NOTES TO FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies

Plan Changes - On Dec. 31, 2001, the New Century Energies, Inc. Employees Savings and Stock Ownership Plan for Non-Bargaining Unit Employees (NBU Savings Plan) was merged into the Xcel Energy Retirement Savings Plan (the Plan). Upon creation of the Nuclear Management Co. on Feb. 26, 1999, certain participants became employees of the Nuclear Management Co. and the values of their individual account balances of the Plan as of Feb. 1, 2001, were transferred to a separate defined contribution plan sponsored by the Nuclear Management Co.

Basis of Accounting - The financial statements and supplemental schedules of the Plan have been prepared in accordance with the Department of Labor's Rules and Regulations for reporting and disclosure under the Employee Retirement Income Security Act of 1974 and accounting principles generally accepted in the United States of America.

Investment Valuation - Investments are stated at fair value, except investments in guaranteed investment contracts and other insurance contracts which are carried at contract value (represents purchase cost plus interest earned). Unrealized gains (appreciation) and losses (depreciation) are recorded for the net change in the fair value of investments during the year. Dividend income is accrued on the ex-dividend date.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Benefits - Benefits are recorded as paid. Outstanding checks for benefits paid which have not been returned to the bank are included as Other Liabilities in the Statement of Net Assets Available for Benefits.

Securities Lending - During 2000, the Trustee participated in securities lending activities by acting as the Plan's agent involving the loan or sale of securities. The Trustee indemnifies the Plan for the difference between the market value of the securities lent and the market value of the collateral received. These transactions are collateralized by cash which is reinvested and liquidated upon conclusion of the contract. At Dec. 31, 2000, the fair value of assets held as collateral was \$23,556,628. The fair value of securities lent was \$22,778,354. The Plan did not engage in securities lending activities in 2001.

2. Description of Plan and Funding Policy

The following brief description of the Plan is provided for general information purposes only.

The Plan is characterized by two distinct, but similar Plan documents. All of the assets of the trust are available to pay benefits to both bargaining and nonbargaining participants. Participants should refer to the Plan documents for more complete information.

Table of Contents

Xcel Energy Inc.
Retirement Savings Plan
(EIN: 41-0448030 PN:003)

Eligibility - The Plan is a defined contribution employee benefit plan which provides eligible employees of participating subsidiaries of Xcel Energy (collectively the Companies) with the opportunity to contribute to a retirement savings plan. The Plan is available to substantially all of the employees of the Companies.

Participant Pre-tax Contributions - Individual participants may elect to have amounts deducted from their pay on a pre-tax basis and contributed to their individual accounts in the Plan. Employees can elect to start, stop or change their contribution election at any time. The maximum pre-tax contribution each year is 15 percent of annual base pay. Participants may invest their contributions among the various investment funds offered by the Plan. Income on a participant's investment in the fund is credited to each participant's account based on the number of units in the participant's investment in the fund and the fund's unit value.

Participant After-tax Contributions - The Plan also allows participants to make after-tax contributions through payroll deductions or lump sum contributions. After-tax contributions by payroll deduction are subject to an annual limit of 10 percent of base pay. The total after-tax contribution for both the Plan and the Companies' Employee Stock Ownership Plan cannot exceed 10 percent of gross pay from the time a participant first became a participant in either plan. Combined pre-tax and after-tax contributions cannot exceed 18 percent of gross pay in any given year.

Employer Contributions - Nonbargaining and bargaining employees had the option to elect the Pension Equity Program effective Jan. 1, 1999 and 2000, respectively. Subsequent to Jan. 1, 2000, bargaining employees have the option to elect either the Pension Equity Program or the then existing pension benefit program through 2005.

Employees electing the Pension Equity Program as of the effective dates and all nonbargaining employees hired subsequent to Jan. 1, 1999 are eligible to receive matching contributions equal to 100 percent of the first 3 percent of pay contributed on a pre-tax basis, plus 50 percent of the next 2 percent of pay contributed on a pre-tax basis to the Plan during the plan year. Each year, the Company determines the portion of the match to be allocated to the participants' Employee Stock Ownership Plan accounts and the portion to be allocated to the participants' Retirement Savings Plan accounts.

Nonbargaining employees and bargaining employees who elected the traditional pension plan received up to \$1,400 and \$900, respectively, in matching contributions from the Company.

The Companies may make an additional contribution to participants' accounts at their discretion.

Unless the employees had retired or become partially or totally disabled, employees must have had at least 1,000 hours of service and must have been employed on December 31 of the plan year to be eligible for matching contributions.

Benefits - Benefits are distributed after termination of employment, disability, death or certain qualifying hardships upon request of the participant (or the participant's beneficiary). Each participant is fully vested in all contributions allocated to their account. Distributions may be made in the form of a single lump sum, direct rollover, partial lump sum or installments.

Administration - The Companies constitute a controlled group under Section 414(b) of the Internal Revenue Code. The parent corporation administers the Plan. Administrative expenses of the Plan are paid by the Companies, except for certain investment management fees.

Plan Termination - There is no specified term for the Plan, and the employer has not expressed any intent to terminate the Plan. The employer may terminate the Plan at any time in accordance with the provisions of the Employee Retirement Income Security Act. Upon termination any remaining participant account balances will be held in trust until distribution to participants or transfer to another plan.

Table of Contents

Xcel Energy Inc.
 Retirement Savings Plan
 (EIN: 41-0448030 PN:003)

3. Information Certified by the Trustees

Investment information regarding the Plan, included in the Plan’s financial statements and the supplemental schedules, was prepared by U.S. Bank National Association and Vanguard Fiduciary Trust Company, the trustees for the Plan, and furnished to the Plan’s administrator. The Plan’s administrator has obtained certification from the trustees that the investment information is complete and accurate.

4. Participant Loans

The Plan allows participants to borrow against funds held in their individual retirement savings account in any amount greater than \$1,000 for a no stated purpose loan or \$5,000 for a residential loan, but less than 50 percent of the participant’s pre-tax account balance. In no event can a participant borrow more than \$50,000 less the sum of any principal payments made on Plan loans during the preceding 12 months. Loans are for a period not to exceed 5 years for no stated purpose loans or 10 years (15 years for the NBU Savings Plan), for residential loans. The loans bear interest at a rate of prime plus 1 percent (at a rate determined by Xcel Energy based on prevailing market rates for the NBU Savings Plan). A participant can only have one loan outstanding at a time. Repayment of the loan plus interest is made through payroll deductions.

5. Significant Plan Assets

At Dec. 31, 2001 the market value of each of the following investments was in excess of 5 percent of the Plan’s net assets:

Vanguard Institutional Index Fund	\$224,192,057
Vanguard Intermediate-term Treasury Fund	\$123,000,917
Xcel Energy Common Stock	\$99,859,537
Vanguard PRIMECAP Fund	\$77,743,897

6. Federal Income Tax Status

The Plan has received from the Internal Revenue Service a determination letter stating the Plan is qualified under the applicable sections of the Internal Revenue Code. On March 16, 1998, the Companies received a favorable determination from the Internal Revenue Service that the Plan, as amended, continues to qualify under the applicable sections of the Internal Revenue Code (the Code). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

7. Guaranteed Investment Contracts (GIC)

The Plan has adopted Statement of Position No. 94-4 Reporting of Investment Contracts Held by Health and Welfare Benefit Plans and Defined-Contribution Pension Plans (SOP 94-4) which specifies the accounting for investment contracts issued by either an insurance enterprise or other entity. The Plan had one GIC at Dec. 31, 2000, which was fully benefit-responsive and, in accordance with SOP 94-4, was recorded at contract value. Contract value represents contributions made under the contract, plus interest at a rate determined on January 1 and July 1 of each year by the Monumental Life Insurance Co. There is no minimum crediting interest rate. There are no limitations on the contract’s guarantees. The contract was terminated on Jan. 19, 2001.

 Retirement Savings Plan
 (EIN: 41-0448030 PN:003)

Period ended Dec. 31, 2000

Average yield	5.968%
Crediting interest rate	5.590%
Valuation reserves	\$
Book value	\$43,535,367
Fair value	\$43,669,444

8. Related Party Transactions

Certain investments of the Plan are shares of Xcel Energy Common Stock. Receivables include dividends on Company common stock declared and payable to the Plan of \$1,349,940 at Dec. 31, 2001.

Vanguard Fiduciary Trust manages certain investments of the Plan. Vanguard is a trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

9. Subsequent Events

Effective Jan. 1, 2002, a new plan document went in effect that covers the merged Xcel Energy Retirement Savings plan. The plan name was changed to the Xcel Energy 401(k) Savings Plan. The following is a brief description of the new plan.

Eligibility - The Plan is a defined contribution employee benefit plan which provides eligible employees of Xcel Energy with the opportunity to contribute to a retirement savings plan. The Plan is available to substantially all of the employees of Xcel Energy.

Participant Pre-tax Contributions - Individual participants may elect to have amounts deducted from their pay on a pre-tax basis and contributed to their individual accounts in the Plan. Employees can elect to start, stop or change their contribution election at any time. The maximum pre-tax contribution each year is 20 percent of annual base pay. Participants may invest their contributions among the various investment funds offered by the Plan. Income on a participant's investment in the fund is credited to each participant's account based on the number of units in the participant's investment in the fund and the fund's unit value.

Participant After-tax Contributions - The Plan also allows participants to make after-tax contributions through payroll deductions or lump sum contributions. After-tax contributions by payroll deduction are subject to an annual limit of 10 percent of base pay. The total after-tax contribution for both the Plan and Xcel Energy's Employee Stock Ownership Plan cannot exceed 10 percent of gross pay from the time a participant first became a participant in either plan. Combined pre-tax and after-tax contributions cannot exceed 20 percent of gross pay in any given year.

Employer Contributions - Employees are eligible to receive matching contributions equal to 100 percent of the first 3 percent of pay contributed on a pre-tax basis, plus 50 percent of the next 2 percent of pay contributed on a pre-tax basis to the Plan during the plan year. Company match contributions are posted annually and invested in Xcel Energy Company Stock Fund.

Benefits - Benefits are distributed after termination of employment, disability, death or certain qualifying hardships upon request of the participant (or the participant's beneficiary). Each participant is fully vested in all contributions allocated to their account. Distributions may be made in the form of a single lump sum, direct rollover, partial lump sum or installments.

10. Inability to Obtain Consent of Prior Independent Public Accountants

Table of Contents

Xcel Energy Inc.
Retirement Savings Plan
(EIN: 41-0448030 PN:003)

There may be risks and the participants' recovery may be limited as a result of the Plan's prior use of Arthur Andersen LLP as the Plan's independent public accounting firm. On June 15, 2002, Arthur Andersen LLP was convicted for obstruction of justice charges. Arthur Andersen LLP audited the Plan for the year ended Dec. 31, 2000. On March 27, 2002, Arthur Andersen LLP was dismissed as the Plan's independent auditors and on March 27, 2002, Deloitte & Touche LLP was hired as the Plan's independent auditors for the year ending Dec. 31, 2002. In addition, on March 27, 2002, Deloitte & Touche LLP was hired as the Plan's independent auditors for the year ending Dec. 31, 2001. Because the former audit partner and manager have left Arthur Andersen LLP, the Plan was not able to obtain the written consent of Arthur Andersen LLP as required by Section 7 of the Securities Act of 1933 (the Securities Act). Accordingly, participants will not be able to sue Arthur Andersen LLP pursuant to Section 11(a)(4) of the Securities Act and therefore may have their recovery limited as a result of the lack of consent.

REPORT OF INDEPENDENT ACCOUNTANTS

To the Participants and Administrator
of the Xcel Energy
Retirement Savings Plan

We have audited the accompanying statement of net assets available for benefits of the Xcel Energy Retirement Savings Plan (the Plan) as of December 31, 2001, and the related statement of changes in net assets available for benefits for the year then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit. The statement of net assets available for benefits of the Xcel Energy Retirement Savings Plan as of December 31, 2000 were audited by other auditors whose report dated August 31, 2001 included a disclaimer of opinion because the plan administrator, as permitted by the Department of Labor Rules and Regulations, instructed them not to audit the information certified by the trustee.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2001 and the changes in its net assets available for benefits for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held for investment purposes as of December 31, 2001 and schedule of reportable transactions for the year ended December 31, 2001 are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audit of the basic 2001 financial statements, and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

THIS IS A COPY OF A PREVIOUSLY ISSUED ARTHUR ANDERSEN LLP REPORT. THIS REPORT HAS NOT BEEN REISSUED BY ARTHUR ANDERSEN LLP. (SEE NOTE 10 FOR FURTHER DISCUSSION)

REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS

To the Plan Administrator of the Xcel Energy Retirement Savings Plan:

We were engaged to audit the accompanying financial statements and supplemental schedules of the Xcel Energy Retirement Savings Plan (the Plan) as of December 31, 2000, and for the year then ended, as listed in the accompanying index. These financial statements and schedules are the responsibility of the Plan's management. The statement of net assets available for benefits as of December 31, 1999, were reported upon by other auditors whose report dated July 14, 2000 included a disclaimer of opinion because the plan administrator, as permitted by the Department of Labor Rules and Regulations, instructed them not to audit the information certified by the trustee.

As permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by U.S. Bank National Association, the trustee of the Plan, except for comparing such information with the related information included in the 2000 financial statements and supplemental schedules. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2000 and 1999 and for the year ended December 31, 2000, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedules taken as a whole. The form and content of the information included in the financial statements and schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States and, in our opinion, are presented in compliance with the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.
