**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

**To the Participants and  
Plan Administrator of the  
Granite Construction Profit  
Sharing and 401(k) Plan**

We have audited the financial statements of the Granite Construction Profit Sharing and 401(k) Plan (the Plan) as of December 31, 2005 and 2004, and for the year ended December 31, 2005, as listed in the accompanying table of contents. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audit included consideration over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the Plan's management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2005 and 2004, and the changes in net assets available for benefits for the year ended December 31, 2005, in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule, as listed in the accompanying table of contents, is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**Granite Construction  
Profit Sharing and 401(k) Plan  
Notes to Financial Statements**

**1. Description of Plan**

The following description of Granite Construction Profit Sharing and 401(k) Plan (the Plan ) provides only general information. The Plan document provides a more complete description of the Plan s provisions.

**General**

The Plan is a defined contribution Plan covering all eligible non-union employees of Granite Construction Incorporated and its participating subsidiaries (the Company ). Employees generally become eligible to participate in the Plan as of December 31 of the year of hire if the employee is credited with at least 1,000 hours of work in that year and was an employee on December 31. The Company does not guarantee the benefits provided by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ( ERISA ), as amended.

The Company has appointed an Administrative Committee ( Committee ). The Committee has exclusive authority and responsibility for all matters in connection with the operation and administration of the Plan (including the authority and responsibility to invest, manage, and control the assets of the Plan specifically allocated to the trustee and investment managers). The Company paid all necessary and proper expenses incurred in the administration of the Plan. Such expenses are primarily comprised of legal fees, auditing fees and expenses relating to the maintenance of the Plan s records.

**Contributions**

The Company makes profit sharing and 401(k) matching contributions. Profit sharing contributions from the Company may be contributed to the Plan in an amount (or under such formula) as may be determined by the Company s Board of Directors. Profit sharing contributions are payable solely out of the Company s current or accumulated earnings and profits. The profit sharing contribution shall not exceed the maximum amount deductible under the provisions of the Internal Revenue Code. The Company must pay the total profit sharing contribution to the Plan trustee before the date the Company is required to file its federal income tax return (including extensions). Profit sharing contributions amounted to \$1,774,171 in 2005.

The Company s 401(k) matching contribution is based on a formula, as described by the Plan. The Company s matching contribution is paid into the Plan at the same time as the employee contributions are paid into the Plan. Matching contributions were \$5,026,625 in 2005.

All eligible Plan participants could make combined contributions to the Plan of up to \$14,000 during 2005. Plan participants who reach age 50 during the Plan year have the option to make an additional pre-tax salary contribution of up to \$4,000 in 2005. This Catch Up provision is offered as required by the Economic Growth and Tax Relief Reconciliation Act of 2001. The amount increases by \$1,000 per year until the limit reaches \$5,000 in 2006. Catch Up contributions are not provided a company matching contribution.

**Profit Sharing and 401(k) Plan**

**Notes to Financial Statements**

The Plan offers an option for deferring dividends from the Granite Construction Employee Stock Ownership Plan ( ESOP ). The Dividend Equivalent Deferral or 401(k) Switchback option allows participants in the ESOP to elect an additional pre-tax salary deferral to the 401(k) Plan equal to the amount of the ESOP dividend passed through to them.

**Employee Stock Ownership Plan Diversification Account**

The Plan permits certain participants under the ESOP to have monies from a portion of their ESOP stock account transferred to the Plan. No portion of the participant s ESOP diversification account may be invested in the Granite Construction Inc. Common Stock Fund.

**Participant Accounts**

Contributions received by the Plan are deposited with the Plan trustee and custodian, Mercer Trust Company ( Mercer ). Each eligible participant s account is credited with an allocation of (a) the Company s 401(k) match and profit sharing contribution, (b) Plan earnings, (c) profit sharing forfeitures of terminated participant s non-vested accounts and (d) employee s contributions. All allocations, except employee s contributions and Company s match, are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant s account. At December 31, 2005 and 2004, forfeited non-vested accounts totaled \$503,522 and \$961,319. Forfeited amounts were allocated to eligible participants accounts.

**Benefits and Vesting**

The full amount of the participant s profit sharing account becomes vested on his/her normal retirement date or when his/her employment with the Company terminates by reason of death or total disability, as defined in the Plan document, or when his/her five years of vesting service is completed. The full value of the participant s elective contribution and matching account are fully vested at the time of deferral. On termination of service for any reason, including death or disability, participants with less than \$1,000 in their accounts and who have not elected a rollover will receive one lump sum payout of the total value of their account balance as prescribed in the Plan. If the participant has more than \$1,000 in their account upon termination, funds will not be distributed unless the participant elects to withdraw the funds as prescribed by the Plan.

**Hardship Withdrawals**

The Plan provides for withdrawals in the event of financial hardship, as defined in the Plan document.

**Plan Assets**

Participants may direct Company and participant contributions into any of the designated investment options approved by the Committee. Included in the designated investment options are various mutual funds, a common/collective trust and the Granite Construction Inc. Common Stock Fund, the publicly traded common stock of the Company.

**2. Summary of Significant Accounting Policies**

**Basis of Presentation**

The financial statements have been prepared on an accrual basis in conformity with accounting principles generally accepted in the United States of America. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Investments**

Investments are stated at fair value as determined by quoted market prices. The Plan presents, in the statement of changes in net assets available for benefits, the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains or losses and unrealized appreciation (depreciation) on those investments.

**Non-interest bearing cash**

Non-interest bearing cash is made up of unsettled transactions relating to the Granite Construction Inc. Common Stock Fund.

**Distributions**

Distributions to participants are recorded when paid.

**Risks and uncertainties**

The Plan provides for various investment options in any combination of mutual funds, the Granite Construction Inc. Common Stock Fund and other investment securities, which the Administrator may, from time to time, make available. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

**4. Tax Status**

The Internal Revenue Service has determined and informed the Company by a letter dated December 23, 2002, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ( IRC ). The Plan has been amended since receiving the determination letter. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

**5. Related Party and Party in Interest Transactions**

The Plan allows investment in the common stock of Granite Construction Incorporated. In addition, certain Plan investments are managed by Putnam Investments ( Putnam ). Putnam and Mercer are subsidiaries of Marsh & McLennan Companies, Inc. Any purchases and sales of such funds and common stock are performed in the open market at fair value. Transactions in these investments qualify as party-in-interest transactions, which are exempt from prohibited transaction rules.
