The Underwriting Agreements include customary representations, warranties and covenants by the Company. They also provide for customary indemnification by each of the Company and the respective Underwriters party to the relevant agreement against certain liabilities arising out of or in connection with sale of the common stock, Depositary Shares and Notes, respectively, and for customary contribution provisions in respect of those liabilities.

The Underwriters and their affiliates have provided and in the future may continue to provide various financial advisory, cash management, investment banking, commercial banking and other financial services, including the provision of credit facilities, to the Company in the ordinary course of business for which they have received and will continue to receive customary compensation.

The foregoing description of the material terms of the Underwriting Agreements and Pricing Agreements is qualified in its entirety by reference to the Underwriting Agreements, which are attached hereto as Exhibits 1.1, 1.2 and 1.3, respectively, and the Pricing Agreements, which are attached hereto as Exhibits 1.4, 1.5 and 1.6, respectively, and incorporated herein by reference.

Item 2.03 Creation of a Direct Financial Obligation

As described under Item 1.01 above, pursuant to the Notes Underwriting Agreement and Notes Pricing Agreement, the Company issued \$300 million aggregate principal amount of 2015 Notes, \$500 million aggregate principal amount of 2020 Notes and \$300 million aggregate principal amount of 2040 Notes pursuant to a Senior Indenture, dated as of April 11, 2007, between the Company and The Bank of New York Mellon Trust Company, N.A. (formerly known as The Bank of New York Trust Company, N.A.), as trustee (the "Trustee").

The Notes are unsecured senior obligations of the Company and will rank equally with all unsecured and unsubordinated indebtedness of the Company. The Notes will bear interest at per-annum rates of 4.00% in the case of the 2015 Notes, 5.50% in the case of the 2020 Notes and 6.625% in the case of the 2040 Notes. The Company will pay interest on each series of Notes semi-annually in arrears on March 30 and September 30 of each year, beginning on September 30, 2010.

The Indenture contains covenants that, among other things, limit the ability of the Company and its restricted subsidiaries to sell, transfer or create certain liens, including liens on the capital stock of any restricted subsidiary.

The 2015 Notes will mature on March 30, 2015, the 2020 Notes will mature on March 30, 2020 and the 2040 Notes will mature on March 30, 2040. However, the Company, at its option, may redeem the Notes at any time in whole or from time to time in part in multiples of \$1,000, by paying the greater of (i) 100% of the principal amount of the Notes to be redeemed or (ii) the sum of the present values of the remaining scheduled payments of principal and interest on the Notes to be redeemed (exclusive of interest accrued to the date of redemption), discounted to the date of redemption on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the then current Treasury Rate plus 25, 25 or 30 basis points, as applicable, for the 2015 Notes, the 2020 Notes and the 2040 Notes, respectively, plus accrued and unpaid interest up to the date of redemption.

The Indenture contains customary events of default. If an event of default under the Indenture occurs and is continuing, the Trustee or the holders of at least 25% in aggregate principal amount of the outstanding Notes may declare the principal amount of all the Notes to be immediately due and payable.

The foregoing description of the Indenture and the Notes is qualified in its entirety by reference to the full text of such documents, which are attached or incorporated by reference hereto as Exhibits 4.1, 4.2, 4.3 and 4.4 and incorporated herein by reference.

Item 3.03 Material Modification of the Rights of Security Holders

Under the terms of the Mandatory Convertible Preferred Stock, the Company's ability to declare or pay dividends or make distributions on, or purchase, redeem or otherwise acquire for consideration, shares of its common stock, or any junior stock or parity stock currently outstanding or issued in the future, will be subject to certain restrictions in the event that the Company does not pay in full or declare and set aside for payment in full all accrued and unpaid dividends on the Mandatory Convertible Preferred Stock. The terms of the Mandatory Convertible Preferred Stock are more fully set forth in the Certificate of Designations, Preferences and Rights described in Item 5.03 below and attached hereto as Exhibit 3.1 and incorporated herein by reference. A copy of the form of certificate for the Mandatory Convertible Preferred Stock is attached hereto as Exhibit 4.5 and incorporated herein by reference.

Item 5.03 Amendments to the Articles of Incorporation

In connection with the issuance of the Depositary Shares, the Company filed with the Secretary of State of the State of Delaware a Certificate of Designations, Preferences and Rights (the "Certificate of Designations") setting out the form and the terms of the Mandatory Convertible Preferred Stock, which amended the Company's Amended and Restated Certificate of Incorporation, effective immediately upon filing on March 23, 2010. The Mandatory Convertible Preferred Stock will rank, with respect to dividend rights and rights upon the Company's liquidation, winding-up or dissolution:

senior to all common stock of the Company and, if issued, the Company's Series B Preferred Stock and the Series C Preferred Stock and to each other class of other capital stock or series of preferred stock issued after the original issue date of the Mandatory Convertible Preferred Stock unless the terms of that stock expressly provide that it ranks senior to, or equally with, the Mandatory Convertible Preferred Stock;

equally with the Company's Series E Preferred Stock, which the Company intends to repurchase with the net proceeds of the common stock, Depositary Shares and Notes offerings, together with available funds, subject to the approval of the Treasury Department, and equally with any class of capital stock or series of preferred stock established after the original issue date of the Mandatory Convertible Preferred Stock, the terms of which expressly provide that such class or series will rank equally with the Mandatory Convertible Preferred Stock;

junior to each class of capital stock or series of preferred stock established after the original issue date of the Mandatory Convertible Preferred Stock, the terms of which expressly provide that such class or series will rank senior to the Mandatory Convertible Preferred Stock; and

junior to the Company's and its subsidiaries' existing and future indebtedness (including, in the case of the Company's subsidiaries, trade payables).

The Company will pay cumulative dividends on each share of the Mandatory Convertible Preferred Stock at a rate of 7.25% per annum on the initial liquidation preference of \$1,000 per share. Dividends will accrue and cumulate from the date of issuance and, to the extent that the Company is legally permitted to pay dividends and its board of directors declares a dividend payable, the Company will, from July 1, 2010 until and including January 1, 2013 pay dividends on each January 1, April 1, July 1 and October 1, in cash and (whether or not declared prior to that date) on April 1, 2013 will pay or deliver, as the case may be, dividends in cash, shares of its common stock, or a combination thereof, at its election.

Each share of Mandatory Convertible Preferred Stock will automatically convert into shares of common stock on April 1, 2013 if not earlier converted at the option of the holder upon the occurrence of a fundamental change (as defined in the Certificate of Designations). The number of shares issuable upon mandatory conversion of each share of Mandatory Convertible Preferred Stock will be a variable amount based on the average of the daily volume weighted average price per share of the Company's common stock during a specified period of 20 consecutive trading days with the number of shares of common stock ranging from 29.536 to 36.036 per share of Mandatory Convertible Preferred Stock, subject to anti-dilution adjustments.

At any time prior to March 15, 2013, holders of the Mandatory Convertible Preferred Stock may elect to convert their shares at the minimum conversion rate, and will receive accrued and unpaid dividends for past

Table of Contents

dividend periods but will not receive accrued and unpaid dividends for the current dividend period. Upon a fundamental change (as defined in the Certificate of Designations), holders of the Mandatory Convertible Preferred Stock may elect to convert their shares at a fundamental change conversion rate (as defined in the Certificate of Designations), and will receive accrued and unpaid dividends. The Company may elect to pay accrued and unpaid dividends payable in connection with any conversion of the Mandatory Convertible Preferred Stock in cash, shares of its common stock or a combination thereof.

Except as required by law or the Company's Amended and Restated Certificate of Incorporation, which will include the Certificate of Designations for the Mandatory Convertible Preferred Stock, the holders of Mandatory Convertible Preferred Stock will have no voting rights (other than with respect to certain matters regarding the Mandatory Convertible Preferred Stock or when dividends payable on the Mandatory Convertible Preferred Stock have not been paid for an aggregate of six quarterly dividend periods, or more, whether or not consecutive, as provided in the Certificate of Designations).

The foregoing description is qualified in its entirety by reference to the Certificate of Designations, which is attached hereto as Exhibit 3.1 and incorporated herein by reference.

Item 7.01 Regulation FD Disclosure

On March 23, 2010, the Company issued a press release announcing the closing of its common stock, Depositary Shares and Notes offerings, a copy of which is attached hereto as Exhibit 99.1 and is incorporated herein by reference.

The information furnished pursuant to this Item 7.01, including Exhibit 99.1, shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the Exchange Act), or otherwise subject to the liabilities under that Section, and shall not be deemed to be incorporated by reference into any filing of the Company under the Securities Act of 1933, as amended, or the Exchange Act.

Item 8.01 Other Events

On March 23, 2010, the Company closed the sale of (i) 59,590,089 shares of common stock (which includes 7,337,837 optional shares purchased by the Common Stock Underwriters) at a price to the public of \$27.75 per share; (ii) 23,000,000 Depositary Shares (which includes 3,000,000 optional Depositary Shares purchased by the Depositary Shares Underwriters) at a price to the public of \$25.00 per share and (iii) \$300 million aggregate principal amount of its 2015 Notes, \$500 million aggregate principal amount of its 2020 Notes and \$300 million aggregate principal amount of its 2040 Notes.

The Company plans, subject to approval of the Department of the Treasury (the Treasury Department), to use \$425 million of the net proceeds from the Notes offering, together with available funds and estimated net proceeds of \$1.6 billion and \$556 million from the offering of its common stock and Depositary Shares, respectively, to repurchase the 3,400,000 shares of its Series E Fixed Rate Cumulative Perpetual Preferred Stock issued in June 2009 to the Treasury Department in connection with its participation in the Treasury Department's Capital Purchase Program. The remaining proceeds of the Notes offering will be used to pre-fund the repayment of the Company's senior debt maturing in 2010 and 2011. If the Treasury does not approve the repurchase, the Company will use the net proceeds of the offerings for general corporate purposes.
