PROXY STATEMENT

March 24, 2011

SOLICITATION AND REVOCATION OF PROXIES

This Proxy Statement is furnished to shareholders of The Gorman-Rupp Company in connection with the solicitation by the Board of Directors of the Company of proxies for use at the Annual Meeting of the Shareholders to be held at the Company's Corporate Headquarters, 600 South Airport Road, Mansfield, Ohio, at 10:00 a.m., Eastern Daylight Time, on Thursday, April 28, 2011. Holders of Common Shares of record at the close of business on March 9, 2011 are the only shareholders entitled to notice of and to vote at the Meeting.

A shareholder, without affecting any vote previously taken, may revoke his proxy by the execution and delivery to the Company of a later proxy with respect to the same shares, or by giving notice to the Company in writing or in open meeting. The presence at the Meeting of the person appointing a proxy does not in and of itself revoke the appointment.

OUTSTANDING SHARES AND VOTING RIGHTS

As of March 9, 2011, the record date for the determination of persons entitled to vote at the Meeting, there were 16,788,535 Common Shares outstanding. Each Common Share is entitled to one vote.

The mailing address of the principal executive offices of the Company is 600 South Airport Road, Mansfield, Ohio 44903. This Proxy Statement and accompanying proxy are being mailed to shareholders on or about March 24, 2011.

If notice in writing is given by any shareholder to the President, a Vice President or the Secretary of the Company, not less than 48 hours before the time fixed for the holding of the Meeting, that such shareholder desires that the voting for the election of Directors be cumulative, and if announcement of the giving of such notice is made upon the convening of the Meeting by the Chairman or Secretary or by or on behalf of the shareholder giving such notice, each shareholder shall have the right to cumulate such voting power as he possesses at such election. Under cumulative voting, a shareholder controls voting power equal to the number of votes which he otherwise would have been entitled to cast multiplied by the number of Directors to be elected. All of such votes may be cast for a single nominee or may be distributed among any two or more nominees as he may desire. If cumulative voting is invoked, and unless contrary instructions are given by a shareholder who signs a proxy, all votes represented by such proxy will be divided evenly among the candidates nominated by the Board of Directors, except that if so voting should for any reason not be effective to elect all of the nominees named in this Proxy Statement, then such votes will be cast so as to maximize the number of the Board of Directors' nominees elected to the Board.

The proxies may be voted cumulatively for less than the entire number of nominees if any situation arises which, in the opinion of the proxy holders, makes such action necessary or desirable.

CORPORATE GOVERNANCE

Board of Directors and Board Committees

The Company requires that a majority of its Directors must be independent as required by the listing standards of the NYSE Amex Exchange and the Securities and Exchange Commission (SEC) rules, or by other regulatory or legislative bodies as may be established. The Board, on an annual basis, makes a determination as to the independence of each Director in accordance with these prescribed rules or regulations. In general, independent means that a Director has no material relationship with the Company or any of its subsidiaries. The existence of a material relationship must be determined upon a review of all relevant facts and circumstances, and generally is a relationship that might reasonably be expected to compromise the Director's ability to maintain his or her independence from management.

Based on its review, the Board of Directors affirmatively determined, after considering all relevant facts and circumstances, that no Non-Employee Director has a material relationship with the Company and that all Non-Employee Directors meet the independence standards of the Company's Corporate Governance Guidelines as well as the independence standards of the current NYSE Amex Exchange and SEC corporate governance requirements for listed companies.

During 2010, a total of five regularly scheduled meetings of the Board of Directors (at least one each quarter), two special meetings of the Board of Directors, and a total of 20 meetings of all standing Directors' Committees were held. All Directors attended at least 75% of the aggregate of the total number of meetings held by the Board of Directors and of the total number of meetings held by the respective committees on which they served. In 2010, the independent Directors met at four of the five regularly scheduled meetings of the Board of Directors in executive session without the presence of the non-independent Directors and any members of the Company's management.

The Board of Directors has four separately designated standing committees: (1) Audit Committee, whose present members are Thomas E. Hoaglin (Chair and independent audit committee financial

Table of Contents

expert), Dr. Peter B. Lake and W. Wayne Walston; (2) Compensation Committee, whose present members are W. Wayne Walston (Chair), M. Ann Harlan and Christopher H. Lake; (3) Pension Committee, whose present members are Dr. Peter B. Lake (Chair), Rick R. Taylor and W. Wayne Walston; and (4) Governance and Nominating Committee, which succeeds the previous Nominating Committee, whose present members are M. Ann Harlan (Co-Chair), Christopher H. Lake (Co-Chair), and Rick R. Taylor. All members of each Committee are independent Directors. Each committee is governed by a written charter adopted by the Board of Directors detailing its authority and responsibilities. These charters are reviewed and updated periodically as legislative and regulatory developments and business circumstances warrant. The Board Committees' charters are available in their entirety on the Company's website at <http://www.gormanrupp.com>.

Audit Committee

The Audit Committee held six meetings in 2010. Its principal functions include reviewing the arrangement and scope of the audit of the Company's consolidated financial statements, considering comments made by the independent registered public accountants with respect to internal controls and financial reporting, considering related actions taken by management, reviewing internal accounting systems, procedures and controls with the Company's internal auditor and financial staff, reviewing non-audit services provided by the independent registered public accountants, and organizational oversight of the Company's enterprise risk management plan.

Compensation Committee

The Compensation Committee held eight meetings during 2010. Its principal functions are, subject to approval by the Board of Directors, to evaluate, develop and monitor compensation policies and programs for the Company's officers and Directors, and to recommend the salaries and profit sharing for the officers. A more comprehensive description of the Compensation Committee's functions is set forth under the caption "Compensation Discussion and Analysis".

Pension Committee

The Pension Committee held four meetings in 2010. Its principal functions are to monitor the investment of the assets associated with the Company's defined benefit pension plan and 401(k) defined contribution plan and to assist in evaluating recommended changes in such investments.

Governance and Nominating Committee

To emphasize expanding corporate governance considerations in recent years, the Board of Directors recommended and approved the change of name of the previous Nominating Committee to Governance and Nominating Committee during 2010. The Governance and Nominating Committee

Table of Contents

held two meetings during 2010. Its principal functions involve the identification, evaluation and recommendation of individuals for nomination as members of the Board of Directors, succession planning for the Company's Chief Executive Officer and other Executive Officers, succession planning for other corporate officers and key operating executives, and periodic review of the Board Committees' charters and Corporate Governance Guidelines for compliance with evolving regulations and Board-desired corporate goals.

The Governance and Nominating Committee charter incorporates the Company's policies and procedures by which to consider recommendations from shareholders for Director nominees. Any shareholder wishing to propose a candidate should deliver a typewritten or legible hand-written communication to the Company's Corporate Secretary. The submission should provide detailed business and personal biographical data about the candidate, and include a brief analysis explaining why the individual is well-qualified to become a Director nominee. All recommendations will be acknowledged by the Corporate Secretary and promptly referred to the Governance and Nominating Committee for evaluation.

The Governance and Nominating Committee does not believe that any particular set of skills, qualities or diversities is most appropriate for a Director candidate. All Director candidates, including any recommended by shareholders, are first evaluated based upon their (i) integrity, strength of character, practical wisdom and mature judgment; (ii) business and financial expertise and experience; (iii) intellect to comprehend the issues confronting the Company; and (iv) availability of adequate time to devote to the affairs of the Company and attend Board and Committee meetings. The Governance and Nominating Committee also focuses on issues of diversity, such as diversity of gender, race and national origin, education, professional experience and differences in viewpoints and skills. New Director candidates are subject to a background check performed by the Committee. In addition, the candidate will be personally interviewed by one or more Committee members before he or she is nominated for election to the Board of Directors. In considering candidates for the Board, the Governance and Nominating Committee considers the entirety of each candidate's credentials in the context of their skills, qualities or diversities. With respect to the nomination of continuing Directors for re-election, the individual's historical contributions to the Board are also considered.

Risk Oversight

The Board of Directors believes that control and management of risk are primary responsibilities of senior management of the Company. As a general matter, the entire Board of Directors is responsible for oversight of this important senior management function. The Audit Committee is responsible to the Board for the organizational oversight of the Company's comprehensive enterprise risk management plan. Additional oversight of some risks is performed by specific Board committees, e.g., financial reporting risks are overseen by the Audit Committee, benefit plan investment risks are overseen by the

Table of Contents

Pension Committee, personnel selection, evaluation, retention and compensation risks are overseen by the Compensation Committee, and Chief Executive Officer, Executive Officer, other corporate officer, key operating executive and Director succession planning risks are overseen by the Governance and Nominating Committee; the results of their oversight are reported to the entire Board of Directors.

Company Leadership Organization

Upon election of Mr. J.S. Gorman as Chief Executive Officer of the Company May 1, 1998, the Company separated the offices of Board Chairman and Chief Executive Officer because it believed this division more clearly delineated their respective responsibilities. This currently provides for the Chairman to focus on Board of Director responsibilities and for the Chief Executive Officer to focus on the Company's executive, administrative and operating responsibilities. Given their respective service years with the Company, the Company believes this structure is most appropriate currently for conducting its business and its responsibilities to its employees, customers and suppliers, to its shareholders and Directors, and to its community and regulatory agencies.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Overview

The Compensation Committee (the Committee) of the Board of Directors is authorized (i) to review and evaluate the compensation policies and programs for the Company's Chief Executive Officer and its other officers (collectively, the Officers); (ii) to review, at least annually, the Chief Executive Officer's progress assessments of the other Officers and to evaluate the Chief Executive Officer's progress assessment; and (iii) to review and recommend the annual salaries and profit sharing determinations for the Officers to the Board of Directors.

Three independent Directors comprise the Committee. Their responsibilities are carried out pursuant to authority delegated by the Board of Directors and in accordance with the federal securities laws and other applicable laws and regulations.

Philosophy and Objectives

Under the Committee's supervision, the Company has formulated a compensation philosophy that assures the provision of fair, competitive and performance-based compensation to the Officers. The philosophy reflects the belief that compensation of the Officers should be aligned with the Company's historical compensation, its culture, and its profitability.

The implementation of the Company's philosophy seeks (i) to attract and retain a group of talented individuals with the education, experience, skill sets and professional presence deemed best suited for the respective Officer positions; and (ii) to continually motivate those individuals to help the Company achieve its strategic goals and enhance profitability by offering them incentive compensation in the form of profit sharing, in addition to their salaries, driven by their individual progress assessments and the Company's results of operations.

Periodic Reviews

In devising and maintaining the Company's Officer compensation program, the Committee from time to time reviews generally available published data relevant to the compensation of officers in competitor companies that manufacture pumps and related fluid control equipment. The Committee also regularly consults with executive management and periodically with outside accounting and legal advisors as appropriate in arriving at compensation recommendations, subject to approval by the Board of Directors.

Table of Contents

To provide additional perspective on its internal review and feedback from other outside advisors, in 2007, following its review of the qualifications of several compensation consultants, the Committee engaged the services of Watson Wyatt Worldwide, now known as Towers Watson, an independent compensation consulting company, for a formal benchmarking review. This original review was followed by a subsequent benchmarking review in 2010 by Towers Watson (Watson).

The Committee's initial review objectives were to establish an appropriate peer group for evaluating Officer compensation generally; complete a competitive assessment of pay levels for the Chief Executive Officer and Chief Financial Officer; and develop the structure of the compensation for the Chief Executive Officer and Chief Financial Officer positions including annual incentive opportunities and long-term incentive arrangements, if any. During 2010, the Committee expanded its review to include the compensation of other corporate officer positions and the compensation for the Company's Non-Employee Directors.

The Committee, working with Watson, obtained public data from a peer group of publicly-traded industrial manufacturing companies identified as applicable benchmark companies for comparative compensation analysis, ranked for relevance to the Company based on the following criteria:

1. Industry/product type fluid control related companies with the same, or similar SIC codes.
2. Organization size companies comparable in size based on revenue.
3. Location primarily companies headquartered in the Midwest and outside of major metropolitan areas.

The Committee received a draft report from Watson and made several observations and recommendations regarding the selected peer group data. Watson then completed their report for their 2010 review and the Committee reviewed the compensation details of each of the peer group companies for their respective officer and Board Non-Employee Director positions. The Committee subsequently made and reported its recommendations for near-term and long-term adjustments for compensation of each of the Company's officer positions to the Board. The Committee also determined that Non-Employee Director compensation would not be changed during 2010.

Annual Reviews

Prior to the Company's Annual Meeting of Shareholders, the Committee reviews with the Chief Executive Officer the recommended annual base salary for each of the Officers (other than the Chief Executive Officer). The Committee independently reviews the base salary for the Chief Executive Officer and develops a recommendation therefor. These salary reviews include consideration of updated compensation advisor data and other relevant information in arriving at the Committee's

Table of Contents

recommendations. The Committee then reports the results of its compensation reviews and recommendations to the Board of Directors.

Following the end of each year and the conclusion of the Company's audited financial statements results, management calculates the total amount of profit sharing available for awarding to the Officers based on the Company's achieved operating income and the award percentage determined at the beginning of the year. The Chief Executive Officer then determines a recommended allocation of the available profit sharing award pool among the Officers based on the respective Officer's prior profit sharing award history and their current year progress assessment.

The Committee reviews with the Chief Executive Officer the recommended profit sharing award for each of the Officers (other than the Chief Executive Officer). The Committee independently reviews the profit sharing award for the Chief Executive Officer and develops a recommendation therefor. These profit sharing reviews include consideration of the Chief Executive Officer's progress assessments of the other Officers, and the Committee's independent progress assessment of the Chief Executive Officer. The Committee then reports the results of its profit sharing reviews and recommendations to the Board of Directors.

Elements of Compensation

The Company's Officer compensation program is designed to reward leadership, initiative, teamwork and top-quality performances among the Officers. The program consists of three elements: base salary; profit sharing; and a component of modest miscellaneous benefits. Incentive stock or option awards and non-equity incentive plan compensation have never been a part of the Company's Officer compensation program. In addition, the Company has not entered into employment contracts with any of the Officers.

Although not an element of Officer compensation, ownership of the Company's Common Shares by the Officers has continually been considered a worthy goal within the Company. The Company has paid increased dividends on its Common Shares for 38 consecutive years and paid such quarterly dividends regularly for over 60 years. Toward that end, the Company sponsors purchase opportunities, including a partial Company match, aimed at encouraging the Officers, and substantially all other employees, to voluntarily invest in the Common Shares.

Base Salary and Profit Sharing Base salaries are premised upon the relative responsibilities of the given Officers and industry surveys and related data. Initial salaries generally are set below competitive levels paid to comparable officers at other entities engaged in the same or similar businesses as the Company. Upon hire, actual salaries are adjusted based on performance judgments of each person's qualifications, prior accomplishments and expected future contributions in his or her Officer role.

Table of Contents

The Company intentionally relies to a large degree on incentive compensation in the form of profit sharing to attract and retain the Officers. This profit sharing provides motivation for them to perform to the full extent of their individual abilities and as a team to build Company profitability and shareholder value on a continuing, long-term basis.

Other Compensation The Officers receive a variety of modest miscellaneous benefits, the value of which is represented for the named Executive Officers under the caption All Other Compensation in the Summary Compensation Table. These benefits include taxable life insurance, and Company contributions to the Christmas Savings Plan, the 401(k) Plan and the Employee Stock Purchase Plan.

Stock Ownership The Company has long encouraged the Officers to voluntarily invest in the Company's Common Shares. As a consequence, the Company makes the purchase of its Common Shares convenient, in some cases with Company cash contributions, and in all cases without brokers' fees or commissions, under an Employee Stock Purchase Plan, a 401(k) Plan and a Dividend Reinvestment Plan. Although these plans do not constitute elements of Officer compensation, all of the current Officers are shareholders and participate in one or more of the foregoing plans.

Pension Benefits

The pension plan in which three of the Company's Executive Officers participate is a defined benefit plan covering substantially all U.S. employees of the Company for which new entry terminated as of December 31, 2007. Effective January 1, 2008 a new and enhanced 401(k) Plan was adopted for new employees hired thereafter.

The pension plan offers participants the option to choose between monthly benefits or a single sum payment. The monthly pension benefits are equal to the product of 1.1% of final average monthly earnings (based on compensation during the final ten years of service) and the number of years of credited service. A single sum amount is equal to the present value of the final monthly pension benefit multiplied by a single premium immediate annuity rate as defined by the plan. Historically, nearly all participants in the plan elect the single sum amount at retirement. The single sum payment option is used for financial reporting purposes for the fiscal year ended December 31, 2010, computed as the plan measurement date of December 31, 2010. Actuarial assumptions used by the Company in determining the present value of the accumulated benefit amount consist of a 5% interest rate, a 5% discount rate and The IRS 2008+ Applicable Mortality Table. Base compensation in excess of \$225,000 is not taken into account under the plan. Vesting occurs after five years of credited service.

- (1) The Company only provides additional profit sharing compensation as potential incentive compensation to substantially all its employees.
- (2) The Company has never offered incentive stock or option awards or non-equity incentive plan compensation as a part of the Company's compensation programs.
- (3) The amounts reflect the non-cash change in pension value recognized for financial statement reporting purposes for the fiscal year ended December 31, 2010, in accordance with SEC Release Nos. 33-8732A; 34-54302A. In computing the change in pension value, the Company applies the assumptions used for financial reporting purposes and a measurement date of December 31 for benefit plan determinations. The change in pension value is the aggregate increase in the actuarial present value of the Executive Officer's accumulated benefit measured from the plan measurement date in 2009 to the measurement date in 2010. The Company does not offer nonqualified deferred compensation earnings to any of its employees.
- (4) Amounts include taxable life insurance, and Company contributions to the Company's 401(k) Plan, Employee Stock Purchase Plan and Christmas Savings Plan.

His All Other Compensation includes \$13,900 and \$12,587 for calendar years 2010 and 2009, respectively, for the Company's contributions to his account in the enhanced 401(k) plan established to replace the defined benefit plan for substantially all U.S. employees hired after December 31, 2007. **ADVISORY VOTE ON THE COMPENSATION OF THE COMPANY'S
NAMED EXECUTIVE OFFICERS**

(Proposal No. 2)

This newly required proposal is for a non-binding, advisory vote to approve the compensation of the Company's named Executive Officers. This vote is not intended to address any specific item of compensation, but rather the overall compensation of the named Executive Officers and the compensation philosophy, policies and practices as described in the Executive Compensation - Compensation Discussion and Analysis narrative discussion and Summary Compensation Table of this proxy statement. As detailed therein, the directors are focused on compensating the Executive Officers fairly and in a manner that promotes the Company's compensation philosophy that compensation of the Executive Officers should be aligned with the Company's historical compensation, its culture, and its profitability for the continued achievement of long-term shareholder value. Accordingly, the Company is asking shareholders to vote FOR the adoption of the following resolution:

RESOLVED, that the shareholders of The Gorman-Rupp Company approve, on an advisory basis, the compensation of the Company's named Executive Officers, as disclosed in the Executive Compensation - Compensation Discussion and Analysis narrative discussion and Summary Compensation Table of this 2011 Proxy Statement.

While not binding on the Company, the Board of Directors or the Compensation Committee, the failure of the shareholders to approve the compensation of the Company's named Executive Officers would be considered by the Board and Compensation Committee when making future compensation decisions for the Company's named Executive Officers.

The Directors recommend a vote FOR Proposal No. 2 to approve the advisory resolution on the compensation of the Company's named Executive Officers.

**ADVISORY VOTE ON THE FREQUENCY OF FUTURE ADVISORY VOTES ON THE
COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS**

(Proposal No. 3)

This newly required proposal is for a non-binding, advisory vote on the frequency with which the Company will seek the non-binding advisory vote to approve the compensation of the named Executive Officers, similar and related to Proposal No. 2 above. The shareholders may vote for this advisory vote on executive compensation to be held in the future (i) every year, (ii) every two years, or (iii) every three years. Shareholders may also abstain from voting on this proposal. The Company is required to hold this advisory vote at least once every six years.

Table of Contents

The Company and the Board of Directors have determined that the newly-required advisory vote on executive compensation that occurs annually is the most appropriate alternative for The Gorman-Rupp Company and therefore recommends a vote for an annual advisory vote. Although the Company's executive compensation practices have changed very little from year to year, the Board believes it is valuable for the Company's shareholders to have an opportunity to express their opinion on a regular basis and for the Board to receive feedback.

While not binding on the Company, the Board of Directors or the Compensation Committee, the outcome of this vote will be considered by the Board and Compensation Committee when making future decisions on the frequency with which to hold an advisory vote on executive compensation.

The Directors recommend a vote FOR Proposal No. 3 to conduct future advisory votes on compensation of the named Executive Officers every year.

APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

(Proposal No. 4)

This proposal is for a vote to ratify the appointment by the Audit Committee of the Board of Directors of Ernst & Young LLP as independent registered public accountants for the Company during the year ending December 31, 2011. Representatives of Ernst & Young LLP are expected to be present at the Meeting, will have an opportunity to make a statement if they so desire, and are expected to be available to respond to appropriate questions.

The Company paid Ernst & Young LLP the following fees in connection with the Company's fiscal years ending December 31, 2010 and 2009:

Audit Fees \$727,500 (2010); \$686,500 (2009). Audit fees consist of the aggregate fees billed for professional services rendered for the audit of the Company's annual financial statements and the reviews of the Company's interim financial statements included in its quarterly reports on Form 10-Q, or services that are normally provided by the accounting firm in connection with statutory and regulatory filings or engagements for those fiscal years. The fees paid in 2009 and 2010 also cover services performed in connection with the Sarbanes-Oxley Section 404 attestation and other Sarbanes-Oxley requirements.

Audit-Related Fees \$47,000 (2010); \$47,000 (2009). Audit-related fees consist of the aggregate fees billed for assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements and are not reported under the caption *Audit Fees*. The audit-related fees were paid for the following services: benefit plan audits.

Table of Contents

Tax Fees \$30,500 (2010); \$36,700 (2009). Tax fees consist of the aggregate fees billed for professional services rendered for tax compliance, tax advice and tax planning. The tax fees were paid for the following services: federal and international tax planning and advice; federal, state, local and international tax compliance; state and local tax consulting; form 5500 compliance issues; Canadian compliance issues; and other tax advice and assistance regarding statutory and regulatory matters.

All Other Fees \$0 (2010); \$0 (2009). The *all other fees* category consists of the aggregate fees billed for products and services provided, other than the services reported in the foregoing three paragraphs.

Under its Charter, the Audit Committee is directly responsible for the oversight of the work of Ernst & Young LLP and has the sole authority to (i) appoint, retain and terminate Ernst & Young LLP, (ii) pre-approve all audit engagement fees, terms and services, and (iii) pre-approve scope and fees for any non-audit engagements with Ernst & Young LLP. The Committee exercises this authority in a manner consistent with applicable law and the rules of the Securities and Exchange Commission and the NYSE Amex Exchange, and Ernst & Young LLP reports directly to the Committee. In addition, the Committee has determined to delegate its authority to grant any pre-approvals to its Chairman, subject to the report of any such pre-approvals to the Committee at its next scheduled meeting. With respect to certain of the services categorized above, the following percentage of services were rendered by Ernst & Young LLP in accordance with the annual *de minimus* exception to the pre-approval requirement: Audit-Related Fees 0%; Tax Fees 0%; All Other Fees 0%.

Ratification by the shareholders of the appointment of Ernst & Young LLP is not required by law. However, the Board of Directors believes that shareholders should be given this opportunity to express their views on the subject. While not binding on the Audit Committee, the failure of the shareholders to ratify the appointment of Ernst & Young LLP as the Company's independent registered public accountants would be considered by the Audit Committee in determining whether to continue the engagement of Ernst & Young LLP. Even if the appointment is ratified, the Audit Committee may, in its discretion, select a different firm of independent registered public accountants for the Company at any time during the year if it determines that such a change would be in the best interests of the Company and its shareholders.

The Directors recommend a vote FOR Proposal No. 4 to ratify the appointment of Ernst & Young LLP as the Company's independent registered public accountants.
