## Notes:

1. The requirement for adoption is a majority of the affirmative voting rights of the shareholders present at the meeting who are entitled to exercise their voting rights.
2. The requirement for adoption is a majority of the affirmative voting rights of the shareholders present at the meeting where the shareholders holding one third or more of the voting rights of shareholders who are entitled to exercise their voting rights are present.
3. The requirement for adoption is two thirds or more of the affirmative voting rights of the shareholders present at the meeting where the shareholders holding one third or more of the voting rights of shareholders who are entitled to exercise their voting rights are present.
- 4.

The approval ratio was calculated by adding the number of voting rights of all of the shareholders present at the meeting to the denominator.

- (4) Reason why a portion of the number of voting rights of the shareholders present at the meeting were not included in the number of voting rights

By regarding the number of voting rights exercised by the date immediately before the date of the meeting and the number of voting rights of some of the shareholders present at the meeting whose intention of approval or disapproval of each item was confirmed as the total number of voting rights, the requirement for adoption of each item was satisfied and resolutions have been legally adopted pursuant to the Corporation Act. Therefore, the number of voting rights whose intention of approval, disapproval or abstention was not confirmed has not been included in the calculation.
