SECTION 2 FINANCIAL INFORMATION

Item 2.05 Costs Associated with Exit or Disposal Activities.

On December 10, 2007, Washington Mutual, Inc. (the Company) announced that, in response to a fundamental shift in the home mortgage market due to credit dislocation and a prolonged period of reduced capital markets liquidity, it intends to significantly change the strategic focus of its Home Loans business to accelerate its alignment with the Company's retail banking operations. As part of these restructuring activities, the Company intends to discontinue all remaining lending through its subprime mortgage channel, close approximately 190 of 336 home loan centers and sales offices, close nine Home Loans processing and call centers, eliminate approximately 2,600 positions in the Home Loans business and approximately 150 positions in related corporate support functions, and close WaMu Capital Corp., its institutional broker-dealer business, as well as its mortgage broker finance warehouse lending operation.

In connection with these activities, the Company estimates that it will incur a pre-tax restructuring charge in the quarter ending December 31, 2007, of approximately \$90 million, which consists of approximately \$30 million in termination benefits, approximately \$30 million in lease termination and other decommissioning costs, and approximately \$30 million in fixed asset write-downs. The Company estimates that of the total estimated pre-tax restructuring charge, approximately \$60 million will result in future cash outlays. The restructuring activities are expected to be completed by March 31, 2008.

The Company will provide additional disclosure, in accordance with Statement of Financial Accounting Standard No. 146, *Accounting for Costs Associated with Exit or Disposal Activities*, in its Annual Report on Form 10-K for the year ended December 31, 2007.

Item 2.06 Material Impairments.

As described above, as a result of the fundamental shift in the mortgage market and the actions the Company is taking to resize its Home Loans business, the Company will incur a fourth quarter 2007 non-cash after-tax impairment charge of approximately \$1.6 billion for the write-down of all goodwill associated with the Home Loans business. This charge will not affect the Company's tangible or regulatory capital or liquidity.

The Company will provide additional disclosure, in accordance with Statement of Financial Accounting Standard No. 142, *Goodwill and Other Intangible Assets*, in its Annual Report on Form 10-K for the year ended December 31, 2007.
