Report of Independent Auditors

The Plan Committee
Friedman's Inc. Retirement Savings Plan
Savannah, Georgia

We have audited the accompanying statements of net assets available for benefits of Friedman's Inc. Retirement Savings Plan as of December 31, 2001 and 2000, and the related statement of changes in net assets available for benefits for the year ended December 31, 2001. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2001 and 2000, and the changes in its net assets available for benefits for the year ended December 31, 2001, in conformity with accounting principles generally accepted in the United States.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental Schedule of Assets (Held at End of Year) as of December 31, 2001 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

Friedman's Inc. Retirement Savings Plan

Notes to Financial Statements

December 31, 2001

1. DESCRIPTION OF THE PLAN

A complete description of the Friedman's Inc. Retirement Savings Plan (the Plan) provisions is included in the Summary Plan Description and the Plan Document. Copies of these documents are available from the Friedman's Inc. Benefits Department. The following summary should be read in conjunction with the aforementioned documents.

GENERAL

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA) and covers substantially all employees of Friedman's Inc. (the Company). The Plan was established and became effective January 1, 1996.

CONTRIBUTIONS

Participants are allowed to make contributions to the Plan in accordance with Section 401(k) of the Internal Revenue Code (Code) ranging from 1% to 15% of their pre-tax compensation, as defined in the Plan document. Participants may not make additional after-tax contributions. In addition, the Company makes matching contributions on behalf of each participant equal to 50% of the first 4% of each participant's contribution to the Plan.

VESTING, WITHDRAWALS AND DISTRIBUTIONS

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in Company contributions plus actual earnings thereon is based on years of continuous service. A participant vests 20% in Company contributions after two years of service and an additional 20% each year thereafter until they are 100% vested after six years of service. Any forfeitures are used to reduce Company matching contributions. Upon retirement, death, disability or termination of employment, the vested balance in the participant's account is payable to the participant or designated beneficiary as a lump sum payment.

1. DESCRIPTION OF THE PLAN (CONTINUED)

LOANS TO PARTICIPANTS

Participants are permitted to borrow, under the loan provisions of the Plan, not less than \$1,000 up to a maximum of the lesser of \$50,000 or 50% of the participant's vested account balance. Participants may have up to two loans outstanding which must be repaid within five years unless the loan is for the purchase of a primary residence, in which case the loan must be repaid within ten years. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 2% in effect at the beginning of the month in which the loan originated.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions, the appropriate portion of the Company's contributions and an allocation of Plan investment results. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Participant contributions and the related investment income are at all times 100% vested and nonforfeitable. Participants become vested in Company contributions and actual earnings thereon according to the vesting schedule described above.

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, the total amount in each participant's account will be distributed to the participant.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PRESENTATION

The accounting records of the Plan are maintained on the accrual basis. All securities transactions of the Plan are recorded as of the trade date.

VALUATION OF INVESTMENTS

Investments in mutual funds, the common collective trust fund, and Friedman's Inc. common stock are measured by quoted market prices and are reported at fair value at year-end. Loans to participants are valued at their outstanding balances, which approximate fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

USE OF ESTIMATES

Edgar Filing: FRIEDMANS INC - Form 11-K

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates that could affect the reported amounts of assets, liabilities and other additions to or deductions from net assets. Actual results could differ from those estimates.
