PROPOSAL 1

ELECTION OF DIRECTORS

The Board of Directors currently consists of ten members: Floyd E. Bloom, David A. Broecker, Robert A. Breyer, Geraldine Henwood, Paul J. Mitchell, Richard F. Pops, Alexander Rich, Paul Schimmel, Mark B. Skaletsky and Michael A. Wall. Paul Schimmel will not be standing for re-election to the Board of Directors. Nine directors are to be elected at the Meeting to serve one-year terms until the 2008 annual meeting of shareholders and until their respective successors are elected and shall qualify. The persons named in the accompanying proxy intend to vote for the election of Floyd E. Bloom, David A. Broecker, Robert A. Breyer, Geraldine Henwood, Paul J. Mitchell, Richard F. Pops, Alexander Rich, Mark B. Skaletsky, and Michael A. Wall unless authority to vote for one or more of such nominees is specifically withheld in the proxy. The persons named in the proxy will have the right to vote cumulatively and to distribute their votes among such nominees as they consider advisable. The Board of Directors is informed that all the nominees are willing to serve as directors, but if any of them should decline to serve or become unavailable for election at the Meeting, an event which the Board of Directors does not anticipate, the persons named in the proxy will vote for such nominee or nominees as may be designated by the Board of Directors, unless the Board of Directors reduces the number of directors accordingly.

The nine nominees for directors receiving the highest number of votes cast by shareholders entitled to vote thereon will be elected to serve on the Board of Directors. Abstentions will be counted as present for purposes of determining the presence of a quorum for purposes of this proposal, but will not be counted as votes cast. Broker non-votes (shares held by a broker or nominee as to which the broker or nominee does not have the authority to vote on a particular matter) will be counted as present for purposes of determining the presence of a quorum for purposes of this proposal but will not be voted. Accordingly, while abstentions and broker non-votes will count towards establishing a quorum, neither abstentions nor broker non-votes will effect the outcome of the vote on this proposal.

The Board of Directors recommends that you vote **FOR** the election of the nominees named herein to the Company's Board of Directors.

Table of Contents

CORPORATE GOVERNANCE AND BOARD MATTERS

Independence of Members of the Board of Directors

The Company defines an independent director in accordance with the applicable provisions of the Securities Exchange Act of 1934, as amended (the Exchange Act), the rules promulgated thereunder and the applicable rules of the Nasdaq Stock Market LLC (Nasdaq). Because it is not possible to anticipate or explicitly provide for all potential situations that may affect independence, the Board periodically reviews each director's status as an independent director and whether any independent director has any other relationship with the Company that, in the judgment of the Board, would interfere with the director's exercise of independent judgment in carrying out such director's responsibilities as a director. The Board will make an annual determination whether each director is independent under the applicable provisions of the Exchange Act, the rules promulgated thereunder and the applicable rules of Nasdaq.

The Board of Directors has determined that each of Floyd E. Bloom, Geraldine Henwood, Paul J. Mitchell, Alexander Rich, Paul Schimmel and Mark B. Skaletsky are independent within the meaning of the Company's director independence standards and the director independence standards of the Exchange Act and Nasdaq. Furthermore, the Board of Directors has determined that each member of each of the committees of the Board of Directors is independent within the meaning of the Company's, the Exchange Act and Nasdaq's director independence standards.

Executive Sessions of Independent Directors

The Board's policy is to hold meetings of the independent directors following each regularly scheduled in-person Board Meeting (other than in connection with the annual meeting of shareholders). Independent director sessions do not include any employee directors of the Company, and a majority of the independent directors will determine who will assume the responsibility of chairing such sessions. Since February 2005, Mr. Skaletsky has been the presiding director of the executive sessions of the independent directors.

Policies Governing Director Nominations

Director Qualifications

The Nominating and Corporate Governance Committee is responsible for reviewing with the Board, from time to time, the appropriate qualities, skills and characteristics desired of Board members in the context of the current make-up of the Board. This assessment includes consideration of the following minimum qualifications that the Nominating and Corporate Governance Committee believes must be met by all directors:

Directors must be of high ethical character and share the values of the Company as reflected in the Company's Code of Business Conduct and Ethics applicable to all directors, officers and employees;

Directors must have reputations, both personal and professional, consistent with the image and reputation of the Company;

Directors must have the ability to exercise sound business judgment; and

Directors must have substantial business or professional experience and be able to offer advice and guidance to the Company's management based on that experience.

The Nominating and Corporate Governance Committee also considers numerous other qualities, skills and characteristics when evaluating director nominees, such as:

An understanding of and experience in biotechnology and pharmaceutical industries;

An understanding of and experience in accounting oversight and governance, finance and marketing;

Leadership experience with public companies or other significant organizations;

Table of Contents

International experience; and

Diversity of age, gender, culture and professional background.

These factors and others are considered useful by the Board, and are reviewed in the context of an assessment of the perceived needs of the Board at a particular point in time.

Board members are expected to prepare for, attend, and participate in all Board meetings, meetings of Committees on which they serve and the Company's annual meeting of shareholders. In addition, directors should stay abreast of the Company's business and markets. The General Counsel and the Chief Financial Officer will be responsible for assuring the orientation of new directors, and for periodically providing materials or briefing sessions for all directors on subjects that would assist them in discharging their duties. Periodically, the Company will provide opportunities for directors to visit Company facilities in order to provide greater understanding of the Company's business and operations. The Board will perform an annual self-evaluation. The Board, in coordination with each Committee, will perform an annual performance evaluation of each such Committee. The Board, following review by the Nominating and Corporate Governance Committee, will determine whether other educational measures are appropriate as part of the annual Board evaluation.

Each Board member is expected to ensure that other existing and planned future commitments do not materially interfere with the member's service as an outstanding director. Board members should not hold more than six directorships (including such member's seat on the Company's Board of Directors), but, excluding for this purpose, not-for-profit organizations, trade organizations and related organizations or unless otherwise agreed to by the Nominating and Corporate Governance Committee. These other commitments will be considered by the Nominating and Corporate Governance Committee and the Board when reviewing Board candidates. Directors are expected to report changes in their primary business or professional association, including retirement, to the Chairperson of the Board and the Chairperson of the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee, in consultation with the Chairperson of the Board, will consider any effects these changes may have on the effectiveness of the director's contribution to the work of the Board.

Process for Identifying and Evaluating Director Nominees

The Board is responsible for selecting its own members. The Board delegates the selection and nomination process to the Nominating and Corporate Governance Committee, with the expectation that other members of the Board and management will be requested to take part in the process as appropriate.

Once candidates have been identified, the Nominating and Corporate Governance Committee confirms that the candidates meet all of the minimum qualifications for director nominees established by the Nominating and Corporate Governance Committee. Based on the results of the evaluation process, the Nominating and Corporate Governance Committee recommends candidates for the Board's approval as director nominees for election to the Board. The Nominating and Corporate Governance Committee also recommends candidates for the Board's appointment to the committees of the Board.

Procedure for Recommendation of Director Nominees by Shareholders

The Nominating and Corporate Governance Committee will consider director candidates who are recommended by shareholders of the Company. Shareholders, in submitting recommendations to the Nominating and Corporate Governance Committee for director candidates, shall follow the following procedures:

The Nominating and Corporate Governance Committee must receive any such recommendation for nomination not later than the close of business on the 90th day nor earlier than the close of business on the 150th day prior to the first anniversary of the date of the proxy statement delivered to shareholders in connection with the preceding year's annual meeting.

Composition and Responsibilities of the Board of Directors

Size of the Board

The Board size is currently set at ten members. Upon retirement of Dr. Schimmel at the Meeting, the Board size is being reduced to nine members. The Board periodically reviews the appropriate size of the Board and, in accordance with the Company's By-laws, this number may be adjusted from time to time.

Board Compensation

It is the general policy of the Board that Board compensation should be a mix of cash and equity based compensation. Full-time employee directors will not be paid for Board membership in addition to their regular employee compensation. Independent directors may not receive consulting, advisory or other compensatory fees from the Company if the receipt of such fees would result in disqualifying the director as an

independent director in accordance with the applicable provisions of the Exchange Act, the rules promulgated thereunder and the applicable rules of Nasdaq. To the extent practicable or required by applicable rule or regulation, independent directors who are affiliated with the Company's service providers or partners or collaborators will undertake to ensure that their compensation from such providers or partners or collaborators does not include amounts connected to payments by the Company. The Compensation Committee periodically reviews director compensation.

Operation of Board of Directors

The Company's business, property and affairs are managed under the direction of the Board of Directors. Members of the Board are kept informed of the Company's business through discussions with the Chief Executive Officer and other officers of the Company, by reviewing materials provided to them, by visiting the Company's offices and by participating in meetings of the Board and its committees and the annual meeting of shareholders.

Chief Executive Officer Succession Plan

The Chief Executive Officer reviews succession planning and management development with the Board of Directors on an annual basis.

Scheduling and Selection of Agenda Items for Board Meetings

In-person Board meetings are scheduled in advance at least four times a year. Furthermore, additional Board meetings may be called upon appropriate notice at any time to address specific needs of the Company. Each director may propose the inclusion of items on the agenda, request the presence of or a report by any member of the Company's management, or at any Board meeting raise subjects that are not on the agenda for that meeting. The Board may also take action from time to time by unanimous written consent.

Typically, the meetings of the Board are held at the Company's headquarters in Cambridge, Massachusetts, but occasionally meetings may be held at other locations at the discretion of the Board.

The annual cycle of agenda items for Board meetings is expected to change on a periodic basis to reflect Board requests, changing business and legal issues and the work done by the Board Committees.

Board Committees

The Company currently has three standing Committees: Audit, Compensation, and the Nominating and Corporate Governance Committees. There will, from time to time, be occasions on which the Board may form a new committee or disband a current committee depending upon the circumstances. The Audit, Compensation and Nominating and Corporate Governance Committees shall be composed entirely of independent directors.

Each Committee has a written charter, approved by the Board, which describes the Committee's general authority and responsibilities. Each Committee will undertake an annual review of its charter, and will work with the Board to make such revisions as are considered appropriate.

Each Committee has the authority to engage outside experts, advisors and counsel to the extent it considers appropriate to assist the Committee in its work.

Each Committee will regularly report to the Board concerning the Committee's activities.

Assignment of Committee Members

The Board is responsible for the appointment of Committee members.

Frequency and Length of Committee Meetings and Committee Agenda

The Committee Chairperson, in consultation with the Chairman of the Board and appropriate members of management, will determine the frequency and length of the Committee meetings and develop the

Table of Contents

Committee's agenda. The agendas and meeting minutes of the Committees will be shared with the full Board, and other Board members are welcome to attend Committee meetings, except that non-independent directors are not permitted to attend the executive sessions of any Committee.

This obligation shall at all times include, without limitation, adherence to the Company's policies with respect to conflicts of interest, confidentiality, protection of the Company's assets, ethical conduct in business dealings and respect for and compliance with applicable law. The Audit Committee operates under a written charter adopted by the Board of Directors, a current copy of which can be found on the Corporate Governance page of the Investor Relations section of the Company's website, available at: <http://investor.alkermes.com>. Each member of the Audit Committee is independent as such term is defined in Rule 4200(a)(15) of the National Association of Securities Dealers' listing standards.

The Compensation Committee, consisting of Paul J. Mitchell, Alexander Rich, and Paul Schimmel met twelve times during the last fiscal year and otherwise acted by unanimous written consent. Mr. Schimmel serves as chair of the Compensation Committee. Under the terms of its current Charter, the Compensation Committee is responsible for (1) discharging the Board's responsibilities relating to the compensation of the Corporation's executives, (2) administering the Company's incentive compensation and equity plans, and (3) producing an annual report on executive compensation for inclusion in the Company's proxy statement in accordance with applicable rules and regulations. Each of the members of the Compensation Committee is independent as such term is defined in Rule 4200(a)(14) of the National Association of Securities Dealers listing standards.

The Compensation Committee operates under a written charter adopted by the Board of Directors, a current copy of which is available on the Corporate Governance page of the Investor Relations section of the Company's website, available at: <http://investor.alkermes.com>.

The Limited Compensation Sub-Committee, consisting of Paul J. Mitchell, acted by unanimous written consent during the fiscal year 2007. The Limited Compensation Sub-Committee has the authority to make individual grants of options under certain of the Company's stock option plans to purchase shares of Common Stock to employees of the Company who are not subject to the reporting requirements of the Exchange Act. The Limited Compensation Sub-Committee has generally approved new hire employee stock option grants of up to the limit of its authority. Until July 2006, such authority was limited to 5,000 shares per individual grant. The Limited Compensation Sub-Committee may issue up to 25,000 shares per individual grant to employees who are not subject to the reporting requirements of the Exchange Act and who are below the level of Vice President of the Company.

The Compensation Committee has established procedures for the grant of options to new employees. The Limited Compensation Sub-Committee will grant options to new hires, within the limits of its authority, on the first Wednesday following the first Monday of each month (or the first business day thereafter if such day is a holiday) (the New Hire Grant Date) for all new hires beginning their employment the prior month. New hire grants that exceed the authority of the Limited Compensation Sub-Committee will be granted on the New Hire Grant Date by the Compensation Committee as a whole.

The Compensation Committee has also established procedures for regular grants of stock options to Company employees. The Compensation Committee will consider the grant of stock options twice a year at meetings held in conjunction with Board meetings regularly scheduled around May and November; however, no grant of options will be made in November until forty-eight hours after the announcement of the Company's second quarter financial results and in May until forty-eight hours after the announcement of the Company's fiscal year end results.

PROPOSAL 2

APPROVAL OF AMENDED AND RESTATED 1999 STOCK OPTION PLAN

The Company's 1999 Stock Option Plan currently authorizes the grant of options to officers, employees and directors of, and consultants to, the Company or any of its subsidiaries to purchase up to 20,900,000 shares of Common Stock. As of July 16, 2007, options to purchase 1,959,709 shares remained available for grant under the 1999 Stock Option Plan. The Board of Directors, subject to shareholder approval, plans to amend and restate the 1999 Stock Option Plan:

(a) To increase the aggregate number of shares authorized for issuance upon exercise of options granted under the 1999 Stock Option Plan to 21,400,000, an increase of 500,000 shares. This share increase is designed to enhance the flexibility of the Compensation Committee of the Board of Directors in granting stock options to the Company's officers, employees, directors and consultants and to ensure that the Company can continue to grant stock options to such persons at levels determined to be appropriate by the Compensation Committee and the Limited Compensation Sub-Committee based on comparable company and other market data.

(b) To provide that, subject to adjustment as provided for under the 1999 Stock Option Plan, no Participant may be granted Options during any one fiscal year to purchase more than 4,000,000 shares of Common Stock.

The Company believes that stock options are a critical part of the compensation package offered to new, existing and key employees and an important tool in the Company's ability to attract and retain talented personnel. The amended and restated 1999 Stock Option Plan is attached as Appendix A to this Proxy Statement and is incorporated herein by reference.

The affirmative vote of a majority of the votes cast by all holders of Common Stock entitled to vote will be required to approve the proposed amended and restated 1999 Stock Option Plan. Abstentions will be counted as present for purposes of determining the presence of a quorum for purposes of this proposal, but will not be counted as votes cast. Broker non-votes (shares held by a broker or nominee as to which the broker or nominee does not have the authority to vote on a particular matter) will be counted as present for purposes of determining the presence of a quorum for purposes of this proposal, but will not be voted. Accordingly, while abstentions and broker non-votes will count towards establishing a quorum, neither abstentions nor broker non-votes will effect the outcome of the vote on this proposal.

The Board of Directors recommends that you vote **FOR** the approval of the amended and restated 1999 Stock Option Plan.

Principal Features of the amended and restated 1999 Stock Option Plan (the 1999 Plan)

The purpose of the 1999 Plan is to enable the Company to offer to certain officers, employees and directors of, and consultants to, the Company or any of its subsidiaries options to acquire equity interests in the Company, thereby helping to attract, retain and reward such persons and strengthen the mutuality of interests between such persons and the Company's shareholders. This summary of the 1999 Plan does not describe all of the features of the 1999 Plan and it is qualified in its entirety by the actual terms of the 1999 Plan, attached as Appendix A.

Administration

The 1999 Plan is administered by the Compensation Committee by delegation from the Board of Directors. The Compensation Committee has delegated to the Limited Compensation Sub-Committee the authority to make

individual grants of options to purchase no more than 25,000 shares of Common Stock to employees who are not persons subject to the reporting requirements of Section 16(a) of the Exchange Act and below the level of Vice President of the Company. The total number of options to be granted in any year under the 1999 Plan to participants, the selection and number of participants to receive options, the type and number of options granted to each participant and the other terms and provisions of such options are wholly

within the discretion of the Compensation Committee and the Limited Compensation Sub-Committee, subject to the limitations set forth in the 1999 Plan. Therefore, the benefits and amounts that will be received by participants under the 1999 Plan are not currently determinable.

New Plan Benefits

The benefits or amounts to be received by or allocated to the Company's Chief Executive Officer, Chief Financial Officer, and three other most highly compensated executives, all executives as a group, non-executive directors as a group, and non-executive officer employees as a group are granted on a discretionary basis and, as such, are not determinable as awards under the 1999 Plan. The benefits or amounts received by the Company's Chief Executive Officer, Chief Financial Officer, and three other most highly compensated executives under the 1999 Plan for the last complete fiscal year are described in the Grants of Plan-Based Awards Table.

Amendment and Repricing

The 1999 Plan may not be amended without the approval of the Company's shareholders if (a) such amendment would materially increase the benefits to participants under the 1999 Plan or (b) shareholder approval is necessary to comply with the Internal Revenue Code of 1986, as amended (the Code), Federal or state securities laws, the rules and regulations of any stock exchange or stock market on which the Common Stock is listed or traded or any other applicable rules or regulations. Additionally, no option previously granted under the plan may be repriced, except for an adjustment to the exercise prices as a result of a merger, reorganization, consolidation, recapitalization, dividend, stock split or other change in corporate structure affecting the Common Stock.

Eligible Participants

The Company's, and any of its subsidiaries', officers, employees, directors and consultants are eligible to be granted options, although only non-incentive options may be granted to non-employee directors and consultants, under the 1999 Plan. The Company estimates that there are currently approximately 820 officers, employees and directors who are eligible to receive options under the 1999 Plan. The proposed 1999 Plan provides that no participant may be granted options to purchase more than 4,000,000 shares during any one fiscal year. The largest annual grant made to a single individual since the inception of the 1999 Plan has been 500,000 shares.

Number of Shares Subject to the 1999 Plan

Up to 20,900,000 shares of Common Stock may be issued under the 1999 Plan. As of March 31, 2007, 2,256,213 shares were available for grant under the 1999 Plan. The proposed 1999 plan, which has been recommended by the Compensation Committee and adopted by the Board of Directors, increases the number of shares that may be issued upon exercise of options which may be granted under the 1999 Plan to 21,400,000 an increase of 500,000 shares. The market value of the additional shares proposed to be added to the 1999 Plan as of July 16, 2007 is \$7,405,000 (based on the average of the high and low price of our common stock on the Record Date as reported by Nasdaq). Such options may either be incentive stock options as defined in Section 422 of the Code, or may be non-qualified stock options. Shares issued under the 1999 Plan may be authorized and unissued shares or authorized and issued shares that have been reacquired by the Company.

Adjustments for Certain Events

In the event of a merger, reorganization, consolidation or similar event affecting shares of the Company's Common Stock, the Board of Directors will make appropriate adjustments to the limits specified in the 1999 Plan and to outstanding awards.

Table of Contents

Change in Control Provisions

The 1999 Plan provides that in the event of a change of control (as defined in the 1999 Plan), all stock options will automatically become fully exercisable. In addition, in the event that the Company is succeeded by another company in a reorganization, merger, acquisition or similar event, the successor company will assume all of the outstanding options under the 1999 Plan or shall substitute substantially similar new options for shares of the successor company for such outstanding options.

Effective Date of 1999 Stock Option Plan

The Board of Directors of the Company originally adopted the 1999 Stock Option Plan in 1999. The proposed amended and restated 1999 Stock Option Plan will terminate and no options may be granted under it after June 2, 2009, unless it is sooner terminated by the Board of Directors.

Stock Options

Under the terms of the 1999 Plan, the option exercise price may not be less than 100% (or, with respect to incentive stock options, 110% if the optionee owns more than 10% of the total combined voting power of all classes of stock of the Company) of the fair market value of the underlying stock at the time the option is granted. Options granted under the 1999 Plan are generally nontransferable, and expire upon the earlier of an expiration date fixed by the Compensation Committee and set forth in each individual option award certificate, ten years (or with respect to incentive stock options, five years, if the optionee owns more than 10% of the total combined voting power of all classes of stock of the Company) from the date of grant, and either three months after the date the optionee ceases to be an officer, employee or director of, or consultant to, the Company or its subsidiaries or one year after the optionee dies or becomes disabled. Options which have expired or which have been cancelled unexercised will be available for future grant under the 1999 Plan.

Under the 1999 Plan, the price payable upon exercise of options may be paid in cash, by check payable to the Company, or in shares of stock of the Company duly owned by the participant or, in the case of non-incentive stock options, by reduction in the number of shares of Common Stock issuable upon such exercise, based, in each case, on the fair market value of the Common Stock on the date of exercise. Stock Options may also be exercised by the optionee delivering to the Company a properly executed exercise notice together with irrevocable instructions to a broker to promptly deliver to the Company cash or a check payable and acceptable to the Company for the purchase price.

Options Outstanding, Exercisable and Available for Future Grant

As of July 16, 2007, options to purchase 16,862,745 shares were outstanding under the 1999 Stock Option Plan, of which 10,910,601 were exercisable. The exercise prices for the outstanding options ranged from \$4.05 to \$46.09 per share, with an average exercise price of \$16.78. On July 16, 2007, the average of the high and low sales prices of a share of Common Stock as reported on Nasdaq was \$14.81. As of July 16, 2007, of all options outstanding under the 1999 Stock Option Plan, options to purchase 6,262,268 shares had an exercise price of \$14.81 or below, of which 4,473,028 were exercisable. As of July 16, 2007, options to purchase 1,959,709 shares (plus any options that expire unexercised or are cancelled in the future) were available for future grant, exclusive of the additional shares covered by the proposed amended and restated 1999 Stock Option Plan.

Tax Aspects Under the U.S. Internal Revenue Code

The following is a summary of the principal federal income tax consequences of transactions under the 1999 Plan. It does not describe all federal tax consequences under the 1999 Plan, nor does it describe state or local tax consequences.

Table of Contents

Incentive Options

No taxable income is generally realized by the optionee upon the grant or exercise of an incentive option. If shares issued to an optionee pursuant to the exercise of an incentive option are sold or transferred after two years from the date of grant and after one year from the date of exercise, then (i) upon sale of such shares, any amount realized in excess of the option price (the amount paid for the shares) will be taxed to the optionee as a long-term capital gain, and any loss sustained will be a long-term capital loss, and (ii) there will be no deduction for the Company for federal income tax purposes. The exercise of an incentive option will give rise to an item of tax preference that may result in alternative minimum tax liability for the optionee. An optionee will not have any additional FICA (Social Security and Medicare) taxes upon exercise of an incentive option.

If shares acquired upon the exercise of an incentive option are disposed of prior to the expiration of the two-year and one-year holding periods described above (a disqualifying disposition), generally (i) the optionee will realize ordinary income in the year of disposition in an amount equal to the excess (if any) of the fair market value of the shares at exercise (or, if less, the amount realized on a sale of such shares) over the option price thereof, and (ii) the Company will be entitled to deduct such amount. Special rules will apply where all or a portion of the exercise price of the incentive option is paid by tendering shares.

If an incentive option is exercised at a time when it no longer qualifies for the tax treatment described above, the option is treated as a non-qualified option. Generally, an incentive option will not be eligible for the tax treatment described above if it is exercised more than three months following termination of employment (or one year in the case of termination of employment by reason of disability). In the case of termination of employment by reason of death, the three-month rule does not apply.

Non-Qualified Options

With respect to non-qualified options under the 1999 Plan, no income is realized by the optionee at the time the option is granted. Generally (i) at exercise, ordinary income is realized by the optionee in an amount equal to the difference between the option price and the fair market value of the shares on the date of exercise, and the Company receives a tax deduction for the same amount, and (ii) at disposition, appreciation or depreciation after the date of exercise is treated as either short-term or long-term capital gain or loss depending on how long the shares have been held. Special rules will apply where all or a portion of the exercise price of the non-qualified option is paid by tendering shares. Upon exercise, the optionee will also be subject to FICA taxes on the excess of the fair market value over the exercise price of the option.

Parachute Payments

The vesting of any portion of an option or other award that is accelerated due to the occurrence of a change in control may cause a portion of the payments with respect to such accelerated awards to be treated as parachute payments as defined in the Code. Any such parachute payments may be non-deductible to the Company, in whole or in part, and may subject the recipient to a non-deductible 20% federal excise tax on all or a portion of such payment (in addition to other taxes ordinarily payable).

PROPOSAL 3

APPROVAL OF AMENDMENT TO 2002 RESTRICTED STOCK AWARD PLAN

The Company's 2002 Restricted Stock Award Plan (the 2002 Plan) currently authorizes the grant of awards representing the right to receive a specified number of shares of Common Stock subject to forfeiture provisions and/or

satisfaction of performance goals to officers, employees and directors of, and consultants to, the Company or any of its subsidiaries to purchase up to 800,000 shares of Common Stock. As of July 16, 2007, 236,649 shares remained available for grant under the 2002 Plan. The Board of Directors plans to amend the 2002 Plan, subject to shareholder approval, to increase the aggregate number of shares authorized for issuance under the 2002 Plan to 1,500,000, an increase of 700,000 shares. This amendment was designed to enhance the flexibility of the Compensation Committee of the Board of Directors in granting restricted

stock awards to the Company's officers, employees, directors and consultants and to ensure that the Company can continue to grant restricted stock awards to such persons at levels determined to be appropriate by the Compensation Committee based on comparable company and other market data. The Company believes that restricted stock awards are a critical part of the compensation package offered to key employees and is an important tool in the Company's ability to attract and retain talented personnel. The resolution to be presented to the shareholders approving the proposed amendment to the 2002 Plan is attached as Appendix B to this Proxy Statement and is incorporated herein by reference.

The affirmative vote of a majority of the votes cast by all holders of Common Stock entitled to vote will be required to approve the proposed amendment to the 2002 Plan. Abstentions will be counted as present for purposes of determining the presence of a quorum for purposes of this proposal, but will not be counted as votes cast. Broker non-votes (shares held by a broker or nominee as to which the broker or nominee does not have the authority to vote on a particular matter) will be counted as present for purposes of determining the presence of a quorum for purposes of this proposal but will not be voted. Accordingly, while abstentions and broker non-votes will count towards establishing a quorum, neither abstentions nor broker non-votes will effect the outcome of the vote on this proposal.

The Board of Directors recommends that you vote **FOR** the approval of the amendment to the 2002 Plan.

Principal Features of the 2002 Plan

The purpose of the 2002 Plan is to enable the Company to reward certain officers, employees and directors of, and consultants to, the Company or any of its subsidiaries for past services to the Company or to provide an incentive to such persons for continued service to the Company thereby strengthening the mutuality of interests between such persons and the Company's shareholders, by awarding such persons awards for shares of restricted stock. This summary of the 2002 Plan does not describe all of the features of the 2002 Plan and it is qualified in its entirety by the actual terms of the 2002 Plan.

Administration

The 2002 Plan is administered by the Compensation Committee by delegation from the Board of Directors. The total number of restricted stock awards to be granted in any year under the 2002 Plan to participants, the selection and number of participants to receive restricted stock awards and the other terms and provisions of such awards are wholly within the discretion of the Compensation Committee, subject to the limitations set forth in the 2002 Plan. Therefore, the benefits and amounts that will be received by participants under the 2002 Plan are not currently determinable.

New Plan Benefits

The benefits or amounts to be received by or allocated to the Company's Chief Executive Officer, Chief Financial Officer and three other most highly compensated executives, all executives as a group, non-executive directors as a group, and non-executive officer employees as a group are granted on a discretionary basis and, as such, are not determinable as awards under the 2002 Plan. The benefits or amounts received by the Company's Chief Executive Officer, Chief Financial Officer, and three other most highly compensated executives under the 2002 Plan for the last complete fiscal year are described in the Grants of Plan-Based Awards Table.

Amendments

The 2002 Plan may not be amended without the approval of the Company's shareholders if (a) such amendment would materially increase the benefits to participants under the 2002 Plan or (b) shareholder approval is necessary to comply with the Code, Federal or state securities laws, the rules and regulations of any stock exchange or stock market on

which the Common Stock is listed or traded or any other applicable rules or regulations.

Eligible Participants

The Company's, and any of its subsidiaries', officers, employees, directors and consultants are eligible to be granted restricted stock awards. The Company estimates that there are currently approximately 820 officers, employees and directors who are eligible to receive awards under the 2002 Plan. No participant may be granted a restricted stock award of more than 100,000 shares during any one calendar year. The largest annual grant made to a single individual since the inception of the 2002 Plan has been 75,000 shares.

Number of Shares Subject to the 2002 Plan

Up to 800,000 shares of Common Stock may be issued under the 2002 Plan. As of March 31, 2007, 359,649 shares are available for grant under 2002 Plan. The proposed amendment, which has been recommended by the Compensation Committee and adopted by the Board of Directors, increases the number of shares that may be granted under the 2002 Plan to 1,500,000, an increase of 700,000 shares. The market value of the additional shares proposed to be added to the 2002 Plan as of July 16, 2007 is \$10,367,000. Shares issued under the 2002 Plan may be authorized and unissued shares or authorized and issued shares that have been reacquired by the Company.

Adjustments for Certain Events

In the event of a merger, reorganization, consolidation or similar event affecting shares of the Company's Common Stock, the Board of Directors will make appropriate adjustments in the limits specified in the 2002 Plan and to outstanding awards.

Change in Control Provisions

The 2002 Plan provides that upon a change of control (as defined in the 2002 Plan), the Board of Directors or Compensation Committee may in its discretion (i) cause the immediate lapse or satisfaction of any forfeiture provisions or performance goals so that shares of Common Stock will be issued to the award recipients; (ii) provide for a payment to be made to award recipients equal to the value of the Common Stock that would have been issued in connection with such awards; (iii) adjust the terms of the awards to reflect the change in control; (iv) cause the awards to be assumed or substituted by the successor entity; or (v) take such other action as it deems appropriate. In addition, in the event the Company is succeeded by another company in a reorganization, merger, acquisition or similar event, the successor company will assume all of the outstanding awards under the 2002 Plan so that the holders thereof will receive consideration equivalent to Common Stock once the forfeiture provisions lapse or performance goals are satisfied.

Effective Date of 2002 Plan

The Board of Directors of the Company originally adopted the 2002 Plan in 2002 and approved the proposed amendment to the 2002 Plan in July 2007. The 2002 Plan will terminate on June 12, 2012, unless the 2002 Plan is sooner terminated by the Board of Directors.

Restricted Stock Awards

Under the terms of the 2002 Plan, the Company may make awards that represent the right to receive shares of Common Stock subject to forfeiture provisions and/or the satisfaction of performance goals. The forfeiture provisions and performance goals are determined by the Compensation Committee and performance goals may be based on the following: sales, costs, earnings, shareholder return, market price of Common Stock, completion of specific goals such as acquisitions, new collaborations or product development milestones or approvals, any of which may be

measured against specific targets or in relation to an industry peer group.

Table of Contents

Once the applicable forfeiture provisions lapse or performance goals are met, the number of shares of Common Stock specified in the award will be issued to the recipient.

Awards Outstanding and Available for Future Grant

As of July 16, 2007, restricted stock awards of 298,250 shares were outstanding under the 2002 Plan.

Tax Aspects Under the U.S. Internal Revenue Code

The following is a summary of the principal federal income tax consequences of transactions under the 2002 Plan. It does not describe all federal tax consequences under the 2002 Plan, nor does it describe state or local tax consequences.

The Federal income tax discussion set forth below is intended for general information only and does not address the rates of taxation applicable to specific categories of taxpayers or classes of income or the tax consequences to persons who would be subject to liability under Section 16(b) of the Exchange Act with respect to a sale of shares of the Company's Common Stock. State and local income tax consequences are not discussed and may vary from locality to locality.

Participants in the 2002 Plan will not recognize taxable income at the time an award is made but will recognize income taxable at ordinary rates on the date the shares of stock subject to an award are issued to them, in the amount of the fair market value of such shares. In the case of a participant who is an employee, withholding and employment taxes will be imposed on the amount of ordinary income recognized. The Company will generally be able to receive a deduction for a corresponding amount.

A participant's holding period in stock awarded under the 2002 Plan will generally begin on the date the shares are issued to such participant. The participant's tax basis for the stock will be equal to its fair market value on that date. Any difference in the value of the stock between the date of issue and the date of disposition will constitute a short- or long-term capital gain or loss, depending on individual circumstances.

The vesting of any portion of an award that is accelerated due to the occurrence of a change in control may cause a portion of the payments with respect to such accelerated awards to be treated as parachute payments as defined in the Code. Any such parachute payments may be non-deductible to the Company, in whole or in part, and may subject the recipient to a non-deductible 20% federal excise tax on all or a portion of such payment (in addition to other taxes ordinarily payable).

PROPOSAL 4

APPROVAL OF AMENDMENT TO 2006 STOCK OPTION PLAN FOR NON-EMPLOYEE DIRECTORS

The 2006 Stock Option Plan for Non-Employee Directors (the 2006 Plan), adopted by the Board of Directors and approved by shareholders in connection with last year's annual meeting, provides for the issuance of options to non-employee directors to acquire up to 240,000 shares of Common Stock of the Company. The purpose of the 2006 Plan is to enable the Company to attract and retain independent directors and to strengthen the mutuality of interests between such directors and the Company's shareholders, through the automatic grant of stock options to such directors. As of July 16, 2007, options to purchase 120,000 shares remained available for grant under the 2006 Plan. The Board of Directors, subject to shareholder approval, plans to amend the 2006 Plan to increase the aggregate number of shares authorized for issuance upon exercise of options granted under the 2006 Plan to 480,000, an increase of 240,000 shares. This amendment is designed to increase the number of shares available under the plan for stock

options to be granted to the Company's non-employee directors and to enable the Company to attract and retain independent directors and to strengthen the mutuality of interests between such directors and the Company's shareholders, through the automatic grant of stock options to such directors. On April 26, 2007, Mr. Breyer resigned as a part-time employee of the Company and became a non-employee director eligible to receive grants of stock options under the 2006 Plan. The Company believes that stock options are a critical part of the compensation package offered to non-employee directors and an important tool in the Company's ability to attract and retain

Table of Contents

independent directors. The resolution to be presented to the shareholders approving the proposed amendment to the 2006 Plan is attached as Appendix C to this Proxy Statement and is incorporated herein by reference.

The affirmative vote of a majority of the votes cast by all holders of Common Stock entitled to vote will be required to approve the proposed amendment to the 2006 Plan. Abstentions will be counted as present for purposes of determining the presence of a quorum for purposes of this proposal, but will not be counted as votes cast. Broker non-votes (shares held by a broker or nominee as to which the broker or nominee does not have the authority to vote on a particular matter) will be counted as present for purposes of determining the presence of a quorum for purposes of this proposal but will not be voted. Accordingly, while abstentions and broker non-votes will count towards establishing a quorum, neither abstentions nor broker non-votes will effect the outcome of the vote on this proposal.

The Board of Directors recommends that you vote **FOR** the approval of the amendment to the 2006 Plan.

Principal Features of the 2006 Plan

The purpose of the 2006 Plan is to enable the Company to attract and retain independent directors and to strengthen the mutuality of interests between such directors and the Company's shareholders by providing for the automatic grant of stock options to acquire equity interests in the Company. This summary of the principal features of the 2006 Plan does not describe all of the features of the 2006 Plan and it is qualified in its entirety by the actual terms of the 2006 Plan.

Administration

The 2006 Plan is administered by either the Board of Directors or an appropriate committee thereof, by delegation from the Board of Directors.

Plan Benefits

The number of options that will be automatically granted to non-employee directors under the 2006 Plan is as follows:

2006 Stock Option Plan for Non-Employee Directors

Event	Number of Options Granted
Initial election to the Board	20,000, plus pro rata annual award*
Each annual meeting of shareholders	20,000

* If elected other than at the annual meeting of shareholders, a newly elected non-employee director receives a pro rated annual award equal to the product of 20,000 shares of Common Stock multiplied by a fraction, the numerator of which equals the number of months remaining until the next annual meeting of shareholders of the Company and the denominator of which equals 12.

Amendment and Repricing

The 2006 Plan may not be amended without the approval of the Company's shareholders if such amendment would (a) materially increase the number of shares that may be issued under the plan (b) materially modify the requirements for eligibility under the plan or (c) materially increase the benefits to participants under the 2006 Plan. There are additional limits on amendments to certain provisions of the 2006 Plan, as described in the plan.

Eligible Participants

Members of the Board of Directors of the Company who are not officers, consultants or employees of the Company or any of its subsidiaries are eligible to participate in the 2006 Plan. There are currently six directors eligible to participate in the 2006 Plan.

Table of Contents

Number of Shares Subject to the 2006 Plan

Up to 240,000 shares of Common Stock may be issued under the 2006 Plan. As of March 31, 2007, 120,000 shares are available for grant under 2006 Plan. The proposed amendment, which has been recommended by the Compensation Committee and adopted by the Board of Directors, increases the number of shares that may be granted under the 2006 Plan to 480,000, an increase of 240,000 shares. The market value of the additional shares proposed to be added to the 2006 Plan as of July 16, 2007 is \$3,554,400. Shares issued under the 2006 Plan may be authorized and unissued shares or authorized and issued shares that have been reacquired by the Company.

Adjustments for Certain Events

In the event of a merger, reorganization, consolidation or similar event affecting shares of the Company's Common Stock, the Board of Directors will make appropriate adjustments to the number of shares for which Stock Options are automatically granted under the 2006 Plan, to the other limits specified in the 2006 Plan and to outstanding awards.

Change in Control Provisions

The 2006 Plan provides that in the event of a change in control (as defined in the 2006 Plan), all stock options will either be assumed or substituted by the successor entity or will be terminated. In the event of termination, holders of outstanding options will be given an opportunity to exercise such options prior to termination. In addition, the Company may provide for any stock options to be cashed out in exchange for a payment equal to the excess of the per share consideration paid in connection with the change in control over the exercise price of each stock option.

Effective Date of 2006 Plan

The Board of Directors of the Company approved the 2006 Plan in July 2006 and shareholders approved the 2006 Plan in connection with last year's annual meeting. The 2006 Plan will terminate and no options may be granted under the 2006 Plan after July 11, 2016, unless the 2006 Plan is sooner terminated by the Board of Directors.

Stock Options

Under the terms of the 2006 Plan, the option exercise price will be equal to the fair market value of the underlying stock at the time the option is granted. Stock options granted under the 2006 Plan become exercisable in full six months after the date of grant. Options granted under the 2006 Plan are nontransferable, and expire upon the earlier of ten years from the date of grant, and one year after the optionee ceases to be a member of the Board for any reason.

Under the 2006 Plan, the price payable upon exercise of options may be paid in cash, by check payable to the Company, or in shares of stock of the Company duly owned by the participant or by reduction in the number of shares of Common Stock issuable upon such exercise, based, in each case, on the fair market value of the Common Stock on the date of exercise. Stock options may also be exercised pursuant to a broker-assisted or automated system, subject to the approval of the Board.

Options Available for Future Grant

As of July 16, 2007, options to purchase 120,000 shares were outstanding under the 2006 Plan, of which 120,000 were exercisable. The exercise prices for the outstanding options ranged from \$14.04 to \$14.04 per share, with an average exercise price of \$14.04. On July 16, 2007, the average of the high and low sales prices of a share of Common Stock as reported on Nasdaq was \$14.81. As of July 16, 2007, of all options outstanding under the 2006 Plan, options to purchase 120,000 shares had an exercise price of \$14.81 or below, of which 120,000 were exercisable. As of July 16,

2007, options to purchase 120,000 shares (plus any options

that expire unexercised or are cancelled in the future) were available for future grant, exclusive of the additional shares covered by the proposed amendment.

Tax Aspects Under the U.S. Internal Revenue Code

The following is a summary of the principal federal income tax consequences of transactions under the 2006 Plan. It does not describe all federal tax consequences under the 2006 Plan, nor does it describe state or local tax consequences.

All options under the 2006 Plan are non-qualified options. For non-qualified options, no income is realized by the optionee at the time the option is granted. Generally (i) at exercise, ordinary income is realized by the optionee in an amount equal to the difference between the option price and the fair market value of the shares on the date of exercise, and the Company receives a tax deduction for the same amount, and (ii) at disposition, appreciation or depreciation after the date of exercise is treated as either short-term or long-term capital gain or loss depending on how long the shares have been held. Special rules will apply where all or a portion of the exercise price of the non-qualified option is paid by tendering shares. Upon exercise, the optionee will also be subject to FICA taxes on the excess of the fair market value over the exercise price of the option.

The vesting of any portion of a stock option that is accelerated due to the occurrence of a change in control may cause a portion of the payments with respect to such accelerated awards to be treated as parachute payments as defined in the Code. Any such parachute payments may be non-deductible to the Company, in whole or in part, and may subject the recipient to a non-deductible 20% federal excise tax on all or a portion of such payment (in addition to other taxes ordinarily payable).

PROPOSAL 5

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS

The Audit Committee of the Board of Directors has retained the firm of PricewaterhouseCoopers LLP, independent registered public accountants, to serve as independent registered public accountants for the fiscal year ending March 31, 2008. Deloitte & Touche LLP had served as the Company's independent registered public accounting firm for the fiscal year ended March 31, 2007. The Audit Committee reviewed and discussed the performance of Deloitte & Touche LLP and the selection of PricewaterhouseCoopers LLP as the Company's independent registered public accountants for fiscal year ending March 31, 2008. As a matter of good corporate governance, the Audit Committee has determined to submit its selection to stockholders for ratification. If the selection of registered public accountants is ratified, the Audit Committee in its discretion may select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders.

The Board of Directors recommends that you vote **FOR** the ratification of PricewaterhouseCoopers LLP as the Company's independent registered public accountants for fiscal year ending March 31, 2008.

REPORT OF THE AUDIT COMMITTEE

This report is submitted by the Audit Committee of the Board of Directors. The Audit Committee currently consists of Messrs. Bloom, Mitchell and Skaletsky. The Board of Directors has determined that each member of the Audit Committee meets the independence requirements promulgated by Nasdaq and the Securities and Exchange Commission including Rule 10A-3(b)(1) under the Exchange Act and that Messrs. Mitchell and Skaletsky qualify as audit committee financial experts under the rules of the Securities and Exchange Commission. In December 2005, the Audit Committee reviewed the adequacy of, and amended, its charter. The Audit Committee has the responsibility and authority described in the Audit Committee Charter which has been approved by the Board of Directors. A copy of the Audit Committee Charter is available on the Corporate Governance page of the Investor Relations section of the Company's website, available at: <http://investor.alkermes.com>.

In accordance with law, the Audit Committee has ultimate authority and responsibility to select, compensate, evaluate and, when appropriate, replace the Company's independent auditors. The Audit Committee has the authority to engage its own outside advisors, including experts in particular areas of accounting, as it determines appropriate, apart from counsel or advisors hired by management.

During the fiscal year ended March 31, 2007, the Company's independent registered public accountants were Deloitte & Touche, LLP (D&T). D&T is responsible for performing an independent audit of the consolidated financial statements, and an independent audit of the effectiveness of the Company's internal control over financial reporting, as well as attesting to management's assessment of the effectiveness of the Company's internal control over financial reporting, each in accordance with the standards of the Public Company Accounting Oversight Board (PCAOB). D&T also performed audit-related services, tax services and other permissible non-audit services for the Company during the fiscal year ended March 31, 2007, as described more fully below.

The Audit Committee oversees the accounting and financial reporting processes of the Company and the audits of the financial statements of the Company on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the Company's systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited consolidated financial statements in the Annual Report with management, and discussed with management the quality, not just the acceptability, of the accounting principles, the reasonableness of significant estimates and judgments, critical accounting policies, accounting estimates resulting from the application of these policies, the substance and clarity of disclosures in the financial statements, and reviewed the Company's disclosure control process and internal control over financial reporting. In addition, the Audit Committee reviewed the rules under the Sarbanes-Oxley Act that pertain to the Audit Committee and the roles and responsibilities of Audit Committee members. The Audit Committee reviewed with D&T, who are responsible for expressing an opinion on the conformity of the Company's audited financial statements with accounting principles generally acceptable in the United States, the overall scope and plans for their audit, and D&T's judgments as to the quality, not just the acceptability, of the Company's accounting principles, the reasonableness of significant estimates and judgments, critical accounting policies and accounting estimates resulting from the application of these policies, and the substance and clarity of disclosures in the financial statements, and reviewed with D&T the Company's disclosure control process and internal control over financial reporting. The Committee met with D&T, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal control over financial reporting, and the overall quality of the Company's financial reporting.

The Audit Committee has reviewed the audited consolidated financial statements of the Company at March 31, 2007 and 2006 and for each of the quarters in the three-year period ended March 31, 2007, and has discussed them with both management and D&T. In connection with the Company's Form 10-K for the year ended March 31, 2007, the

Audit Committee discussed with management the results of the Company's certification process relating to the certification of financial statements under Sections 302 and 906 of the Sarbanes-Oxley Act. The Audit Committee has also discussed with D&T the matters required to be discussed by Statement on Auditing Standards No. 61, as amended by Statement on Auditing Standards No. 90

Table of Contents

(Communications with Audit Committees), other standards of the PCAOB, the rules of the Securities and Exchange Commission and other applicable regulations, as currently in effect. This discussion included, among other things, a review with management of the quality of the Company's accounting principles, the reasonableness of significant estimates and judgments, and the clarity of disclosure in the Company's financial statements, including the disclosures related to critical accounting policies and practices used by the Company. The Audit Committee has received the written disclosures and the letter from D&T required by Independent Standards Board Standard No. 1 (Independence Discussions with Audit Committees), as currently in effect, and has discussed with D&T the firm's independence from management and the Company, including the matters in the written disclosures required by the Independence Standards Board, and considered the compatibility of non-audit services with the auditors' independence. Based on its review of the financial statements and these discussions, the Audit Committee concluded that it would be reasonable to recommend, and on that basis did recommend, to the Board of Directors that the audited consolidated financial statements and management's assessment of the Company's control over financial reporting be included in the Company's Annual Report on Form 10-K for the fiscal year ended March 31, 2007 and the Board of Directors approved such inclusion.

In connection with an inquiry into the Company's stock option granting practices, the Audit Committee undertook an investigation into the Company's option practices for the period 1999 to 2002. The review was conducted with the assistance of outside legal counsel and outside accounting consultants. The Audit Committee completed its investigation and concluded that nothing came to its attention that would cause it to believe that there are any instances where management of the Company or the compensation committee of the Company retroactively selected a date for the grant of stock options during the 1999 through 2002 period. Also, subsequent to the filing of the Company's Annual Report on Form 10-K for the fiscal year ended March 31, 2006 and Fiscal Year 2007 Proxy Statement, management reviewed its option grant practices for the period from 1999 through the first quarter of fiscal 2007 and identified errors with respect to the measurement date for one stock option grant in each of 2000 and 2005. The errors were a result of changes that were or may have been made to option grants for a limited number of non-executive employees subsequent to the grant date, which resulted in different measurement dates for accounting purposes. In both instances, the aggregate amount of options granted decreased after the grant date. No options from either the 2000 or 2005 grants had been exercised. On August 14, 2006, the Company filed an amended Annual Report on Form 10-K/A to restate its financial statements to reflect the effects of the items discussed above.

The Audit Committee also reviewed the Company's quarterly financial statements during the fiscal year ended March 31, 2007 and discussed them with both the management of the Company and D&T prior to including such interim financial statements in the Company's quarterly reports on Form 10-Q. In connection with the Company's quarterly reports on Form 10-Q for its first, second and third fiscal quarters of 2007, the Audit Committee discussed with management and D&T the results of the Company's certification process relating to the certification of financial statements under Sections 302 and 906 of the Sarbanes-Oxley Act.

During the course of the fiscal year ended March 31, 2007, management completed the documentation, testing and evaluation of the Company's system of internal control over financial reporting in response to the requirements set forth in Section 404 of the Sarbanes-Oxley Act and related regulations. At the conclusion of the process, management provided the Committee with and the Committee reviewed a report on the effectiveness of the Company's internal control over financial reporting. The Committee also reviewed the report of management contained in the Company's Annual Report on Form 10-K for the fiscal year ended March 31, 2007 filed with the Securities and Exchange Commission, as well as D&T's Reports of Independent Registered Public Accounting Firm included in the Company's Annual Report on Form 10-K related to its audit of (i) the consolidated financial statements and financial statement schedule, (ii) management's assessment of the effectiveness of internal control over financial reporting and (iii) the effectiveness of internal control over financial reporting. The Committee continues to oversee the Company's efforts related to its internal control over financial reporting and management's preparations for the evaluation in the fiscal year ending March 31, 2008.

In connection with the option grant inquiry discussed above, the Company reassessed its evaluation of its internal controls over financial reporting as of March 31, 2006 and concluded that a material weakness existed

Table of Contents

in its internal controls over financial reporting relating to its application of accounting principles generally accepted in the United States to measurement dates for stock options. The Company's amended Annual Report on Form 10-K/A filed on August 14, 2006 discusses this conclusion. The Company has adopted new stock option granting procedures to correct this deficiency and, after consultation with outside legal counsel, believes that such procedures have corrected this weakness.

The Audit Committee monitors the activity and performance of D&T. All services to be provided by D&T are pre-approved by the Audit Committee. The Audit Committee's evaluation of the performance of D&T included, among other things, the amount of fees paid to D&T for audit and permissible non-audit services in fiscal year ended March 31, 2007. Information about D&T's fees for the fiscal years ended March 31, 2007 and March 31, 2006 is discussed below in this Proxy Statement under "Audit Fees." The Audit Committee has retained PricewaterhouseCoopers LLP to serve as the Company's auditors for the fiscal year ending March 31, 2008.

No portion of this Audit Committee Report shall be deemed to be incorporated by reference into any filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, through any general statement incorporating by reference in its entirety the Proxy Statement in which this report appears, except to the extent that the Company specifically incorporates this report or a portion of it by reference. In addition, this report shall not be deemed filed under either the Securities Act or the Exchange Act.

Respectfully submitted by the Audit Committee,

Floyd E. Bloom
Paul J. Mitchell
Mark Skaletsky

INDEPENDENT REGISTERED AUDITOR

On July 10, 2007, the Company engaged PricewaterhouseCoopers LLP as its new independent registered public accounting firm beginning with the review of the financial statements to be included in the Company's quarterly report on Form 10-Q for the quarter ended June 30, 2007.

Prior to the engagement of PricewaterhouseCoopers, neither the Company nor anyone on behalf of the Company consulted with PricewaterhouseCoopers during the Company's two most recent fiscal years and through July 10, 2007 in any manner regarding either: (A) the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's financial statements; or (B) any matter that was the subject of either a disagreement or a reportable event (as defined in Item 304 (a)(1)(iv) and (v), respectively, of Regulation S-K).

On July 10, 2007, the Company dismissed D&T as the Company's independent registered public accounting firm. The decision to dismiss D&T was approved by the Audit Committee.

The reports of D&T on the financial statements of the Company included in the Company's annual report on Form 10-K/A for the fiscal year ended March 31, 2006 and included in the Company's annual report on Form 10-K for the fiscal year ended March 31, 2007 contained no adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principle, except that D&T's report on the financial statements included in the Company's annual report on Form 10-K/A for the fiscal year ended March 31, 2006 included explanatory paragraphs related to the restatement of the financial statements for the correction of an error and the adoption of the provisions of Derivatives Implementation Group Issue B-39, and D&T's report on the financial statements included in the Company's annual report on Form 10-K for the fiscal year ended March 31, 2007 included an explanatory paragraph related to the adoption of Statement of Financial Accounting Standards No. 123(R) effective April 1, 2006.

During the fiscal years ended March 31, 2007 and 2006, and through July 10, 2007, there have been no disagreements with D&T on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of D&T, would have caused D&T to make reference thereto in its reports on the financial statements of the Company for such fiscal years.

During the fiscal years ended March 31, 2007 and 2006, and through July 10, 2007, there have been no reportable events (as defined in Item 304 (a)(1)(v) of Regulation S-K), except as described below.

As previously reported in the Company's Annual Report on Form 10-K/A for the fiscal year ended March 31, 2006 filed on August 14, 2006, the Company concluded that errors that led to the restatement of its financial statements for the fiscal years ended March 31, 2006, 2005, 2004, 2003, 2002 and 2001 resulted from inadequate internal control over the accounting for its stock option programs. The Company identified a material weakness in its internal control over financial reporting related to stock option granting practices and the related accounting in periods ending prior to August 2006. Because of the effect of the material weakness, D&T issued an adverse opinion on the effectiveness of the Company's internal control over financial reporting as of March 31, 2006.

The foregoing disclosures were previously reported in a Form 8-K that the Company filed with the SEC on July 13, 2007. The Company has furnished a copy of the above disclosures to D&T and has requested that D&T furnish the Company with a letter addressed to the Securities and Exchange Commission stating whether or not it agrees with the above disclosures. A copy of the letter, dated July 13, 2007, furnished by D&T in response to that request was filed as Exhibit 16.1 to the Form 8-K.

**EXECUTIVE COMPENSATION AND RELATED INFORMATION
COMPENSATION DISCUSSION AND ANALYSIS**

Introduction and Corporate Governance

Our Compensation Committee reviews, oversees and administers our executive compensation programs. The Committee's complete roles and responsibilities are set forth in the written charter adopted by the Board of Directors, which is available on the Corporate Governance page of the Investor Relations section of the Company's website, available at: <http://investor.alkermes.com>. The Board of Directors selected the following individuals to serve on the Committee for fiscal year 2007: Dr. Paul Schimmel (Chair), Paul J. Mitchell and Dr. Alexander Rich. Each of these individuals satisfies the independence requirements of Nasdaq.

Executive Compensation Philosophy and Objectives

Our executive compensation program seeks to attract, retain and motivate experienced and well-qualified executive officers who will promote the Company's research and product development, manufacturing, commercialization and operational efforts. We strive to structure our executive officer compensation packages based on level of job responsibility, individual performance and overall Company performance. The Committee bases its executive compensation programs on the same objectives that guide the Company in establishing all its compensation programs:

To provide an overall compensation package that rewards individual performance and individual contribution to overall Company performance as a means to promote the creation and retention of value for the Company and its stockholders;

To attract and retain a highly skilled work force by providing a compensation package that is competitive with other employers who compete with us for talent;

To structure an increasing proportion of an individual's compensation as performance-based as he or she progresses to higher levels within the Company;

To foster the long-term focus required for success in the biotechnology industry; and

To structure our compensation and benefits programs similarly across the Company.

Our compensation program rewards strategic, operational and financial performance.

Compensation Program Elements

The compensation program for executive officers consists of the following elements:

Base salary

Annual cash incentive (bonus) award

Long-term equity incentive awards, including:

Stock options

Restricted stock awards

The Committee utilizes these elements of compensation to structure compensation packages for executive officers that can reward both short and long-term performance of the individual and the Company.

Base Salary

Base salaries are used to provide a fixed amount of compensation for the executive's regular work. The Committee establishes base salaries that are competitive with comparable companies for each position and level of responsibility to the extent such comparable companies and positions exist. The salaries of the executive officers are reviewed on an annual basis, at the time of the mid-fiscal year performance review established by the Company. The Committee may consider factors such as the individual's performance, level

Table of Contents

of pay compared to comparable companies for each position and level of responsibility, cost of living indices, and general progress towards achieving the corporate objectives, in determining increases, if any, to base salary. Any base salary increase for an executive officer must be established by the Committee.

Cash Incentive Bonus

Cash incentive bonuses motivate executive officers to achieve short-term operational and strategic goals that are aligned with and supportive of long-term Company value. Cash incentive bonuses are awarded by the Committee after the fiscal year-end based on an evaluation of Company performance and each individual's contribution to this performance. Performance objectives are established and evaluated by the Committee.

In May 2006, the Committee approved the Alkermes Fiscal 2007 Named Executive Bonus Plan, and established the Company's fiscal year 2007 corporate objectives and bonus ranges that may be earned for the period April 1, 2006 to March 31, 2007 by the Company's Chief Executive Officer; President and Chief Operating Officer; Vice President and Chief Financial Officer; Vice President, Corporate Development; and the Vice President, General Counsel and Secretary. The fiscal year 2007 corporate objectives were: drive robust supply of RISPERDAL CONSTA sales; launch and successfully commercialize VIVITROL; achieve key development program milestones; and achieve financial performance against budget. Target bonus ranges determined by the Committee were 25% to 100% of base salary for each named executive, with the exception of Mr. Pops, as described below. In September 2006, the Vice President, Science and Development and Chief Medical Officer; and the Vice President, Operations became eligible to participate under the plan as well. Target bonus ranges for these two executive officers were 15% to 50% of base salary. Target bonus ranges were determined by reference to market data and historical bonus ranges for executives in the Company at comparable levels. Bonuses under the executive bonus plan are awarded after the close of the fiscal year based upon the Committee's review of the performance of the Company against its fiscal year objectives, and the individual performance of each executive in achieving such goals. Individual performance of the participants is determined by the Committee in its sole discretion.

For Richard Pops, the Company's CEO during fiscal year 2007, the Committee determined the potential cash incentive bonus to range from between 25% and 100% of base salary during the performance period, with a target bonus of 50% of base salary. In order for the CEO to receive: (i) a cash bonus, at least 25% of the corporate objectives of the Company must have been met; (ii) a target bonus, at least 50% of such objectives must have been met; and (iii) the maximum bonus, the substantial achievement of a majority of the corporate objectives must have occurred.

Equity Incentives Performance Based Restricted Stock Awards, Stock Options and Restricted Stock Awards

Grants of stock options and awards of restricted common stock under the Company's equity compensation plans are designed to promote long-term retention and stock ownership, and align the interests of executives with those of stockholders, providing our executives with the opportunity to share in the future value they are responsible for creating. Generally, stock options vest in equal annual installments over a four-year period. The Committee may, in its discretion, award equity incentives with a different vesting schedule. If any employee, including a named executive officer, retires after having met the retirement eligibility criteria reflected in our stock option grants, then the stock option will vest and become exercisable in full for a prescribed period of time after retirement, not to exceed the full term of the grant. If the retirement criteria have not been met, vested exercisable stock options remain exercisable for up to three months from the recipient's date of termination from service and unvested stock options are forfeited.

The number of options and awards granted to each executive officer is generally determined by the Committee based on the performance of the executives and their contributions to overall Company performance; information with regard to stock option grants and restricted common stock awards at comparable companies, and generally within the biotechnology industry, based upon data provided by the independent compensation consultant; consideration of

previous equity awards made to such person; and personal knowledge of the Committee members regarding executive stock options and restricted common stock awards

Table of Contents

at comparable companies. Consideration is also given to the impact of stock option and restricted common stock awards on the Company's results of operations.

The Committee determined to schedule two equity grants for employee performance in fiscal year 2007. The first in December, coinciding with a regularly scheduled meeting of the Board, and the second in May, after the window to trade in Company securities reopened following the announcement of the Company's year-end financial results. The grant in December was designed to coincide with the mid-fiscal year performance review established by the Company and the Company mid-year financial results. The grant in May (which took place on June 1, 2007 due to scheduling issues) is designed to reward performance during the prior full fiscal year. The Committee makes such grants after the close of our fiscal year so that it may fully evaluate the performance of the Company during the prior fiscal year against its fiscal year performance objectives. In this context, Footnote 5 of the Summary Compensation Table below shows equity incentive awards provided to Mr. Pops based on fiscal year performance.

For fiscal year 2007, the Committee specifically established the range of equity compensation for the CEO to be between 0 and 500,000 shares, with such shares to include a time vesting component. In order for the CEO to receive an equity award, at least 25% of the corporate objectives of the Company must be met. A maximum equity award to the CEO requires the Committee to determine that substantial achievement of a majority of such objectives has occurred.

The Committee has recently determined that it is appropriate to alter the composition of equity incentives from primarily stock options to a combination of stock options and restricted stock awards.

Compensation Committee Calendar

For fiscal year 2007, the Committee determined the following compensation calendar: in November 2006, approximately mid-way through the Company's fiscal year, the Committee determined the annual percentage adjustment to base salaries for executives. In December 2006, the Committee considered the first of two scheduled equity grants for executives and qualified employees. In May 2007, after the close of the Company's fiscal year, the Committee determined (i) the size of the Company bonus pool, (ii) executive bonuses and (iii) the second of two scheduled equity grants for executive and qualified employees (equity to be granted after the window to trade reopens after announcement of the Company's fiscal year end financial results). Cash bonuses and total equity compensation determinations were based on an analysis of the Company's performance versus corporate objectives for the completed fiscal year and individual performance.

Subsequent to the close of the Company's fiscal year ended March 31, 2007, the Committee determined to modify the compensation calendar in the future to provide that the initial equity grant be made in November after the announcement of the Company's second fiscal quarter financial results and after the window to trade reopens.

Compensation Determinations

Factors Considered in Determining Compensation

The Committee may consider a number of factors to assist it in determining compensation for the Company's executive officers.

Company Performance. As discussed previously, the Committee, with the agreement of the Board of Directors, set four corporate objectives for performance during the fiscal year ended March 31, 2007: drive robust supply of RISPERDAL CONSTA sales; launch and successfully commercialize VIVITROL, achieve key development program milestones and financial performance against budget. The Committee does not apply a formula or assign these

performance objectives relative weights. Instead, it makes a subjective determination after considering such measures collectively. These corporate objectives are specifically utilized as performance objectives for determination of cash incentive bonus under the Alkermes Fiscal 2007 Named Executive Bonus Plan.

Table of Contents

The specific accomplishments of the Company during fiscal year 2007 were as follows:

In April 2006, the Company received FDA approval of VIVITROL for the treatment of alcohol dependence. Also in April 2006, the Company and Eli Lilly and Company initiated a phase 3 clinical trial required for the registration of the AIR Inhaled Insulin System. The study is part of a comprehensive phase 3 pivotal program that began in July 2005.

In June 2006, phase 2 clinical data from a safety and efficacy study on exenatide LAR was presented at the 66th Annual Scientific Sessions of the American Diabetes Association in Washington, D.C. Results from the study demonstrated that 86 percent of patients using the higher of two doses of the once-weekly formulation of exenatide were able to achieve recommended levels of glucose control.

Also in June 2006, VIVITROL became commercially available in the United States.

In October 2006, Alkermes expanded its addiction drug franchise to include a program to develop oral products for the treatment of addiction. As part of this initiative, the Company commenced enrollment in a phase 1/2 multi-center, randomized, double-blind, placebo-controlled clinical trial for an undisclosed oral compound, ALKS 29, a new product candidate for the treatment of alcohol dependence.

Also in October 2006, data from a retrospective analysis of patients with schizophrenia taking RISPERDAL CONSTA was presented at the American Psychiatric Association's 58th Institute of Psychiatric Services. Data presented included positive trends, including fewer psychiatric-related hospitalizations, fewer psychiatric-related inpatient days per month, improved antipsychotic medication compliance, and lower total monthly medical costs, compared to their experience prior to initiating treatment with RISPERDAL CONSTA.

Also in October 2006, the Company and Rensselaer Polytechnic Institute entered into a license agreement, granting Alkermes exclusive rights to a family of novel opioid receptor compounds discovered at Rensselaer. Under the terms of the agreement, Rensselaer granted Alkermes an exclusive worldwide license to certain patents and patent applications relating to its compounds designed to modulate opioid receptors.

In December 2006, Alkermes announced the submission of a New Drug Application (NDA) in Japan for the marketing approval of RISPERDAL CONSTA for the treatment of schizophrenia.

Also in December 2006, positive results from a phase 2 exploratory study of injectable extended-release naltrexone (XR-NTX) in opioid-using adults were announced. Results showed that the two highest doses tested demonstrated opioid blockade for 28 days.

In January 2007, Alkermes and Indevus Pharmaceuticals, Inc. announced results from a phase 1 study in healthy volunteers which showed that ALKS 27 was well tolerated over a wide dose range, with no dose-limiting effects observed. Subjects were given single escalating inhaled administrations of ALKS 27 at dose levels ranging from 50 mcg to 800 mcg.

Also in December 2006, the Company and Eli Lilly and Company signed a commercial manufacturing agreement for AIR Insulin. As a result of the agreement, Alkermes will be the exclusive commercial manufacturer of AIR Insulin powder for the AIR Insulin System. The manufacturing agreement provides for an additional investment by Lilly for the construction and operation of a second manufacturing line at Alkermes commercial-scale production facility for inhaled medications, expanding the facility's powder production capacity to meet post-launch requirements.

In March 2007, the Company completed patient enrollment in a phase 1/2 clinical study of ALKS 29.

During the fiscal year, the Alkermes successfully manufactured its two commercial products and material for clinical trials. The Company produced more than 10 million capsules to support the AIR insulin pivotal studies, manufactured more than 5 million vials of RISPERDAL CONSTA and approximately 100,000 vials of VIVITROL, and provided clinical supply of exenatide LAR.

Table of Contents

Alkermes reported its second consecutive profitable fiscal year in fiscal year 2007. The Company's revenues increased 44% compared to fiscal 2006. The Company reported record revenues of \$240.0 million, driven by revenues from RISPERDAL® CONSTA®. Worldwide sales of RISPERDAL CONSTA by Janssen-Cilag (Janssen) were \$924.2 million in fiscal year 2007, a 40% increase over sales of RISPERDAL CONSTA in fiscal 2006. Alkermes ended the 2007 fiscal year with a strong balance sheet, with cash and total investments of \$356.7 million.

Individual Performance. In establishing compensation levels, the Committee also evaluates each executive's individual performance using certain subjective criteria, including an evaluation of each executive's contribution to achievement of the corporate objectives and to overall corporate performance and managerial ability. In making its evaluations, the Committee consults on an informal basis with other members of the Board of Directors. In establishing compensation for executive officers other than Mr. Pops, who served as CEO of the Company during fiscal year 2007, and Mr. Broecker, who served as President and Chief Operating Officer of the Company during fiscal year 2007, the Committee reviewed in detail the recommendations of Mr. Pops and Mr. Broecker. With respect to Mr. Broecker, the Committee reviews the recommendation of Mr. Pops. With respect to Mr. Pops, the Committee meets at the end of the fiscal year to evaluate his achievement of the corporate objectives and other leadership accomplishments.

Benchmarking. Another consideration which affects the Committee's decisions regarding executive compensation is the high demand for well-qualified personnel. Given such demand, the Committee strives to maintain compensation levels which are competitive with the compensation of other executives in the industry. To that end, the Committee, through the Company's Director of Compensation and Benefits, retained the services of an independent compensation consultant, Pearl Meyer and Partners, to review market data and various incentive programs and to provide assistance in establishing the Company's cash and equity based compensation targets and awards based, in large part, upon a peer group identification and assessment that it was retained to conduct. Pearl Meyer and Partners reported its findings to our Director of Compensation and Benefits, who then communicated these findings directly to the Compensation Committee.

The companies that comprised the Company's pharmaceutical peer group in 2006 consisted of Amylin Pharmaceuticals, Inc.; Human Genome Sciences, Inc.; ICOS Corp.; Medicines Company; MGI Pharmaceuticals Inc.; Millennium Pharma Inc.; Nektar Therapeutics; Neurocrine Biosciences Inc.; OSI Pharmaceuticals Inc.; PDL BioPharma, Inc.; and United Therapeutics Corp. These eleven publicly-traded US-headquartered firms compete in similar product, service and labor markets as Alkermes and are within similar revenue, market capitalization, and research and development expenses as a percentage of revenue levels.

Pearl Meyer also developed an aspirational peer group to be used for informational purposes. Data for the aspirational peer group was not used to develop any pay recommendations. The aspirational peer group reflects firms that are similar in industry, but are substantially larger in size (revenue of approximately \$1 billion and market cap of approximately \$6.5 billion) as compared to Alkermes. The aspirational peer group consists of Celgene Corp.; Cephalon Inc.; Endo Pharma Holdings Inc.; Imclone Systems Inc.; MedImmune Inc.; Sepracor Inc.; and Valeant Pharmaceuticals International.

The Committee compares the Company's executive compensation programs as a whole and also compares the pay of individual executives if the jobs are sufficiently similar to make the comparison meaningful. The Committee uses the peer group data primarily to ensure the executive compensation program as a whole is competitive, meaning generally between the median and 65th percentile of our peers in terms of value when the Company achieves the targeted performance levels. The individuals' relative position is driven by individual and company performance. The Committee, in its sole authority, has the right to hire or fire outside compensation consultants.

Executive Officer Compensation Determination

Base Salary. The Committee reviewed base salaries for executives of the Company coinciding with the mid-fiscal year performance review established by the Company. The Committee considered a number of factors, such as cost of living indices, market data for comparable companies and general progress towards

Table of Contents

achieving the corporate objectives in determining base salary adjustments for fiscal year 2007. The Committee determined to increase each named executive's salary by approximately 4.5% for fiscal year 2007.

Cash Incentive Bonus. Based upon a determination by the Committee that substantial achievement of a majority of the corporate objectives had occurred, the Committee granted Mr. Pops a cash bonus in May 2007 of \$408,000 as recognition for the substantial progress the Company made on the predetermined corporate objectives set by Company management for the period April 1, 2006 through March 31, 2007. This represented 70% of his fiscal year 2007 base salary. Also, in May 2007, based upon the achievement of the Company's corporate objectives and the individual performance recommendations of management, the Committee determined and awarded cash bonuses for fiscal year 2007 to the other named executive officers, as detailed in the Summary Compensation Table below.

Equity Incentives – Stock Options and Restricted Stock Awards. In considering the grant of equity to executives in December 2006, the Committee generally considered the overall performance of the Company in achieving the corporate objectives to date as well as information with regard to stock option grants and restricted common stock awards at comparable companies, and generally within the biotechnology industry, based upon data provided by the independent compensation consultant. The number of stock options granted was a percentage of the prior fiscal year's grant, which the Committee agreed would be trueed up in May after the close of the Company's fiscal year based on individual and Company overall performance as described below. In that regard, Mr. Pops received an option to purchase 120,000 shares of Common Stock of the Company. The other named executive officers received the following option grants: Mr. Broecker, 80,000 shares; Mr. Frates, 40,000 shares; Mr Landine, 30,000 shares; and Ms. Biberstein, 30,000 shares. Each of these options vest in one quarter increments over the subsequent four years, subject to early vesting in certain instances such as death or permanent disability and other instances as described below in Potential Payments upon Termination or Change in Control.

In considering the grant of equity to executives in May 2007, the Committee considered market data, the overall performance of the Company versus the corporate objectives and individual performance. Based upon these factors and upon a determination by the Committee that substantial achievement of a majority of the Company performance objectives had occurred, in recognition of Mr. Pops' accomplishments during the fiscal year, and in furtherance of the Committee's belief that a significant portion of Mr. Pops' total compensation should be dependent on the long-term appreciation of the Company's stock price, the Committee granted Mr. Pops options to purchase an additional 100,000 shares of Common Stock and an award of 25,000 shares of restricted stock. Based on the above factors considered by the Committee, and after discussing the individual performance of Mr. Broecker with Mr. Pops, the Committee granted Mr. Broecker options to purchase an additional 60,000 shares of Common Stock and an award of 15,000 shares of restricted stock. Also based upon the above factors, and on the individual performance recommendations made by Mr. Pops and Mr. Broecker to the Committee, the other named executive officers received the following grants: Mr. Frates, 30,000 option shares and 7,500 shares of restricted stock; Mr Landine, 20,000 option shares and 6,000 shares of restricted stock; and Ms. Biberstein, 20,000 option shares and 6,000 shares of restricted stock. Each of these options and restricted stock awards vest in one quarter increments over the subsequent four years, subject to early vesting in certain instances such as death or permanent disability and other instances as described below in Potential Payments upon Termination or Change in Control.

Equity Incentives – Performance Based Restricted Stock. In addition to the above noted equity grants, certain employees of the Company, including the executive officers, received a special restricted stock award upon the launch of the Company's first proprietary product, VIVITROL, in the U.S. This award had been contemplated by the Committee at the conclusion of the prior fiscal year, when the Committee determined that it would not grant Mr. Pops or other senior executives restricted stock awards for performance during the 2006 fiscal year, but would consider such a grant after the commercial launch of VIVITROL had been achieved.

The restricted stock awards were as follows: Mr. Pops, 75,000 shares; Mr. Broecker, 45,000 shares; Mr. Frates, 22,500 shares; Mr. Landine, 18,000 shares; and Ms. Biberstein, 18,000 shares. One quarter of these restricted stock awards vested immediately upon grant, and one quarter on each of the subsequent three anniversaries of the date of grant. These grants were made by the Committee to various employees in

Table of Contents

recognition of their contribution to the launch of VIVITROL. Mr. Pops and Mr. Broecker provided recommendations of grant amounts to the Committee for all executive officers other than themselves. With respect to Mr. Broecker, the Committee reviewed the recommendation of Mr. Pops. With respect to Mr. Pops, the Committee evaluated his leadership accomplishments and individual contributions to the successful launch of VIVITROL.

Perquisites

The Company did not provide executive officers with any perquisites in fiscal year 2007.

Retirement benefits

The terms of the Company's 401(k) Savings Plan (401k Plan), provide for executive officer and broad-based employee participation. Under the 401k Plan, all Company employees are eligible to receive matching contributions from the Company. The Company's matching contribution for the 401k Plan for fiscal year 2007 was \$0.50 for each dollar on the first 6% of each participant's pretax contributions, and was calculated on a payroll-by-payroll basis subject to applicable Federal limits.

Other benefits

Executive officers are eligible to participate in the Company's employee benefit plans on the same terms as all other employees. These plans include medical, dental and life insurance. The Company may also provide relocation expense reimbursement and related tax gross-up benefits which are negotiated on an individual basis with executive officers. In addition, executive officers are eligible to receive severance benefits in connection with a termination or a change in control as set forth in each of their employment contracts and described more fully below.

During fiscal year 2006, the Company forgave approximately one-fifth of a loan made to Mr. Broecker on June 13, 2001, including taxes related to the loan forgiveness, pursuant to the employment agreement with Mr. Broecker. Although this loan terminated in February 2006 and no balance remained outstanding as of March 31, 2006, it was credited through the Company's payroll system during our 2007 fiscal year.

Post Termination Compensation and Benefits

We have a program in place under which our executive officers receive severance benefits if they are terminated without cause (and in Mr. Pops' case, if he terminates for good reason). Additionally, named executive officers receive severance benefits if, following a corporate transaction or a change in control, they are terminated without cause or they terminate for good reason. The terms of these arrangements and the amounts payable under them are described in more detail below under Potential Payments Upon Termination or Change in Control. We provide these arrangements because we believe that some severance arrangements are necessary in a competitive market for talent to attract and retain high quality executives. In addition, the change in control benefit allows the executives to maintain their focus on Company business during a period when they otherwise might be distracted.

Tax Deductibility of Compensation

In general, under Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), the Company cannot deduct, for federal income tax purposes, compensation in excess of \$1,000,000 paid to its named executive officers. This deduction limitation does not apply, however, to certain performance-based compensation within the meaning of Section 162(m) of the Code and the regulations promulgated thereunder.

Fiscal 2008 Compensation Decisions

In February 2007, the Board of Directors of the Company approved its succession plan for senior management that became effective at the beginning of the Company's new fiscal year, April 1, 2007. David A. Broecker, Alkermes President and Chief Operating Officer for the past six years, became President

Table of Contents

and Chief Executive Officer. He succeeded Richard F. Pops, the Company's Chief Executive Officer since 1991, who became Chairman of Alkermes' Board of Directors. Michael A. Wall, an Alkermes founder, stepped down as Chairman of the Board, but remained a director and serves as Chairman Emeritus and part-time employee of the Company. Richard Pops remains a full-time employee of the Company focusing on corporate strategy and other initiatives.

On February 27, 2007, the Company and Mr. Pops entered into an Employment Agreement related to Mr. Pops' employment as Chairman of the Company's Board of Directors. The term of Mr. Pops' Employment Agreement is three years beginning April 1, 2007. Pursuant to the Employment Agreement, Mr. Pops will serve as the Company's Chairman of the Board of Directors and will be responsible for overseeing strategic issues affecting the Company and maintaining key relationships with the Company's business partners. During the initial year of the agreement, Mr. Pops will dedicate the time and resources necessary to assist in the transition of Mr. Broecker to the role of Chief Executive Officer. Mr. Pops will continue to receive the same salary (adjusted for inflation), and be entitled to the same benefits, as under his previous employment agreement with the company. Under the terms of the Employment Agreement, during the first year of the employment term, Mr. Pops will be eligible to receive a bonus at the same target rate of his base salary as under his previous employment agreement, and will be eligible to receive equity compensation only in the form of restricted stock awards under our 2002 Restricted Stock Award Plan and commensurate with recent equity awards based on performance criteria to be determined by the Company's Compensation Committee. After the first year, any bonus and/or equity award will be based on criteria to be established by the Compensation Committee.

In April 2007, the Compensation Committee of the Board agreed to increase Mr. Broecker's annual base salary to \$458,848, retroactive to April 1, 2007, in recognition of his appointment as CEO of the Company. No amendment has been made to the existing part-time employment agreement of Mr. Wall or the current employment agreement of Mr. Broecker.

Notes to Summary Compensation

- (1) The amounts in column (e) reflects the compensation cost recognized for financial statement reporting purposes, excluding estimates of forfeitures, if any, for the fiscal year ended March 31, 2007 in accordance with Statement of Financial Accounting Standards No. 123(R), *Share-Based Payment* (SFAS No. 123(R)) for stock awards made under the Award Plans, which includes amounts for stock awards granted in the fiscal year ended March 31, 2007. Stock Awards generally vest based on graded vesting and the Company recognizes the cost of stock awards with graded vesting on a straight-line basis over the requisite service period of each separately vesting tranche or over the anticipated performance period for stock awards with performance vesting

conditions, if any. The weighted average grant date fair value of stock awards vesting during the year ended March 31, 2007 is included in footnote 11 *Share-Based Compensation* to the Company's consolidated financial statements for the fiscal year ended March 31, 2007 included in the Company's Annual Report on Form 10-K filed with the Securities and Exchange Commission on June 14, 2007.

- (2) The amounts in column (f) reflects the compensation cost recognized for financial statement reporting purposes, excluding estimates of forfeitures, if any, for the fiscal year ended March 31, 2007 in accordance SFAS No. 123(R) for stock option awards made under the Plans, which includes amounts related to option awards granted in and prior to the fiscal year ended March 31, 2007. Option awards vest based on graded vesting and the Company recognizes the cost of option awards with graded vesting on a straight-line basis over the requisite service period of each separately vesting tranche. Mr. Pops and Mr. Landine are eligible to participate in the retirement benefit offered to all recipients of stock options under the Company's 1998 and 1999 plans. Since Mr. Pops and Mr. Landine meet certain retirement criteria, the entire fair value of their option awards is expensed in the period of the grant for option grants made after the Company adopted SFAS No. 123(R) on April 1, 2006, and there are no estimated forfeitures for these option grants. Assumptions used in the calculation of the fair value of option awards granted by the Company in the fiscal years ended March 31, 2007, 2006 and 2005 are included in footnote 11 *Share-Based Compensation* to the Company's consolidated financial statements for the fiscal year ended March 31, 2007 included in the Company's Annual Report on Form 10-K filed with the Securities and Exchange Commission on June 14, 2007. Although this loan terminated in February 2006 and no balance remained outstanding as of March 31, 2006, it was credited through the Company's payroll system after March 31, 2006.

Mr. Pops target bonus range is 25% to 100% of base salary with a target bonus of 50% of base salary. Bonuses are earned based on the achievement of Company objectives and the individual contribution of each named executive officer to Company performance. In order for Mr. Pops to receive: (i) a cash bonus, at least 25% of the objectives of the Company as set forth in the 2007 Bonus Plan must have been met; (ii) a target bonus, at least 50% of such objectives must have been met; and (iii) the maximum bonus, the substantial achievement of a

A maximum equity award to Mr. Pops requires that substantial achievement of a majority of such objectives has occurred. The Compensation Committee of the Board of Directors determines the achievement of objectives.
- (3) Represents stock awards granted on June 16, 2006 under the 2002 Restricted Stock Award Plan. 25% of the stock awards vested upon grant in recognition of each named executive officer's contribution to the successful launch of VIVITROL, and the remaining unvested stock awards vest in equal amounts on the first, second and third anniversary of the grant date and are issued on the vesting date. No dividend equivalents are paid on unvested stock awards.
- (4) Represents stock options granted under the 1999 Stock Option Plan. Stock options granted under the 1999 Stock Option Plan vest ratably over the four-year period following the grant date. Certain of the stock options qualify as incentive stock options under Section 422 of the IRS Code. In the event of termination of employment by reason of death or permanent disability, the vesting and exercisability of such stock options granted (i) after November 2000 shall be fully accelerated and the period during which the stock options may be exercised shall be three (3) years following the date of termination of employment, but not beyond the original term of the stock options, and (ii) before November 2000 shall not be subject to any acceleration of vesting and the period during which the stock options may be exercised shall be one (1) year following the date of termination of employment, but not beyond the original term of the stock options.
- (5) The exercise prices of all stock options granted during the fiscal year ended March 31, 2007 equals the average of the high and low of the Company's common stock on the grant dates. The fair value of stock options granted on May 2, 2006 and December 12, 2006 was \$10.19 and \$6.94 per share, respectively. The grant price of the stock awards granted on June 16, 2006 was \$18.99. There can be no assurance that the stock options will be exercised (in which case no value will be realized by the optionee) or the value realized upon exercise will equal the grant date fair value.

Potential Payments upon Termination or Change in Control

Under an employment agreement between the Company and Mr. Pops, in the event his employment with the Company is terminated for any reason other than as a result of his taking certain actions against, or that have a significant deleterious effect on, the Company, Mr. Pops shall be entitled to receive a payment equal to two-thirds of his then-current annual base salary. We have also entered into agreements with each of Messrs. Broecker and Frates, and Ms. Biberstein. Under these agreements, in the event their employment with the Company is terminated for any reason other than as a result of their taking certain actions against, or that have a significant deleterious effect on, the Company, Messrs. Broecker and Frates and Ms. Biberstein shall each be entitled to receive payments at the monthly rate of his or her then current annual base salary for up to nine months or until he or she finds other employment, whichever occurs first. Under an agreement between the Company and Mr. Landine, in the event his employment with the Company is terminated for any reason other than as a result of his taking certain actions against, or that have a

significant deleterious effect on, the Company, Mr. Landine shall be entitled to receive a payment equal to his then-current base salary for a period of six months.

We have entered into change in control agreements with all of our named executive officers. These agreements are intended to provide for continuity of management in the event of a change in control and provide that our executive officers could be entitled to certain severance benefits upon their termination following a change in control of the Company. A change in control of the Company is defined, in summary, as the acquisition by a person, entity or group (with certain exceptions) of beneficial ownership of 50% or more of the Common Stock; a change in a majority of the incumbent directors on the Board of Directors; a reorganization, merger or consolidation of the Company; or a liquidation, dissolution or sale of all or substantially all of the assets of the Company.

Table of Contents

In the event of a change in control, each of Messrs. Pops, Broecker, Frates, and Landine and Ms. Biberstein will be entitled to continue their employment with the Company for a period of two years following the change in control at a monthly base salary at least equal to the highest monthly base salary paid to him or her by the Company in the twelve-month period immediately preceding the change in control, an annual cash bonus at least equal to the annual bonus paid to him or her for the last calendar year prior to the change in control and continued participation in the Company's welfare and benefit plans. Upon a change in control of the Company, all outstanding stock options issued under our 1999 Stock Option Plan become exercisable.

If, during this two-year period, the Company terminates any of the named executive officers without cause or if any of the named executive officers terminates his or her employment for good reason (e.g., material diminution in the executive's responsibilities, assignment to the executive of responsibilities not consistent with his or her position or transfer of the executive to a location more than 40 miles from his or her then current place of employment), the Company shall pay each a bonus (based upon the prior year's annual bonus) for the year in which the date of termination occurs. Additionally, each of Messrs. Broecker, Frates, and Landine and Ms. Biberstein will receive a lump sum payment equal to the executive's base salary plus his or her annual bonus for the last calendar year before the date of termination and continued participation in the Alkermes' welfare and benefit plans (or reimbursement therefor) for one year following the date of termination. Mr. Pops will receive a lump sum payment equal to two times his base salary plus his annual bonus for the last calendar year before the date of termination and continued participation in the Alkermes' welfare and benefit plans (or reimbursement therefor) for two years following the date of termination. Each executive is also entitled to a gross-up payment equal to the excise tax imposed upon the severance payments under the change in control agreement in the event any payment or benefit to the executive, whether pursuant to the change in control agreement or otherwise, is considered an excess parachute payment and subject to an excise tax under the Internal Revenue Code.

If any employee, including a named executive officer, retires after having met certain retirement eligibility criteria, then those stock options granted under our 1998 and 1999 stock option plans after December 9, 2004 and those stock options granted before December 9, 2004 with an exercise price less than \$13.69, shall vest and become exercisable in full for a prescribed period of time after retirement, not to exceed the full term of the grant. As of March 31, 2007, Mr. Pops and Mr. Landine were the only named executive officers who met the retirement eligibility criteria reflected in these stock option grants. If the retirement criteria have not been met, vested exercisable stock options remain exercisable for up to three months from the recipient's date of termination from service and unvested stock options are forfeited. In addition, in the event an employee (including a named executive officer) is terminated by reason of death or permanent disability, his or her stock options shall vest and become exercisable in full for a period of between one to three years following termination depending on the date of the stock option grant, not to exceed the full term of the grant.

Mr. Pops and Mr. Landine hold restricted stock awards issued under our 1991 Restricted Stock Plan; these awards contain forfeiture provisions. Upon termination of employment with the Company (except in the event of termination for cause), the common stock of the Company subject to such restricted stock awards shall cease to be subject to forfeiture.

The named executive officers are entitled to certain benefits upon death or disability available to all our employees, as described below. Under our flexible benefits program, all of our eligible employees, including the named executive officers, have the ability to purchase long-term disability coverage that will pay up to 60% of base monthly salary, up to \$20,000 per month during disability. In addition, under our flexible benefits program, the Company provides life insurance coverage for all of our eligible employees, including the named executive officers, equal to two times base salary, with a maximum of \$500,000 in coverage paid by the Company. In the event of termination due to death or disability, stock options granted prior to November 2000 become exercisable for a one-year period, not to exceed the full term of the grant, and stock options granted after November 2000 become fully vested and exercisable for a

three-year period, not to exceed the full term of the grant.

Table of Contents**Potential Post-Termination Payments**

The following table summarizes the potential payments to each named executive officer under various termination events. The table assumes that the event occurred on March 31, 2007, and the calculations use the closing price of our common stock on March 30, 2007 (the last trading day of fiscal year 2007) as reported by NASDAQ, which was \$15.44 per share.

Notes to Post-Termination Payments

Table of Contents

- (1) Only Mr. Pops and Mr. Landine have met certain retirement eligibility criteria specified for stock options granted under our 1998 and 1999 Stock Option Plans.
- (2) In the event that any payments made in connection with a change in control would be subjected to the excise tax imposed by Section 4999 of the Internal Revenue Code, we will gross up, on an after-tax basis, the executive officer's compensation for all federal, state and local income and excise taxes. The projected payments in this table would not trigger excise taxes and thus no gross-up payments would be made to any named executive officer.
- (3) We have entered into a three-year employment agreement with Mr. Pops, effective as of April 1, 2007, in his new role as Chairman of the Board of Directors of the Company. Under the agreement, if the Company terminates Mr. Pops' employment without cause or Mr. Pops terminates his employment for good reason during the term of his employment, the Company will make a severance payment to Mr. Pops, provided that he sign a general release of claims in a manner and form satisfactory to the Company, in an amount equal to two times (i) the average of his base salary in effect as of the date of termination and his prior year's base salary plus (ii) the average of his bonus during the prior two years. In the event Mr. Pops' employment is terminated under circumstances that would entitle him to a severance payment under his Change in Control Employment Agreement with the Company, he may elect to collect severance under either that agreement or the Employment Agreement, but not both. In the event of removal or reassignment due to disability, Mr. Pops is entitled to his then-current full base salary and benefits for a period of time equal to the lesser of (a) six (6) months or (b) the balance of the term of his employment agreement.
- (4) All options granted under our 1999 Stock Option Plan vest in full upon a change in control.
- (5) Mr. Pops and Mr. Landine hold restricted stock issued under our 1991 Restricted Stock Plan. In the event of voluntary termination, involuntary termination not for cause, or termination due to death or disability, the forfeiture provisions of this restricted stock lapse.

Compensation of Directors

Each non-employee director and any director who serves as a part-time employee of the Company receive an annual retainer fee of \$30,000 paid quarterly, in advance, and, on the date of the Company's annual meeting, an option to purchase 20,000 shares of Common Stock. In addition, upon becoming a member of the Board of Directors, each new non-employee director who is not then a consultant to the Company automatically receives a one-time grant of options to purchase 20,000 shares of Common Stock. As of July 2006, if a new non-employee director is elected other than at the annual meeting of shareholders, the newly elected non-employee director also receives a grant of options equal to the product of 20,000 shares of Common Stock multiplied by a fraction, the numerator of which equals the number of months remaining until the next annual meeting of shareholders of the Company and the denominator of which equals 12. For the fiscal year ended March 31, 2007, Floyd E. Bloom, Geraldine Henwood, Paul J. Mitchell, Alexander Rich, Paul Schimmel and Mark B. Skaletsky served as non-employee directors, and Michael A. Wall and Robert A. Breyer served as part-time employees and directors of the Company.

The 20,000 share option is granted automatically under the 2006 Alkermes Stock Option Plan for Non-Employee Directors each year on the date of the Company's annual meeting of shareholders for non-employee directors. For part-time employee directors, the Company grants an option for 20,000 shares, under the 1999 Stock Option Plan, each year on the date of the Company's annual meeting of shareholders. All of such options are exercisable at the fair market value of the Common Stock on the date such options are granted and vest in full six (6) months following their grant. Non-employee and part-time employee directors do not receive any options to purchase shares of Common

Stock except for the yearly grant of options to purchase 20,000 shares of the Company's Common Stock and the one-time grant of an option to purchase 20,000 shares of the Company's Common Stock upon joining the Board of Directors. The initial grant of options are made to non-employee directors under the 2006 Alkermes Stock Option Plan for Non-Employee Directors and are made to part-time employee directors under the 1999 Stock Option Plan.

Each non-employee and part-time employee director receives an attendance fee of \$1,500 per Board of Directors meeting and \$750 for each telephonic Board of Directors meeting.

Table of Contents

In September 2006, the Board adopted a resolution to change the way committee members were compensated for their committee service after reviewing compensation paid to board members at comparable companies for their service on the Board and on committees of the Board. The Board adopted the following annual retainers, to be paid pro rata on a quarterly basis, for service beginning October 1, 2006:

Audit Committee Chair: \$15,000
 Audit Committee member: \$7,500
 Compensation Committee Chair: \$10,000
 Compensation Committee member: \$5,000
 Nominating & Corporate Governance Committee Chair: \$10,000
 Nominating & Corporate Governance Committee member: \$5,000

For service from April 1, 2006 through September 30, 2006, each non-employee and part-time employee director receives an attendance fee of \$500 for each committee meeting, if such meeting is held on a date other than a date on which a Board of Directors meeting is held, and \$250 for each telephonic committee meeting. Such payments are made on a quarterly basis.

Each non-employee and part-time employee director also receives, on a periodic basis, reimbursement for reasonable travel expenses incurred in connection with Board of Directors meetings and meetings of committees of the Board of Directors.

Effective January 1, 2004, Mr. Wall became a part-time employee of Alkermes. During the fiscal year ended March 31, 2007, Mr. Wall received compensation of \$79,445 for the services that he performed for Alkermes outside of his capacity as a director. Alkermes believes that Mr. Wall's part-time employee status is no less favorable to the Company than obtaining services from an independent third party.

Mr. Breyer resigned as a part-time employee of the Company on April 26, 2007. During fiscal year ended March 31, 2007, Mr. Breyer received compensation of \$13,000 for the services he performed for Alkermes outside of his capacity as director. Alkermes believes that Mr. Breyer's part-time employee status was no less favorable to the Company than obtaining services from an independent third party.

- (2) The amounts in column (d) reflects the compensation cost recognized for financial statement reporting purposes, excluding estimates of forfeitures, if any, for the fiscal year ended March 31, 2007 in accordance SFAS No. 123(R) for stock option awards, which includes amounts related to option awards granted in the fiscal year ended March 31, 2007. Each director received a grant of 20,000 stock options on September 21, 2006 which had an estimated grant date fair value of \$6.89 per share. The stock options granted to the non-employee directors were granted under the 2006 Stock Option Plan for Non-Employee Directors. Stock options granted under the 2006 Stock Option Plan for Non-Employee Directors are nonqualified stock options that vest six months from the grant date and expire upon the earlier of ten years from the grant date or one year after the optionee ceases to be a member of the Board for any reason or, if there is a written agreement restricting the exercise and sale of such options in effect at such time, then one year from the expiration of such written contract. Stock options granted to part-time employee directors were granted under the 1999 Stock Option Plan and are nonqualified stock options that vest six months from the grant date and expire upon the earlier of ten years from the grant date or one year after the optionee ceases to be a member of the Board for any reason or, if there is a written agreement restricting the exercise and sale of such options in effect at such time, then one year from the expiration of such written contract. The Company recognizes the cost of the stock options granted to non-employee and part-time employee directors on a straight-line basis over the vesting period of the stock options. There can be no assurance that the stock options will be exercised or the value realized upon exercise will equal the grant date fair value.
- (3) Assumptions used in the calculation of the fair value of option awards made by the Company for the stock options granted to directors on September 21, 2006 are as follows: term, six months; volatility, 50%; interest rate, 4.75%; dividend yield, zero.

DEADLINE FOR SHAREHOLDER PROPOSALS

Alkermes must receive any proposal by a shareholder of Alkermes intended to be presented at the 2008 annual meeting of shareholders at its principal executive office not later than March 26, 2008 in accordance with Rule 14a-8 issued under the Securities Exchange Act of 1934, as amended, for inclusion in Alkermes' proxy statement and form of proxy relating to that meeting.

If a stockholder who wishes to present a proposal at the 2008 annual meeting of shareholders (which is not otherwise submitted for inclusion in the proxy statement in accordance with the preceding paragraph) fails to notify the Company by June 11, 2008 and such proposal is brought before the 2008 annual meeting of shareholders, then under the Securities and Exchange Commission's proxy rules, the proxies solicited by management with respect to the 2008 annual meeting of shareholders will confer discretionary voting authority with respect to the stockholder's proposal on the persons selected by management to vote the proxies. If a shareholder makes a timely notification, the proxies may still exercise discretionary voting authority under circumstances consistent with the Securities and Exchange Commission's proxy rules.

In addition, in accordance with the Company's bylaws, any nominee for election as a director of the Company at the 2008 annual meeting of shareholders must be submitted in writing to the Chairman of the Board on or before April 26, 2008, which is ninety (90) days prior to the first anniversary of the date of this year's proxy statement.

Any proposal intended to be presented at the 2008 annual meeting of shareholders must also comply with the other requirements of the proxy solicitation rules of the Securities and Exchange Commission. In order to curtail any controversy as to the date on which a proposal was received by Alkermes, it is suggested that proponents submit their proposal by certified mail, return receipt requested or other means, including electronic means, that permit them to prove date of delivery.

EXPENSES AND SOLICITATION

The cost of solicitation will be borne by Alkermes, and in addition to directly soliciting shareholders by mail, Alkermes may request banks and brokers to solicit their customers who have stock of Alkermes registered in the name of the nominee and, if so, will reimburse such banks and brokers for their reasonable out-of-pocket costs. Solicitation by officers and employees of Alkermes may also be made of some shareholders in person or by mail or telephone following the original solicitation. In addition, Alkermes has

retained the services of The Altman Group to solicit proxies, at an estimated cost of \$6,000 plus such firm's expenses.

3.1 THE ADMINISTRATOR. The Plan shall be administered and interpreted by the Board; provided, however, that the Board may delegate this responsibility to a committee, which may in turn delegate this responsibility to a subcommittee thereof, each such committee and subcommittee to be comprised of two or more members of the Board; and provided further, however, that notwithstanding the foregoing, the Board may also delegate to a committee, which may in turn delegate to a subcommittee thereof, each such committee and subcommittee to be comprised of one or more members of the Board, the authority to grant from time to time individual Options to purchase not more than 25,000 shares of Common Stock to any person eligible under Article V (who is not subject to the reporting requirements of Section 16(a) of the Securities Exchange Act of 1934, as amended).

3.2 AWARDS. The Administrator shall have full authority to grant, pursuant to the terms of the Plan, Stock Options to persons eligible under Article V. In particular, the Administrator shall have the authority:

(a) to select the officers, employees, directors and consultants to whom Stock Options may from time to time be granted;

A-2

Table of Contents

(c) to determine the number of shares of Common Stock to be covered by each Option granted pursuant to Article VI; and

(d) to determine the terms and conditions, not inconsistent with the terms of the Plan, of any Option granted under Article VI (including, but not limited to, the option price, the option term, installment exercise or waiting period provisions and provisions relating to the waiver or acceleration thereof).

3.3 **GUIDELINES**. Subject to Article VII hereof, the Administrator shall have the authority to adopt, alter and repeal such administrative rules, guidelines and practices governing the Plan as it shall, from time to time, deem advisable; to interpret the terms and provisions of the Plan and any Option granted under the Plan (and any agreements relating thereto); and to otherwise supervise the administration of the Plan. The Administrator may correct any defect, supply any omission or reconcile any inconsistency in the Plan or in any Option in the manner and to the extent it shall deem necessary to carry out the purposes of the Plan. Notwithstanding the foregoing, no action of the Administrator under this Section 3.3 shall impair the rights of any Participant without the Participant's consent, unless otherwise required by law.

3.4 **DECISIONS FINAL**. Any decision, interpretation or other action made or taken in good faith by the Administrator arising out of or in connection with the Plan shall be final, binding and conclusive on the Company, all Participants, officers, employees, directors and consultants, and their respective heirs, executors, administrators, successors and assigns.

ARTICLE IV

SHARE LIMITATION

4.1 **SHARES**. The maximum aggregate number of shares of Common Stock that may be issued under the Plan is Twenty One Million, Four Hundred Thousand (21,400,000) (subject to increase or decrease pursuant to Section 4.2), which may be either authorized and unissued shares of Common Stock or authorized and issued shares of Common Stock reacquired by the Company. If any Option granted under the Plan shall expire, terminate or be cancelled for any reason without having been exercised in full, the number of shares of Common Stock not purchased under such Option shall again be available for the purposes of the Plan.

4.2 **CHANGES**. In the event of a stock dividend, cash dividend declared and paid other than in the ordinary course, stock split, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination, exchange of shares or other transaction affecting the Common Stock, the Administrator shall make equitable or proportionate adjustments in (i) the maximum aggregate shares of Common Stock that may be issued under the Plan, (ii) the maximum number of shares with respect to which Options may be granted to any individual during any year, (iii) the number of shares of Common Stock subject to outstanding Awards, and (iv) the exercise price of any outstanding Options; provided, however, that no such adjustment shall be required if the Administrator determines that such action could cause an Award to fail to satisfy the conditions of any applicable exception from the requirements of Section 409A of the Code or disqualify any Award intended to be an Incentive Stock Option. All adjustments made by the Administrator shall be final, binding and conclusive. No fractional share of Common Stock shall be issued from the Plan resulting from any such adjustment, but the Administrator in its discretion may make a cash payment in lieu of fractional shares.

4.3 **PER-PARTICIPANT LIMIT**. Subject to adjustment under Section 4.2, no Participant may be granted Options during any one fiscal year to purchase more than 4,000,000 shares of Common Stock.

ARTICLE V

ELIGIBILITY

5.1 EMPLOYEES. Officers and other employees of the Company or any of its Subsidiaries are eligible to be granted both Incentive Stock Options and Non-Qualified Stock Options under the Plan.

5.2 DIRECTORS AND CONSULTANTS. Directors and consultants of the Company or any of its Subsidiaries are eligible to be granted Non-Qualified Stock Options, but may not receive Incentive Stock

Options unless they are employees of the Company or a Subsidiary corporation within the meaning of Section 424 of the Code.

ARTICLE VI

GRANT OF STOCK OPTIONS

6.1 **GRANTS.** The Administrator shall have the authority to grant to any person, to the extent eligible under Article V, one or more Incentive Stock Options, Non-Qualified Stock Options, or both types of Stock Options. To the extent that any Stock Option does not qualify as an Incentive Stock Option (whether because of its provisions or the time or manner of its exercise or otherwise), such Stock Option or the portion thereof which does not qualify as an Incentive Stock Option shall constitute a separate Non-Qualified Stock Option.

6.2 **INCENTIVE STOCK OPTIONS.** Anything in the Plan to the contrary notwithstanding, no term of this Plan relating to Incentive Stock Options shall be interpreted, amended or altered, nor shall any discretion or authority granted under the Plan be exercised, so as to disqualify the Plan under Section 422 of the Code, or, without the consent of the Participants affected, to disqualify any Incentive Stock Option under such Section 422 of the Code.

6.3 **TERMS OF OPTIONS.** Options granted under the Plan shall be subject to the following terms and conditions and shall contain such additional terms and conditions, not inconsistent with the terms of the Plan, as the Administrator shall deem desirable:

(a) ***STOCK OPTION CERTIFICATE.*** Each Stock Option shall be evidenced by, and subject to the terms of, a Stock Option Certificate executed by the Company. The Stock Option Certificate shall specify whether the Option is an Incentive Stock Option or a Non-Qualified Stock Option, the number of shares of Common Stock subject to the Stock Option, the option price, the option term, and the other terms and conditions applicable to the Stock Option.

(b) ***OPTION PRICE.*** The option price per share of Common Stock to be delivered upon exercise of a Stock Option shall be determined by the Administrator at the time of grant, but shall not be less than 100% of the Fair Market Value of a share of Common Stock on the date the Option is granted.

(c) ***OPTION TERM.*** The term of each Stock Option shall be fixed by the Administrator at the time of grant, but no Stock Option shall be exercisable more than ten years after the date it is granted.

(d) ***EXERCISABILITY.*** Stock Options shall be exercisable at such time or times and subject to such terms and conditions as shall be determined by the Administrator at the time of grant; provided, however, that the Administrator may waive any installment exercise or waiting period provisions, in whole or in part, at any time after the date of grant, based on such factors as the Administrator shall deem appropriate in its sole discretion.

(e) ***METHOD OF EXERCISE.*** Subject to such installment exercise and waiting period provisions as may be imposed by the Administrator, Stock Options may be exercised in whole or in part at any time during the option term by delivering to the Company written notice of exercise specifying the number of shares of Common Stock to be purchased and the aggregate option price therefor. The notice of exercise shall be accompanied by payment in full of the option price and, if requested by the Company, by the representation described in Section 9.2. Payment of the option price may be made (i) in cash or by check payable to the Company, (ii) unless otherwise determined by the Administrator on or after the date of grant, in shares of Common Stock duly owned by the Participant (and for which the Participant has good title, free and clear of any liens and encumbrances) or (iii) in the case of an Option that is not an Incentive Stock Option unless otherwise determined by the Administrator on or after the date of grant, by reduction in the number of shares of Common Stock issuable upon such exercise, based, in each case, on the Fair Market Value

of the Common Stock on the date of exercise. Upon satisfaction of the conditions provided herein, a stock certificate representing the number of shares of Common Stock to which the Participant is entitled shall be issued and delivered to the Participant. Stock Options may also be exercised by the optionee delivering to the Company a properly executed exercise notice together with

A-4

irrevocable instructions to a broker to promptly deliver to the Company cash or a check payable and acceptable to the Company for the purchase price; provided that in the event the optionee chooses to pay the purchase price as so provided, the optionee and the broker shall comply with such procedures and enter into such agreements of indemnity and other agreements as the Administrator shall prescribe as a condition of such payment procedure.

In the event that the Company establishes, for itself or using the services of a third party, an automated system for the exercise of Stock Options, such as a system using an internet website or interactive voice response, then the paperless exercise of Stock Options may be permitted through the use of such an automated system.

(f) *DEATH*. Unless otherwise determined by the Administrator on or after the date of grant, in the event of a Participant's Termination of Employment by reason of death, any Stock Option held by such Participant which was exercisable on the date of death may thereafter be exercised by the legal representative of the Participant's estate until the earlier of one year after the date of death or the expiration of the stated term of such Stock Option, and any Stock Option not exercisable on the date of death shall be forfeited.

(g) *DISABILITY*. Unless otherwise determined by the Administrator on or after the date of grant, in the event of a Participant's Termination of Employment by reason of Disability, any Stock Option held by such Participant that was exercisable on the date of such Termination of Employment may thereafter be exercised by the Participant until the earlier of one year after such date or the expiration of the stated term of such Stock Option, and any Stock Option not exercisable on the date of such Termination of Employment shall be forfeited. If the Participant dies during such one-year period, any unexercised Stock Options held by the Participant at the time of death may thereafter be exercised by the legal representative of the Participant's estate until the earlier of one year after the date of the Participant's death or the expiration of the stated term of such Stock Option. If an Incentive Stock Option is exercised after the expiration of the exercise period that applies for purposes of Section 422 of the Code, such Stock Option will thereafter be treated as a Non-Qualified Stock Option.

(h) *TERMINATION OF EMPLOYMENT*. Unless otherwise determined by the Administrator on or after the date of grant, in the event of a Participant's Termination of Employment by reason of retirement or for any reason other than death or Disability, any Stock Option held by such Participant which was exercisable on the date of such Termination of Employment may thereafter be exercised by the Participant until the earlier of three months after such date or the expiration of the stated term of such Stock Option, and any Stock Option not exercisable on the date of Termination of Employment shall be forfeited.

(i) *CHANGE OF CONTROL*. Notwithstanding the provisions of Section 4.2, in the event of a Change of Control, all outstanding Stock Options shall immediately become fully exercisable, and upon payment by the Participant of the option price (and, if requested, delivery of the representation described in Section 9.2), a stock certificate representing the Common Stock covered thereby shall be issued and delivered to the Participant. This Section 6.3(i) shall apply to any outstanding Stock Options which are Incentive Stock Options to the extent permitted by Code Section 422(d), and any outstanding Incentive Stock Options in excess thereof shall, immediately upon the occurrence of such a Change of Control be treated for all purposes of the Plan as Non-Qualified Stock Options and shall be immediately exercisable as set forth in this Section 6.3(i).

(j) *MERGER AND OTHER FUNDAMENTAL TRANSACTIONS*. In the event the Company is succeeded by another company in a reorganization, merger, consolidation, acquisition of property or stock, separation or liquidation or any other transaction occurs that affects the Common Stock such that an adjustment is required in order to preserve the benefits intended to be provided by the Plan, the successor company shall assume all of the outstanding Options granted under this Plan or shall substitute new options for them, which shall provide that each Participant, at the same cost, shall be entitled upon the exercise of each such option to receive such securities as the Board of Directors (or equivalent governing body) of the succeeding, resulting or other company shall determine to be equivalent, as nearly

as practicable, to the nearest whole number and class of shares of stock or other securities to which the

A-5

Table of Contents

Participant would have been entitled under the terms of the agreement governing the reorganization, merger, consolidation, acquisition of property or stock, separation or liquidation as if, immediately prior to such event, the Participant had been the holder of record of the number of shares of Common Stock which were then subject to the outstanding Option granted under this Plan.

(k) *NON-TRANSFERABILITY OF OPTIONS*. Unless otherwise determined by the Administrator on or after the date of grant, Stock Options shall not be transferrable by the Participant otherwise than by will or by the laws of descent and distribution, and all Stock Options shall be exercisable, during the Participant's lifetime, only by the Participant.

(l) *INCENTIVE STOCK OPTION LIMITATIONS*. To the extent that the aggregate Fair Market Value (determined as of the date of grant) of the Common Stock with respect to which Incentive Stock Options are exercisable for the first time by the Participant during any calendar year under the Plan and/or any other stock option plan of the Company or any Subsidiary or parent corporation (each within the meaning of Section 424 of the Code) exceeds \$100,000, such Options shall be treated as Options which are not Incentive Stock Options.

(m) *TEN-PERCENT SHAREHOLDER RULE*. Notwithstanding any other provision of the Plan to the contrary, no Incentive Stock Option shall be granted to any person who, immediately prior to the grant, owns stock possessing more than ten percent of the total combined voting power of all classes of stock of the Company or any Subsidiary or parent corporation (each within the meaning of Section 424 of the Code), unless the option price is at least 110% of the Fair Market Value of the Common Stock on the date of grant and the Option, by its terms, expires no later than five years after the date of grant.

Should any of the foregoing provisions not be necessary in order for the Stock Options to qualify as Incentive Stock Options, or should any additional provisions be required, the Board may amend the Plan accordingly, without the necessity of obtaining the approval of the shareholders of the Company.

6.4 *RIGHTS AS SHAREHOLDER*. A Participant shall not be deemed to be the holder of Common Stock, or to have any of the rights of a holder of Common Stock, with respect to shares subject to an Option, unless and until the Option is exercised and a stock certificate representing such shares of Common Stock is issued to the Participant.

ARTICLE VII

TERMINATION OR AMENDMENT

7.1 *TERMINATION OR AMENDMENT OF PLAN*. The Board may at any time amend, discontinue or terminate the Plan or any part thereof (including any amendment deemed necessary to ensure that the Company may comply with any regulatory requirement referred to in Article IX) or amend any Option previously granted, prospectively or retroactively (subject to Article IV); provided, however, that (a) in either case, unless otherwise required by law, the rights of a Participant with respect to Options granted prior to such amendment, discontinuance or termination may not be impaired without the consent of such Participant and (b) the Company will seek the approval of the Company's shareholders for any amendment to the Plan if (i) such amendment materially increases the benefits to Participants under the Plan or (ii) approval is necessary to comply with the Code, Federal or state securities laws, the rules or regulations of any stock exchange or stock market on which the Common Stock is listed or traded or any other applicable rules or regulations.

7.2 *OPTION REPRICING*. Notwithstanding any provision in the Plan to the contrary, neither the Administrator nor the Company will reprice any Option previously granted to a Participant (except for a change in exercise price which is effected under Section 4.2).

ARTICLE VIII

UNFUNDED PLAN

8.1 **UNFUNDED STATUS.** The Plan is intended to constitute an unfunded plan for incentive compensation. With respect to any payment not yet made to a Participant by the Company, nothing contained herein shall give any such Participant any rights that are greater than those of a general creditor of the Company.

ARTICLE IX

GENERAL PROVISIONS

9.1 **NONASSIGNMENT.** Except as otherwise provided in the Plan, any Option granted hereunder and the rights and privileges conferred thereby shall not be sold, transferred, assigned, pledged or hypothecated in any way (whether by operation of law or otherwise), and shall not be subject to execution, attachment or similar process. Upon any attempt to transfer, assign, pledge, hypothecate or otherwise dispose of an Option, right or privilege contrary to the provisions hereof, or upon the levy of any attachment or similar process thereon, such Option and the rights and privileges conferred thereby shall immediately terminate and the Option shall immediately be forfeited to the Company.

9.2 **LEGEND.** The Company may require each person acquiring shares upon exercise of an Option to represent to the Company in writing that the Participant is acquiring the shares for the Participant's own account and without a view to the distribution thereof. The stock certificates representing such shares may include any legend which the Company deems appropriate to reflect any restrictions on transfer.

All certificates representing shares of Common Stock delivered under the Plan shall be subject to such stop transfer orders and other restrictions as the Company may deem advisable under the rules, regulations and other requirements of the Securities and Exchange Commission, any stock exchange or stock market upon which the Common Stock is then listed or traded, any applicable Federal or state securities law, and any applicable corporate law, and the Company may cause a legend or legends to be put on any such certificates to make appropriate reference to such restrictions.

9.3 **OTHER PLANS.** Nothing contained in the Plan shall prevent the Company from adopting other or additional compensation arrangements, and such arrangements may be either generally applicable or applicable only in specific cases.

9.4 **NO RIGHT TO EMPLOYMENT.** Neither the Plan nor the grant of any Option shall give any Participant or other officer, employee, consultant or director any right with respect to continuance of office, employment, consulting relationship or directorship, as the case may be, with the Company or any Subsidiary, nor shall the Plan impose any limitation on the right of the Company or any Subsidiary by which a Participant is employed to terminate a Participant's office, employment or consulting relationship at any time. Neither the Plan nor the grant of any Option shall give any director the right to continue as a member of the Board or obligate the Company to nominate any director for reelection by the Company's shareholders.

9.5 **WITHHOLDING OF TAXES.** The Company shall have the right to reduce the number of shares of Common Stock otherwise deliverable upon exercise of an Option by an amount that would have a Fair Market Value equal to the amount of all Federal, state and local taxes required to be withheld, or to deduct the amount of such taxes from any cash payment otherwise to be made to the Participant, pursuant to the Plan or otherwise. In connection with such withholding, the Company may make such arrangements as are consistent with the Plan as it may deem appropriate.

9.6 LISTING AND OTHER CONDITIONS.

(a) If the Common Stock is listed on a national securities exchange or Nasdaq, the issuance of any shares of Common Stock upon exercise of an Option shall be conditioned upon such shares being listed on such exchange or Nasdaq. The Company shall have no obligation to issue any shares of Common Stock unless and

A-7

Table of Contents

until such shares are so listed, and the right to exercise any Option shall be suspended until such listing has been effected.

(b) If at any time counsel to the Company shall be of the opinion that any sale or delivery of shares of Common Stock upon exercise of an Option is or may in the circumstances be unlawful or result in the imposition of excise taxes under the statutes, rules or regulations of any applicable jurisdiction, the Company shall have no obligation to make such sale or delivery, or to make any application or to effect or to maintain any qualification or registration under the Securities Act of 1933, as amended, or otherwise with respect to shares of Common Stock or Options, and the right to exercise any Option shall be suspended until, in the opinion of such counsel, such sale or delivery shall be lawful or shall not result in the imposition of excise taxes.

(c) Upon termination of any period of suspension under this Section 9.6, any Option affected by such suspension which shall not then have expired or terminated shall be reinstated as to all shares available before such suspension and as to shares which would otherwise have become available during the period of such suspension, but no such suspension shall extend the term of any Option.

9.7 **GOVERNING LAW.** The Plan and actions taken in connection herewith shall be governed and construed in accordance with the laws of the Commonwealth of Pennsylvania without regard to the conflict of law principles thereof.

9.8 **CONSTRUCTION.** Wherever any words are used in the Plan in the masculine gender they shall be construed as though they were also used in the feminine gender in all cases where they would so apply, and wherever any words are used herein in the singular form they shall be construed as though they were also used in the plural form in all cases where they would so apply.

9.9 **LIABILITY OF THE BOARD.** No member of the Board nor any employee of the Company or any of its Subsidiaries shall be liable for any act or action hereunder, whether of omission or commission, by any other member of the Board or officer or employee or by any agent to whom duties in connection with the administration of the Plan have been delegated or, except in circumstances involving bad faith, gross negligence or fraud, for anything done or omitted to be done by himself or herself.

9.10 **COSTS.** The Company shall bear all expenses incurred in administering the Plan, including expenses related to the issuance of Common Stock upon exercise of Options.

9.11 **SEVERABILITY.** If any part of the Plan shall be determined to be invalid or void in any respect, such determination shall not affect, impair, invalidate or nullify the remaining provisions of the Plan which shall continue in full force and effect.

9.12 **SUCCESSORS.** The Plan shall be binding upon and inure to the benefit of any successor or successors of the Company.

9.13 **HEADINGS.** Article and section headings contained in the Plan are included for convenience only and are not to be used in construing or interpreting the Plan.

ARTICLE X

TERM OF PLAN

10.1 EFFECTIVE DATE. The Plan shall be effective as of the Effective Date, but the grant of any Option hereunder is subject to the express condition that the Plan be approved by the shareholders of the Company within 12 months after the Effective Date.

10.2 TERMINATION DATE. Unless sooner terminated, the Plan shall terminate ten years after the Effective Date and no Options may be granted thereafter. Termination of the Plan shall not affect Options granted before such date.
