In addition to the solicitation made hereby, proxies may also be solicited by telephone, telegram or personal interview by officers and employees of the Company. PROPOSAL ONE -- ELECTION OF DIRECTORS

Edgar Filing: TEAM INC - Form DEF 14A

GENERAL

The Company's Restated Articles of Incorporation and Bylaws provide that the Company's Board of Directors will consist of not less than six nor more than nine persons, the exact number to be fixed from time-to-time by the Board of Directors. The Board of Directors has fixed the number of directors to constitute the Board of Directors at seven, divided into three classes with staggered three-year terms.

The Board of Directors has nominated two Class II Directors to be elected to serve a three-year term expiring on the date of the Annual Meeting of Shareholders of the Company to be held in 2006, and until their successors are duly elected and qualified. Messrs. Jack M. Johnson, Jr. and E. Theodore Laborde have been nominated by the Board of Directors to stand for election as Class II Directors for a three-year term.

Directors are elected by a plurality of votes cast at the Annual Meeting. Unless contrary instructions are set forth in the proxies, the persons with full power of attorney to act as proxies at the 2003 Annual Meeting will vote all shares represented by such proxies for the election of the nominees named therein as directors. Should any of the nominees become unable or unwilling to accept nomination or election, it is intended that the persons acting under the proxy will vote for the election, in the nominee's stead, of such other persons as the Board of Directors of the Company may recommend. The management has no reason to believe that any of the nominees will be unable or unwilling to stand for election or to serve if elected.

COMPENSATION COMMITTEE REPORT

Pursuant to rules adopted by the Securities and Exchange Commission, the Compensation Committee of the Board of Directors (the "Committee"), which is composed entirely of outside directors, has furnished the following report on executive compensation:

The Committee's major responsibilities include, but are not limited to, the following:

1. Reviewing the Company's major compensation and benefit practices, policies and programs with respect to executive officers;
2. Reviewing executive officers' salaries and bonuses; and
3. Administering the Company's stock option plans.

Following review and approval by the Committee, all issues pertaining to the compensation of, and the grant of options to, the executive officers are submitted to the full Board of Directors for approval.

Compensation Philosophy

The Committee's compensation philosophy operates on several different levels. First, the Committee must ensure that the compensation is competitive in order to attract and retain highly qualified executives. In order to facilitate the first objective, the Committee as a rule considers various compensation surveys and proxy statements for companies in the industry of comparable size and complexity to the Company. Second, in

4

order to motivate its executives, the Committee links executive pay levels to the performance of the Company through the grant of options pursuant to the Company's stock option programs. Third, the Committee endeavors to reward outstanding individual contributions to the Company and to set compensation at levels that reflect each executive officer's individual contribution towards the Company's goals through its bonus and stock option programs. The Committee endeavors to support the Company's commitment to providing superior shareholder value. The compensation and related programs are designed to reward and motivate executives for the accomplishment of the Company's commitment to its shareholders.

Compensation Program Components

To achieve its compensation goals, the compensation program consists of four components: base salary, bonuses, various employee benefits (including medical and life insurance and 401(k) plan benefits generally available to the

Edgar Filing: TEAM INC - Form DEF 14A

employees of the Company) and the Company's stock option plans. The total program is structured to deliver a significant percentage of pay through at-risk pay programs which reward executives if the performance of the Company warrants. Maximizing shareholder value is a basic principle underlying the Company's pay programs.

Annually, the Committee seeks to review the base salary of each executive officer to determine its fairness. During its annual consideration of the base salaries of the executive officers, the Committee considers the level of responsibility, experience and performance of each executive officer. The Committee also takes into account the competitive conditions of the marketplace, the Company's profitability and the cost of living index. When reviewing competitive conditions of the marketplace, the Committee considers the Company's pay levels with those of companies of similar size and complexity. As the Company believes there is no survey data relating to the Company's service industries, the Company studies compensation surveys for companies of a similar size and complexity and various other data and information brought to its attention, including proxy statements of companies in the Company's service industry. Based on such information, the Committee endeavors to ensure that the pay levels fall in the median range of the amounts paid by the comparable companies. In certain circumstances, bonuses may be awarded to those executive officers who have made outstanding individual contributions during the current fiscal year. Subsequent to the end of fiscal 2003, each officer of the Company received an increase in base salary and a bonus commensurate with levels of responsibility and individual performance.

Additionally, all executive officers are eligible to receive stock options and bonuses in the form of stock at the Committee's discretion. By increasing senior management's equity position in the Company, the interests of the shareholders and the executives will be more closely aligned.

Performance Measures

When evaluating annual executive compensation, the Committee considers the Company's earnings, adjusted for certain unusual or nonrecurring items, return on net investment and cash flows. These factors are compared to the Company's prior year's performance, its annual business plan and the performance of other companies which operate in the same industry segments as the Company. These performance measures assist the Committee in ensuring that the interests of its shareholders, as well as its executives, are represented in a fair and equitable manner. No specific fixed weighting or formula is applied to such performance measures. Rather, the Committee exercises its judgment in evaluating financial and non-financial factors and in determining appropriate compensation.

Other

The Omnibus Budget Reconciliation Act of 1993 (the "Act") restricts the ability of a publicly-held corporation to deduct compensation in excess of \$1,000,000 paid to its Chief Executive Officer and the four most highly compensated officers. During fiscal 2003, the threshold was not met for any of the executive officers. However, the Committee continually reviews all aspects of the Act in order to determine future compliance issues regarding same.

This Compensation Committee Report was for the most part prepared by management at the direction of the Committee, and approved by the Committee.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Director Sidney B. Williams is the sole shareholder of a professional corporation that is a partner in the law firm of Chamberlain, Hrdlicka, White, Williams and Martin of Houston, Texas, which rendered services to the Company during fiscal 2003. Fees to the law firm did not exceed five percent (5%) of that law firm's gross revenue for its last full fiscal year. The Company and E. Patrick Manuel are parties to a Consulting Agreement dated April 9, 1999 and effective until April 9, 2004, under which Mr. Manuel provides certain assistance and advice concerning the Company's NDT inspection service business as requested by the Company in consideration for consulting fees of \$120,000 per year and a vehicle allowance of \$5,400 per year. The Company also leases an office and shop building in Lafayette, Louisiana from Mr. Manuel for rental of \$54,000 per year, and a smaller office and shop building in Sulphur, Louisiana for rental of \$18,600 per year.

COMPENSATION OF DIRECTORS

All non-employee directors currently receive an annual fee of \$20,000 of which one-half (\$10,000) is paid in cash in four equal quarterly installments. The remaining \$10,000 is paid in the form of Common Stock. The stock payments are made July 1 of each year with the number of shares calculated by dividing \$10,000 by the closing price per share on the preceding business day. 1,250 shares were issued to each non-employee director on July 1, 2003.

In December 1991, the Company adopted the Non-Employee Directors Stock Option Plan (the "Non-Employee Director Plan"). The Non-Employee Director Plan authorizes options to purchase an aggregate of 410,000 shares of Common Stock for directors of the Company who are not employees of the Company. The purpose of the Non-Employee Director Plan is to attract and to retain the services of experienced and knowledgeable independent individuals as directors, to extend to them the opportunity to acquire a proprietary interest in the Company so that they will apply their best efforts for the benefit of the Company, and to provide such individuals with an additional incentive to continue in their position.

Pursuant to the Non-Employee Director Plan, each non-employee director receives an automatic grant of options upon such director's appointment, reappointment, election or reelection to the Board of Directors equal to the product obtained by multiplying five thousand (5,000) by the number of years, or any part of any year, that such director is appointed or elected to serve on the Board of Directors. The exercise price of the options is equal to the fair market value of the Company's Common Stock on the date of grant, and the options expire ten years after the date of grant. Options to purchase 5,000 shares vest on the date of grant and each anniversary thereafter until all of the options granted are fully vested. During fiscal 2003, Mr. Waters was granted options to purchase 15,000 shares with an exercise price of \$8.60 per share, pursuant to his election to the Board of Directors at the 2002 Annual Meeting of Shareholders.

PROPOSAL TWO -- APPOINTMENT OF INDEPENDENT PUBLIC ACCOUNTANTS

The Company's Audit Committee has recommended and the Board of Directors has approved and now recommends the appointment of KPMG LLP as independent certified public accountants to audit the Company's accounts for the fiscal year ending May 31, 2004. Approval of the appointment will require the affirmative vote of a majority of the shares represented and voted at the meeting.

A representative of KPMG LLP will attend the 2003 Annual Meeting with the opportunity to make a statement if such representative desires to do so and to respond to appropriate questions presented at the meeting.

The following table sets forth the fees billed by KPMG LLP in each of the past two fiscal years:

Edgar Filing: TEAM INC - Form DEF 14A

	FY 2003	FY 2002
	-----	-----
Audit Fees.....	\$120,500	\$90,000
Audit-Related Fees.....	\$ 23,000	\$23,000
Tax Fees.....	\$ 82,115	\$72,350
All Other Fees.....	\$ 3,105	

Audit fees for fiscal 2002 do not include \$30 thousand of fees associated with reviews of quarterly information on Form 10-Q, which were paid to a predecessor auditor. The \$120,500 for fiscal 2003 includes \$15,000 as an estimated final billing. Audit-related fees consist of fees associated with the audit of the Company's 401(k) Plan. Tax fees consist of fees associated with the preparation of the Company's Federal and state income tax returns for the years indicated and includes a pre-approved estimate of \$73,000 for fiscal 2003.

The Audit Committee meets annually to pre-approve audit and tax fees for the ensuing year. More than 90% of fees paid to KPMG pertaining to fiscal 2003 were pre-approved by the audit committee.

Effective August 31, 2001, the Company determined to change its independent auditor. Deloitte & Touche LLP audited the Company's financial statements for the fiscal years 2001 and 2000 and expressed an unqualified opinion thereon. The decision to change auditors was approved by the Audit Committee of the Board of Directors.

There were no disagreements with Deloitte & Touche LLP on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure. Additionally, there were no reportable events concerning accounting matters under applicable SEC rules during the past two years.

The Company has filed, as an exhibit to its Form 8-K/A report on October 5, 2001, a letter from the former accountant, addressed to the Securities and Exchange Commission, expressing agreement with the above statement.

OTHER BUSINESS

Management does not intend to bring any business before the meeting other than the matters referred to in the accompanying notice and at this date has not been informed of any matters that may be presented at the meeting by others. If, however, any other matters properly come before the meeting, it is intended that the persons named in the accompanying proxy will vote, pursuant to the proxy, in accordance with their best judgment on such matters.
