REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Trustee and Participants of  
New Jersey Resources Corporation  
Employees' Retirement Savings Plan  
Wall, New Jersey

We have audited the accompanying statements of net assets available for benefits of New Jersey Resources Corporation Employees' Retirement Savings Plan (the "Plan") as of December 31, 2005 and 2004, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2005 and 2004, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2005 is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This schedule is the responsibility of the Plan's management. Such schedule has been subjected to the auditing procedures applied in our audit of the basic 2005 financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

NEW JERSEY RESOURCES CORPORATION  
EMPLOYEES' RETIREMENT SAVINGS PLAN  
NOTES TO FINANCIAL STATEMENTS

1. PLAN DESCRIPTION

New Jersey Resources Corporation Employees' Retirement Savings Plan (the Plan) is administered through a Benefits Administration Committee (the Committee) appointed by New Jersey Resources Corporation's (the Company or NJR) Board of Directors and administers the plan in accordance with the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The following description of the Plan is provided for general information

## Edgar Filing: NEW JERSEY RESOURCES CORP - Form 11-K

only. Participants should refer to the Plan documents for more complete information. The Plan is a defined contribution plan.

The Plan has two components as described below:

### Savings Component

**GENERAL:** The Savings component is represented by deferred contributions, after-tax contributions and employer matching contributions.

All employees of the Company, and its subsidiaries who have completed 30 days of service are eligible to participate on a voluntary basis.

**CONTRIBUTIONS:** Under the Savings component, eligible employees may make contributions of between 1% and 30% of base compensation to the Plan and, of this amount, the calendar year dollar limit in effect for 401(k) contributions shall be permitted as pre-tax contributions. The 30% maximum amount became effective August 1, 2002. The Company contributes an amount equal to 50% of the first 6% of contributing participants' base compensation, subject to certain exceptions as described in the Plan. The participants' contributions, plus actual earnings thereon, are fully vested at all times. The Company's contributions vest on the basis of service ranging from 25% after two years, 50% after three years, 75% after four years, and 100% after five years. Any forfeiture is treated as a reduction to employer contributions.

Effective October 1, 2000, certain employees of NJR Home Services Company who are not covered by the Plan for Retirement Allowances for Represented Employees of New Jersey Natural Gas Company and have one or more year(s) of service receive an annual Company contribution equal to 2% of base compensation for employees with less than five years of service and a 3% contribution for employees with five or more years of service. The contribution is automatically invested in the Gartmore Morley Stable Value Fund, and cannot be reallocated to other investments nor is it eligible for employee loans. In 2006, the Company contributed \$29,373 related to these employees for the Plan year ended December 31, 2005 and the amount is included in employer contributions receivable at December 31, 2005. Effective January 1, 2002, employees who have both reached the minimum age of 50 and the 401K elective deferral limit by the end of the Plan year may elect to contribute an additional \$4,000 in pre-tax non-matchable contributions.

Contributions by employees are made primarily through payroll deductions. The Plan also accepts qualified roll-over contributions from eligible employees. As directed by the Committee, contributions by employees and the Company are transferred to a Trustee and held in the Plan's Trust Fund for investment and other transactions.

**PAYMENT OF BENEFITS:** Participants, prior to retirement or termination of service with the Company, may withdraw their contributions from the Savings component subject to certain limitations as described in the Plan. Participants may not withdraw the Company's contributions until they are vested. Withdrawal of deferred contributions may generally be made only upon disability, hardship or the attainment of age 59-1/2.

Distributions made upon retirement or death may be made either in a lump sum or in equal installments over a period not to exceed five years. All

## Edgar Filing: NEW JERSEY RESOURCES CORP - Form 11-K

other distributions are made in a lump sum payment.

**PARTICIPANT LOANS:** The Plan may loan to a participant an amount that shall not exceed the lesser of 50% of the value of the vested portion of such participant's account, or \$50,000. Any participant loan must be for a principal amount of \$1,000 or more and no participant may have more than two loans outstanding at any time. No loan shall be for a term of more than five years except for loans used to acquire the participant's principal residence, which term shall not exceed ten years. The loans are secured by the balance in the participant's accounts.

Principal and interest are paid ratably through payroll deductions. A participant may repay any such loan in full by check at any time in accordance with such rules as may be prescribed by the Committee. Payments of principal and interest on loans shall be credited to the participant's account(s) from which the loan was funded and shall be reinvested in investment funds in accordance with the participant's then current investment selection.

The interest rate for loans will be the current prime lending rate of Wachovia Bank N.A. plus 1% or such other rate as is prescribed by the Committee based on periodic re-evaluations of the adequacy of such rate. The fixed rate of interest shall apply to the term of each loan.

**PARTICIPANT ACCOUNTS--**Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution, Company's matching contribution, and Plan earnings, and charged with withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**INVESTMENTS--**Participants direct the investment of their contributions into various investment options offered by the Plan. Except as previously noted, Company contributions are invested at the same percentage in the same investment options as the participant directed investments. The Plan currently offers eleven investment options for participants.

**FORFEITED ACCOUNTS--**At December 31, 2005 and 2004, forfeited nonvested accounts totaled \$18,855 and \$4,494 respectively. These amounts will be used to reduce employer contributions. During the years ended December 31, 2005 and 2004, employer contributions were reduced by \$4,494 and \$5,809, respectively from forfeited, nonvested accounts.

Employee Stock Ownership Plan Component (the ESOP)

**GENERAL:** Effective October 1, 1994, investment in the ESOP was closed to future employees. The ESOP component is represented by amounts held by the Trust in Company Stock. Until September 30, 1994, all employees of the Company and its subsidiaries who had attained age 21 and completion of one year of service were eligible to participate. All participants' respective shares of Company Stock are 100% vested.

**PAYMENT OF BENEFITS:** Distributions to ESOP participants may be made only in the case of separation of service or attainment of age 55 and completion of at least 10 years of participation, and may be in the form of full shares

## Edgar Filing: NEW JERSEY RESOURCES CORP - Form 11-K

of the Company's common stock and cash in lieu of fractional shares. ESOP participants may also elect to receive their total distribution in cash.

The following amounts related to the ESOP were included in dividend income and net appreciation in fair value of investments for the years ended December 31:

	2005	2004
	-----	-----
Dividend income	\$ 813,845	\$ 821,675
Net (depreciation) appreciation in fair value of investments	\$(874,588)	\$3,028,690

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**BASIS OF ACCOUNTING**--The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

**USE OF ESTIMATES**--The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**RISKS AND UNCERTAINTIES**--The Plan utilizes various investment instruments, including mutual funds and investment contracts. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

**INVESTMENT VALUATION AND INCOME RECOGNITION**--The Plan's investments in mutual funds and common stock are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end. Participant loans are valued at the outstanding loan balances.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Dividends from the ESOP and NJR Common Stock funds will be automatically reinvested unless the participant elects a distribution.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on those investment funds and are not separately stated. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

**VALUATION OF INVESTMENTS (SECURITIES WITH NO QUOTED MARKET PRICES)**--Amounts for securities that have no quoted market price represent estimated fair value. Many factors are considered in arriving at the fair value. Investments in common collective trusts are valued at the net asset value of the shares held by the Plan at year end, which is based on the fair

## Edgar Filing: NEW JERSEY RESOURCES CORP - Form 11-K

value of the underlying assets. The value recorded in the Plan's financial statements for such funds were \$8,956,717 and \$9,168,114 at December 31, 2005 and 2004, respectively.

7

ADMINISTRATIVE EXPENSES--Certain administrative expenses of the Plan are paid by the Company as provided in the Plan Document.

PAYMENT OF BENEFITS--Benefit payments to participants are recorded upon distribution. Amounts allocated to accounts of persons who have elected to withdraw from the plan but have not yet been paid were \$1,834 and \$0 as of December 31, 2005 and 2004, respectively.

However, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code, and that the Plan and the related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

### 6. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.
