**Item 1.01 Entry into a Material Definitive Agreement**

On October 22, 2009, CanArgo Energy Corporation (the Company) entered into a Plan Support and Lock-up Agreement dated as of August 6, 2009 (PSA) by and among the Company and the holders of the Company's Senior Subordinated Convertible Guaranteed Notes due September 1, 2009, Persistency, a Cayman Islands corporation (Persistency) as the holder of the Company's 12% Subordinated Convertible Guaranteed Notes due June 28, 2010 and the other creditors party thereto pursuant to which the parties thereto agree to support a plan of reorganization of the Company as a debtor in possession pursuant to Chapter 11 of the United States Bankruptcy Code (the Bankruptcy Code) substantially on the terms and conditions set forth in Exhibit A to the PSA.

On October 22, 2009, the Company and Persistency entered into a Commitment Letter Agreement pursuant to which Persistency agreed, subject to the terms and conditions set forth in the Commitment Letter Agreement, to lend the Company up to \$1.2 million post-petition pursuant to the terms of a Debtor in Possession Financing Agreement (the DIP Credit Agreement) fully secured by all of the assets of the Company and guarantees of the Company's principal subsidiaries.

Southern District of New York (the Bankruptcy Court ). The Chapter 11 case is being administered under the caption *In re CanArgo Energy Corporation*, No. 09-16453 (the Chapter 11 Case ). The Bankruptcy Court assumed jurisdiction over the assets of the Debtor, as of the date of the filing of the bankruptcy petition. The Debtor will remain in possession of its assets, and continue to manage and operate its business and properties, as debtor-in-possession, subject to the provisions of the Bankruptcy Code and the supervision and orders of the Bankruptcy Court.

In connection with the Chapter 11 Case, the Debtor filed or will file a motion seeking Bankruptcy Court approval of the DIP Credit Agreement and related agreements, between the Debtor and Persistency (the Lender ), substantially in the form attached to the aforementioned motion filed with the Bankruptcy Court. As contemplated by the motion filed with the Bankruptcy Court, the DIP Credit Agreement provides for a credit commitment to the Debtor of one or more advances aggregating up to \$1.2 million. The proceeds from the advances, which may not be paid off and reborrowed, and other financial accommodations incurred under the DIP Credit Agreement will be used, among other things, to repay outstanding amounts due under a bridge loan of up to \$550,000 previously provided by Persistency to CanArgo Limited, Debtor 's wholly owned Guernsey subsidiary, certain outstanding professional fees incurred by Persistency and to provide the Debtor with working capital for general corporate purposes. The DIP Credit Agreement contains events of default and includes certain financial covenants and the amount of the obligations of the Debtor under the loan documents is secured by all the assets of the Debtor and guarantees of the Debtor 's principal subsidiaries.

**Item 2.04 Triggering Events That Accelerate or Increase a Direct Financial Obligation or an Obligation Under an Off-Balance Sheet Arrangement.**

The filing of the Chapter 11 Case described in Item 1.03 of this report constituted an event of default under, or otherwise triggered repayment obligations with respect to, debt instruments and credit agreements relating to direct and indirect financial obligations of the Debtor under the Note Purchase Agreement dated as of March 3, 2006 by and among CanArgo Energy Corporation and the Purchasers named therein, including the forms of the Senior Subordinated Convertible Guaranteed Notes due September 1, 2009 and Note Purchase Agreement dated as of June 28, 2006 by and among CanArgo Energy Corporation and the Purchaser named therein, including the forms of the 12% Subordinated Convertible Guaranteed Note due June 28, 2010, as each such Agreement has been amended and is in force (collectively, the Note Purchase Agreements ) as well as under certain other obligations of Debtor. The Debtor is currently in default of its payment obligations under the Note Purchase Agreements and certain of its other financial obligations. All obligations under the Note Purchase Agreements and such financial obligations will become automatically and immediately due and payable upon commencement of the Chapter 11 Case. The Debtor believes that any efforts to enforce the payment obligations under the Note Purchase Agreement and such other financial obligations against the Debtor will be stayed as a result of the filing of the Chapter 11 Case in the Bankruptcy Court. The amount of principal and interest due and payable as of October 27, 2009 under the Note Purchase Agreements and notes issued thereunder was approximately \$18.1 million.
