The information set forth under Item 2.03 of this Report on Form 8-K is hereby incorporated by reference into this Item 1.01.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

On April 7, 2011, Sensient Technologies Corporation entered into a new variable rate, five year, \$350 million revolving credit facility with a group of nine banks led by Wells Fargo. The facility replaces Sensient's existing \$300 million facility that matures in June 2012. Funds are available in U.S. dollars, Canadian dollars, Euros, Swiss Francs, and other major currencies. The facility bears interest at a rate that varies depending upon Sensient's leverage ratio. The Company would currently pay an interest rate of LIBOR + 1.75% if the facility were fully drawn. Proceeds will be used to provide for future liquidity needs and to repay maturing indebtedness.

Similar to Sensient's other debt agreements, the facility requires Sensient to maintain (1) a ratio of consolidated total funded debt to consolidated EBITDA (Leverage Ratio) of not more than 3.5 to 1, (2) a fixed charge coverage ratio of not less than 2.0 to 1.00, and (3) a consolidated adjusted net worth of at least \$625 million. The facility also includes other financial covenants that are customary in transactions of this type and similar to those in Sensient's existing debt agreements.

The foregoing is intended to be a general description of the facility but does not constitute a full description of it. Reference is made to the credit agreement, which is attached as Exhibit 10.1, and to the related press release, which is furnished as Exhibit 99.1.
