INFORMATION ABOUT THE 2001 ANNUAL MEETING AND VOTING

THE ANNUAL MEETING

The Annual Meeting will be held on Thursday, May 10, 2001 at 10:00 a.m. local time at The Ritz-Carlton Hotel of Tysons Corner, 1700 Tysons Boulevard, McLean, Virginia 22102.

THIS PROXY SOLICITATION

We are sending you this Proxy Statement because Capital Automotive's Board of Trustees is seeking a proxy to vote your shares at the Annual Meeting. This

Edgar Filing: CAPITAL AUTOMOTIVE REIT - Form DEF 14A

Proxy Statement is intended to assist you in deciding how to vote your shares. On April 4, 2001, we began mailing this Proxy Statement to all people who, according to our shareholder records, owned shares at the close of business on March 12, 2001.

Capital Automotive is paying the cost of requesting these proxies. Capital Automotive's Trustees, officers and employees may request proxies in person or by telephone, mail, telecopy or letter. Capital Automotive will reimburse brokers and other nominees their reasonable out-of-pocket expenses for forwarding proxy materials to beneficial owners of our common shares.

VOTING YOUR SHARES

You have one vote for each common share of Capital Automotive that you owned of record at the close of business on March 12, 2001. The number of shares you own (and may vote at the Annual Meeting) is listed on the enclosed proxy card.

You may vote your shares at the Annual Meeting either in person or by proxy. To vote in person, you must attend the Annual Meeting and obtain and submit a ballot. Ballots for voting in person will be available at the Annual Meeting. To vote by proxy, you must complete and return the enclosed proxy card. By completing and returning the proxy card, you will be directing the persons designated on the proxy card to vote your shares at the Annual Meeting in accordance with the instructions you give on the proxy card.

IF YOU DECIDE TO VOTE BY PROXY, YOUR PROXY CARD WILL BE VALID ONLY IF YOU SIGN, DATE AND RETURN IT BEFORE THE ANNUAL MEETING.

If you complete the proxy card but do not provide the voting instructions, then your shares will be voted FOR each of the Trustees identified on the proxy card and FOR ratification of the selection of Arthur Andersen LLP as the independent accountants of Capital Automotive for the 2001 fiscal year.

REVOKING YOUR PROXY

If you decide to change your vote, you may revoke your proxy at any time before it is voted. You may revoke your proxy in any one of three ways:

- You may notify the Secretary of Capital Automotive in writing that you wish to revoke your proxy.
- You may submit a proxy dated later than your original proxy.
- You may attend the Annual Meeting and vote by ballot. Merely attending the Annual Meeting will not by itself revoke a proxy; you must obtain a ballot and vote your shares to revoke the proxy.

VOTE REQUIRED FOR APPROVAL

Proposal 1: Election of
Ten Trustees

The ten nominees for Trustee who receive the most votes will be elected. If you indicate "withhold authority to vote" for a particular nominee on your proxy card, your vote will not count either for or against the nominee.

Proposal 2: Ratification
of Selection of

Edgar Filing: CAPITAL AUTOMOTIVE REIT - Form DEF 14A

Independent Accountants The affirmative vote of a majority of the votes cast at the Annual Meeting is required to ratify the selection of independent accountants. If you abstain from voting, your abstention will not count as a vote cast for or against the proposal.

YOUR VOTE AT THE ANNUAL MEETING IS VERY IMPORTANT TO US.

If you hold your shares with a broker and you do not tell your broker how to vote, your broker has the authority to vote on both Proposal 1 and 2.

Quorum. On the record date for the Annual Meeting (March 12, 2001), 21,653,622 shares were issued and outstanding. A "quorum" must be present at the Annual Meeting in order to transact business. A quorum will be present if 10,826,812 shares are represented at the Annual Meeting, either in person (by the shareholders) or by proxy. If a quorum is not present, a vote cannot occur. In deciding whether a quorum is present, abstentions and any broker non-votes will be counted as shares that are represented at the Annual Meeting.

ADDITIONAL INFORMATION

Capital Automotive's Annual Report to Shareholders for the fiscal year ended December 31, 2000, including consolidated financial statements, is being mailed to all shareholders entitled to vote at the Annual Meeting together with this Proxy Statement. The Annual Report does not constitute a part of the proxy solicitation material. The Annual Report tells you how to get additional information about Capital Automotive.

PROPOSALS TO BE PRESENTED AT THE ANNUAL MEETING

Capital Automotive will present the following two proposals at the Annual Meeting. We have described in this proxy statement all the proposals that we expect will be made at the Annual Meeting. If we or a shareholder properly presents any other proposal to the meeting after February 14, 2001, Capital Automotive will, to the extent permitted by applicable law, use your proxy to vote your shares on the proposal in Capital Automotive's best judgment.

1. ELECTION OF TRUSTEES

Nominees for election to the Board of Trustees are:

Thomas D. Eckert
Craig L. Fuller
David Gladstone
William E. Hoglund
R. Michael McCullough
Lee P. Munder
John J. Pohanka
John E. Reilly

Each Trustee will be elected to serve for a one-year term, or until his replacement is elected and qualifies or until his earlier resignation or removal. Each of the ten nominees is presently a member of the Board of

Trustees and has consented to serve as a Trustee if re-elected. More detailed information about each of the nominees is available in the section of this booklet titled "The Board of Trustees," which begins on page 6.

Edgar Filing: CAPITAL AUTOMOTIVE REIT - Form DEF 14A

If any of the nominees cannot serve for any reason (which is not anticipated), the Board of Trustees may designate a substitute nominee or nominees. If a substitute is nominated, we will vote all valid proxies for the election of the substitute nominee or nominees. The Board of Trustees may also decide to leave the board seat or seats open until a suitable candidate or candidates are located, or it may decide to reduce the size of the Board. Proxies for the Annual Meeting may not be voted for more than ten nominees.

THE BOARD OF TRUSTEES UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THESE TRUSTEES.

2. RATIFICATION OF APPOINTMENT OF ARTHUR ANDERSEN LLP AS INDEPENDENT ACCOUNTANTS

Arthur Andersen LLP has served as our independent accountants since Capital Automotive's inception in 1997. The Audit Committee and the Board of Trustees believe that we should continue this relationship and have appointed Arthur Andersen to continue as our independent accountants for the fiscal year ending December 31, 2001. In the event that the shareholders do not ratify this appointment by the requisite vote, the Audit Committee and the Board of Trustees will reconsider its appointment of Arthur Andersen LLP.

One or more representatives of Arthur Andersen LLP will be available at the Annual Meeting to answer your questions and make a statement if they desire.

Fiscal 2000 Audit Firm Fee Summary. During fiscal year 2000, Capital Automotive retained its principal auditor, Arthur Andersen LLP, to provide services in the following categories and amounts:

Audit Fees.....	\$ 89,100
Financial Information Systems Design and Implementation Fees.....	--
All Other Fees*.....	\$187,640

* Consists primarily of fees for tax services.

The Audit Committee has determined that the provision of non-audit services by Capital Automotive's principal auditor is compatible with maintaining auditor independence.

THE BOARD OF TRUSTEES UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR RATIFICATION OF THE APPOINTMENT OF ARTHUR ANDERSEN LLP AS OUR INDEPENDENT AUDITORS FOR OUR FISCAL YEAR ENDING DECEMBER 31, 2001.

BOARD ORGANIZATION AND MEETINGS

Board of Trustees. Capital Automotive is currently managed by a ten-member Board of Trustees. Until the death of William R. Swanson in November 2000, the Board of Trustees consisted of eleven members. Following Mr. Swanson's death, the Board of Trustees approved the reduction in the size of the Board of Trustees to ten members. The Board of Trustees met four times in the fiscal year ended December 31, 2000.

Edgar Filing: CAPITAL AUTOMOTIVE REIT - Form DEF 14A

Each of the current nominees attended at least 75% of the total number of meetings of the Board of Trustees and meetings of the committees of the Board of Trustees that he was eligible to attend.

Audit Committee. The Board of Trustees of Capital Automotive has established an Audit Committee. The Audit Committee makes recommendations concerning the engagement of independent public accountants, reviews with the independent accountants the plans and results of the audit engagement, approves professional services provided by the independent public accountants, reviews the independence of the independent public accountants, considers the range of audit and non-audit fees and reviews the adequacy of Capital Automotive's internal accounting controls. The Audit Committee met four times in the fiscal year ended December 31, 2000. From January 1, 2000 to October 17, 2000, Messrs. Hogleund, McCullough and Sheehy were the members of the Audit Committee. As of October 17, 2000, Mr. Sheehy resigned as a member of the Audit Committee and was appointed a non-voting advisor to the Audit Committee. In addition, as of such date, Mr. Gladstone was appointed as a member of the Audit Committee. Therefore, Messrs. Hogleund, Gladstone and McCullough are the current members of the Audit Committee.

The Board of Trustees adopted and approved a charter for the Audit Committee in February 2000, a copy of which is attached hereto as Appendix A. The Board of Trustees has determined that all current members of the Audit Committee are "independent" as that term is defined in Section 303.01(B)(2)(a) and (3) of the New York Stock Exchange's listing standards.

Executive Committee. The Board of Trustees of Capital Automotive has established an Executive Committee. Subject to Capital Automotive's conflicts of interest policies, the Executive Committee has been granted certain power to authorize, on behalf of the full Board of Trustees, the execution of certain contracts and agreements, including those related to the borrowing of money by Capital Automotive. The Executive Committee may also authorize actions on behalf of Capital Automotive in its capacity as general partner of Capital Automotive L.P. The Executive Committee did not meet in the fiscal year ended December 31, 2000. Messrs. Eckert, Gladstone, McCullough, Munder and Pohanka are the current members of the Executive Committee. In addition, prior to his death, Mr. Swanson was also a member of the Executive Committee.

Executive Compensation Committee. The Board of Trustees of Capital Automotive has established an Executive Compensation Committee. The Executive Compensation Committee is responsible for establishing Capital Automotive's compensation programs for executive officers. The President and Chief Executive Officer makes recommendations to the Executive Compensation Committee for consideration. The Executive Compensation Committee makes an independent determination of the executive compensation (including any bonus or incentive compensation) to be paid to each executive officer. The Executive Compensation Committee met two times in the fiscal year ended December 31, 2000. In fiscal year 2000, Messrs. Fuller, Hogleund and Reilly were, and they currently are, the members of the Executive Compensation Committee. In addition, Mr. Pohanka is a non-voting advisor to the Executive Compensation Committee.

COMPENSATION OF TRUSTEES

Capital Automotive pays its Trustees who are not employees of Capital Automotive \$3,750 per calendar quarter for their services as Trustees. In 2000, Capital Automotive paid each non-employee Trustee \$15,000, or \$3,750 per quarter. In addition, under the Amended 1998 Equity Incentive Plan (the "Amended 1998 Plan"), upon election or appointment to the Board of Trustees, each non-employee Trustee also receives an initial grant of options to purchase 15,000 common shares. The exercise price for these grants is based on the fair market value of the common shares on the date of grant. One-third of the options

Edgar Filing: CAPITAL AUTOMOTIVE REIT - Form DEF 14A

will vest six months after the date of grant, another one-third will vest on the first anniversary of the date of grant, and the remaining one-third will vest on the second anniversary of the date of grant. Options will be forfeited to the extent they are not then exercisable if a Trustee resigns or fails to be reelected as a Trustee.

On January 17, 2000, under the Amended 1998 Plan, the Board of Trustees approved a discretionary grant of options to purchase 10,000 common shares to each non-employee Trustee. The exercise price for these grants was \$11.594, which was the fair market value of the common shares on the date of grant. One-third of the options will vest six months after the date of grant, another one-third will vest on the first anniversary of the date of grant, and the remaining one-third will vest on the second anniversary of the date of

grant. Options will be forfeited to the extent they are not then exercisable if a Trustee resigns or fails to be reelected as a Trustee.

- (1) Includes restricted shares (formerly known as performance accelerated restricted shares) granted in the year indicated and/or restricted phantom shares credited in lieu of bonus earned for the year indicated. In May 2000, the Executive Compensation Committee of the Board of Trustees amended the vesting schedule on all "performance accelerated restricted shares" granted in 2000 and 1999 to eliminate the "performance accelerated" feature and to generally provide that all such restricted shares will vest on the third anniversary of the date of grant. A holder of restricted shares does not have dispositive or voting power with respect to the restricted shares. However, a holder of restricted shares receives dividend equivalents with respect to the restricted shares which are equal to the value of any dividends paid with respect to the Company's common shares. As presented in the table above, the dollar value of the restricted shares awarded was calculated based on the closing market price of the common shares on the Nasdaq National Market on the date of award, net of the consideration paid by the named officers of \$.01 per restricted share awarded.

Capital Automotive's Phantom Share Purchase Program requires mandatory and authorizes voluntary purchases of restricted phantom shares upon the deferral of a portion of the named officers' annual bonus. Under this program, 20% of any annual bonus payable to a named officer must be deferred under the program and the named officer may elect to defer up to an additional 30% of any annual bonus payable to him. The restricted phantom shares are credited at a price equal to 80% of the fair market value of the Company's common shares on the date of grant. The restricted phantom shares awarded upon the deferral of a portion of annual bonuses generally vest on the third anniversary from the date of grant. A holder of restricted phantom shares does not have dispositive or voting power with respect to the shares. However, a holder of restricted phantom shares receives dividend equivalents with respect to the shares which are equal to the value of any dividends paid with respect to the Company's common shares. As presented in the table above, the dollar value of the restricted phantom shares awarded upon the deferral of a portion of annual bonuses was calculated based on the closing market price of the common shares on the Nasdaq National Market on the date of award.

The following table lists the number and dollar value of the restricted shares and restricted phantom shares held by the named officers (excluding restricted shares and restricted phantom shares acquired upon deferral of dividend equivalents) as of December 31, 2000.

EMPLOYMENT AGREEMENTS

The Partnership has entered into employment agreements with Messrs. Eckert, Kay and Weaver. Each agreement currently terminates on January 1, 2004 and provides that the executive officer agrees to devote his full business time to the operation of the Partnership. Each employment agreement permits the Partnership to terminate the executive officer's employment with appropriate notice for or without cause. In general, cause is defined to include: (1) engaging in dishonesty relating materially to performance of services or obligations contained in the employment agreement; (2) conviction of any misdemeanor (other than minor infractions) involving fraud, breach of trust, misappropriation or other similar activity or any felony; (3) performance of duties in a grossly negligent manner; or (4) willful breach of the employment agreement in a manner materially injurious to the Partnership. In addition, executives may resign for good reason, which is generally defined to include: (1) the Partnership's failure to comply with such agreement's material terms; (2) the substantial diminution of responsibilities and duties or, for Mr. Eckert, his involuntary departure from the Board of Trustees; (3) relocation of the Partnership's headquarters; or (4) a change of control. In general terms, a change of control occurs (1) if a person, entity or group (with certain exceptions) acquires

more than 40% of Capital Automotive's then outstanding voting securities, (2) if Capital Automotive merges into another entity unless prior shareholders of Capital Automotive have at least 60% of the combined voting power of the securities in the merged entity, or (3) upon the liquidation or dissolution of Capital Automotive or sale or disposition of substantially all of Capital

Edgar Filing: CAPITAL AUTOMOTIVE REIT - Form DEF 14A

Automotive's assets.

If an executive officer's employment ends for any reason, the Partnership will pay accrued salary, bonuses already determined, and other existing obligations. In addition, if a change of control of Capital Automotive occurs, the Partnership terminates the executive officer's employment without cause, or the executive officer resigns for good reason, all of the stock options, restricted shares and restricted phantom shares held by the executive officer before such event occurs will become fully vested and the Partnership will be obligated to pay (1) a lump sum payment equal to 24 months' salary (or in the event of a change of control, three times the sum of the executive officer's annual salary plus the most recently established target bonus), (2) premiums for the period for group health coverage, if any, to which he is entitled by law, and (3) a pro rata annual bonus for the year of termination.

If an employment agreement is not renewed by the Partnership on or before January 1, 2004, and the Partnership at any time thereafter terminates an executive officer's employment without cause or the executive officer resigns for good reason, (i) any unvested restricted shares granted prior to or during the executive officer's employment through January 1, 2004 and held by the executive officer before his termination of employment will become vested to the extent of the ratio of the number of days that the executive officer has been employed by the Partnership or Capital Automotive since the date the restricted shares were granted and the total number of days of employment otherwise required for the restricted shares to fully vest (determined separately for each grant), and (ii) any restricted phantom shares granted prior to or during the executive officer's employment through January 1, 2004 and credited to the executive officer before the executive officer's termination of employment will become vested to the extent of the ratio of the number of days that the executive officer had been employed by the Partnership or Capital Automotive since the date the restricted phantom shares were granted and the total number of days of employment otherwise required for the restricted phantom shares to fully vest (applied separately to each grant).

While employed and for a two-year period after employment, Messrs. Eckert, Kay and Weaver have agreed not to compete with Capital Automotive by working with or investing in any enterprise that invests primarily in automobile dealership or automotive-related properties or that provides real estate financing to automobile dealerships or automotive-related businesses. In addition to the agreements set forth above, at the outset of Mr. Ferriero's employment in February 1999, the Company and Mr. Ferriero entered into an agreement providing that if his employment with Capital Automotive is terminated after a change of control because of the elimination of his position, he will continue to receive his base salary for 12 months. The agreement with Mr. Ferriero expires on October 20, 2001.

EXECUTIVE COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Compensation Philosophy. The goal of the Executive Compensation Committee (the "Compensation Committee") is to design and administer an executive compensation program to (i) attract and retain qualified executive officers, (ii) reward executive officers for superior performance in achieving Capital Automotive's business objectives and enhancing shareholder value, (iii) align the executive officers' interests with those of the shareholders, and (iv) provide incentives for the creation of long-term shareholder value. The key elements of executive compensation are base salary, annual incentive and performance bonuses, common share options, and grants of restricted shares and restricted phantom shares. The Compensation Committee reviews and approves Capital Automotive's policies and practices regarding executive compensation,

Edgar Filing: CAPITAL AUTOMOTIVE REIT - Form DEF 14A

including (a) base salary levels, (b) incentive compensation plans and related performance awards, and (c) long-term incentives, including awards of equity options, restricted shares and restricted phantom shares. For 2000, the Compensation Committee placed significant emphasis on forms of compensation designed to create a significant and meaningful long-term incentive tied to Capital Automotive's long-term growth, financial success, and increasing shareholder value. Our executives receive compensation for their services to both the Partnership and Capital Automotive. (For purposes of this report, we have described the combined compensation from the Partnership and Capital Automotive.)

Base Salary Levels. We believe that base salary levels at Capital Automotive are reasonably related to the base salary levels of executive officers of comparable real estate investment trusts and other real estate companies. We set base salaries and determined other compensation for 2000 based on those factors. We also believe that the current base salary levels of our executive officers take into account the unique talents and skills of our executive officers. The executive officers that have employment agreements have set floors on base salary and other elements of compensation for their contract terms, but the Compensation Committee can increase the base salary at any point. We expect that any such increases will take into account such factors as individual past performance, changes in responsibilities, changes in pay levels of companies deemed comparable by the Compensation Committee, and inflation. The Compensation Committee, however, intends to reward executive officers for their achievements primarily through bonus awards and long-term incentive compensation, as discussed below.

Bonus Awards. Capital Automotive uses performance bonuses to reflect the level of involvement and success of its executive officers in advancing corporate goals. The awards earned depend on the extent to which Capital Automotive and individual performance objectives are achieved. Capital Automotive's objectives consist of operating, strategic and financial goals that are considered to be critical to our fundamental long-term goal of building shareholder value. For fiscal year 2000, these objectives were: (i) achievement of targeted funds from operations per share; (ii) attainment of a superior funds from operations multiple and total shareholder return as compared to Capital Automotive's peer group; (iii) effective implementation of the planned growth of Capital Automotive; (iv) continued achievement of project goals in property acquisitions and management; and (v) progress in certain financial and administrative activities. In addition, Capital Automotive maintains a Phantom Share Purchase Program (described in greater detail below), under which executive officers defer a portion of their annual bonuses through mandatory and voluntary purchases of restricted phantom shares. This program further aligns the executive officers' interests with those of the shareholders and provides incentives for the creation of long-term shareholder value. The Compensation Committee awarded \$723,000 in bonuses to named officers for fiscal year 2000, of which \$485,500 was deferred towards the purchase of restricted phantom shares.

Long-Term Incentive Compensation. The Compensation Committee believes that the use of equity incentives aligns the interest of executive officers with those of shareholders and promotes long-term shareholder value better than does cash alone. The Amended 1998 Equity Incentive Plan (the "Amended 1998 Plan") provides for grants of nonqualified stock options, incentive stock options, restricted shares and restricted phantom shares to key executives of Capital Automotive. The Compensation Committee administers the Amended 1998 Plan and determines the participants who receive awards, the terms of the awards, the schedule for exercisability or nonforfeitability, the time and conditions for expiration of the awards, and the form of payment upon exercise. The Compensation Committee may make determinations under the

Edgar Filing: CAPITAL AUTOMOTIVE REIT - Form DEF 14A

Amended 1998 Plan that are not uniform as to the participants and that may or may not consider whether participants are similarly situated.

The 2000 common share option grants, restricted share grants and restricted phantom share grants reflect the compensation philosophy of Capital Automotive to place greater emphasis on the long-term compensation component of the compensation program. Common share options generally are granted on an annual basis with an exercise price of 100% of the current fair market value of the Company's common shares on the date of grant. As a result, any options granted are of value to the executive officer only if the share price increases over time. Option grants typically vest ratably at 25% per year beginning one year from the date of grant. The Compensation Committee awarded 243,870 common share options to executive officers in 2000.

In January 2000, the Compensation Committee awarded 34,717 restricted shares to executive officers. These restricted shares, along with restricted shares granted in 1999, were "performance accelerated restricted shares." In May 2000, in light of management's concerns regarding employee retention and the shortage of executive talent in the Washington, D.C. metropolitan area, the Compensation Committee awarded 65,000 restricted shares to executive officers and amended the vesting schedule on all "performance accelerated restricted shares" granted in 1999 and 2000 to eliminate the "performance accelerated" feature and to generally provide that all such restricted shares will vest on the third anniversary of the date of grant.

In addition, Capital Automotive maintains a Phantom Share Purchase Program that requires mandatory, and authorizes voluntary, purchases of restricted phantom shares upon the deferral of a portion of an executive officer's annual bonus. Pursuant to this program, 20% of any annual bonus payable to an executive officer must be deferred under the program and the executive officer may elect to defer up to an additional 30% of any annual bonus payable to him. The restricted phantom shares are purchased at a price equal to 80% of the fair market value of the Company's common shares on the date of grant. Restricted phantom shares generally vest on the third anniversary of the date of grant. In 2000, each of the executive officers elected to participate in the voluntary portion of the program. In addition, the Compensation Committee voted to waive the 50% limit with respect to Messrs. Eckert and Weaver for 2000, each of whom elected to defer 100% of his annual bonus for 2000 towards the purchase of restricted shares. The Compensation Committee determined that allowing Messrs. Eckert and Weaver to purchase additional restricted phantom shares would further align their interests with those of the shareholders and provide further incentives for the creation of long-term shareholder value. On January 24, 2001, 12,412 restricted phantom shares were purchased by executive officers under the mandatory portion of the program and 29,264 restricted phantom shares were purchased by executive officers under the voluntary portion of the program.

Compensation of the Chief Executive Officer. The Compensation Committee uses the same procedures described above in setting the annual salary, bonus and long-term incentive compensation of the Chief Executive Officer. In 2000, Mr. Eckert received a base salary of \$350,000 (the same as in 1998 and 1999) and, as described above, the Compensation Committee approved a 2000 bonus award of \$240,000 (from a target bonus of \$245,000), which amount was deferred towards the purchase of 20,601 restricted phantom shares on January 24, 2001. The Compensation Committee also approved the grant of 106,061 common share options and 40,094 restricted shares to Mr. Eckert in 2000. In doing so, the Compensation Committee considered Capital Automotive's satisfaction of performance goals, such as achievement of superior funds from operations as compared to its peer group, and similarly, high total shareholder return as compared to its peer group, and additional subjective factors such as Mr. Eckert's conception and execution of a successful strategic plan, continued success in building a solid base of automotive dealership properties, retaining

Edgar Filing: CAPITAL AUTOMOTIVE REIT - Form DEF 14A

a team of highly-qualified professionals, as well as maintaining overall shareholder confidence.

Compensation Deduction Limit. The Securities and Exchange Commission (the "SEC") requires that this report comment on Capital Automotive's policy with respect to a special rule under the tax laws, Section 162(m) of the Code. That section can limit the deductibility on a Subchapter C corporation's federal income tax return of compensation of \$1.0 million to any of the executive officers. (Most public companies are Subchapter C corporations, but Capital Automotive is not, so we describe the difference below.)

A company can deduct compensation (including from exercising options) outside that limit if it pays the compensation under a plan that its shareholders approve and that is performance-related and non-discretionary. Option exercises are typically deductible under such a plan if granted with exercise prices at or

15

21

above the market price when granted. The Compensation Committee's policy with respect to this section is to make every reasonable effort to ensure that compensation complies with Section 162(m), while simultaneously providing Capital Automotive's executives with the proper incentives to remain with and increase the prospects of Capital Automotive. We note that Section 162(m) does not affect Capital Automotive as directly as it does Subchapter C corporations, because Capital Automotive does not ordinarily pay taxes. Instead, if optionees buy a large number of shares at the same time by exercising options, Capital Automotive might not be able to deduct all of the compensation income from those purchases. That loss of deduction could increase the amount that Capital Automotive must distribute to its shareholders, which might mean it would need to borrow to make distributions. Given the way we administer the incentive plan, we think it is unlikely that this result will occur. Capital Automotive did not pay any compensation with respect to 2000 that would be outside the limits of Section 162(m).

COMPANY PERFORMANCE

The following graph compares the cumulative total shareholder return on the common shares of Capital Automotive from February 13, 1998 (the date the common shares were first offered and sold to the public at the initial public offering price of \$15.00 per share) through December 31, 2000 with the cumulative total return of the NAREIT Equity Total Return Index and the cumulative total return of the Standard and Poors ("S&P") 500 Index. Capital Automotive's common share price and the price of the S&P 500 Index are published daily. The NAREIT Equity Total Return Index is published monthly and for purposes of this presentation was interpolated to February 13, 1998.

The graph assumes an investment of \$100 in each of Capital Automotive REIT, the NAREIT Equity Total Return Index and the S&P 500 Index on February 13, 1998. The comparison assumes that all dividends are reinvested into additional common shares during the holding period.
