During the fiscal year ended June 30, 2002, the Board of Directors held four meetings. Each director attended or participated in all of the total number of meetings of the Board and committees of the Board on which he or she served during the last fiscal year.

The Company has a standing audit committee, presently composed of Messrs. Bjelland, Hawn and Gregory and Ms. Hoyt. The committee held two meetings during the fiscal year ended June 30, 2002. The committee's primary responsibilities are to recommend to the Board of Directors the engagement of the Company's independent auditors, review with the independent auditors the plan and results of the audit engagement, and review the adequacy of the Company's internal accounting controls.

The Company has a standing compensation committee composed of Messrs. Bjelland and Hawn and Ms. Hoyt. The committee's primary responsibilities are to recommend levels of executive compensation to the Board of Directors and to consider and recommend the establishment of various compensation plans for the Company. The compensation committee held two meetings during the last fiscal year.

The Company does not have a standing nominating committee of the Board of Directors.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors consists of Mr. Hawn, Mr. Bjelland and Ms. Hoyt, independent outside directors. The Compensation Committee has responsibility for administering the Company's incentive plans and setting policies that govern annual compensation and long-term incentives for the principal executive officers of the Company.

The Company's executive compensation program consists of three key components: (1) base salary, (2) short-term incentive compensation in the form of bonuses, and (3) long-term incentive through stock options.

Base Salary: Shortly before the beginning of each fiscal year, the Compensation Committee reviews annual salary recommendations for the Company's principal executives made by the Chief Executive Officer and approves, with any modifications it deems appropriate, such recommendations. The annual salary recommendations are made by the Chief Executive Officer, and approved or modified by the Compensation Committee, based upon industry practice and national surveys of compensation packages, as well as evaluations of the individual executive's responsibilities and past and expected future performance.

Short-Term Incentives: This component is designed to align executive compensation with annual performance of the Company. To accomplish this goal, the Board of Directors has adopted a structured bonus program. Each year the Board will establish an initial earnings per share target. The program provides for a full bonus if 100% of the targeted earnings per share for the year is achieved, a bonus of 25% of the full bonus amount if earnings per share reach 80% of budgeted earnings, a 50% bonus if 90% of targeted earnings is reached, with earnings performance between 80%, 90% and 100% giving rise to bonuses calculated by interpolation between those fixed points. Below 80% no bonuses would be earned. Bonuses will be limited to 40% of base salary for senior executive officers and 30% to 35% for other corporate officers.

Long-Term Incentive Stock Options: Stock options provide incentive for the creation of shareholder value and align the executive officers' interests directly with those of other shareholders in both the risks and rewards of ownership of the Company's common stock, and are a significant aid in attracting and retaining key executive officers. Executive officers are eligible for annual grants of stock options. Individual awards are

Table of Contents

based on the individual's responsibilities and performance, ability to impact financial performance and future potential. These factors are not assigned pre-determined relative weights. All individual stock option grants for non-executive officers are reviewed and approved by the Committee. All such grants for executive officers are awarded solely by the Committee, based on recommendations of management. As all options are granted at 100% of the market value of the Company's stock on the date of grant, executive officers receive gains from exercised stock options only to the extent that the market value of the stock has increased since the date of option grant. No stock options were granted to the executive officers in fiscal 2002.

The Compensation Committee fixes the salary of the Chief Executive Officer in the context of his employment agreement, summarized later in this proxy statement, based on a review of competitive compensation data, and the Committee's assessment of his past performance and its expectation as to his future performance in leading the Company. The base salary for Mr. Finkelstein for fiscal 2002 was \$562,500. Mr. Finkelstein participates with other senior executive officers in the Company's structured bonus program described above. For fiscal 2002, Mr. Finkelstein earned a \$225,000 bonus under this program.

The Compensation Committee does not anticipate that the compensation payable to any of the executive officers of the Company in the coming year will exceed the limits and deductibilities set forth in §162(m) of the Internal Revenue Code of 1986, as amended. The Compensation Committee has not established a policy regarding compensation in excess of these limits, but will continue to monitor this issue.

EMPLOYMENT ARRANGEMENTS

The Company's unfunded deferred compensation agreements with its senior executive officers provide that upon such executive's retirement after 20 years' service with the Company or after reaching age 65, or upon such executive's death while disabled or employed by the Company, such executive officer or his or her designated beneficiary will receive 240 monthly payments equal to the greater of (i) 40% (60% in the case of Mr. Finkelstein) of such executive's average monthly base salary for the 60 months immediately preceding the executive's retirement, disability or death, or (ii) \$5,000. The agreements also provide for payment of a graduated percentage of such compensation if an executive terminates his or her employment with the

Table of Contents

Company prior to completing 20 years service or reaching age 65, with payments to commence when such executive attains age 55. Further, if such executive becomes disabled while employed by the Company, the Company will pay such executive the specified monthly benefit during the period of such disability or until attaining age 65. Payments are conditioned upon the officers not rendering services for any competitor of the Company during the period of the payments. The Company carries insurance on the lives of each of the persons covered by deferred compensation agreements, is entitled to the cash values and the death proceeds from these policies, and may, but is not required to, use cash values or death proceeds from these policies to pay deferred compensation.

The deferred compensation agreements provide that the executive officers shall be entitled to immediate payment of their aggregate monthly benefits in one lump sum, without any reduction based on years of service, early retirement or present value, if their employment terminates following a Change in Control, which is defined for purposes of the agreements as occurring when a party other than Curtis Squire, Inc. becomes the beneficial owner of 20% or more of the Company's stock, or in the event of a consolidation or merger of the Company in which the Company is not the continuing corporation, or in which the shareholders of the Company do not continue to hold at least a majority of the common stock of the continuing or surviving corporation, or any sale or other transfer of substantially all of the assets of the Company, or in the event of certain changes to the composition of the Company's Board of Directors. These agreements also provide that the executive officers shall be paid an amount equal to three times their annual compensation, plus all income and excise taxes payable with respect to such payment, immediately upon a change of control. Further, all unvested stock options immediately vest upon a change of control.

The Company has entered into an employment agreement with Mr. Finkelstein, its Chief Executive Officer, effective for fiscal year 1999 and subsequent years, providing (a) for a base salary of \$500,000 per year, increasing annually by the greater of 4% or the percentage increase in the Consumer Price Index, (b) that he will participate in the Company's bonus and stock option programs with other senior executives, and (c) that the Company and Mr. Finkelstein will participate in a split-dollar insurance program whereby a trust established by Mr. Finkelstein has acquired a \$5 million combined whole-life/term policy insuring the joint lives of Mr. Finkelstein and his wife. Under this insurance program, the Company will pay a portion of the annual premiums approximately equal to the annual increases in the cash value of the policy and Mr. Finkelstein will transfer funds to the trust for the balance of the premiums. Upon the death of Mr. Finkelstein and his wife or upon surrender of the policy, the Company will receive the amount of the premiums paid by the Company and the trust will receive the remaining proceeds.

Mr. Finkelstein's agreement also provides for deferred compensation benefits. Upon his retirement after reaching age 65 he will receive lifetime monthly payments equal to 60% of his average base salary for the 60 months immediately preceding his retirement, such payments to be adjusted annually in proportion to any increases in the Consumer Price Index. Upon his death, his wife, if she survives him, will receive during her life one-half of the benefits to which Mr. Finkelstein was entitled during his life. If Mr. Finkelstein voluntarily terminates his employment before reaching age 65, his deferred compensation benefits will be determined on the same basis as those afforded the other executive officers. The Company has funded its future obligations under this agreement through insurance policies on Mr. Finkelstein's life.

The Company has entered into an agreement with Myron Kunin, its Chairman, providing that Mr. Kunin will continue to render services to the Company until at least May, 2007, and for such further period as may be mutually agreed upon between Mr. Kunin and the Company. The Company has agreed to pay Mr. Kunin an annual amount of \$600,000, to be increased annually in proportion to any increase in the Consumer Price Index from July 1, 1996, for the remainder of his life. Mr. Kunin has agreed that during the period for which

Table of Contents

payments to him are made as provided in the Agreement, he will not engage in any business competitive with the business conducted by the Company.

The Company has also entered into a survivor benefit agreement with Mr. Kunin, providing that upon his death the Company shall pay to his wife, if she survives him, \$300,000 annually for the remainder of her life, subject to annual adjustment based on any increases in the Consumer Price Index from July 1, 1995. The Company intends to fund its future obligations under this agreement through insurance policies on Mr. Kunin's life.
