**Item 4.02. Non-Reliance on Previously Issued Financial Statements or a Related Audit Report.**

\*This 8-K was prepared and submitted for filing on November 10, 2006. Due to an administrative error, the Company's outside filer failed to submit it to the SEC. The filing is being completed now promptly following the Company's discovery of the error.

On November 10, 2006, the Company concluded, based on the recommendation of its independent auditors to restate previously-issued financial statements included in the Company's Annual Report on Form 10-K for fiscal years ended March 27, 2005 and March 30, 2006 and in the Quarterly Report on Form 10-Q for the fiscal quarter ended June 30, 2006. The Company's previously-issued financial statements for these periods should, therefore, no longer be relied upon.

The Company determined to restate its financial statements to more appropriately reflect applicable accounting guidance relating to the calculation of non-cash interest expense and the intrinsic value of beneficial conversion features of its outstanding convertible notes. The restatements do not have any impact on the Company's statements of cash flows. The Company will file amended Form 10-Ks and a Form 10-Q for the relevant periods on November 10, 2006.

On November 10, 2006, the Company issued a press release regarding the restatement. A copy of the press release is attached as Exhibit 99.1 to this Current Report on Form 8-K and is incorporated by reference herein.
