INDEPENDENT AUDITORS' REPORT

To ArvinMeritor, Inc.
Hourly Employees Savings Plan and Participants:

We have audited the accompanying statements of net assets available for benefits of ArvinMeritor, Inc. Hourly Employees Savings (the "Plan") as of December 31, 2002 and 2001, and the related statement of changes in net assets available for benefits for the year ended December 31, 2002. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2002 and 2001, and the changes in net assets available for benefits for the year ended December 31, 2002 in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules listed in the Table of Contents are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. These supplemental schedules have been subjected to the auditing procedures applied in our audit of the basic 2002 financial statements and, in our opinion, are fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

ARVINMERITOR, INC.
HOURLY EMPLOYEES SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2002 AND 2001

1. DESCRIPTION OF THE PLAN

The following general description of the ArvinMeritor, Inc., Hourly Employees Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for complete information.

GENERAL - The Plan is a defined contribution retirement savings plan covering all eligible hourly employees of ArvinMeritor, Inc. The Plan is administered by the Company's Employee Benefit Plan Committee and the Plan Administrator. The trustee for the Plan assets is T. Rowe Price Trust Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974.

Effective October 1, 2002, the employer matching account held under the Plan was converted into an employee stock ownership plan (ESOP). As a result, when participants accounts receive cash dividends on ArvinMeritor stock they have the option of reinvesting the dividend in ArvinMeritor stock or receiving the dividend as a cash distribution. In addition, the conversion to an ESOP allows participants who have attained either age 55 with 10 years of vesting service or age 60, the right to transfer funds out of Company stock and into one of the other investment options under the Plan.

Effective January 1, 2002 the plan was amended to allow participants who are over age 50 by the end of the plan year to make additional pre-tax contributions up to the limits prescribed under recent changes to the Internal Revenue Code.

For the year ended December 31, 2002, various transfers out of the Plan occurred as a result of additional employees being transferred to the ArvinMeritor, Inc. Savings Plan. In addition, \$756,471 was transferred out to another plan as a result of the dissolution of the Arvin Kayaba joint venture. These amounts have been reflected as transfers out on the Statement of Changes in Net Assets Available for Benefits.

Edgar Filing: ARVINMERITOR INC - Form 11-K

CONTRIBUTIONS AND VESTING - Eligible employees may elect to contribute up to 20% of pay, both before and after tax or a combination of both. The participants are immediately eligible for company matching contributions and these matching contributions are immediately vested. The Company's match calculation varies by location within the Plan. All Company match contributions are payable in Company stock, except for a joint venture whereby the contribution match for employees is made in cash.

PLAN WITHDRAWALS - Amounts contributed may be withdrawn by, or distributed to, a participant only upon (1) termination of employment or (2) attaining the age of 59 1/2. Withdrawals prior to attaining age

4

59 1/2 are not permitted except in the event of retirement, disability or as a hardship distribution. Certain income tax penalties may apply to withdrawals or distributions prior to age 59 1/2.

PAYMENT OF BENEFITS - On termination of service due to death, disability, retirement or other, a participant generally receives an amount equal to the value of the participant's vested interest in their account in a lump-sum amount. For termination of service due to other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution.

LOANS TO PARTICIPANT - A participant may obtain a loan in an amount as defined by the Plan document (not less than \$1,000 and not greater than the lesser of \$50,000 or 50% of the participants' vested account balance) from the balance of his/her account. Interest is charged at a rate, which is comparable to rates charged by commercial lending institutions. The loans are repaid through payroll deductions generally over periods not to exceed 60 months. Payments of principal and interest are reinvested into the participants' current investment options. Participants may have only one outstanding loan at a time.

PARTICIPANT ACCOUNTS - Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on a participant's earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

PLAN TERMINATION - Although the Company has not expressed any intent to terminate the Plan, it reserves the right to do so at any time.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING - The financial statements of the Plan are prepared under the accrual method of accounting.

INVESTMENT VALUATION - Investments, other than benefit-responsive investment contracts, are stated at fair value as measured by readily available market prices. The T. Rowe Price Stable Value Common Trust Fund is comprised of individual investment contracts, including synthetic investment contracts and are stated at contract value. The

Edgar Filing: ARVINMERITOR INC - Form 11-K

investment contracts are nontransferable, but provide for benefit-responsive withdrawals by plan participants at contract value. Benefit-responsive withdrawals are provided for on a proportional basis by the issuers of the investment contracts. The trustee's valuation committee primarily considers factors such as the benefit responsiveness of the investment contract and the ability of the parties to the investment contract to perform in accordance with the terms of the contract. Generally, contract value approximates fair value (contributions made plus interest accrued at the contract rate, less withdrawals and fees). If, however, an event has occurred that may impair the ability of the contract issuer to perform in accordance with the contract terms, fair value may be less than contract value.

5

SECURITY TRANSACTIONS AND INVESTMENT INCOME - Purchases and sales of securities are reported on the trade date basis. Dividends are recorded on the ex-dividend date and interest income is recorded on the accrual basis.

PLAN EXPENSES - Administrative expenses of the Plan are paid by either the Company or the Plan, as provided by the Plan document.

USE OF ESTIMATES - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits as of December 31, 2002 and 2001, and the reported amounts of changes in net assets available for benefits for the year ended December 31, 2002. Actual results could differ from those estimates. The Plan utilizes various investments, which are exposed to various risks such as interest rate, foreign currency, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statement of Net Assets Available for Benefits.
