Explanatory Note

The purpose of this Current Report on Form 8-K/A is to amend the Current Report on Form 8-K filed by EPIX Pharmaceuticals, Inc. (the Company) on February 26, 2007 (the Original 8-K) solely to restate Item 4.02 of the Original 8-K in response to comments received by the Securities and Exchange Commission on the Original 8-K. All other Items contained in the Original 8-K remain unchanged.

Item 4.02 Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed Interim Review.

(a) On February 26, 2007, in connection with its ongoing review of past stock option practices, EPIX Pharmaceuticals, Inc. (the Company), together with the Audit Committee of the Company s Board of Directors, determined that it will need to restate its historical financial statements to record additional non-cash charges for stock-based compensation expense related to past stock option grants because the appropriate measurement dates for financial accounting purposes of certain stock option grants differ from the recorded grant dates of those awards.

Accordingly, upon the recommendation of management and the Audit Committee and after discussion with Ernst & Young LLP, the Company has concluded that the Company s previously issued financial statements for the fiscal years 2003, 2004 and 2005, which are included in the Company s Annual Report on Form 10-K for the year ended December 31, 2005, the Quarterly Reports on Form 10-Q filed with respect to each of those fiscal years and the financial statements included in the Company s Quarterly Reports on Form 10-Q for the first three quarters of fiscal year 2006 and all earnings press releases and similar communications issued by the Company relating to such periods should no longer be relied upon and will be restated. In addition, the restatement will affect financial statements for prior fiscal years and, based on guidance recently issued by the Office of the Chief Accountant of the Securities and Exchange Commission, the Company will reflect those adjustments as part of the opening balances for the fiscal year ended December 31, 2002. The restated financial statements will be included in the Company s Annual Report on Form NT10-K for the year ended December 31, 2006.

As the Company s review of past stock option practices is ongoing, the Company cannot at this time reasonably estimate the amount of any such charges, the resulting tax and accounting impact, or the impact of the review on internal controls over financial reporting. The Company does not expect that the anticipated restatements will have any material impact on its historical revenues or cash position for any period, other than costs associated with the Company s review and any related tax expenses.

The Company and the chair of the Audit Committee of the Company s Board of Directors have discussed the matters disclosed in this current report on Form 8-K with Ernst & Young LLP, the Company s independent registered public accounting firm.
