture. The trustee under both indentures is J.P. Morgan Trust Company, N.A., as successor to PNC Bank, National Association. The senior debt indenture and the subordinated debt indenture are sometimes referred to in this prospectus individually as an “indenture” and collectively as the “indentures”. Forms of the indenture have been filed with the SEC and are incorporated by reference as Exhibits 4(k) and 4(l) to this registration statement on Form S-3 under the Securities Act of 1933, of which this prospectus forms a part.

The following summaries of certain provisions of the indentures are not complete and are qualified in their entirety by reference to the indentures. You should read the indentures for further information. If we make no distinction in the following summaries between the senior debt securities and the subordinated debt securities or between the indentures, such summaries refer to any debt securities and either indenture. Where appropriate, we use parentheses to refer you to the particular sections of the applicable indenture. Any reference to particular sections or defined terms of the applicable indenture in any statement under this heading qualifies the entire statement and incorporates by reference the applicable definition into that statement.

Provisions Applicable to Both Senior and Subordinated Debt Securities

General

The indentures allow us to issue senior and subordinated debt securities from time to time under either indenture without limitation as to amount. We may issue the debt securities in one or more series with the same or different terms. We may not issue all debt securities of the same series at the same time. All debt securities of the same series need not bear interest at the same rate or mature on the same date. Each indenture permits the appointment of a different trustee for each series of debt securities. If there is at any time more than one trustee under the indentures, the term “trustee” means each such trustee and will apply to each such trustee only with respect to those series of debt securities for which it is serving as trustee.

We may sell debt securities at a substantial discount below their stated principal amount that bear no interest or below market rates of interest. The applicable prospectus supplement will describe the material federal income tax consequences and special investment considerations applicable to any such series of debt securities.

Terms Specified in the Prospectus Supplement

You should read the prospectus supplement that accompanies this prospectus for information with respect to the debt securities being offered, including:

- the designation, aggregate principal amount and authorized denominations of the debt securities;
- the percentage of the principal amount at which we will sell the debt securities;
- whether the debt securities will be senior or subordinated debt;

- the maturity date or the method for determining the maturity date;
- the terms for conversion or exchange, if any, of the debt securities;
- the interest rate or rates, if any, or the method for computing such rate or rates;
- the interest payment dates or the method for determining such dates;

- whether the debt securities will be issued in fully registered form, bearer form or any combination thereof;
- whether the debt securities will be issued in the form of one or more global securities and whether such global securities are to be issuable in a temporary global form or permanent global form;
- if other than U.S. dollars, the currency or currencies or currency unit or units in which debt securities may be denominated and purchased and the currency or currencies or currency unit or units in which principal, premium, if any, and any interest may be payable;
- if the currency for which debt securities may be purchased or in which principal, premium, if any, and any interest may be payable is at the election of us or the purchaser, the manner in which such an election may be made and the terms of such election;
- any mandatory or optional sinking fund, redemption or other similar terms;
- any index or other method used to determine the amount of principal, premium, if any, and interest, if any, on the debt securities;

- any other specific terms of the debt securities.

Payment

Unless otherwise specified in the applicable prospectus supplement, principal and premium, if any, and interest, if any, on the debt securities will be payable initially at the principal corporate trust office of the trustee. At our option, payment of interest may be made, subject to collection, by check mailed to the holders of record at the addresses registered with the trustee. (Sec. 12.02). The principal corporate trust office of the trustee on the date of this prospectus is J.P. Morgan Trust Company, N.A. 270 Park Avenue, New York, New York 10017.

If the principal of or premium, if any, or interest, if any, on any series of debt securities is payable in foreign currencies or foreign currency units, or if debt securities are sold for foreign currencies or foreign currency units, the restrictions, elections, material tax consequences, specific terms and other information with respect to such debt securities will be described in the applicable prospectus supplement.

Form of Debt Securities

We will issue each debt security in global—that is, book-entry—form, unless we specify otherwise in the applicable prospectus supplement. We may issue debt securities solely in fully registered form without coupons, solely in bearer form, with or without coupons, or both as registered securities and bearer securities. (Sec. 2.01).

Global Securities

The debt securities of a series may be issued in whole or in part in the form of one or more global securities that will be deposited with or on behalf of a depositary identified in the applicable prospectus supplement. Global securities will be issued in registered form and may be in either temporary or permanent form.

The related prospectus supplement will describe the specific terms of the depositary arrangement with respect to that series of debt securities. We anticipate that the following provisions will apply to all depositary arrangements.

Unless otherwise specified in an applicable prospectus supplement, global securities to be deposited with or on behalf of a depositary will be registered in the name of that depositary or its nominee. Upon the issuance of a global security, the depositary for that global security will credit the respective principal amounts of the debt securities represented by such global security to the participants that have accounts with that depositary or its

nominee. Ownership of beneficial interests in those global securities will be limited to participants in the depositary or persons that may hold interests through these participants.

A participant's ownership of beneficial interests in these global securities will be shown on the records maintained by the depositary or its nominee. The transfer of a participant's beneficial interest will only be effected through these records. A person whose ownership of beneficial interests in these global securities is held through participants will be shown on, and the transfer of that ownership interest within that participant will be effected only through, records maintained by the participant. The laws of some jurisdictions require that certain purchasers of securities take physical delivery of such securities in definitive form. Limits and laws of this nature may impair your ability to transfer beneficial interests in a global security.

Except as set forth below and in the indenture, owners of beneficial interests in the global security will not be entitled to receive debt securities of the series represented by that global security in definitive form and will not be considered to be the owners or holders of those debt securities under the global security. Because the depositary can act only on behalf of participants, which in turn act on behalf of indirect participants, the ability of beneficial owners of interests in a global security to pledge such interests to persons or entities that do not participate in the depositary system, or otherwise take actions in respect of such interests, may be affected by the lack of a physical certificate evidencing such interests. No beneficial owner of an interest in the global security will be able to transfer that interest except in accordance with the depositary's applicable procedures, in addition to those provided for under the applicable indenture and, if applicable, those of Euroclear Bank S.A./N.V., as operator of the Euroclear System, and Clearstream Banking, *société anonyme* and/or any other relevant clearing system.

We will make payment of principal of, premium, if any, and any interest on global securities to the depositary or its nominee, as the case may be, as the registered owner or the holder of the global security. Neither we, the trustee, any paying agent nor the securities registrar for those debt securities will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in a global security or for maintaining, supervising or reviewing any records relating to those beneficial ownership interests. (Sec. 3.09).

We expect that the depositary for a permanent global security, upon receipt of any payment in respect of a permanent global security, will immediately credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of that global security as shown on the records of the depositary. We also expect that payments by participants to owners of beneficial interests in the global security held through those participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of those participants.

We may at any time and in our sole discretion determine not to have any debt securities represented by one or more global securities. In such event, we will issue debt securities in definitive form in exchange for all of the global securities representing such debt securities. (Sec. 3.05).

If set forth in the applicable prospectus supplement, an owner of a beneficial interest in a global security may, on terms acceptable to us and the depositary, receive debt securities of that series in definitive form. In that event, an owner of a beneficial interest in a global security will be entitled to physical delivery in definitive form of debt securities of the series represented by that global security equal in principal amount to that beneficial interest and to have those debt securities registered in its name.

Registered and Bearer Securities

Registered securities may be exchangeable for other debt securities of the same series, registered in the same name, for the same aggregate principal amount in authorized denominations and will be transferable at any time or from time to time at the office of the trustee. The holder will not pay a service charge for any such exchange or

transfer except for any tax or governmental charge incidental thereto. (Sec. 3.05). If permitted by applicable laws and regulations, the prospectus supplement will describe the terms upon which registered securities may be exchanged for bearer securities of the series. If any bearer securities are issued, any restrictions applicable to the offer, sale or delivery of bearer securities and the terms upon which bearer securities may be exchanged for registered securities of the same series will be described in the prospectus supplement.

Consolidation, Merger and Sale of Assets

Without the consent of the holders of any of the outstanding debt securities under either indenture, we may consolidate with or merge into, or convey or transfer our properties and assets substantially as an entirety to, any corporation organized under the laws of the United States of America or any State or the District of Columbia, provided that:

- the successor corporation assumes our obligations on all the debt securities and under the applicable indenture;
- after giving effect to the transaction, no event of default under the applicable indenture, and no event which, after notice or lapse of time, or both, would become an event of default, will have occurred and be continuing; and
- various other conditions are met.

Neither indenture restricts a merger or consolidation in which we are the surviving corporation. (Sec. 10.01).

Modification of the Indentures

We may modify or amend the indentures without the consent of the holders of any of our outstanding debt securities for various enumerated purposes, including the naming, by a supplemental indenture, of a trustee other than J.P. Morgan Trust Company, N.A., as successor to PNC Bank, National Association, for a series of debt securities. We may modify or amend the applicable indenture with the consent of the holders of a majority in aggregate principal amount of the debt securities of each series affected by the modification or amendment. However, no such modification or amendment may, without the consent of the holder of each affected debt security:

- modify the terms of payment of principal, premium or interest; or
- reduce the stated percentage of holders of debt securities necessary to modify or amend the applicable indenture or waive our compliance with certain provisions of the applicable indenture and certain defaults thereunder. (Sec. 11.02).

Events of Default, Notice and Waiver

The indentures provide holders of debt securities with remedies if we fail to perform specific obligations, such as making payments on the debt securities. You should review these provisions carefully in order to understand what constitutes an event of default under the indentures.

Unless stated otherwise in the prospectus supplement, an event of default with respect to any series of debt securities under each indenture will be:

- default in the payment of the principal of, or premium, if any, on any debt security of that series at its maturity;
- default in making a sinking fund payment, if any, when due and payable;
- default for 30 days in the payment of any installment of interest on any debt security of that series;
- default for 90 days after written notice in the observance or performance of any other covenant in the relevant indenture;
- certain events of bankruptcy, insolvency or reorganization, or court appointment of a receiver, liquidator or trustee for us or our property;

- an event of default with respect to any other series of debt securities outstanding under the applicable indenture or an event of default under any of our other indebtedness for borrowed money in excess of \$50,000,000 which results in an aggregate principal amount of at least \$50,000,000 of that other series of debt securities or that other indebtedness becoming or being declared due and payable prior to the date on which it would otherwise become due and payable and that acceleration has not been rescinded or annulled within 10 days after notice of default is given; and

- any other event of default provided in or pursuant to the applicable resolution of our Board of Directors or supplemental indenture under which that series of debt securities is issued. (Sec. 7.01).

The trustee may withhold notice to the holders of any series of debt securities of any default with respect to that series, except in the payment of principal, premium or interest, if it considers such withholding of notice in the interest of such holders. (Sec. 8.02).

If an event of default with respect to any series of debt securities has occurred and is continuing, the trustee or the holders of not less than 25% in aggregate principal amount of the debt securities of that series may declare the principal of all the debt securities of that series to be due and payable immediately. (Sec. 7.02).

Each indenture contains a provision entitling the trustee to be indemnified by the holders before proceeding to exercise any right or power under the indenture at the request of any of the holders. (Sec. 8.03). Each indenture provides that the holders of a majority in aggregate principal amount of the outstanding debt securities of any series may direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred upon the trustee, with respect to the debt securities of that series. (Sec. 7.12). The right of a holder to institute a proceeding with respect to the applicable indenture is subject to certain conditions precedent, including notice and indemnity to the trustee. However, the holder has an absolute right to the receipt of principal of, premium, if any, and interest, if any, on the debt securities of any series on the respective stated maturities, as defined in the indentures, and to institute suit for the enforcement of these rights. (Sec. 7.07 and Sec. 7.08).

The holders of not less than a majority in aggregate principal amount of the outstanding debt securities of any series may on behalf of the holders of all the debt securities of that series waive any past defaults. Each holder of a debt security affected by a default must consent to a waiver of:

- a default in payment of the principal of or premium, if any, or interest, if any, on any debt security of that series;
- a default in the payment of any sinking fund installment or analogous obligation with respect to the debt securities of that series; and
- a default in respect of a covenant or provision of the applicable indenture which cannot be amended or modified without the consent of the holder of each outstanding debt security affected. (Sec. 7.13).

We will furnish to the trustee annual statements as to the fulfillment of our obligations under each indenture. (Sec. 9.04 and Sec. 12.05).

Concerning the Trustee

Affiliates of J.P. Morgan Trust Company, N.A., the current trustee under the indentures, provide banking and corporate trust services to us and extend credit to us and many of our subsidiaries worldwide. The trustee is a depository of our funds and holds our common shares for the benefit of its customers, including customers over whose accounts the trustee has discretionary authority. If a bank or trust company other than J.P. Morgan Trust Company, N.A. is to act as trustee for a series of debt securities, the applicable prospectus supplement will provide information concerning that other trustee.

Defeasance of the Indenture and Debt Securities

The indentures permit us to be discharged from our obligations under the indentures and the debt securities if we comply with the following procedures. This discharge from our obligations is referred to in this prospectus as defeasance. (Sec. 6.02).

Unless the applicable prospectus supplement states otherwise, if we deposit with the trustee sufficient cash and/or government securities to pay and discharge the principal and premium, if any, and interest, if any, to the date of maturity of that series of debt securities then from and after the ninety-first day following such deposit:

- we will be deemed to have paid and discharged the entire indebtedness on the debt securities of any series and
- our obligations under each indenture with respect to the debt securities of that series will cease to be in effect.

Following defeasance, holders of the applicable debt securities would be able to look only to the defeasance trust for payment of principal and premium, if any, and interest, if any, on their debt securities.

Defeasance may be treated as a taxable exchange of the related debt securities for obligations of the trust or a direct interest in the money or government securities held in the trust. In that case, holders of debt securities would recognize gain or loss as if the trust obligations or the money or government securities held in the trust, as the case may be, had actually been received by the holders in exchange for their debt securities. Holders thereafter might be required to include as income a different amount of income than in the absence of defeasance. We urge prospective investors to consult their own tax advisors as to the specific tax consequences of defeasance.

Provisions Applicable Solely to Subordinated Securities

General

We are issuing subordinated debt securities under the subordinated debt indenture. Holders of subordinated debt securities should recognize that contractual provisions in the subordinated debt indenture may prohibit us from making payments on these securities. The subordinated debt securities will rank on an equal basis with certain of our other subordinated debt that may be outstanding from time to time and will rank junior to all of our senior indebtedness, as defined below, including any senior debt securities, that may be outstanding from time to time.

If subordinated debt securities are issued under the subordinated indenture, the aggregate principal amount of senior indebtedness outstanding as of a recent date will be set forth in the applicable prospectus supplement. Neither the senior nor the subordinated indenture restricts the amount of senior indebtedness that we may incur.

Subordination

The payment of the principal of, and premium, if any, and interest on the subordinated debt securities is expressly subordinated, to the extent and in the manner set forth in the subordinated indenture, in right of payment to the prior payment in full of all of our senior indebtedness. (Sec. 13.01). The term senior indebtedness is defined in the subordinated indenture as indebtedness we incur for money borrowed, all deferrals, renewals or extensions of any of that indebtedness and all evidences of indebtedness issued in exchange for any of that indebtedness. Senior indebtedness also includes our guarantees of the foregoing items of indebtedness for money borrowed by persons other than us, unless, in any such case, that indebtedness or guarantee provides by its terms that it will not constitute senior indebtedness.

The subordinated debt indenture provides that, unless all principal of, and any premium or interest on, the senior indebtedness has been paid in full, or provision has been made to make these payments in full, no payment or other distribution may be made with respect to the subordinated indebtedness in the following circumstances:

- any acceleration of the principal amount due on the subordinated debt securities;
- our dissolution or winding-up or total or partial liquidation or reorganization, whether voluntary or involuntary or in bankruptcy, insolvency, receivership or other proceedings;
- a default in the payment of principal, premium, if any, sinking fund or interest with respect to any of our senior indebtedness; or
- an event of default, other than a default in the payment of principal, premium, if any, sinking funds or interest, with respect to any senior indebtedness, as defined in the instrument under which the same is outstanding, permitting the holders of senior indebtedness to accelerate its maturity, and such event of default has not been cured or waived.

A merger, consolidation or conveyance of all or substantially all of our assets on the terms and conditions provided in the subordinated indenture will not be deemed a dissolution, winding-up, liquidation or reorganization for the purposes of these subordination provisions.

If the holders of subordinated securities receive any payment or distribution of our assets not permitted by the subordination provisions, the holders of subordinated debt securities will have to repay that amount to the holders of the senior debt securities or to the trustee.

Subrogation

After the payment in full of all senior indebtedness, the holders of the subordinated debt securities will be subrogated to the rights of the holders of senior indebtedness to receive payments or distributions of our assets or securities applicable to the senior indebtedness until the subordinated debt securities are paid in full. Under these subrogation provisions, no payments or distributions to the holders of senior indebtedness which otherwise would have been payable or distributable to holders of the subordinated debt securities will be deemed to be a payment by us to or on the account of the senior indebtedness. These provisions of the subordinated indenture are intended solely for the purpose of defining the relative rights of the holders of the subordinated debt securities and the holders of the senior debt securities. Nothing contained in the subordinated indenture is intended to impair our absolute obligation to pay the principal of and premium and interest on the subordinated debt securities in accordance with their terms or to affect the relative rights of the holders of the subordinated debt securities and our creditors other than the holders of the senior indebtedness. These subrogation provisions of the subordinated indenture will not prevent the holder of any subordinated debt security from exercising all remedies otherwise permitted by applicable law upon default of that security, subject to the rights of subordination described above.

Provisions Applicable Solely to Senior Securities

Restrictions as to Liens

The senior indenture includes a covenant providing that we will not at any time directly or indirectly create, or allow to exist or be created, any mortgage, pledge, encumbrance or lien of any kind upon:

- any shares of capital stock owned by us of any of American Express Travel Related Services Company, Inc., American Express Bank Ltd. or American Express Financial Corporation, so long as they continue to be our subsidiaries, which we refer to collectively as the “principal subsidiaries”; or
- any shares of capital stock owned by us of a subsidiary that owns, directly or indirectly, capital stock of the principal subsidiaries.

However, liens of this nature are permitted if we provide that the senior debt securities will be secured by the lien equally and ratably with any and all other obligations also secured, for as long as any other obligations of that type are so secured. However, we may incur or allow to exist upon the stock of the principal subsidiaries liens for taxes, assessments or other governmental charges or levies which are not yet due or are payable without penalty or which we are contesting in good faith, or liens of judgments that are on appeal or are discharged within 60 days. (Sec. 12.07(a)).

This covenant will cease to be binding on us with respect to any series of the senior debt securities to which this covenant applies following discharge of those senior debt securities. (Sec. 12.07(b)).

DESCRIPTION OF PREFERRED SHARES

General

The following briefly summarizes the material terms of our preferred shares, other than pricing and related terms, which will be disclosed in the applicable prospectus supplement. You should read the applicable prospectus supplement together with the certificate of designation relating to that series and our restated certificate of incorporation for a more detailed description of a particular series of preferred shares and other provisions that may be important to you.

Under our restated certificate of incorporation, we are authorized to issue 20,000,000 preferred shares, par value \$1.66²/₃ per share. We do not currently have any outstanding preferred shares and therefore all 20,000,000 shares are still available for issuance. Our board of directors is authorized to issue our preferred shares from time to time in one or more series with such designations, voting powers, dividend rates, rights of redemption, conversion rights or other special rights, preferences and limitations as may be stated in resolutions adopted by our Board of Directors.

The preferred shares will have the dividend, liquidation and voting rights set forth below unless otherwise provided in the prospectus supplement relating to a particular series of preferred shares. You should read the prospectus supplement relating to the particular series of the preferred shares being offered for specific terms, including:

- the title and number of shares offered and liquidation preference per share;
- the price per share;
- the dividend rate, the dates on which dividends will be payable, the conditions under which dividends will be payable or the method of determining that rate, dates and conditions;
- whether dividends will be cumulative or noncumulative and, if cumulative, the dates from which dividends will begin to accumulate;
- whether dividends are participating or non-participating;
- any redemption, sinking fund or analogous provisions;
- any conversion or exchange provisions;
- whether we have elected to offer depositary shares with respect to the preferred shares, as described below under “Depositary Shares”;
- whether the preferred shares will have voting rights, in addition to the voting rights described below, and, if so, the terms of those voting rights;
- the procedures for any auction and remarketing of the preferred shares; and
- any additional dividend, liquidation, redemption, sinking fund or other rights, preferences, privileges, limitations and restrictions.

When issued, the preferred shares will be fully paid and nonassessable.

Dividend Rights

All preferred shares will be of equal rank with each other regardless of series. If the stated dividends or the amounts payable on liquidation are not paid in full, the preferred shares of all series will share ratably in the payment of dividends and in any distribution of assets. All preferred shares will have dividend rights prior to the dividend rights of the common shares.

Rights Upon Liquidation

Unless otherwise specified in the applicable prospectus supplement, in the event of a liquidation, each series of the preferred shares will rank on an equal basis with all other outstanding preferred shares and prior to the common stock as to dividends and distributions.

Voting Rights

Except as described below, the holders of preferred shares have no voting rights, other than as may be required by law. Whenever dividends payable on the preferred shares of any series will be in arrears in an aggregate amount at least equal to six full quarterly dividends on that series, the holders of the outstanding preferred shares of all series will have the special right, voting separately as a single class, to elect two directors at the next succeeding annual meeting of shareholders. Subject to the terms of any outstanding series of preferred shares, the holders of common stock and the holders of one or more series of preferred shares then entitled to vote will have the right, voting as a single class, to elect the remaining authorized number of directors.

At each meeting of shareholders at which the holders of the preferred shares will have this special right, the presence in person or by proxy of the holders of record of one-third of the total number of the preferred shares of all series then issued and outstanding will constitute a quorum of that class. Each director elected by the holders of the preferred shares of all series will hold office until the annual meeting of shareholders next succeeding that election and until that director's successor, if any, is elected by those holders and qualified or until the death, resignation or removal of that director in the manner provided in our by-laws. A director elected by the holders of the preferred shares of all series may only be removed without cause by those holders. In case any vacancy will occur among the directors elected by the holders of the preferred shares of all series, that vacancy may be filled for the unexpired portion of the term by vote of the remaining directors elected by such shareholders, or that director's successor in office. If such vacancy occurs more than 90 days prior to the first anniversary of the next preceding annual meeting of shareholders, the vacancy may be filled by the vote of those shareholders taken at a special meeting of those shareholders called for that purpose. Whenever all arrears of dividends on the preferred shares of all series will have been paid and dividends for the current quarterly period will have been paid or declared and provided for, the right of the holders of the preferred shares of all series to elect two directors will terminate at the next succeeding annual meeting of shareholders.

The consent of the holders of at least two-thirds of the outstanding preferred shares voting separately as a single class will be required for:

- the authorization of any class of shares ranking prior to the preferred shares as to dividends or upon liquidation, dissolution or winding up;
- an increase in the authorized amount of any class of shares ranking prior to the preferred shares; or
- the authorization of any amendment to our restated certificate of incorporation or by-laws that would adversely affect the relative rights, preferences or limitations of the preferred shares. If any such amendment will adversely affect the relative rights, preferences or limitations of one or more, but not all, of the series of preferred shares then outstanding, the consent of the holders of at least two-thirds of the outstanding preferred shares of the several series so affected will be required in lieu of the consent of the holders of at least two-thirds of the outstanding preferred shares of all series.

In any case in which the holders of the preferred shares will be entitled to vote separately as a single class, each holder of preferred shares of any series will be entitled to one vote for each such share held.

DESCRIPTION OF DEPOSITARY SHARES

The description set forth below and in any prospectus supplement of certain provisions of the deposit agreement, the depositary shares and the depositary receipts is a summary of general terms and is not complete. This description is subject to, and qualified in its entirety by reference to, the forms of deposit agreement and depositary receipts relating to each series of preferred shares which have been filed with the SEC in connection with the offering of that series of preferred shares. You should read those documents for further information.

General

We may elect to offer fractional interests in preferred shares rather than preferred shares. If we do, we will select a depositary that will issue to the public receipts for depositary shares, each of which will represent fractional interests of a particular series of preferred shares. These depositary receipts will be distributed in accordance with the terms of the offering described in the related prospectus supplement.

The depositary will be a bank or trust company that has its principal office in the United States and has a combined capital and surplus of at least \$50,000,000. We will deposit the preferred shares underlying the depositary shares with the depositary under the terms of a separate deposit agreement. The prospectus supplement relating to a series of depositary shares will set forth the name and address of the depositary. Subject to the terms of the deposit agreement, the owners of depositary shares will be entitled to all the rights and preferences of the preferred shares underlying those depositary shares, including dividend, voting, redemption, conversion and liquidation rights. Each owner of depositary shares will be entitled to these rights and preferences in proportion to the applicable fractional interests in preferred shares underlying their depositary shares.

Dividends and Other Distributions

The depositary will distribute all cash dividends or other cash distributions received in respect of preferred shares to the record holders of the related depositary shares in proportion to the number of those depositary shares owned by those holders on the relevant record date. The depositary will distribute only such amount, however, as can be distributed without attributing to any holder of depositary shares a fraction of one cent. Any balance that is not distributed due to this restriction will be added to and treated as part of the next sum received by the depositary for distribution to record holders of depositary shares.

In the event of a non-cash distribution, the depositary will distribute property received by it to the record holders of depositary shares. If, however, the depositary determines that it is not feasible to make that distribution, the depositary may, with our approval, sell such property and distribute instead the net proceeds from that sale.

The deposit agreement will also contain provisions relating to the manner in which any subscription or similar rights we offer to holders of the preferred shares will be made available to the holders of depositary shares.

Redemption of Depositary Shares

If a series of the preferred shares that underlies the depositary shares is redeemed, the depositary will in turn redeem the depositary shares. The depositary will redeem the depositary shares from the proceeds it receives from the redemption, in whole or in part, of the preferred shares it holds. The depositary will mail notice of any such redemption to the record holders of the depositary shares to be redeemed between 30 and 60 days prior to the date fixed for redemption. The redemption price per depositary share will be equal to the applicable fraction of the redemption price per share payable with respect to such series of the preferred shares. If less than all of the depositary shares are to be redeemed, the depositary will select the depositary shares to be redeemed by lot or redeem those shares *pro rata*.

The depositary shares called for redemption will no longer be deemed to be outstanding after the date fixed for redemption. All rights of the holders of the depositary shares will cease, except the right to receive the moneys, securities or other property payable upon redemption upon surrender to the depositary of the depositary receipts evidencing those depositary shares.

Voting the Preferred Shares

The holders of depositary shares will be entitled to instruct the depositary as to the exercise of the voting rights of the preferred shares held by the depositary. Upon the receipt of notice of any meeting at which the holders of the preferred shares are entitled to vote, the depositary will mail the information contained in that notice of meeting to the record holders of the depositary shares relating to such preferred shares. Each record holder of those depositary shares on the record date, which will be the same date as the record date for the preferred shares, will be entitled to instruct the depositary as to the exercise of the voting rights pertaining to the number of preferred shares underlying such depositary shares in accordance with such instructions. We will agree to take all action that may be deemed necessary by the depositary in order to enable the depositary to carry out this obligation.

Amendment and Termination of Depositary Agreement

At any time, we and the depositary may agree to amend the form of depositary receipt evidencing the depositary shares or any provision of the deposit agreement. However, any amendment which materially and adversely alters the rights of the existing holders of depositary shares will not be effective unless that amendment has been approved by the record holders of at least a majority of the depositary shares then outstanding.

We or the depositary may terminate a deposit agreement only if:

- all outstanding depositary shares relating to the depositary agreement have been redeemed; or
- in connection with our liquidation, dissolution or winding up there has been a final distribution in respect of the relevant series of preferred shares which has been distributed to the holders of the related depositary shares.

Charges of Depositary

We will pay all transfer and other taxes and governmental charges arising solely from the existence of the depositary arrangements. We will also pay charges of the depositary in connection with the initial deposit of the preferred shares and any redemption of the preferred shares. Holders of the depositary shares will pay transfer and other taxes and governmental charges and any other charges described in the deposit agreement.

Resignation and Removal of Depositary

The depositary may resign at any time by delivering a notice to us. We may at any time remove the depositary. Such resignation or removal will take effect upon the appointment of a successor depositary and its acceptance of such appointment. Such successor depositary must be appointed within 60 days after delivery of the notice of resignation or removal and must be a bank or trust company having its principal office in the United States and having a combined capital and surplus of at least \$50,000,000.

Miscellaneous

The depositary will forward to the holders of depositary shares all reports and communications from us which are delivered to the depositary and which we are required to furnish to the holders of the preferred shares.

Neither the depositary nor we will be liable if the depositary is prevented or delayed in performing its obligations under the deposit agreement by law or any circumstance beyond its control. The obligations of us and the depositary under the deposit agreement will be limited to performance in good faith of our and its respective duties thereunder. We and the depositary will not be obligated to prosecute or defend any legal proceeding in respect of any depositary shares or preferred shares unless a satisfactory indemnity is provided. We and the depositary may rely upon written advice of counsel or accountants, information provided by persons presenting preferred shares for deposit, holders of depositary shares or other persons believed to be competent.

DESCRIPTION OF COMMON SHARES

The following summary does not purport to be complete. You should read the applicable provisions of the New York Business Corporation Law, our restated certificate of incorporation and by-laws.

We are authorized to issue up to 3,600,000,000 common shares, par value \$.20 each. At July 23, 2004, we had outstanding 1,267,801,735 common shares. As of December 31, 2003, we had reserved approximately 187,700,000 common shares for issuance with respect to various employee stock plans, employee benefit plans, convertible debentures, and the dividend reinvestment plan.

Subject to the prior dividend rights of the holders of any preferred shares, holders of common shares are entitled to receive dividends when, as and if declared by our Board of Directors out of funds legally available for that purpose.

Each common share is entitled to one vote on all matters submitted to a vote of shareholders. Holders of the common shares do not have cumulative voting rights. In the event of our liquidation, dissolution or winding up, after the satisfaction in full of the liquidation preferences of holders of any preferred shares, holders of common shares are entitled to ratable distribution of the remaining assets available for distribution to shareholders. The common shares are not subject to redemption by operation of a sinking fund or otherwise. Holders of common shares are not entitled to pre-emptive rights. We may issue warrants for the purchase of:

- debt securities,
- preferred shares,
- depositary shares,
- common shares or
- equity securities issued by one of our affiliated or unaffiliated corporations or other entity.

We may issue these securities warrants independently or together with any other securities offered by any prospectus supplement. The securities warrants may be attached to or separate from those securities. Each series of securities warrants will be issued under a separate warrant agreement to be entered into between us and a warrant agent. The warrant agent will act solely as our agent in connection with the securities warrants of that series and will not assume any obligation or relationship of agency or trust for or with any holders or beneficial owners of securities warrants. A copy of the form of securities warrant agreement, including the form of securities warrant certificate representing the securities warrants, is filed as an exhibit to the registration statement of which this prospectus is a part. The following summary of certain portions of the form of securities warrant agreement and the securities warrants does not purport to be complete and further terms of the securities warrants and the applicable securities warrant agreement will be described in the applicable prospectus supplement.

The applicable prospectus supplement will describe the following terms, where applicable, of the securities warrants in respect of which this prospectus is being delivered:

- the title and aggregate number;

- the currency or currencies or currency unit or units in which the price of the securities warrants may be payable;
- the designation, aggregate principal amount and terms of the securities purchasable upon exercise;
- the designation and terms of the securities with which the securities warrants are issued and the number of the securities warrants issued with each security;
- the currency or currencies or currency unit or units in which the principal of or any premium or interest on the securities purchasable upon exercise of the securities warrant will be payable;
- if applicable, the date on and after which the securities warrants and the related securities will be separately transferable;

- information with respect to book-entry procedures, if any;
- a discussion of material federal income tax considerations; and
- any other terms of the securities warrants, including terms, procedures and limitations relating to the exchange and exercise of the securities warrants.

Prior to the exercise of their warrants, holders of warrants will not have any of the rights of holders of the securities purchasable upon exercise.

DESCRIPTION OF CURRENCY WARRANTS

A copy of the form of currency warrant agreement, including the form of currency warrant certificate representing the currency warrants, is filed as an exhibit to the registration statement of which this prospectus is a part. The following summary of certain portions of the form of currency warrant agreement and the currency warrants does not purport to be complete and contains only some of the general terms and provisions of the warrants. The particular terms of the currency warrants offered by any prospectus supplement and the extent, if any, to which such general provisions may not apply to the currency warrants then offered will be described in the applicable prospectus supplement.

Each issue of currency warrants will be issued under a warrant agreement to be entered into between us and a warrant agent. The currency warrant agent will act solely as our agent under the applicable currency warrant agreement and will not assume any obligation or relationship of agency or trust for or with any holders of such currency warrants.

The applicable prospectus supplement will describe the following terms, where applicable, of the currency warrants in respect of which this prospectus is being delivered:

- the securities exchange on which the currency warrants will be listed, if any;
- whether the currency warrants will be represented by certificates or issued in book-entry form;
- the place or places at which payment of the cash settlement value of the currency warrants is to be made, if applicable;
- information with respect to book-entry procedures, if any;

We may issue other warrants to buy or sell:

- debt securities of or guaranteed by the United States,
- units of a stock index or stock basket,

- another item or unit of an index.

We refer to the property in the above clauses as the warrant property. Other warrants will be settled either through physical delivery of the warrant property or through payment of a cash settlement value as set forth in the applicable prospectus supplement. Other warrants will be issued under a warrant agreement to be entered into between us and a warrant agent. The other warrant agent will act solely as our agent under the applicable other warrant agreement and will not assume any obligation or relationship of agency or trust for or with any holders of such other warrants. Copies of the forms of warrant agreements in respect of the other warrants, including the related forms of warrant certificates, are filed as exhibits to the registration statement of which this prospectus is a part. The following summary of certain portions of those warrant agreements and related other warrants does not purport to be complete and further terms of those other warrants and the applicable warrant agreements will be described in the applicable prospectus supplement.

The applicable prospectus supplement will describe the following terms, where applicable, of the other warrants:

- the title and aggregate number;
- the offering price;
- the material risk factors;
- the warrant property;
- the procedures and conditions relating to exercise;
- the date on which the right to exercise will commence and the date on which that right will expire;
- the identity of the other warrant agent for the other warrants;
- whether the certificates evidencing the other warrants will be issuable in definitive registered form or global form or both;
- a discussion of the material federal income tax considerations applicable to the other warrants; and
- any other terms of the other warrants, including any terms that may be required or advisable under applicable law.

The other warrants may entail significant risks, including, without limitation, the possibility of significant fluctuations in the market for the applicable warranty property, potential illiquidity in the secondary market and the risk that they will expire worthless. These risks will vary depending on the particular terms of the other warrants and will be more fully described in the applicable prospectus supplement.

PLAN OF DISTRIBUTION

We may sell the securities described in this prospectus from time to time in one or more of the following ways:

- to or through underwriters or dealers,
- directly to one or more purchasers,
- through agents or
- through a combination of any of such methods of sale.

The prospectus supplement with respect to the offered securities will describe the terms of the offering, including:

- the name or names of any agents or underwriters,
- the purchase price of such securities and the proceeds to us from such sale,
- any underwriting discounts and other items constituting underwriters' or agents' compensation,
- any initial public offering price,
- any discounts or concessions allowed or reallowed or paid to dealers and
- any securities exchanges on which such securities may be listed.

Only agents or underwriters named in the prospectus supplement are deemed to be agents or underwriters in connection with the securities offered thereby. If underwriters are used in the sale, the securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, either:

- at a fixed public offering price or prices,
- at market prices prevailing at the time of sale,
- at varying prices determined at the time of sale or
- at negotiated prices.

The obligations of the underwriters to purchase the securities will be subject to various conditions precedent, and the underwriters will be obligated to purchase all of the securities offered by the prospectus supplement relating to those securities if any of those securities are purchased. Any initial public offering price and any discounts or concessions allowed or reallowed or paid to dealers may be changed from time to time.

We may also sell securities directly or through agents that we designate from time to time. Any agent involved in the offering and sale of the offered securities will be named in the applicable prospectus supplement. Any commissions payable by us or to that agent will be set forth in the applicable prospectus supplement. Unless otherwise indicated in such prospectus supplement, any agent will be acting on a best efforts basis for the period of its appointment.

If so indicated in a prospectus supplement, we will authorize agents, underwriters or dealers to solicit offers by certain institutional investors to purchase securities providing for payment and delivery on a future date specified in such prospectus supplement. There may be limitations on the minimum amount that may be purchased by any institutional investor or on the portion of the aggregate principal amount (in the case of debt securities) of the particular securities that may be sold pursuant to those arrangements.

Institutional investors to which offers may be made, when authorized, include, commercial and savings banks, insurance companies, pension funds, investment companies, educational and charitable institutions, and other institutions we may approve. The obligations of any purchasers under this delayed delivery and payment arrangement will only be subject to the following two conditions:

- at the time of delivery the purchase of the particular securities by an institution will not be prohibited under the laws of any jurisdiction in the United States to which that institution is subject; and
- if the particular securities are being sold to underwriters, we will have sold to those underwriters the total principal amount of those securities or number of warrants less the principal amount or number thereof, as the case may be, covered by such arrangements.

Underwriters will not have any responsibility in respect of the validity of such arrangements or the performance of us or institutional investors.

In connection with an offering, the underwriters may purchase and sell securities in the open market. These transactions may include short sales, stabilizing transactions and purchases to cover positions created by short sales. Short sales involve the sale by underwriters of a greater number of securities than they are required to purchase in an offering. Stabilizing transactions consist of certain bids or purchases made for the purpose of preventing or retarding a decline in the market price of the securities while an offering is in progress.

The underwriters also may impose a penalty bid. This occurs when a particular underwriter repays to the underwriters a portion of the underwriting discount received by it because the underwriters have repurchased securities sold by or for the account of the underwriter in stabilizing or short-covering transactions.

These activities by the underwriters may stabilize, maintain or otherwise affect the market price of the securities. As a result, the price of the securities may be higher than the price that otherwise might exist in the open market. If these activities are commenced, they may be discontinued by the underwriters at any time. These transactions may be effected on an exchange or automated quotation system, if the securities are listed on that exchange or admitted for trading on that automated quotation system, or in the over-the-counter market or otherwise.

Agents and underwriters may be entitled under agreements entered into with us to indemnification by us against certain civil liabilities, including liabilities under the Securities Act of 1933, as amended, or to contribution with respect to payments which the agents or underwriters may be required to make in respect thereof. Agents and underwriters may be customers of, may engage in transactions with or perform services for us or our subsidiaries or affiliates in the ordinary course of business.

We estimate that total expenses for the offering, excluding underwriting or agency commissions or discounts, will be approximately \$2,000,000.

LEGAL MATTERS

Louise M. Parent, Esq., our Executive Vice President and General Counsel, will pass upon the validity of the securities for us. Unless provided otherwise in the applicable prospectus supplement, certain legal matters will be passed upon for any underwriters or agents by Cleary, Gottlieb, Steen & Hamilton, New York, New York. Cleary, Gottlieb, Steen & Hamilton has from time to time acted as counsel for us and our subsidiaries or affiliates and may do so in the future.
