Senior Secured Credit Facilities

On October 3, 2011, Sealed Air Corporation (Sealed Air) entered into a senior secured credit facility (the Credit Facility) pursuant to the terms and conditions of a Syndicated Facility Agreement, dated as of October 3, 2011 (the Credit Agreement), by and among Sealed Air, certain subsidiaries of Sealed Air party thereto, the lenders party thereto, Citibank, N.A., as agent and the other agents party thereto. The Credit Facility consists of a \$794,610,042.74 term A facility, a CDN\$82,712,000.00 term A facility tranche, a ¥11,454,000,000.00 term A facility tranche, a 55,778,305.17 term A facility tranche, a \$790,000,000.00 term B facility tranche, a 300,000,000.00 term B facility tranche, a \$500,000,000.00 US dollar revolving facility and a \$200,000,000.00 multicurrency revolving facility available in US dollars, Canadian dollars, Euros and Australian dollars. The term A credit facilities and the revolving facilities have a five-year term and bear interest at either LIBOR or base rate (or an equivalent rate in the relevant currency) plus 250 basis points (bps) per annum in the case of LIBOR loans and 150 bps per annum in the case of base rate loans; provided that the interest rates shall be decreased to 225 bps and 125 bps, respectively, subject to achievement of a leverage test. The term B credit facilities have a seven-year term, with the \$790,000,000.00 component bearing interest at either LIBOR or base rate (or an equivalent rate in the relevant currency) plus 400 bps per annum in the case of LIBOR loans and 300 bps per annum in the case of base rate loans and the 300,000,000.00 component bearing interest at either LIBOR or base rate (or an equivalent rate in the relevant currency) plus 450 bps per annum in the case of LIBOR loans and 350 bps per annum in the case of base rate loans. LIBOR (or an equivalent rate in Euros) under the term B facility tranches is subject to a 1.0% floor. Sealed Air's obligations under the Credit Facility have been guaranteed and secured by certain of Sealed Air's subsidiaries. The interest rate on borrowings under the Credit Facility is a floating rate based on either the Base Rate (as defined in the Credit Agreement) or LIBOR.

The Credit Agreement contains customary affirmative and negative covenants for credit facilities of this type, including limitations on Sealed Air and its subsidiaries with respect to indebtedness, liens, investments, restricted payments, mergers and acquisitions, dispositions of assets, transactions with affiliates, amendment of documents and sale leasebacks and a covenant to maintain a Consolidated Net Debt to Consolidated EBITDA (as defined in the Credit Agreement).

The Credit Agreement provides for customary events of default, including failure to pay principal or interest when due, failure to comply with covenants, the fact that any representation or warranty made by Sealed Air is false in any material respect, certain insolvency or receivership events affecting Sealed Air and its subsidiaries and a change in control of Sealed Air. For certain events of default, the commitments of the lenders will be automatically terminated, and all outstanding obligations of Sealed Air under the Credit Facility may be declared immediately due and payable. The foregoing is a summary of the terms and conditions of the Credit Agreement and not a complete discussion of the document. Accordingly, the foregoing is qualified in its entirety by reference to the full text of the Credit Agreement included as Exhibit 10.1 to this Current Report on Form 8-K, which is incorporated herein by reference.

Indenture

On October 3, 2011, Sealed Air, certain domestic subsidiaries of Sealed Air (the Guarantors) and HSBC Bank USA, National Association, as trustee (the Trustee) entered into an Indenture dated as of October 3, 2011 (the Indenture), pursuant to which Sealed Air issued \$750 million aggregate principal amount of 8.125% senior notes due 2019 (the 2019 Notes) and \$750 million aggregate principal amount of 8.375% senior notes due 2021 (the 2021 Notes and, together with the 2019 Notes, the Senior Notes). The 2019 Notes and the 2021 Notes will mature on September 15, 2019 and September 15, 2021, respectively, and interest is payable on each series of the Senior Notes on March 15 and September 15 of each year, commencing March 15, 2012.

At any time prior to September 15, 2014, Sealed Air may redeem up to 35% of the aggregate principal amount of each of the 2019 Notes and the 2021 Notes, plus accrued and unpaid interest, if any, to the date of the redemption, with the net proceeds from certain equity offerings. Sealed Air may redeem some or all of the 2019 Notes prior to September 15, 2015 and some or all of the 2021 Notes prior to September 15, 2016, in each case at the make-whole prices set forth in the Indenture, together with accrued and unpaid interest, if any, to the date of redemption. In the case of the 2019 Notes, on and after September 15, 2015, Sealed Air may redeem some or all of the 2019 Notes for cash at redemption prices (expressed as percentages of principal amount) equal to 104.063% for the twelve-month period beginning on September 15, 2015, 102.031% for the twelve-month period beginning on September 15, 2016 and 100.000% beginning on September 15, 2017, in each case plus accrued and unpaid interest to the redemption date. In the case of the 2021 Notes, on and after September 15, 2016, Sealed Air may redeem some or all of the 2021 Notes for cash at redemption prices (expressed as percentages of principal amount) equal to 104.188% for the twelve-month period beginning on September 15, 2016, 102.792% for the twelve-month period on September 15, 2017, 101.396% for the twelve-month period beginning on September 15, 2018 and 100.000% beginning on September 15, 2019, in each case plus accrued and unpaid interest to the redemption date.

If Sealed Air experiences specific kinds of changes in control, holders of Senior Notes have the right to require Sealed Air to repurchase their Senior Notes at a repurchase price equal to 101% of their principal amount, plus accrued and unpaid interest, if any, to the date of repurchase. In addition, if Sealed Air or its Restricted Subsidiaries (as defined in the Indenture) sell assets, under certain circumstances, Sealed Air will be required to use the net proceeds from such asset sales to make an offer to purchase Senior Notes at a price equal to 100% of their principal amount, plus accrued and unpaid interest, if any, to the date of purchase.

The Indenture limits the ability of Sealed Air and its Restricted Subsidiaries to, among other things, (i) incur more debt; (ii) pay dividends and make distributions or repurchase stock or make restricted payments; (iii) make investments; (iv) sell assets; (v) create liens; (vi) designate Sealed Air subsidiaries as unrestricted subsidiaries; (vii) engage in transactions with affiliates; and (viii) merge or consolidate or transfer and sell assets.

The Indenture provides that events of default include: (i) failure to make the payment of any interest on the Senior Notes when the same becomes due and payable, with such failure continuing for a period of 30 days; (ii) failure to make the payment of any principal of, or premium, if any, on, any of the Senior Notes when the same becomes due and payable at maturity, upon acceleration, redemption or otherwise; (iii) failure to comply with certain covenants or agreements in the Senior Notes, the Indenture or related documents (subject to applicable time periods provided for compliance or cure); (iv) a default by Sealed Air or any Restricted Subsidiary under their respective debt obligations that results in acceleration of the maturity of such debt, or failure to pay any such debt at maturity, in an aggregate amount of \$75.0 million or more; (v) failure by Sealed Air or any Restricted Subsidiary to pay final, non-appealable judgments aggregating in excess of \$75.0 million (net of amounts which are covered by insurance as to which liability has not been denied), which judgments are not paid, discharged or stayed for a period of 60 days (excluding any settlement related to the W.R. Grace Liability (as defined in the Indenture)); (vi) certain events involving bankruptcy, insolvency or reorganization of Sealed Air or any Restricted Subsidiary that is a Significant Subsidiary (as defined in the Indenture) of Sealed Air (or any Restricted Subsidiaries that together would constitute a Significant Subsidiary of the Company); and (vii) any guarantee of the Senior Notes by any Significant Subsidiary shall be held in any judicial proceeding to be unenforceable or invalid or shall cease for any reason (other than in accordance with the provisions of the Indenture) to be in full force and effect or any Guarantor, or any person acting on behalf of any Guarantor, denies or disaffirms its obligations under any guarantee of the Senior Notes.

If an event of default with respect to the Senior Notes (other than an event of default relating to certain bankruptcy or insolvency matters) shall have occurred and be continuing, the Trustee or the registered holders of not less than 25% in aggregate principal amount of the Senior Notes of a series then outstanding may declare to be immediately due and payable the principal amount of all the Senior Notes of such series then outstanding, plus accrued but unpaid interest to the date of acceleration. In case an event of default relating to certain bankruptcy or insolvency matters occurs, such amount with respect to all the Senior Notes of each series shall be due and payable immediately without any declaration or other act on the part of the Trustee or the holders of the Senior Notes.

The Indenture is filed as Exhibit 4.1 to this Current Report on Form 8-K and the description of the material terms of the Indenture is qualified in its entirety by reference to such exhibit, which is incorporated herein by reference.

Item 2.01 Completion of Acquisition or Disposition of Assets.

Pursuant to, and except as otherwise set forth in the Merger Agreement, as amended by the Preferred Stock Purchase Agreement, each outstanding share of the common stock of Diversey Holdings, Inc. was converted into the right to receive approximately 0.294 of a share of common stock of Sealed Air and approximately \$19.59 in cash, without interest. Pursuant to the Merger Agreement, as amended, the series A preferred stock of Diversey Holdings, Inc. remains outstanding following the Acquisition.

In connection with the Acquisition, Sealed Air repaid approximately \$1.5 billion of existing indebtedness of Diversey Holdings, Inc. and certain of its subsidiaries.

The foregoing description of the Merger Agreement and the Acquisition is not complete and is qualified in its entirety by reference to the Merger Agreement, which was attached as Exhibit 2.1 to Sealed Air's Current Report on Form 8-K filed with the Securities and Exchange Commission on June 3, 2011, and is incorporated herein by reference and by reference to the amendments to the Merger Agreement contained in the Preferred Stock Purchase Agreement, which is filed as Exhibit 10.2 to this Current Report on Form 8-K, and is incorporated herein by reference.
