**PROXY STATEMENT
FOR ANNUAL MEETING OF STOCKHOLDERS
To Be Held May 21, 2009**

These proxy materials are furnished in connection with the solicitation of proxies by the Board of Directors of Actuate Corporation (Actuate or the Corporation) for the Annual Meeting of Stockholders (the Annual Meeting) to be held at Actuate s corporate headquarters located at 2207 Bridgepointe Parkway, Suite 500, San Mateo, California 94404, on Thursday, May 21, 2009, at 9:00 a.m., and at any adjournment or postponement of the Annual Meeting. These proxy materials were first mailed to stockholders on or about April 9, 2009.

PURPOSE OF MEETING

The specific proposals to be considered and acted upon at the Annual Meeting are summarized in the accompanying Notice of Annual Meeting of Stockholders. Each proposal is described in more detail in this Proxy Statement.

VOTING RIGHTS AND SOLICITATION OF PROXIES

Actuate s Common Stock is the only type of security entitled to vote at the Annual Meeting. On March 30, 2009, the record date for determination of stockholders entitled to vote at the Annual Meeting, there were 44,698,142 shares of Common Stock outstanding. Each stockholder of record on March 30, 2009 is entitled to one vote for each share of Common Stock held by such stockholder on March 30, 2009. All votes will be tabulated by the inspector of election appointed for the meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes.

Quorum Required

Holders of a majority of the total outstanding shares of our Common Stock entitled to vote at the Annual Meeting, present in person or represented by proxy, shall constitute a quorum for the transaction of business at the Annual Meeting. If the person present o represented by proxy at the Annual Meeting constitute the holders of less than a majority of the outstanding shares of our Common Stock as of the record date, the Annual Meeting may be adjourned to a subsequent date for the purpose of obtaining a quorum. Abstentions and broker non-votes will be counted as present for the purpose of determining the presence of a quorum.

Votes Required

Proposal 1. Directors are elected by a plurality of the affirmative votes of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting. The six nominees for director receiving the highest number of affirmative votes will be elected. Withheld votes and broker non-votes will have no effect in the outcome of the election of directors.

Proposal 2. Ratification of the appointment of KPMG LLP as Actuate s Independent Registered Public Accountants for the fiscal year ending December 31, 2009 requires the affirmative vote of a majority of those shares present in person or represented by proxy and entitled to vote on Proposal 2. An abstention on Proposal 2 has the effect of a vote against the proposal because it requires the affirmative vote of a majority of the shares present in person or represented by proxy and entitled to vote at the meeting. Broker non-votes will have no effect on the outcome of

Proposal 2 because shares represented by such broker non-votes are not considered present and entitled to vote with respect to the matter.

Table of Contents

Proxies

Whether or not you are able to attend the Annual Meeting, we urge you to promptly vote your shares by telephone, by the Internet or, if this proxy statement was mailed to you, by returning the enclosed proxy card in order that your vote may be cast at the Annual Meeting. The proxy solicited by Actuate's Board of Directors will be voted as you direct on your proxy when properly completed. In the event no directions are specified, such proxies will be voted FOR the nominees of the Board of Directors as set forth in Proposal 1 and FOR Proposal 2 and in the discretion of the proxy holders as to other matters that may properly come before the Annual Meeting. You may also revoke or change your proxy at any time before the Annual Meeting. To do this, send a written notice of revocation or another signed proxy with a later date to the Secretary of Actuate Corporation at Actuate's principal executive offices before the beginning of the Annual Meeting. You may also automatically revoke your proxy by attending the Annual Meeting and voting in person. All shares represented by a valid proxy received prior to the Annual Meeting will be voted.

Solicitation of Proxies

Actuate will bear the entire cost of solicitation, including the preparation, assembly, printing and dissemination of the Notice, this Proxy Statement, the proxy and any additional soliciting material furnished to stockholders. In addition, Actuate may reimburse such persons for their costs of forwarding the solicitation material to such beneficial owners. The original solicitation of proxies by mail may be supplemented by solicitation by telephone, telegram, or other means by directors, officers, employees, or at Actuate's request, The Altman Group (AG) a professional proxy solicitation firm. No additional compensation will be paid to directors, officers or employees for such services, but AG will be paid its customary fee, estimated to be \$1,300 for search and distribution services.

PROPOSAL 1

Board of Directors Meetings and Committees

The Board of Directors held 7 meetings during the fiscal year ended December 31, 2008. The Board of Directors currently has three standing committees: the Audit Committee, the Compensation Committee and the Corporate Governance/Nominating Committee.

Audit Committee The principal functions of the Audit Committee are to monitor the integrity of Actuate's financial statements; oversee the accounting and financial reporting process and the systems of internal accounting and financial controls; review the qualifications (including independence) and performance of the Independent Registered Public Accountants; and oversee compliance with Actuate's ethics policies and applicable legal and regulatory requirements. The Audit Committee met 5 times during 2008. The Audit Committee acts pursuant to a

Table of Contents

written charter adopted by the Board which can be viewed at www.actuate.com. Messrs. Beitzel, Marshall and Whiteman serve on the Audit Committee and the Board has determined that each of them is an independent director under the applicable listing standards of Nasdaq. The Board has determined that Mr. Whiteman is an audit committee financial expert as defined in the rules of the Securities and Exchange Commission.

Compensation Committee The Compensation Committee reviews and sets the compensation for Actuate's Chief Executive Officer and certain of its other executive officers, evaluates the performance of the executive officers, and oversees the administration of Actuate's equity compensation plans. The Compensation Committee reviews and recommends to the Board of Directors the compensation of the non-employee directors. The Compensation Committee met 2 times during 2008. The Compensation Committee acts pursuant to a written charter adopted by the Board that can be viewed at www.actuate.com. Messrs. Beitzel, Marshall and Whiteman serve on the Compensation Committee and the Board has determined that each of them is an independent director under the applicable listing standards of Nasdaq.

The Compensation Committee is authorized to use independent compensation consultants and other professionals to assist in the design, formulation, analysis and implementation of compensation programs for the Corporation's executive officers and other key employees and non-employee directors. In 2008, the Compensation Committee engaged the compensation consulting firm Compensia to identify Actuate's peer group for compensatory purposes, to help it determine appropriate levels of compensation for its executive officers and to otherwise provide advice about executive compensation best practices.

In determining or recommending the amount or form of executive officer compensation each year, the Compensation Committee generally considers the recommendations of compensation consultants engaged by Actuate and/or the Compensation Committee, compensation surveys, such as Radford Group surveys and the High-Tech Executive TDC Survey and recommendations from Actuate's Chief Executive Officer with respect to the compensation of other executive officers based on his annual review of their performance.

Corporate Governance/Nominating Committee The Corporate Governance/Nominating Committee is responsible for overseeing Actuate's corporate governance policies and processes and evaluating and recommending qualified candidates to election to the Board of Directors. The Corporate Governance/Nominating Committee met 2 times during 2008. The Corporate Governance/Nominating Committee acts pursuant to a written charter adopted by the Board that can be viewed on our website at www.actuate.com. Messrs. Beitzel, Marshall and Whiteman serve on the Corporate Governance/Nominating Committee and the Board has determined that each of them is an independent director under the applicable listing standards of Nasdaq.

The Corporate Governance/Nominating Committee does not have a formal policy with regard to the process for identifying and evaluating director nominees. The Corporate Governance/Nominating Committee will give the same consideration to director candidates recommended by the Corporation's stockholders as those candidates recommended by others. To recommend a candidate for the Corporate Governance/Nominating Committee's consideration, a stockholder should follow the procedures set out in the Company's Amended and Restated Bylaws dated January 30, 2009 and submit the required information and materials described in such bylaws, including the candidate's name and qualifications to the Corporation's corporate secretary in writing at the following address: 2207 Bridgepointe Parkway, Suite 500, San Mateo, CA 94404. To date, Actuate has not received director candidates recommended by its stockholders and the Board of Directors believes that it could appropriately address any such recommendations received without a formal policy.

Stockholders may communicate with the Board of Directors by sending a letter to the Corporation's corporate secretary at the following address: 2207 Bridgepointe Parkway, Suite 500, San Mateo, California 94404. Stockholders who would like their submission directed to a particular member of the Board of Directors by the corporate secretary

may so specify.

The Board of Directors has determined that, except as noted below, all members of the Board are independent directors within the meaning of the applicable listing standards of Nasdaq. Messrs. Cittadini and Nierenberg are not considered independent because they are executive officers of Actuate.

Table of Contents

Although Actuate does not have a formal policy regarding attendance by members of the Board of Directors at annual meetings of stockholders, directors are encouraged to attend annual meetings. No directors attended the 2008 annual meeting of stockholders.

For further information concerning such fees, see the section below entitled *Director's Annual Cash Retainer Fees*.
- (2) The amounts in the Option Awards column reflect the compensation cost recognized for financial statement reporting purposes for the fiscal year ended December 31, 2008, in accordance with Statement of Financial Accounting Standards No. 123 revised (SFAS 123(R)) with respect to the outstanding stock option awards made to non-employee directors for service on the Corporation's Board of Directors, whether those awards were made in 2008 or any earlier fiscal year. The reported amounts are based on the grant date fair value of each of those options and have not been adjusted for the potential impact of estimated forfeitures. Assumptions used in the calculation of the SFAS 123(R) cost are included in Note 1 of the Notes to Consolidated Financial Statements in our 2008 Annual Report on Form 10-K filed with the Securities and Exchange Commission on March 12, 2009. The grant date fair value of each of the stock options granted to the non-employee directors during 2008, computed in accordance with SFAS 123(R), was \$64,942. For further information concerning such equity awards, see the section below *Equity Compensation*.

For further information concerning the grant of options to non-employee directors under such plans, see the section below *Equity Compensation* .

Directors' Annual Cash Retainer Fees

In 2008, Messrs. Beitzel, Marshall, Patterson and Whiteman each received a cash retainer of \$50,000 for their service as non-employee directors. Messrs. Beitzel and Marshall received additional cash compensation of \$20,000 for serving on a special committee of the Board of Directors and Mr. Whiteman received \$30,000 for serving as

Chairman of such committee. Directors were also reimbursed for reasonable expenses incurred in connection with their attendance at a board or committee meeting. The 2009 cash retainer for service as a non-employee director has been increased to \$60,000.

Equity Compensation

An individual who first joins the Board as a non-employee director receives an option to purchase 40,000 shares of the Corporation's Common Stock. Each continuing non-employee Board member receives an option to purchase 25,000 shares of the Corporation's Common Stock at each subsequent annual stockholders' meeting. At the 2008 annual stockholders' meeting, each non-employee board member received an option to purchase 25,000 shares of the Corporation's Common Stock, with an exercise price per share of \$4.65, the fair market value of the Common Stock on the grant date. These stock option awards were made under the Company's

Table of Contents

1998 Equity Incentive Plan (the "1998 Plan"). All stock option awards are fully vested and exercisable upon completion of one year of Board service measured from the date of grant. Each option has an exercise price per share equal to the fair market value of the Corporation's Common Stock on the grant date and a term of ten years, subject to earlier termination following the optionee's cessation of Board service. However, vesting automatically accelerates in full upon (i) an approved acquisition of Actuate by merger or consolidation, (ii) a sale of all or substantially all of Actuate's assets, (iii) the successful completion of a tender or exchange offer for securities possessing more than fifty percent (50%) of the total combined voting power of Actuate's outstanding securities, or (iv) the death or disability of the optionee while serving as a Board member.

Additional Director Options

Nicolas C. Nierenberg, Chairman of the Board and Chief Architect, is an executive officer who does not receive additional compensation for services he provides as Chairman of the Board. As of February 28, 2009, Mr. Nierenberg held options to purchase 131,439 shares of the Corporation's common stock under the 1998 Plan and 254,722 options to purchase shares of the Corporation's common stock under the 2001 Plan some of which would continue to vest if Mr. Nierenberg provided services to the Company solely in his capacity as a director.

EQUITY COMPENSATION PLAN INFORMATION

The following table provides information as of December 31, 2008 with respect to shares of our Common Stock that may be issued under our existing equity compensation plans. However, footnote (1) to the table sets forth the total number of shares of our Common Stock issuable upon the exercise of those assumed options as of December 31, 2008, and the weighted average exercise price of those options. No additional options may be granted under those assumed plans.

- (3) Excludes purchase rights accruing under the Purchase Plan. Under the Purchase Plan, each eligible employee may purchase shares of Actuate's Common Stock, subject to a maximum number of shares per offering period (currently 1000 shares) at each semi-annual purchase date within that offering period (the last business day of January and July each year) at a purchase price per share equal to eighty-five percent (85%) of the lower of (i) the closing selling price per share of Common Stock on the date immediately preceding the start date of the offering period in which that semi-annual purchase date occurs and (ii) the closing selling price per share of Common Stock on the semi-annual purchase date.
- (4) This number includes shares available for future issuance under the 1998 Plan, the Directors' Plan and the Purchase Plan. EXECUTIVE COMPENSATION AND RELATED INFORMATION

Compensation Discussion and Analysis

Introduction It is our intent in this Compensation Discussion and Analysis to inform our stockholders of the policies and objectives underlying the compensation programs for our executive officers. Accordingly, we will address and analyze each element of the compensation provided to our chief executive officer (CEO) our senior vice president

operations/chief financial officer (SVPOPS/CFO) and the other executive officers named in the Summary Compensation Table which follows this discussion. We will also discuss how each element of compensation relates to the other elements of compensation. We are engaged in a very competitive industry and our success depends upon our ability to attract and retain qualified executives through competitive compensation packages. The Compensation Committee administers the compensation programs for our executive officers with this competitive environment in mind. However, we believe that the compensation paid to our executive officers should also be substantially dependent on our financial performance and the value created for our stockholders. In furtherance of that objective, the Compensation Committee uses our compensation programs to provide meaningful incentives for the attainment of our short-term and long-term strategic objectives and thereby reward those executive officers who make a substantial contribution to the attainment of those objectives.

Compensation Policy for Executive Officers We have designed the various elements comprising our executive officer compensation packages to achieve the following objectives:

tie a substantial portion of compensation to personal performance, the financial performance of Actuate and the executive s contributions to Actuate s performance;

Table of Contents

attract, retain, motivate and engage highly skilled and experienced individuals who excel in their field; and

align the interests of Actuate's executive officers and stockholders.

Each executive officer's total direct compensation package is comprised of three elements: (i) base salary and perquisites; (ii) a non-equity incentive plan award; and (iii) long-term equity incentive awards in the form of stock option grants. In determining the appropriate level for each element of compensation, the Compensation Committee has generally followed the practice of setting the level of total direct compensation for our executive officers at between the 50th and 75th percentiles based on relevant market data. The Compensation Committee reviews and evaluates the level of Actuate's performance, each executive officer's level of individual performance, tenure, past employment experience, potential to contribute to Actuate's future growth and compensation history. Based on these factors, an executive officer's actual compensation may be set closer to the 50th percentile or to the 75th percentile. Consistent with our philosophy of emphasizing pay for performance, a cash performance bonus constitutes a significant percentage of an executive's overall compensation such that the cash component is designed to pay above target when Actuate exceeds its goals and below target when Actuate does not achieve its goals. Each year, the Compensation Committee reviews tally sheets. The purpose of the tally sheets is to provide the Compensation Committee with a comprehensive snapshot of the elements of actual and potential future compensation that could result from 2008 compensation proposed for our executive officers. The tally sheets were prepared by Compensia and showed the dollar amount of each component of an executive officer's compensation, including current and proposed cash salaries, bonus earned for the prior year and targeted for the 2008 year, current projected values for the proposed equity-based awards based on their net present value, historical compensation and amounts realized and realizable from prior equity awards as well as an estimate of post-termination employment agreement obligations. The review of the tally sheets prepared with respect to 2008 fiscal year compensation did not result in any adjustments to the executive officer compensation levels from what the committee determined based on survey data. From time to time the Compensation Committee will also attempt to validate its prior decisions by reviewing Actuate's performance relative to Actuate's peers.

Comparative Framework The Compensation Committee retained Compensia, an independent compensation consultant, to identify Actuate's peer group, to help it determine compensation levels between the 50th percentile to the 75th percentile at the peer group companies and to otherwise provide advice about executive compensation best practices.

Compensia and the Compensation Committee together determine Actuate's peer group and an appropriate mix of forms of compensation intended to place Actuate's CEO and SVPOPS/CFO between the 50th percentile and 75th percentile of that peer group. The Compensation Committee and Compensia gathered data for its comparisons for 2008 compensation from public filings of software and business intelligence companies of similar size and business as the Company. The companies selected had median revenues of approximately \$152,000,000 and were also selected from the Radford July 2007 High-Tech Executive Survey (Revenue \$50,000,000-\$200,000,000).

In October, 2007 the peer group selected by Compensia and the Compensation Committee was updated from the peer group that was used to determine 2007 compensation (the Updated Peer Group). Six companies were deleted from the peer group due to acquisitions (Agile Software, Embarcadero Technologies, InterVideo, MapInfo, Essex and webMethods), two companies were deleted from the peer group due to an increase in their annual revenue (Informatica and Macrovision) and S1 was added to the peer group because it met the industry and revenue size criteria. The 19 companies which comprised the peer group for purposes of determining 2008 compensation were:

Blackbaud	Napster	Sonic Solutions
Bottomline Technologies	Opentv	SPSS

For other executive officers, Actuate's Human Resources department surveyed compensation practices of United States high tech companies in the \$50,000,000 to \$199,000,000 revenue range using Radford's Executive Survey results. For 2008, Actuate's Human Resources department reviewed each executive officer's base salary and annual non-equity incentive award to determine where their cash compensation fell in a range from the 50th percentile to just over the 75th percentile of the levels in effect for comparable positions at Actuate's peer group. Based on this information, Actuate's CEO recommended an appropriate base salary for each executive officer other than the CEO and SVPOPS/CFO depending on the executive officer's performance, tenure, and past employment experience. The Compensation Committee in consultation with Compensia then reviewed the CEO's recommendations and either revised or approved them based on what the Compensation Committee believed was the appropriate level of total direct compensation and the appropriate mix of base salary and perquisites, a non-equity incentive plan award and a long-term stock-based incentive award.

The net result for the 2008 fiscal year was to bring the total direct cash compensation of the executive officers to approximately the following percentiles of total direct cash compensation of the relevant survey data (the > sign means the amount was slightly above the indicated level):

Executive Officer	Percentile
Peter I. Cittadini	>60th
Daniel A. Gaudreau	>60th
Stephen Fluin	25th
Mark A. Coggins	50th
N. Nobby Akiha	50th
Ilene Vogt	90th

Elements of Compensation Each of the three major elements comprising an executive officer's compensation package (base salary and perquisites, non-equity incentive plan award and long-term equity incentive plan award) is designed to achieve one or more of our overall objectives in fashioning a competitive level of compensation, tying compensation to the attainment of one or more of our strategic business objectives and establishing a meaningful and substantial link between each executive officer's compensation and our long-term financial success. We also strive to achieve an appropriate mix between cash payments and equity incentive awards in order to meet our objectives. We do not rigidly apply any apportionment goal between those two components, and no such goal controls our compensation decisions; however, we emphasize variable compensation elements that provide value to the executive officer in an amount commensurate with both the company's and the individual's performance. Our mix of compensation elements is designed to reward recent results and motivate long-term performance through a combination of cash and equity incentive awards. In deciding on the type and amount of compensation for each executive, we focus on both current pay and the opportunity for future compensation. We combine the compensation elements for each executive in a manner we believe optimizes the executive's contribution to the company.

The manner in which the Compensation Committee has structured each element of compensation may be explained as follows.

Base Salary and Perquisites Each executive officer receives an appropriate level of salary commensurate with the duties and responsibilities required to manage a company of the same size and stage of development as Actuate. Each executive officer's base salary for 2008 was analyzed on the basis of (i) the executive officer's salary history; (ii) the Compensation Committee's evaluation of the executive officer's personal performance in the prior year based on the performance reviews that the CEO presented with respect to executive officers other than himself, (iii) the company's actual performance as compared with pre-set goals for the prior year; and (iv) the Compensation Committee's

perception of an amount sufficient to retain the executive officer in a competitive marketplace for individuals in comparable positions. The weight given to these factors differed from individual to individual, as the Compensation Committee deemed appropriate. Base salaries for executive officers for the 2007 fiscal year ranged approximately from the 25th percentile to the 90th percentile of the market-based salary levels in effect for comparable positions at Actuate's peer group of companies. Based on this analysis, the Committee decided to implement 2008 fiscal year base salary increases for all executive officers ranging from a low of approximately 2.1% to a high of 11.1% from base salaries in effect for the 2007 fiscal year. As a result, base salaries for executive officers for the 2008 fiscal year ranged from approximately the 25th percentile to approximately the 90th percentile

Table of Contents

of the market-based salary levels in effect for comparable positions at Actuate's peer group of companies. Based on this same analysis, and considering the deterioration of the economic environment related to the problems in the global financial services sector and the Company's performance, the Committee decided not to implement base salary increases for any executive officer for the 2009 fiscal year. As a result, and considering Ms. Vogt's departure, base salaries for executive officers for the 2009 fiscal year range from approximately the 25th percentile to approximately the 60th percentile of the market-based salary levels in effect for comparable positions at Actuate's peer group of companies.

Each executive officer other than Mr. Fluin received the following perquisites in 2008: (a) \$1,500 per month car allowance; (b) \$10,000 per year toward medical expenses that are not reimbursed under the Company's group health plan; (c) \$10,000 per year for tax and estate planning; (d) company-paid health care coverage under the company's group health plan; and (e) \$1,500 of premium payments on a policy providing up to \$5,000,000 of umbrella insurance coverage. Mr. Fluin received the following perquisites in 2008: (a) \$1,666 per month car allowance and (b) \$10,000 per year for tax and estate planning. We believe these perquisites are consistent with those provided to executive officers of Actuate's peer group and with compensation best practices generally and are an important factor in retaining Actuate's executive officers.

2008 Non-Equity Incentive Plan Award Actuate seeks to fairly compensate its executive officers for target-level performance and to provide an opportunity to be rewarded for outstanding performance. To this end, a significant portion of the total compensation for our executive officers is tied to achievement of financial goals that the Compensation Committee and executive management believe to be fundamental drivers of Actuate's overall performance and that align executive management with the interests of Actuate's stockholders. As part of this pay for performance approach, Actuate's 2008 non-equity incentive plan required executive officers to achieve pre-set, objective, quantitative goals in areas identified by the Compensation Committee (with respect to the CEO and SVPOPS/CFO) and the Compensation Committee in consultation with the CEO (with respect to other executive officers) as key drivers for Actuate's success. Each incentive award was set at a target level tied to a specified percentage of the executive officer's base salary. The actual amount of the incentive award was dependent upon the level at which the performance objectives for the fiscal year were actually attained. No cash performance incentive award was paid unless Actuate met a pre-established threshold amount of the applicable pre-set, objective goal, each of which is set forth below under the heading Levels of Attainment/Targets and Goals. Actuate established different metrics for its CEO and SVPOPS/CFO versus its other executive officers: Mr. Cittadini and Mr. Gaudreau are encouraged to increase license revenue, control costs, increase productivity, consistently drive earnings and drive open source driven revenue. Actuate's other executive officers are encouraged to increase license bookings and open source driven revenue, which Actuate believes are key drivers of stockholder value. By establishing these different metrics, Actuate believes that each executive officer's compensation is more directly tied to areas under his or her control and based on measures aligned with the interests of Actuate's stockholders. The Company's CEO retained the ability to make discretionary bonus grants to executive officers other than the CEO and SVPOPS/CFO throughout 2008.

For the 2008 fiscal year, quarterly target incentive awards for Mr. Coggins and Mr. Akiha were set as the following percentages of base salary:

Name	Percent of Base Salary (Quarterly Incentive Award)		
	Threshold	Target	Above-Target
Mark A. Coggins and N. Nobby Akiha	8.5%	10%	(5)

- (1) The Compensation Committee had discretion to review and modify the incentive targets for Mr. Cittadini and Mr. Gaudreau if the economic environment related to the problems in the global financial services section materially changed after June 1. The Compensation Committee had discretion to grant Mr. Cittadini and Mr. Gaudreau a special bonus if non-GAAP EPS was greater than or equal to \$0.39, license revenue was equal to or greater than \$54,800,000 or open source driven revenue was greater than \$22,000,000.
- (2) Mr. Fluin could earn an annual commission payment based on performance management group license bookings. This commission was to be equal to 85% of his base salary from a threshold achievement level of 85% of target to 94% of target. Upon achievement of 95% of target, his commission would equal 95% of his base salary and continue on a straight-line basis until the target was reached.
- (3) Ms. Vogt could earn an annual commission payment based on annual enterprise group license and professional services bookings. This commission was to be equal to 85% of her base salary from a threshold achievement level of 85% of target through 94% of target. Upon achievement of 95% of target, her commission would equal 95% of her base salary and continue on a straight-line basis until the target was reached. In lieu of this commission and upon her termination, Ms. Vogt received a severance payment in an amount equal to 85% of 50% of her commission at the target level of achievement.
- (4) Mr. Coggins and Mr. Akiha could each earn a supplemental bonus equal to 0.2% of his base salary for each \$100,000 by which the Company exceeded 100% of the worldwide annual goal for worldwide license bookings. For fiscal year 2008, this goal was \$51,200,000.
- (5) The amount of the non-equity incentive award associated with quarterly license revenue continued to increase on a straight line basis to the extent the Company exceeded its target.

Levels of Attainment/Targets and Goals

The goals set under the annual non-equity incentive plan for Mr. Cittadini and Mr. Gaudreau for the 2008 fiscal year were tied to pre-set levels of annual license revenue, Non-GAAP earnings per share and open source driven revenue. The specific goals at threshold, target and above target levels were as follows:

Goal	Threshold	Goals Target	Max Above-Target
License revenue	\$ 39,040,000	\$ 48,800,000	\$ 54,800,000
Non-GAAP earnings per share	\$ 0.26	\$ 0.33	\$ 0.39
Open source driven revenue	\$ 12,800,000	\$ 16,000,000	\$ 22,000,000

The goals set under the annual non-equity incentive plan for Mr. Fluin for the 2008 fiscal year were tied to pre-set levels of total annual performance management group license bookings as described above in footnote (2) as set forth in the following table:

Goal	Threshold	Goals Target	Above-Target
Total annual performance management group license bookings	\$ 10,200,000	\$ 12,000,000	n/a

Table of Contents

The goals set under the annual non-equity incentive plan for Ms. Vogt for the 2008 fiscal year were tied to pre-set levels of total annual enterprise group license and professional services bookings as described above in footnote (3) as set forth in the following table:

Goal	Threshold	Goals Target	Above-Target
Total annual enterprise group license bookings	\$ 42,500,000	\$ 50,000,000	n/a
Annual professional services bookings	\$ 10,880,000	\$ 12,800,000	n/a

The goals set under the quarterly non-equity incentive plan for Mr. Coggins and Mr. Akiha for the 2008 fiscal year were: (i) quarterly license bookings targets: Q1:\$10,000,000; Q2:\$11,900,000; Q3: \$13,600,000; Q4:\$15,700,000; (ii) quarterly open source driven revenue targets: Q1:\$3,500,000; Q2:\$4,500,000; Q3: \$5,500,000; Q4:\$6,500,000. Mr. Coggins and Mr. Akiha were each eligible to receive a supplemental bonus equal to 0.2% of their base salary for each \$100,000 the Company exceeded 100% of the worldwide annual goal for license bookings, which for fiscal year 2008 was \$51,200,000.

Actual 2008 Non-Equity Incentive Awards

The actual incentive awards paid to each executive officer for the 2008 fiscal year reflect the level at which these pre-set, objective, quantitative goals were attained. For performance that fell between designated levels, the incentive award amount for that goal was interpolated on a straight linear basis.

2009 Incentive Awards

In January 2009, the Compensation Committee approved the 2009 non-equity incentive plan targets for Mr. Coggins and Mr. Akiha after consulting with Compensia and Mr. Cittadini. These are tied to non-GAAP operating income and open source driven revenue. For the 2009 fiscal year, the target incentive awards were set at the following percentages of executive officer base salary – Mr. Coggins and Mr. Akiha: 40%. The Compensation Committee chose these goals to encourage Mr. Coggins and Mr. Akiha to focus on profitability and growing open source driven revenue which is the Company's major strategic initiative for 2009. Mr. Fluin's duties and responsibilities in 2009 did not qualify him as a Section 16 officer.

In March 2009, after consulting with Compensia, the Compensation Committee approved the 2009 non-equity incentive plan targets for Mr. Cittadini and Mr. Gaudreau. The goals set for the 2009 fiscal year under the non-equity incentive plan for Mr. Cittadini and Mr. Gaudreau were tied to pre-set levels of total revenue, non-GAAP EPS and open source driven revenue. The Compensation Committee chose these goals to encourage Mr. Cittadini and Mr. Gaudreau to continue to focus on growing the total revenue of the Company as well as profitability and growing open source driven revenue, which is the Company's major strategic initiative for 2009.

For 2009, Mr. Cittadini's and Mr. Gaudreau's incentive awards are set at a target level tied to a specified percentage of their base salary. The actual amount of the incentive award is dependent upon the level at which the performance objectives for the fiscal year are actually attained. For the 2009 fiscal year, the target incentive awards for Mr. Cittadini and Mr. Gaudreau were set as the following percentages of base salary:

Name	Percent of Base Salary	
	Threshold	Target

			Max Above-Target
Peter I. Cittadini	36.5%	73%	220%
Daniel A. Gaudreau	35.5%	71%	214%

Long-Term Equity Incentive Awards Actuate has structured its long-term incentive program for executive officers in the form of stock option grants, primarily under the 1998 Plan. Actuate's long-term equity compensation is designed to strengthen the mutuality of interests between Actuate's executive officers and its stockholders by giving executive officers a significant stake in the future performance of Actuate's stock. Option grants provide a return only if an executive officer remains employed by Actuate and then only if the market price of Actuate's common stock appreciates over the option term.

Table of Contents

Generally, to immediately align an executive officer with the interests of Actuate's stockholders, a significant option grant is made in the year that an executive officer commences employment. Thereafter, option grants may be made at varying times and in varying amounts to reward an executive officer for past performance, to provide a continuing incentive for future performance and to further align executive officer and stockholder interests. The guidelines for equity grants are structured in consideration of peer group practice with respect to the economic value (Black-Scholes/binomial value) of the equity compensation provided, the number of shares granted each year as a percent of total common shares outstanding, and actual number of shares granted. These different guidelines are taken into consideration due to the inherent limitations of any one methodology. Actuate tends to give the most weight to the number of shares granted each year as a percent of total common shares outstanding. Actuate recognizes that a common practice is to determine equity guidelines solely based on the economic value of the award at the time of grant. However, the number of shares that would be required to deliver a market competitive equity incentive grant based on this methodology would be extremely high, due to Actuate's current stock price, and would result in a total annual equity grant level that the Company does not believe is in the best interests of stockholders. The third guideline, the actual number of shares granted, is given little weight because it does not account for the total number of outstanding shares and does not facilitate a comparison of annual grant levels from year to year as a percentage of the outstanding shares.

The Compensation Committee determines the actual number of shares to be subject to each option grant. Generally, the size of each grant is set at a level that the Compensation Committee deems appropriate to create a meaningful opportunity for stock ownership based upon the individual's position with Actuate, the individual's potential for future responsibility and promotion, the individual's performance in the recent period and the number and value of vested and unvested options held by the individual at the time of the new grant. The relative weight given to each of these factors will vary from individual to individual at the Compensation Committee's discretion.

Each option grant allows the executive officer to acquire shares of Actuate's common stock at a fixed price per share (the closing selling price on the grant date) over a specified period of time. Options typically vest in installments over a four-year period, contingent upon the executive officer's continued employment with Actuate. The vesting schedule and the number of option shares granted are established to ensure a meaningful incentive in each year following the year of grant until all shares are vested.

In January 2008, the Company granted stock options to Mr. Cittadini (300,000 shares), Mr. Gaudreau (200,000 shares), Ms. Vogt (100,000 shares), Mr. Coggins (100,000 shares), Mr. Akiha (75,000 shares) and Mr. Fluin (50,000 shares). In January 2009, the Company granted stock options to Mr. Cittadini (250,000 shares), Mr. Gaudreau (175,000 shares), Mr. Coggins (90,000 shares) and Mr. Akiha (90,000 shares). In February 2009, the Company granted stock options to Mr. Cittadini (400,000 shares) and Mr. Gaudreau (40,000 shares). The February 2009 options granted to Messrs. Cittadini and Mr. Gaudreau were awarded in replacement of approximately 80% of options that were previously granted to them but that expired unexercised in December 2008. The Compensation Committee believes that the February 2009 grants are appropriate refresher awards because Messrs. Cittadini and Gaudreau were precluded by the Company's insider trading policies from selling any shares for most of 2008 and thus were unable to exercise their outstanding options through a same-day exercise and sale procedure prior to their expiration. The options that expired in 2008 covered 560,000 shares and 53,667 shares of the Company's common stock for Mr. Cittadini and Mr. Gaudreau, respectively and were in the money at various times during 2008. Because the refresher options issued in replacement cover fewer shares than the option grants that they replace, these refresher grants did not result in any new or additional dilution. In addition, the refresher grants have a five year term, resulting in a lower expense for the awards under Statement of Financial Accounting Standards No. 123R, *Share-Based Payment* than if the awards had the ten year term typically awarded by the Company. Finally, the new grants serve as an important retention vehicle for Messrs. Cittadini and Gaudreau because the grants have a four-year vesting schedule measured from the February 2009 grant date and will only have value if Messrs. Cittadini and Gaudreau remain in the Company's employ during the new vesting period, and then only if the market price of the Company's common stock

appreciates over the February 2009 fair market value of the common stock that serves as the exercise price of those options. All options are subject to the same vesting schedule (twenty-five percent of the option shares will vest on the one year anniversary of the option grant date and the remaining option shares will vest in thirty-six equal monthly installments over the thirty-six month period measured from the first anniversary of the option grant date, provided the optionee continues to provide services to the Corporation through each applicable

vesting date) and all have ten year terms other than the February 2009 grants to Mr. Cittadini and Mr. Gaudreau which have a term of five (5) years. Additional information regarding these awards is set forth in the Summary Compensation Table and the Grants of Plan-Based Awards Table contained in this proxy statement.

Severance Agreements In October 2005, Actuate entered into a change of control severance benefit agreement (the Severance Agreements) with each of the following executive officers named in the Summary Compensation Table: Messrs. Cittadini, Gaudreau, Coggins, Akiha and Ms. Vogt. These agreements were scheduled to expire on December 31, 2007. The Compensation Committee engaged Compensia to conduct a survey to analyze the competitiveness of the Severance Agreements by comparison to the Updated Peer Group. As a result of this survey, the Compensation Committee determined that the Severance Agreements were competitive and entered into new severance agreements that are substantially the same as the prior agreements. However, based on the market data collected by Compensia, the Compensation Committee determined that market practice is to enter into change in control severance agreements with an unlimited duration, and accordingly, the new agreements do not contain an expiration date. A summary of the material terms of the new severance agreements, together with a quantification of the benefits available under the agreements, may be found in the section of the proxy statement entitled Executive Compensation and Related Information Termination of Employment and Change in Control Arrangements. The severance agreements are intended to keep executive management neutral and aligned with the stockholders' best interests when considering an acquisition of Actuate and also to provide a stable transition period following such an acquisition by imposing a double trigger on the benefits provided under such agreements. The severance benefits will only be payable if the executive's employment terminates under certain specified circumstances in connection with a change in control of the company and will not be payable to an executive who leaves Actuate's employ without good reason. Accordingly, the severance agreements provide protection against an involuntary termination or constructive termination following a change in control and will allow the executives to focus their attention on acquisition proposals that are in the best interests of the stockholders, without undue concern as to their own financial situation. For such reasons, we believe the terms of the severance agreements properly motivate the executive management team to evaluate potential change in control transactions in accord with Actuate's stockholders' best interests. We also believe, based on advice from Compensia, that the terms of the severance agreements are within the range of best practices for Actuate's size and stage of development.

Ms. Vogt's severance payment was determined by Mr. Cittadini based on pro rata achievement of her 2008 annual targets.

Stock Option Policies There is no established practice of timing equity grants in advance of the release of favorable financial results or adjusting the award date in connection with the release of unfavorable financial developments affecting our business. Stock option grants to Section 16 officers are made only at duly convened meetings of the Compensation Committee or Board. Performance awards for existing executive officers and employees are typically made in connection with the annual review process which occurs in January each year. Options relating to these performance awards are then granted in the January meeting of the Compensation Committee or Board. The date for the January meeting of the Compensation Committee is normally set approximately one year prior to that meeting. Equity awards for newly hired executives are typically made at the next scheduled Board or Compensation Committee meeting following the executive's hire date. It is our intent that all stock option grants have an exercise price per share equal to the closing selling price per share on the grant date.

Actuate does not have a policy to require executive officers to hold options or other equity for any period of time.

Tax Limitation Under federal tax laws, a publicly-held company such as Actuate is not allowed a federal income tax deduction for compensation paid to certain executive officers to the extent that compensation exceeds \$1.0 million per covered officer in any year. The limitation applies only to compensation that is not performance based. Non-performance based compensation paid to Actuate's covered executive officers for 2008 did not exceed the

\$1.0 million limit per officer and the Compensation Committee does not anticipate that the non-performance based compensation to be paid to the Corporation's executive officers for the 2009 year will be in excess of the deductible limit. To qualify for an exemption from the \$1.0 million deduction limitation, the stockholders approved a limitation under Actuate's 1998 Plan on the maximum number of shares of Common Stock for which any one participant may be granted stock options per calendar year. As a result of that limitation, the compensation deemed

Table of Contents

paid to an executive officer in connection with the exercise of outstanding options under the 1998 Plan with an exercise price equal to the fair market value of the option shares on the grant date should in most instances qualify as performance-based compensation that will not be subject to the \$1.0 million limitation.

The Compensation Committee believes that in establishing the cash and equity incentive compensation programs for the company's executive officers, the potential deductibility of the compensation payable under those programs should be only one of a number of relevant factors taken into consideration, and not the sole governing factor. For that reason the Compensation Committee may deem it appropriate to provide one or more executive officers with the opportunity to earn incentive compensation, whether through cash incentive award programs tied to the company's financial performance or equity incentive grants tied to the executive officer's continued service, which may be in excess of the amount deductible by reason of Section 162(m) or other provisions of the Internal Revenue Code. The Compensation Committee believes it is important to maintain cash and equity incentive compensation at the requisite level to attract and retain the executive officers essential to the company's financial success, even if all or part of that compensation may not be deductible by reason of the Section 162(m) limitation.

Conclusion

Actuate believes the total compensation packages for its executive officers are reasonable and appropriate considering Actuate's size and stage of development, the competitive environment in which it operates, achievement of its annual goals and its overall performance.

The Corporation does not sponsor a pension plan or a non-qualified deferred compensation plan and has not granted stock or stock-based awards other than stock options to its executive officers.

Termination of Employment and Change in Control Agreements

Summary

Upon a Change in Control, each outstanding award under the 1998 Plan will vest and become immediately exercisable as to all the shares subject to such award if that award is not assumed by the surviving corporation or its parent or otherwise replaced with a substitute award with substantially the same terms or preserving the economic

Table of Contents

value of that award. In the event of an involuntary termination of the optionee's employment within 12 months following a Change in Control in which the award is assumed or replaced, the vesting of each award held by such individual will accelerate in full.

Under the 1998 Plan a Change in Control is defined as (i) a merger or consolidation after which Actuate's then current stockholders own less than 50% of the surviving corporation, (ii) a sale of all or substantially all of the assets of Actuate, (iii) a proxy contest that results in replacement of more than one-third of the directors over a 24-month period or (iv) an acquisition of 50% or more of Actuate's outstanding stock by a person other than a trustee of any of Actuate's employee benefit plans or a corporation owned by the stockholders of Actuate in substantially the same proportions as their stock ownership in Actuate.

In December 2007, Actuate amended the change of control severance benefit agreements (the Severance Agreements) with each of the following executive officers: Messrs. Cittadini, Gaudreau, Coggins, Fluin and Akiha and Ms. Vogt in order to conform certain provisions in those agreements to recent changes in the federal tax laws. The Severance Agreements were originally entered into in October 2005. Pursuant to the terms of the Severance Agreements (as amended) in the event the executive officer's employment with Actuate terminates pursuant to an involuntary termination, or his or her resignation for good reason, within 12 months following a change in control of Actuate, or should such executive officer's employment be terminated by Actuate for any reason other than for cause during the period commencing with Actuate's execution of a definitive agreement to effect a change in control of Actuate and ending on the earliest to occur of (i) the closing of the change in control contemplated by such definitive agreement or (ii) the termination of such definitive agreement without the consummation of the contemplated change in control (the Pre-Closing Period), then the executive officer's will become entitled to receive the following change in control severance benefits, provided the executive officer executes a general release of all claims against Actuate: (i) each outstanding option held by the executive officer will become fully vested and exercisable, (ii) a lump-sum cash severance payment in an amount equal to 1.5 times (1 times for Mr. Akiha, Mr. Coggins and Mr. Fluin) the sum of (a) the executive's annual rate of base salary and (b) the executive's average bonus (measured over the 3 years prior to the year of termination), and (iii) continued health care coverage at Actuate's expense for a period of up to 18 months (up to 12 months for Mr. Akiha, Mr. Coggins and Mr. Fluin). However, the executive's right to the lump-sum cash severance payment will be dependent upon the consummation of an actual change in control and the continued health care coverage at Actuate's expense shall cease in the event the change in control is not consummated. Any severance benefits which are treated as parachute payments under Section 280G of the Internal Revenue Code will be subject to reduction, to the extent such reduction would provide the executive officer with the greatest after-tax amount of benefits after taking into account any excise tax to which he or she might be subject under Section 4999 of the Internal Revenue Code. In connection with her termination of employment, Ms. Vogt's Severance Agreement terminated without Ms. Vogt receiving any payments under that agreement.

Quantification of Benefits

The charts below indicate the potential payments each of our executive officers would receive under their Severance Agreements based upon the following assumptions:

- (i) the executive's employment terminated on December 31, 2008 under circumstances entitling the executive to severance benefits under the executive's Severance Agreement,
- (ii) as to any benefits tied to the executive's rate of base salary, the rate of base salary is assumed to be the executive's rate of base salary as of December 31, 2008, and (iii) the change in control is assumed to have occurred on December 31, 2008 and the change in control consideration paid per share of outstanding common stock is assumed to be equal to the closing selling price of our common stock on December 31, 2008, which was \$2.96 per share.

Because the amounts reported below are based on hypothetical circumstances, the amounts payable upon an actual change in control could differ, perhaps materially, from those reported herein.

- (2) As of December 31, 2008, the three year average bonus, upon which a portion of the cash severance amount is calculated, for each executive officer was as follows: Mr. Cittadini, \$403,516; Mr. Gaudreau, \$294,171; Mr. Coggins, \$50,754, Mr. Akiha, \$49,640 and Mr. Fluin \$31,348.
- (3) Represents the intrinsic value of each stock option which vests on an accelerated basis in connection with the change in control or termination of employment and is calculated by multiplying (i) the aggregate number of equity awards which vest on such an accelerated basis by (ii) the amount by which the \$2.96 closing selling price of our common stock on December 31, 2008 exceeds any exercise price payable per vested share.

CERTAIN RELATIONSHIPS, RELATED TRANSACTIONS AND DIRECTOR INDEPENDENCE

Actuate's Articles of Incorporation (as amended and restated) provide that Actuate shall indemnify its directors and officers to the fullest extent permitted by Delaware law, including in circumstances in which indemnification is otherwise discretionary under Delaware law.

Actuate has entered into indemnification agreements with its directors containing provisions that may require Actuate, among other things, to indemnify such officers and directors against certain liabilities that may arise by reason of their status or service as officers and directors (other than liabilities arising from willful misconduct of a culpable nature) and to advance their expenses incurred as a result of any proceeding against them as to which they could be indemnified. Actuate also maintains insurance policies covering officers and directors under which the insurers agree to pay, subject to certain exclusions, for any claim made against the officers and directors of Actuate for a wrongful act that they may become legally obligated to pay for or for which Actuate is required to indemnify the officers or directors.

For a director to be considered independent, the Board must determine that the director does not have any direct or indirect material relationship with Actuate. The Board considers all relevant facts and circumstances in making an independence determination. The independent directors are named above under Proposal 1: Election of Directors. In the course of the Board's determination regarding the independence of each non-employee director, it considered any

and all transactions, relationships and arrangements a director may have with the Corporation. All members of the Audit, Compensation, and Corporate Governance/Nominating Committees must be independent directors. Members of the Audit Committee must satisfy a Securities and Exchange Commission (SEC) independence requirement, which provides that they may not accept directly or indirectly any consulting, advisory or other compensatory fee from Actuate or any of its subsidiaries other than their directors' compensation.

The Board has determined that, except as noted below, all members of the Board are independent directors within the meaning of the applicable listing standards of Nasdaq. Messrs. Cittadini and Nierenberg are not considered independent because they are executive officers of Actuate.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

The members of the Board of Directors, the executive officers of Actuate and persons who hold more than 10% of Actuate's outstanding Common Stock are subject to the reporting requirements of Section 16(a) of the Securities Exchange Act of 1934, as amended, which require them to file reports with respect to their ownership of Actuate's Common Stock and their transactions in such Common Stock. Based upon (i) the copies of Section 16(a) reports that Actuate received from such persons during 2008 for their transactions in the Common Stock and their Common Stock holdings and (ii) the written representations received from one or more of such persons that no annual Form 5 reports were required to be filed by them for 2008, Actuate believes that other than Form 4s related to option grants issued to all executive officers in January 2008, which were filed two days late, all reporting requirements under Section 16(a) for such fiscal year were met in a timely manner by its executive officers, directors and greater than 10% stockholders.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation Committee currently consists of Messrs. Beitzel, Marshall and Whiteman. None of these individuals was at any time during 2008, or at any other time, an officer or employee of Actuate. No executive officer of Actuate serves as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving as a member of Actuate's Board of Directors or Compensation Committee.

REPORT OF THE COMPENSATION COMMITTEE

Based on its review and discussion of the Compensation Discussion and Analysis with Actuate's management and, based on that review and discussion, the Compensation Committee recommends to the Board of Directors that the Compensation Discussion and Analysis be included in Actuate's Proxy Statement and 2008 Annual Report on Form 10-K filed with the Securities and Exchange Commission on March 12, 2009.

REPORT OF THE AUDIT COMMITTEE

The following is the report of the Audit Committee with respect to Actuate's audited financial statements for the fiscal year ended December 31, 2008.

The purpose of the Audit Committee is to assist the Board of Directors in its oversight of Actuate's financial reporting, internal controls and audit functions. The Audit Committee Charter describes in greater detail the full duties and responsibilities of the Audit Committee.

The Audit Committee has reviewed and discussed the consolidated audited financial statements with management and KPMG LLP, Actuate's Independent Registered Public Accountants. Actuate management is responsible for financial reporting processes, the preparation of financial statements in accordance with generally accepted accounting principles and a system of internal controls and processes designed to help ensure compliance with applicable accounting standards. KPMG LLP is responsible for performing an independent audit of the consolidated financial statements and expressing an opinion on the conformity of those financial statements with generally accepted accounting principles.

During 2008, the Audit Committee held 5 meetings. The meetings were conducted to permit open communication among the members of the Audit Committee, KPMG LLP and Actuate management. Among other things, the Audit Committee discussed with KPMG LLP the plans and scope of their audit. The Audit Committee met with KPMG LLP with and without management present to discuss the results of their work and their opinions and recommendations with respect to Actuate's internal controls and processes. The Audit Committee has also reviewed and approved the fees paid to KPMG LLP for audit and non-audit services.

The Audit Committee has discussed with KPMG LLP the matters required to be discussed by Statement of Auditing Standards No. 61 *Communication with Audit Committees*, as amended as adopted by the Public Company Accounting Oversight Board (PCAOB) in Rule 3200T. The Audit Committee has also reviewed the written disclosures and a letter from KPMG LLP required by Independence Standards Board Standard No. 1 which relates to the accountant's independence from Actuate, and has discussed with KPMG LLP their independence from Actuate.

Based on the review and discussions referred to above, the Audit Committee recommended to Actuate's Board of Directors that the audited consolidated financial statements be included in Actuate's Annual Report on Form 10-K for the fiscal year ended December 31, 2008.
