Patterson-UTI will pay all costs associated with this solicitation.

Properly submitted proxies received either by mail, Internet, telephone or in person, in time for the Meeting will be voted as you have directed in your proxy, unless you revoke your proxy in the manner provided below. PROPOSAL NO. 1

ELECTION OF DIRECTORS

Patterson-UTI's bylaws provide that the number of members of the Board of Directors of Patterson-UTI shall be fixed either by amendment to the bylaws or by resolution of the Board of Directors. Directors are elected to serve until the next annual meeting of stockholders or until their successors are elected and qualified. Patterson-UTI's bylaws provide that the affirmative vote of a plurality of the votes cast at the meeting at which a quorum is present is required for the election of directors. Shares as to which a stockholder withholds authority to vote on the election of directors and shares as to which a broker indicates that it does not have discretionary authority to vote on the election of directors will not be counted as voting thereon and will not affect the election of the nominees receiving a plurality of the votes cast.

The enclosed form of proxy provides a means for you to either:

vote **FOR** the election of the nominees to the Board of Directors listed below,

withhold authority to vote for one or more of the nominees, or

withhold authority to vote for all of the nominees.

The Board of Directors recommends that you vote FOR all of the nominees. Unless you give contrary instructions in your proxy, your proxy will be voted **FOR** the election of all of the nominees to the Board of Directors. If any nominee should become unable or unwilling to accept nomination or election, the person acting under the proxy will vote for the election of such other person as the Board of Directors may recommend. The Board has no reason, however, to believe that any of the nominees will be unable or unwilling to serve if elected.

There are no arrangements or understandings between any person and any of the directors pursuant to which such director was selected as a nominee for election at the Meeting. There are no family relationships among any of the directors or executive officers of Patterson-UTI.

Meetings and Committees of the Board of Directors

The Board of Directors met eleven times during the year ended December 31, 2006. Each director attended, in person or by telephone, at least 75% of the aggregate of all meetings held by the Board and all meetings of each committee for which such director was eligible to attend. A majority of the members of the Board of Directors are independent within the meaning of the National Association of Securities Dealers (NASD) published listing standards. Specifically, the Board has determined that Messrs. Peak, Gist, Huff, Hunt, Buckner and Ms. Smith are independent within the meaning of the NASD published listing standards. In reaching this conclusion, the Board considered that Mr. Huff indirectly has an interest in, and has participated in the management of, a company which owns oilfield service companies including one that supplies parts and equipment to Patterson-UTI in the ordinary course of business consistent with customary terms in the industry. The Board has determined that these transactions are not material to Patterson-UTI, the company in which Mr. Huff has the indirect interest or Mr. Huff and that such transactions do not affect Mr. Huff's independence under applicable rules and regulations.

The Board of Directors has established four standing committees, an Executive Committee, Audit Committee, Compensation Committee and a Nominating and Corporate Governance Committee.

The Executive Committee, which currently is composed of Messrs. Siegel, Talbott and Berns, has the authority, to the extent permitted by applicable law, to act for the Board in all matters arising between regular or special meetings of the Board of Directors.

The Audit Committee members are Messrs. Huff (chairman), Buckner, Hunt and Ms. Smith, each of whom is independent within the meaning of Item 7(d)(3)(iv) of Schedule 14A under the Securities Exchange Act of 1934, as amended (the Exchange Act) and within the meaning of the NASD's published listing standards. The Audit Committee oversees management's conduct of Patterson-UTI's accounting and financial reporting process including review of the financial reports and other financial information provided by Patterson-UTI to the public and government and regulatory bodies, Patterson-UTI's system of internal accounting, Patterson-UTI's financial controls, and the annual independent audit of Patterson-UTI's financial statements. The Audit Committee also oversees compliance with Patterson-UTI's codes of conduct and ethics and with legal and regulatory requirements. The Board has determined that Messrs. Huff and Buckner are audit committee financial experts within the meaning of applicable Securities and Exchange Commission (SEC) rules. The Audit Committee selects the independent registered public accounting firm to audit Patterson-UTI's books and records and considers and acts upon accounting matters as they arise. The Board of Directors has adopted a written charter for the Audit Committee. The Audit Committee met sixteen times during the year ended December 31, 2006.

The Compensation Committee members are Mr. Peak (chairman) and Ms. Smith, each of whom is independent as defined in the NASD's published listing standards. Among other things, the Compensation Committee administers the incentive compensation plans, including stock option plans of Patterson-UTI and determines the annual compensation of the executive officers and directors of Patterson-UTI. The Board of Directors has adopted a written charter for the Compensation Committee. The Compensation Committee held three meetings during the year ended December 31, 2006. Please see Compensation, Discussion and Analysis beginning on page 7 of this proxy statement and Compensation Committee Report on page 10 of this proxy statement for further information about the Compensation Committee.

The Nominating and Corporate Governance Committee members are Messrs. Hunt (chairman) and Huff, each of whom is independent as defined in the NASD's published listing standards. The purpose of the Nominating and Corporate Governance Committee is to identify individuals qualified to become Board members, to recommend for selection by the Board director nominees for the next annual meeting of stockholders, to review Patterson-UTI's Code of Business Conduct, to develop and continually make recommendations with respect to the best corporate

Table of Contents

governance principles and to oversee the evaluation of the Board and management. The Board of Directors has adopted a written charter for the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee held one meeting during the year ended December 31, 2006.

All of the director nominees are existing directors of Patterson-UTI standing for re-election to the Board of Directors except for Mr. Buckner who is standing for election for the first time. The Board of Directors determined during 2006 that the addition of a new director was beneficial to Patterson-UTI. Mr. Buckner was initially recommended as a director nominee to the Nominating and Governance Committee by management of Patterson-UTI. Mr. Buckner is a retired partner of a national accounting firm and has extensive experience in public accounting and the oil and gas industry. Based on his qualifications and following the recommendation of the Nominating and Governance Committee, the Board appointed Mr. Buckner as a director in February 2007.

On behalf of the Board, the Nominating and Governance Committee considers director nominees recommended by Patterson-UTI's stockholders if the recommendations are made in accordance with all legal requirements, including applicable provisions of Patterson-UTI's restated certificate of incorporation and bylaws. In accordance with Patterson-UTI's bylaws, in addition to any other applicable requirements, any person recommending a nominee for Patterson-UTI's Board must be a stockholder of record on the date of the giving of the notice provided for below and on the record date for the determination of stockholders entitled to vote at such annual meeting and must give timely notice of such nomination in writing to the Secretary of Patterson-UTI. To be timely with respect to the 2008 annual meeting, a stockholder's notice must be delivered to or mailed and received at Patterson-UTI's principal executive offices not earlier than February 8, 2008 and not later than March 9, 2008; provided, however, that in the event that the annual meeting is called for a date that is not within 30 days before or after June 7, 2008, notice by the stockholder to be timely must be received not later than the close of business on the tenth day following the day on which such notice of the date of the meeting was mailed or public disclosure of the annual meeting date was made, whichever occurs first.

A stockholder's notice to the Secretary of Patterson-UTI shall set forth:

as to each person whom the stockholder proposes to nominate for election or re-election as director, all information relating to such person that is required to be disclosed in solicitations of proxies for election of directors, or is otherwise required, in each case pursuant to Regulation 14A promulgated under the Exchange Act, or any successor regulation thereto,

the name and record address of the stockholder proposing such nomination,

the class and number of shares of Patterson-UTI that are beneficially owned by the stockholder,

a description of all arrangements or understandings between such stockholder and each proposed nominee and any other person or persons (including their names) pursuant to which the nomination or nominations are to be made by such stockholder, and

a representation that such stockholder intends to appear in person or by proxy at the meeting to nominate the persons named in the notice.

Such notice must be accompanied by a written consent of each proposed nominee to being named as a nominee and to serve as a director if elected.

The Nominating and Corporate Governance Committee determines qualification criteria and procedures for the identification and recruitment of candidates for election to serve as directors of Patterson-UTI. The Nominating and

Corporate Governance Committee relies on the knowledge and relationships of Patterson-UTI and its officers and directors, as well as third parties when it deems necessary, to identify and evaluate nominees for director, including nominees recommended by stockholders.

PROPOSAL NO. 2

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee appointed PricewaterhouseCoopers LLP as the independent registered public accounting firm to audit the financial statements of Patterson-UTI for the fiscal year ending December 31, 2007, and directed that such engagement be submitted to the stockholders of Patterson-UTI for ratification. In recommending ratification by the stockholders of such engagement, the Board of Directors is acting upon the recommendation of the Audit Committee, which has satisfied itself as to the firm s professional competence and standing. Although ratification by stockholders of the engagement of PricewaterhouseCoopers LLP is not required by Delaware corporate law or Patterson-UTI s restated certificate of incorporation or bylaws, the Audit Committee believes a decision of this nature should be made with the consideration of Patterson-UTI s stockholders. If the stockholders fail to ratify the appointment, the Audit Committee will reconsider whether to retain PricewaterhouseCoopers LLP and may retain that firm or another without re-submitting the matter to our stockholders. Even if the appointment is ratified, the Audit Committee may, in its discretion, direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such change would be in Patterson-UTI s best interests and in the best interests of Patterson-UTI s stockholders.

It is expected that one or more representatives of PricewaterhouseCoopers LLP will be present at the Meeting and will be given the opportunity to make a statement if they so desire. It also is expected that the representatives will be available to respond to appropriate questions from the stockholders.

The Board of Directors recommends a vote FOR the ratification of PricewaterhouseCoopers LLP as the independent registered public accounting firm. Ratification of the selection of PricewaterhouseCoopers LLP requires the affirmative vote of the holders of a majority of the shares of Common Stock present in person or by proxy, and entitled to vote at the Meeting. Unless you give contrary instructions in your proxy, your proxy will be voted FOR such ratification. Abstentions will be counted as shares entitled to vote on the proposal and will have the

same effect as a vote AGAINST the proposal. A broker non-vote will be counted for purposes of establishing a quorum, but will not be treated as a share entitled to vote on the proposal. This will have the effect of reducing the absolute number of shares necessary to approve the proposal.

COMPENSATION DISCUSSION AND ANALYSIS**Overview*****Compensation Committee***

The Compensation Committee (the “Committee”) sets and administers the policies that govern the compensation of executive officers and directors of Patterson-UTI. As part of its duties, the Committee determines the compensation of Patterson-UTI’s executive officers who are named in the Summary Compensation Table appearing elsewhere in this proxy statement (the “Named Executive Officers”) and grants all awards of restricted stock and stock options under

Patterson-UTI's long-term incentive plan.

The Committee currently consists of Mr. Peak (chairman) and Ms. Smith, each of whom is an independent director as defined by the NASD published listing standards.

Compensation Objectives

The Committee's objectives are to provide to the Named Executive Officers competitive compensation packages that will permit Patterson-UTI to attract and retain highly qualified individuals and to motivate and reward the Named Executive Officers for performance that benefits Patterson-UTI and its stockholders.

Table of Contents

Role of Management and Compensation Consultant

All compensation decisions with respect to the Named Executive Officers of Patterson-UTI are made solely by the Committee. The Committee is permitted under its charter to delegate any of its powers to a subcommittee of the Committee. In performing its duties, the Committee considers input from senior management on individual performance and compensation matters.

In determining compensation for the Named Executive Officers for 2006, the Committee considered a variety of information, including (i) compensation for executive officers at similarly situated oilfield service companies, (ii) historical and projected financial and operational results at Patterson-UTI, including margins achieved, rig activations, net income and earnings before interest, taxes, depreciation and amortization (EBITDA) and return on equity and capital, (iii) historical stock performance, (iv) operational and strategic objectives of Patterson-UTI and (v) individual performance.

In recent years, the Committee has engaged an independent compensation consultant who reports directly to the Committee. In 2006 the Committee retained Frederic W. Cook & Co., Inc. (Cook) to evaluate and make recommendations to the Committee regarding Patterson-UTI s executive compensation philosophy and practices. Cook reviewed the executive salaries, non-equity incentive compensation and long-term incentives for competitiveness with similarly situated companies. Cook was provided a proposed representative peer group within the oilfield services industry based on various criteria and was provided information as to the responsibilities of the members of Patterson-UTI s executive team in relationship to its peers. Cook also reviewed Patterson-UTI s valuation analysis of stock options against its peers for purposes of valuing compensation under Patterson-UTI s incentive plans. Cook was asked to provide its advice as to Patterson-UTI s incentive plans and the Committee s proposed compensation of the Named Executive Officers and the reasonableness of that compensation.

For 2006, the Committee reviewed compensation data from the following companies: BJ Services Company, Cameron International Corporation, Diamond Offshore Drilling Inc., Ensco International Inc., FMC Technologies Inc., Globalsantafe Corp., Grant Prideco Inc., Helmerich & Payne Inc., Nabors Industries Ltd., National Oilwell Varco Inc., Noble Corp., Rowan Companies Inc., Smith International Inc. and Weatherford International Ltd.

Elements of Compensation

Patterson-UTI s compensation program for its Named Executive Officers includes three primary elements: (1) base salary, (2) non-equity incentive compensation in the form of cash bonuses and (3) long-term incentive opportunities in the form of restricted stock and stock options. Below is a summary of each element of compensation. The general intent of the base salary for the Named Executive Officers was for that compensation to be around the 50th percentile of the peer group and for incentive and equity based compensation to be above the 75th percentile. These objectives were established based on Patterson-UTI s historical top tier performance on returns on assets and equity and long-term share value creation against peers.

Base Salary

Historically, the Committee has emphasized performance-based compensation in the form of non-equity and equity incentive compensation and has minimized salary adjustments. From 2004 through 2006 there were no increases to the base salaries of the Named Executive Officers. In February 2007, the base salary of Mr. Berns was increased to \$265,000.

Although adjustments to the base salaries of the Named Executive Officers have been minimized in recent years, the base salaries of Named Executive Officers are reviewed and determined annually by the Committee based on (i) subjective evaluations of the officer's functional position and specific performance, (ii) assessment of the relative importance of each position at Patterson-UTI, (iii) a comparison to salary ranges for executives of other companies in the oilfield service industry with market, financial and operational characteristics similar to those of Patterson-UTI, (iv) Patterson-UTI's financial results and position and (v) Patterson-UTI's performance compared to similar companies.

Table of Contents

Non-Equity Incentive Compensation

The Named Executive Officers have historically received non-equity incentive compensation in the form of annual cash bonuses designed to put a meaningful portion of total compensation at risk. In recent years, non-equity incentive compensation for the Named Executive Officers has been tied to a bonus pool based upon Patterson-UTI's EBITDA. For target bonus purposes, the bonus pool would then be allocated among the Named Executive Officers of Patterson-UTI pursuant to a pre-determined sharing percentage that reflected a team-based philosophy as well as the organizational structure of the top management team. The total bonus and target allocation is subject to modification by the Committee at its discretion. EBITDA has been chosen as the performance measure for the annual cash bonus because Patterson-UTI believes it is an important measure of current year financial performance.

In 2006, the target bonus pool for the Named Executive Officers, subject to a minimum threshold, was two-thirds of one percent of Patterson-UTI's EBITDA adjusted within the discretion of the Committee. The target allocation of the bonus pool for each Named Executive Officer was as follows: one-third to Cloyce A. Talbott, one-third to Mark S. Siegel, one-sixth to John E. Vollmer III and one-sixth to Kenneth N. Berns.

The aggregate bonus pool paid to the Named Executive Officers for 2006 was \$8,250,000, and the amount of individual cash bonuses paid to each Named Executive Officer is included in the Summary Compensation Table on page 11 of this proxy statement. Consistent with Patterson-UTI's emphasis on performance-based compensation, non-equity incentive compensation for 2006 represented more than 80% of each Named Executive Officer's total cash compensation from Patterson-UTI for the year.

Long-Term Incentive Compensation

Long-term incentive compensation for the Named Executive Officers consists of both awards of shares of restricted stock and options to purchase Common Stock, each of which typically vest over three or four years. Awards of such equity-based compensation reflect the Committee's desire to provide the Named Executive Officers with additional incentives by increasing their proprietary interest in the success of Patterson-UTI. The Committee believes that there should be an emphasis on equity-based compensation in order to provide incentives and rewards that are closely aligned with stockholders. The Committee reviews equity-based compensation of the Named Executive Officers on an annual basis.

Patterson-UTI's equity-based compensation has historically been given significant weight, along with non-equity incentive compensation, in the overall compensation package of the Named Executive Officers. The allocation of equity-based compensation among the Named Executive Officers is made by the Committee based on various factors, including the executive's position and contribution to the overall goals and objectives of Patterson-UTI. The allocation and mix of equity-based compensation between restricted stock and options in 2006 followed this approach, with an emphasis on option-based compensation over restricted stock in order to ensure that the greatest awards would only be earned for increases in Patterson-UTI's equity value.

The Committee's practice has generally been to grant stock options and/or restricted stock to Named Executive Officers at a meeting following the conclusion of Patterson-UTI's first or second quarter. Such meetings are typically held prior to regular quarterly Board meetings and Patterson-UTI's public release of quarterly earnings information. Options have been granted at an exercise price equal to the closing price of Patterson-UTI's stock on the date of grant.

Retirement Plans

Patterson-UTI offers a 401(k) plan to its employees, including its Named Executive Officers. In 2007, participants may contribute a portion of their base salary to the 401(k) plan, subject to federal limits. Patterson-UTI makes matching contributions up to four percent of each participant's eligible base salary. The Named Executive Officers of Patterson-UTI are eligible to participate in the 401(k) plan on the same basis as other employees. Patterson-UTI does not have any other retirement plan.

Table of Contents

Perquisites and Personal Benefits

Patterson-UTI provides limited perquisites to its Named Executive Officers. Mr. Talbott is given limited use of Patterson-UTI's airplane for his personal travel. The incremental cost to Patterson-UTI of Mr. Talbott's personal use of the airplane is included as "All Other Compensation" to him in the Summary Compensation Table on page 11 of this proxy statement. The lack of commercial airline service in Snyder, Texas is a substantial factor in the decision to provide this benefit to Mr. Talbott. Mr. Talbott is also provided with certain other limited perquisites, including occasional personal use of Patterson-UTI's suite at a sporting venue, the use of a Company automobile and membership dues at a country club, each of which is included in "All Other Compensation" to him in the Summary Compensation Table on page 11 of this proxy statement.

Share Ownership Guidelines

The Committee in 2004, with the approval of the Board, enacted share ownership guidelines applicable to all executive officers and directors of Patterson-UTI. Under this policy and subject to a four-year phase-in, each of Patterson-UTI's Chairman, Chief Executive Officer and President is required to hold shares of Common Stock having a value equal to at least five times the officer's base salary and each of Patterson-UTI's other executive officers is required to hold shares of Common Stock having a value equal to at least three times the officer's base salary. The Committee also imposed share ownership guidelines for directors. Under those guidelines, subject to a four-year phase-in, each director of Patterson-UTI is required to hold shares of Common Stock having a value equal to at least four times the cash compensation provided to the director. Each of the Named Executive Officers is in compliance with the share ownership guidelines as of the date of this proxy statement.

Change in Control Agreements

Patterson-UTI has entered into change in control agreements with its Named Executive Officers as further described in this proxy statement under the heading "Change in Control Arrangements; Employment Contracts; Indemnification Agreements." Further, Patterson-UTI has entered into written letter agreements with each of Messrs. Siegel, Berns and Vollmer confirming and evidencing the existing agreements between Patterson-UTI and each of them pursuant to which Patterson-UTI has agreed to pay each such person within ten days of the termination of his employment with Patterson-UTI for any reason (including voluntary termination by him), an amount in cash equal to his annual base salary at the time of such termination. Any such payment made by Patterson-UTI pursuant to the agreement evidenced in these letter agreements will reduce dollar for dollar any payment owed to such person, if any, pursuant to the change in control agreements discussed above.

Section 162(m) Considerations

In considering compensation decisions for the executive management of Patterson-UTI, the Committee routinely considers the potential effect of section 162(m) of the Internal Revenue Code. Section 162(m) imposes a limitation on corporate tax deductions for non-performance based compensation to certain officers that exceeds \$1 million that can be taken by a publicly held corporation for compensation paid to certain of its executive officers. The Committee believes that tax deduction limitations should not compromise Patterson-UTI's ability to establish and maintain appropriate executive compensation programs and reserves the right to award non-deductible compensation.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis included in this proxy statement required by Item 402(b) of Regulation S-K with management and, based upon such review and

discussion, the Compensation Committee has recommended to the Board that the Compensation Discussion and Analysis be included in this proxy statement.

(1) For the year ended December 31, 2006, the bonus plan for Named Executive Officers provided for a bonus pool based on earnings before interest, taxes, depreciation and amortization (EBITDA) subject to a minimum EBITDA of \$400 million. The bonus pool was allocated among the Named Executive Officers based on a pre-determined sharing percentage. The threshold amount presented in this table is calculated for each Named Executive Officer based on an assumed EBITDA of \$400 million and the allocation formula applied to the bonus pool for distribution among the Named Executive Officers, although the bonus plan for Named Executive Officers provides for no payment if the minimum EBITDA of \$400 million is not satisfied. The target amount is calculated based on Patterson-UTI's actual EBITDA for 2006 and the allocation formula applied to the bonus pool for distribution among the Named Executive Officers. The target amounts presented in the table differ from the actual amounts earned presented in the Summary Compensation Table as a result of a discretionary

adjustment to the total bonus pool by the Compensation Committee. The cash bonuses awarded from the bonus pool are awarded under the 2005 Long-Term Incentive Plan (the 2005 Plan), which has been designed to meet the requirements of section 162(m) of the Internal Revenue Code. Although the bonus pool for the Named Executive Officers does not have an EBITDA cap, the maximum amount that may be awarded to an individual under any cash-based performance award granted under the 2005 Plan during a 12-month period is \$5,000,000.

- (2) Shares of restricted stock were awarded pursuant to the terms and conditions of the Patterson-UTI Energy, Inc. 2005 Long Term Incentive Plan. These shares vest over a four year period as follows: 50% on August 1, 2009 and 50% on August 1, 2010.
- (3) Options were granted pursuant to the terms and conditions of the Patterson-UTI Energy, Inc. 2005 Long Term Incentive Plan. Those options vest over a three year period as follows: 33.33% on August 1, 2007, and then in equal monthly installments over the twenty-four months following August 1, 2007.
- (4) The grant-date fair value of restricted stock is based on the closing price of Patterson-UTI Common Stock on the date of grant which is consistent with the valuation used by Patterson-UTI for the recognition of compensation expense under FAS 123R. The grant-date fair value of stock options was determined using the Black-Scholes option pricing model, which is consistent with the valuation used by Patterson-UTI for the recognition of compensation expense under FAS 123R, with assumptions that are more fully described in Note 11 to the consolidated financial statements in Patterson-UTI's Annual Report on Form 10-K for the year ended December 31, 2006.

**CHANGE IN CONTROL ARRANGEMENTS; EMPLOYMENT CONTRACTS;
INDEMNIFICATION AGREEMENTS; CERTAIN PAYMENTS**

On January 29, 2004, Patterson-UTI entered into change in control agreements with Messrs. Siegel, Talbott, Berns and Vollmer (each agreement, an Agreement and collectively, the Agreements; and each individual, an Employee and collectively, the Employees). The Agreements were entered into to protect the Employees should a change in control occur, thereby encouraging the Employee to remain in the employ of Patterson-UTI and not be distracted from the performance of his duties to Patterson-UTI by the possibility of a change in control.

In the event of a change in control of Patterson-UTI in which an Employee's employment is terminated by Patterson-UTI other than for cause or by the Employee for good reason, the terms of the Agreement would entitle the Employee to, among other things:

a bonus payment equal to the greater of the highest bonus paid after the Agreement was entered into and the average of the two annual bonuses earned in the two fiscal years immediately preceding a change in control (such bonus payment prorated for the portion of the fiscal year preceding the termination date),

a payment equal to 2.5 times (in the case of Messrs. Siegel and Talbott) or 1.5 times (in the case of Messrs. Berns and Vollmer) of the sum of (1) the highest annual salary in effect for such Employee and (2) the average of the three annual bonuses earned by the Employee for the three fiscal years preceding the termination date, and

continued coverage under Patterson-UTI's welfare plans for up to three years (in the case of Messrs. Siegel and Talbott) or two years (in the case of Messrs. Berns and Vollmer).

Each Agreement provides the Employee with a full gross-up payment for any excise taxes imposed on payments and benefits received under the Agreements or otherwise including other taxes that may be imposed as a result of the gross-up payment.

A change in control is principally defined by the Agreement as:

an acquisition by any individual, entity or group of beneficial ownership of 35% or more of either Patterson-UTI's then outstanding Common Stock or the combined voting power of the then outstanding voting securities of Patterson-UTI entitled to vote in the election of directors,

a change occurs in which the members of the Board of Directors as of the date of the Agreement cease to constitute at least a majority of Patterson-UTI's Board of Directors unless that change occurs through a vote of at least a majority of the incumbent members of the Board of Directors, or

a change in the beneficial ownership of Patterson-UTI following consummation of a reorganization, merger, consolidation, sale of Patterson-UTI or any subsidiary of Patterson-UTI or a disposition of all or substantially all of the assets of Patterson-UTI in which the beneficial owners immediately prior to the transaction own 65% or less of outstanding Common Stock of the newly combined or merged entity.

Table of Contents

The Agreements terminate on the first to occur of:

the Employee's death, disability or retirement,

the termination of the Employee's employment, or

three years from the date the Agreement was signed although, unless otherwise terminated, the Agreements will automatically renew for successive twelve-month periods unless Patterson-UTI notifies the Employee at least 90 days before the expiration of the initial term or the renewal period, as applicable, that the term will not be extended. Patterson-UTI did not provide any such notification to the Employees before the expiration of the initial term.

All unvested stock options and restricted stock awards held by Named Executive Officers vest upon a change of control as defined by the underlying award agreements. All restricted stock awards held by Named Executive Officers contain provisions that in the event of termination due to death or disability, the Named Executive Officer would vest in a portion of the unvested restricted stock. See footnote 4 in the table below.

Patterson-UTI has entered into written letter agreements with each of Messrs. Siegel, Berns and Vollmer confirming and evidencing the existing agreements between Patterson-UTI and each of them pursuant to which Patterson-UTI has agreed to pay each such person within ten days of the termination of his employment with Patterson-UTI for any reason (including voluntary termination by him), an amount in cash equal to his annual base salary at the time of such termination. Any such payment made by Patterson-UTI pursuant to the agreement evidenced in these letter agreements will reduce dollar for dollar any payment owed to such person, if any, pursuant to the change in control agreements discussed above.

Amounts that each of the Named Executive Officers would be entitled to under the existing agreements if a change in control were to occur as of December 31, 2006 are reflected in the following table:

Name	Cash Payments		Option Awards	Other Benefits		Total
	Bonus Payment	Salary and Bonus		Stock Awards	Continued Benefits	
	\$(2)	\$(3)	\$(4)	\$(4)	\$(5)	(\$)
Cloyce A. Talbott	\$ 1,000,000	\$ 2,839,440	\$ 54,532	\$ 2,555,300	\$ 5,439	\$ 6,454,711
John E. Vollmer III	\$ 1,250,000	\$ 1,301,832	\$ 27,268	\$ 1,277,650	\$ 2,908	\$ 3,859,658
Mark S. Siegel	\$ 1,650,000	\$ 3,131,107	\$ 54,532	\$ 2,555,300	\$	\$ 7,390,939
Kenneth N. Berns	\$ 900,000	\$ 1,036,832	\$ 27,268	\$ 1,277,650	\$	\$ 3,241,750
A. Glenn Patterson(1)			\$ 54,532	\$ 1,858,400		\$ 1,912,932

(1) A. Glenn Patterson's Agreement terminated when he ceased to be President and Chief Operating Officer in May 2006. The terms of his option and stock awards remained unchanged and such award agreements include a provision that unvested shares will automatically vest upon a change in control.

(2) The assumed bonus payment is equal to the highest annual bonus paid after the Agreements were entered into.

(3)

The assumed salary and bonus payment represents 2.5 times (in the case of Messrs. Siegel and Talbott) or 1.5 times (in the case of Messrs. Berns and Vollmer) of the sum of the 2006 salary in effect for each employee and the average of the annual bonuses earned by each employee for 2005, 2004 and 2003. Bonus amounts earned in 2006 were not considered in this calculation as they were not determined until subsequent to December 31, 2006.

- (4) Each of the Named Executive Officers' option and stock award agreements provide that unvested options and awards will immediately vest upon a change in control. Amounts presented in the table represent the value of unvested option and stock awards using the market price of Patterson-UTI Common Stock at December 31, 2006. All restricted stock awards held by Named Executive Officers provide that in the event of termination of employment due to death or disability, the Named Executive Officer would vest in a portion of the unvested restricted stock. With respect to Messrs. Talbott and Siegel, such a termination at December 31, 2006 would have resulted in the accelerated vesting of 57,355 shares with a fair value of \$1,332,357. With respect to Messrs. Vollmer and Berns, such a termination at December 31, 2006 would have resulted in the accelerated

Table of Contents

vesting of 28,677 shares with a fair value of \$666,167. With respect to Mr. Patterson, such a termination would have resulted in the accelerated vesting of 53,713 shares with a fair value of \$1,247,753.

- (5) Messrs. Talbott and Vollmer participate in the Company's health and welfare plans as of December 31, 2006. The amounts presented represent the Company portion of the premiums for three years in the case of Mr. Talbott and two years in the case of Mr. Vollmer based on the rates in effect at December 31, 2006.

In May 2006, Patterson-UTI entered into an employment agreement with A. Glenn Patterson pursuant to which Patterson-UTI will employ Mr. Patterson for five years at an annual compensation of \$250,000 per year.

Patterson-UTI has entered into an indemnification agreement with each of its Named Executive Officers and directors containing provisions that may require Patterson-UTI, among other things, to indemnify such executive officers and directors against liabilities that may arise by reason of their status or service as executive officers or directors (subject to certain exceptions) and to advance expenses incurred as a result of any proceeding against them as to which they could be indemnified.

CERTAIN TRANSACTIONS

In connection with the acquisition by REMY Capital Partners III, L.P. (REMY Capital) of an ownership interest in UTI in March 1995, REMY Capital succeeded to a registration rights agreement with UTI. As the successor-in-interest to UTI, Patterson-UTI assumed this registration rights agreement pursuant to which REMY Capital has the right to require Patterson-UTI to use its reasonable efforts to register shares held by REMY Capital under the Securities Act of 1933, as amended. In the event that such rights are exercised in connection with a primary offering proposed by Patterson-UTI (or a secondary offering with which Patterson-UTI agrees to participate), REMY Capital would bear its pro rata share of the costs of the offering, other than legal, accounting and printing costs, all of which Patterson-UTI would bear. In the event that REMY Capital elected to exercise such rights other than in connection with an offering in which Patterson-UTI participates, REMY Capital would bear all costs of the offering. These rights continue so long as REMY Capital continues to own the Common Stock that it acquired in March 1995. As of the date of this proxy statement, REMY Capital continues to hold 1,541,548 shares of Common Stock.

Mr. Siegel, Chairman of the Board of Patterson-UTI, is President and sole stockholder of REMY Investors, which is the general partner of REMY Capital. Mr. Berns, a director and Senior Vice President of Patterson-UTI, is an executive of REMY Investors.

In connection with Mr. Vollmer's appointment as Chief Financial Officer, Patterson-UTI delivered a letter to Mr. Vollmer dated February 6, 2006 (the Letter Agreement). Pursuant to the Letter Agreement, Patterson-UTI agreed, to the extent permitted by law and provided that the applicable accounting restatement pending at that time did not result from Patterson-UTI's material non-compliance with financial reporting requirements under the federal securities laws as a result of knowing misconduct by Mr. Vollmer:

Patterson-UTI is not entitled to and will not make any claim against Mr. Vollmer for reimbursement of any bonus or other incentive or equity based compensation received by him or any profits realized by him from the sale of securities of Patterson-UTI, under Section 304 of the Sarbanes-Oxley Act of 2002 (Section 304) on account of the restatement of any financial statements of Patterson-UTI covering any accounting period ending on or prior to September 30, 2005;

Patterson-UTI will not make any claim against Mr. Vollmer for any profits realized from the sale of securities of Patterson-UTI that were owned by him prior to his becoming Chief Financial Officer or were acquired by him on account of the exercise of options or the settling of restricted stock units that were held by him

immediately prior to his becoming Chief Financial Officer, under Section 304 on account of the restatement of any financial statements of Patterson-UTI covering any period during which he was Chief Financial Officer; and

Patterson-UTI will indemnify Mr. Vollmer against all losses in connection with his defense of any claim against him under Section 304 in contravention of the two immediately preceding bullets, to the extent he is

Table of Contents

obligated to reimburse Patterson-UTI for any bonus or other incentive or equity compensation received by him or any profits realized by him for the sale of Patterson-UTI securities.

Notwithstanding court decisions that Patterson-UTI's right to make any such claims appears doubtful, Patterson-UTI has entered into this agreement because of the breadth of language of Section 304 and the uncertainty as to how the statute may be interpreted by the courts in the future and the importance of Mr. Vollmer's continued service as Chief Financial Officer.

Patterson-UTI operates certain oil and natural gas properties in which certain of Patterson-UTI's affiliated persons have participated, either individually or through entities they control. These participations have typically been through working interests in prospects or properties Patterson-UTI originated or acquired. At December 31, 2006, affiliated persons were working interest owners in 281 of the 330 total wells Patterson-UTI operated. Patterson-UTI makes sales of working interests to reduce its economic risk in the properties. Generally, it is more efficient for Patterson-UTI to sell the working interests to these affiliated persons than to market them to unrelated third parties. Sales of working interests to affiliated parties were made at cost, comprised of Patterson-UTI's costs of acquiring and preparing the working interests for sale plus a promote fee in some cases. These costs were paid by the working interest owners on a pro rata basis based upon their working interest ownership percentage. The price at which working interests were sold to affiliated persons was the same price at which working interests were sold to unaffiliated persons, except that in some cases the affiliated persons also paid a promote fee.

Production revenues and joint interest costs of each of the affiliated persons during 2006 for all wells operated by Patterson-UTI in which the affiliated persons have working interests are presented in the table below. These amounts do not necessarily represent their profits or losses from these interests because the joint interest costs do not include the parties' related drilling and leasehold acquisition costs incurred prior to January 1, 2006. These activities resulted in a payable to the affiliated persons of approximately \$1.5 million at December 31, 2006 and a receivable from the affiliated persons of approximately \$1.6 million at December 31, 2006.

Historically Patterson-UTI has had a policy, set forth in various resolutions and recorded actions of the Board of Directors, pursuant to which the Board reviewed, approved and in limited cases ratified related party transactions, including use of the Patterson-UTI airplane by executive officers and family members, co-investment in oil and gas properties by executive officers and other persons related to them, the sale to or purchase from Patterson-UTI of goods and services by entities related to executive officers or directors and similar matters. In approving or disapproving such matters the Board considered whether they were in, or not inconsistent with, the best interest of Patterson-UTI and whether, in appropriate cases, they were on commercial terms at least as favorable to Patterson-UTI as would otherwise be available from a third party. The related party transactions included transactions between Patterson-UTI or one of its subsidiaries and an executive officer, a director, an immediate family member of an executive officer or a director or any entity in which any of the foregoing had a 5% or greater interest or in which they were an executive officer or director.

Patterson-UTI is in the process of consolidating its policies and procedures with respect to related party transactions into a single written policy and including appropriate modifications in light of changing legal requirements.

Based solely on its review of copies of such forms received by it, Patterson-UTI believes that, during the year ended December 31, 2006, its officers, directors and beneficial owners of more than ten percent of a registered class of its equity securities complied with all applicable filing requirements.
