ANNUAL MEETING AND VOTING INFORMATION

The board seeks your proxy for use in voting at the annual meeting or any postponements or adjournments of the meeting. The annual meeting will be held at the Diablo Country Club, 1700 Clubhouse Road, Diablo, California 94528 on Thursday, April 28, 2011, at 9:00 a.m. PDT. We intend to begin mailing this proxy statement, the attached notice of annual meeting, the accompanying proxy card and our Annual Report on Form 10-K for the fiscal year ended December 31, 2010 on or about March 22, 2011 to all holders of our common stock entitled to vote at the meeting. Our Annual Report on Form 10-K for the fiscal year ended December 31, 2010 does not constitute a part of the proxy solicitation materials and is not incorporated by reference into this proxy statement.

Purpose of the Annual Meeting

At the annual meeting, stockholders of ARC will vote on the following items:

1. The election of the seven directors named in this proxy statement, each for a term of one year or until their successors are elected and qualified;
2. Ratification of the appointment of Deloitte & Touche LLP as the Company's independent auditors for fiscal year 2011;
3. An advisory, non-binding vote on executive compensation;

4. An advisory, non-binding vote on the frequency of stockholder votes on executive compensation; and

Members of ARC's management team and representatives of Deloitte & Touche LLP, the Company's independent auditors for fiscal year 2011, will be present at the meeting to respond to appropriate questions from stockholders. Representatives of Deloitte & Touche LLP will also make a statement if they so desire.

Table of Contents

Admission to the Annual Meeting

All record or beneficial owners of ARC's common stock may attend the annual meeting in person. When you arrive at the annual meeting, please present photo identification, such as a valid driver's license. Beneficial owners must also provide evidence of stock holdings, such as a recent brokerage account or bank statement showing ownership of ARC common stock on the record date of March 10, 2011. ARC also has invited certain ARC employees and certain agents of the Company to attend the annual meeting.

Record Date

The record date for the annual meeting is March 10, 2011. Only stockholders of record at the close of business on that date are entitled to vote at the meeting. The only class of stock entitled to be voted at the meeting is ARC's common stock. Each outstanding share of common stock is entitled to one vote for all matters presented for a vote at the meeting. At the close of business on the record date, there were 45,742,809 shares of ARC common stock outstanding.

Quorum

A quorum must be present at the meeting for any business to be conducted. The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of ARC common stock outstanding on the record date will constitute a quorum. Proxies received but marked as abstentions or treated as broker non-votes will be included in the calculation of the number of shares considered to be present at the meeting for quorum purposes. If a quorum is not present at the scheduled time of the meeting, the stockholders who are represented may adjourn the meeting until a quorum is present. The time and place of the adjourned meeting will be announced at the time the adjournment is taken, and no other notice will be given.

Required Vote

Proposal 1. The affirmative vote of a plurality of the votes cast at the meeting is required to elect the seven nominees for director named in Proposal 1. This means that the seven nominees for director receiving the highest number of votes cast will be elected. If you vote to abstain or withhold your vote with respect to one or more nominees, your shares will not be voted with respect to the person or persons indicated, although they will be counted for purposes of determining whether there is a quorum.

Proposals 2, 3, 4 and 5. Approval of Proposals 2, 3, 4 and 5 requires the affirmative vote of a majority of the shares present at the meeting in person or by proxy and entitled to vote.

Routine and Non-Routine Matters

Proposal 2 (ratification of the appointment of Deloitte & Touche LLP as our independent auditors for 2011) is a routine matter under the New York Stock Exchange Rules. A broker or other nominee may vote in their discretion on behalf of clients that have not provided voting instructions.

Proposal 1 (election of directors), Proposal 3 (advisory vote on executive compensation), Proposal 4 (advisory vote on frequency of future advisory stockholder votes on executive compensation) and Proposal 5 (re-approval of the American Reprographics Company 2005 Stock Plan, as amended (the "Plan") for the purposes of Section 162(m) of the Internal Revenue Code) are non-routine matters under the New York Stock Exchange rules. This means that if your shares are held by your broker or other nominee in street name, and you do not provide your broker or other nominee with instructions on how to vote your shares, your broker or nominee will not be permitted to vote your shares on Proposals 1, 3, 4 and 5. This will result in broker non-votes.

Voting Shares Held in Street Name

If your shares are held by a broker or other nominee, you are considered the beneficial owner of shares held in street name. If your shares are held in street name, these proxy materials are being forwarded to you by your broker or nominee (the record holder), along with a voting instruction card. As the beneficial owner of shares held in street name, you have the right to instruct your broker or nominee how to vote your shares and your broker or

Table of Contents

nominee is required to vote your shares in accordance with your instructions. If you do not give instructions to your broker or nominee, your broker or nominee will nevertheless be entitled to vote your shares with respect to routine items, but will not be permitted to vote your shares with respect to non-routine items. See the item above entitled Routine and Non-Routine Matters for additional details on routine and non-routine matters.

As the beneficial owner of shares, you are invited to attend the meeting. If you are a beneficial owner, however, you may not vote your shares in person at the meeting unless you obtain a proxy form from the record holder of your shares.

Treatment of Abstentions, Withhold Votes and Broker Non-Votes

Abstentions and Withhold Votes. You may vote to abstain or withhold your vote on any of the matters to be voted on at the annual meeting. Abstentions and withhold votes will be treated as shares present for determining whether a quorum is present at the annual meeting. Abstentions and withhold votes will have no effect on the vote to elect our directors (Proposal 1), who are elected by a plurality of votes, but will be counted as votes against the ratification of the appointment of our independent auditors, the proposals regarding advisory, non-binding votes on executive compensation and frequency of future non-binding stockholder votes on executive compensation and re-approval of the Plan for the purposes of Section 162(m) of the Internal Revenue Code (Proposals 2, 3, 4 and 5).

Broker Non-Votes. Broker non-votes occur when a broker or other nominee is unable to vote on a non-routine item because of lack of instructions from the beneficial holder (or the holder in street name). Shares that are subject to broker non-votes will be treated as shares present for quorum purposes, but will not be counted for or against any particular proposal. If you do not provide your broker or nominee with instructions on how to vote your shares held in street name, your broker or nominee will not be permitted to vote your shares on non-routine items. Under the rules of the New York Stock Exchange, Proposals 1, 3, 4 and 5 are non-routine items and Proposal 2 is a routine item. Your broker or nominee is not entitled to vote your shares on Proposals 1, 3, 4 and 5 without specific instructions from you on how to vote. Your broker or nominee is entitled, however, to vote your shares on Proposal 2 without your instructions. **If you are the beneficial owner of ARC shares, we strongly encourage you to provide instructions to your broker regarding the voting of your shares.**

Voting Instructions

If you properly complete and sign the accompanying proxy card and return it in the enclosed envelope, it will be voted in accordance with your instructions. By doing so, you are authorizing the individuals listed on the proxy card to vote your shares in accordance with your instructions. The enclosed envelope requires no additional postage if mailed in either the United States or Canada.

If you are a record holder, and attend the meeting in person, you may deliver your completed proxy card in person at the meeting. Additionally, we will pass out written ballots to record holders who wish to vote in person at the meeting. If you attend the annual meeting, please bring the enclosed proxy card or proof of identification. If you are the beneficial holder of shares held in street name, and you wish to vote at the meeting, you will need to obtain a proxy, executed in your favor, from your broker or other nominee and bring it with you to the meeting.

If your shares are held in street name, you may be able to vote your shares electronically by telephone or on the internet. A large number of banks and brokerage firms participate in a program provided through Broadridge Financial Solutions, Inc. that offers telephone and internet voting options. If your shares are held in an account at a bank or brokerage firm that participates in such a program, you may vote those shares electronically by telephone or on the internet by following the instructions set forth on the voting form provided to you by your record holder.

Revoking your Proxy

If you are the record holder of your shares, you may revoke your proxy at any time before your shares are voted and change your vote:

by signing another proxy with a later date and delivering it prior to the annual meeting in accordance with the instructions set forth in this proxy statement;

Table of Contents

by giving written notice of your revocation to the corporate secretary of ARC prior to or at the meeting or by voting in person at the meeting; or

by attending the annual meeting and voting in person.

Your attendance at the meeting itself will not revoke your proxy unless you give written notice of revocation to our secretary before your proxy is voted or you vote in person at the meeting. Any written notice of revocation, or later dated proxy, should be delivered to:

American Reprographics Company
535 North Brand Boulevard, Suite 900
Glendale, California 91203
Attention: Jonathan R. Mather, Secretary

If your shares are held by a broker or other nominee, you must contact them in order to find out how to change your vote.

Tabulating Votes

Broadridge Financial Solutions, Inc. will tabulate and certify the votes. In addition, Broadridge Financial Solutions, Inc. will provide an inspector of elections at the annual meeting.

Solicitation of Proxies

ARC is soliciting the proxies and will bear the entire cost of this solicitation, including the preparation, assembly, printing and mailing of this proxy statement and any additional materials furnished to our stockholders. Copies of solicitation materials will be furnished to banks, brokerage houses and other agents holding shares in their names that are beneficially owned by others so that they may forward the solicitation materials to the beneficial owners. In addition, if asked, we will reimburse these persons for their reasonable expenses in forwarding the solicitation materials to the beneficial owners. We have asked banks, brokerage houses and other custodians, nominees and fiduciaries to forward all solicitation materials to the beneficial owners of the shares they hold of record.

Other Business

We know of no other business that will be presented at the meeting. If any other matter properly comes before the Company's stockholders for a vote at the meeting, the proxy holders will vote your shares in accordance with their best judgment.

PROPOSAL 1 ELECTION OF DIRECTORS

Nominees for Director

The board currently consists of seven directors, each of whom has been nominated to serve for a term of one year or until their successors are duly elected and qualified. Our board is not classified and thus all of our directors are elected annually.

Each of the nominees has consented to being named in this proxy statement and has agreed to serve as a member of the board if elected. The Company has no reason to believe that any nominee will be unable to serve. If a nominee is

unable to stand for election, the board may either reduce the number of directors to be elected or select a substitute nominee. If a substitute nominee is selected, the proxy holders will vote your shares for the substitute nominee, unless you have withheld authority to vote.

The affirmative vote of a plurality of the votes cast at the meeting is required to elect the seven director nominees listed below. This means that the seven nominees receiving the highest number of affirmative votes of the shares entitled to be voted for them will be elected as directors.

The following table sets forth, with respect to each nominee, his name, the year in which he first became a director of ARC, and his age as of March 1, 2011.

PROPOSAL 2 RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

Appointment of Auditors

Deloitte & Touche LLP (Deloitte) was appointed as our independent auditors for the fiscal year ended December 31, 2010 and has audited our financial statements for the 2010 fiscal year. The Audit Committee has appointed Deloitte to be our independent auditors for the fiscal year ending December 31, 2011. ARC stockholders are asked to ratify this appointment at the 2011 annual meeting. Representatives of Deloitte will be present at the meeting to respond to appropriate questions and to make a statement if they so desire.

Auditor Fees

A summary of the services provided by Deloitte, our independent auditors for the fiscal years ended December 31, 2010 and 2009, and fees billed for such services (in thousands), is as follows:

2010 2009

Edgar Filing: American Reprographics CO - Form DEF 14A

Audit fees ^(a)	\$ 900	\$ 800
Audit related fees ^(b)	143	88
Tax fees	12	
All other fees	350	
	\$ 1,405	\$ 888

Table of Contents

- (a) Consists of aggregate fees billed or expected to be billed for professional services rendered for the audit of our annual consolidated financial statements for the fiscal years ended December 31, 2010 and 2009, reviews of condensed consolidated financial statements in the Company's quarterly reports on Form 10-Q for the fiscal years ended December 31, 2010 and 2009.
- (b) Consists of aggregate fees billed or expected to be billed for assurance and related services reasonably related to the performance of the audit or review of the Company's financial statements for the fiscal years ended December 31, 2010 and 2009 and are not included in the audit fees listed above. This category includes fees related to accounting consultations, consultations concerning financial accounting and reporting standards, and audit services not required by statute or regulation.

Pre-Approval of Audit and Non-Audit Services

The Audit Committee has adopted a pre-approval policy governing the engagement of the Company's independent registered public accounting firm for all audit and non-audit services. The Audit Committee's pre-approval policy provides that the Audit Committee must pre-approve all audit services and non-audit services to be performed for the Company by its independent registered public accounting firm prior to their engagement for such services. The Audit Committee pre-approval policy establishes pre-approved categories of certain non-audit services that may be performed by the Company's independent registered public accounting firm during the fiscal year, subject to dollar limitations that may be set by the Audit Committee. Pre-approved services include certain audit related services, tax services and various non-audit related services. The term of any pre-approval is 12 months from the date of pre-approval, unless the Audit Committee specifically provides for a different period. The Audit Committee may delegate pre-approval authority to one or more of its members. The member(s) to whom such authority is delegated must report any pre-approval decisions to the Audit Committee at its next meeting. One hundred percent of the services provided by Deloitte during 2010 and 2009 were approved by the Audit Committee in accordance with the pre-approval procedures described above.

Under Company policy and/or applicable rules and regulations, the independent registered public accounting firm is prohibited from providing the following types of services to the Company: (1) bookkeeping or other services related to the Company's accounting records or financial statements, (2) financial information systems design and implementation, (3) appraisal or valuation services, fairness opinions or contribution-in-kind reports, (4) actuarial services, (5) internal audit outsourcing services, (6) management functions, (7) human resources, (8) broker-dealer, investment advisor or investment banking services, and (9) legal services.

The Audit Committee has sole authority to appoint ARC's independent auditors for fiscal year 2011 pursuant to the terms of the Audit Committee Charter. Accordingly, stockholder approval is not required to appoint Deloitte as ARC's independent auditors for fiscal year 2011. The board believes, however, that submitting the appointment of Deloitte to the stockholders for ratification is a matter of good corporate governance. If the stockholders do not ratify the appointment of Deloitte, the Audit Committee will review its future selection of independent auditors.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE RATIFICATION OF DELOITTE & TOUCHE LLP AS ARC'S INDEPENDENT AUDITORS FOR FISCAL YEAR 2011

PROPOSAL 3 ADVISORY, NON-BINDING VOTE ON EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act (the Dodd-Frank Act), which was enacted in 2010, requires U.S. public companies to propose an advisory, non-binding stockholder vote on executive compensation.

The Company has designed its executive compensation program to attract, motivate, reward and retain our senior executives in order to achieve our corporate objectives and increase long-term stockholder value. We believe that our executive compensation program is focused on a pay-for-performance philosophy and is thus aligned with long-term stockholder interests. The Compensation Discussion and Analysis section, beginning on page 24 of this

Table of Contents

proxy statement, describes the Company's executive compensation program in greater detail. In particular, stockholders should note the following goals of the Company's executive compensation program:

To establish pay levels that attract, retain and motivate highly qualified executive officers, taking into account overall market competition for such talent;

To foster an ownership mentality and align the interests of our executive officers with those of our stockholders through long-term equity incentives;

To recognize and reward superior individual performance;

To balance base and incentive compensation to complement our short-term and long-term business objectives and encourage the fulfillment of those objectives through individual performance; and

To provide compensation opportunities based on the Company's performance.

For the reasons stated above, we are requesting approval, in a non-binding vote, of the following resolution:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to the compensation rules of the United States Securities and Exchange Commission, including in the Compensation Discussion and Analysis, the compensation tables and the related narrative discussion contained in the Company's 2011 Proxy Statement, is approved.

The stockholder vote on Proposal 3 is advisory in nature and, thus, is not binding on the Company. The Compensation Committee, however, values the views expressed by the Company's stockholders in their vote on this proposal and will consider the outcome of the vote when making future compensation decisions for the Company's executive officers.

**THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR
THE APPROVAL OF THE COMPENSATION OF OUR EXECUTIVE OFFICERS DISCLOSED IN THE
COMPENSATION DISCUSSION AND ANALYSIS AND RELATED DISCLOSURES
IN THE 2011 PROXY STATEMENT**

**PROPOSAL 4
ADVISORY, NON-BINDING VOTE ON THE FREQUENCY OF STOCKHOLDER VOTES ON
EXECUTIVE COMPENSATION**

As described in Proposal 3 above, the Company is providing its stockholders with the opportunity to cast a non-binding, advisory vote on executive compensation in accordance with the requirements of the Dodd-Frank Act. Proposal 4 provides stockholders with the opportunity to cast a non-binding, advisory vote on how often the Company should include advisory stockholder votes on executive compensation in its proxy materials for future annual stockholder meetings. Under Proposal 4, stockholders may vote to have an advisory vote on executive compensation every year, every two years or every three years.

The Company believes that stockholder advisory votes on executive compensation should be conducted every three years for the following reasons:

Providing for an advisory vote on executive compensation every three years would permit stockholders, management and the Compensation Committee to evaluate the effectiveness of our executive compensation program on long-term Company performance.

The three-year approach would allow stockholders to engage in more thoughtful analysis and voting by allowing more time between votes.

A three-year cycle will provide management and the Compensation Committee sufficient time to thoughtfully respond to stockholders' views, to implement any necessary and appropriate changes to our executive compensation program and to evaluate the results of such changes before the next stockholder advisory vote.

Table of Contents

In considering their votes, stockholders may wish to review the information presented in connection with Proposal 3 and the Compensation Discussion and Analysis section, beginning on page 24 of this proxy statement, which describes the Company's executive compensation program in greater detail.

The stockholder vote on Proposal 4 is advisory in nature and, thus, is not binding on the Company. The Company, however, values the views expressed by the Company's stockholders in their vote on this proposal and will consider the outcome of the vote when making its decision on how frequently it will conduct advisory stockholder votes on executive compensation at future annual stockholder meetings.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR A THREE YEAR FREQUENCY OF THE ADVISORY, NON-BINDING VOTE ON EXECUTIVE COMPENSATION

PROPOSAL 5

RE-APPROVAL OF THE AMERICAN REPROGRAPHICS COMPANY 2005 STOCK PLAN FOR THE PURPOSES OF SECTION 162(M) OF THE INTERNAL REVENUE CODE

Background

Stockholders approved the Plan prior to the completion of our initial public offering in 2005. The Plan requires stockholder re-approval this year to retain deductibility under Section 162(m) of the Internal Revenue Code (the Code) for benefits paid under the Plan.

The Board believes restricted stock, stock appreciation rights and other stock-based incentives play an important role in retaining the services of outstanding personnel and in encouraging such individuals to have a greater financial investment in the Company. The Company adopted the Plan effective February 2005 and terminating February 2015, unless the Board terminates it earlier or extends it with stockholder approval. The Board has, in the past, approved non-material amendments to the Plan that include:

providing that non-discretionary grants of restricted stock awards with fair market values of fifty thousand dollars (\$50,000) will be provided to non-employee directors at each annual meeting, such awards to vest twelve (12) months after such annual meeting; and

clarifying the definition of fair market value.

We are not seeking to change the termination date in the Plan. A summary of the Plan's material features are set forth below. The complete text of the Plan, as amended, is set forth in Appendix A to this proxy statement. The summary of the Plan set forth below is qualified in its entirety by reference to Appendix A.

Summary of the Plan

Shares and Plan Benefits. As of December 31, 2010, out of a total of 6,500,000 shares reserved for issuance under the Plan, 2,811,705 remained available for grant. Currently there are 164 participants in the Plan. Because awards under the Plan are granted at the discretion of the Compensation Committee, it is not possible for us to determine the amount of future awards that may be granted to the executive officers listed in the Summary Compensation Table of this proxy statement or to any other potential plan participants. As of December 31, 2010, the following types of grants were outstanding under the Plan:

Edgar Filing: American Reprographics CO - Form DEF 14A

	All participants	All executive officers	All directors (not executive officers)	All employees
Incentive stock options				
Nonstatutory stock options	2,156,922	662,858	75,047	1,973,875
Restricted stock awards	542,399	133,757	103,692	438,707

Type of Awards. The Plan provides for the discretionary grant of incentive stock options (within the provisions of Section 422 of the Internal Revenue Code) to employees, including officers and employee directors, and for the discretionary grant of nonstatutory stock options, stock appreciation rights, restricted stock awards, and

Table of Contents

restricted stock unit awards to employees, directors and consultants. No person may be granted options or stock appreciation rights under the Plan covering more than 500,000 shares of common stock in any calendar year.

Reservation of Shares. The total shares of common stock currently reserved and authorized for issuance under the Plan equals 2,811,705 shares of common stock. The board may elect to increase, with stockholder approval, or reduce the number of additional shares authorized in any given year. In the event of a stock split or other alteration in our capital structure, appropriate adjustments will be made to the authorized shares and outstanding awards to prevent dilution or enlargement of participants' rights.

Administration. Our Compensation Committee, which generally administers the Plan, has the authority to determine the terms of the options, restricted stock, and restricted stock units, or stock appreciation rights granted, including the exercise price of the option or purchase price for a restricted stock grant or restricted stock unit; the number of shares subject to each option or restricted stock grant or the number of restricted stock units or stock appreciation rights; the vesting and exercise forms of each award; and the form of consideration payable upon the exercise of each option or stock purchase right.

Nonassignability. Generally, options, restricted stock or other awards granted under the Plan are not transferable by the participant, and each option is exercisable during the lifetime of the participant and only by such participant.

Stock Options. The exercise price of nonstatutory stock options and stock purchase rights granted under the Plan is determined by the compensation committee. With respect to nonstatutory stock options, the exercise price must be at least equal to the fair market value of our common stock on the date of grant. The exercise price of all incentive stock options must be at least equal to the fair market value of the common stock on the date of grant. With respect to any participant who owns stock possessing more than 10% of the voting power of all classes of our outstanding capital stock, the exercise price of any incentive stock option granted must be at least equal to 110% of the fair market value on the grant date and the term of such incentive stock option must not exceed five years. The term of all other options granted under the Plan may not exceed 10 years. Options granted under the Plan vest at the rate specified in the option agreement. Unless the terms of an optionholder's stock option agreement provide for earlier or later termination, if an optionholder's service with us, or any affiliate of ours, ceases due to disability or death, the optionholder, or his or her beneficiary, may exercise any vested options up to 12 months, or 18 months in the event of death, after the date such service ends. If an optionholder's service with us, or any affiliate of ours, ceases without cause for any reason other than disability or death, the optionholder may exercise any vested options up to three months from cessation of service, unless the terms of the stock option agreement provide for earlier or later termination. If an optionholder's service with us, or any affiliate of ours, ceases with cause, the option will terminate at the time such service ceases. In no event may an option be exercised after its expiration date.

Restricted Stock Awards. Restricted stock awards granted under the Plan may be either in the form of a restricted stock purchase right, giving the participant a right to immediately purchase common stock, or in the form of a restricted stock award, for which the participant will be required to furnish consideration in the form of services to us (in consideration for past services to us). The purchase price shall be equal to the fair market value of the common stock on the date of grant. Restricted stock awards may be subject to vesting conditions based upon such services to be rendered as specified by the committee, and the shares acquired may not be transferred by the participant until vested. If a restricted stock award recipient's service with us, or any affiliate of ours, terminates, we may reacquire all of the shares of our common stock issued to the recipient pursuant to a restricted stock award which have not vested as of the date of termination. Participants holding restricted stock will be permitted to vote the shares and receive any dividends paid in cash.

Restricted Stock Units. Restricted stock units granted under the Plan represent a right to receive payment for units in the form of cash or shares of our common stock at a future date determined in accordance with the participant's award

agreement. The consideration for a restricted stock unit award may be payable in any form permitted under applicable laws. Restricted stock unit awards shall be granted subject to vesting conditions as determined by the compensation committee. Participants have no voting rights or rights to receive cash dividends with respect to restricted stock unit awards until shares of common stock are issued in settlement of such awards. However, the compensation committee may grant restricted stock units that entitle their holders to receive dividend equivalents, which are rights to receive additional restricted stock units for a number of shares whose value is equal

Table of Contents

to any cash dividends we pay. If a restricted stock unit award recipient's service with us, or any affiliate of ours, terminates, any unvested portion of the restricted stock unit award is forfeited upon the recipient's termination of service.

Stock Appreciation Rights. A stock appreciation right provides a participant the right to receive the appreciation in the fair market value of our common stock between the date of grant of the award and the date of its exercise. The appreciation is payable in shares of our common stock. Stock appreciation rights vest and become exercisable at the times and on the terms established by the compensation committee. The maximum term of any stock appreciation right is 10 years. If a stock appreciation right recipient's service with us, or any affiliate of ours, ceases for any reason, the recipient may exercise any vested stock appreciation right up to three months from cessation of service, unless the terms of the stock appreciation right agreement provide for earlier or later termination.

Non-Employee Director Awards. At our annual meeting of stockholders, each non-employee director automatically receives a restricted stock award with a fair market value, as determined by the closing sales price for the stock as quoted on the NYSE on the date of determination, equal to \$50,000, which award will vest twelve months after the date of the meeting, subject to continuous service.

Corporate Transactions and Change in Control. In the event of certain corporate transactions, the surviving entity may assume all stock-based awards outstanding under the Plan or substitute substantially equivalent awards. If the surviving entity elects not to assume or substitute for all such awards, then with respect to stock-based awards held by persons providing us or any of our affiliates service, the vesting (and, if applicable, the time during which the award may be exercised) will be accelerated in full. Stock awards will terminate if not exercised (if applicable) before the effective time of the corporate transaction. In addition, the relevant award agreement may accelerate the vesting and settlement of any award upon a change in control.

Amendment and Termination. The Plan provides that it will continue in effect until the tenth anniversary of its approval by the board of directors or our stockholders, whichever is earlier, unless earlier terminated by the board of directors. The board of directors may amend, suspend or terminate the Plan at any time, provided that without stockholder approval, the plan cannot be amended to increase the number of shares authorized, change the class of persons eligible to receive incentive stock options or effect any other change that would require stockholder approval under any applicable law or listing rule. Amendment, suspension or termination of the Plan may not adversely affect any outstanding award without the consent of the participant, unless such amendment, suspension or termination is necessary to comply with applicable laws, regulations or rules.

Federal Income Tax Considerations

The following is a summary of the material federal tax consequences of receiving options under the Plan and is based upon an analysis of the present provisions of the Code and the regulations promulgated thereunder, all of which are subject to change. A participant may also be subject to state and local taxes, the consequences of which are not discussed herein, in the jurisdiction in which he or she works and/or resides. This summary is for general information and is not tax advice.

Nonstatutory Stock Options. The grant of a nonstatutory stock option under the Plan will not result in any federal income tax consequences to the participant or to the Company. Upon exercise of a nonstatutory stock option, the participant is subject to income taxes at the rate applicable to ordinary compensation income on the difference between the option exercise price and the fair market value of the shares on the date of exercise. The Company is entitled to an income tax deduction in the amount of the income recognized by the participant, subject to possible limitations imposed by Section 162(m) of the Code and the participant's total compensation is deemed reasonable in amount. Any gain or loss on the participant's subsequent disposition of the shares of common stock will receive long-

or short-term capital gain or loss treatment, depending on whether the shares are held for more than one year following exercise. The Company does not receive a tax deduction for any such gain.

Incentive Stock Options. The grant of an incentive stock option under the Plan will not result in any federal income tax consequences to the participant or to the Company. A participant recognizes no federal taxable income upon exercising an incentive stock option (subject to the alternative minimum tax rules discussed below), and the

Table of Contents

Company receives no deduction at the time of exercise. In the event of a disposition of stock acquired upon exercise of an incentive stock option, the tax consequences depend upon how long the participant has held the shares of Common Stock. If the participant does not dispose of the shares either within two years after the incentive stock option was granted, or within one year after the incentive stock option was exercised, the participant will recognize a long-term capital gain (or loss) equal to the difference between the sale price of the shares and the exercise price. The Company is not entitled to any deduction under these circumstances.

If the participant fails to satisfy either of the foregoing holding periods, he or she must recognize ordinary income in the year of the disposition (referred to as a disqualifying disposition). The amount of such ordinary income generally is the lesser of (1) the difference between the amount realized on the disposition and the exercise price or (2) the difference between the fair market value of the stock on the exercise date and the exercise price. Any gain in excess of the amount taxed as ordinary income will be treated as a long- or short-term capital gain, depending on whether the stock was held for more than one year. The Company, in the year of the disqualifying disposition, is entitled to a deduction equal to the amount of ordinary income recognized by the participant, subject to possible limitations imposed by Section 162(m) of the Code and the participant's total compensation is deemed reasonable in amount.

The spread under an incentive stock option (i.e., the difference between the fair market value of the shares at exercise and the exercise price) is classified as an item of adjustment in the year of exercise for purposes of the alternative minimum tax. If a participant's alternative minimum tax liability exceeds such participant's regular income tax liability, the participant will owe the larger amount of taxes. In order to avoid the application of alternative minimum tax with respect to incentive stock options, the participant must sell the shares within the same calendar year in which the incentive stock options are exercised. However, such a sale of shares within the same year of exercise will constitute a disqualifying disposition, as described above.

Restricted Stock. The grant of restricted stock will subject the recipient to ordinary compensation income on the difference between the amount paid for such stock and the fair market value of the shares on the date that the restrictions lapse. The Company is entitled to an income tax deduction in the amount of the ordinary income recognized by the recipient, subject to possible limitations imposed by Section 162(m) of the Code and the participant's total compensation is deemed reasonable in amount. Any gain or loss on the recipient's subsequent disposition of the shares will receive long- or short-term capital gain or loss treatment depending on how long the stock has been held since the restrictions lapsed. The Company does not receive a tax deduction for any such gain.

Recipients of restricted stock may make an election under Section 83(b) of the Code to recognize as ordinary compensation income in the year that such restricted stock or performance shares are granted, the amount equal to the spread between the amount paid for such stock and the fair market value on the date of the issuance of the stock. If such an election is made, the recipient recognizes no further amounts of compensation income upon the lapse of any restrictions and any gain or loss on subsequent disposition will be long- or short-term capital gain to the recipient. The Section 83(b) election must be made within thirty days from the time the restricted stock is issued.

Stock Appreciation Rights. Recipients of stock appreciation rights (each, a SAR) generally should not recognize income until the SAR is exercised. Upon exercise, the participant will normally recognize taxable ordinary compensation income equal to the amount of cash and fair market value of the shares, if any, received upon such exercise. Participants will recognize gain upon the disposition of any shares received on exercise of an SAR equal to the excess of (1) the amount realized on such disposition over (2) the ordinary income recognized with respect to such shares under the principles set forth above. That gain will be taxable as long- or short-term capital gain depending on whether the shares were held for more than one year.

The Company will be entitled to a tax deduction to the extent and in the year that ordinary income is recognized by the participant, subject to possible limitations imposed by Section 162(m) of the Code and the participant's total

compensation is deemed reasonable in amount.

Restricted Stock Units. Generally, there are no immediate tax consequences of receiving an award of restricted stock units under the Plan, provided the restricted stock units are subject to a substantial risk of forfeiture. Upon vesting of the restricted stock units, a participant will recognize ordinary income in an amount equal to the value of the fair market value of Company stock on the date shares are issued. If the Company complies with

Table of Contents

applicable reporting requirements and, if applicable, with the restrictions of Section 162(m) of the Code, the Company generally will be entitled to an income tax deduction in the same amount and generally at the same time as the participant recognizes ordinary income.

The Company will be entitled to a tax deduction to the extent and in the year that ordinary income is recognized by the participant, subject to possible limitations imposed by Section 162(m) of the Code and the participant's total compensation is deemed reasonable in amount.

Dividends and Dividend Equivalents. Recipients of stock-based awards that earn dividends or dividend equivalents will recognize taxable ordinary income on any dividend payments received with respect to unvested and/or unexercised shares subject to such awards. The Company is entitled to an income tax deduction in the amount of the income recognized by a participant, subject to possible limitations imposed by Section 162(m) of the Code and the individual's total compensation is deemed reasonable in amount.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE RE-APPROVAL OF THE AMERICAN REPROGRAPHICS COMPANY 2005 STOCK PLAN FOR THE PURPOSES OF SECTION 162(M) OF THE INTERNAL REVENUE CODE

CORPORATE GOVERNANCE

We are committed to good corporate governance practices. As such, we have adopted the American Reprographics Company Corporate Governance Guidelines to enhance the effectiveness of our corporate governance practices. A copy of our Corporate Governance Guidelines can be accessed on our website, www.e-arc.com, by clicking on the Investors link at the top of the page and then selecting Corporate Governance from the Investors webpage. You can request a printed copy of our Corporate Governance Guidelines, at no charge, by contacting Investor Relations at 925-949-5100 or by sending a request by mail to 1981 North Broadway, Suite 385, Walnut Creek, California 94596, Attention: David Stickney, Vice President Corporate Communications.

Our Corporate Governance Guidelines govern, among other things, board member responsibilities, committees, compensation, access, education, management succession, and performance evaluation. The guidelines also set forth a non-exhaustive list of director qualification standards and the factors to be considered in making nominations to the board. While the selection of qualified directors is a complex, subjective process that requires consideration of many factors, our Corporate Governance Guidelines provide that the Nominating and Corporate Governance Committee will take into account the judgment, experience, skills and personal character of any candidate, as well as the overall needs of the board, in considering board candidates. Additional information on this process is set forth below in the section entitled Director Qualifications.

We have adopted a Code of Conduct applicable to all employees, officers and directors, including our President and Chief Executive Officer and our Chief Financial Officer, which meets the definition of a code of ethics set forth in Item 406 of Regulation S-K of the Securities Exchange Act of 1934, as amended (Exchange Act). A copy of our Code of Conduct can be accessed on our website, www.e-arc.com, by clicking on the Investors link at the top of the page and then selecting Corporate Governance from the Investors webpage. We will post any amendments to the Code of Conduct, and any waivers that are required to be disclosed by the rules of either the United States Securities and Exchange Commission (SEC) or the New York Stock Exchange (NYSE), on our internet site.

Director Independence

Under our Corporate Governance Guidelines, independent directors must comprise a majority of our board. Our board has adopted the independence requirements under the NYSE rules and evaluates the independence of our directors

annually, and at other appropriate times (e.g., in connection with a change in employment status) when a change in circumstances could potentially impact the independence of one or more directors.

Table of Contents

Under NYSE rules, a director is independent if the board affirmatively determines that he or she currently has no direct or indirect material relationship with the Company or any of its consolidated subsidiaries. In addition, a director must meet each of the following standards to be considered independent under NYSE rules:

The director is not and has not been an employee of the Company, and no member of the director's immediate family is or has served as an executive officer of the Company or any of its consolidated subsidiaries, during the last three years.

Neither the director nor any member of the director's immediate family has received more than \$120,000 in direct compensation from the Company or any of its consolidated subsidiaries (excluding director and committee fees, pensions or deferred compensation for prior service, provided such compensation is not contingent in any way on continued service) during any 12-month period within the last three years.

The director: (i) is not, and does not have an immediate family member that is a current partner of a firm that is the Company's, or any of its consolidated subsidiaries', internal or external auditor; (ii) is not a current employee of such external audit firm; (iii) does not have an immediate family member who is a current employee of such external audit firm and personally works on the Company's, or any of its consolidated subsidiaries', audit; and (iv) was not, and does not have an immediate family member that was, within the last three years (but is no longer) a partner or employee of such external audit firm who personally worked on the Company's, or any of its consolidated subsidiaries', audit within that time.

Neither the director nor any member of the director's immediate family is or has been employed within the last three years as an executive officer of any company whose compensation committee, or the compensation committee of any of its consolidated subsidiaries, includes or included an executive officer of the Company.

The director is not a current employee of, and does not have an immediate family member who is a current executive officer of, another company that has made payments to, or has received payments from, the Company or any of its consolidated subsidiaries, for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million or 2% of the consolidated gross revenues of such other company.

In determining whether a material relationship exists between the Company and each director, the board broadly considers all relevant facts and circumstances, including:

The nature of any relationships with the Company.

The significance of the relationship to the Company, the other organization and the individual director.

Whether or not the relationship is solely a business relationship in the ordinary course of the Company's and the other organization's businesses and does not afford the director any special benefits.

Any commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships, and such other criteria as the board may determine from time to time.

If a proposed director serves as an executive officer, director or trustee of a tax exempt organization, whether contributions from the Company, or any of its consolidated subsidiaries, to such tax exempt organization in any of the last three fiscal years are less than the greater of (i) \$1 million or (ii) 2% of the consolidated gross revenues of such tax exempt organization for its last completed fiscal year.

Pursuant to our Corporate Governance Guidelines, all members of the Audit Committee must also meet the following requirements:

Director's fees are the only compensation that members of the Audit Committee may receive from the Company or any of its subsidiaries. Audit Committee members may not receive, directly or indirectly, any consulting, advisory or other compensatory fees from the Company or any of its subsidiaries (other than director fees paid for service on the Audit Committee, the board, or any other committee of the board).

No member of the Audit Committee may be an affiliated person (as defined under applicable SEC rules) of the Company, or any of its subsidiaries.

Table of Contents

After considering the policies in our Corporate Governance Guidelines and the NYSE independence standards, the board has determined that, in its judgment, all of our current directors are independent, except for Mr. Suriyakumar who is our President and Chief Executive Officer. The board also determined that all members of the Audit Committee, the Nominating and Corporate Governance Committee and the Compensation Committee are independent.

Director Qualifications

Our Nominating and Corporate Governance Committee is responsible for identifying qualified individuals that may become members of our board of directors and recommending to the board director nominees for our annual meetings of stockholders and nominees to fill any vacancies that may occur on the board. In the context of the selection process, the Nominating and Corporate Governance Committee takes into consideration those factors it considers appropriate to ensure an effective board of directors that is able to fulfill its oversight function for the Company and its stockholders. While the Nominating and Corporate Governance Committee has not established an exhaustive list of specific minimum qualifications for board members, desired personal qualifications and attributes of directors include mature, practical and sound judgment; independence necessary to make an unbiased evaluation of management's performance and effectively carry out oversight responsibility; experience as a business leader; the ability to comprehend and analyze complex matters; strong personal and professional ethics and integrity; and a spirit of cooperation and collegiality that will enable our directors to interact effectively.

Each nominee named in this proxy statement possesses the characteristics described above. Our directors possess extensive leadership experience from various industry sectors, as well as experience on other boards of directors, which, collectively, provides an understanding of different business processes, challenges and strategies. The diverse background and experiences of our directors (as described in the biographical information set forth under "Proposal 1 Election of Directors") complement one another and provide a solid leadership framework required for the board to exercise its oversight function.

Board Diversity

The Company strives for diversity among its board members, management and employees. In keeping with this strategy, the primary goal of ARC board composition is to achieve a diverse and complementary set of background and experiences that will benefit the strategic direction of the Company. In considering director nominees, the Nominating and Corporate Governance Committee takes into consideration those factors it considers appropriate to address the needs and situation of the Company at the time. While the Nominating and Corporate Governance Committee does not have a formal policy regarding diversity, in practice, the Committee carefully considers the nominees' differences in background, education and overall skill set in order to ensure complementary perspectives and areas of expertise. This approach is demonstrated by the fact that our board is currently comprised of directors with diverse professional experiences, including individuals from the construction industry, financial and services sectors and the entertainment industry. The diverse backgrounds and experiences of our current directors are described in the biographical information included under "Proposal 1 Election of Directors."

Board Leadership Structure and Risk Oversight

Board Leadership Structure

Our board is currently comprised of six independent directors and one employee director. Mr. Suriyakumar has served as our President and Chief Executive Officer since June 2007 and the chairman of our board of directors since July 2008. We believe that our current board leadership structure is appropriate for the Company because it allows for

common, strong leadership, with one individual having primary responsibility for both board-level and operational matters. This structure eliminates the potential for confusion, promotes efficiency and provides clear leadership for the Company, which is appropriate for our company which has widespread domestic and international operations.

Our board has designated one of our independent directors to serve as lead independent director. The lead independent director chairs regularly-scheduled executive sessions of the independent directors without management present; serves as the primary point of contact between members of management and the board, which

Table of Contents

facilitates communications and promotes efficiency; and performs such other functions as the independent directors may designate from time to time. Mr. McCluggage currently serves as the lead independent director.

Risk Oversight

Senior management is responsible for assessing and managing the Company’s exposure to risk on a day-to-day basis. Our board is responsible for general oversight of management in its assessment and management of day-to-day risks that affect the Company. The board fulfills its general risk oversight function periodically during board meetings and meetings of board committees. To supplement the board’s general risk oversight function, the Audit Committee monitors the Company’s financial statements and regularly reviews the Company’s major financial risk exposures (and the steps management has taken to manage such exposures) and the Company’s internal controls over financial reporting. The Audit Committee also provides general oversight to the Company’s internal audit and compliance functions. The Compensation Committee monitors the design and implementation of the Company’s executive compensation program, as well as compensation matters relating to certain non-executive employees. Although the board has established separate board committees, all board members are generally present at each board committee meeting, which facilitates dissemination of information and fulfillment of the board’s overall risk oversight function.

Director Attendance at Annual Meeting and Board and Committee Meetings

All of the members of the board of directors who were standing for re-election attended our 2010 annual meeting of stockholders. Although we do not have a formal policy regarding the attendance of board members at our annual meetings of stockholders, we encourage the members of the board to attend.

In 2010, each board member attended or participated in 75% or more of the aggregate of (i) the total number of board meetings (held during the period for which such person has been a director) and (ii) the total number of meetings held by all board committees on which such person served (during the periods that such person served), with the exception of Mr. McNulty.

Board Meetings

Our board of directors held five board meetings and took action by unanimous written consent without a meeting on two occasions in 2010.

Board Committees

Currently, the committees of the board include an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee. Committee memberships are as follows:

The functions of our Audit Committee are described in the Audit Committee Charter and include, among other things the following: (i) reviewing the adequacy of our system of internal accounting controls; (ii) reviewing the

Table of Contents

results of the independent registered public accounting firm's annual audit, including any significant adjustments, management judgments and estimates, new accounting policies and disagreements with management; (iii) reviewing our audited financial statements and discussing the statements with management; (iv) reviewing disclosures by our independent registered public accounting firm concerning relationships with the Company and the performance of our independent registered public accounting firm and annually recommending the independent registered public accounting firm; and (v) preparing such reports or statements as may be required by securities laws. The Audit Committee Charter provides that the Audit Committee shall meet as often as it determines advisable but no less frequently than quarterly.

The members of our Audit Committee are Eriberto R. Scocimara, Mark W. Mealy and Manuel Perez de la Mesa. Our board of directors has determined that all members of our Audit Committee meet the applicable tests for independence and the requirements for financial literacy that are applicable to audit committee members under the rules and regulations of the SEC and NYSE. Our board of directors also has determined that Mr. Scocimara is an audit committee financial expert as defined by the applicable rules of the SEC and NYSE, as a result of his substantial familiarity and experience with the use and analysis of financial statements of public companies. For more than 39 years, Mr. Scocimara has served in various positions in which he analyzed financial statements in connection with corporate management, financial consulting, acquisition and development of manufacturing companies, and operational restructuring. Mr. Scocimara has also served as audit committee chair for Roper Industries, Inc., Carlisle Companies Incorporated, each a publicly-traded company, and Quaker Fabric Company, formerly a publicly-traded company. Our board of directors has also determined that Mark W. Mealy is an audit committee financial expert as defined by the applicable rules of the SEC and NYSE, as a result of his substantial familiarity and experience with the use and analysis of financial statements of public companies. For the last 19 years, Mr. Mealy has served in various positions in which he analyzed financial statements in connection with the refinance, recapitalization and restructure of debt and equity securities and the evaluation of mergers and acquisitions. Stockholder Recommendations of Director Nominees

Our stockholders may recommend director nominees, and the Nominating and Corporate Governance Committee will consider nominees recommended by stockholders. We have not received any recommendations from our stockholders requesting that the board or any of its committees consider a nominee for inclusion in the board's slate of nominees presented in this proxy statement for our 2011 annual meeting. A stockholder wishing to submit a director nominee recommendation for future annual meetings of stockholders must comply with the applicable provisions of our Second Amended and Restated Bylaws, as described under the heading Stockholder Proposals for the 2012 Annual Meeting. Nominees recommended by stockholders will be evaluated in the same manner as nominees recommended by the board and the Nominating and Corporate Governance Committee will consider all relevant qualifications, as well as the needs of the Company, in order to comply with NYSE listing standards and SEC rules.

Stockholder Communications with Directors

Stockholders seeking to communicate with the board should send correspondence to the attention of our corporate secretary at American Reprographics Company, 535 North Brand Boulevard, Suite 900, Glendale, California 91203. The corporate secretary will forward all such communications (excluding routine advertisements and business solicitations and communications which the corporate secretary, in his sole discretion, deems to be a security risk or for harassment purposes) to each member of the board, or if applicable, to the individual director(s) named in the correspondence.

ARC reserves the right to screen materials sent to its directors for potential security risks and/or harassment purposes, and ARC also reserves the right to verify ownership status before forwarding stockholder communications to the board and/or individual directors.

The corporate secretary will determine the appropriate timing for forwarding stockholder communications to the directors. The corporate secretary will consider each communication to determine whether it should be forwarded promptly or compiled and sent with other communications and other board materials in advance of the next scheduled board meeting.

If a stockholder or other interested person seeks to communicate exclusively with the non-employee directors, such communication should be sent directly to the corporate secretary who will forward any such communication directly to the Chairman of the Nominating and Corporate Governance Committee. The corporate secretary will first consult with and receive the approval of the Chairman of the Nominating and Corporate Governance Committee before disclosing or otherwise discussing the communication with members of management or directors who are members of management.

Table of Contents**DIRECTOR COMPENSATION****Cash Compensation**

We pay an annual cash fee of \$40,000 to each of our non-employee directors, payable quarterly. In addition, non-employee directors receive \$5,000 cash per year for duties as chairman of any committee of our board of directors.

Equity Compensation

In addition to cash fees, effective as of our 2007 annual meeting of stockholders, we implemented a practice of granting each non-employee director a restricted stock award under our Plan for that number of shares of our common stock having an aggregate grant date value equal to \$60,000, based on the closing price of our common stock on the NYSE on the date of grant. In light of the general economic downturn in 2009, the value of the equity compensation of our non-employee directors was reduced, effective as of our 2009 annual meeting of stockholders, from \$60,000 to \$50,000 aggregate grant date value. Grants of restricted stock to our non-employee directors are made automatically each year on the date of our annual meeting of stockholders, without any further action of our board of directors, and compensates each non-employee director for his or her service since the later of (a) the last preceding annual meeting of stockholders, or (b) the date on which he or she was elected or appointed for the first time to be a director. Each restricted stock award granted to our non-employee directors during fiscal year 2007 vested at the rate of 1/12th per month of continuous service by the director. Each restricted stock award granted to our non-employee directors during each fiscal year beginning in 2008 vests 100% on the one-year anniversary of the grant date.

Reimbursements

We reimburse our employee and non-employee directors for reasonable travel expenses relating to attendance at our board meetings and participating in director continuing education.

The following table summarizes compensation earned by our non-employee directors during fiscal year 2010. Mr. Suriyakumar, the Chairman of our board of directors, and our President and Chief Executive Officer, does not receive compensation for serving on our board of directors.
