**Arrangement of the Registrant.**

On August 4, 2008, Commercial Metals Company (the *Company*) consummated its offering of \$500,000,000 aggregate principal amount of its 7.35% Notes due 2018 (the *Notes*).

The Notes were offered pursuant to the Company's effective Registration Statement on Form S-3 (File No. 333-144500) under the Securities Act of 1933, as amended (as amended or supplemented, the "*Registration Statement*").

The Company issued the Notes under the indenture, dated as of July 31, 1995 (the *Original Indenture*), between the Company and The Bank of New York Mellon Trust Company, N.A. (formerly known as The Bank of New York Trust Company, N.A., as successor to JPMorgan Chase Bank), as trustee (the *Trustee*), as supplemented by the supplemental indenture, dated as of August 4, 2008 (the "*Supplemental Indenture*"). The Supplemental Indenture is filed as Exhibit 4.1 to this Form 8-K and incorporated herein by reference. The descriptions of the material terms of the Notes and the Supplemental Indenture are qualified in their entirety by reference to such exhibit.

The Notes are unsecured obligations of the Company, ranking equal in right of payment with all the Company's existing and future unsubordinated indebtedness.

The Notes were priced to investors at 99.828% of the principal amount. The Notes will mature on August 15, 2008. Interest on the Notes will be payable on February 15 and August 15 of each year, beginning on February 15, 2009. The interest rate on the Notes will be 7.35% per annum, computed on the basis of a 360-day year consisting of twelve 30-day months.

The Notes are redeemable in whole or in part at any time and from time to time, at the Company's option, at a redemption price equal to the greater of: (i) 100% of the principal amount of the Notes to be redeemed; or (ii) the sum of the present values, calculated as of the redemption date, of the remaining scheduled payments of principal and interest on the Notes to be redeemed (exclusive of interest accrued to the date of redemption) discounted to the date of redemption on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the then current Treasury Rate plus 50 basis points, plus, in each case, the Company will pay accrued and unpaid interest on the principal amount being redeemed to but not including the date of redemption. If the Company elects to redeem fewer than all of the Notes, the Trustee will select in a fair and appropriate manner the Notes to be redeemed.

Upon the occurrence of a change of control triggering event, the Company will be required to make an offer to repurchase all outstanding Notes at a price in cash equal to 101% of the principal amount of the Notes, plus any accrued and unpaid interest to, but not including, the purchase date.

On July 30, 2008, the Company entered into an underwriting agreement, with Banc of America Securities LLC and J.P. Morgan Securities Inc. (the *Underwriters*), as representatives of the several underwriters named therein relating to the underwritten public offering of the Notes (the "*Underwriting Agreement*"). Pursuant to the terms of the Underwriting Agreement, the Company sold the Notes to the Underwriters at a price of 99.178% of the principal amount thereof. The Underwriting Agreement contains usual and customary terms, conditions, representations and warranties and indemnification provisions. The Underwriting Agreement is filed as Exhibit 1.1 to this Form 8-K and is incorporated herein by reference. The description of the material terms of the Underwriting Agreement is qualified in its entirety by reference to such exhibit.
