EXPLANATORY NOTE

This Amendment No. 1 to our Annual Report on Form 10-K for the fiscal year ended September 30, 2006, is being filed to (i) correct the Summary Compensation table included in Item 11 of the Form 10-K filed on December 22, 2006 (the Original Filing), based upon information discovered by the registrant following the Original Filing, and (ii) to correct the paragraph entitled Conclusions regarding Disclosure Controls included in Item 9A to update such Item 9A in light of the amendment to the Summary Compensation table herein. As required by Rule 12b-15 promulgated under the Securities Exchange Act of 1934, as amended (the Exchange Act), we have included the complete text of the revised Item 9A and Item 11. The text in Item 11 under the heading Executive Officer Severance Agreements speaks as of the date of the Original Filing and has not been revised or updated in this 10-K/A to reflect events occurring between the date of the Original Filing and the filing of this 10-K/A, including the subsequently revised arrangements disclosed by the registrant in its proxy statement filed with the Securities and Exchange Commission on March 7, 2007.

Except as described above, this amendment does not modify or update disclosure in, or exhibits to, the Original Filing. Furthermore, this amendment does not change any previously reported financial results, nor does it reflect events occurring after the date of the Original Filing.

ITEM 9A. CONTROLS AND PROCEDURES

Controls Evaluation and Related CEO and CFO Certifications. Our management, with the participation of our principal executive officer (CEO) and principal financial officer (CFO), conducted an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures as of the end of the period covered by this report. The controls evaluation was conducted by our Disclosure Committee, comprised of senior representatives from our finance, accounting, internal audit, and legal departments under the supervision of our CEO and CFO.

Certifications of our CEO and our CFO, which are required in accordance with Rule 13a-14 of the Exchange Act, are attached as exhibits to this report. This Controls and Procedures section includes the information concerning the controls evaluation referred to in the certifications, and it should be read in conjunction with the certifications for a more complete understanding of the topics presented.

Limitations on the Effectiveness of Controls. We do not expect that our disclosure controls and procedures will prevent all errors and all fraud. A system of controls and procedures, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the system are met. Because of the limitations in all such systems, no evaluation can provide absolute assurance that all control issues and instances of fraud, if any, within the Company have been detected. Furthermore, the design of any system of controls and procedures is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions, regardless of how unlikely. Because of these inherent limitations in a cost-effective system of controls and procedures, misstatements or omissions due to error or fraud may occur and not be detected.

Scope of the Controls Evaluation. The evaluation of our disclosure controls and procedures included a review of their objectives and design, the Company's implementation of the controls and procedures and the effect of the controls and procedures on the information generated for use in this report. In the course of the evaluation, we sought to identify whether we had any data errors, control problems or acts of fraud and to confirm that appropriate corrective action, including process improvements, was being undertaken if needed. This type of evaluation is performed on a quarterly basis so that conclusions concerning the effectiveness of our disclosure controls and procedures can be reported in our quarterly reports on Form 10-Q and our annual reports on Form 10-K. Many of the components of our disclosure controls and procedures are also evaluated by our internal audit department, our legal department and by personnel in our finance organization. The overall goals of these various evaluation activities are to monitor our disclosure controls and procedures on an ongoing basis, and to maintain them as dynamic systems that change as conditions warrant. In reviewing the Summary Compensation Table included with Item 11 of this report as a result of an existing control process, management discovered that certain perquisites and other compensation received by our named executive officers were not included as compensation for our fiscal years ended September 30, 2006, 2005 and 2004 in the Original Filing. The information which should have been set

Table of Contents

forth in the Original Filing is set forth in Item 11 of this 10-K/A. We have taken remedial steps to improve our communication and procedures with respect to capturing this type of compensation information for future periods and are providing appropriate supplemental training to relevant personnel. In addition, our Disclosure Committee will continue to evaluate our disclosure controls and procedures in an effort to improve such disclosure controls and procedures where we deem necessary or advisable.

Conclusions regarding Disclosure Controls. Based on the required evaluation of our disclosure controls and procedures, our CEO and CFO have concluded that, solely as a result of our failure to include certain perquisites and compensation for named executive officers in the Summary Compensation table described in the paragraph below, as of September 30, 2006, our disclosure controls and procedures were not effective in providing reasonable assurance that information required to be disclosed by us in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to our management, including our CEO and CFO, as appropriate to allow timely decisions regarding required disclosure.

Changes in Internal Control over Financial Reporting. During our last fiscal quarter of 2006, there have been no changes in our internal control over financial reporting identified in connection with the evaluation described above that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

ITEM 11. EXECUTIVE COMPENSATION**Compensation of Executive Officers**

The following table contains compensation information for the Company's Chief Executive Officer and the four other most highly compensated persons (named executive officers). The determination of the four most highly compensated persons was based on their employment with Alberto-Culver for the year ended September 30, 2006. All of the information included in this table reflects compensation earned by the named executive officers for services rendered to Alberto-Culver and its subsidiaries for the year ended September 30, 2006. Unless the context suggests otherwise, references to restricted stock and stock options mean shares of Alberto-Culver common stock and options to purchase Alberto-Culver common stock, respectively, as of September 30, 2006. Amounts shown are for individuals in their last position with Alberto-Culver and do not necessarily reflect the compensation which these individuals will earn in their new capacities as executive officers of the Company.
