3.6 NON OPERATING INCOME - EXPENSES

Non-operating income for the second quarter of 2006 increased due to non-recurrent events, amounting to Ps 55,515 million. Other income amounted Ps 121,284 million due to the recovery of differed taxes provisions from the investment portfolio and from the derivatives portfolio.

Non-operating expenses amounted to Ps 64,224 million, primarily due to the following two events:

1. There were some adjustments as a result of the merger. The corporate dissolution of 3001 S.A. (a subsidiary of Conavi S.A.) took place during the quarter with two effects: a loss of Ps 30,108 million accounted as "other expenses" and a gain accounted as "recovery of provisions for foreclosed assets and other assets" that amounted to Ps 33,632 million.
2. There was a provision of Ps 20,285 million corresponding to legal contingencies.
