The Shares were issued by the Company to Rio Alcan in satisfaction of the purchase price for the purchase by the Company from Rio Alcan of certain key mining and milling equipment (and the contractual right to delivery of certain other equipment which has not yet been fully constructed) for the OT Project.

The equipment and contractual rights were originally acquired by Rio Alcan from the Company in 2008. The Company has agreed that (A) it will issue Rights sufficient to generate aggregate gross subscription proceeds of between US\$1.0 billion and US\$1.2 billion, (B) the subscription price for the Rights will be at a discount, as determined by the Company, in the range of 40 per cent. to 50 per cent. to US\$25.76 to the volume weighted average price of the Company's Shares on the New York Stock Exchange on the twenty (20) trading days immediately before December 8, 2010 and (C) the Rights Offering will not be subject to a minimum subscription condition;

- (iii) RTIH agreed to exercise 33,783,784 of its existing Series B Warrants and thereby subscribe for 33,783,784 Shares at an exercise price of US\$8.88 per Share or US\$300,000,002 in the aggregate;

The Subscription Right will terminate upon the earlier of (A) termination of the standstill in Section 6.1 of the Private Placement Agreement pursuant to Section 20 of the Amending and Additional Rights Agreement and (B) January 18, 2012. Rio Tinto will not be permitted to subscribe for Shares under the Subscription Right if, immediately following such subscription, Rio Tinto and all persons with whom Rio Tinto is acting jointly or in concert, would beneficially own or exercise control or direction over, or be deemed, under applicable law, to beneficially own, or exercise control or direction over, more than a number of Shares that would equal (C) 49 per cent. of the then outstanding Shares less (D) the amount, if any, by which 3,700,000 exceeds the number of Shares acquired by Rio Tinto and all persons with whom Rio Tinto is acting jointly or in concert from any person (other than Shares acquired from (I) Robert M. Friedland in accordance with the RMF Share Purchase Agreement (as defined below), (II) Citibank, N.A. in accordance with the Citi Share Purchase Agreement and (as defined below) (III) the Company between December 8, 2010 and the termination of the Subscription Right. On December 8, 2010, RTIH entered into a share purchase agreement (the RMF Share Purchase Agreement) with Robert M. Friedland a copy of which is attached as Schedule H to Exhibit I, which is incorporated herein by reference. Pursuant to the RMF Share Purchase Agreement, RTIH agreed to purchase from Robert M. The price per Citi Base Share under the Citi Share Purchase Agreement is US\$25.344, being the same price per share as calculated under the RMF Share Purchase Agreement. The price per Citi Additional Share under the Citi Share Purchase

Table of Contents

Agreement will be the subscription price per Share under the Rights Offering. The funds for the purchase of the Citi Base Shares are expected to be obtained by RTIH from the working capital of Rio Tinto.

The closing of the transactions contemplated by the December 2010 Heads of Agreement and RMF Share Purchase Agreement is expected to occur on or about December 15, 2010. The closing of the transactions contemplated by the Citi Share Purchase Agreement is expected to occur on the completion of the Rights Offering.

Item 4. Purpose of Transaction.

The information set forth in Items 3 and 6 is hereby incorporated by reference in this Item 4.

RTIH has entered into the Private Placement Agreement to acquire a strategic stake in the Company in order to jointly develop and operate the OT project.

In addition, RTIH has entered into the December 2010 Heads of Agreement, the RMF Share Purchase Agreement and the Citi Share Purchase Agreement to (i) assume management of the OT Project, (ii) provide the OT Project with a comprehensive financing package and (iii) secure the right to increase its ownership of Shares to 49 per cent.

Board of Directors

Pursuant to the Private Placement Agreement, at all times, the board of directors of the Company will consist of at least ten (10) directors.

From and after the First Closing Date, RTIH will be entitled (but not obliged) to nominate a number of qualified individuals (each, a Rio Tinto Representative) for appointment or election, from time to time, to the board of directors of the Company, as a proportion of the board of directors of the Company (the Proportionate Number of Directors), as is equal to the percentage of issued and outstanding Shares held by RTIH and its affiliates at that time (disregarding any unissued Shares underlying any unexercised Series A Warrants or Series B Warrants). Where such calculation results in the Proportionate Number of Directors not being a whole number, such Proportionate Number of Directors will be rounded up to the nearest whole number where such calculation ends with a figure .5 or greater and will be rounded down to the nearest whole number where such calculation ends with a figure less than .5.

At all times, RTIH will be entitled to nominate as one of its Rio Tinto Representatives an individual who is not qualified as an independent director (defined as a director who is independent within the meaning of Multilateral Instrument 52-110 Audit Committees of the Canadian securities regulatory authorities, as amended, and who meets the equivalent independence criteria prescribed under US securities laws and the listing or marketplace rules of the New York Stock Exchange or Nasdaq, to the extent applicable to the Company). If at any time RTIH is entitled to nominate more than one Rio Tinto Representative, then not less than one half of such Rio Tinto Representatives must qualify as independent directors.

In addition, for as long as RTIH remains entitled to nominate at least one Rio Tinto Representative to the Company's board of directors, RTIH will be entitled to nominate a Rio Tinto Representative selected by RTIH to the Company's audit committee provided that such Rio Tinto Representative is an independent director and financially literate.

The parties have agreed that the Company's board of directors shall consist of 14 directors.

Preemptive Rights

Table of Contents

Pursuant to the Private Placement Agreement, if, at any time after the First Closing Date, the Company proposes, or becomes obliged, to issue any Shares (other than the issuance of Shares pursuant to certain exempt transactions) (Dilutive Issuer Shares), RTIH will have the right to purchase a number of additional Shares (Anti-Dilution Shares) so as to maintain its proportional equity interest in the Company.

Pursuant to the Private Placement Agreement, if, at any time prior to October 24, 2012, RTIH exercises its right to purchase all or part of the Anti-Dilution Shares to which it is entitled, RTIH will also be entitled to receive, for no additional consideration, a number of additional share purchase warrants (Anti-Dilution Warrants) that would result in RTIH having the right to acquire, pursuant to the exercise or conversion of all outstanding Convertible Securities beneficially owned by one or more members of the Rio Tinto group, a number of Shares that, upon issuance, would represent the same percentage of the outstanding Shares that RTIH would have beneficially owned if all of the then outstanding Convertible Securities beneficially owned by one or more members of the Rio Tinto group had been fully exercised immediately before the issuance of the Dilutive Issuer Shares and Anti-Dilution Shares. Each Anti-Dilution Warrant will entitle RTIH to purchase one Share at a price equal to the issue price per share of the Anti-Dilution Shares. If, when the Anti-Dilution Warrants are issued, any Series A Warrants remain unexercised and outstanding, that number of the Anti-Dilution Warrants bearing the same proportion as such outstanding number of Series A Warrants bears to the total number of Series A Warrants and Series B Warrants outstanding will have the same terms and attributes as the Series A Warrants and the remainder of the Anti-Dilution Warrants will have the same terms and attributes as the Series B Warrants, provided that, notwithstanding the foregoing, the expiry date of the Anti-Dilution Warrants will be at least one year from the date of issuance.

If, at any time on or after the fifth anniversary of the First Closing Date, RTIH and its affiliates beneficially own, in the aggregate, a number of Shares representing less than 7.5 per cent of the total number of Shares issued and outstanding at such time, all of RTIH's preemptive rights will immediately terminate and be of no further force or effect.

Equity Financing Right of First Offer

The Amending and Additional Rights Agreement provides that, if, at any time and from time to time until October 24, 2012, the Company is contemplating to, directly or indirectly, offer, sell, contract to sell, grant any option or right to purchase, or issue any Shares or any securities convertible into or exchangeable for Shares (Convertible Securities) to any person other than a member of the Rio Tinto group in any transaction (an Equity Financing Transaction), except for certain exempt transactions, the Company may only effect such Equity Financing Transaction subject to a right of first offer of RTIH (the Right of First Offer), exercisable within 30 days of receipt of written notice (the Financing Notice) of the contemplated Equity Financing Transaction (the Exercise Period). If the Right of First Offer is not exercised by RTIH prior to the expiry of the Exercise Period, the Company will have the right for a period of 60 days following the Exercise Period (the Closing Period) to issue all, but not less than all, of the Shares or Convertible Securities to the person or persons named in the Financing Notice for cash consideration having a value equal to or higher than the value of the cash consideration for which the Company offered the Shares or Convertible Securities to RTIH and on terms and conditions no less favourable to the Company than those set out in the Financing Notice.

Restrictions on Share Acquisitions and Dispositions

Pursuant to the December 2010 Heads of Agreement there are certain restriction on Share acquisitions by RTIH (as described below). These restrictions will not apply to the acquisition by

Table of Contents

RTIH of any Shares that Robert M. Friedland beneficially owns, directly or indirectly, pursuant to any rights of first refusal in favour of RTIH arising under the Shareholders Agreement between Robert M. Friedland and RTIH, dated October 18, 2006 (the Shareholders Agreement), a copy of which is attached as Exhibit C to the original Schedule 13D. These restrictions will also not apply to the acquisition by RTIH of any Shares that the Company may sell pursuant to the Right of First Offer.

If, at any time, a person or persons jointly or in concert (other than a member of the Rio Tinto group or a person that is not at arm's length to the Rio Tinto group), publicly announces its intention to commence a transaction which would result, if consummated, in any person, or group of persons acting jointly or in concert, acquiring beneficial ownership of more than 50 per cent of the outstanding Shares (a Change of Control and such transaction, a Company Control Transaction), or the Company publicly announces that its board of directors has approved an agreement which contemplates a Company Control Transaction, the Rio Tinto group will be immediately released from the foregoing restrictions but only for the limited purpose of giving the Rio Tinto group a reasonable opportunity to propose to the Company and/or commence an alternative Company Control Transaction. Unless a Company Control Transaction results in a Change of Control within 75 days after the Rio Tinto group is released from the foregoing restrictions or, after the end of such period, RTIH or any of its affiliates is actively pursuing an alternative Company Control Transaction that was commenced during such period, such restrictions will be deemed to have been re-imposed as of the later of the end of such 75 day period and the date that RTIH or any such affiliate completes or ceases actively pursuing its alternative Company Control Transaction, pending their expiry or the public announcement of another Company Control Transaction as contemplated above. For the purposes of the foregoing:

- (i) RTIH or any of its affiliates will be deemed to be actively pursuing an alternative Company Control Transaction at a particular time if, at that time, RTIH or any such affiliate has made a formal bid (as defined under Canadian securities laws) that has not expired for a sufficient number of Shares to effect a Change of Control or RTIH or any such affiliate is engaged in active negotiations with the Company with respect to such alternative Company Control Transaction, and
- (ii) nothing in the Shareholders Agreement will be construed as creating a non-arm's length relationship between the parties to the Shareholders Agreement or their respective affiliates.

Pursuant to the Private Placement Agreement, until the first anniversary of the First Closing Date, RTIH has agreed that the Rio Tinto group will not, except (i) pursuant to a Company Control Transaction, (ii) with the prior written consent of the Company, or (iii) to any person who is a member of the Rio Tinto group, directly or indirectly, offer, sell, contract to sell, grant any option or right to purchase, make any short sale, transfer, assign, gift, enter into any derivative transaction in respect of, or otherwise dispose of, alienate or create any encumbrance in respect of (or announce any intention to effect the foregoing) (any of the foregoing, a Transfer) any Shares or Convertible Securities (or any voting rights or other rights attributable thereto) beneficially owned, directly or indirectly, by the Rio Tinto group, whether presently owned or subsequently acquired, or in respect of which the Rio Tinto group exercises control or direction.

Thereafter, until the fifth anniversary of the date of the Private Placement Agreement, if RTIH intends to Transfer Shares representing 5 per cent or more of the total number of Shares then issued and outstanding to any person other than (i) a member of the Rio Tinto group, or (ii) an institutional investor who meets certain prescribed criteria under the Private Placement Agreement, and the proposed Transfer is not being made pursuant to a Company Control

Transaction, the Company will have the right, for a period of not less than 60 days, to arrange for the sale of such Shares to a third party selected by the Company in its absolute discretion and reasonably acceptable to RTIH, on the same terms upon which RTIH intended to sell such Shares, failing which RTIH will be free to sell such Shares. Use of Proceeds

Pursuant to the Private Placement Agreement, the Company has agreed that it will use not less than 90 per cent of the proceeds received from the issuance of the Shares to RTIH under the Private Placement Agreement and from the exercise of the Series A Warrants, the Series B Warrants and the Series C Warrants to fund expenditures in respect of the development of the OT Project.

Pursuant to December 2010 Heads of Agreement, the Company agreed that, other than US\$180 million in the aggregate, all of the proceeds from the Rights Offering, the sale of Shares or the Company convertible securities to Rio Tinto (including, without limitation, from the exercise by RTIH of its existing Warrants and the Subscription Right) and certain other assets will be used to fund expenditures in respect the OT Project.

OT Project Right of First Refusal

Pursuant to the Private Placement Agreement, RTIH has been granted a right of first refusal in respect of the Company's interests in the OT project that is exercisable for a period of 60 days, subject to certain limited exceptions, if the Company intends to dispose of any interest in the OT Project to a third party. In respect of any such proposed disposition, the Company must first offer such interests to RTIH at an equivalent price and on equivalent terms and conditions to those available to the third party to whom such proposed disposition is to be made and from whom the Company has received an offer on bona fide arm's length terms. RTIH's right of first refusal is inoperative unless, at the time the Company proposes to make any such disposition, Rio Tinto and its affiliates beneficially own (disregarding any unissued Shares underlying unexercised Series A Warrants or Series B Warrants), in the aggregate, a number of Shares that is equal to or greater than the First Tranche Private Placement Shares.

After three years, RTIH will have the right to appoint the chairman of the Technical Committee and senior manager of the OT Project.

RTIH's right to appoint members and be represented on the Technical Committee will immediately terminate if Rio Tinto and its affiliates beneficially own (disregarding any unissued Shares underlying any unexercised Series A Warrants or Series B Warrants), in the aggregate, a number of Shares that is less than the number of First Tranche Private Placement Shares.

Any decision of the Technical Committee in respect of which a consensus cannot be reached among its members will be subject to a vote in respect of which each of the five members of the Technical Committee will have one vote.

During the three year period following the First Closing Date, the unanimous consent of all Technical Committee members will be required for matters involving (a) asset or property acquisitions or contractual commitments requiring expenditures exceeding US\$100 million, (b) acquisitions of interests in land or mineralization within the geographical areas comprising the OT Project requiring expenditures exceeding US\$10 million, or (c) any material amendments to the existing OT Project long term mine plan or the adoption of any new long term mine plan.

Pursuant to the Amending and Additional Rights Agreement, while RTIH maintains a representative on the Technical Committee, RTIH will have the right to appoint the Managing Director of Ivanhoe Mines Mongolia Inc. XXX, a wholly-owned subsidiary of the Company (the OT Subsidiary) who (i) will report to the chairman of the Technical Committee, (ii) will be responsible for the matters set out in a position description to be agreed by all members of the Technical Committee and (iii) may be replaced by RTIH at any time and from time to time.

The position description for each of the Managing Director and Chief Financial Officer may only be amended by the unanimous vote of the Technical Committee. Notwithstanding the foregoing, if RTIH has appointed the chairman of the Technical Committee, the position description for each of the Managing Director and Chief Financial Officer may be amended by a majority vote of the Technical Committee.

Decisions in respect of Special Matters will require a unanimous vote of the members of the RT/IVN Operating Committee.
- (v) RTIH may from time to time prepare a feasibility study for an expansion or modification of the currently envisaged OT Project development plan and the approval of the expansion or modification as proposed in the feasibility study will not constitute a Special Matter provided that no feasibility study may be presented which: (A) requires material incremental capital expenditure (US\$200 million or more) to be spent before January 1, 2013; (B) envisages the construction of a 50 megawatt or greater power plant commencing before January 1, 2015; or (C) envisages the construction of a smelter, unless such capital expenditure is funded by RTIH on the same terms, with certain exceptions, as agreed in respect of funding for scope changes that qualify as Special Matters.

directors of OT LLC. The terms and conditions of the OT Management Agreement to be presented to the board of directors of OT LLC are reflected in Schedule F to the December 2010 Heads of Agreement, which is incorporated herein by reference.

- (ii) The Rio Tinto Manager will perform its obligations and exercise its powers: (A) in a manner that is fair and reasonable and in the best interests of OT LLC; (B) in a good, workmanlike and efficient manner, with the degree of care, consistent with and applying suitable engineering, mining and processing methods and practices, in each case in accordance with the practice adopted by the Rio Tinto Group for large scale mining projects (which practice must accord at least with good industry practice); and (C) in compliance with the terms and provisions of applicable laws and all other licences, permits, contracts, and other agreements pertaining to the OT Project, including the OT Investment Agreement and the OT Shareholders Agreement.
- (iii) The Rio Tinto Manager will not have any liability to OT LLC in relation to or arising out of the performance of the Rio Tinto Manager's obligations under the OT Management Agreement, except in cases of Gross Fault of the Rio Tinto Manager. Gross Fault means (a) fraud or wilful and intentional misconduct by the Rio Tinto Manager or (b) any act or omission by the Rio Tinto Manager which amounts to a wanton or reckless disregard for or violation of the rights or safety of others, but shall be deemed not to include any act or omission done or omitted to be done, if resulting (x) from the express direction of the OT LLC Board, (y) with the knowledge and concurrence of directors of the OT LLC Board who are not nominees of the Rio Tinto Group, or (z) from an action taken in good faith by the Rio Tinto Manager to protect life, health or property.
- (iv) If the Rio Tinto Manager commits Gross Fault twice in any 12 month period that, if capable of remedy, has not been remedied within 60 days after being required in writing to do so, or if incapable of remedy, fails to pay agreed compensation, or in the absence of agreement, compensation determined pursuant to arbitration, the chairman of the RT/IVN Operating Committee will call a meeting to discuss what, if any, action should be taken in relation to the changing of the Rio Tinto Manager including the removal of the Rio Tinto Manager responsible for the relevant breach and the selection of a new Rio Tinto Manager. In the event that the RT/IVN Operating Committee determines for the removal and replacement of the Rio Tinto Manager, they may also instruct RTIH that any relevant personnel employed by the Rio Tinto Manager who was responsible for the relevant breach will not be employed by the new Rio Tinto Manager.
- (v) OT LLC may terminate the OT Management Agreement if: (A) an order is made or a resolution is passed for the winding-up of the Rio Tinto Manager or if the Rio Tinto Manager is unable to pay its debts, or stops or suspends or threatens to stop or suspend payment of its debts, as they fall due, which in any of such cases causes the Rio Tinto Manager to be unable to perform its obligations hereunder; (B) the Rio Tinto Group disposes of a sufficient number of Shares such that it ceases to hold a combined direct and/or indirect beneficial ownership interest in OT LLC of more than 10 per cent.; or (C) the Manager ceases to be a wholly owned member of the Rio Tinto Group and the situation is not remedied within 60 days after being required in writing to do so.
- (vi) Subject to approval by the OT LLC board of directors of the OT Management Agreement, exploration within the areas covered by the OT Project licenses, but outside of the Core Area of the OT Project, will be managed by a designated subsidiary of the Company (on a non-exclusive basis) by way of sub-contract from the Rio Tinto Manager pursuant to an agreement (the OT Exploration Agreement).
